tachistoscopic subliminal vs supraliminal oedipal stimuli & preexperimental arousal of oedipal wishes, dart throwing, 18–29 yr old male college students, replication of L. H. Silverman et al, 4952
task complexity & cooperative vs competitive grouping, productivity & perception of leader & group members & group development, college students, 7890
Complex (Oedipal) [See Oedipal Complex]
Complexity (Cognitive) [See Cognitive Complexity]
Complexity (Stimulus) [See Stimulus Complexity]
Complexity (Task) [See Task Complexity]
Compliance [See Also Treatment Compliance]
cognitive dissonance & self presentation, forced compliance effect, male college students, 10436

foot-in-the-door technique & social labeling as helpful vs non-helpful, compliance, college students, 3391
forced compliance & cognitive dissonance & impression management theories, attitude change, female college students, 3425
initial request by disabled vs nondisabled E, foot-in-the-door effect on subsequent request, adults, 11573
intensity & motivational content of verbal rationales, compliance with prohibition, 7–10 yr olds, 7727
negotiator perspective taking ability & training to eliminate overconfidence, efficacy of final offer arbitration, college students, implications for labor-management negotiators, 4541
nonviolent resistance strategies, social change due to conversion or compliance of opponent or noncooperation of resister, 3255
other vs self oriented vs no explanation for prohibition of activity, compliance, 9 & 10 yr olds, 7726
past compliant behavior, willingness to participate in noncompliance research, volunteers vs nonvolunteers, implications for impact of sampling bias, 12653
request to sign petition benefiting requestor vs general public vs S, compliance, Ss over 15 yrs of age, 12678
role of contrast, compliance with socially undesirable requests in foot-in-the-door paradigm, college students, 10419
scenarios of experiencing positive vs negative events, probability judgments about events & compliance, college students & homeowners, 3413
size of initial request & authority & sex, compliance with subsequent request for socially undesirable activity, college students, 10438
warned vs unwarned time-out procedures, noncompliance to commands, 2–6 yr olds, 8429
Comprehension [See Also Listening Comprehension, Number Comprehension, Reading Comprehension, Sentence Comprehension]
age & sex & realistic vs stylistic picture style & content & information about picture, picture apperception, 5–9 yr olds, 3092
arranged vs love-match marriage & role specialization, understanding, 22–64 yr old couples, Japan, 12583
comprehension of "language" of left-right distinctions & learning lateral awareness & directionality, learning disabled students, 6769
comprehension of locative prepositions with fronted vs nonfronted objects, English speaking college students, 10057
comprehension of phrases with dimensional adjectives, 35–65 yr old left- vs 48–66 yr old right-hemisphere damaged aphasic Ss, implications for semantic aphasia, 3763
comprehension of propositions denoting spatial-temporal relations, children with cerebral palsy, 10754
comprehension of TV concepts, 4–13 yr olds, 3074
demographic characteristics, miscomprehension of TV commercial vs noncommercial advertising vs program excerpts, Ss aged 13 yrs & older, 9207
egocentricity, comprehension of other-centered kin terms, 6 vs 7 yr olds, 798
experience of telling story to 1 child, generalization of verbal signals to other children vs adults, college students, 10389
familiarity of action/event sequences, comprehension errors & recall of TV narratives, 2nd vs 5th vs 8th graders, 5347
fixed vs individualized format for computer-displayed intelligence messages, message acquisition & comprehension, US Army officers, 2248
graphical flowchart notational systems to explain programs & rules & algorithms & instructions, 6888
inferences in pronoun comprehension, 4–6 yr olds, 10206
language characteristics & comprehension, 55 yr old male with conduction aphasia, 10716
language used when introducing new subject matter in classroom, comprehensibility, teachers, 13595
miscomprehension of TV communication, Ss aged 13 yrs & older, criticism of measurement technique used by J. Jacoby and W. D. Hoyer, 9215
miscomprehension of TV communication, Ss aged 13 yrs & older, reply to criticisms by G. T. Ford & R. Yalch & R. W. Mizerski, 9206
miscomprehension of TV communications, Ss aged 13 yrs & older, criticism of study by J. Jacoby & W. D. Hoyer, 9203
neuroticism & extraversion-introversion & intelligence & verbal comprehension & sex, verbal fluency, high school students, 5325
neutral picture task, assessment of comprehension of verb "ask", children, reply to critique by D. Warden, 5346
number of questions answered per pictorial stimulus, pictorial aid to comprehension, middle vs lower socioeconomic status 3.6–5.2 yr olds, 3113
pantomime recognition, 22–70 yr old aphasics, 8259
parallels between artistic observations & phenomenological mode of exploration & explication, 11560
recovery of oral & written comprehension vs expression, rehabilitated aphasia patients, 13426
short term memory & language comprehension, 45 yr old aphasic with deficit in phonological coding, 8219
specifications & theory & human & computer expert thinking, 11875
tactical map scenario, data patterns & meaningful informational chunks in battlefield reconstruction & copying task, military officer experts vs college student novices, information system design implications, 2244
TV vs radio story presentation, story recall & comprehension, 6.5–10.5 yr olds, 10121
Compressed Speech
monosyllable frequency & speed, semantic judgments, college students, implications for phonetic symbolism, 10072
open- vs closed-set procedures, compressed-speech perception testing, 20–24 yr olds, 7225
pitch of speeded vs compressed speech, comprehensibility of connected speech, military enlisted personnel, 9571
Compulsions
early emotional trauma & anal erogeneity & inhibition of phallic sensation & potency, male psychoanalysis patient, 10572
reciprocal inhibition via cognitive restructuring & exposure, compulsive washing, 35 yr old female, 13219
thought stopping & stimulus control, compulsive disturbing thoughts, adult female & 41 yr old male, 13233
Compulsive Neurosis [See Obsessive Compulsive Neurosis]
Computer Applications [See Also Artificial Intelligence, Computer Assisted Diagnosis, Computer Assisted Instruction, Computer Simulation]
adaptation of repertory grid for microcomputer use, 4787
Apple II microcomputer applications to behavioral observational research including undergraduate instruction, 9281
Apple PASCAL Tester, online control of experiments for individualized psychometric & cognitive testing, research & teaching applications, 9334
APPLESOFT program packages, collection & analysis of observational data, 9280
applications of Computerized Biofeedback Clinical Support System, 4013
automated administration of Eysenck Personality Inventory, construct validity, 19–46 yr old males, 4781
automated laboratory, online electrooculographic analysis of eye movements during reading, 9277
automated vs manual tailored testing using Raven Progressive Matrices & Mill Hill Vocabulary Scale, validity & reliability, 18–68 yr olds vs aged vs head injury patients, 4801
combined video & computer analysis, study of relationship between neural activity & behavior, rats, 11595
computer administration, Screening Tests of Test of Syntactic Abilities, deaf students, 13727
Computer Aided Training Evaluation & Scheduling decision model vs human judgment, assessment of flight training performance, US Navy aviators, 11599
computer applications in health care & description of automated psychological service delivery system, 2373
computer applications, management of individualized education programs, 4437
computer based studies, Perceptual Maze Test performance, literature review, 4803
computer content analysis of verbal samples, measurement of anxiety, 2359
computer-aided training, risky decision making, 9063
computer-aided visual field screening, military personnel & civilians & commercial aircrews & pilots over 40 yrs of age, Netherlands, 4560
computer-assisted career counseling, 9060
computer-based multivariate analysis of single-S EEG spectra, 9256
computer-based psychophysical system, determination of peripheral sensitivity based on central retina processing capacity, 9316
computerized college admissions & advising system, 4666
computerized conferencing systems, productivity, scientific research communities, 4670
computerized games & toys, creativity & social interaction, children, 5335
computerized record keeping for design & assessment of Individualized Education Programs, handicapped students, 6773
computerized system, recording & analysis of self observation of communication during interaction sequence, couples, 9314

computerized vs standardized & accurate vs inaccurate feedback, acceptance of feedback & attitudes toward occupational interest testing, college students, 2431
construction of automated tailored tests, 4710
conventional vs automated administration of Raven Standard Progressive Matrices, 18–52 yr olds, 4721
design & evaluation, onboard computer-based information system, aircraft operation, 2252
educational role of computers in & outside of formal educational settings, 11232
ethical issues, use of computers in educational counseling & testing & guidance, 11415
evaluation of computer systems for psychology laboratory, joint meeting of users of Digital Equipment Corporation computers & various microprocessors, 9249
expected a posteriori estimation of ability based on mean & variance of posterior distribution, implications for microcomputer based adaptive testing of cognitive abilities, 7015
experimental methods using Apple II microcomputer, 2364
fixed vs individualized format for computer-displayed intelligence messages, message acquisition & comprehension, US Army officers, 2248
future of technology & computers in educational settings, 1952
human factors in information processing automation in Apollo Manned Lunar Landing program, 2256
importance of computer monitoring, multiperson crew civilian vs single pilot military aircraft, 6894
improvement of electronic typesetting, implications for reading speed & comprehension, 6954
incorporation of human information-processing behavior component in design of computer based management information systems, literature review, 2245
intensity & frequency & direction of translational seat vibration, discomfort, 19–41 yr olds, development of computerized psychophysical method, 245
interactive APPLESOFT BASIC program, observation & analysis of reinforcement value of ordinary activities, humans, 9253
interactive MIIS program package, computer-assisted cognitive behavior therapy for depression, 10924
linguistic information transfer via alpha-numeric display, user communication in Naval command systems & design of human-computer dialog format, 6896
management of appointment calendars, professional personnel, implications for computerization, 9090
mathematical & statistical & experimental design issues, computerized EEG data acquisition & analysis, 9252
microcomputer as control instrument, psychology laboratory, 4657
microcomputer color-graphic display terminal, skin temperature biofeedback & monitoring procedures, 6977
microcomputer system, automated analysis of nonverbal communication patterns in experimental social psychology, 9305
microcomputer system for organization of instructional materials, selection of materials for special students according to their learning styles & needs, teachers, 6780
microcomputer system, speech pause analysis, 9285
microcomputer version of Role Construct Repertory Grid Test, 11615
microcomputer-automated presentation of scoring of Digit Symbol Substitution test & application to pharmacological research, 9318
microcomputer-based parameter estimation by sequential testing procedure, psychophysical threshold determination, 6982
microcomputer-based system, control & recording of activity in operant chambers, 11576
microcomputer-controlled constant-current electrical brain stimulation system & BASIC programs for operant conditioning experimentation, 9333
microcomputers, assessment & treatment in clinical psychology, 8304
MIIS online computer program, enhancement of compliance to tricyclic antidepressant administration, 10952
modular microprocessor-based control & data collecting device for perception & cognition experiments, 67
Perceptual Maze Test, automated measurement of treatment effects of ECT vs drug therapy vs psychosurgery, implications for development of automated psychological tests, 4733
PET microcomputer control of operant schedules & VAX analysis of spatial dispersion & dispersal of animals, rats, 9284
PLATO computer system, suicide prevention, 3878
programed learning package called Guided Steps to Employment Readiness, assessment of employability, students, 9009
Pursuit Meter II, microcomputer-based quantitative assessment of human pursuit-tracking performance, male college students, 2357
Radio Shack color computer, cognitive psychology experimentation, 9342
recent advances in automated psychological testing, 4795
satellite computer system, real-time control of psychological experiments, 9263
semiautomated vocal behavior analysis, prediction of Type A behavior patterns from recorded interviews, 31–65 yr old males, 2365
sources of potential harm to information reliability, acceptability & design of decision support systems, 2257
technostress training, effective use of computer technology, employees, 4544
use of computer terminals as technological change, health problems & job operation & employee behavior & satisfaction, office workers, 4585
use of microcomputer in contingency intervention system, 3–6 yr olds with Down's syndrome & premature 5 mo olds, 3882
use of microcomputers in special education, 4434
use of microcomputers in special education management, 4458
user experience-based interactive computer oriented algorithm, control synthesis of industrial manipulators, 2254
user- & task-oriented design & development of computer based personal decision aiding system, 2243
user-adaptive information selector, automatic selection & presentation of textual messages in computer based tactical command system, 2251
validity of automated form of AH4 Group Test of Intelligence & Digit Span Test & Mill Hill Vocabulary Scale—Synonyms, severely physically disabled 19–70 yr olds, 4805
vertical addition & perceptual speed & grammatical reasoning & closure flexibility tests, repeated measurement in environmental performance evaluation, 19–24 yr old US military enlisted males, 9365
visual evoked potentials & positron emission tomographic mapping of cerebral blood flow & metabolism, 57–62 yr old patients with hemianopsia or cortical blindness, 10702

Computer Assisted Diagnosis

agreement between clinical interviewers & computer diagnostic systems, psychiatric diagnoses, inpatients, 10568
Automated Pictorial Paired & Associate Learning Task, early automated screening test for senile & arteriosclerotic dementia, 4802
automated verbal administration of multiple choice questionnaire, measurement of degree of dementia, geriatric patients, 4723
brain abnormalities demonstrated by computer tomography, 17–54 yr old acute psychotics, 3607
cerebral atrophy & computed tomography density measures, patients with Alzheimer type senile dementia, 8261
computed tomography findings, 30 yr old female with acute cerebral demyelination, 10731
computer calculation of Romberg's test of postural stability, assessment of underlying control functions, 4675
computerized axial tomography scan & neuropsychological tests, correlation in diagnosis of senile dementia, 54–84 yr olds, 13030
computerized biochemical & hematologic profile, identification of alcoholism, alcoholics, 2343
computerized psychological screening battery, detection of dementia, 4713
design & development & implementation of microprocessor-based system, real-time EKG analysis, 10743
diagnostic computers, self reported stress & attitudes toward medical use of computers, patients, 6060
FORTRAN programs & Intecolor display, component analysis of EKG, 10708
interactive computer system, history taking & diagnosis for dyspepsia & dynamics of patient-doctor interaction, general practitioner trainees & outpatient clinic registrars, 6539
microcomputers, assessment & treatment in clinical psychology, 8304
microcomputers, diagnosis & instruction for mainstreaming into regular program, learning disabled college students, 6775
monaural vs binaural verbal vs nonverbal auditory stimulation, cerebral metabolism using labeled fluorodeoxyglucose & positron computerized tomography, right handed 21–28 yr old males, 7431
mood & personality, neuropsychological & computerized tomographic evaluations of intellectual impairment, 21–35 yr old male abstinent alcoholics, 10629
numerical computerized tomography scan information & WAIS & Wechsler Memory Scale scores, differential diagnosis, 55–65 yr old patients with Alzheimer's vs Huntington's disease, 10767
pneumoencephalography & echoencephalography & computerized tomography findings in schizophrenia, 16 to over 60 yr olds, 12833

reliability & age norms, Romberg's test, healthy 20–69 yr olds, 4796
use of computers, language assessment & training, bilingual language-handicapped children, 4467
Computer Assisted Instruction
advantages of microcomputer use in learning disabilities instruction, 6787
Apple microcomputer in learning center, special education, deaf, 13702
applications of computers in reading clinic, 13693
attitudes toward & use of technology & computers & effects on teaching & learning, teachers, 6619
categorization of computer software used for remediation & enrichment, 13706
caveats regarding computer assisted instruction, special education, severely handicapped students, 13685
computer assisted handwriting exercises, handwriting ability, educable mentally retarded 9–16 yr olds, 11340
computer assisted instruction & use of videodisk, training in observation & classification of nonverbal behavior, college students, 4363
computer assisted instruction, attitudes toward computer facility & ratings of instructor, college students, 6682
computer assisted instruction, special education supplement, severely & profoundly hearing impaired mainstreamed students, 13684
computer assisted instruction, study skills, college students, 4362
computer assisted video instruction, special education, deaf students, 13676
computer based health promotion & information system, 11–18 yr olds, 4663
computer literacy program, microcomputer-assisted instruction in mathematics & writing & computer programming & word processing, educable & trainable retarded & gifted 5th–8th graders, 6757
computer program in C, problem-oriented computer-aided instruction, 9272
computer simulation exercises in statistics class, performance, college students, 6686
computer-based education, implications for family life & school & role of teacher, 6599
computer-based learning, elementary schools, 6691
considerations in implementation of computer-assisted instructions, educators, 6658
design of computerized learning aids based on educational objectives, 6689
development & implementation of computer-based instructional games, reading education, 11220
educational application of mainframe & mini- & microcomputer systems, children, 6633
educational role of computers in & outside of formal educational settings, 11232
educational uses of personal computers & barriers to access, learning disabled, 2066
efficacy of computer-based teaching, 6th–12th graders, 11219
efficacy of concise vs elaborate instruction in interactive instruction automation, experienced & naive Ss, 2253
implementation of computer technology in adult education, 8862
instructional computing in teacher education, mathematics teachers, 8806
instructional design & development & effects of computer technology in psychology education, interview with R. M. Gagne, 1959
intelligibility of normal vs Supertalker vs Codec speech, 6.2–7.5 yr olds, implications for computer assisted instruction, 6640
learning styles & strategies in problem solving & learning behaviors in computer assisted instruction, engineering undergraduates, 11267
Logo computer-based learning system easily tailored to individual needs, special education students, 13711
method of graphing learning path, students using computer assisted learning, 4474
microcomputer system, reading instruction, deaf 2–6 yr olds, 13699
microcomputers, diagnosis & instruction for mainstreaming into regular program, learning disabled college students, 6775
microcomputers in education, critical review of papers presented at 1982 Symposium on Research & Utilization of Educational Media for Teaching Deaf, 13686
microcomputers in secondary special education programs, hard-of-hearing & deaf, 6774
microcomputers, instruction, hearing impaired children, 13707
need for computers in education, 13594
potential applications of computer-based education, 6678
problems with computer-assisted instruction software & hardware in special education, 4449
random access of corresponding speech in computerized English proficiency course, text comprehension, high school students, Netherlands, 1935
range of computer application in education, deaf, 13704
role of TV & film & audiotape & radio & computers in education, young children, 6645
task analysis, design of computer assisted instruction system for hearing impaired students, 13700
use of computers in undergraduate instruction, psychology department chairpersons & faculty, 11201
use of computers, instruction, handicapped children, 4462
use of computers, language assessment & training, bilingual language-handicapped children, 4467
use of microcomputers in instruction, severely physically disabled children, 4444
use of microcomputers in special education, 4439
use of microcomputers in special education programs, handicapped, 4447
video game format application to educational software, 4354
Computer Programs [See Computer Software]
Computer Simulation
BASIC program & Hewlett-Packard microcomputer with data tablet & plotter, generation of American Sign Language, 9347
computer simulation of ocular accommodative oscillation, model of feedback mechanism, 461
computer simulation program, analysis of bias toward using referral information vs child's performance data, school diagnostic personnel making special placement decisions, 13744
content-free computer-based simulations, training & performance on fault diagnosis tasks, engineering & technical trainees, 11457
data entry process for prototype battlefield automated systems, 11445
FORTRAN IV program, simulation of time-sampled spatial distribution & random movements of imaginary animals, analysis of nonrandom aspects of real animal movement, 9260
FORTRAN program package, analysis & simulation of acoustic structure of animal vegetation, 9265
function & views of computer simulation in cognitive psychology & software issues, 9325
Hewlett-Packard BASIC programs, graphic display analysis & simulation of space use & movement patterns, animals, 6940
microcomputer video game of bombing & air combat maneuvering & job control validity, US Navy enlisted males, implications for pretesting practice in repeated measurement, 9444
video games as skill acquisition & learning performance tests & practice effects, US Navy enlisted personnel, implications for pilot selection & training, 11453
Computer Software
adaptation of repertory grid for microcomputer use, 4787
Apple PASCAL Tester, online control of experiments for individualized psychometric & cognitive testing, research & teaching applications, 9334
APPLESOFT program packages, collection & analysis of observational data, 9280
assembler language program to link Apple II microcomputer to PDP-11 as dumb video display unit, 9358
assembly language programs for PDP-11, real-time control of behavioral pharmacology laboratory, 9355
BASIC & assembler program in conjunction with word processor program, compilation of bibliographic reference lists for manuscripts, 7001
BASIC & FORTRAN IV & PL/I computer programs, time series sign test analysis, 9340
BASIC & machine language microcomputer software package, collection & editing & analysis of observational data based on focal-animal sampling, 9304
BASIC PLUS program to generate F table using G. Keppel's interaction analysis, planned comparisons in repeated-measures analysis of variance designs, 7010
BASIC program & Hewlett-Packard microcomputer with data tablet & plotter, generation of American Sign Language, 9347
BASIC program, calculation of significance level of F & t & r, 9326
BASIC program, digitization & display of cursor movement & computation of 2-dimensional figure parameters, 6974
BASIC program, generation & randomness test of pseudorandom binary digits, 6994
BASIC program package for TRS-80 & Hewlett-Packard 7225, graphics plotting, 9312
BASIC program, psychophysiological analysis of lateralization of function, 9322
BASIC program, 2-factor ANOVA with 1 nested factor, 9283

BASIC programs & Apple microcomputer, data acquisition & experiment control & stimulus presentation, 9341
BASIC programs, autocorrelation & goodness-of-fit & human visual attention experiments, 4685
BASIC utility subroutines, statistical analysis, 6996
BASIC-callable assembly language subroutine for 6502 processor to count oscillating visual & auditory signal frequencies, 9255
C programs for UNIX operating system, experiment control, 9331
categorization of computer software used for remediation & enrichment, 13706
CEDATS microcomputer software package, creation & analysis of cognitive psychology experiments, psychology students & instructors, 9269
COBOL program system, geographic coding of addresses in US Census Bureau file, 9286
computer program in C, problem-oriented computer-aided instruction, 9272
computer program, online automatic identification of programing errors, novice programers, 11196
computer programs in artificial intelligence, 4690
computer vision programs, psychology of vision, literature review, 78
computerized system, recording & analysis of self observation of communication during interaction sequence, couples, 9314
degree of humanlike responses of computerized presentation of quiz, attitudes & perceived effort & difficulty, college students, social psychological implications for human-computer interaction, 9337
development & application of PASTOR schedule programing language, control of operant experiments, 9273
evaluation of computer systems for psychology laboratory, joint meeting of users of Digital Equipment Corporation computers & various microprocessors, 9249
evaluation of Unix operating system, experimental psychologists assessed by questionnaire, 9248
FORTH computer language & microcomputer applications to real-time control of psychological experiments, 6981
FORTRAN IV computer program, canonical correlation, 2387
FORTRAN IV program, interactive entry of factorial data, 9339
FORTRAN IV program, regression estimation of missing data, 9327
FORTRAN IV program, simulation of time-sampled spatial distribution & random movements of imaginary animals, analysis of nonrandom aspects of real animal movement, 9260
FORTRAN IV program, testing for perfection of attenuated correlation coefficient, 9483
FORTRAN IV program, testing for serial correlation in univariate repeated measures ANOVA, 9290
FORTRAN program, determination of data transformations maximizing linear regression, 9268
FORTRAN program, determination of presence & strength & source of ill-conditioning in correlation matrices, 6968
FORTRAN program, factorial ANOVA, 9271
FORTRAN program for ANOVA, testing multiplicative trend components of factorial design interactions, 9359
FORTRAN program, generation of data sets with desired degrees of score stability, implications for construct validity in cross-situational repeated measures in personality assessment, 9315
FORTRAN program, ordering statement numbers on PDP-11 system, 9313
FORTRAN program package, analysis & simulation of acoustic structure of animal vegetation, 9265
FORTRAN program, scoring of Personal Orientation Inventory, 2345
FORTRAN programs & Intecolor display, component analysis of EKG, 10708
FORTRAN programs, generation & editing of sequences of vector-based images for psychological experiments, 6988
FORTRAN programs, test item sampling for repeated measurement in human performance research, 9257
FORTRAN subroutine, generation of orthogonal polynomials for unequal spacing & weighting & application to ANOVA, 9274
FORTRAN-IV program, calculation of intraclass correlations for estimation of reliability of individual or sets of scores, 6985
function & views of computer simulation in cognitive psychology & software issues, 9325
graphical flowchart notational systems to explain programs & rules & algorithms & instructions, 6888
Hewlett-Packard BASIC programs, graphic display analysis & simulation of space use & movement patterns, animals, 6940
IBM vs BASIC program, determination of interobserver reliability, 6947
interaction & self instructing FORTRAN program, 1- & 2-way ANOVA, 9279
interactive APL program functions, data analysis & data file preparation, 9276
interactive APPLESOFT BASIC program, observation & analysis of reinforcement value of ordinary activities, humans, 9253
interactive FORTRAN IV program, calculation of power with binomial data, 9267
interactive FORTRAN IV program, multiple graph plotting suitable for journal publication, 9300
interactive FORTRAN program, growth curve analysis, 6942
interactive MIIS program package, computer-assisted cognitive behavior therapy for depression, 10924
interactive PASCAL program, calculation of expected values for factorial ANOVA models, 9354
interface for Apple II microcomputer, control of behavioral laboratory experiments, 9299
Logo computer-based learning system easily tailored to individual needs, special education students, 13711
machine code subroutine in BASIC program, measurement of RT in milliseconds on PET microcomputer, 2385
machine language subroutine for PET Commodore Business Machine microcomputer, timing of visual displays & response latencies, 6987
mahalanobis distance based clustering programs for typal analysis, 9360
method of graphing learning path, students using computer assisted learning, 4474
microcomputer system requirements for psychometric use, 4717
microcomputer system, speech pause analysis, 9285
microcomputer-based parameter estimation by sequential testing procedure, psychophysical threshold determination, 6982
microcomputer-controlled constant-current electrical brain stimulation system & BASIC programs for operant conditioning experimentation, 9333
MIIS online computer program, enhancement of compliance to tricyclic antidepressant administration, 10952
millisecond timing procedure for PET microcomputer, critique of article by R. J. Stevenson et al, 2395
PASCAL program & microcomputer system, dyadic verbal interaction analysis for interview research, 9288
PASCAL program, fitting additive trees to represent proximity data, 9259
PASCAL program, solving 2-person zero-sum game strategies, 9311
PASCAL programs, management of observational data & multivariate analysis & log linear contingency table analysis of sequential & nonsequential data, 9346
PDP-11 assembly subroutine, real-time voice-activated key to record speech onset/offset, experimental applications, 9349
program interrupt routine for 6502 microprocessor during PASCAL 1.1 operation, 9296
program package using FORTRAN IV with CDC Cyber assembler, graph definition & analysis, 7008
RATFOR & FORTRAN & BASIC programs, calculation of parametric & nonparametric indexes of sensory sensitivity, 9278
sample size, chi square & fit statistic provided by LISREL program in evaluation of causal models, implications for marketing, 7124
software development problems & experimental applications for TERAK 8510/A microcomputer, 9335
software package for VORTEX II real-time operating system, continuous monitoring of physiological & behavioral measures, 9302
task analysis, design of computer assisted instruction system for hearing impaired students, 13700
top-down designed FORTRAN program, control of operant choice experiments, 9287
Unix operating system & applications to psychological research, 9328

Computers [See Also Digital Computers]

alphanumeric keying logic & keyboard arrangement, keying speed & accuracy, 25–55 yr old scientists & engineers, 6883
computer assisted instruction, attitudes toward computer facility & ratings of instructor, college students, 6682
computer literacy program, microcomputer-assisted instruction in mathematics & writing & computer programming & word processing, educable & trainable retarded & gifted 5th–8th graders, 6757
computer usage and decision making about seeking help, computer users, 9034
creation of adaptive structure dialogue between operator & computer, 13821
experience with & attitudes toward electronic computers, accountants vs lawyers vs pharmacists vs physicians, 6880

experimental use of microcomputer with visual display unit as display device, 2374
machine code subroutine in BASIC program, measurement of RT in milliseconds on PET microcomputer, 2385
microcomputer as control instrument, psychology laboratory, 4657
microcomputer system requirements for psychometric use, 4717
millisecond timing procedure for PET microcomputer, critique of article by R. J. Stevenson et al, 2395
patterns & principles of manuscript revisions, design of text editors, 6881
potentiometer dimensionality & system response time & time of day, interactive graphic problem solving, males, 56
psychological problems in electronic computer automated design, 13820
test construction, measurement of general attitudes toward computers, 7th & 8th graders, 4511
type of input device for computer controlled text processing system, eye movements & EKG & muscle activity, police officers operating command control center, 4597
windowing vs scrolling on visual display terminal, speed & efficiency of performance, 11th–12th graders, 40

Concentration
drugs & vitamins, concentration & intellectual performance & emotional stability & behavior patterns, school age children, implications for use of drug therapy for learning disorders, 13273
nonverbal signals expressing concentration, 12 yr olds, 3087
program involving motor & concrete & graphic components, concentration & attention to school materials, 6–7 yr olds, 8845

Concentration Camps
aging, residual effects of war's trauma, Holocaust survivors & their families, 10113
client-focused approach in preparatory interview, social group work, children of Holocaust survivors, 4174
countertransference reactions, Holocaust survivors & their children, 8313
difficulties in psychoanalysis, patients severely traumatized by concentration camps, 3931
dream content analysis & awakening from anxiety dream, Holocaust & Japanese camp survivors in psychotherapy, 6167
effect of father's experience & reconciliation through psychoanalysis, 30 yr old son of Holocaust survivor, 6143
family therapy, 14–20 yr old offspring of Holocaust survivors, 6194
Holocaust experience, verbal communication of emotional experience, aged survivors, 5324
Holocaust, life cycle experiences & recreation of families, Holocaust survivor, 5312
methodological critique of literature on psychopathology of Holocaust survivors, literature review, 10502
overidentification vs idealization vs contempt in attitudes toward victims, Jewish social scientists writing about Holocaust, 3293
parent-child & family therapies, integration, aging Holocaust survivors, 6179
parenting, psychological recovery, Holocaust survivors, implications for H. Kohut's theory of bipolar self, 5328
posttraumatic states & self healing, Holocaust survivors, 5679
psychoanalysis & restoration of trust, children of Holocaust survivors, 8322
psychoanalysis, separation from father's Holocaust experience, 30 yr old Jewish male biochemist, 6132
sensitivity to culture & ancestry, 17–30 yr old 1st generation Jewish American children of concentration camp survivors from Eastern Europe, 3281
transfer of psychic state & concentration camp imagery to next generation via unconscious, review of literature on Holocaust survivors & their children, 7607

Concept (Self) [See Self Concept]

Concept Formation [See Also Cognitive Discrimination]
abstract vs concrete presentation, intuitions about functional concepts, 6th–9th graders, 13600
acquisition of class inclusion concept, 3–7 yr olds, 3131
acquisition of spatial adjective pairs, 4–6 yr olds, 10149
active vs passive voice sentences with different attentional foci for concept, reading & sentence recall & preference, college students, 11868
age & critical period, development of number concept & operational ability, school age children, 3130
age & sex & IQ & instruction, generalization of science concepts, kindergartners vs 3rd vs 5th graders, 5343
age & type & congruity of relations of testing materials, comprehension of relationships between objects & verbal expression of relationships, primary grade children, 3143
age differences, compensation & conservation of liquid task performance, 3–4.5 yr olds, 10168
age differences, understanding of food & nutrition, kindergartners vs 3rd vs 6th graders, 3172
aspects of conceptual & semantic-lexical impairment, aphasic patients, 3790
auditory octave generalization, 4–9 yr olds, 5387
child-centered geometry program based on cognitive & mathematical & instructional structures & concept formation, elementary school students, 6692
coding-mapping vs coding only vs decision tree training for simultaneous vs sequential processing & paradigm & memory aids & focus, learning inductive biconditional reasoning, 10th graders, 5369
cognition of velocity of moving objects, children, 3101
communication game precuing, production of view-specific drawings, 5–6 vs 7–8 vs 9–10 yr olds, 10162
comprehension of TV concepts, 4–13 yr olds, 3074
concept formation, discrimination between slides of conspecifics, cock bantams, 7306
concept learning involving automatic frequency processing vs hypothesis testing, accuracy of introspective reports, 7239
concept of family structure & members, kindergartners vs 2nd vs 4th graders vs college students, 12422
concurrent & predictive validity of Boehm Test of Basic Concepts, 1st grade achievement, kindergartners, 2107
conjunctive vs disjunctive concept identification task, hypothesis recognition failure, college students, test of frequency & dual-process & specific-instance theories, 7261
construct validity of Weigl Color-Form Sorting Test, assessment of ability to shift conceptual attitude, male psychiatric inpatients, 7115
desmopressin acetate, concept learning & visual memory & anxiety & blood pressure & heart rate, males, 7531
development of concept & awareness & experience of time & conceptual distortions in psychopathology, 5364
development of ideas about means of production & ownership & parental influence, 4–13 yr olds, 10122
developmental sequence of nonverbal concept of agent, 11 mo olds, 12-mo longitudinal study, 7679
example selection & syntactic complexity of definitions, concept acquisition, 2nd vs 3rd vs 5th graders, 6630
feedback on referential performance, subsequent ability to identify objects, 45–63 mo olds, 7662
item analysis of Leiter International Performance Scale in terms of perceptual & conceptual content & interpretation of Leiter IQ, language disordered vs normal 4.4–5.5 yr olds, 7023
Mastermind game strategies of focusing & tactical selection, performance, college students, concept learning research implications, 2608
morphophonemic rule learning & generalization, normal vs articulation disordered 5.9–6.9 yr olds, 8158
networking vs rote strategies in group, acquisition in concept & spatial learning tasks, college & graduate students, 13593
numerically equal vs unequal sets, comparison within & between sets of objects, mentally retarded 8–16.2 yr olds, 1314
omission of theoretical specification of task information & salience research, criticism of D. M. Lane & D. A. Pearson's literature review on selective attention, 806
order of acquisition of concept vs words of "front" and "back", 2–3 yr olds, 5371
overall model competence & model task competence, concept acquisition, mentally retarded 9.7–16 yr olds, 8145
performance latency in identification of rules for organizing multidimensional items, paranoid vs nonparanoid schizophrenics with mean ages of 20 & 27 yrs, 3566
position & orientation factors, classification of spatial information & development of spatial concepts, 6 vs 10 vs 14 yr olds vs college students, 10194
relationship of nonverbal & linguistic expressions of concept of agent, 11 mo olds, 12-mo longitudinal study, 7678
revised version of automated tailored Picture Matching Test, measurement of concept formation, aged psychiatric patients, 202
sensory experience model, teaching concept of length, visually impaired kindergartners through 8th graders, 11313
sentence sets with correlated vs uncorrelated predicates, sentence recognition latencies & role of integrated conceptual unit formation, young adults, 4948

simultaneous vs delayed presentation, relative length & number judgments, 5 yr olds, 772
stochastic & nonstochastic models of human memory & probability learning & medical diagnosis & concept identification, literature review, 9224
subitizing spatial & temporal patterns, development of numerical concepts, children, 12449
teaching methods, rule learning, 1st & 2nd graders, 8831
theory, concept formation, 787
type of focus instance, learning of figure concept, children, 10139
use of age & relationship criteria in choosing picture of grandmother, dual meaning representations, 5–6 vs 7–8 vs 9–10 yr olds, 3125
usefulness of Piaget's concept of equilibration & relationship to feedback & computational ideas, 764
visual information available during vs after modeling in observational learning, acquisition of conservation concept, 5.8–7.11 yr olds, 12442
Concept Learning [See Concept Formation]
Concept Validity [See Construct Validity]
Concepts
associate features of sensoric & categorical concepts, 282
concept of "universe" as unscientific, 6935
concept "persons" applied to nonhumans, 9244
context dependent vs independent concept properties, property-verification tasks & judgments of similarity, college students, 9581
images of humanity in psychology, 11546
simplicity & entrenchment, reasoning with natural vs unnatural concepts, college students, 2626
Conceptual Imagery
age & type & congruity of relations of testing materials, comprehension of relationships between objects & verbal expression of relationships, primary grade children, 3143
background & situation characteristics, variation in perceptual configuration of brands, survey respondents, 2285
common referents in verbal descriptions, speed & accuracy of spatial layout drawing, college students, 277
image of city hall building, architecture vs political science college students, 287
imagery value of words & ideas of K. Goldstein, schizophrenics & psychiatric patients, 7999
imaginal mnemonics, word recall in paired associate learning, college students, replication of study by W. H. Wallace et al, 9665
manipulation of image of "child" in advertisements, individual & societal values, 4605
multidimensional scaling analysis, dimensions used in conceptualizing & evaluating single-family residences, adults, 2277
semantic network & structure of dinosaur knowledge, 4 yr old male, 7642
Conceptualization [See Concept Formation]
Conditioned Emotional Responses
acquisition of semantic conditioning, 14–21 yr old females tested premenstrually vs intermenstrually, support for J. Vilas's model of vulnerability to neurotic symptoms, 5134
amygdaloid & dorsal hippocampus lesions, retention & reconditioning of classically conditioned fear response, male albino rats, 9971
classical fear conditioning vs conditioned emotional response paradigm & CS vs non-CS interval during acquisition & extinction, freezing & response suppression, male rats, 351
conditioned emotional response & conditioning anxiety & shock history & diazepam, brain monoamine content & turnover, rats, 468
dorsal vs ventral hippocampal vs entorhinal cortical lesions, conditioned emotional response acquisition & extinction, male rats, 2893
environmental familiarity & conditioned fear, plasma beta-endorphin levels, male rats, 355
flooding techniques, extinction of jump-up avoidance response & reduction of fear, male rats, 11989
light stimulus following 1-trial fear conditioning, retention, male rats, 11973
prior exposure to inescapable vs escapable shock, movement during shock delivery, male rats, 11969
Conditioned Inhibition [See Conditioned Suppression]
Conditioned Reflex [See Conditioned Responses]
Conditioned Responses [See Also Conditioned Emotional Responses, Conditioned Suppression]
amphetamine dosage, local response rate in VI schedule, pigeons, 697
apomorphine vs diazepam, attenuation of quickly learned conditioned suppression & motor activity in shock environment, male rats, 2953
atropine sulfate vs scopolamine hydrobromide vs atropine methylnitrate vs scopolamine butylbromide conditioned leverpressing & adjunctive drinking, rats, 640
chlordiazepoxide & 5-methoxy, N,N-dimethyltryptamine interactions, conflict behavior, rats, 12332
conditioned association between pictures of persons & vocalized responses, mynah, 9777
conditioned fear & noncontingent shock, enhancement during extinction, rats, 9781
contributions of W. H. Gantt in areas of biological principles & conditional reflex & psychopharmacology & psychopathology & public health & cardiovascular & effect-of-person research, 7396
correlation vs contingency of responding & reinforcement, preferences, male pigeons, 2703
counterconditioning, changes in old vs reactivated learned responses, male rats, 11996
dorsolateral pons lesions, acquisition & retention of ipsilateral vs contralateral nictitating membrane CR vs UCR, rabbits, 567
electrical stimulation of dorsal hippocampus, spatial avoidance discrimination conditioned reflex, 2892
environment & stimuli paired with drug administration, drug tolerance & dependence, animals & drug addicts, 7546
establishment of alimentary reflex, hippocampal neuronal activity, rabbits, 12100
ethanol & operant alternation task, number of errors in simple alternation & rate of responding & response location variability, male rats, 10000
formation of instrumental alimentary CR to ventromedial hypothalamus stimulation, dogs, 12208
formation of system of food procuring conditioned reflexes, young vs mature rats, 12004
generalization of alimentary instrumental conditioned reflex elaborated to electrical stimulation of ventral hippocampus, cats, 12203
gestational malnutrition & quipazine vs methysergide vs parachlorophenylalanine, rate of conditioned responses, rats, 2876
high vs low orienting reflex, electrodermal configurational conditioning, 15–35 yr olds, 5139
hippocampal lesions & Pavlovian conditioning, heart rate & blood pressure & EMG CRs, rabbits, 7515
home nest odors & age & circadian rhythms, effect of amphetamine vs phentolamine vs haloperidol on shock induced wall climbing, rat pups, 12244
increased complexity of information load, CR with food reinforcement, rats, 11995
intermittent hypokinesia of varied duration, CR & EEG & blood neurotransmitter levels & emotional stress & exhaustion, albino rats, 12134
nonreinforced stimulus similar to reinforced CS & unexpected reinforcement of CS, hunger CR & sign tracking, male rats, 11965
partial limitation of motor activity & moderate motor loads, chains of motor alimentary CRs, rats, implications for model & prevention of human hypokinesis, 12008
pharyngeal flap surgery for hypernasality, conditioned dysphagia, 3–14 yr olds with cleft palate, 6350
presentation of response-contingent signal prior to reinforcer delivery, blocking & conditioned reinforcement effects, pigeons, 9783
pretest epinephrine administration, retrograde amnesia for conditioned fear, male rats, 12258
psychostimulants & neurotropic agents & analeptics & alpha-adrenoblockers & gutimine & its analogs, formation of avoidance conditioned reflex, rats, 10047
reinstatement of retrieval cues & intertrial interval, resistance to extinction of CRs, rats, 9735
seasonal change, serotoninergic system of hippocampus & conditioned reflex activity, arctic long tailed ground squirrels, 12110
Conditioned Stimulus
auditory CSs for positive vs negative vs differential operant CRs, differential inhibition in auditory evoked potential changes, cats, 9875
auditory verbal CS previously associated with aversive UCS vs tonal CS presentation to right vs left ear in dichotic listening task, resistance to extinction during electrodermal conditioning, college students, 7260
backward UCS-CS pairings, defensive burying, male rats, 9770
color & shape matching-to-sample tasks, reinforcer-induced learned equivalence between stimuli that independently predict reinforcer, male pigeons, 4972

CS contingencies in electrodermal response conditioning, individual differences in changes in skin conductance during conditioning & habituation & self reported discomfort, electrodermally labile vs stabile male college students, 9907
CS-UCR contiguity, autoshaping & omission training, literature review, 4940
cue light vs darkness as discriminative stimulus, response inhibition, male rats, 7302
electrodermal classical conditioning, differential allocation of cognitive processing capacity to reinforced vs nonreinforced CSs vs CS-UCS interval as measured by secondary RT task, college students, 7252
exposure to horse dung containing seeds, attraction to dung, spiny pocket mice, 382
food amount & type as discriminative stimuli, stimulus control in operant time discrimination, rabbits & dogs & monkeys, 9768
information value, conditioned reinforcing value of stimuli, pigeons, test of hypothesis of M. D. Egger & N. E. Miller, 9730
light vs illuminated drinking tube as CS predicting lateral hypothalamic stimulation, activity & eating & drinking & gnawing, rats, 9710
nonreinforced stimulus similar to reinforced CS & unexpected reinforcement of CS, hunger CR & sign tracking, male rats, 11965
preconditioned stimulus & reinforcement, blocking of conditioning, male rats, 11951
pretest presentation of clicking CS vs discontinuous tone, influence on avoidance behavior during vs following conditioning, female rats, 9755
prior exposure to CS, lithium-chloride induced avoidance of conspecific odor, male mice, 2696
prior inhibitory training to CS, subsequent excitatory conditioning to same CS in suppression conditioning, male rats, 11992
prior single-stimulus conditioning, classically conditioned nictitating membrane response & extinction to compound CS & its components, rabbits, 7307
single vs compound CS paired with reduction in shock intensity, inhibitory CS conditioning in suppression, male rats, 11960
taste & odor CS interactions with shock vs lithium chloride as UCS, male rats, 2701
unsignaled avoidance training & Pavlovian fear conditioning with tone vs tone/light CS, shuttlebox avoidance responding, male rats, 7316

Conditioned Suppression
anticholinergic & anticholinesterase drugs, slow potentials & spike activity of visual cortex neurons & behavior during active & passive avoidance & conditioned inhibition, rabbits, 12334
classical fear conditioning vs conditioned emotional response paradigm & CS vs non-CS interval during acquisition & extinction, freezing & response suppression, male rats, 351
CS preexposure & shock omission trials, attenuation & restoration of stimulus associability in conditioned suppression, male rats, 11980
in utero alcohol exposure, response inhibition mechanism delays, rats, 5217
length of interval between stimulus A & UCS & subsequent training to compound stimulus AB in simultaneous & serial procedures, conditioned suppression to A or B, rats, 11983
light-footshock followed by single light plus tone-footshock pairing, suppression of licking to tone, male water-deprived rats, test of classical conditioning theories, 11953
medial vs lateral septal lesions & chlordiazepoxide, discrimination between response-contingent & response-independent shock, rats, 12150
medial vs lateral septal lesions, suppression of responses maintained by response-independent vs response-contingent shock, male rats, 9968
metergoline & diazepam vs quipazine vs LSD vs 2,5-dimethoxy-4-methylamphetamine, punished responding, rats, 600
naloxone, conditioned inhibition of nictitating membrane response, rabbits, 9991
placement of conditioning & test stimuli, contralateral enhancement & suppression of vibrotactile sensation, right handed Ss, 9510
prior inhibitory training to CS, subsequent excitatory conditioning to same CS in suppression conditioning, male rats, 11992
single vs compound CS paired with reduction in shock intensity, inhibitory CS conditioning in suppression, male rats, 11960
varied tone preexposure & posttraining self stimulation, retention of tone-induced suppression of drinking, male rats, 9716
water deprivation & tone-footshock pairings & test context, lick suppression & context-UCS association, rats, 11952

Conditioning [See Also Autoshaping, Aversion Conditioning, Avoidance Conditioning, Classical Conditioning, Conditioned Emotional Responses, Conditioned Responses, Conditioned Stimulus, Conditioned Suppression, Counterconditioning, Escape Conditioning, Eyelid Conditioning, Operant Conditioning, Unconditioned Responses, Unconditioned Stimulus]
activation & scenting of nipple with novel odor, nipple sucking, 3 day old rats, 9745
al-amphetamine & amizyl, interaction of delayed reaction & conditioned differentiation, rhesus macaques & capuchins, 12273
anisodine, discrimination learning & memory & spontaneous & evoked electrical brain potentials & electrocorticographic CR, rats & rabbits, 10013
attack by high status S, acquisition of learned submissive behavior, ICR & C57BL/6 mice, 9725
conditioning, symbolic function, chimpanzees, critique of study of E. S. Savage-Rumbaugh et al, 346
conditioning treatment, enuresis, children, 10908
covert conditioning, behavior change, 6 yr old male & 11 yr old female, 13214
desensitization of autonomic nervous system response, vasovagal fainting, 22 yr old male, 8381
drinking behavior during multiple habit reversal, rats, 11967
E expectancy & contingent vs noncontingent reinforcement, frontal EMG conditioning, college students, 2859
elicitation of habituation of orienting response, literature review, 4914
entorhinal cortex ablation, time interval & motor alimentary conditioned reflexes, dogs & rats, 5211
formation of postural dominant focus during conditioning, frequency characteristics & spatiotemporal relations between cortical potentials assessed by spectral-correlation analysis, rabbits, 9870
icv morphine, conditioned place preference & analgesia & hyperthermia, male rats, 5278
instructions & verbal differential semantic conditioning, inhibition of GSR measure of orienting reflex, college students, 9913
model based on conditioning theory, development of neurotic disorders, 10524
morphine sulfate vs other opiate agonists vs cocaine hydrochloride vs lithium chloride vs (-)-naloxone hydrochloride, conditioned place preference vs aversion, male rats, 5260
neurotensin administration into caudate nucleus vs posterior hypothalamus, conditioned & unconditioned food reflexes & increased stomach secretion, dogs, 691
noradrenaline, conditioning of sensorimotor cortex neurons to sound, rabbits, 11993
partial limitation of motor activity & moderate motor loads, chains of motor alimentary CRs, rats, implications for model & prevention of human hypokinesis, 12008
phenotype, correlation between central excitatory state & conditioning, blow flies, 434
role of limbic brain structures in conditioning, rabbits, 5070
semantic conditioning, reduction of avoidant behavior, snake phobics, 4040
starch content of ordinary foods, associative conditioning of appetite & satiation as measured by food intake & pleasantness of starch-paired flavors, 21–30 yr olds, 7454
taped vocalizations, reinforcement of vocal behavior, female gibbon, 7293
telencephalon ablation, operant & classical conditioning, fighting fish, 2903
unilateral ablation of superior cervical sympathetic ganglion & electrical stimulation of posterior hypothalamus, motor defensive conditioned reflex magnitude & acquisition rate, dogs, 5204

Conditioning (Avoidance) [See Avoidance Conditioning]
Conditioning (Classical) [See Classical Conditioning]
Conditioning (Escape) [See Escape Conditioning]
Conditioning (Eyelid) [See Eyelid Conditioning]
Conditioning (Operant) [See Operant Conditioning]
Conditioning (Verbal) [See Verbal Learning]

Cones (Eye)
abnormal pi mechanisms, protanopic patient with retinitis pigmentosa, implications for role of short- & middle-wave cones, 2829
adaptation of W. S. Stiles's Pi-4 mechanism, criticism of C. Sigel & L. Brousseau's rejection of shape invariance, 12090
cone optical bandwidth & role of morphological disarray, 18–34 yr olds with retinitis pigmentosa, 8172
field sensitivity in short-wavelength-sensitivity mechanism, protanopic patient with retinitis pigmentosa, 2828
field sensitivity to long-wavelength stimulus measured by electroretinogram, cynomolgus macaque monkeys, 5038

interstimulus interval & stimulus wavelength on visual persistence task, threshold luminance & interaction between rod & cone systems, male Os, 11805
light flashes stimulating rod vs cone receptors, response latency, 25 yr old males, 9531
rod & cone interaction above threshold in brightness matching & magnitude estimation tasks, adult Os, test of probability summation & vector addition models, 7400
rod &/vs cone stimuli, summation of rod & cone responses at absolute threshold, human Os, 2554
role of neural interpolation in visual hyperacuity, humans, 7440
role of random topological distribution of cones in prevention of aliasing errors in visual processing of high spatial frequency stimuli, 7215
short- vs long-wavelength chromatic adaptation & flicker frequency, red–green cone difference signal, macaques, 2761
Confidence Limits (Statistics)
functional relation between various effect size coefficients & F & t distribution values, effect magnitude estimation in ANOVAs & regression analysis, 2515
Confidentiality of Information [See Privileged Communication]
Conflict [See Also Riots, Violence, War]
age & sex, number & variety & sensitivity of comforting messages to distressed friend & influence of conflict with adult, 1st–12th graders, 5408
amount of time spent alone vs with peers vs with mother vs with father & type of activities & conflict, 10th graders, 5443
business-government conflict & conflict expressed in public opinion of business & government, 902
causes & recommendations for control & resolution of world conflict, literature review, 3262
conflict & anger & depression in etiology & symptoms, Hwa-Byung folk illness, 33 & 42 & 65 yr old females, Korea, implications for treatment, 10495
conflict & dominance, prolactin & ACTH & luteinizing & growth & follicle- & thyroid-stimulating hormones in pituitary gland, male tree shrews, 5164
conflict & social status, coping ability & septal tyrosine hydroxylase activity & passive avoidance decrements & impairment of mesolimbic dopaminergic system, male tree shrews, implications for models of depression, 5174
conflict & stress between subgroups, implications for control group theory, 7867
conflict dynamics, interdisciplinary medical school psychiatric staff, 6550
conflict, expression & reduction of anxiety through play, 38.3–58.6 mo olds, 5403
conflict in purchasing decision making, industrial automobile fleet purchasers, 2299
conflicting information about conservation tasks, cognitive growth, 1st–2nd graders, 3070
conflicts between Christianity & Zen Buddhism & Catholicism & Protestantism in multicultural societies & resolution &/or integration, 12546
construct validity of coding procedures, classification of verbal tactics in interpersonal conflict & correlation with nonverbal behaviors, college students, 9350
dosage level of oxazepam & prior drug experience, individual variability in punished vs unpunished responses in Geller-Seifter paradigm, drug-sophisticated male rats, 2921
dynamics underlying conflict between natural & foster mother & psychosomatic responses to conflict, 9 yr old females, 8233
family confrontation as therapeutic approach in family therapy, 13195
handling conflict in organizations, middle managers & chief executives, 2199
hypnotically implanted aggressive conflict & neuroticism, psychopathology & anger & aggression expressed at authority figures present vs absent, college students, 7281
majority vs unanimous decision rule, group task conflict in role-played Change of Work Procedure problem, college students, 10395
marital status & sex differences, problems reported & extent to which unhappy about problem, married vs unmarried cohabiting couples, 10313
origin of psychiatry-psychology conflict in early clinical training, 1861
perceived conflict vs consonance of presented opinions on moral questions, moral development, 5th–7th graders, 7628
perception of & techniques for elimination of intergroup conflict in industry, high vs low level managers, 2182
preparation for & avoidance of confrontation with fundamentalist groups, school counselors, implications for censorship issues, 13733
psychoanalytic theory of conflict, 10399
questionnaire development, assessment of conflict between individual & organization, 18–60 yr old workers, 124
reflectivity-impulsivity, responses to social conflict, male 2nd graders, 7621
religious self definition & behavior & belief in supernatural & political conflict, 17–65 yr old males, Northern Ireland, 1973, 7774
socialization level, electrodermal response & failure to inhibit dominant behavior in performance of nonstressful response conflict task, male college students, 9920
sources of disturbed relationships & recommendations for intervention, parents & infants, literature review, 10860
unwanted pregnancy & neurotic conflict & psychosocial factors, abortion patients, 10965
working alone vs in pairs & existence of intraindividual conflict & disagreement, spatial representation skills, 5–8 yr olds, 735
Conflict Resolution
affective educational program, social behavior & conflict resolution, elementary school students, 11235
anonymity, resolution of conflicting pressures from E vs peers, female college students, 12664
causes & recommendations for control & resolution of world conflict, literature review, 3262
conflict solving strategies, distressed vs nondistressed couples married less than 5 vs more than 20 yrs, 12579
conflicts between Christianity & Zen Buddhism & Catholicism & Protestantism in multicultural societies & resolution &/or integration, 12546
confrontation & coercion & reciprocity in crisis bargaining, comparison of G. H. Snyder & P. Diesing's & R. J. Leng & H. G. Wheeler's studies, 10408
emotional responsiveness & conflict resolution & conversational patterns, spouses, 10318
ethical & conflict resolution issues, choice between individual & marital/family therapies, 6096
handling conflict in organizations, middle managers & chief executives, 2199
leadership strategies for management of conflict in groups, 1021
marital violence & sex of sibling, discussion vs verbal vs physical aggression as resolution of sibling conflict, college students, 10643
outcome favorability & clarity of decision rule, satisfaction with 3rd party decisions, college students, 5584
perception of & techniques for elimination of intergroup conflict in industry, high vs low level managers, 2182
resolution of decisional conflicts & treatment outcome, 17–65 yr old counselees in program using Gestalt 2-chair dialog, 3933
therapy for pets, conflict resolution & family functioning, disordered families with many pets, 10876
Conflicts (Role) [See Role Conflicts]
Conformity (Personality)
assumed similarity & knowledgeability, agreement & attraction, college students, 1019
commitment & conformity pressure & source credibility, reliability of eyewitness testimony, college students, 10425
cultural change & conformity phenomena measured with Asch paradigm, comment on articles by C. Spencer & S. Perrin, 10406
dogmatism & conventionality, college students, 1073
previous conformity & high vs low status of deviant, rejection of deviant, college students, 5600
self awareness & influence of ingroup vs outgroup, self consistency vs group conformity in social attitudes, females, 5579
semantic wording & influence of peer opinions, conformity, male college students, 7903
willingness to conform to peer pressure to engage in antisocial vs prosocial actions, learning disabled junior high school students, 8127
Confusion (Mental) [See Mental Confusion]
Congenital Disorders [See Also Cleft Palate, Drug Induced Congenital Disorders, Spina Bifida]
behavioral teratology, interdisciplinary study of environmental causes of congenital abnormality, 5669
clinical course of mannosidosis, 6 mo to 3 yr olds at onset, 8–10 yr longitudinal study, 3759
clinical symptoms, Lesch-Nyhan disease, 8–24 yr olds, 3777
familial X-linked mental retardation & congenital anomalies & behavior disorders & macro-orchidism & fragile X-chromosome, 16–30 yr old brothers, 10671

fetal alcohol syndrome, behavioral & learning deficits, implications for education, 3810
fetal alcohol syndrome, literature review, 3811
history-taking & counseling & thorough followup, reduction of fetal alcohol syndrome & other dangers from alcohol, pregnant females, 4128
lateralized visual stimuli, RT, female acallosal 20 yr old, 13055
maternal labor force participation, 2-parent families with 3–18 yr olds with cystic fibrosis vs cerebral palsy vs myelodysplasia vs multiple physical handicaps, 1351
neuropsychological profile, 9–23 yr olds suffering from agenesis of corpus callosum, 10732
reliability & validity of Feetham Family Functioning Survey, assessment of families with myelodysplastic vs normal infants, 4782
speech & language characteristics, 7.6 yr old with Noonan syndrome, 1441
symptoms, spinal arteriovenous malformations, 19 mo old female, 3766
Congenitally Handicapped
Public Law 94-142, 6–11 yr olds with Down's syndrome & emotional & congenital impairments & their families, 8937
Conjoint Therapy
conjoint marital therapy & subsequent transformation to self help group, concept of self & spouse & sex roles & marital adjustment, married couples, 2-yr followup, 13201
hostility type as determined by subscale of Gottschalk-Gleser Content Analysis Scales, couples in conjoint therapy, 3991
individual interview as therapeutic technique in conjoint therapy, 6173
marital interaction & conflict, persistence of severe obsessive compulsive disorders, 22–48 yr old married females, implications for spouse-aided therapy, 12836
Connective Tissues [See Bones]
Connotations
connotation of attributes, conservation vs nonconservation of weight, 1st graders, 7677
Conscience
rationalizations for self serving behavior & effect on conscience, elected public officials, 972
Consciousness Disturbances [See Also Autohypnosis, Delirium, Hypnosis, Insomnia, Narcolepsy, Sleep Disorders, Suggestibility, Time Disorientation]
loss of consciousness & spatial disorientation & improper M-1 maneuver, in-flight sudden incapacitation, US Air Force aircraft pilots & other crew members, 1970–80, implications for air safety, 13781
Consciousness Raising Groups
consciousness raising group, attitudes toward women's roles & sex role identity & tolerance for gender role norm violators, teacher & counselor trainees with mean age of 27 yrs, 10892
Consciousness States [See Also Attention, Awareness, Divided Attention, Monitoring, Selective Attention, Vigilance, Wakefulness]
age, incidence of near-death & intense spiritual experiences, 17–85 yr olds, 12
alteration of states of consciousness, intrapsychic survival skill for coping with stress, Blacks, literature review, 10288
construction & validity of Peak Scale, assessment of peak experience tendencies, college students, 4761
dynamics of Freud's concept of feeling of "uncanniness", 10464
exosomatic experiences in near-death situations, theoretical & philosophical & cultural & biomedical ethical implications, literature review, 11
Freud's concept of feeling "uncanny", 10449
hypnosis as specific state of consciousness, 7289
psychoanalytic formulations, comprehension of bizarre events & feelings of "uncanniness", 10452
similarities in approaches of K. Marx & G. H. Mead to relationship between consciousness & community, 2317
sleeping/waking rhythms, consciousness & mental activity, humans, literature review, 11940
vigilant watch vs hypnagogic reverie vs interview with tester, verbal production, psoriasis patients, 3852
visual stimulation & consciousness, evoked electrical activity of cerebral cortex, 20–40 yr olds, 12071
Conservation (Concept)
ability to differentiate & contrast alternative means for making quantity judgments, 1st & 3rd & 5th graders, 10155
adequacy of conservation justifications, 1st–5th graders, 3142
age differences, compensation & conservation of liquid task performance, 3–4.5 yr olds, 10168
cognitive maturity, evaluation of others' achievement behavior, 1st vs 3rd graders, 10105
communication game precuing, production of view-specific drawings, 5–6 vs 7–8 vs 9–10 yr olds, 10162
comprehension of question & personal characteristics & development & attention to purpose of task, performance on Piagetian conservation task, children, 776
conflicting information about conservation tasks, cognitive growth, 1st–2nd graders, 3070
connotation of attributes, conservation vs nonconservation of weight, 1st graders, 7677
conservation of continuous vs discontinuous materials, kindergartners vs 1st vs 2nd graders, 10176
conservation training, conservation task performance, 6–11 yr olds with cerebral palsy, 13129
experience &/vs aptitude & sex, performance on displaced-volume task, 8th graders, 5380
general attentional & specific-relevant cue training, Piagetian tasks of number development, kindergartners, 3121
methods of measurement, Piagetian conservation tasks, aged, 12443
nonlinguistic knowledge of equivalence & hemispheric laterality & conservation of inequality, 4–5 yr olds, 5356
Piagetian-based conflict instruction, conservation of volume of noncompressible matter & gas volume, 8th graders, 6681
set size, performance on number conservation tasks of equivalence vs nonequivalence & use of 1-to-1 correspondence, 3 vs 4 yr olds, 780
sex differences & sex of E conservation ability, kindergartners & 1st graders, 10195
traditional Piagetian conservation tests with vs without accidental transformation, performance, 5 yr olds, partial replication of experiments by J. McGarrigle & M. Donaldson & P. H. Light et al, 783
transformations presented in standard vs natural conditions differing in amount of adult mediation, generalizability of conservation, kindergartners & 1st graders, 799
use of conventional Oksapmin measurement system & development of concept of equivalent units, unschooled Ss with mean ages of 8.4 vs 29.5 yrs vs 2nd vs 6th graders, Papua New Guinea, 3155
verbal rule instruction technique, acquisition of conservation concepts, 1st & 2nd graders, Nigeria, 12438
visual information available during vs after modeling in observational learning, acquisition of conservation concept, 5.8–7.11 yr olds, 12442
Conservation (Ecological Behavior)
energy labels & sales emphasis of energy information, choice of manual vs frost-free refrigerator, consumers, 2281
knowledge & income, energy consumption, college students & 26–55 yr old consumers, test of Fishbein-Ajzen model & implications for increasing conservation, 6905
national vs state appeal vs behavioral intervention, energy consumption, apartment & university complex residents, 6908
videotape modeling stressing conservation strategies, electricity use & home temperature & humidity & perceived comfort & clothing worn in winter & summer, 4603
Conservatism
climate, education level & economic & moral & social conservatism, northern vs southern residents, Australia, 5646
conservatism & abortion attitudes & biophilia, college students, 12752
conservative vs liberal vs Marxist & socialist vs radical feminist perspectives, women & education, New Zealand, 11157
consistency & reliability of revised Conservatism Scale & correlates with tolerance for ambiguity & preference for visual complexity, Ss with mean age of 25 yrs, 9438
dogmatism & conventionality, college students, 1073
extraversion & independence & radicalism-conservatism & cognitive inconsistency, college students, 5638
factor analysis, F-Scale & Conservatism Scale scores, college students, 4827
sex differences, conservatism, Afrikaans vs English speaking Black vs White vs Indian college students, South Africa, 3463
traditionalism vs progressivism as principal factors derived from Attitude Toward Education Scale, teachers, test of 2-component model of educational orientation, 13565
traditionalization of ethnic & social identity, American Jews who immigrated to Israel, 906
Conservatism (Political) [See Political Conservatism]

Consistency (Measurement)
consistency & reliability of revised Conservatism Scale & correlates with tolerance for ambiguity & preference for visual complexity, Ss with mean age of 25 yrs, 9438
consistency across cognitive vs personality measures, self/nonself segregation ability, 19–22 yr old males, 203
cross-situational behavioral consistency, college students, 5642
development & internal consistency of subscales of Revised Sex-Role Behavior Scale, male vs female college students, 9427
internal consistency & reliability, Prufsystems fur Schul- & Bildungsberatung, skilled workers, West Germany, 7083
internal consistency of Manifest Needs Questionnaire, 11644
norm conformity index & individual conformity indices, detection of individual examinee's response consistency, 4709
procedure for measurement of stability of concepts over range of ages in developmental research, 2491
Consonants
aerodynamic & spectrographic analysis, nasal-fricative sequences, adult speakers of British English, 5287
consonant frequency, RT in letter recognition task, human Ss, 11883
consonant/vowel ratio as cue for English voicing of velar & labial stops, voicing judgments in minimal word pairs, 11852
CV vs VC environment, oral/nasal sound pressure ratios, adult speakers, 5288
natural speech stimuli varying in initial consonant length vs synthetic stimuli varying in vowel length, binaural vs monaural perception of consonants & vowels, 8–15 vs 20–40 vs 65–83 yr olds, 5357
spoken Japanese consonants, perceived similarities analyzed by individual differences multidimensional scaling & quantification theory, 4887
vibrotactile perception of vowels & consonants, college students, implications for conveying speech information to hearing impaired, 244
voice onset time for stop consonants, 40–66 yr olds with apraxia vs 49–66 yr old fluent aphasics, 10682
Construct Validity
attributional style, learned helplessness in interpersonal situation, female college students, 1047
automated administration of Eysenck Personality Inventory, construct validity, 19–46 yr old males, 4781
concept of "universe" as unscientific, 6935
confirmatory maximum likelihood factor analysis, assessment of construct validity of higher order factor structure of structure-of-intellect test battery, 7024
construct & criterion-related & pragmatic validity of Rosenzweig Picture Frustration Study, 7099
construct & predictive validity, friendship & love relationship scales, college students, 9388
construct & predictive validity of multi-attribute attitude models, 12769
construct modeling approach to construct validation research, 9487
construct validity & principal components factor structure of Bannister-Fransella Grid Test of Schizophrenic Thought Disorder, diagnosis of thought disorders, psychiatric inpatients, 196
construct validity of Adaptive Behavior Scale total scores determined by internal consistency, mentally retarded with mean age of 19.6 yrs, 7100
construct validity of balanced & unbalanced Likert scales, 11631
construct validity of California Occupational Preference System & Kuder General Interest Survey based on interscale correlations, 8th graders, 8973
construct validity of Career Decision Scale, assessment of educational-vocational indecision, graduate counseling students, 145
construct validity of coding procedures, classification of verbal tactics in interpersonal conflict & correlation with nonverbal behaviors, college students, 9350
construct validity of disequilibrium, moral development theory of L. Kohlberg, 742
construct validity of Good & Good questionnaire, assessment of need for social power, college students, 7055
construct validity of Hopelessness Scale on basis of covariation with Edwards Social Desirability Scale, criticism of article by M. M. Linehan & S. L. Nielsen, 11675
construct validity of J. L. Holland's vocational types as measured by Vocational Preference Inventory & Hand Test scores, 7046
construct validity of Maternal Social Support Index, mothers, 178
construct validity of Mishel Uncertainty in Illness Scale, assessment of uncertainty in symptomatology & diagnosis & treatment & relationship with caregivers & planning for future, medical patients, 9423
construct validity of unnormed Self-Directed Search, assessment of vocational interests, females, reply to D. J. Prediger's article, 9406
construct validity of visual & auditory & bimodal brain event-related potential amplitudes, assessment of cognitive style & abilities & aptitudes, male navy recruits, 9398
construct validity of Weigl Color-Form Sorting Test, assessment of ability to shift conceptual attitude, male psychiatric inpatients, 7115
construct validity, Q typologies, 9357
construction & construct & criterion validity of Self Efficacy Scale, college students, 11687
convergent & divergent validity of Revised Children's Manifest Anxiety Scale, 3rd & 4th graders, 7096
development of psychological tests, implications for model of test objective, USSR, 7054
element & construct stability in repertory grids, 18–36 yr old nurse trainees, 11646
face vs construct validation of thematic apperception questionnaire, family orientation vs status perception assessment, implications for TAT, 7097
factor analysis & construct validity of Verbal Concept Attainment Test, application in clinical neuropsychological assessment, 15–63 yr old patients, 2422
factor analysis & validity, Work Values Inventory, 9417
factor analysis, construct validity of California Test of Personality-Secondary Level, high school & college students, 11669
factor analysis of responses to standardized tests, field dependence construct, 3rd graders, 2478
FORTRAN program, generation of data sets with desired degrees of score stability, implications for construct validity in cross-situational repeated measures in personality assessment, 9315
long term predictive & construct validity of undergraduate GPA & Law School Admission Test, law school performance, law students, 2108
methodology, unidimensional construct measurement, 7122
multimethod-multitrait & factor analyses, construct validity of General Tests of Language & Arithmetic for Students, college students, 6803
multiple referent sampling of dominance & dependency behavior, construct coherence & cross situational generality, 3–5 yr olds, 9368
need for revision of locus of control construct within life span development perspective, literature review, 5458
procedure for measurement of stability of concepts over range of ages in developmental research, 2491
reliability & construct validity, Imaginary Audience Behavior scale, 11–18 yr olds, 4714
reliability & construct validity of Children's Self-Efficacy for Peer Interaction Scale, 3rd–5th graders, 2483
reliability & internal consistency & construct validity of metamemory battery, 2nd graders, 9412
reliability & validity, M. J. Houston & M. L. Rothschild's situation & enduring & response components of involvement, implications for consumer information processing, 7123
reliability of scores & construct validity of separate categories within Holt system for scoring primary process, Holtzman Inkblot responses with standard vs imaginative response instructions, college students, 9437
reported symptoms during premenstrual & menstrual cycle phases, 18–35 yr old females, implications for premenstrual distress as single construct, 13105
stimulus size in Embedded Figures Test & rod-and-frame test, construct validity of perceptual field dependence/independence, college students, 11766
stressful life events & Rorschach test anxiety score, college students, implications for construct validity of A. Elizur's scoring system, 9376
utility & validity of masculinity-femininity construct & adrogyny measures, alternative construct based on individual's own conceptions of masculinity-femininity, 10–80 yr olds & college students, 7739
validation of personality factors, college students, 12727
validity of self report & interview measures, measurement of childhood & adolescent depression, 2445
validity of Type A behavior pattern & Jenkins Activity Survey, reply to J. J. Ray & R. Bozek's article, 11659
Consultation (Professional) [See Professional Consultation]
Consumer Attitudes
attitudes & practices related to flame retardant & potential carcinogen Tris, parents of young children, 11519

attitudes about personal finances & business climate & buying conditions, purchasing behavior, consumers, 1940–80, 11521
attitudes & social influences, behavioral intention formation, housewives, 9219
attitudes toward property & property insurance & frequency of claims, 18–84 yr olds, 9208
attribution model of information processing, explanation of effects of unfavorable product information, college & graduate business students, 9214
cognitive responses, mediation of advertising effects on beliefs & intentions & attitudes, college students, 9216
demographic characteristics & reasons for brand choice & perceptions of brands, generic vs national vs store brand canned food customers, 9200
dimensions of perceived sex appeal in advertisements, adults, 9218
expectancy-value judgments concerning blood donation & intention to give blood, college students & faculty & staff, implications for consumer behavior, 9195
formal reasoning & content & expectations, reasoning about advertisements & design of confounded vs unconfounded product tests, 7th–8th graders, 5372
perceived deceptiveness of public leaders & mass media & advertising as information sources, adult survey respondents, 6909
perceived expectations & performance evaluations & disconfirmation, satisfaction with durable vs nondurable product, 19–65 yr old consumers, 9199
perceived reference group influence on product & brand purchase decisions, consumers & survey respondents, 2282
perceived similarity to stereotyped bus rider, likelihood of public transit usage, college students, 4536
promotional film & violence preference, response to motion picture, movie audience members, 6912
reasons for subscribing & TV use & attitudes & demographic characteristics, regular vs pay-cable TV subscribers, 6913
scenarios of experiencing positive vs negative events, probability judgments about events & compliance, college students & homeowners, 3413
training stressing economic vs motivational aspects of TV advertising, responsiveness to commercials, 2nd–4th graders, 13603
worldmindedness, willingness to buy foreign products, professional buyers, US, 2284

Consumer Behavior
attempts to establish expert & referent power, insurance buying, sales agents & clients, 4608
attitudes & practices related to flame retardant & potential carcinogen Tris, parents of young children, 11519
attitudes & social influences, behavioral intention formation, housewives, 9219
background music, in-store shopping behavior, literature review, 2294
bases of influence from personal source, changes in organizational decision makers' product evaluations & purchases, librarians & scientists & budget administrators, 2132
brand & package size & price, decisions on best bargain, grocery shoppers, implications for consumer behavior theory of perceived risk, 6910
complaint processes, consumer & business organizations, 9204
conflict in purchasing decision making, industrial automobile fleet purchasers, 2299
consumer movement in psychotherapy, literature review, 8351
continuous vs variable token reinforcement & free vs reduced fares & contingent free transit, transit ridership, commuters, 11522
corporate image in brewing industry, beer production & consumer behavior, Great Britain, 2233
demographic characteristics & reasons for brand choice & perceptions of brands, generic vs national vs store brand canned food customers, 9200
drop in TV viewing during commercial breaks as measured by electrical activity, 6946
dynamic attribute satiation model, prediction of soft drink choices based on past choice behavior, college & graduate students, 2293
energy labels & sales emphasis of energy information, choice of manual vs frost-free refrigerator, consumers, 2281
evaluation of commodities, psychological grudging accompanying expenditure, housewives, 4607
expectancy-value judgments concerning blood donation & intention to give blood, college students & faculty & staff, implications for consumer behavior, 9195
exposure to different televised food messages, snack choices, 5–8 yr olds, 738
hedonic aspects of consumer behavior, marketing, 2286
home purchase decision as "muddling through" process based on conflict-avoiding heuristics, husband-wife dyads, 2296
information processing vs experiential views, consumer behavior, 2287
knowledge & income, energy consumption, college students & 26–55 yr old consumers, test of Fishbein-Ajzen model & implications for increasing conservation, 6905
LISREL & partial least squares models estimated from study of exit & voice caused by dissatisfaction, consumers, 7136
motivation & impulsiveness & other factors affecting clothing buying behavior, 15–29 yr old vs older females, 4606
nutrition education in supermarkets, nutritional knowledge & purchase of dairy products, shoppers, 2290
patronage frequency & store size & layout, accuracy in specifying location of product categories on supermarket floor plan, customers, 2302
patterns in provision & utilization of ambulatory health care services, Rhode Island residents, 10968
perceived expectations & performance evaluations & disconfirmation, satisfaction with durable vs nondurable product, 19–65 yr old consumers, 9199
perceived reference group influence on product & brand purchase decisions, consumers & survey respondents, 2282
personal & preference & situational variables, self reported consumption of time, survey respondents, implications for consumer behavior, 9205
predictive factors & model, coupon redemption rate, 9217
predictive validity of joint-space model, dog preferences based on breed attributes, consumers, implications for consumer evaluations of new concepts, 2295
process of preference & choice & purchase of domestic objects, 4953
reasons for subscribing & TV use & attitudes & demographic characteristics, regular vs pay-cable TV subscribers, 6913
reliability & validity, M. J. Houston & M. L. Rothschild's situation & enduring & response components of involvement, implications for consumer information processing, 7123
role of consumption goods in social life, 9210
scenarios of experiencing positive vs negative events, probability judgments about events & compliance, college students & homeowners, 3413
self concept & consumer behavior, literature review, 9220
sex of shopper & E & touching during request, compliance in trying food sample & buying product, supermarket shoppers, 2301
TV advertising, role perceptions & purchasing activities & materialistic values & sex role attitudes, 6th–12th graders, 14-mo followup, 7738
type & amount of pre-purchase information seeking, adult buyers of small electrical appliances, 2298
worldmindedness, willingness to buy foreign products, professional buyers, US, 2284

Consumer Protection
locus of control & amount of consumer information about prenatal & obstetric drugs, 13–41 yr old postpartum females, 13283

Consumer Psychology
affective vs cognitive factors, acquisition & modification of preferences, implications for consumer psychology, 1050

Consumer Research [See Also Consumer Surveys]
application by J. B. Watson of behaviorism to advertising & marketing research, 2319
arguments against emphasis on external validity in theoretical consumer research, 9197
assessment of adequacy of alternate classifications of consumer variables, criticism of R. J. Lawrence's method, 6997
assessment of adequacy of alternate classifications of consumer variables, reply to criticism by R. D. Reynolds & J. Neter, 6980
background & situation characteristics, variation in perceptual configuration of brands, survey respondents, 2285
charity donation vs cash incentive, mail survey return rate, 53
criticism of traditional market research model of hypothesis & corroboration, 9198
deductive vs inductive methods in market research, 9209
difficulties of price-testing premium-priced new products & alternatives to Gabor-Granger method, 9221
distribution-free method, approximating nonlinear marketing relationships, 234
evaluation of aggregation criteria for market segmentation, families of customers, 9202
evaluation of alternative concepts & effect of price levels on purchase intent, consumers, 6959
external validity of consumer research, 9212

hedonic aspects of consumer behavior, marketing, 2286
inference, product evaluation, adults, 2288
mall intercept interviewing for market/advertising research & design & execution of mall intercept surveys, literature review, 6911
methodology, between- and within-group rank order agreement in brand preference ranking, 228
model, price-induced brand switching, consumers, 2292
patronage frequency & store size & layout, accuracy in specifying location of product categories on supermarket floor plan, customers, 2302
person-situation as basis for marketing segmentation & strategies, 9201
questionnaire layout, credibility of consumer study results, 166
techniques of L. Kish vs V. C. Troldahl, random selection of respondents for telephone surveys, 47
validity & reliability of free-response & card-sort techniques, measurement of cognitive content, college students, implications for consumer research, 2442
variety seeking behavior & consumer research, literature review, 9213
Consumer Surveys
attitudes about personal finances & business climate & buying conditions, purchasing behavior, consumers, 1940–80, 11521
evaluation & applications of Check-Call survey method for obtaining customer information, 7009
mall intercept interviewing for market/advertising research & design & execution of mall intercept surveys, literature review, 6911
rate of questionnaire return & demographic characteristics, households with published vs unpublished or nonlisted telephone numbers, 6914
Content Analysis
amount of text devoted to individual in history of psychology texts vs judgment by panel of eminence, individuals important to psychology, 32
camera techniques & verbal vs visual content, biases in TV coverage of political campaign, West Germany, 5285
cinematic portrayal of mentally retarded & mentally ill in pre-Nazi German films, social acceptance of Nazi euthanasia program, 1097
computer content analysis of verbal samples, measurement of anxiety, 2359
consistency of empathic responding to confederate client's anger, stylistic complexity & semantic relations of language, counselor trainees, 3968
content analysis, concreteness & imagery & meaningfulness of suicide notes, 5851
content analysis, contribution of TV to sex role socialization & learning about occupational roles, male vs female 7th–9th graders, 5429
content analysis, material published in "Social Casework", 1920–1979, 6421
content analysis methodology, brief psychotherapy sessions, 60
content analysis of basal reading series, references to & representations of handicapped, 1950
content analysis of problems portrayed in most popular contemporary fiction books, middle school students, 3190
content analysis of rape jokes, sexual myths & ridicule of females perpetuated, college students, 3706
content analysis of social relations & ideology caricatured in "Becassine: Pendent la Guerre" by M. Languereau & J. Pinchon & perceptions of readers, 9–11 yr olds vs adults, 775
content analysis of textbooks & journal articles in social & industrial & clinical psychology, concern for ethics, 13505
content analysis technique, comparison of theories & methodological approaches, group practice, 7
data synthesis, studies on relationship between home environment & school learning, 4400
dimensions of perceived sex appeal in advertisements, adults, 9218
discourse analysis, verbalization of painful emotion & affect articulation, severely depressed female inpatients & 70–75 yr old medical outpatients, 5668
emotionality in content of suicide notes vs pre-execution letters vs normal private notes, 7593
familiarity of action/event sequences, comprehension errors & recall of TV narratives, 2nd vs 5th vs 8th graders, 5347
Gottschalk-Gleser content analysis, affect changes during psychotherapy, members of analytical group, 6203
human figures in Rorschach responses, 18–55 yr old homosexual males, 10374
imagery of heterosexual pornographic magazines, clues to prevalence of paraphilias associated with preferences for specific types of visual imagery, 5816
level of perceived outcome uncertainty & disposition toward protagonist in dramatic film, experienced suspense, college students, 10077
linguistic & content modifications across REM dream reports, male college students, 6953
meta-analysis, research on effects of ability grouping on school achievement & attitudes, secondary school students, 8855
norms & clinical applications of Gottschalk-Gleser verbal behavior scales, children & adults, 2438
orality of Rorschach responses, male alcoholics, 3694
percentage of studies reporting debriefing in Journal of Abnormal & Social Psychology & Journal of Personality & Social Psychology, 1964–80, 4689
prosodic & paralinguistic features of speech, distinction between stories read vs told by preschool teachers, college students, 4888
referential & numerical content of problem & age & sex & cognitive style & ability & attitude, proportional reasoning, 6th vs 8th graders, 5381
sexual preference & responses to heterosexual vs homosexual content-loaded pairs of slides in binocular device, 18–36 yr old heterosexual vs homosexual males, 12603
thematic content of stimulus material, preferences for logical vs illogical selection task problem solving strategies, preclinical students, 4909
vocational research priorities based on content analysis of articles from Journal of Vocational Behavior & Vocational Guidance Quarterly, 4538
Content Analysis (Test)
content analysis of MMPI & California Psychological Inventory & Eysenck Personality Inventory & EPPS, 4738
Contextual Associations
auditory/verbal cues in intertrial intervals, extinction rate of conditioned eyelid responses, mentally retarded 18–30 yr olds, implications for contextual change hypothesis, 5875
chord context key, perceived harmonic relationships & recognition of harmonic sequences, college students, 11847
clues for target nouns in context that biased concrete vs abstract sense of word, recall, 11925
comparative vs isolated judgmental context & demographic characteristics, attitudes toward elderly, 18–58 yr olds, 1049
context changes between preexposure & test, conditioned defensive burying, male rats, 9743
context dependent vs independent concept properties, property-verification tasks & judgments of similarity, college students, 9581
context, operant conditioning, rats, 354
context sensitive coding & acoustic-lexical mapping framework, word recognition process, 269
context, word order in expression of locative propositions, Hindi-speaking 42–54 mo olds, 3138
contextual cues, identification of spoken words, hearing impaired 7–12 yr olds, 1429
contextual effects, suffix effect in serial recall, 21–65 yr olds, critique of J. Morton & S. M. Chambers's study, 4937
contextual interference, acquisition & transfer of motor skill, female college students with vs without experience in open sport skills, 243
contextual interference, retention of timing task, 54–83 yr old females with high vs low levels of exercise & physical activity, 7646
correspondence between picture/illustration & accompanying TV news messages, retention of verbal content of news program, 15–65 yr olds, 12355
discourse force, memory & comprehension of fables & parables & folktales, college students, 9633
elaborative contextual information about person depicted in target photograph, subsequent face recognition with vs without context, 19–57 yr olds, 4912
grammatical form & part of speech & syntactic function of missing words & semantic content of context, sentence comprehension, 3–13 yr olds, 3151
holistic encoding induced by scanning, identifiability of target letters in words vs strings of unrelated letters, college students, 9492
manipulation of stimulus training context, generalization & retrieval of memory, pigeons, 9774
melodic relational context, pitch recognition & delayed pitch comparisons, college students, 9572
morning vs afternoon avoidance training & training & retention testing in same vs different apparatus, shape of retention curve, male rats, 9765
noradrenaline neurotoxin DSP4 & exteroceptive context & UCS preexposure & desipramine pretreatment, taste aversion learning, male rats, 12240

perceived depth of pattern & structural relevance of briefly flashed target line, identification accuracy, naive Ss, implications for object superiority effect, 11802
perceiving vs imagining objects or words, cue value of contextual clues of time & location, college students, 9648
position of contextual information, interpretation of & memory for sarcastic utterance, 1st vs 3rd graders vs college students, 10118
presentation context of unfamiliar faces, subsequent recognition, implications for eyewitness identification, 4932
presentation of word lists in multiple vs single learning rooms, recall, college students, 9667
pretrial naming vs exposure to good vs poor examples of color, color chip matching, 11786
priming vs nonpriming context, processing of ambiguous noun-verb pairs, college students, 2625
processing of word preceded by semantically related vs neutral word in sentences vs lists, college students, 2602
reading ability, encoding & contextual components of word recognition, 3rd & 6th graders, 10196
reconstruction of classroom from small-scale model vs life size furniture & performance in isolated location away from referential information, 3.5–5.5 yr olds, 3128
reconstruction of organized scene, memory for contextually organized material vs lists of items, American vs Mayan 8–9 yr olds, 3152
role saliency cues, comprehension of active vs passive sentences, 3 vs 4 vs 5 vs 7 yr olds, 10144
semantic encoding context, word recognition errors, 8.2–9.6 yr olds vs college students, 5358
sentence context & cuing during initial presentation & test, recognition of high vs low frequency words, college students, implications for high frequency effect, 7255
short term memory & text-level comprehension processes, individual differences in reading fluency, poor readers, literature review, 5894
textual cues, lexical decisions in word processing, adults, 283
water deprivation & tone-footshock pairings & test context, lick suppression & context-UCS association, rats, 11952
Contiguity (Cognitive) [See Cognitive Contiguity]
Contingency Management [See Also Token Economy Programs]
action instructions vs reminders & contingency management, acceptance of fluoride mouthrinsing, lower- vs upper-middle-income 7th–8th graders, 6240
activity program with music as stimulus & contingent reward, verbal responses & spontaneous speech, physically handicapped 3–5 yr olds, 1555
applications & consequences of natural vs contrived reinforcement contingencies, 6256
chartmoves & spinners in contingency management program for home or school including self recording & variable reinforcement schedules, children, 8414
contingency management in programed environment, group performance, space mission personnel, 2166
contingent access to language laboratory, academic achievement in English language, Spanish speaking 16 yr old, 6673
evaluation of external contingency management, treatment of chronic pain, literature review, 1563
group contingency differences, academic achievement & social behavior, learning disabled 7–10 yr olds, 8958
response contingent seclusionary time out, reduction of inappropriate behavior, behavior disordered children, comments on D. E. Smith's interpretation, 9006
response contingent seclusionary time out, reduction of inappropriate behavior, behavior disordered children, reply to criticism of L. Polsgrove, 9015
Contingent Negative Variation
age differences, contingent negative variation during divided attention task, 18–32 vs 55–69 vs 70–85 yr olds, 7626
chlorpromazine & lorazepam & morphine, contingent negative variation, normal Ss, 2966
classical conditioning of reflexive ankle jerk, event related slow potentials & comparison with contingent negative variation in operant task, 16–29 yr olds, 2801
dream styles & tolerance for incongruity & psychology of dreaming, contingent negative variation, college & high school students, 3111
experimental conditions & stability of measurements, contingent negative variation, psychiatric patients, 3610
extraversion/introversion, contingent negative variation amplitudes, 22–30 yr olds, 12051
lysine-vasopressin, night sleep & auditory evoked potentials & contingent negative variation, 20–40 yr old males, 12340
psychopathology & psychopharmacology, contingent negative variation, disordered Ss, 3633
smoking, frontal-central contingent negative variation, extraverted vs introverted 20–40 yr old smokers, 5261
Continuing Education [See Higher Education]
Continuous Reinforcement [See Reinforcement Schedules]

Convergent Thinking [See Inductive Deductive Reasoning]
Conversation
analysis of conversational lapses, undergraduate stranger dyads, 3397
analysis of social interactions & remedial discourse with finite-state grammar, kindergartners through 4th graders, 95
anxiety level, utterances & looking activity during conversation, female college student dyads, 12656
arousal & memory for sentences high in interactional content, graduate students, 9656
blood pressure & heart rate changes while speaking to same vs high status E, college students, implications for behavioral treatment of hypertension, 513
cognitive complexity & social perspective taking & communication adaptation ability, ability to handle conversational deviance, 3.4–11.4 yr olds, 10186
continuity from format to dialog to discourse, construction of semantic & morphological & syntactic relations, children, literature review, 3094
conversations with same-sex friends vs co-workers vs siblings vs parents vs children, frequency of topics, male vs female 17–80 yr olds, 12657
detection of transitions in converations, college students, pause duration criteria for future research, 4893
emotions as significations of consciousness & interior existence, social construction of reality & social discourse, 10397
expectation of foreign listener's linguistic competence & foreigner's verbal feedback of comprehension, speech characteristics, native English speaking college students, 10073
Fourier series analysis of mutual conversation adaptation, dyads, 3000
guidelines & goals for conversational skills training, 10914
hand gesture temporal distribution during conversation, normal vs aphasic 36–81 yr olds, 1341
independence training vs modeling, telephone conversation skills, mildly mentally retarded 21–55 yr olds, 6243
individual differences, conversational style, mothers of 2.4–3 yr olds, 5505
integrated circuit, analog-to-digital conversion of sound/silence patterns in dyadic conversation, 9261
interaction with parents & E, synchronization of time patterns of own speech with other's speech & length of pauses, autistic 14.5–20 yr olds, 5722
interviewee's accommodation of noncontent speech behaviors to speech of interviewer, perceptions of interviewee, college students, 7594
intonation contour & word order & age & linguistic competency level, development of pragmatic strategies, 2–4 yr olds, 7669
linguistic analysis of conversation, Aborigines, Australia, 10064
marital adjustment, discrepancies in message valence expressed verbally vs nonverbally, spouses, 10415
Markov process model, developmental analysis of conversation about social transgressions, kindergartners through 4th graders, 3060
model of interpretation & evaluation & planning in information dialog, 715
preference for arm touch vs back pat after get-acquainted session with male vs female, male vs female college students, 1018
race & sex differences, interpersonal interaction & conversation, 21–29 yr old Black & White dyads, 3401
reliability of self report vs behavioral measures of personal statements in & initiations of conversation with female, heterosocially anxious males, 2460
sentences spoken in isolation vs in essay vs in free conversation, fundamental voice frequency, adult speakers, 4892
simultaneous speech in 2- & 3-party conversations & conversation management, 4 yr old females, 3204
span of anticipation in conversation, speakers, 7588

speech patterns when talking to mothers vs 14 mo old siblings, 2–3 yr olds, 5352
taxonomy of mother's interrogative strategies as facilitating vs fragmenting to child's participation in conversation, mothers & their Down's syndrome children with mean age of 67 mo, 5880
turntaking & participation in discussion of moral dilemma, mother-father-adolescent triads, 7812
Conversion Hysteria [See Conversion Neurosis]
Conversion Neurosis [See Also Hysterical Vision Disturbances]
assimilation & accommodation in reflective thinking, symptom choice, hysterical & phobic-obsessive neurotics, 3634
identification & symbolization as factors unrelated to etiopathogenesis of conversion, 10569
misdiagnosis of conversion disorder, 54 yr old male with Guillain Barre syndrome, 8187
patient & family history & symptoms, hysterical males & females with mean ages of 10.8 & 13.4 yrs, 5796
populations vulnerable to symptom conversion & conversion process & identification & treatment, 1386
Conviction (Criminal) [See Criminal Conviction]
Convulsions [See Also Audiogenic Seizures]
anticonvulsant drug therapy, behavioral & psychiatric symptoms of toxicity, 16 yr old moderately retarded male & 13 yr old female with partial complex seizures, 1644
benzodiazepine receptors in brain membrane, rats, implications for neuronal excitability & convulsion regulation, 445
benzodiazepine Ro 5-3663 & bicuculline & picrotoxin, EEG & convulsions, rabbits, 12324
bipiperidyl mustard lesions, brain convulsive response to hypoglycemia, female mice, 12291
ceruletide vs ceruletide analogs vs cholecystokinin octapeptide, catalepsy & hexobarbital-induced sleep & harman-induced convulsions, mice, 7579
clinical EEG analysis during wakefulness & sleep, epileptic 16–55 yr olds, 13097
clinically observed vs EEG monitored seizures during ECT, psychiatric patients, 3884
EEG biofeedback, control of seizures & sleep EEG, 11–50 yr old medically refractory epileptics, 8442
embarrassment as aura of complex partial seizures, 40 yr old male with Grade II astrocytoma of frontal lobe, 13021
emotional/psychosomatic triggering & hysteria, seizure onset, epilepsy, literature review, 3821
genetic defect in metabolism of catecholamines, predisposition to convulsive seizures, SCES vs Wistar rats, 5122
intrahippocampal kainic acid, EEG & seizures, male rats, method for recurrent seizure induction, 2928
isolated psychic seizures in initial period of epilepsy, 6041
kainic acid injections into unilateral hippocampus, seizures & behavior, cats, 10043
loss & depressive symptomatology, psychogenic seizures, 24 & 47 yr old females, 3791
low frequency brain stimulation, kindling behavior, male rats, 9958
neurological & psychiatric symptoms & episodic dyscontrol, 15–80 yr olds with minimal brain dysfunction, 5956
phencyclidine doses, seizures kindled in amygdala, rats, 610
pregnancy outcome & incidence of infant mortality & neurologic disorders, pregnant Ss with seizure disorders, 13059
psychodynamics & introversion & extraversion, acrocyanosis & spasmophilia, school age children, 3771
psychogenic pseudoseizures, non-epileptic patients, 5967
time-of-day distribution of frequency of convulsive seizures, epileptic patients with vs without chronic psychosis, 5930
trainable mentally retarded student medication for behavior disorders & seizures, need for information & involvement, teachers, 2037
valproic acid plasma levels, induced seizures & kindled epilepsy & neurotoxicity, rats, 700
viloxazine hydrochloride, seizure thresholds of experimental epilepsy, mice & rats & baboons, 655
Cooperation
age & communication, cooperation & competition, 6–8 vs 9–12 vs 14–16 yr olds, 10227
age & sex & region of country, competitiveness & cooperativeness, 2nd–12th graders, 857
age differences, management of commons dilemma, same-age & same-sex groups of 3–16 yr olds, 5572
assessment of social competence & school behavior & achievement by parents vs teachers & cooperative-competitive preferences, male vs female 4th–6th graders, 10096
classroom DRL program, reduction of negative verbalizations & increased cooperation, junior high school students, 6699
cognitive & moral competence & social authority in development of cooperation, 4–5 yr olds, 5433
communication styles & personality traits & sociopsychological factors, group coordination & cooperation, aircraft crews, 6852
cooperative behavior & operational thought, children, 10100
cooperative planning, mainstreaming of learning disabled, middle & high school classroom & special education teachers, 11357
cooperative vs competitive vs individualistic learning experiences, interethnic interaction & attitudes, 4th graders, 13614
cooperative vs competitive vs individualistic learning experiences, self esteem & interaction & perspective taking, learning & behavior disordered & normal 4th graders, 11334
friendship, group performance on cooperative task, male college students in groups with friends vs strangers, 3398
group cohesiveness & prior sharing, cooperation, college students, 7868
individual vs cooperative goal structures with vs without exposure to cooperative models, academic achievement & interpersonal behavior & attitudes, learning disabled 7th–8th graders, 8929
locus of control & competitive vs cooperative situation, achievement, 9–10 yr olds, 874
nonviolent resistance strategies, social change due to conversion or compliance of opponent or noncooperation of resister, 3255
number of siblings & birth order & ethnic & age & sex differences, cooperative-competitive social behavior, 5–12 yr old Anglo Americans vs Mexican Americans, 863
provocativeness of target & previous experience with aggression, 3rd-party-instigated aggression, female college students, 1029
Rorschach Test as joint task, measurement of interaction & utility in marriage counseling, spouses, 2436
social dilemma game with 2 vs 3 choices, cooperative vs competitive choices, male college students, 10402
task complexity & cooperative vs competitive grouping, productivity & perception of leader & group members & group development, college students, 7890
Cooperative Education
input into internships & cooperative education, college students, 13609
Cooperative Therapy [See Cotherapy]
Coordination (Motor) [See Motor Coordination]
Coordination (Perceptual Motor) [See Perceptual Motor Coordination]
Coping Behavior
age differences & stress of loss vs threat vs challenge, coping mechanisms, 24–91 yr olds, 871
alteration of states of consciousness, intrapsychic survival skill for coping with stress, Blacks, literature review, 10288
behavioral skill training vs discussion group treatment, alcoholics in standard inpatient treatment program, replication & extension of study by E. Chaney et al, 13469
biomedical & behavioral science research, health & behavior, book, 1101
brief therapy approach in coping skills training, evaluative anxiety, college student clients, 13714
classroom-based program, social development & self esteem & problem solving, emotionally disturbed males in elementary special education, implication for cooperation between occupational therapist & school psychologist, 9029
cocoon syndrome manifested by covering head with bed linens as coping mechanism, patients with spinal cord injuries, 8180
community program, development of social integration & structures & collective coping behavior & alternate lifestyles & stress reduction & ultimate prevention, Appalachia, 6403
control & rejection & resignation & dependency & avoidance & minimization, coping strategies, 1074
coping & crisis counseling, literature review, 8597
coping imagery based on academic vs nonacademic experiences of competence in covert modeling treatment & relaxation training, test anxiety & GPA, college students, 11397
coping skills training, depression & attitudes toward mental illness & quality of life, outpatients, 1-yr followup, 10895
coping skills training, self monitoring & problem solving & modeling & attention-focusing, mainstreamed students with learning problems, 8938
coping strategies, adjustment to death of child, 21–67 yr old parents, 1-yr longitudinal study, 3323
coping strategies for dealing with problems of incarceration, prisoners, 13442

coping with Great Depression, subsequent well-being, females born between 1890–1910, 40 yr followup, 12712
counseling training, counseling & problem solving skills, low income nonprofessional community service staff, 4315
defenses & coping & avoidance of separation, 31 yr old depressive male, 10513
developmental crisis & adjustment, 33–42 yr old expectant & new fathers, 10335
divorce, stress reaction & social support, 12575
dynamics of changing family roles & relationships, families of brain damaged patients, implications for role of social worker in helping family to cope, 10736
early maternal bereavement, age at marriage & quality & fate of marriage & number of children & coping ability & childrearing, female psychiatric patients, 1127
early primary mental health prevention, strengthening of coping capabilities, families in crisis, 6191
enviromental stressors & coping resources, level of functioning & adaptation, independence & achievement & moral/religious & intellectual/cultural & support & conflict oriented & disorganized families, 922
family relations & peer pressure & self concept & coping behavior & socioeconomic status & school grades & attendance, chemical dependency, adolescents in drug rehabilitation program, implications for prevention, 10644
family relations, coping behavior, adolescents with diabetes mellitus, implications for family therapy, 13014
fatalism & inflexibility, impact of stress & depression, Anglo vs Mexican American adults, 12775
flight & coping & change in external conditions & work in human development, psychology, 12400
group cotherapy, coping & readjustment, sexually abused 13–14 yr old females, 1524
group counseling program, coping with job stress, transportation workers, 13379
humor in coping with stress, college students, 7944
husband's sex role attitudes & time demands of student role, role conflicts & coping strategies, married female college students with children, 12601
information about surgery vs training in cognitive coping, knowledge of surgery & analgesic use & post-discharge pain, 27–61 yr old hysterectomy patients, 8643
interpersonal cognitive problem solving & adjustment, suburban vs urban 3rd graders, 2012
interpersonal problem solving & school adjustment & sociometric status as assessed through observation of classroom behavior, kindergartners, 2004
level of marital problems, utilization & effectiveness of negotiation & optimistic comparisons & selective ignoring & resignation as coping strategies, 22–69 yr olds, 12577
life events & coping behavior & behavior change to avoid onset of depression, 14–66 yr old nonclinical Ss & nonpsychotic depressives with mean age of 40.2 yrs, implications for cognitive & behavior therapy, 8045
maladaptive thinking & coping behavior & depression, college student counseling clients, 13667
management of hostility, adjustment & psychotherapeutic outcomes, psychiatric patients, 7997
manipulation of perceived self efficacy, fear arousal & coping behavior, snake- & spider-phobic 16–62 yr olds, 3540
model of coping skill acquisition, 4956
model of group social skills training with cognitive problem solving, incarcerated juveniles, 4223
mother infant interaction, smiling & laughing & play & coping behavior & emotional development, infants at 6 & 13 & 26 wks of age, 3203
motivational management approach, identification of causes & coping with burnout, public health & hospital & preschool personnel, 10919
need for organizational stress management training programs, 4549
neighborhood conditions & psychological factors & life circumstances, crime precautionary behaviors, surveyed female urban residents, 5849
noxious stimuli & environmental factors & coping behavior, resistance to disease, animals, 11950
pain & placebo & expectancy effects & coping styles & noncompliance in cognitive assessment, behavioral medicine, literature review, 10790
parent education program, coping behavior, Sweden, 13208
perception of & coping strategies for individual vs group threats regarding ethnic group relations, 25–60 yr olds, Canada, 5588
physical & recreational activities as strategies for coping with stress & anxiety, literature review, 515
practice & training, validity of IQ vs socioeconomic status vs adaptive behavior in predicting learning ability, educable mentally retarded 7–11 yr olds, 5885
preference for visual vs verbal modes of information processing & coping strategies based on images vs words & cold pressor task, pain tolerance & thresholds & rating, college students, 12116
preventive social work intervention program, coping behavior & emotional health, persons adapting to unusual or many life changes, 4179
psychological burden & coping behavior, families with posthospitalized psychiatric patient at home, 4159
psychopathology & family relations & emotional stability & impulse control & coping skills & self image, abused 12–16 yr olds, 12926
psychosocial stress & early childhood socialization & marital adjustment & handling of aggression & hostility, 46–74 yr old patients with polycythaemia vera, 10691
relaxation as active coping skill, control of generalized aversive gastric upset, 68 yr old male ostomy patient, 13223
religious involvement, feeling of well being & satisfaction & perception of life stress, Catholic vs Baptist vs Mormon vs Jewish adults, 3288
response to repeated & traumatic loss, Crow Indian children, intervention implications, 12497
role as liaison between families & class & counseling role to help mothers cope, social workers dealing with language disordered preschoolers & their mothers, 2047
self confidence & state of health & occupational background & age & social support resources & coping behavior, aged, 12386
self instructional vs relaxation training, coping with sigmoidoscopy, hospital patients, 4198
sex differences, coping behavior, college students, 13666
social & coping skills training group in psychiatric day hospital unit, 22–60 yr olds with life crises stresses, 13418
social childhood environment & previous emotional symptoms & seeking of medical help & attitudes toward illness, emotional reaction to cancer, working-age patients, 10687
social problem solving competence training, problem solving & adjustment as rated by peers & teachers, kindergartners, 4392
social problem solving in social science vs reflective inquiry tradition, implications for social studies education, 8876
solitary confinement, psychodynamics & coping behavior, prisoners, 13450
staff group meetings, coping with stress, staff of children's hospital, 4270
stimulus screening as coping behavior, response to dormitory crowding, college dormitory residents, 10423
stress & coping tendencies & social support, depression & well being, adults, 12707
stress & mental health during pregnancy & childbirth, 13328
stress management & life coping skills training, anxiety & depression, females receiving public assistance, 4158
systematic desensitization & self instructional training in role reversal format, cognitive coping skills, 50 yr old male with writing phobia, 8415
techniques for easing effects of membership changes in psychotherapy groups, 13–15 yr olds, 6177
techniques for fostering coping skills in preschool age children, caregivers, 6386
test anxiety level, kibbutz-born vs urban-born 13 yr olds, Israel, 10257
training procedures, counseling & problem solving skills & generalization to actual client sessions, undergraduate counseling students, implications for community psychology & training nonprofessionals, 1848
tutor assistance vs self instructional training following failure on problem solving task, persistence & learned helplessness & coping with failure, learning disabled 4th grade males, 6756
videotaped social problem solving, coping skills, emotionally disturbed 7–15 yr old males in special education classes, 13680

Copper
excess tissue copper, etiology of schizophrenia, literature review, 7991
zinc & copper levels in blood & urine & hair & gastric fluid, 17–60 yr old acute & chronic schizophrenics, 12830

Copulation [See Sexual Intercourse (Human)]
Copulation (Animal) [See Animal Mating Behavior]

Cornea
illuminance & temporal frequency & chromatic adaptation, identification of red–green cone difference signal in corneal vs foveal EMG, male macaques, 2353
Coronary Disorders [See Cardiovascular Disorders]
Coronary Prone Behavior
A-B personality & dominance & achievement motivation & freneticism, coronary heart disease patients, 13070
age & serum cholesterol & coronary risk factors & type A pattern assessed by Bortner Scale & coronary angiograph results, 21–64 yr old males, 7935
alternative scoring for Jenkins Activity Survey & relationship to Eysenck Personality Inventory & measure of achievement need, personality correlates of Type A personality, 20–41 yr olds, 2405
assessment of Type A behavior & demographic factors & implications for prevention of heart disease, 40–59 yr old male factory workers, Belgium, 2448
behavioral treatment, Type A behavior & essential hypertension as coronary risk factors, 8416
competitive interactions & heart rate & digital blood volume pulse during mixed-motive game, Type A vs B college student dyads, 2863
concurrent validity of Dutch version of Jenkins Activity Survey, assessment of Type A coronary prone behavior, males in health intervention program, Netherlands, 2416
contingent vs noncontingent aversive stimulation presented with high vs low frequency, cardiovascular & catecholamine & behavioral responses, Type A vs Type B 29–53 yr old males, 2846
coronary prone behavior, choice of earlier vs later time for participation in questionnaire study, Type A vs Type B college students, 11616
diet & Type A behavior & smoking & medication adherence, impact of behavioral treatment for hyperlipidemia, literature review, 4012
efficacy of behavioral smoking cessation program, 42–61 yr old coronary prone males, 8705
family size, Type A personality, 1st vs later born college students, 3493
fear of success, Type A vs Type B female college students, 3474
height, Type A personality & self esteem & body weight, college students, 2855
incidence of & response to upper respiratory infections, Type A vs Type B college students, 1430
performance standards, social comparison, Type A vs Type B 4th graders, 7734
propranolol, Type A behavior & heart rate & blood pressure, 24–68 yr old coronary patients, 8465
psychological intervention outcomes, healthy & coronary heart diseased Type A Ss, literature review, 6099
psychosocial & physical stress & Type A vs Type B personality & parental coronary heart disease, cardiovascular response, 18–25 yr olds at risk for coronary heart disease, 13063
psychosocial factors & group intervention strategies & weight change, differential change in coronary heart disease risk factors, males with mean age of 45–93 yrs, 5954
role conflict & ambiguity & overload, psychological & physical strain, Type A vs Type B middle managers with mean age of 38.2 yrs, 2205
semiautomated vocal behavior analysis, prediction of Type A behavior patterns from recorded interviews, 31–65 yr old males, 2365
sociological & emotional & personality & life stress correlates, coronary heart disease, literature review, 10753
state & trait anxiety & hostility & mood & Type A scores, male industrial workers under 56 yrs of age with mild essential hypertension, 8249
stress, perceptions of anxiety & hostility & depression, Type A vs Type B college students, 3456
time limits, anxiety & speech rate & verbal productivity during interview, Type A vs Type B college students, implications for brief counseling, 3942
Type A behavior, career experiences associated with failure, 22–62 yr old managers, validation of A. K. Korman & R. Korman's model, 9110
Type A behavior measured by Adolescent Structured Interview, cardiovascular arousal & sleep disturbances, 13–18 yr olds, 7624
Type A coronary prone behavior pattern, task performance, college students, 12702
Type A vs Type B behavior, blood pressure before vs during coronary artery bypass surgery & intra- vs postoperative complications, male patients, 6359
Type A vs Type B behavior, sleep problems, college students, 8207
Type A vs Type B personality & sex, heart rate during physical exercise vs IQ test, college students, 5135
validity of Type A behavior pattern & Jenkins Activity Survey, reply to J. J. Ray & R. Bozek's article, 11659
verbal estimation & production & reproduction of time intervals, Type A vs Type B male college students, 7942
Coronary Vessels [See Arteries (Anatomy)]
Corporations [See Business Organizations]
Corpus Callosum
age & strain & commercial vs laboratory breeding, brain development & corpus callosum deficiency, inbred mice strains, 341
central commissurotomy, intractable generalized epilepsy, 15–25 yr old patients, 1692
development & plasticity of callosal & corticostriatal projections of frontal association cortex, primates, 12056
interhemispheric cortical connections, structural & functional organization, mammals, literature review, 12061
lateralized visual stimuli, RT, female acallosal 20 yr old, 13055
neuropsychological profile, 9–23 yr olds suffering from agenesis of corpus callosum, 10732
sex differences, corpus callosum morphology, humans, implications for visuospatial functional lateralization, 450
unilateral eye enucleation, age-related changes in distribution of visual callosal neurons, 4 vs 7 vs 10 vs 14 day old rats, 7501
Correctional Institutions [See Also Prisons, Reformatories]
conceptual framework, assessment of total care institutions, 8655
factor analysis, Correctional Institutions Environment Scale, 11704
goal conflicts in correctional institutions for juvenile delinquents, institutional staff members, 1813
institutional social structure & psychodrama, recidivism, male delinquents, 10-yr followup, 13423
protective sentencing of dangerous offender, England, implications for Maryland's Patuxent Institution, 8671
staff guidelines for anger/stress management programs for inmates, 11085
test construction, measurement of behavioral effects of correctional institution design, architects & jail administrators & inmates & staff, 8665
volunteer program, provision of community resource information for correctional services, 13449
Correlation (Statistical) [See Statistical Correlation]
Cortex (Auditory) [See Auditory Cortex]
Cortex (Cerebral) [See Cerebral Cortex]
Cortex (Motor) [See Motor Cortex]
Cortex (Somatosensory) [See Somatosensory Cortex]
Cortex (Visual) [See Visual Cortex]
Cortical Evoked Potentials [See Also Contingent Negative Variation]
age & mental retardation & neuropathology, diagnosis & threshold determination using electric response audiometry, 2 mo through 5 yr olds & adolescents & adults, 8240
alcohol dosage level & visual stimuli presented to left vs right field, perception time & hemispheric functional asymmetry & evoked potentials, nonalcoholics with mean age of 29 yrs vs 23–42 yr old abstaining alcoholics, 12293
associative responses, asymmetry in parietal cortex multiple evoked potentials, cats, 5036
combined video & computer analysis, study of relationship between neural activity & behavior, rats, 11595
cortical evoked responses to synonym vs antonym test words, college students, 9884
cortical potentials preceding self-initiated vs visually triggered saccades, adults, 5076
direct current amplifier for steady cortical potential recording, 33
electrical stimulation of septum, spontaneous vs noxious shock induced neuronal activity of periventricular & periaqueductal gray & dorsal raphe & nucleus raphe magnus, male rats, 12201
electrolytic lesions of ventral mesencephalic tegmentum, cortical beta rhythms during attentive behavior & after DOPA vs apomorphine injection, cats, 12230
ethimizole, very slow waves of evoked potentials, Parkinson's patients, 10693
glutamic acid diethylester injection into hippocampus, slope function of excitatory postsynaptic potentials & amplitude of extracellular field potential in dentate gyrus, rats, 12294
habituation of cortical evoked potentials, Down's syndrome Ss with mean age of 29 yrs, implications for inhibitory deficits at electrophysiological level, 5888
intraventricular myelin basic protein antibodies, cortical evoked potentials & spontaneous activity & arousal & recruiting responses induced by electrical stimulation of thalamus, rabbits, 5226

linear vs quadratic classification of exogenous & endogenous components of event-related potentials, 21–29 yr olds, 6938
neuronal spike activity in cortical motor area during foreleg movement, cats, 12094
noxious thermal stimulation vs innocuous tactile stimuli, average evoked responses, rats, 12062
spatial synchronization of cortical biopotentials during problem solving with standard vs nonstandard criteria, schizophrenics, 1219
stimulus probability, choice RT & P300 latency as index of subjectivity probability, 19–26 yr olds, 2770
synaptic mechanisms of long term potentiation in hippocampus as basis for learning & memory, literature review, 9836
Corticoids [See Corticosteroids]
Corticosteroids [See Also Corticosterone, Cortisone, Deoxycorticosterone, Hydrocortisone, Prednisolone]
abnormal cortisol suppression, bipolar patients, 12843
abnormal dexamethasone suppression results, prediction of antidepressant response to sleep deprivation, 22–72 yr old depressed patients, 6294
abnormal dexamethasone suppression test results, 22–40 yr old male nondepressed chronic schizophrenics, implications for utility of test, 5715
adrenalectomy & subsequent corticosterone vs dexamethasone vs progesterone, exploratory behavior, male rats, 549
cortisol & prolactin circadian rhythms before vs after dexamethasone suppression test, 26–65 yr old female inpatients with endogenous vs nonendogenous depression, 12888
dexamethasone pretreatment & intraventricular vs ip serotonin & immobilization stress, plasma corticosteroid response, neonatal rats, test of role of serotonergic mechanisms in pituitary-adrenocortical stress response, 7499
dexamethasone suppression test & EEG evaluation as biological markers, severe secondary delusional depression, 67 yr old female with thyrotoxicosis, 1105
dexamethasone suppression test abnormality, diagnosis of biologically derived depression, females with postpartum depression, 3524
dexamethasone suppression test as screen for primary depressive illness, alcoholic male inpatients with mean age of 44.4 yrs, 6513
dexamethasone suppression test, borderline personality disorder patients, 8061
dexamethasone suppression test, differential diagnosis of catatonic schizophrenia vs affective disorder, 19–47 yr olds in catatonic stupor, 3548
dexamethasone suppression test, discrimination of subtypes of depression, 10567
Dexamethasone Suppression Test, manic patients with mean age of 36 yrs, 8017
dexamethasone suppression test, primary depression, patients with mean age of 37 yrs, 12869
dexamethasone suppression test results & cortisol circadian rhythm, 47–77 yr old males with advanced primary degenerative dementia, 6013
dexamethasone suppression test, 11-deoxycorticosterone & corticosterone levels, 21–58 yr old depressed females, 5740
dexamethasone vs insulin vs domperidone vs haloperidol vs acetylsalicylic acid vs naloxone vs chlorpheniramine vs cimetadine vs dimethyl sulfoxide, radiation-induced taste aversion, rats, 9995
diagnostic & treatment usefulness of dexamethasone suppression test, 21–72 yr olds with endogenous depression, 3604
ethymisol, affectivity & emotional memory & brain serotonin & plasma corticosteroid levels, albino rats, 12299
ginseng & eleutherococcus, hypothalamic-pituitary control of stress, mice & rats, 10008
intensity of skin electrical stimulation & cortisol dose, blood concentration of corticosteroids & pituitary-adrenocortical system response, rabbits, 5150
morphine vs analgesic U-49,274A vs pentazocine dosage levels & self administration & naloxone, plasma corticosteroids, rats, 2959
overnight dexamethasone suppression test, literature review, 5675
plasma ACTH & cortisol concentrations before vs after dexamethasone, psychiatric patients, implications for hypothalamic-pituitary-adrenal abnormalities in depression, 5743
repeated dexamethasone suppression test, hypothalamic pituitary adrenal hyperactivity, depressed patients, 1158
reproducibility of dexamethasone suppression test, depressed inpatients with mean age of 42 yrs, 3557
response to dexamethasone suppression test & hypothalamic-pituitary-adrenal axis abnormality, prediction of response to ECT, depressed 20–79 yr olds, 3885
serotonin receptor distribution correlation with 5-hydroxytryptamine levels & corticosteroid & estrogen receptors in brain regions, female rats, 444
subtoxic doses of triamcinolone acetonide during prenatal & neonatal & postnatal periods of brain development, maze exploration & spontaneous alternation, rats, 12283
synthetic corticotropin-releasing factor & prior dexamethasone, pituitary secretion of melanocyte-stimulating hormone & plasma ACTH levels, rats, 673
utility of dexamethasone suppression test, differential diagnosis, depressed 13–18 yr olds, 8007
17-hydroxycorticosteroid & catecholamine levels, diagnosis of mental & physical load, 12121
Corticosterone
adrenalectomy & subsequent corticosterone vs dexamethasone vs progesterone, exploratory behavior, male rats, 549
chlordiazepoxide & subsequent sound stimulation, serum corticosterone levels, male rats, 7573
chlordiazepoxide, plasma corticosterone response to novelty vs cold & restraint, male rats, 2935
delta sleep-inducing peptide, daily variations of 5-hydroxytryptamine & dopamine & norepinephrine & plasma proteins/corticosterone concentrations, male rats, 12284
dexamethasone suppression test, 11-deoxycorticosterone & corticosterone levels, 21–58 yr old depressed females, 5740
foster mother strain & handling, open field behavior & plasma corticosterone levels following placement in novel environment vs no disturbance, inbred A/J mice, 9798
frustration during conditioning, blood corticosterone & free fatty acids, male rats, 12033
iprindole vs bupropion vs mianserin, chronic stress model of depression & corticosterone levels, male rats, implications for drug therapy, 631
low vs high conflict induced by food & water deprivation & gonadectomy, plasma corticosterone & food intake following taste aversion conditioning, male vs female rats, 12196
naloxone, basal & photic & audiogenic stress-induced serum ACTH & corticosterone levels, male rats, implications for hypothalamo hypophyseal mechanism, 12335
postnatal low-dose ethanol, open field activity levels & body weight & intracranial self stimulation & plasma corticosterone, rats, 5272
prior inescapable shock, schedule-induced polydipsia, plasma corticosterone levels, female rats, 12139
septal lesions, plasma & adrenal epinephrine & norepinephrine & corticosterone levels during single vs repeated immobilization stress, male rats, 2899
single acute stress vs repeated stress with vs without positive motivation & learning, emotional response measured by corticosterone level, rats, 12030
stress induced by ip hypertonic saline, plasma corticosterone levels, rats with hypothalamus lesions, 7529
tripelennamine vs haloperidol vs oxazepam, stress-induced activity & neuroendocrine deficits, male rats, test of specificity of animal model of depression & implications for drug therapy, 632
Corticotropin
ACTH & melanocyte-stimulating hormones & related peptides, central & peripheral nervous system & behavioral effects, literature review, 5031
ACTH, acquisition & retention of conditioned taste aversion, infant rats, 12269
ACTH following peroneal nerve crushing, functional reorganization of regenerating motor units in extensor digitorum longus, adrenalectomized male rats, 5180
ACTH sub 4-10, compensation process following unilateral labyrinthectomy, frogs, 12274
ACTH 4-9 analog ORG-2766 vs ACTH 4-10 vs (D-Phe-7) ACTH 4-10 doses, passive avoidance, male rats, 10004
alpha-melanocyte-stimulating hormone vs melanocyte-stimulating hormone/ACTH, learning & attention & memory & sensitivity & CNS arousal & novelty-induced defecation, humans & animals, literature review, 7540
conflict & dominance, prolactin & ACTH & luteinizing & growth & follicle- & thyroid-stimulating hormones in pituitary gland, male tree shrews, 5164
dosage levels of ACTH analogs, medial septal self stimulation with ascending vs descending sequences of stimulus intensities, male rats, 12271

dosage levels of haloperidol vs metaclopramide vs pimozide vs butaclamol, ACTH-induced grooming & locomotor activity, male mice, implications for dopamine neurotransmission in grooming, 2941
epinephrine & norepinephrine & ACTH injections, memory, rats, 12281
hydrocortisone & porcine adrenocorticotropic hormone, corticosteroid surge & inhibition of intracranial self stimulation, rabbits, 12245
icv ACTH peptides vs footshock vs naloxone, changes in 2-deoxyglucose uptake in brain regions, male mice, 2934
intrathecal ACTH, morphine- & beta-endorphin induced analgesia, male rats, 9990
naloxone, basal & photic & audiogenic stress-induced serum ACTH & corticosterone levels, male rats, implications for hypothalamo hypophyseal mechanism, 12335
naloxone vs release of ACTH vs prolactin vs growth hormone, dental analgesia induced by nonpainful & low-frequency electrical nerve stimulation, healthy 21–27 yr olds, 7497
plasma ACTH & cortisol concentrations before vs after dexamethasone, psychiatric patients, implications for hypothalamic-pituitary-adrenal abnormalities in depression, 5743
projections of ACTH-immunoreactive opiocortin fibers to supraoptic & paraventricular nuclei, water balance regulation, male rats, 466
synthetic corticotropin-releasing factor & prior dexamethasone, pituitary secretion of melanocyte-stimulating hormone & plasma ACTH levels, rats, 673
Cortisol [See Hydrocortisone]
Cortisone
drug therapy & ECT, psychotic symptoms, 19 yr old female with systemic lupus erythematosus, 6062
hypophysectomy & cortisone, hyperphagia & obesity & ventromedial hypothalamus lesions induced by gold thioglucose, female mice, 12146
Costs and Cost Analysis
age & sex & ethnicity & socioeconomic status & drug cost & availability & length of addiction, opium dosage, opiate addicts, Laos, 10649
basis & utility of performance monitoring, program evaluation, 11605
cost data for mental health care provided in hospitals & halfway houses & health maintenance organizations & community mental health centers & comprehensive community programs, 8543
cost effectiveness of social learning approach with vs without reinforcement, frequency of targeted social skills, socially withdrawn/isolate 3rd graders, 11205
cost, value of reward, 4–5 yr olds, implications for intrapersonal comparator system, 5454
costs & benefits of regulations for research involving children, 10358
demographic characteristics & subjective profit assessment of college majors, college students, 13656
economic analysis, charitable behavior, 3257
economic analysis, crime & crime prevention, 3329
economic analysis of benefits of prenatal screening for spina bifida, 13319
evaluation of alternative concepts & effect of price levels on purchase intent, consumers, 6959
evaluation of commodities, psychological grudging accompanying expenditure, housewives, 4607
factors relevant to statistical power analysis in cost effectiveness evaluations of human service delivery systems, 8544
financial constraints, delays in institutional reforms, public service agencies, 984
financial management of mental vs general hospitals, Japan, 8635
friendship, rewards & costs & alternatives & investments & satisfaction & commitment, college students, 3399
functions & cost-benefit of hospital walk-in & telephone inquiry service staffed by social workers, 1771
health status measure of "Well-Year", assessment of health needs & effectiveness & quality of medical care, 6358
influences on purchase & use of information for decision tasks, engineering students, 7132
maintenance simulators vs actual equipment trainers for training, performance & cost, military maintenance technicians, 2156
management of health care costs, Caterpillar Tractor Company, 11428
market analysis results, value of property surrounding group homes for 18–45 yr old mentally retarded, 11025
medical tax deductions, cooperation with psychologist's treatment plans, clients, 6103
methodologies for evaluation of organizational effectiveness & program cost vs benefits, 75
model, price-induced brand switching, consumers, 2292
perception of psychic & economic rewards & costs for occupations & occupational choice, college students majoring in business vs education vs psychology, 13767
problems in financial support for research in behavioral & social sciences, 4612
reasons for subscribing & TV use & attitudes & demographic characteristics, regular vs pay-cable TV subscribers, 6913
redesign of psychology internships from cost-efficient point of view, 4314
rigidity, social & emotional & financial & health & home areas of adjustment, male college students, 3490
treatment- & cost-effectiveness of adult day care vs nursing home services, day care participants & nursing home residents with mean ages of 75 & 81 yrs, 1760
validity & reliability & utility evaluation framework, design & assessment of instructional simulation games, 4382
Cotherapy
aspects of group co-leadership, 3994
benefits of & psychotherapeutic processes in cotherapy, schizophrenia, outpatients, 1502
cotherapy, group of 20–50 yr old psychosomatic patients, 6186
group psychotherapy with bilingual leaders, impulsively sexual & aggressive & clinically depressed 14–17 yr old female Hispanics, 3979
interdisciplinary play cotherapy, children, 12862
multiple family group therapy with cotherapists & use of young children's drawings, families with 8–15 yr old patients, 6197
perception of cotherapy role in home-based behavioral treatment, parents of autistic children, 8410
playroom family therapy involving families with young children & 2 therapists, 10880
role of cotherapists & object relations approach in group psychotherapy, borderline patients, 6187
use of videotape analysis in mediation cotherapy, institutionalized mentally retarded with problem behavior, 11059

Cows [See Cattle]
Crabs
construction & defense of burrows, sand fiddler crabs, 7332
lateral eye retinal inputs to optic ganglia of brain, horseshoe crabs, 5042
temperature & behavioral context, spatio-temporal stereotyped subcomponents of courtship wave, Uca pugnax vs Uca minax, 367
Cramps (Muscle) [See Muscular Disorders]
Cranial Nerves [See Also Acoustic Nerve, Facial Nerve, Olfactory Nerve, Optic Nerve, Trigeminal Nerve, Vagus Nerve]
evoked potential study of medial lemniscus as rostral projection path for hypoglossal afferent information, role in tongue sensorimotor function, rhesus monkeys, 7403
Craving [See Appetite]
Crayfish
inertial loading & de-efferentation of receptor muscle & passive & spontaneous flexions of merus-carpus joint, trajectory analysis of myochordotonal organ, crayfish, 5085
Creative Writing [See Literature]
Creativity
adjective sorting task, subjective judgment of creativity, college students, 12730
age & predictive validity of creativity tests, measurement of creativity, 20–38 vs 60–83 yr old females, 841
aging advocacy movement, provision of creative opportunity, aged, US, 759
aging, mnesic function & creativity, 50–65 vs over 65 yr olds, 12380
artistic initiatives & their selection in creative act, children, implications for developmental function of drawing, 10175
attitudes toward dreams & creativity, male vs female high school students, 10092
auditory & visual imaging ability, aesthetic preferences for grammatical figures & patterns of musical notes, college students, implications for creativity, 11881
authoritarianism/creativity level & sexual fantasies, sexual behavior, college students, 10361
autonomy in parent- & teacher-child relationships, creativity, children, literature review, 5331
brainstorming, creative problem solving, college students, 5585

causes of failure of organizational innovations, 11473
cognitive development, creativity, 6–14 yr olds, 12445
competition for prizes, artistic creativity, 7–11 yr old females, 12453
competition, ideational creativity, 10417
computerized games & toys, creativity & social interaction, children, 5335
creative problem solving approach to administrative problems, school administrators, 11168
creative teaching in science, creative thinking, 14–16 yr olds, 1973
creativity & extraversion & vocational interests, male vs female 12th graders, 5412
creativity & innovativeness in problem solving task, 30–47 yr old scientists, India, 3460
creativity & preoccupation with murder & primal scene, interpretation of mysteries by A. Sandemose, 10074
creativity & socioeconomic status, leadership, kindergartners, 10095
creativity as journey, 10468
creativity in dance & personal attributes of creativity, female graduate & undergraduate students, 7165
creativity workshop attendance, perceptual rigidity & creativity, elementary education majors, 4347
development, giftedness & creativity, literature review, 7611
development of types of reflection, creative problem solving, 7691
developmental framework, research on giftedness & creativity, children, literature review, 7608
discriptive psychology & creation & discovery, 9245
efficacy of creativity development program, students, 1985
emergence of creative process during psychoanalysis, male in early 40's with narcissistic personality disorder, 8344
emergence of creative process during psychoanalysis, narcissistic personality disorder, comment on article by B. Rubenstein & M. Levitt, 8346
enhancement of creativity in psychology instruction, college students in personality theory class, 6668
experimental approach to study of creativity, 5655
fluency & flexibility & originality & total creativity, 1st- vs last-born 13–16 yr olds, 7614
Freudian vs other psychoanalytic analyses of art & creative genius, literature review, 11550
home vs school, general mental vs creative thinking abilities, students from enriched vs disadvantaged home environments, 2000
innovativeness & age & education & occupational experience & hierarchical level, 30–47 yr old male agricultural research scientists, 13783
innovativeness & cognitive complexity, college students, 7941
life experiences, nurturance of creativity, 65–98 yr old Black musicians, 10112
mass media, creative expression, children, educational implications, 10117
model, development of imagining & creativity, 5309
model integrating response & process theories of anxiety, creativity & "racket" systems, 3457
organizational climate & employee creativity, 13808
parental education & occupation, creativity, 8th graders, 10238
personality correlates of creativity & implications for research aspirations, medical students, Yugoslavia, 13489
personality traits & academic achievement, creativity, college architecture students, 8892
positive & negative uses of technology, creativity & personal interactions, children, 5462
problem finding as creative act, 9587
projective personality tests & questionnaires, definition of creative potential, 11–12 yr olds, 4740
responsibility & creativity in work environment, 11507
role of painting in cognitive development, children, 10136
stimulus deprivation & creative intra-brain communications, 9580
suggestions for creative teaching & cultivation of creativity, classroom teachers, 11245
theory of creativity from Science of Creative Intelligence used in Transcendental Meditation, 4957
unusual responses to Kent-Rosanoff Word Association Test & Torrance Tests of Creative Thinking & correlation with psychoticism & frustrative tension & neuroticism, male college students, 1084
work of C. Bronte during childhood, insight into function of creativity in psychic evolution of artist, 723
working alone vs in group with vs without theme, self perceived creativity, art students, 4361

Creativity Measurement
age & predictive validity of creativity tests, measurement of creativity, 20–38 vs 60–83 yr old females, 841
convergent & divergent thinking & intelligence, assessment of scientific creative abilities, adults, 174
factor analysis, assessment of overlap between projective & psychometric measures of creativity & fluid & crystallized intelligence, 18–26 yr old males, 149
interrater reliability on Torrance Tests of Creative Thinking, gifted vs nongifted 2nd–5th graders, implications for use in placement, 11413
measures of creativity, literature review, 152
reliability & validity of Group Inventory for Finding Interests I & II, identification of creative potential, 6th & 9th graders, 6805
validity of Jamaican version of Mednick Remote Associates Test, assessment of creativity, 16–17 yr olds, 7059
validity of Sound & Images test & criterion-referenced indicators, long-range prediction of creativity achievement, 3rd–6th graders, 19-yr followup study, 4797

Credibility
commitment & conformity pressure & source credibility, reliability of eyewitness testimony, college students, 10425
expertise of postperformance verbal feedback source & positive vs neutral feedback valence, intrinsic motivation, college students, 9678
recipient anxiety & communicator reference group & message level of anxiety-arousal & technical vs colloquial language, perception of communicator credibility, 5564

Crib Death [See Sudden Infant Death]

Crime [See Also Homicide, Infanticide, Rape, Sex Offenses, Shoplifting, Theft, Vandalism]
aggressive & criminal behavior & hemispheric specialization, epileptics, literature review, 3793
antiprotectionist view of criminal justice, 8691
attitudes & attitude change toward seriousness of white collar crime, town residents with mean age of 42 yrs, 1253
biological and medical factors in genesis of criminal behavior, literature review, 1245
client characteristics of criminal & legal history, outcomes in methadone maintenance vs therapeutic community vs outpatient drug-free programs, opioid addicts with mean age of 26 yrs, 6511
CNS/cognitive dysfunction & other factors influencing development of criminal behavior, disruptions in socialization & subsequent aggressive behavior, offenders, 8078
concept of just deserts as basis for criminal sentencing, white collar criminals, 5515
crime & drug relationship, 1250
crime & drug use, literature review, 1272
crime as failure to internalize institutional structure, 1283
crime-related perceptions of neighborhood & city, adults, Canada, 3704
criminal activity, Black female heroin users, 1264
delinquency & combative gang membership, fear of crime & victimization experiences, Black & White 14 yr old males, 8116
demographic & criminal characteristics & substance abuse, female prisoners, 1299
economic analysis, crime & crime prevention, 3329
economic model of crime causation, former street gang leader, 12973
establishment of psychological scales using psychophysical measurement, perceived seriousness of crime & punishment severity, 18–39 yr olds, 9402
estimated vs actual crime frequencies, derivation of M. Warr's power function from Bayesian odds relations, 7126
evidence of vs theorized rising crime in 19th century, Great Britain & France, 8108
family & twin & karyotype & adoption study designs, research on genetics & criminality, literature review, 1257
fear of crime & bystander surveillance & crime rate, literature review, 8087
genetics & environmental influences & alcoholism & low social status & unstable preadoptive placement, predisposition to petty criminality, 23–43 yr old male adoptees, Sweden, 5814
genetics & institutional care & urban rearing & social status & sex, predisposition to petty criminality, adoptees, Sweden, 5853
implementation & evaluation of crime prevention through mass media programs, 4242
incidence of violence, hospitalized forensic patients with mean age of 32 yrs, 8650
justice & community-based approaches, crime & delinquency prevention, 8682

justification of criminal justice policy, US & Canada, criticism of methodology used by D. Lipton et al & R. Martinson, 3328
learning disabilities & criminality, literature review, 3510
lifetime criminality & impact of arrest & incarceration, heroin addicts, US, 1244
Markov model for determining offense specialization & probability of offense escalation based on offense histories, juvenile offenders, 1284
model for prediction of incidence of crime among drug abusing treatment population & effect of treatment on criminal activity, 1285
modern penology & its basis in Platonistic penological theory of J. Mill, 4217
neighborhood conditions & psychological factors & life circumstances, crime precautionary behaviors, surveyed female urban residents, 5849
official reports of incidence vs citizen-defined victimization, measurement of crime, 4818
organizational structure of police department, official crime rates, 6872
perceived causes & prescribed punishment for crimes, college students, 10427
perceptions of legal sanctions prior to vs after self reported unlawful behavior, college students, replication of study by L. Saltzman et al, 12945
perceptions of legal sanctions prior to vs after self reported unlawful behavior, college students, implications for deterrence model, 12957
perceptions of statutory maximum prison sentences for high- vs low-potential offenders, adults, 10357
performance of difficult vs easy observational tasks, accuracy of eyewitness identification of criminal, college students, 10424
photographic evidence of violent offenses during psychotic crisis, 40 yr old male, 5699
possible reasons for increase in crime & delinquency, females, US, 3662
production & detection of fraudulent interview data in street studies of crime & drugs, 66
protective sentencing of dangerous offender, England, implications for Maryland's Patuxent Institution, 8671
pseudocyesis & early conduct disorder & hysteria, child kidnapping, 21 yr old female, 5672
public opinion on crime & capital punishment & role of courts, Canada, 7823
rape & murder & subsequent cannibalism & vampirism, 40 yr old male psychotic, 5723
research on crime victims, 12964
response bias seen in self report data, attentuation of relationship between social class & criminal & delinquent behavior, criticism of studies by M. J. Hindelang et al & C. R. Tittle et al, 69
social characteristics of & treatment by criminal justice process, drug vs nondrug offenses in Texas District Courts, 985
social class & validity of self report data on criminality, reply to G. Kleck's hypothesis, 62
social class, criminals, 3715
substance abuse & patterns of crime, females, 1291
tattoos & tattooing, type of crime & psychiatric diagnosis, male prisoners, 1815
type of crime committed, stage of moral reasoning, long term vs young male criminals, 10645
urban structure, types of household victimization, aged, 12949
validity & social policy implications of adherence to assumptions about causes of crime & effectiveness of rehabilitation programs, 1262
validity of data on social class & criminality, reply to criticism of G. Kleck & J. Braithwaite, 92
value systems in criminal justice, US, 8661
victimization experiences & perceptions & fears & actions, 12 yr olds & older & business proprietors in rural environment, 3710
witness of crime & directed-thinking interval vs diversionary task to block rehearsal, short-term hypermnesia, college students, 9634

Crime Victims
characteristics of child abusers & their victims, France, 3653
construction of rape empathy scale, measurement of empathy toward heterosexual rape victim & rapist, college students & jurors, implications for juror selection, 4728
crime victim assistance programs, aged, 8557
delinquency & combative gang membership, fear of crime & victimization experiences, Black & White 14 yr old males, 8116
description of victim who took vs did not take precautions & assault premeditation, attribution of responsibility & blame judgment for rape, female college students, 12687
experiences in brief psychotherapy, rape vs robbery vs assault victims, 8324
family therapy, children of victims of terrorism, 1519
fear reaction 1 yr following assault, female rape victims, 10606
female victim & male offender intoxication, attributions of blame in rape scenarios, male vs female college students, 12689
hypnosis as emergency treatment, 14 yr old female rape victim, 8513
incidence of & reactions to sexual assault, 13–17 yr old females in residential delinquency intervention program, 3673
incidence of alcohol use as determined by blood alcohol levels, homicide victims, 10605
incidence of police as victims & users of deadly force, implications for police training & personnel procedures & policy implementation, 3670
motivation for murder & characteristics of victims & murderers, 14–67 yr old accused murderers, 3702
overidentification vs idealization vs contempt in attitudes toward victims, Jewish social scientists writing about Holocaust, 3293
paradox of low victimization rates & high levels of fear among elderly, crime victims aged 12 yrs & older, 1270
perceptions of 14 vs 23 vs 35 vs 45 yr old female victim of rape vs attempted rape vs mugging vs attempted mugging by acquaintance vs stranger, 16–20 yr olds, 8107
police investigator perceptions of victim credibility & consent & characteristics & offense seriousness, processing of rape/sexual assault cases, patrol officers, 3342
race of victim & presence of nonresponsive bystanders & prejudice, helping behavior, White female college students, 3389
rape circumstances & victim's emotional response, perception of & reactions to & attribution of psychological damage to victim, male vs female college students, counseling implications, 10626
research on crime victims, 12964
sex differences, social perception of rape victims & attitudes about rape, Ss with mean age of 24.4 yrs, US vs West Germany, 3711
sexual assault experiences, sexual satisfaction, female college students, 10634
social & emotional & practical needs, aid programs, victims of crime, 8570
social psychology construct of belief in just world, attitudes toward rape victims, 3500
stressful life events, homicide offenders who killed family member/close friend vs stranger, 8098
vengeance in dealing with offender, implications for victim, 8091
victim & assailant characteristics, robbery-related assaults on police officers, 3685
victim's provocativeness & attractiveness, judgments of hypothetical rape victim's blameworthiness, college students, 7894
vulnerability to murder, elderly, 1269

Criminal Conviction
admissibility of exonerating vs incriminating trial evidence & S authoritarianism, conviction, college student mock jurors, 3351
extent of & public attitudes toward drinking & driving & apprehension/conviction of offenders, California residents 18 yrs of age & over, 1981, 10610

Criminal Law
concept of just deserts as basis for criminal sentencing, white collar criminals, 5515
historical development of homicide law & "heat of passion" legal defense, 5519
mental health law project testimony on insanity defense, 12597
perceptions of legal sanctions prior to vs after self reported unlawful behavior, college students, implications for deterrence model, 12957
perceptions of legal sanctions prior to vs after self reported unlawful behavior, college students, replication of study by L. Saltzman et al, 12945
purpose & limitations of criminal justice system in deterrence by threat of punishment, 5533
role of clinicians & mental health system & insanity defense plea, criminal justice, Missouri, 974
social class, perceptions of criminal injustice, surveyed Blacks vs Whites, US, 12591

Criminals [See Also Female Criminals, Male Criminals]
actual vs reported recidivism rate, 16–57 yr old child molesters & rapists, 3672
alcohol & drug use & suicide attempts & situational strain, killers vs nonviolent offenders, 12934

attitudes toward hiring ex-offender vs ex-mental patient vs obese person, college students, 11451
characteristics of child abusers & their victims, France, 3653
CNS/cognitive dysfunction & other factors influencing development of criminal behavior, disruptions in socialization & subsequent aggressive behavior, offenders, 8078
construction of rape empathy scale, measurement of empathy toward heterosexual rape victim & rapist, college students & jurors, implications for juror selection, 4728
contextual factors, severity of violent disputes, former mental health patients & ex-offenders, 8119
education aimed at cognitive & moral & sociopolitical development, rehabilitation, criminals, Canada, 13432
evaluation of criteria for release on recognizance, criminal defendants, 955
group therapy, adjudicated 1st offender adolescent & adult shoplifters, 13433
incidence of police as victims & users of deadly force, implications for police training & personnel procedures & policy implementation, 3670
incidence of violence, hospitalized forensic patients with mean age of 32 yrs, 8650
integrated therapeutic community treatment approach, mentally ill offenders, 4220
lifestyle & theft, commercial thieves involved in burglary & truck hijacking, 12921
medical vs other models in clinical psychology practice, decisions about criminal responsibility, 3350
Modified Desert Model, prediction of recidivism & sentencing, criminals, 973
motivation for murder & characteristics of victims & murderers, 14–67 yr old accused murderers, 3702
personality correlates & extraversion & psychoticism & neuroticism, 20–50 yr old normal & mentally ill criminals, 5684
personality traits & needs, criminals vs noncriminals, 3687
protective sentencing of dangerous offender, England, implications for Maryland's Patuxent Institution, 8671
psychiatric diagnosis & MMPI & 16PF personality profiles & IQ & neurological results, killers vs nonviolent offenders, 12933
psychopathy & aggression & guilt & superego strength & autonomy, criminals, 3675
psychotherapy, schizophrenic offender-patients, 8311
recidivism, inmates released on parole vs conditional release vs by mandatory expiration of sentence, 5-yr followup, 13434
relaxation therapy, somatic symptoms & anxiety, 21–55 yr old murderers, 13228
role in diagnosis & treatment of offenders, forensic psychiatrists in psychoanalysis, 6475
scores on MMPI & Peabody Picture Vocabulary Test & Revised Beta Examination, Black vs White murderers, 4752
severity of sentences, persons convicted of white collar crime, 12599
short term monetary allowance following release, recidivism, ex-convict, reply to criticism by P. H. Rossi et al, 13454
short term monetary allowance following release, recidivism, ex-convicts, comment on experimental methodology, 13453
short term monetary allowance following release, recidivism, ex-convicts, criticism of H. Zeisel's interpretation of experimental results, 13446
social background & prior criminal record & criminal justice processes, defendants, implications for role of latent theory in criminology research, 12594
social class, criminals, 3715
specific vs nonspecific probation, outcome, probationers, implications for judicial system, literature review, 4230
stressful life events, homicide offenders who killed family member/close friend vs stranger, 8098
use of pre-sentence report in criminal adjudication, India, 3344
validity of Behavioral Self Management Ratings during counseling sessions, male probationers with mean age of 21 yrs, implications for prediction of recidivism, 52
validity of Revised Beta Examination, screening of intelligence, 20–42 yr old Black & Hispanic low functioning criminals, 4750
victim & assailant characteristics, robbery-related assaults on police officers, 3685

Criminology
family & twin & karyotype & adoption study designs, research on genetics & criminality, literature review, 1257
social background & prior criminal record & criminal justice processes, defendants, implications for role of latent theory in criminology research, 12594
validity & social policy implications of adherence to assumptions about causes of crime & effectiveness of rehabilitation programs, 1262

Crippled [See Physically Handicapped]

Crises [See Also Family Crises, Identity Crisis, Organizational Crises]
anticipatory guidance, preparation for situational crisis, children, 6411
assessment of urgency of problem, therapists vs scheduled vs walk-in patients at outpatient clinic, 4144
confrontation & coercion & reciprocity in crisis bargaining, comparison of G. H. Snyder & P. Diesing's & R. J. Leng & H. G. Wheeler's studies, 10408
decline in cognitive complexity, prediction of international crises, foreign policy makers, 3340
developmental crisis & adjustment, 33–42 yr old expectant & new fathers, 10335
frequency of stressful life events, coronary heart disease patients, 3764
life change & stress, onset of heart attack, 30–55 yr old myocardial infarction patients, 3849
psychological crisis experienced by G. Mahler, 1910, 10450
social movements of crisis vs affluence, critique of deprivation & resource mobilization theories, 10272
use of supervisee's dreams reported to supervisors as means of dealing with supervisory crisis situations, psychoanalytic trainees, 13518

Crisis (Reactions to) [See Stress Reactions]

Crisis Intervention [See Also Suicide Prevention]
coping & crisis counseling, literature review, 8597
crisis & long term couple therapy, postpartum psychotic decompensations, couples, 3983
crisis intervention model for suicide prevention, 8578
crisis intervention, 25 yr old Black female chronic mental patient, 1701
emergency detoxification, drug addicts, 1836
hypnosis as emergency treatment, 14 yr old female rape victim, 8513
interdisciplinary development & maintenance of situation/transition groups, crisis intervention & coping, general hospital patients & families, 4205
patient history & lack of social support networks & cross cultural differences, characteristics & symptoms of psychiatric emergency patients, US vs UK, 12808
precipitating crises & psychological presuicidal syndrome & suicide, implications for crisis intervention & suicide prevention, literature review, 8580
preplanning of community outreach services to disaster victims, 8567
psychoanalytic approach to crisis intervention, 8565
psychoanalytic approach to crisis intervention, comments on article by R. Glick & A. T. Meyerson, 8582
psychotherapeutic crisis intervention, severe anxiety, 3959
therapists' decisions to use physical restraint, Black vs White psychiatric emergency room patients, 13399
variables predictive of repeated suicide attempts, 10-yr followup, implications for crisis intervention & suicide prevention, 8579

Crisis Intervention Services [See Also Hot Line Services]
brief intervention in model preventive program in battered women's shelter, children living within violent families, 10999
crisis intervention, 25 yr old Black female chronic mental patient, 1701
domiciliary management with support networks & community involvement of staff, 65–75 yr olds referred to community psychogeriatric service, 2-yr followup, 11014
emergency & social support & health services provided by local churches, elderly, 5494
evolution & operation of drug & general crisis center, Canada, 13458
family walk-in center, intervention including group work & casework & education, parents who abuse or fear abusing their child, 1720
history & clientele, crisis centers, US & Canada, 13360
planning model for disaster intervention services, 6376
Suspected Child Abuse & Neglect Program, intervention for at-risk families & changing of community attitudes, 1751

Criterion Referenced Tests
closed sequential procedure, true score estimation for answer-until-correct test, 13743
criterion referenced answer-until-correct procedure, determination of multiple choice test length, 4524
criterion referenced testing, mathematics achievement, 9th & 10th graders, 8896
essay performance test as criterion, differential validity of college entrance scores, males vs females of 4 ethnic groups, 4473

evaluation methodology for identification & placement, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 8972
generalizability theory, construction & analysis of criterion referenced tests consisting of randomly parallel items, 2410
norm vs criterion referenced & individually vs group administered reading tests, analysis based on reading model, 2118
reliability & validity, curriculum based informal reading inventories, 1st–6th graders, 6808
standard-setting in competency testing, comments on G. L. Rowley's paper, 8992
standard-setting in competency testing, reply to S. A. Livingston's comments on contrasting groups method, 9010
validity & reliability & standardization, criterion-referenced tests used by school psychologists, 8971
validity of Sound & Images test & criterion-referenced indicators, long-range prediction of creativity achievement, 3rd–6th graders, 19-yr followup study, 4797

Critical Flicker Fusion Threshold

alcohol consumption &/vs cigarette smoking, critical flicker frequency, 18–29 yr old male college students, 12303
critical flicker frequencies, male vs female 16–54 yr olds, 2560
electrical sensitivity of eye & critical flash fusion frequency of electrical phosphene, humans, implications for neural mechanisms of temporal discrimination, 485
image viewed normally vs stabilized through bleaching window, sensitivity to low frequency flicker, experienced Os, 2569
luminance, critical flicker fusion frequency, monocularly deprived cats, 12164
manipulation of light pulse rate presented to 1 eye, interocular transfer of critical flicker fusion threshold, college students, 9540
peripheral critical flicker fusion method, measurement of right vs left hemispheric activity following exercise, 19–24 yr olds, 2798
stimulus characteristics & physiological & psychological conditions & test procedures, critical flicker fusion frequency, literature review, 4858

Cross Cultural Differences

affective-cognitive components of identity, 12–16 yr olds, Spain vs France, 5451
age & education & seniority, perceptions of environmental issues, managers, South Africa vs Nigeria, 13794
anthropological medical view of assumptions underlying expression "non-western medical systems", literature review, 13343
attitudes toward aged, adolescents, Senegal vs US, 10266
birthplace & ethnicity & exposure to US culture, talking about sex & pregnancy & birth control & use of birth control, pregnant Mexican American vs non-Mexican adolescents, 5438
bureaucratic orientation, job satisfaction & involvement, engineering teachers in higher institutions, India vs Great Britain, 13575
characteristics of attempted & completed suicides, adolescents, West Germany vs Japan, 10625
concurrent validity of Dutch version of Jenkins Activity Survey, assessment of Type A coronary prone behavior, males in health intervention program, Netherlands, 2416
cross cultural & evolutionary & social & legal aspects, sexual jealousy, human males, 988
cross cultural alcohol control policies, 5516
cross cultural aspects of client-therapist & family communication, Western vs Chinese vs Vietnamese vs Thai families, conference paper, 10295
cross cultural differences, equitable salary increase judgments, 25–50 yr old managers & social scientists & students, 9082
cross cultural differences, psychopathology & somatization & phenomenology of depression, Colombia vs US, 10523
cross cultural differences, reaction to litter on private vs public territory, town residents, Greece vs US, 4604
cross cultural research methodology, application to parapsychology, 11536
cross cultural validity of diagnostic concept of manic depressive psychosis, 10566
cross-cultural vs racial factors in counseling, literature review, 8605
cultural differences between therapist & patient, transference & countertransference & outcomes in psychoanalysis, literature review, implications for training, 8354
cultural differences, graphic representation of models, 4–6 yr olds, Taiwan vs US, 10148
cultural differences, moderation in overt reactions to helpful vs unhelpful target person, male college students, Hong Kong vs US, implications for pan-cultural model of equity in social exchange, 1040
cultural differences, paternity & tendency toward inheritance of wealth by sister's son &/or brother, reply to criticism of J. P. Gray & L. D. Wolfe, 3280
cultural differences, paternity & tendency toward inheritance of wealth by sister's son &/or brother, criticism of J. Hartung's article, 3278
culture & sociocultural factors, psychosomatic illness & blood pressure & psychological stress, Micronesia & Polynesia & East Africa, 13057
definition of cross cultural psychology & applications to perception studies, 5485
desirable qualifications, cross cultural researchers, 4266
development of masculinity, males, Stone Age New Guinea vs modern Western society, 889
differences between American & Israeli kibbutz units of Network of Psychiatric Services for Adolescents, therapeutic community & milieu therapy, emotionally disturbed adolescents, Israel, 4155
dogmatic & authoritarian attitudes, 15–17 yr olds, US vs West Germany, 1945 vs 1960's vs 1981, 12494
economic class & perceived parental practices, prosocial development & cooperation & competition & individualism, Anglo vs Mexican American 4th–6th graders, 3219
epidemiology of & reasons for suicide, children & adolescents, Japan vs West Germany, 8103
epidemiology of behavior problems, preschool age children, Britain vs US, 3665
ethnicity/race & social class, sex roles, female White vs Black vs Mexican American college students, 3356
factor structure, self concept, Jewish vs Arab adolescents, Israel, 10236
family environment & age, locus of control, 12 vs 18 yr olds, US vs West Germany, 10248
full- vs part-time employment, satisfaction & role ambiguity & role conflict, workers in US Midwest vs East vs Pacific Coast vs Southwest vs South vs Puerto Rico, 2236
group member's level of contribution toward group project & Ss' ethnicity, perceptions of & behavioral intentions toward member, male college students, US vs Hong Kong, 907
illness behavior in late whiplash syndrome, 16–60 yr old motor vehicle accident victims, Australia vs Singapore, 5925
incorporation of cross cultural experiential learning into training, teachers, 8823
informal groups in cross cultural counseling, 13206
Japanese vs Western cognitive patterns & hemispheric processing, implications for human resource development, 2601
joint custody of children, parents, Sweden vs US, 948
kinship & family variables & economic & political conditions, cross cultural study of sexual stratification in society, test of R. Collins's theory, 7854
laws concerning visiting rights of parents & grandparents with children, France vs Switzerland, 975
leisure behavior, new towns, US vs UK, 12554
level of country's development, motivation for childbearing, married couples, Indonesia vs Korea vs Philippines vs Thailand vs Singapore vs Taiwan vs Turkey vs West Germany vs US, 933
locus of control & stability & controllability of attributions, college students, US vs Chile, 12704
management level, motivational needs, bank managers, Malaysia vs India, 13795
marital violence & sex of sibling, discussion vs verbal vs physical aggression as resolution of sibling conflict, college students, 10643
moral development, kindergartners through 6th graders, US vs Switzerland, 12403
need for ethical guidelines for cross cultural counseling & therapy, 4302
parental & school use of corporal punishment with children & existing & recommended laws & policies, US vs Sweden, 12532
past vs future event probability assessment task, certainty of responses, college students, England vs Indonesia, 11892
patient history & lack of social support networks & cross cultural differences, characteristics & symptoms of psychiatric emergency patients, US vs UK, 12808
perceived relevance & difficulty of intelligence test items, college & high school students, Australia vs Taiwan, 128
perception of social structure in various countries, 5479
personality structures, male vs female college students, Japan vs Canada, 12740
phonemic vs graphemic vs semantic similarities between pairs of English words & Chinese logographs, lexical coding & recognition, native English- vs Chinese-speaking college students, 9626

Piaget-inspired genetic psychology & culture, literature review, 10108
play behavior, preschool age children, Iran vs Turkey, 12458
practice of psychiatry in different culture with own traditional care, Liberia, 10807
psychoticism & extraversion & neuroticism & blood group antigens, Ss from different countries, 12122
ranking vs rating procedures in Rokeach Value Survey, cross cultural research, 175
reconstruction of organized scene, memory for contextually organized material vs lists of items, American vs Mayan 8–9 yr olds, 3152
relative importance of leadership qualities, US vs Mekranoti-Kayaopo of Brazil, 920
research & theories on quality of life, Poland vs US, 10273
role of emotions & culture-specific interpretations, Morita therapy, Japan, 3914
role of provider vs structure, caretaking functions, fathers, examination of cross cultural studies, 5508
same vs different societies, sharing of cultural elements, nuclear family members, 919
same- vs mixed-sex competitive task & male vs female opponent, competitiveness, female 11–14 yr olds from Afro-American vs Hopi Indian families, 894
sequence analysis, determination of order of success in Piagetian tasks & variation across cultural settings, 6.5–8 yr olds, Java, implications for curriculum development, 774
sex & field dependence, response to cultural vs perceptual cues in Chinese vs Western paintings, Chinese vs Western college students, Hong Kong, 257
sex & school differences, stress ratings of life experiences, 5th & 6th graders, Philippines, comparison to ratings from previous studies from US vs Japan, 5470
sex differences & type of situation & cultural context, self reported anxiety, 15 vs 17 yr olds, 5463
sex differences, health locus of control beliefs, chronic low back pain patients, New Zealand vs US, 13091
sexual standards & guilt & acculturation, male vs female Japanese- vs Caucasian-Americans, 987
social values & childrearing practices, societal complexity, cross cultural sample, 7762
societal role of "super stressful" sports competitions, Mexico vs Alaska, 3291
sociobiologic & psychodynamic perspective, behavior & attitudes toward aged across cultures, literature review, 12549
sociocultural factors, psychiatric care models, developing & developed countries, literature review, 10796
sociopsychological correlates of alcohol use, adolescents, France vs US vs Israel, 12452
spatial ability, 11 yr old rural vs urban English vs Indian immigrants vs children of Indians living in UK vs urban vs rural Indians, India vs UK, 773
television viewing patterns & preferences, 10–12 yr olds, West Germany vs US, 7747
theory of moral development reflecting Oriental & Western cultural values, 12389
tolerance for problem behaviors of mentally retarded patients, staff members from institutions vs group homes, US vs Israel, implications for social validity of treatment, 11061
value orientation, college students, US vs Poland, 12557

Crossed Eyes [See Strabismus]

Crowding

crowding, dendritic spine density in optic tectum, jewel fish, 7404
crowding, stress, literature review, 3403
inappropriate spatial closeness, estimation of objective interpersonal distance, college students, 1013
perceived crowding & density of work place, job satisfaction, clerical personnel, 11495
perceptions of crowding & resource quality evaluations, early vs more recent visitors to Apostle Islands National Lakeshore, 9192
signs, perceived crowding, visitors to lobby of federal prison, 13828
social density & quality of interpersonal relationships, residential crowding stress, college roommates, 9188
social relationships & perceived similarity between occupants & group structure & previous residential experience, effect of household density on psychological & physical well being, residents, 5583
stimulus screening as coping behavior, response to dormitory crowding, college dormitory residents, 10423

Crustacea [See Crabs, Crayfish]

Crying

cry difficulty, physiological & emotional responses to infant cries, nonparents with mean age of 29.8 yrs vs primiparous vs multiparous mothers vs fathers, 2843
in utero drug abuse due to maternal drug addiction, arousal & irritability & muscle tone fluctuations & motor development & sleep & crying patterns, 38–40 wk old infants of 17–29 yr old drug dependent mothers, 12396
psychological & acoustic properties of distress vocalizations, use of contextual cues in judgment of fussy/crying vocalizations of 3–4 mo olds, mothers, 7811
timeout & social reinforcement for behaviors incompatible with crying, excessive crying, 64 yr old male terminal cancer patient, 1575

Cuba

historical & psychocultural & forensic aspects of Afro-Cuban cult Santeria, 5491

Cuban Americans [See Hispanics]

Cues

additional surface-structure markers, comprehension of syntactic distinctions in tense & word order & relativization, 43–85 yr old aphasics, 8231
associative strength of prime, RT in word recognition task, college students, 9632
attention to tone of voice vs words vs visual cues, detection of deceptive vs truthful messages, college students, 3410
auditory discrimination & classification & cues, discrimination learning, male rats, 11975
auditory/verbal cues in intertrial intervals, extinction rate of conditioned eyelid responses, mentally retarded 18–30 yr olds, implications for contextual change hypothesis, 5875
category repetition & cuing, recall of conceptually categorized words, 21–32 yr old males, 7256
category vs neutral prime & age & perceptual vs nonperceptual categories, speed & strategies in processing subordinate-superordinate relationships, educable retarded Ss with mean age of 16.6 yrs vs normal 2nd vs 5th vs 11th graders, 3742
category-label vs list-item vs no prime & task difficulty, anagram problem solving, college students, 7247
communication game precuing, production of view-specific drawings, 5–6 vs 7–8 vs 9–10 yr olds, 10162
completeness of prior information about direction & extent of foot movement, RT, right footed Ss, 9503
consonant/vowel ratio as cue for English voicing of velar & labial stops, voicing judgments in minimal word pairs, 11852
contextual visual vs auditory priming, word association responses, female college students, 2520
cue availability in thematic content, mediation of responses on reasoning tasks, 293
cue structure similarity of learned paired associates, cue discrimination, 11918
cue-based encoding & storage & retrieval strategies, recall, 9676
cues, reproduction of inspired lung volume, lab staff, 12123
design & reliability & validity of videotaped speechreading test, assessment of effective use of linguistic constraints in response to spoken language via visual pathways, college students, 4715
digit uncertainty & response duration & nonconfounding precueing, choice RT, right handed college students, implications for generalized motor programs & feature construction hypothesis, 256
division of attention between visual & auditory cues, RT to light vs tone, college students, 9504
expectation of large vs small reward & electrical amygdala stimulation, retention of delayed spatial matching-to-sample task, male rats, 9960
familiarity vs novelty of room & presence vs absence of auditory cues, spatial updating stategies in location of objects, early vs late blinded vs blindfolded sighted 18–38 yr olds, 3838
frequency separation between alternated monaural pure tones with 1 synchronized with contralateral noise, induction effect & auditory streaming, college students, 2595
general attentional & specific-relevant cue training, Piagetian tasks of number development, kindergartners, 3121
general vs contextually specific retrieval cues, recall, college students vs 66–69 yr olds, 5382
home based behavioral training with vs without feedback with vs without cuing, deviant child behavior, 28–31 yr old parents of 2.1–8.2 yr olds, 6254
immediate vs delayed vs no prompts, learning of easy vs difficult discriminations, severely retarded 11–19 yr olds, 6477

intensive instruction in cue attendance or hypothesis generation, open exploration behavior, 9th graders, 15-mo followup, 6695
introduction of random retrieval cues, retention & recall, college students, 2651
irrelevant auditory directional cues & experimental design, processing facilitation vs interference in visual choice RT task, female college students, 11889
job aids, guidance of job performance, 2161
level of food deprivation, cholecystokinin-octapeptide effects on eating elicited by external vs internal cues, male rats, 7568
monetary incentive & rehearsal & working memory, elaboration of encoding in word list learning, 18–30 yr olds, 11899
movement duration with vs without reference line, displacement thresholds, naive Os, 2565
nonverbal cues, improvement of training behavior, trainers, 9062
nonverbal cues in hypnotic treatment, 8500
odor aversion conditioning compounded with taste cue, overshadowing of aversion conditioning, female rats, 9740
perceiving vs imagining objects or words, cue value of contextual clues of time & location, college students, 9648
picture-cueing teaching method, reading performance, trainable mentally retarded 12–14 yr olds, 11380
position & identity cues & delay interval following cue, strategy construction in identification RT of words "above" & "below" when presented above vs below fixation point, college students, 2611
position of mother, use of mother as cue in spatial location task, 9 mo olds, evidence against egocentric coding, 816
preclusion of foot odors, conditioned maze running responses, male rats, 9778
predictions vs cues, choice RT, female right handed college students, 11862
presence of cues at encoding, usefulness as retrieval cues, college students, testing of encoding specificity hypothesis of D. M. Thomson & E. Tulving, 11913
presence of odor vs taste in environment, toxicosis-based conditioning to environmental cues, male rats, 12003
presence vs absence of distance cues & level of accommodative convergence, distance adaptation & lateral phoria, college students, 11788
presentation rate & delay of redundant stimulus suffix & visual vs auditory probe, sensory recall, college students, 2645
prior knowledge of subject & maplike organizer before vs after reading passage, recall & comprehension of prose passage, college students, 9630
raw score regression weights, measurement of cue importance in decision policies, college students, 2499
reduced task complexity & verbal rule provision, performance of allocentric placement task, 5–6 yr olds, 10190
reference cues, pattern copying, male vs female 7 vs 10 yr olds, 10201
reinstatement of retrieval cues & intertrial interval, resistance to extinction of CRs, rats, 9735
revised mathematical model including priming effects, recognition failure, 304
rhetorical structure of essay, text comprehension, college students, 11264
role saliency cues, comprehension of active vs passive sentences, 3 vs 4 vs 5 vs 7 yr olds, 10144
say-do correspondence training technique, classroom behavior, mentally retarded 9–13 yr olds, 8963
selection of important story idea units & retrieval cues before vs after recall, learning disabled vs normal college students, 3746
selection of relevant cues in volume discrimination, gold hamsters reared in spatially diversified environment vs laboratory cage, 9772
sensory discriminatory processes, pup recognition & retrieval, female mice, 7328
sentence context & cuing during initial presentation & test, recognition of high vs low frequency words, college students, implications for high frequency effect, 7255
septal lesions, effect of external cues on avoidance conditioning, male rats, 12231
shock predictability & naloxone, preference for signaled vs unsignaled tail shock, rats, 5167
signaled shift in sucrose reinforcement amount, negative behavioral contrast, male rats, 9766
signaled shift in water reinforcement amount, behavioral contrast, male rats, 9767
similarity of repetitions & type of intervening material & cue effectiveness, processing of repetitions in verbal learning task & role of forgetting, college students, 4919
slope of regard as visual distance cue, college students, 11831
speech stimuli presented through audition &/vs lipreading &/vs cues, speech reception & production, profoundly hearing impaired 9.2–16.9 yr olds, implications for aural rehabilitation, 8226
stimulus overselectivity & autistic development, autistic children, treatment implications, 12879
susceptibility to nonvisual cues, chevron & tilted grating versions of tilt aftereffects, 19–58 yr olds, 4879
textual cues, lexical decisions in word processing, adults, 283
toeclips, ratings of perceived exertion during oxygen uptake test conducted on bicycle ergometer, trained competitive cyclists vs noncyclists, 2543
type & amount of liquid reinforcement, odor-based double-alternation patterning & contrast effects, male rats, 345
understanding of retrieval cue placement & utilization, 1st vs 2nd vs 6th graders, 7650
unsignaled avoidance training & Pavlovian fear conditioning with tone vs tone/light CS, shuttlebox avoidance responding, male rats, 7316
use of cues in clinical judgments of congenital heart disease, expert vs novice clinicians, 4286
visual & auditory cues, evoked foodcallings, adult domestic chicks, 4990
visual & auditory stimuli correlated vs not correlated with retention intervals, short term memory, pigeons, 12005
visual cliff with shallow vs deep vertical patterns at varying distances from centerboard, avoidance, 1 day old chicks, 2679
visual cues & wind direction, nocturnal migratory orientation, free flying passerine, 7317
visual field & letter position & typeface, manual RT as measure of discrimination between target & nontarget words, college students, 4896
visual stimulus & sucrose solution & tone reinforced food, conditioned discrimination, rats, 11981
warned vs unwarned time-out procedures, noncompliance to commands, 2–6 yr olds, 8429

Cultism

behavioral science perspectives & treatment of problems, religious cults, 3276
charismatic religious sect membership, literature review, 7767
cult membership, family boundaries & systems, literature review, 3261
developmental factors contributing to vulnerability to conversion to Unification Church, adolescents, 3192
distinctions between cults & therapeutic communities, literature review, 3289
dynamics of conversion process, personal experience of former Unification Church member, 3274
effects on families of member's conversion to new religious groups, literature review, 3284
epidemiology & attitudes toward & predisposition toward possession syndrome, India, 7782
group dynamics & motivations, prone groups, literature review, 5864
group dynamics of cult affiliation & recruitment, 5489
historical & psychocultural & forensic aspects of Afro-Cuban cult Santeria, 5491
history & basis for appeal & impact & extrication routes & post-extrication intervention strategies, cults, young people, literature review, 3295
history & social & cultural issues, emergence of cults, alternative religious movements, literature review, 3292
involvement with Unification Church & subsequent deprograming, 19 yr old female & her parents, 3282
recruitment strategies & ideology & movement structure & social forces, Hare Krishna movement, 5493
symbolism of merging & isolation, autistic children, implications for rituals of new religious movements & human potential groups, 8070
types of family responses, involvement of family member with Unification Church, relatives of recruits, 3271

Cultural Assimilation

acculturation & cultural defense mechanisms, Brittany, France, 10289
acculturation for adaptive purposes & cultural ties with home country & values, 16–25 yr old Maghrebians living in France, 3272
acculturative stress, health status & behavioral problems & levels of ethnomedical beliefs, Puerto Ricans in urban US, 7955
birthplace & ethnicity & exposure to US culture, talking about sex & pregnancy & birth control & use of birth control, pregnant Mexican American vs non-Mexican adolescents, 5438
cross cultural problems between refugees & their foster families, 17 yr old Chinese-Vietnamese male, 1721

intermarriage & cultural assimilation, Japanese Americans, literature review, 10342
level of assimilation & sociocultural norms & socioeconomic attributes, decision making & power, Puerto Rican families with generations raised in Puerto Rico vs US, implications for theory of resources in cultural context, 7789
sensitivity to culture & ancestry, 17–30 yr old 1st generation Jewish American children of concentration camp survivors from Eastern Europe, 3281
sexual standards & guilt & acculturation, male vs female Japanese- vs Caucasian-Americans, 987
shame & acculturation, interethnic relations, Indian & Latin town residents, Mexico, 7763
social & cultural characteristics & strategies for alleviation of cultural shock, Arab college students, US, 2013
Cultural Deprivation
training in cognitive uses of language, IQ, culturally deprived 6 yr old male, 6782
Cultural Differences [See Cross Cultural Differences]
Cultural Familial Mental Retardation [See Psychosocial Mental Retardation]
Cultural Test Bias
application of A. R. Jensen's internal criteria, detection of social class bias on Boehm Test of Basic Concepts, kindergartners through 2nd graders, 4517
biased test items & difference in majority & minority group validity coefficients, 136
cultural item bias, verbal subtests of WISC-R, Anglo vs Native American Navajo 4th & 5th graders, 4508
discriminative validity, WISC-R items claimed to be culturally biased in PASE v Hannon, Black vs White 7–9 vs 10–12 vs 13–15 yr olds, 7086
evaluation of Piagetian assessment, implications for ethnic bias & school psychologists, 4478
history of class action litigation on right to appropriate education for handicapped children & cultural bias of intelligence tests, 954
identification of deviant response patterns & comparability of test scores, Ss from differing cultural backgrounds, 11634
inspection time in simple discrimination as culturally & racially fair measure of intelligence, 2466
intelligence test performance, minority children, criticism of V. MacKenzie's study, 11623
intercorrelations of scores on Eysenck Personality Questionnaire, Native American vs White alcoholics completing detoxification treatment, 11658
item bias on WISC-R, White vs Black vs Mexican American vs American Indian 6–15 yr olds, 11682
partial correlation vs item characteristic curve vs item difficulty index, identification of GRE verbal items performing differentially depending on sex & race, Blacks vs Whites, 2112
problems in use of Cleary or regression model, assessment of selector test fairness, 188
scores on MMPI & Peabody Picture Vocabulary Test & Revised Beta Examination, Black vs White murderers, 4752
validity & cultural bias in psychological testing, USSR, 7058
validity & reliability of Scholastic Aptitude Test & relationship of scores to family income, reply to critiques by A. Nairn & Associates & R. Nader, 11412
validity of Estes Reading Attitude Scale, Mexican American vs Anglo 4th–5th graders, 9005
validity of Jamaican version of Mednick Remote Associates Test, assessment of creativity, 16–17 yr olds, 7059
Culturally Disadvantaged [See Cultural Deprivation]
Culture (Anthropological) [See Also Society, Subculture (Anthropological)]
critique of C. Lasch's "Culture of Narcissism", 12369
cultural anthropological qualities, Mediterranean area, literature review, 12543
cultural beliefs & possession by gods & spirits syndrome, 24 yr old male, India, 5709
culture & personality & psychotherapy, literature review, 10853
historical & cultural manifestations of K. Horney's concept of anxiety neurosis, US, 5490
language & conceptual difficulties & cultural differences & reality factors, Xhosa translation of Present State Examination, hospitalized psychiatric patients, South Africa, 4741
Mexican culture curriculum, attitudes toward Mexican Americans, Anglo vs Mexican American 6th graders, 13631
misuse of narcissistic model in C. Lasch's "Culture of Narcissism", reply to C. Clements's criticism, 12376
need for cultural diversity in collegiate curriculum, 13604
oral vs audial vs literary cultures & role of harmony & tone vs arithmetic properties vs visual sensations, 5484
participation in multiculturally oriented training program, employability, teachers, 4339
questionnaire language & level of identification with traditional culture & response anonymity, ethnic affirmation vs cross-cultural accommodation in responses, bilingual Chinese college students, Hong Kong, 908
research methodology in naturalism & culture & linguistics, literature review, 9329
role of culture in micro-organizational behavior, literature review, 4580
role of family, evolutionary stability in transmission of cultural phenomena, college students, 10271
sensitivity to culture & ancestry, 17–30 yr old 1st generation Jewish American children of concentration camp survivors from Eastern Europe, 3281
social values, sport as popular culture, 12530
transcendental interaction model of hallucinogenic mushroom use, ancient Maya, literature review, 10379
Culture Change
impact of European contact, females, Africa, literature review, 12561
methodology, research on changing roles, females, India, 12610
Culture Fair Intelligence Test
Culture Fair Intelligence Test, correlations between scores on Form A vs B vs A & B, disadvantaged 3rd–5th graders, 11664
validity of WISC-R vs Illinois Test of Psycholinguistic Ability subtests vs Culture-Fair Intelligence Test, diagnosis, dyslexic 7–12 yr olds, 2111
Culture Shock
adjustment abroad & reacclimatization upon re-entry & culture shock & psychological stress, young adults traveling abroad, 10463
Curiosity
cognitive factors & emotional trauma in childhood & adolescence & early relationship with parents, religious conversion, 20–40 yr old converts, 3296
curiosity, implications for structure of educational system, 8792
years of formal training & instrumental & vocal performance under enhanced vs reduced anxiety condition, state anxiety & curiosity & anger & performance quality, college students, 3461
Curricular Field Experience
combination of work experience with school study, psychological development & academic achievement, vocational-technical school students, 8874
evaluation of experience-based career education programs, 11231
input into internships & cooperative education, college students, 13609
level of education, school psychology field experience programs, 6620
voluntary community service & career internships & community study/political action & adventure education, psychosocial & intellectual development, adolescents, 11203
Curriculum [See Also Affective Education, Art Education, Career Education, Compensatory Education, Driver Education, Drug Education, Foreign Language Education, Health Education, Language Arts Education, Mathematics Education, Music Education, Phonics, Physical Education, Psychology Education, Reading Education, Science Education, Sex Education, Social Studies Education, Spelling, Vocational Education]
academic vs vocational secondary school curriculum, career patterns, male vs female high school graduates, longitudinal study, 9048
Annehurst Curriculum Classification System, analysis of curriculum material usage, 5th graders, 8839
attitudes on importance of ideas in content of introductory ethnology course, college students, 4357
behavioral science education, change in attitudes toward behavioral science, 26–29 yr old family practice residents, 13555
career education course, needs & satisfaction with career development information & status, high school students, 1976
community based approach to global education, 8889
consultation liaison training, psychiatric residency programs, Canada, 13486
content & conduct of psychology seminar, college students majoring in psychology, 8829
course content & cognitive & affective factors, classroom behaviors, 18–62 yr old continuing education students, Canada, 6737
curriculum evaluation methodology, special education, 11378
curriculum revision & psychiatric training as model for France, teaching biological & child & community psychiatry, United States, 4289

description of Life Skills training, Great Britain, 8832
design & results of Hahnemann Masters of Family Therapy Program, 2-yr full-time graduate training in family therapy, 6543
difficulty of finding adequate care for developmentally delayed children & inadequacy of medical school curricula in fostering such care, 8292
dimensions of global perspective in education, 8825
ethics course, moral reasoning, college students, 13625
evaluation of Memphis model & Learning Accomplishment Profile & HICOMP curriculum, early childhood special education, 11370
general liberal education core program, development of cognitive skills, college freshmen, 6683
graduate course, educational implications of TV viewing, teachers, 6614
guidelines for counselor education, Canada, 1875
health education & drug abuse course, interest in health issues & self confidence of ability to teach health education, preservice teachers, 8816
high school curriculum & vocational training, occupational outcomes, White vs Black males at 25–29 & 29–33 yrs of age, 9050
history in social science curriculum, 4393
horticultural curriculum, special education students, 13683
human life cycle course taught from death backwards to birth, 11197
importance of ethics curriculum for moral education, college students, 13616
importance of history of psychology curriculum in psychology education, 4379
inducement of cognitive conflict in religious education curriculum, religious thinking, 5th & 6th grade Sunday school students, 6622
influence on course content, teachers, 11199
Integrated Preschool Curriculum vs standard curriculum in mainstreamed vs segregated special education classes, social interaction during play, handicapped preschool students, 8950
international studies in school systems, US vs Africa, 8837
issues in interdisciplinary university programs for leadership training in early education & child development, 11164
lesson unit on sources of advertising, hearing impaired & learning disabled 11–14 yr olds, 11373
Likert-scale vs paired-choice format & specificity of survey items, assessment of parental preferences for curriculum components, parents of elementary school students, 8988
meaning of contents of school learning disciplines, psychological process of generalization, 13 yr old females, 8869
Mexican culture curriculum, attitudes toward Mexican Americans, Anglo vs Mexican American 6th graders, 13631
middle class interests, organization of curricula, 8850
minority curriculum & training, clinical psychology programs, 6520
model for curriculum of group counseling education, counselor trainees, 13538
need for clinical skills training in undergraduate psychiatry curriculum, 6538
need for cultural diversity in collegiate curriculum, 13604
need for enrichment curriculum, gifted students, 6766
organizational & curricular issues, special units in secondary schools, handicapped students, 11306
participation in drafting vs geometry course, improvement in basic mathematical skills, 15–16 yr old high school students, 13615
possible attainment of global perspective for education, 8847
practices in psychometric training, New Zealand, 1966
practicum course sequence for training in applied/evaluative research, research psychology graduate students, 4298
preschool playground foundation course length, attitude change, part-time adult students, 6628
problems in pre-college psychology courses, 13592
proposal for undergraduate course in psychology of individuality, 1969
psychiatric administration course, residency training program, 6581
psychology in undergraduate medical curriculum, 8741
Psychosocial Aspects of Deafness course as counseling tool, hearing impaired college students, 2069
reliability & validity of semantic differential-type attitude scale, measurement of attitudes toward school subjects, 5th vs 8th vs 11th graders, 2104
role of school in sex role stereotyping, 8790
role playing vs discussion vs tension reduction program, moral behavior, 2nd graders, 8887
secondary school curriculum, career patterns, comments on article by E. L. Herr et al, 9056
secondary school curriculum, career patterns, reply to critique by D. E. Super, 9047
self stroking classroom exercises, development of healthy self concept, students, 8835
sex & academic subject preference, between-S differences in performance, students, 13658
social skills training, interpersonal problem solving, learning disabled children, 4451
special preparation, Graduate Record Examination analytical scores, college students, 11243
status of & attitudes toward hypnosis training, clinical/counseling doctoral programs, 8768
subject area, relationship between anxiety & intrinsic motivation, 4th vs 7th graders, 6731
track placements & coursework & performance, high school students, 13588
values clarification, teaching-learning process as related to "hidden" curriculum, implications for school counselors, 11159
verbal skills curriculum, listening & speaking skills, US Navy recruits with deficiencies in English, 9074
youth participation & school curriculum, 11246

Curriculum Development

affective & psychomotor & cognitive components, curriculum development, handicapped 0–8 yr olds, 11316
child-centered geometry program based on cognitive & mathematical & instructional structures & concept formation, elementary school students, 6692
cognitive curriculum, early childhood special education, 11379
curriculum development, early childhood education, 11324
curriculum development, visually & hearing & physically impaired preschoolers, 11320
development & organization of feminism therapy seminar, 8765
development & teaching strategies & evaluation, course in family life cycle within primary care clerkship curriculum, medical clerks, 13488
development of early childhood curriculum, handicapped, 11347
development of social communication curriculum, autistic children, 6797
educational interventions to prevent smoking, young adolescents, 6638
educational needs, Black college students, 13648
elimination of boredom through instructional design, 8854
ethnographic data collection methods, curriculum & educational program evaluation, literature review, 8991
human development curriculum, community college, 4373
individual assessment, curriculum development in early childhood special education, 11315
instructional design & development & effects of computer technology in psychology education, interview with R. M. Gagne, 1959
need for colleges to accept & prepare for nontraditional students, 6685
optimum learning environment for 2 yr olds, 1975
performance feedback intervention, curriculum planning & recording of instructional information, 2nd–5th grade teachers of mainstreamed handicapped students, 8813
personnel training program planning incorporating attitudes of trainees & management & trainers, 6847
personnel training strategies, enhancement of transfer to work situation, 6846
procedures for testing stage-learning hypothesis, instructional design implications, 767
psychometric vs instructional validation of learning hierarchies in mathematics, 2nd graders, 6634
remedial reading curriculum development, deemphasis of formal language, learning disabled & dyslexic & functionally illiterate students, 4440
role of experiential learning movement, encouragement of colleges to serve nontraditional students, 6688
role of teacher influence in writing curriculum guides, 4375
selection of curricular objectives, handicapped children, 11377
sequence analysis, determination of order of success in Piagetian tasks & variation across cultural settings, 6.5–8 yr olds, Java, implications for curriculum development, 774
steps in design of comprehensive management development curriculum, 11475
teaching strategies, optimum learning of nontraditional students, college teachers, 6662
video game format application to educational software, 4354

Cutaneous Sense [See Also Tactual Perception, Vibrotactile Thresholds]

age & stage of sleep vs wakefulness, lower limb cutaneous polysynaptic reflexes, 3 day olds through 3 yr olds, 5394

contact stimulator, measurement of cutaneous thermal sensitivity, 4665
dorsal horn lamina III–IV projections of hind limb nerves, cats, 5073
electrical medial hypothalamus stimulation, inhibition of dorsal horn neuronal response to noxious skin heating, cats, 7510
stroke, change in frequency of intercourse & leisure activities & motor performance & cutaneous sensitivity, stroke victims, 13084
visual & haptic stimulation with vs without instructions about comparison modality, accuracy of cross-modality matching, college students, implications for role of processing strategies, 11756
visual &/vs haptic perception conditions, haptic encoding processes used in puzzle assembly, right handed college students, 7174

Cybernetics
contributions to psychology & pedagogy & cybernetics by G. Zapan, 4643
integration of cybernetic & social learning & psychodynamic theories, model of family problem maintenance, 2356

Cyclic Adenosine Monophosphate
acute delirium tremens, cyclic adenosine & guanosine monophosphates in cerebrospinal fluid, 20–50 yr old alcoholics, 3720
carbamazepine, cyclic adenosine & guanosine monophosphate in cerebrospinal fluid, patients with affective disorders, 10944
cyclic adenosine monophosphate, elaboration of active avoidance, rats, 5110
light vs dark adaptation & ischemia, cyclic adenosine & guanosine monophosphate in whole eyes, ground squirrels, 12111
mood change & biochemical changes in urinary & plasma cyclic adenosine monophosphate & adenosine triphosphate during pregnancy & following delivery, 15–40 yr old mothers, implications for manic depression, 7451
perfusion with serotonin & pre-incubation with methysergide & cyclic adenosine monophosphate-phosphodiesterase activation, potentiation of fast conducting system response & comparison with electrical & tactual & nociceptive response, leeches, 7482

Cycloheximide
cerebral amino acid alterations following cycloheximide & anisomycin administration, norepinephrine & dopamine & hydroxytryptamine synthesis in synaptosomes, male mice, 12331
icv cycloheximide vs glutamate shortly after birth, long term effects on motor activity induced by apomorphine vs scopolamine, chickens, 2972
icv vs intracisternal cycloheximide, protein synthesis inhibition & amnesia for saccharin aversion memory, rats, 699
neuropeptides & blockators of protein synthesis, chemical sensitivity of visual cortex neurons during food procuring behavior, cats, 12238
protein synthesis inhibitor cycloheximide vs anisomycin, whole brain norepinephrine & dopamine levels & potassium-stimulated norepinephrine release from hypothalamus, mice, 10007

Cyclothymic Personality
sex, age of onset of affective illness measured by initial consultation, bipolar vs cyclothymic vs unipolar patients, 12868

Cynicism
education & internal locus of control & job satisfaction & cynicism, 20–49 yr old police officers, 4590

Cytochrome Oxidase
brain activity of succinate vs lactate dehydrogenase vs peroxidase vs cytochrome oxidase, schizophrenics, 10506
protein content & cytochrome oxidase activity of brown adipose tissue, thermogenic activity suppression, virgin vs lactating vs pregnant mice, 507

Czechoslovakia
attitudes toward alcoholism, psychologists & psychiatrists, Czechoslovakia vs US, 5844
biography of psychologist T. Pardel, Czechoslovakia, 11556
development of psychology, Czechoslovakia, 1976–80, 22
history of psychology up to empirical work of K. F. Hyna, Czechoslovakia, 20
incidence of drug abuse & dependence, nurses, Czechoslovakia, 1855
letter confusions, dyslexic 3rd & 4th graders, Czechoslovakia, replication of S. Tetzchner's Norwegian study, 1328
psychodiagnostics, Czechoslovakia, 13114
psychological services in substitute family care, Czechoslovakia, 1707
rebuilding educational system, Czechoslovakia, 13559

Daily Biological Rhythms (Animal) [See Animal Circadian Rhythms]

Dance
creative dance program, language arts education, hearing impaired children, 2022
creativity in dance & personal attributes of creativity, female graduate & undergraduate students, 7165
sacred dance as expression of truths about person & society & cosmos, Zarma, 12544

Dance Therapy
dance & movement therapy, aged, 3888
dance movement therapy, obesity, 13140
dance therapy & guided imagery, insight into eating behavior, obese Ss, 13139
dance therapy, improved self esteem & physical well-being & communication, geriatric & institutionalized patients, 1460
directed art/movement therapy, mood & social interactions, 16–68 yr old psychiatric patients, 10785

Dark Adaptation
Bezold-Brucke phenomenon during cone plateau period of long-term dark adaptation curve, authors as Ss, 2579
dark adaptation & stimulus intensity, response to illumination in deep mesencephalon, blinded frogs, 2897
dark adaptation paradigm for perceptual defense, reply to A. G. Worthington's criticism, 9251
exposure to darkness & inhibition of decarboxylase with metahydroxybenzylhydrazine, retinal dihydrophenylalanine accumulation, light-adapted rats, 539
flashed backgrounds on preadapted fields, saturation & adaptation of rods, adult Os, 11771
light vs dark adaptation & ischemia, cyclic adenosine & guanosine monophosphate in whole eyes, ground squirrels, 12111

Darwinism
cooperative breeding & its evolutionary significance, woodhoopoes, 392

Data Collection
automatic device for study of maze learning & other higher nervous system activity, mice & rats, 4678
BASIC & machine language microcomputer software package, collection & editing & analysis of observational data based on focal-animal sampling, 9304
BASIC program, digitization & display of cursor movement & computation of 2-dimensional figure parameters, 6974
BASIC programs & Apple microcomputer, data acquisition & experiment control & stimulus presentation, 9341
classification of behavior settings, community residents, 2258
content-determined rule generated pseudonym technique, anonymous collection of correlational alcohol consumption data, 7th–12th graders, longitudinal study, 43
data collection methods, naturalistic observation of behavior, literature review, 11607
design & data collection methods, Study of Dissemination Efforts Supporting School Improvement, 9295
digital filters & methods, analysis of eye movement data, 9275
electro-optical & optical system, time series collection of motility & water intake data, rodents, 11620
ethnographic data collection methods, curriculum & educational program evaluation, literature review, 8991
external & implementation factors, validity of educational field tests, 8968
FORTRAN IV program, interactive entry of factorial data, 9339
implantable multielectrode, recording of evoked potentials, cats, 11588
importance of crime scene data & interviews with sex offenders & role of psychological profiles of suspects & law enforcement, data collection of multiple rape-murders, male criminal, 10637
interactive APL program functions, data analysis & data file preparation, 9276
interactive online procedure for data collection & analysis, cluster analysis, 9362
management of appointment calendars, professional personnel, implications for computerization, 9090
mathematical & statistical & experimental design issues, computerized EEG data acquisition & analysis, 9252
methodological aspects of routinization project, 9364
methodological discussion, Study of Parental Involvement in Federal Education Programs, 9351
methodological issues, Rural Experimental Schools Study, 9292
methodology, collection of routine statistics from mental & other health services, 38
methodology, research on changing roles, females, India, 12610
methods of data recording & analysis during interviews, drug & alcohol abusers, 5-yr followup, 13460
microteaching & computer assisted instruction & practice, data collection skills, psychology students, 4389
mini-cross-site analysis, comment on journal articles, 9319

modular microprocessor-based control & data collecting device for perception & cognition experiments, 67
multisite/multimethod approaches to data collection & analysis, 9309
neuroleptic drug therapy, dyskinesia, children & adolescents & developmentally handicapped adults, information on centralized data system to collect & expand research, 1620
production & detection of fraudulent interview data in street studies of crime & drugs, 66
program interrupt routine for 6502 microprocessor during PASCAL 1.1 operation, 9296
public opinion polls & presidential policy making, 10354
reliability & validity & usefulness, data collected using R. Culatta & H. Seltzer's Content & Sequence Analysis of Supervisory Session, students & supervising speech/language pathologists, 1854
Setting & Behavior Instrument, observation of physical & intellectual & social features of work/study setting, students, 13721
social desirability of positive response to question, proportion of "yes" responses obtained using randomized response technique vs self administered direct questioning, college students, 9408
sociocultural problems, conduct of psychiatric field surveys, Iran, 1140
standardization of psychodiagnostic information, reliability & ease of communication & statistical manipulation, 1136
systems approach to taking family & personal histories, family therapy, critique of articles by F. J. Duhl & R. R. Resnikoff, 10869
telephone vs face to face interviews, elicitation of information from disabled persons, 10714
type of question, agreement on symptom reporting in psychodiagnostic interview, 6–16 yr olds & their mothers, 3582

Data Processing
COBOL program system, geographic coding of addresses in US Census Bureau file, 9286

Dating (Social) [See Social Dating]

Daughters
characteristics of biologic & adoptive parents & preplacement experiences, alcoholism susceptibility, 23–43 yr old adopted daughters, summary of authors' 1981 article, 5811
correlation of measures of personality & cognitive ability, parents & sons & daughters, 2753
father behavior, daughter's femininity, literature review, 12487
father involvement in communication of sexual attitudes & values & information, parents & 9th–12th grade daughters, 5428
father-daughter relationships, 5499
model of sexual needs motivation for sexual abuse of daughters, fathers, literature review, 12917

Day Care (Child) [See Child Day Care]

Day Care Centers
activities & management of day care & recreation center for 7 mo to 12 yr olds, Sweden, 7786
attendance at nonsexist vs traditional day care center, sex role behavior, 4–6.5 yr olds, 5415
attitudes toward family involvement in day care services for aged, day care center administrators, 4119
availability & organization of day care facilities for psychogeriatric patients, Netherlands, 6377
characteristics of day care centers, quality of social environment & social & cognitive development, preschool age children, 7820
day clinic, alcohol rehabilitation, alcoholics, 6504
day nursery attendance, socialization & separation reactions, children under 4 yrs of age, Finland, 5434
day vs residential care units, social behavior, psychiatric patients, England, 8552
drama therapy, 65–90 yr old day care patients with physical disabilities & depression & senility, 1526
feedback system, quality of infant & toddler hygiene & social stimulation, day care staff members, 7803
group treatment, impaired elderly in rehabilitation center, 4157
person- & position-centered speech codes in communication, day care center teaching staff, 11165
prejudgment of day care quality, interrater agreement & predictive validity of items in Parent Guide to Quality Day Care Centers, female college & graduate student Os, replication of authors' previous study, 6944
social roles & behavior, adult day nursery staff, 6537
training program, Portage method of structured early intervention, day nursery staff working with mentally retarded, 4275

Daydreaming
health status & menopause & sexuality & values & menstruation problems & symptoms, daydreaming, 40–60 yr old females, 12392
racial differences, daydreaming, Black vs White 17–34 yr olds, 913
reliability of Daydream Rating Scale & attitudes toward daydreaming measured by Imaginal Process Inventory, college students, 11652
sexual fantasies, psychotherapy clients with vs without sexual distress, support for cognitive-behavioral model, 12816

Deaf
achievement test administration by standard written vs Manually Coded English videotaped vs American Sign Language form, reading test scores, deaf 18–24 yr olds, 2105
adequacy of mental health services, hearing impaired, Canada, 6404
age & sex differences, motor ability, deaf 7–14 yr olds, 8176
Apple microcomputer in learning center, special education, deaf, 13702
aspects of social group work, deaf clients, 4176
attitudes toward hearing impaired & deaf children with vs without hearing aid, elementary school teachers, 4436
characteristics of hereditary progressive neurosensory deafness, children, 10696
community based program, self care & work related skills, multiply handicapped deaf adolescents, 13698
computer administration, Screening Tests of Test of Syntactic Abilities, deaf students, 13727
computer assisted video instruction, special education, deaf students, 13676
consultation at school for deaf, psychiatrists, 13736
deafness, enhanced visual vigilance as measured by movement detection monitoring task, 18–24 yr old deaf vs 18–29 yr old normal Ss, 8184
electrical stimulation of auditory nerve, inferior colliculus evoked potentials, "deafness" mutant mice, 525
genetic counseling in school for deaf, 1.5–21 yr olds, 6829
genetic factors in etiology of deafness, implications for genetic diagnostic & counseling process, literature review, 5932
handedness patterns, deaf high school & college students, 10698
hemispheric specialization for verbal vs spatial task, normal vs prelingually deaf 7th & 8th & 11th graders, 10765
home-based food deprivation & mealtime intervention, oppositional non-eating, severely deaf moderately retarded 13 yr old male, 13253
level of abstract thinking & age, verbal memory ability & accuracy, deaf 4th–5th vs 8th–9th graders, 10689
life career development services, deaf college students, 13719
manually coded English systems, language acquisition, deaf children, 2055
microcomputer system, reading instruction, deaf 2–6 yr olds, 13699
microcomputers in education, critical review of papers presented at 1982 Symposium on Research & Utilization of Educational Media for Teaching Deaf, 13686
microcomputers in secondary special education programs, hard-of-hearing & deaf, 6774
microcomputers, instruction, hearing impaired children, 13707
need for social maturity norms, deaf children, 1358
need for verbal stimulation, ego & cognitive development, 7 & 9 yr old hearing daughters of deaf mute mother, 1359
past & present & future of auditory education, hearing impaired children, 8283
perception of need for new professional subgroup with expertise in technology for deaf education, educators, 1896
peripheral & central handicaps in encoding, blind vs deaf subnormal vs subnormal autistic children & adolescents, implications for learning difficulties, 12793
psychophysiology, assessment of multiple pulse modulated sound, patients with otosclerosis & neurosensory deafness & trauma to temporal region due to tumor removal, 13096
Psychosocial Aspects of Deafness course as counseling tool, hearing impaired college students, 2069
range of computer application in education, deaf, 13704
recognition of fingerspelled words, deaf adults, implications for use of orthographic structure, 10720
rehabilitation considerations, deaf substance abusing clients, literature review, 11101
sign & oral language development of mother vs child, 2 yr old hearing children of deaf parents, 823
sign language & finger spelling ability, 52 yr old deaf female suffering right-hemisphere stroke, 10726
speechreading through Tadoma method, identification of consonants & vowels & sentence comprehension, inexperienced Os in simulation of blindness & deafness, 8684
task analysis, design of computer assisted instruction system for hearing impaired students, 13700
test instructions methods, deaf & hard of hearing children, literature review, 126

training intervention, attempts at communication & interaction with deaf peers, hearing preschoolers in low-key mainstreaming program, 4465
visual-motor coordination & motor development, deaf 6–10 yr olds, 13101
Death and Dying [See Also Euthanasia]
age, incidence of near-death & intense spiritual experiences, 17–85 yr olds, 12
antemortem violence & blood alcohol, postmortem luteinizing hormone blood levels, adult males, 2854
birth dates, high risk of death & mortality rates, males, North America, 7458
blood alcohol concentrations, persons killed or injured in road crashes, 5980
causes & circumstances of deaths, Indians residing in reserves & colonies, Canada, 5978
closeness of familial relationship to deceased, attitudes toward selected funeral practices, bereaved, 1081
concept of brain death, implications for medical & ethical dilemmas, 13337
coping strategies, adjustment to death of child, 21–67 yr old parents, 1-yr longitudinal study, 3323
cultural sources of mourning & death habits, cowboys, South America, 7769
death & dying, annotated bibliography of books & bibliographies & reference works, 12528
death fantasies & mourning, 10443
epidemiology, alcohol consumption & accidental drowning, 15 yr olds & over, 1957–80, 12637
exosomatic experiences in near-death situations, theoretical & philosophical & cultural & biomedical ethical implications, literature review, 11
genetic counseling approach, mourning response, parents experiencing stillbirth, 10974
grief process & interventions, parents of stillborn infants, literature review, 1388
life after death from parapsychological & philosophical & theological perspectives, 11526
mortality & psychopathology rates & bereavement, parents after death of adult child, literature review, 3517
mourning death of elderly parent vs spouse vs child, spouses & parents & adult children of deceased persons, 12715
need for affective interpersonal skill training program & role appropriate law enforcement education, task of notifying next-of-kin of death, police officers, 4547
neuroleptic medication &/or psychosis, sudden death, 18 yr old male, 1607
nontreatment, death, Down's syndrome infant, implications for & discussion of rights of handicapped persons, 1300
nuclear era & threat of nuclear holocaust in writings of R. J. Lifton, traditional modes of symbolic immortality, literature review, 7756
pregnancy outcome & incidence of infant mortality & neurologic disorders, pregnant Ss with seizure disorders, 13059
psychohistorical study of Y. Mishima & guilt & depression & death imagery & suicide, 5835
psychotherapy framework to deal with loss of self cohesion, dying patients, 8348
rationale & content, death oriented workshops, 6208
response to autoerotic asphyxial death, victims' family members & friends, 12902
role of self help groups & social workers, learning of death & mourning & burial of stillborn babies, 23–35 yr old mothers, 6432
social systems analysis, group of family & friends awaiting death of critically ill patient, 1428
traditional vs interactionist views, mind-brain relationship & evidence for survival of mind after death of body, 11533
variety & time course of grief feelings following death of significant other, questionnaire respondents, 7951
work of R. A. Moody on near-death experiences & life after death, 10
Death Anxiety
concurrent validity of original & revised versions of Death Anxiety Scale, college students, 7087
criticism of Death Anxiety Scale as direct measure of death attitudes, 2434
death anxiety & social desirability, 21–59 yr old registered nurses, 1869
death attitudes, aged, literature review, 5466
death fears & age & education & "close to death experiences", attitudes toward euthanasia, 18–69 yr olds, 1079
depression & anxiety, 6–17 yr olds with cancer, 13040
embedded vs separate administration, correlation of Death Anxiety Scale & Taylor Manifest Anxiety Scale scores, college students, 9448
fear of death & depression & narcissism, hero of J. Conrad's "Lord Jim", 10460
intrapsychic disruption & types of anxiety & defensive projective fantasies, 3–6 yr olds with life threatening malignancies, 1400
logotherapy & Zen exercises, death phobia, 37 yr old male, Korea, 6146
personality correlates of death anxiety, 30–45 yr old gamma vs delta alcoholics vs nondrinkers, 12931
religiosity & death anxiety, 20–30 vs 40–60 yr olds, 7916
self actualization, fear of death, 17–82 yr olds, replication of R. A. Neimeyer & K. M. Chapman's study, 1088
test construction, measurement of death anxiety, adults, 9384
Death Attitudes
age & cognitive development, comprehension of death, mentally retarded Ss with mean age of 19.9 yrs, 5867
age & personal history & cultural & economic level, attitudes toward death, 65–95 yr olds living in retirement homes vs alone vs with family members, 5452
attitudes toward suicide & death, suicide rate, 12th graders & parents, Canada, 8076
belief in just world & patient characteristics & attractiveness & amount of pain experienced, feelings & behaviors toward dying & willingness to volunteer to help patients, college students, 8245
clinical experience with dying patients & personality rigidity & selection of clinical career, attitudes toward death & dying, medical students, 8750
criticism of Death Anxiety Scale as direct measure of death attitudes, 2434
cultural sources of mourning & death habits, cowboys, South America, 7769
death attitudes, aged, literature review, 5466
death fears & age & education & "close to death experiences", attitudes toward euthanasia, 18–69 yr olds, 1079
fear of death & personality traits, medical students, 8744
mourning death of elderly parent vs spouse vs child, spouses & parents & adult children of deceased persons, 12715
reasons for fear & avoidance of elderly & chronic & terminal illness & death, physicians, 1867
sociocultural & historical perspective, denial of death, literature review, 12541
standardization & bureaucratization of death, US, 12551
techniques & instruments, assessment of attitudes toward death, aged, literature review, 11635
Death Education
preparation, death education teachers, 1900
rationale & content, death oriented workshops, 6208
Death Penalty [See Capital Punishment]
Death Rate [See Mortality Rate]
Decarboxylase Inhibitors
exposure to darkness & inhibition of decarboxylase with metahydroxybenzylhydrazine, retinal dihydrophenylalanine accumulation, light-adapted rats, 539
Decarboxylases
apomorphine dosage, GABA content & glutamate decarboxylase & GABA-transaminase activity in paleostriatum augmentatum, chicks, 12317
exposure to darkness & inhibition of decarboxylase with metahydroxybenzylhydrazine, retinal dihydrophenylalanine accumulation, light-adapted rats, 539
long term monocular deprivation & short term binocular stimulation, choline acetyltransferase & glutamic acid decarboxylase activity in visual Wulst, pigeons, 9925
plasma glutamate decarboxylase activity, 6–76 yr olds with endogenous psychosis & neurologic disease, 3516
Decentralization
system utility as objective in information flow management, distributed tactical command control system design, 2255
Deception [See Also Cheating, Faking, Malingering]
attention to tone of voice vs words vs visual cues, detection of deceptive vs truthful messages, college students, 3410
developmental perspective on truth/lie dimension of various psychotherapeutic modalities, discussion of article by R. Langs, 8310
empirical value of using physiological recordings from Control Questions Technique for detection of deception in real-life interrogations, 6941
extent of deception in social psychology research & kinds of techniques, 1959–69 vs 1978–79, 11582

face vs tone of voice, communication of deception, college students, 5591
guilty-knowledge card task responses & personality traits, normal vs personality disordered Ss, 3580
interpersonal perspective, psychoanalytic study of patients described as imposters, 1154
labeling & salience, judgments of ethical acceptability of research using human Ss, college students, 8776
lying vs truth telling, spontaneous language behavior, college students, 10060
pathological & fantasy lie, sign & symptom of morbidity & pathology, 1142
perceived deceptiveness of public leaders & mass media & advertising as information sources, adult survey respondents, 6909
personality traits & procedural instructions & countermeasure strategies, electrodermal responses to deception, normal vs personality disordered Ss, 12834
production & detection of fraudulent interview data in street studies of crime & drugs, 66
psychodynamics & cognitive & social & personality processes underlying physiological response & tranquilizers, accuracy of polygraphic detection of deception, 5143
scores on Lie scale & teacher observations on untruthful behavior, nondelinquents & male delinquents with mean ages of 15 & 14 yrs, 5846
truth/lie dimension of various psychotherapeutic modalities, 8326

Decerebration
brain stem transection at pretrigeminal level, development of brain vs caudal brain stem & behavior, kittens, 2916
electrical stimulation of cervical spinal cord lateral funiculus, hindlimb muscle nerve rhythmic activity & resemblance to EMG during walking, spinal chicks, 2781
spinal cord lesions & transections, identification of descending & intraspinal pathways mediating footshock induced analgesia, male rats, 5216
spontaneous vs tracking eye movements vs fixation, visual evoked potentials, cats with brain stem transection at pretrigeminal level, 2906

Decision Making [See Also Choice Behavior, Group Decision Making, Management Decision Making]
application of problem solving & decision making theory to behavior therapy, literature review, 6233
application of threshold utility model to evaluation of student selection procedure, college students, 13568
career decision making behavior, congruence of chosen career with personal values, community college students, 9051
chaining in rational decision making, quality of simulated career decisions, 16–50 yr old community college students, 11402
characteristics of offense & offender, decision to prosecute shoplifting, retail investigators, 7829
competency in health care decision making, 9 vs 14 vs 18 vs 21 yr olds, implications for self determination of treatment, 6102
computer usage and decision making about seeking help, computer users, 9034
computer-aided training, risky decision making, 9063
conceptual model incorporating cognitive complexity & time availability & uncertainty & stress, training in decision making & judgment, aircrew, 4543
conflict in purchasing decision making, industrial automobile fleet purchasers, 2299
construct validity of Career Decision Scale, assessment of educational-vocational indecision, graduate counseling students, 145
content-free computer-based simulations, training & performance on fault diagnosis tasks, engineering & technical trainees, 11457
decision making behavior, aircraft pilots forced to deviate from planned flight course, 4553
decision making course vs communication skills training, generation of alternatives for interpersonal problems, childless couples, 10886
decision making model for pregnancy counseling & counselor role, 13378
decision making model, prediction of choice of car vs train transportation, critique of A. E. Bronner's study, 2513
decision making model, prediction of choice of car vs train transportation, reply to criticism of C. Van Knippenberg-Den Brinker et al, 2490
decision making model, prediction of choice of car vs train transportation, travelers, Netherlands, 2489
decision making patterns, spouses with mean age 28.5 yrs, 10329
decision making process concerning practice selection, resident physicians, 6524
decision making process in evaluation of unescorted temporary absence applications, prison case management officers, Canada, 4240
decision making theory, book, 9603
decision theoretic approach, ranking fuzzy sets, 4820
decomposition of immediate acts when structuring decision problems, literature review, 4894
delayed stress syndrome & significant adult decisions, Vietnam combat veterans, implications for transactional analysis, 3546
development & reliability & validity of Career Decision Making Self Efficacy Scale, assessment of relationship to career indecision, college students, 11692
developmental criteria, children's rights, 5319
disparity between comparison of best & worst outcomes, attribution of choice, college students, 11865
economic resources, conjugal influence in employment decision making, wives with mean age of 30.6 yrs, test of resource vs social exchange theories, 7813
evaluator preconceptions about organizational decision making in social programs, program evaluation, 49
fuzzy sets as representation of valuations of objectives, multiple objective decision making with discrete membership functions, 11711
group in which each member independently decides own action, task accomplishment & decision making & group dynamics, 1005
home purchase decision as "muddling through" process based on conflict-avoiding heuristics, husband-wife dyads, 2296
incorporation of human information-processing behavior component in design of computer based management information systems, literature review, 2245
influences on purchase & use of information for decision tasks, engineering students, 7132
information & cognitive maturity, altruistic decision making & donating behavior, 4.2–5.3 yr olds, 3238
internal model of monitoring behavior in man-machine systems, flight training, pilots, 4542
involvement in post-hospital-care decision making, hospitalized patients with mean age of 74 yrs, 11055
knowledge representation & elicitation & inference & system & expert-machine-user interface factors of expert decision support systems, military situation assessment, 2246
language action analysis of marital decision making, dual career couple, 7802
level of assimilation & sociocultural norms & socioeconomic attributes, decision making & power, Puerto Rican families with generations raised in Puerto Rico vs US, implications for theory of resources in cultural context, 7789
level of understanding of moral thought, moral reasoning & extent of prudential concerns & consistency of decision making, 16–18 yr olds, 3067
methodology, birth planning decision making, reply to critique by J. F. Yates & W. M. Goldstein, 12565
methodology, family planning decision making, critique of procedure developed by L. R. Beach et al, 12585
model of decision under risk based on subjective expected utility & achievement motivation models, 2619
outcome favorability & clarity of decision rule, satisfaction with 3rd party decisions, college students, 5584
parent expectation-threshold model, reproductive decision making, spouses, 3300
participation in child welfare decisions, 9–18 yr olds in group or foster homes or institutions, 6380
perceived task uncertainty & complexity & quality & accessibility of information, use of information sources in decision making, welfare agency employees, 9167
pregnancy decision making & support systems & childbirth education, disabled females, 4115
principles of variable competence & decision making, children, 5316
problem solving & decision making & dialectical contradictions, 11882
problem solving style measured by Myers-Briggs Type Indicator, autocratic vs participative decision making methods, graduate business students, implications for management, 3488
psychiatric vs legal models of decision making, 7832
Puzzle Pieces of Your World counseling aid, decision making in life-career planning, 2135
"Puzzling Your Career" approach to occupational choice, 11436
raw score regression weights, measurement of cue importance in decision policies, college students, 2499

reasons for decision making in selecting behaviors of severely handicapped children for educational intervention, special education teachers vs college students vs clinical psychology graduate students, 11372
reliability & validity of behavioral decision theory approach, assessment of decisions about jobs described in terms of need for affiliation & power & achievement, accountants & military officers & students, 7004
resolution of decisional conflicts & treatment outcome, 17–65 yr old counselees in program using Gestalt 2-chair dialog, 3933
role & treatment & responding types of decisions, counselors, literature review, 8755
selection & evaluation of hospital delivery vs home childbirth, females, Tunisia, 13310
sources of potential harm to information reliability, acceptability & design of decision support systems, 2257
speech characteristics & information processing & decision making & operations during skydiving, humans, 9091
tactical map scenario, data patterns & meaningful informational chunks in battlefield reconstruction & copying task, military officer experts vs college student novices, information system design implications, 2244
theoretical frameworks, effects of task & context variables on decision behavior, literature review, 291
topical & ontological dimensions of locus of irreparable & implications of forewarning irreparable occurrence, individual & collective decision making, 6926
TV viewer appeal & movie attendance patterns & marketing, decision making in film industry, 11523
type & difficulty of task, group vs individual aspirations & decisions & performance, 6 & 9 & 12 & 15 & 18 yr olds, 5414
typicality of stimulus emotion, RT to verify stimulus as emotion, college students, 9590
user- & task-oriented design & development of computer based personal decision aiding system, 2243
utility considerations, decision making, business graduate students, 11877
utility vs value functions, decision making, 11880
values clarification approach, career decision making, college students in career exploration class, 11233
values clarification approach to moral education vs tenets of evangelical Christianity, 7772
Decoding [See Human Information Storage]
Decortication (Brain)
bilateral vs unilateral neocortical ablation, acquisition of schedule-induced polydipsia, female rats, 2909
neonatal decortication with vs without estradiol benzoate & progesterone, sexual behavior, female rats, 12142
reinforcement withdrawal & dextroamphetamine, rate of intracranial electrical self stimulation following unilateral precollicular transection & telencephalon ablation, male rats, 5166
removal of visual cortex & training with classical vs fading procedures, pattern discrimination learning, male rats, 9974
visual decortication, recovery of visual behavior, male rats, support for compensation theory of behavioral deficit, 9976
1- vs 2-quadrant neocortical injuries, retention of discrimination training, male rats, 9967
Deductive Reasoning [See Inductive Deductive Reasoning]
Deer
olfactory recognition, female & calf reindeer, 4992
social rank & mating success & body size & antler size, red deer stags, 9786
Defecation
alpha-melanocyte-stimulating hormone vs melanocyte-stimulating hormone/ACTH, learning & attention & memory & sensitivity & CNS arousal & novelty-induced defecation, humans & animals, literature review, 7540
body rotation induced taste aversion, defecation during rotation as index of motion sickness, male rats, 9900
open field behavior & defecation & role of peripheral noradrenergic system, Maudsley Reactive vs Nonreactive rat strains with agouti vs nonagouti allele, 5010
time interval in FI vs FR vs fixed-time positive reinforcement schedules, adjunctive defecation, rats, 2699
5,7-dihydroxytryptamine, motor activity & aggression & defecation as measure of emotionality, male mice, 5253
Defense Mechanisms [See Also Denial, Fantasy (Defense Mechanism), Identification (Defense Mechanism), Introjection, Projection (Defense Mechanism), Rationalization, Reaction Formation, Regression (Defense Mechanism), Repression (Defense Mechanism), Sublimation]
acculturation & cultural defense mechanisms, Brittany, France, 10289
appearance & treatment of primitive defense mechanisms during group centered nondirective psychotherapy, 13194
assertiveness, preferred defense mechanisms, college students, 10467
cognitive aspects & therapeutic handling of primitive defenses, criticism of article by L. S. Groh, 8006
cognitive aspects of primitive defenses & therapeutic handling, 8018
cognitive irrationality & Principalization defense cluster, 12744
composite measure of Defense Mechanism Inventory, measurement of reaction to frustration, reanalysis of data of S. Juni et al & M. S. Blacha et al, 150
Defense Mechanism Inventory vs Blacky Defense Preference Inventory, college students, 4760
defenses & coping & avoidance of separation, 31 yr old depressive male, 10513
expiation as defense mechanism in psychoanalysis, comment on article by R. Riesenberg Malcolm, 8337
expiation as defense mechanism interfering with psychoanalytic process, 8343
expiation as defense mechanism interfering with psychoanalytic process, comment on article by R. Riesenberg Malcolm, 8320
function of narcissistic libido & relationship to early primitive sexuality, 1181
pathological defenses of avoidance & freezing & fighting due to early experience of danger & deprivation, 3–18 mo olds, 12478
predictive validity of Defence Mechanism Test, personnel screening, Royal Air Force pilot applicants, 2477
psychometric properties of Adjective Check List, scaling of defensive cognitive styles, college students, 4747
recognition of emotional states & defense structures, alexithymia, psychosomatic patients, 13053
sex role orientation & defense mechanisms, female college students, 5625
stress of swimming test, defense mechanisms & anxiety & cortisol & testosterone & catecholamine responses, male US Navy recruits, 2862
stylized image & ideal of femininity as defensive structure or perverse ritual, narcissism & pathology in devaluation & fetishism, 3641
transactionality of defensive functions, 30 yr old male & female in psychoanalysis & 24 yr old female in family therapy, 6155
trauma & defense mechanisms & personality formation in psychosomatic disorders, 13006
validity of Defense Mechanism Inventory, male college students, 11643
Defensive Behavior (Animal) [See Animal Defensive Behavior]
Defensiveness
behavioral responses & defensiveness toward tactile stimulation, developmentally delayed 2–6 yr olds, 7962
cognitive irrationality & Principalization defense cluster, 12744
defensive orientation, prediction of acceptance of fictitious vs veridical feedback, graduate students, 3469
development of male & female defensiveness scales, measurement of defensiveness about one's marital & sexual relationship, spouses, 9410
genuine vs defensive high vs low self esteem & strength of social approval, recognition of pictures of self vs others, 18–19 yr old students, 5472
psychometric properties of Adjective Check List, scaling of defensive cognitive styles, college students, 4747
Deficiency Disorders (Nutritional) [See Nutritional Deficiencies]
Degrees (Educational) [See Educational Degrees]
Dehydrogenases [See Also Lactate Dehydrogenase]
brain activity of succinate vs lactate dehydrogenase vs peroxidase vs cytochrome oxidase, schizophrenics, 10506
recovery from impaired visual function, morphological characteristics & glutamate dehydrogenase activity in motor cortex, rats visually deprived at birth, 12140
sex & race, glucose-6-phosphate dehydrogenase deficiency, unipolar vs bipolar depressed patients vs schizophrenics, 5764
Deinstitutionalization
advantages & difficulties of deinstitutionalization, mental patients, literature review, 1705
age & intelligence & residential setting, problem behavior severity, mentally retarded, 11001

behavioral competencies & admission & discharge criteria of community residential facilities, institutionalized mentally retarded, 1753
behavioral signs associated with subsequent psychiatric rehospitalization, deinstitutionalized 18–72 yr olds with history of chronic mental illness, 13412
community aftercare service delivery system, deinstitutionalized chronic psychiatric patients, 1714
community network therapy, deinstitutionalization & community care, psychiatric patients, 11024
community placement & adaptation to community life, adolescents treated in residential program for mentally disturbed children, 5-yr followup, 10978
community-based employment project, 18–58 yr old psychiatric patients in transition from hospital to community, 11012
consequences of deinstitutionalization, mentally ill, 1718
deinstitutionalization, demand for care from private sector, 10994
deinstitutionalization, psychiatric patients, Colombia, 1727
domiciliary management with support networks & community involvement of staff, 65–75 yr olds referred to community psychogeriatric service, 2-yr followup, 11014
economic factors, mental health policy & deinstitutionalization, reply to criticism by R. Christenfeld, 8556
efficacy of job seeking skills groups, 19–55 yr old psychiatric patients, 11003
establishment of community based group home, 19–34 yr old recently released psychotic patients, Israel, 1712
implementation of normalization principle in human services, literature review, 8571
licensed foster homes & community residential facilities for mentally retarded, US, 10991
methodology, evaluation of deinstitutionalization & other community social programs, 13371
normalization movement, mentally retarded, Norway, 11015
organizational & community responses to deinstitutionalization strategy, juvenile status offenders, 4244
parent or caretaker socioeconomic status & level of education & attitudes, adaptive behavior skills & behavior problems, male vs female deinstitutionalized vs never-institutionalized mentally retarded 10–65 yr olds, 10670
process of psychosocial rehabilitation, former psychiatric patients in Open Door program, 11094
project for promotion of community involvement in deinstitutionalization planning, 4142
psychological burden & coping behavior, families with posthospitalized psychiatric patient at home, 4159
psychosocial intervention of behavioral techniques based on social learning principles vs milieu therapy vs traditional hospital treatment, retraining for community life, institutionalized adult schizophrenics, 8642
rent assistance program, deinstitutionalized mental patients, 6388
running as adjunct to group psychotherapy, 24–50 yr old posthospitalized chronically ill psychiatric patients, 6196
theories & empirical evidence for normalization, future residential models, literature review, 1697
training in community survival skills as part of deinstitutionalization, mentally retarded adults, literature review, 11008
uninstitutionalization & use of community care services, 18–35 yr old chronic psychiatric patients, 1717
Deja Vu [See Consciousness States]
Delay of Gratification
attribution & delay of gratification ability & praise & monetary reward, intrinsic interest, kindergartners & 4th graders, 3059
depression & preference for immediate vs larger delayed monetary reward, adult females, test of L. P. Rehm's theory using real situation, 326
locus of control & achievement motivation, preference for delayed reward, 16–19 yr olds, 891
test anxiety level, future time orientation, 6th graders, 2005
Delayed Auditory Feedback
attempted suicide, sudden onset of stuttering & intervention with delayed auditory feedback, 28 yr old male, 3747
Lombard vs sidetone amplification vs delayed auditory feedback, vocal intensity & syllable rate, college students, 7223
masking noise & delayed auditory feedback & rhythmic pacing & whispering, formant frequencies & transitions of vowels during fluent reading, 17–35 yr old stutterers, 8159
Delayed Development
atypical vs delayed language development, autistic children, 12807
behavioral responses & defensiveness toward tactile stimulation, developmentally delayed 2–6 yr olds, 7962
considering having replacement child after diagnosis of developmental delay in 3.5 yr old, parents, 7972
construction & administration & interpretation of DL 4–5 test, early diagnosis of developmental problems, 4483
development of play behavior & mother-infant interaction, normal vs Down's syndrome & motor impaired & developmentally delayed 3–36 mo olds, 3508
developmental lag in information processing strategies, learning disabilities, 6–9 yr olds, literature review, 1306
difficulty of finding adequate care for developmentally delayed children & inadequacy of medical school curricula in fostering such care, 8292
early identification of auditory imperception & receptive language disorders & language delay, remediation through parents, preschool children, 5917
family pathology & social work treatment, psychosocial dwarfism, 4–8 yr olds, 1423
hyperlexia, mentally retarded & autistic & language disordered 4–17 yr olds, 7956
identification & social work intervention & treatment, psychosocial dwarfism, children, literature review, 1350
in utero alcohol exposure, response inhibition mechanism delays, rats, 5217
intervention with families, children with nonorganic failure to thrive, 1529
issues of sample selection in research, biologically at-risk & developmentally delayed infants, 6975
oriented attention, visual evoked potentials, mentally retarded 13–14 yr olds & 7–9 yr olds with delayed mental development of organic brain genesis, 12983
parent training in language stimulation, parents of developmentally delayed 1–4 yr olds, 10961
parent-child play home intervention programs, imaginative play, developmentally delayed 3–5 yr olds, 3998
perceptual motor abilities, reading impaired 7.5–9 yr olds with vs without oral language deficits, 3745
questionnaire, early identification of language delays, children prone to otitis media, 135
Revised Denver Developmental Screening Test & Developmental Profile II, identification of cognitive & language & motor problems, 6–18 mo olds, 9401
speech & language therapy followed by melodic intonation therapy, facilitation of speech & language encoding & expressive language, language delayed apraxic male children, 1666
symptoms, spinal arteriovenous malformations, 19 mo old female, 3766
temperament ratings during classroom vs mother vs teacher interactions, developmentally delayed vs Down's syndrome vs cerebral palsied vs audiovisually handicapped 7–35 mo olds, 7957
use of cradleboard & other factors, delayed onset of walking, Hopi infants, implications for results of W. Dennis's 1940 study, 7613
use of educational taxonomies to establish task grid, development of sequential learning opportunities & activities & treatment planning, children with developmental delays, 2110
validity & reliability & sensitivity & acceptability of Denver Developmental Screening Test, screening for developmental delays, infants & children, 9399
validity of DL 4–5 test, assessment of writing & orientation & memory & rhythm difficulties, kindergartners, 4509
verbal deficits & sentence verification performance & delays in physical growth, children with mean age of 8.5 yrs & supernumerary X chromosome, 1408
Delayed Feedback [See Also Delayed Auditory Feedback]
delayed auditory feedback, speech fluency, 18–25 yr olds, implications for etiology of stuttering, 1343
immediate vs delayed feedback & academic self concept, arithmetic achievement, 4th graders, 8894
Delayed Reinforcement [See Reinforcement Schedules]
Delinquency (Juvenile) [See Juvenile Delinquency]
Delirium
anticholinergic drugs, delirium induced by poisoning, 42 & 58 yr old males, 1597
differential diagnosis, depression vs delirium & dementia, aged, 12790
intermittent delirious mania, hypomanic 41 yr old male, 1220
prevalence & reliability & discriminative power of fatigue, psychiatric vs oncological patients, 3594
reliability of Mini-Mental State Examination, screening test for dementia & delirium, hospital patients, 121

Delirium Tremens
acute delirium tremens, cyclic adenosine & guanosine monophosphates in cerebrospinal fluid, 20–50 yr old alcoholics, 3720
cognitive abilities & emotional & motivational variables following inpatient treatment for delirium tremens, 23–71 yr old alcoholics, 1293
Delta Rhythm
structural pathological correlates of frontally predominant intermittent rhythmic delta activity, Ss with EEG abnormalities, 8189
Delusions
affective illness & schizophrenia & delusions, hospitalized aged, 7986
delusional knowledge & power, schizophrenic 19 yr old female, 8015
delusions of infidelity in psychotic jealousy, psychiatric patients, 8022
delusions of persecution & innocence, 45 yr old male, 5763
delusions, outcome of primary unipolar depression, 40-yr followup, 3886
ECT vs tricyclic antidepressant-antipsychotic combination therapy, psychotic major depressive disorder, 8291
EEG abnormalities, 17–64 yr old patients with delusional misidentification syndromes, 5712
incidence & sex & clinical symptoms & associated sensory disabilities & drug therapy, late paraphrenia, patients aged 60 yrs & over, 6319
olfactory reference syndrome, 28 yr old female, 8000
psychiatric evaluation & delusions of persecution & power, sodomy & murder in life of criminal E. Wagner, 3649
sex & age & educational level, delusions diagnosed by New Haven Schizophrenic Index & modified Present State Examination, 15–65 yr old patients, Kenya, 12855
symptoms & characteristics, monosymptomatic hypochondriacal psychosis, 5761
traumatic traffic accident, reduplicative paramnesia including Capgras symptoms & role of hippocampal & temporo-parieto-occipital damage, 23 yr old male, 6031
treatment aimed at prevention of hospitalization, patients with delusions, 8297
Dementia (Presenile) [See Presenile Dementia]
Dementia (Senile) [See Senile Dementia]
Dementia Paralytica [See General Paresis]
Dementia Praecox [See Schizophrenia]
Democratic Party [See Political Parties]
Demographic Characteristics
ability & training performance & demographic factors, voluntary turnover, psychiatric aides in state hospital, 13494
age & sex & marital & educational status & diagnosis, 1st referral to psychiatric hospital, psychiatric patients, Nigeria, 4195
age & sex & race & other demographic characteristics, preference for social interaction with others of same vs all different ages, Ss 18 yrs old & older, 10392
analysis of mate pool availability, evaluation of potential endogamy, settlement populations of Semai Senoi, Malaysia, 10316
assessment of Type A behavior & demographic factors & implications for prevention of heart disease, 40–59 yr old male factory workers, Belgium, 2448
attitudes & knowledge & demographic factors, routine neonatal circumcision, physicians & parents of male infants, 4136
attitudes & personal characteristics & job tenure, absenteeism, waste collection workers with mean age of 41.8 yrs, 2234
background & socioeconomic & demographic variables, fertility, 9–49 yr old females, Bangladesh, 10305
background characteristics & speech articulation & language & motor development & intelligence & behavior problems, 5 yr olds with bilateral otitis media with effusion, 1422
biological & psychosocial & demographic perinatal factors, prediction of adequacy of home environment, families 3 yrs after hospital discharge of neonates with medical problems, 939
building & resident variables, satisfaction with urban highrise living, residents, 2269
characteristics of prominent family therapists, 8783
child demographics & parental loss & deprivation factors & adult sociodemographic factors & social class & employment status & religious participation, mental disorders, 18–64 yr olds, 1223
COBOL program system, geographic coding of addresses in US Census Bureau file, 9286
comparative vs isolated judgmental context & demographic characteristics, attitudes toward elderly, 18–58 yr olds, 1049
degree of urgency & demographic characteristics, nonurgent vs psychiatric patients in emergency room, 1678
demographic & background characteristics & motivation & prognosis & prevention, attempted suicide, children & adolescents, literature review, 3674
demographic & criminal characteristics & substance abuse, female prisoners, 1299
demographic & disability & skill level characteristics, developmentally disabled New York State children & adults, 12789
demographic & educational & personality characteristics, female prisoners, 1960 vs 1970 vs 1980, 12914
demographic & personality & psychopathology correlates & program performance of client, perception of clients, drug rehabilitation counselors, 6484
demographic & personality characteristics & symptom severity, completion of biofeedback & relaxation training, patients with chronic headaches, 1556
demographic & personality characteristics, opiate addicts classified as abstainers vs continued abusers, implications for counseling amenability, 13466
demographic & social & clinical characteristics, 19–89 yr old psychiatric patients, England, implications for judging quality of available services, 8062
demographic characteristics & age & race, substance abuse history & illicit drug use, hospitalized paranoid schizophrenic vs other psychiatric patients, 13388
demographic characteristics & alcohol abuse & level & amount & type of violence, family batterers, 12911
demographic characteristics & attitudes toward & reasons for choice of program & institution & intentions for specialization, 20–44 yr old Diploma of Psychology students, Australia, 6552
demographic characteristics & behavior problems, 5–15 yr old school truants & their parents, 6729
demographic characteristics & case history & length of hospitalization, patients admitted to depression ward, 6461
demographic characteristics & clinical features & social adaptation, 6–15 yr old schizophrenics admitted over 10-yr period, 1–9 yr followup, 8030
demographic characteristics & "community-mindedness", rates of asking for & giving help, rural community residents, 905
demographic characteristics & drinking patterns & drinking-related problems & symptoms, male vs female survey respondents, summary of authors' 1980 paper, 5834
demographic characteristics & lifestyle, adaptation, adults, Finland, 1070
demographic characteristics & parental education & role conflict & discrimination problems & persons significant in career choice, females in traditional vs nontraditional careers, implications for vocational guidance, 10375
demographic characteristics & perception of intake interview, treatment dropping out, clients with mean age of 29 yrs at community mental health center, 8588
demographic characteristics & play behavior & peer relations & parent child relations, traditionally vs nontraditionally sex-typed females aged 4–12 yrs, 5423
demographic characteristics & presence of disorders, persons who committed suicide, 1267
demographic characteristics & reasons for brand choice & perceptions of brands, generic vs national vs store brand canned food customers, 9200
demographic characteristics & reasons for seeking treatment & previous treatment & objectives & outcome & treatment termination, psychotherapy clients, 1500
demographic characteristics & reasons for suicidal threats or attempts, college students, 10600
demographic characteristics & sex, performance in self help groups vs individual therapy, stutterers vs nonstutterers, 3944
demographic characteristics & subjective profit assessment of college majors, college students, 13656
demographic characteristics, adult American Indian drug abusers, 12923
demographic characteristics, intention to undergo permanent vs hypothetically reversible sterilization, 14–43 yr old obstetric/gynecological patients, 1687
demographic characteristics, miscomprehension of TV commercial vs noncommercial advertising vs program excerpts, Ss aged 13 yrs & older, 9207
demographic characteristics, perceptions of school psychological services, teachers & administrators & school psychologists, 4332
demographic characteristics, self rated ideal vs real competencies in 11 areas, learning disability professionals, 1920
demographic factors & attitudes toward board certification & performance & personal experience with examination process, US & foreign medical graduates, 13553

demographic variables & assertiveness, nondisabled vs disabled applicants for vocational rehabilitation services, 8675
demographic variables & mental state & social behavior & work performance & self care skills, 26–79 yr old psychiatric patients in rehabilitation unit, 3–4 yr followup, 6473
demographic variables, attitudes toward law concerning marital rape, Ss over 17 yrs old, 7835
description of psychiatric & social handicaps & demographic characteristics, 20–94 yr old schizophrenics in discrete geographical area, Scotland, 1178
diagnostic classification & demographic characteristics & intellectual abilities, Black vs White 13–18 yr old male delinquents, 8101
divorce rate, marital satisfaction, spouses, reanalysis of 1963 data & implications for methodology in studies of social variables & marital satisfaction, 6958
factor analysis of Family Environment Scale, assessment of family social climate & demographic characteristics, families, 11641
family relations & peer pressure & self concept & coping behavior & socioeconomic status & school grades & attendance, chemical dependency, adolescents in drug rehabilitation program, implications for prevention, 10644
motivation & demographic factors, surrogate mothers, 10337
neighborhood conditions & psychological factors & life circumstances, crime precautionary behaviors, surveyed female urban residents, 5849
Otis-Lennon Mental Ability Test vs Stanford Achievement Test vs demographic variables, academic achievement prediction, 2nd & 4th graders, 8970
parent & offspring characteristics, attitudes toward involuntary vs voluntary sterilization of children, parents of mentally retarded people under 40 yrs of age, 1340
parent or caretaker socioeconomic status & level of education & attitudes, adaptive behavior skills & behavior problems, male vs female deinstitutionalized vs never-institutionalized mentally retarded 10–65 yr olds, 10670
parents' perceptions of diagnostic evaluation & child & parent demographic characteristics, treatment attrition, 5–16 yr old psychiatric examinees, 1468
participant profiles & victimization process, parental child theft, 8071
psychodemographics, hysteria, 10–65 yr olds, 3631
rate of questionnaire return & demographic characteristics, households with published vs unpublished or nonlisted telephone numbers, 6914
reasons for subscribing & TV use & attitudes & demographic characteristics, regular vs pay-cable TV subscribers, 6913
room size & personality traits & demographic characteristics, evaluation of rooms, 9190
sex & marital status & race & age, utilization of mental health center services, 20–60 yr olds, 1725
social & demographic characteristics, Jewish denominations, 12545
social class & ethnicity & other characteristics, attributions for economic success, adults, Australia, 10426
social support & demographic characteristics, psychological distress & self concept & sense of power, former breast cancer patients with mean age of 51 yrs, 5929
socio-professional category of parents & demographic & educational & cultural background & job tenure & professional expectations & ambitions, job satisfaction prediction, secretaries, 2219
sociodemographic & psychosocial variables, mental & neuropsychiatric-surgical patients, Spain, 1091
sociodemographic characteristics & locus of control, after-hour utilization of medical care, family practice patients, 6346
sociodemographic characteristics, belief in & prevalence & nature of possession, rural village residents, India, 5483
sociodemographic factors & age & sex & length of marriage & separation & social stressors, symptom expression, 20–79 yr olds in the process of divorcing, 5500
sociodemographic factors & social supports, depression, surveyed adults aged 20 yrs & older, 8001
socioeconomic & demographic factors, blood lead concentrations, Black vs White vs Hispanic 1–72 mo olds, 1427
therapist ratings & demographic variables, prediction of psychotherapy attendance, community mental health center outpatients, 6131

Dendrites
crowding, dendritic spine density in optic tectum, jewel fish, 7404
dendritic fields of A-type horizontal cells of superior edge of linear visual streak of retina, rabbits, 5074
estradiol benzoate, axonic & dendritic growth in ventromedial hypothalamic nucleus, ovariectomized rats, 595
isolated vs group housing, response of visual cortex layer V neurons, male rats, 5044
postmortem cortical biopsy & microscopic study of brain tissue, analysis of neocortex development, normal vs neurobehaviorally retarded children, literature review, 13069
postoperative environmental enrichment following dorsal hippocampal lesions, occipital cortex dendritic branching & spines, male rats, 5169
statistical comparisons of dendritic trees in auditory cortex, 74–89 yr olds, 12093
symmetry of early auditory experience, dendritic tree symmetry in brain stem, chicks, 5161

Denial
color content in dreams & role of denial, 30–48 yr old color blind patients, 6049
denial & misperception of mood change & affect, manic depressives & their spouses & adult offspring, 8068
denial, morbidity & tension & depression & fatigue, male heart disease patients, 5952
denial of alcoholism & Christian emphasis of Alcoholics Anonymous as deterrent to attendance, Jews, 8704
early emotional symptoms & psychosocial factors, attitudes toward & outcome of cancer, patients, 8-yr followup, implications for prevention & treatment, 5921
psycholinguistic experimental approach, detection of denial associated with drug abuse & sexual dysfunction, 4256
psychopathological characteristics & insomnia, female with pharyngeal carcinoma, 8173
stereotyped attitudes toward mentally ill & self perception & denial of own mental illness, first admission psychiatric patients with mean age of 35 yrs, 1193

Denmark
community-oriented prevention programs, drug abuse, Denmark, 13478
Danish Low Income Commission, prevention of low income problems, 12535
projects for prevention of unemployment, adolescents, Denmark, 13760
theories of normalization, mentally retarded, Denmark, 11077
voluntary vs compulsory treatment & death rate & pregnancy-related problems, drug dependency, adolescents & young adults, Denmark & other Scandinavian countries, 13455

Density (Social) [See Social Density]

Dental Students
changes in attitudes toward profession & in self image as professional, dental students, Israel, longitudinal study, 1858
evaluation of classroom & clinical skills health science education, dental students, 8771

Dental Surgery
dental surgery under hypnosis, male patient with drug allergies, 13306
diazepam & epinephrine with local anesthetic during dental surgery, anxiety & heart rate & blood pressure & plasma norepinephrine, 18–25 yr old patients, 6282
hypnosis prior to iv-diazepam, psychological reaction & recovery rate, surgical dental patients, 6076

Dental Treatment [See Also Dental Surgery]
anticipated pain & fear & anxiety in dental treatment procedures, dental patients with mean age of 32.5 yrs, 1691
behavioral & pharmacological management of pain & fear in dental patients, dentists, literature review, 1680
clinical use of hypnotherapy, dentistry, 1663
conditioning for hypnosis via telephone & relaxation & imagery/flooding, 31 yr old female with dental phobia, 8499
etiology & psychological factors & EMG feedback vs dental treatment, temporomandibular joint dysfunction & myofascial pain dysfunction syndromes, literature review, 1407
measurement & alleviation of dental fear, children, literature review, 4138
no information vs misinformation vs correct information on discomfort & subsequent role playing of dental treatment, distress, college students, 7277
postcard & telephone reminders vs problem solving session &/vs gift incentives, completion of treatment, families in dental health screening & referral program, 4133
preoperative counseling &/vs chlordiazepoxide, anxiety, dental patients, 8301
social work intervention for dental health training, 6th graders, 1740
stress inoculation, overactive gag reflex as avoidance of dental work, 38 yr old male & 18 yr old female, 8417

use of medical & dental & mental health care services within Finnish Student Health Service, college students, Finland, 13734
Dentist Patient Interaction [See Therapeutic Processes]
Dentistry
clinical use of hypnotherapy, dentistry, 1663
hypnotherapy, treatment of tongue thrusting, dentists, 1664
sex roles measured by Bem Sex Role Inventory, dental hygiene students, 4281
Dentists
behavioral & pharmacological management of pain & fear in dental patients, dentists, literature review, 1680
birth order & memory of childhood perceptions of parental authority, dentists, 3239
education & credentialing in law & dentistry & medicine & pharmacy, implications for psychology, literature review, 6587
Deoxycorticosterone
dexamethasone suppression test, 11-deoxycorticosterone & corticosterone levels, 21–58 yr old depressed females, 5740
Deoxyribonucleic Acid
neocortex & hippocampus & cerebellum & brain stem & liver content of DNA & RNA & proteins, rats raised in enriched vs deprived environments, 5113
Dependency (Drug) [See Drug Dependency]
Dependency (Personality)
amount of prior help & prior recipient's need & dependency of potential recipient, reciprocity of helping, male college students, 10386
control & rejection & resignation & dependency & avoidance & minimization, coping strategies, 1074
dependence of male vs female E on S's performance, speed of work to help, male vs female college students, 12691
education, socialization & independence & dependence, Nigeria, 3446
lack of financial support & social contacts & interests & flexibility & cognitive deprivation & independence, dependency & competence, elderly women & widows, need for preventative occupational work, literature review, 12395
multiple referent sampling of dominance & dependency behavior, construct coherence & cross situational generality, 3–5 yr olds, 9268
patient dependence & oral satisfaction needs & psychosomatic aspects in etiology, chronic open-eye glaucoma patients, 3776
self esteem & emotional dependency & intended vs actual extramarital involvement, anticipated sexual jealousy, males vs females, 3352
Dependent Variables
description & uses of linear structural relationship model, statistical measurement & analysis & evaluation of causal relationships, 7145
method for use and interpretation of tail-pressure behavior as dependent variable, rats, 9361
valence & nature of target behavior, accuracy & reactivity of self monitoring, college students, 10480
Depersonalization
origins & nature of personalization & depersonalization, 5648
Depression (Emotion) [See Also Endogenous Depression, Manic Depression, Neurotic Depressive Reaction, Postpartum Depression, Psychotic Depressive Reaction, Reactive Depression]
abnormal dexamethasone suppression results, prediction of antidepressant response to sleep deprivation, 22–72 yr old depressed patients, 6294
abnormalities of sexual history & premenstrual affective syndrome, 14–45 yr old female inpatients with schizophrenia vs depression &/vs borderline personality disorder, 5729
abrupt termination of tricyclic antidepressant drugs, symptoms & norepinephrine turnover, depressed 19–63 yr olds, 13260
acetylator phenotype, response to phenelzine, patients with anxiety with vs without depression, 10942
acute vs chronic administration & dosage level of imipramine, treatment of depressive symptoms induced by chronic stress, male rats, implications for drug therapy, 629
affective symptoms & depression, senile dementia of Alzheimer type, mildly demented patients with mean age of 71.2 yrs, 13045
age, depression, 16–63 yr old psychiatric patients, 12846
age differences, symptomatology, anxious & depressed 7–17 yr olds vs adults, 12837
aggression & frustration & anxiety & depression, males with mean age of 15.9 & 15.7 yrs convicted of murder vs property offenses, India, 1268
alcoholism & depression, review of clinical & genetic & biological studies, 1094
alprazolam vs imipramine, nonpsychotic unipolar depression, outpatients, 4093
amineptine, tolerance & effectiveness, 30–81 yr old reactive & endogenous & psychotic depressed patients, 1604
amineptine, treatment of depression, patients, 13264
amineptine vs imipramine, depression, patients, 13290
amitriptyline restart after discontinuation, symptoms & side effects, depressed patients with mean age of 56.8 yrs, 6287
amitriptyline-perphenazine vs doxepin, depression, outpatients, 13288
amoxapine, effectivenss & side effects, depressed patients, 1610
amoxapine vs amitriptyline, serum levels & clinical response, primary unipolar depressive 18–60 yr olds, 13261
anginal syndrome with vs without coronary artery disease vs myocardial infarction symptoms, depression vs anxiety vs stenosis, 32–72 yr olds, 3784
antidepressant drugs, cardiac patients, literature review, 13296
anxiety & depression & urinary 3-methoxy-4-hydroxyphenylethylene glycol, pain threshold & relief of pain, doxepin-treated vs untreated patients with depression & pain, 5800
anxiety & depression, 17–61 yr old quadriplegics vs 18–60 yr old paraplegics, 6005
anxiolytic drugs, concurrent anxiety-depression, 6292
arginine pyroglutamate, depressed patients, 8459
assessment of depression, 60–86 yr old family practice patients, 1151
attributions & depressive symptoms, 22 yr old male client with strong mood swings, 10560
attributions for symptoms & life events, recovery, depressed patients with mean age of 37.5 yrs, 1147
Beck Depression Inventory vs Form E of Depression Adjective Check Lists vs Generalized Contentment Scale, psychiatric inpatients vs outpatients vs graduate students, 4719
behavior-oriented group therapy, diet-induced depression, obese females with mean age of 31 yrs, 13242
behavioral & cognitive contributions, functional analysis of depressive states, literature review, 1234
behavioral treatment, depression, mentally retarded 10 yr old male, 13217
biological tests of depressive disorders, literature review, 5737
brief-contact consultation/referral method, recruitment of Ss for clinical research of depression, 58
bupropion, change in attention & memory & perception & vivid dreaming, depressed patients, 1592
caffeine, arousal & anxiety & depression & performance, literature review, 7567
catecholamine metabolism, differential diagnosis of depressive states, 14–20 yr old males evaluated for criminal activity, 3565
causal attributions on problem solving task performance, depressed vs nondepressed college students, 11935
causal relationship between depression & pleasant or unpleasant events, college students, lack of evidence for P. M. Lewinsohn's model of depression, 3496
Center for Epidemiologic Studies Depression Scale, screening for depression, community residents, 9436
cerebrospinal fluid cortisol, depressed & manic & anorexic patients, 10527
cerebrospinal fluid GABA & homovanillic acid levels, 29–56 yr old depressed hospitalized patients, 5744
characteristics, patients with chronic pain vs depression, 3522
chemotherapy regimens, psychological response & depression & fatigue, lung cancer patients, 10951
chest pain symptomatology as physical manifestation, depressed 6–18 yr olds, implications for differential diagnosis of depression, 5745
child abuse & depression, parents & children, 3677
childhood depression diagnosis by DSM-III vs W. A. Weinberg's criteria, 7–17 yr olds, 5707
circadian fluctuations, patients with primary depressive syndrome, 8028
classification system confusion, diagnosis of depression, literature review, 3637
client characteristics & family history, incomplete recovery, chronic primary depressive 27–76 yr olds, 3533
clinical & biological aspects of melancholia & depressive neuroses & schizoaffective psychoses & primary & secondary depression, literature review, 1210
clinical applications of psychoneuroendocrinology, 10490
clomipramine & relevance of desmethylclomipramine plasma levels, primary depression, 1609
cluster analysis of Hamilton Rating Scale for Depression profiles, depression subtypes, patients treated with antidepressant drugs, 2411
cognitive group psychotherapy, depression, close-ended short-term groups, 6178

cognitive simplicity vs complexity & articulated vs unarticulated structure & integration of self & others & level of self esteem assessed by repertory grids, depressed vs manic vs schizophrenic vs alcoholic vs physically ill 19–68 yr olds, 12780
cognitive therapy, depression, chronic drug-refractory depressed outpatients, 10900
cognitive-behavioral vs interpersonal therapy for depression, procedural differences, 1486
competency to give consent vs refuse ECT &/or research participation, depressed patients with mean age of 43.2 yrs, 1465
conflict & anger & depression in etiology & symptoms, Hwa-Byung folk illness, 33 & 42 & 65 yr old females, Korea, implications for treatment, 10495
conflict & social status, coping ability & septal tyrosine hydroxylase activity & passive avoidance decrements & impairment of mesolimbic dopaminergic system, male tree shrews, implications for models of depression, 5174
consistent vs inconsistent paradoxical &/vs nonparadoxical interpretations in brief counseling, depressive symptoms, moderately depressed college students, 11031
construction & validity & reliability of rating scale for depression, depressed vs nondepressed psychiatric patients, 7051
coping skills training, depression & attitudes toward mental illness & quality of life, outpatients, 1-yr followup, 10895
correlates & severity of self reported & clinically assessed depression, alcoholic outpatients with mean age 37.9 yrs, 12966
correlations between dynamics of paranoia & depression, 12815
cortisol & prolactin circadian rhyihms before vs after dexamethasone suppression test, 26–65 yr old female inpatients with endogenous vs nonendogenous depression, 12888
cross cultural differences, psychopathology & somatization & phenomenology of depression, Colombia vs US, 10523
cross cultural validity of Hamilton Depression Rating Scale, depressed outpatients vs normals, Italy, 4735
current status of research, depression & subsequent cancer, literature review, 12782
current theories of depression, literature review, 8016
defenses & coping & avoidance of separation, 31 yr old depressive male, 10513
definitions of REM latency, depressed 24–72 yr olds, 10541
delayed skin reactions to human brain S-100 protein & to liver protein, 7–85 yr old patients with schizophrenia & cerebral atrophy & dementia & depression & mental retardation, confirmation & extension of findings of B. D. Jankovic et al, 1103
delusions, outcome of primary unipolar depression, 40-yr followup, 3886
demographic characteristics & case history & length of hospitalization, patients admitted to depression ward, 6461
denial, morbidity & tension & depression & fatigue, male heart disease patients, 5952
depression & abnormal illness behavior & locus of control & severity of illness & presence of chronic pain, 16–67 yr old psychiatric consultees, 3871
depression & anxiety & sex role stereotyping & self actualization, frequency & success of changing answers on multiple choice tests, college students, 12751
depression & anxiety, 6–17 yr olds with cancer, 13040
depression & breast cancer, literature review, 5990
depression & interpersonal & problem solving skills, male college students, 1058
depression & preference for immediate vs larger delayed monetary reward, adult females, test of L. P. Rehm's theory using real situation, 326
depression as assessed by MMPI & Beck Depression Inventory & pain dimensions of McGill Pain Questionnaire, male pain patients with mean age of 49.7 yrs, 11676
depression, chronic pain patients, 3841
depression, content & complexity of cognitions, college students, 3481
depression, delinquent 13–18 yr old males & their parents, 10491
depression, level of reward values & expectations & motivation, college students, 2660
depression, perception of university & family environment, college students, 10440
depression, processing & recall of personal information about self & others, college students, 12736
depression rating scales, assessment of severity of depression, 21–81 yr old psychiatric patients, 2446
depression, schizophrenics diagnosed using vs not using New Haven Schizophrenic Index, 12854
depression, secretion of cortisol & luteinizing hormone & circadian rhythm & response to hypoglycemia, literature review, 7994
depressive moods, 16–67 yr old hebephrenic vs paranoid vs schizoaffective schizophrenics, 5792
depth of depression & anaclitic & introspective depressive experiences & illness behavior, chronic pain patients with mean age of 40.7 yrs, 13089
desipramine & methylphenidate, chronic depression, 39 yr old male, 13267
desipramine, plasma concentrations, depressed inpatients with mean age of 47.3 yrs, 8470
development & validation of Vietnamese Depression Scale, depressed Vietnamese refugees with mean age of 33.5 yrs, 157
development of learned helplessness model of depression, literature review, 10528
development of psychiatric symptoms & depression, adult hysterectomy patients, 5690
dexamethasone suppression test & EEG evaluation as biological markers, severe secondary delusional depression, 67 yr old female with thyrotoxicosis, 1105
dexamethasone suppression test as screen for primary depressive illness, alcoholic male inpatients with mean age of 44.4 yrs, 6513
dexamethasone suppression test, diagnosis & treatment of depression, 12870
dexamethasone suppression test, discrimination of subtypes of depression, 10567
dexamethasone suppression test, primary depression, patients with mean age of 37 yrs, 12869
dexamethasone suppression test, 11-deoxycorticosterone & corticosterone levels, 21–58 yr old depressed females, 5740
dextroamphetamine therapy, apathetic depression & urinary incontinence, 61 yr old female with bilateral frontal lobe meningiomas, 1633
diagnosis & treatment, mixed anxiety-depression, aged, 12823
diagnosis & treatment of physical illness & depression, elderly patients, literature review, 7970
diagnosis, depression, mentally retarded, 1335
diagnosis of antisocial personality & alcoholism & depression & homosexuality, prediction of recurrence or continuation of drug & alcohol dependence, narcotic addicts, 12908
diagnostic & clinical features, depressed patients admitted to psychiatric vs nonpsychiatric hospital wards, 8611
differential diagnosis, depression vs delirium & dementia, aged, 12790
dimensionality & degree of interrelatedness of Subjective Probability Questionnaire & Cognitive Events Schedule & Personal Events Inventory, measurement of expectations & other cognitions, depressed Ss, 9414
discourse analysis, verbalization of painful emotion & affect articulation, severely depressed female inpatients & 70–75 yr old medical outpatients, 5668
dishabituating tone, skin conductance habituation, 17–58 yr old schizophrenics & depressed & anxious neurotics, 8012
diurnal variation of urinary 3-methoxy-4-hydroxyphenylglycol, unipolar vs bipolar depressives, 12829
dominance & aggression & anxiety & depression, hypertensive vs duodenal ulcer patients, 3817
dosage level of dothiepin, depression, 22–59 yr olds, 6312
doxepin HCl, sleep & depression, depressed 29–64 yr olds, 13291
doxepin, treatment of low back or cervical pain combined with depression, 26–65 yr old patients, 6286
drama therapy, 65–90 yr old day care patients with physical disabilities & depression & senility, 1526
drug therapy, depression, Hispanic vs Anglo females with mean ages of 44.3 & 55.7 yrs, 6301
drug treatment of depression, aged, literature review, 8486
duration & postexperimental removal, elation vs depression induced by Velten Mood Induction Procedure, female college students, 3458
dysphagia originating during depression & due to hysteria or Gougerot-Sjögren syndrome, 74 yr old female, 5995
ECT & antidepressant therapy, length of time between hospitalizations, 13–88 yr old unipolar & bipolar depressives, 8272
ECT, affective & cognitive effects in treatment of depression, 45 yr old female, 3900
ECT, hypochondriasis & masked depression, 62 yr old female, 6081
ECT modifications, memory for autobiographical episode, 28–73 yr old depressed males, 6061
ECT, serum prolactin levels, 18–82 yr old depressed patients, 3877
ECT, treatment of depression associated with lupus cerebritis, 33 yr old female, 8268

ECT vs imipramine, depression, 24–63 yr olds, 13121
education- & health-related life events, depressed inpatients & outpatients, Kenya, 8040
EEG characteristics, depressive psychotics vs manic patients vs schizophrenics, 12826
EEG sleep characteristics in response to pharmacological probe, familial vs sporadic depressive disordered Ss with mean ages of 41.3 & 41.9 yrs, 1169
EEG vs blood pressure cuff monitoring of ECT seizures, 49–68 yr old depressives, 3890
effective strategies in ego activation psychotherapy, acutely depressed outpatients, 8352
effectiveness of interpretation in brief analytic psychotherapy, clients with impotence & depression & refusal of nourishment & sleep, 8347
environmental factors & ego functioning & aggression & depression & antisocial behavior in classification & measurement & interrelation, assaultive &/or suicidal 6–12 yr olds, 12795
epidemiology & phenomenology, neurasthenia & depression & somatization, 18–56 yr old psychiatric clinic patients, China, 5678
epidemiology, depressive disorders, Sweden, 1947–72, 1155
epidemiology of disorder & help seeking behavior, depressed & mentally disturbed Ss, 8054
experimental emotional & cognitive stress, autonomic arousal & plasma catecholamines, schizophrenics vs endogenous depressives, 12803
exploration vs modification of depressive thoughts in cognitive behavioral therapy, belief in depressive thoughts & self rated depressed mood & speech rate, 20–49 yr old chronically depressed females, 4045
factor analysis, Beck Depression Inventory, male alcoholics with mean age of 36.9 yrs, partial replication of work by R. A. Steer et al, 1294
failure to mourn, depression, literature review, 12865
Family Drawing Depression Scale, scoring of family drawings to measure depression, hospitalized depressed patients, 4807
family systems approach, treatment of internal stress & anxiety & depression & emotional turmoil, children who witness abuse of mother & siblings, 6200
fatalism & inflexibility, impact of stress & depression, Anglo vs Mexican American adults, 12775
fear of death & depression & narcissism, hero of J. Conrad's "Lord Jim", 10460
femoxetine vs desipramine, depressive symptoms & cerebrospinal fluid levels of 5-hydroxyindoleacetic acid & 4-hydroxy-3-methoxyphenyl glycol & homovanillic acid, depressed outpatients, 6275
field dependence & aggressive vs neutral stimulus, mood & self esteem & autonomic arousal, college students, implications for psychoanalytic theory of depression, 9685
fluvoxamine, chronically depressed patients, 4071
frequency of manic & bipolar & depressive & unipolar disorders, psychiatric private practice patients vs inpatients vs outpatients, 1120
frequency of self reinforcement & E-administered reinforcement during task, depressed mood, college students, implications for prediction of mood change, 9682
GABAergic drug therapy, essential hypertension associated with emotional depression, elderly patients, 4055
genetic origins & drug therapy & psychometric testing, depression, proceedings from the National Congress of Italian Psychiatric Society, 10565
Gerovital H3 preventive treatment, depression, 45–60 yr old heavy-industry workmen, 6303
global/internal vs specific/external attributional style for negative outcome of low grade, subsequent depressive reaction, college students, 8913
group psychotherapy with bilingual leaders, impulsively sexual & aggressive & clinically depressed 14–17 yr old female Hispanics, 3979
group transactional analysis ego-stroking techniques, males depressed due to life stress, 10864
H-reflex during voluntary hyperventilation, depressed patients before vs after clomipramine & nitrazepam treatment, 4057
history of nosology of depression, 20th century, literature review, 8005
holiday malaise & job performance, employees, 9093
humor appreciation, 27–61 yr old depressed patients, 10525
hypothyroidism in response to thyrotropin & desipramine & lithium, rapid mood cycles, unipolar depressed 24 yr old female, 4070
hysterectomy, psychological problems, females below 35 to over 45 yrs of age & of high socioeconomic status, 10977
identification & prevalence of depression, older patients, 7989
imipramine & lofepramine, side effects & improvement, depressives, 8474
imipramine, prepubertal major depressive disorder & conduct disorder, 6308
imipramine, reduction of sucrose & saccharin consumption following chronic stress, male rats, examination of animal stress model of depression, 630
imipramine therapy, secondary depression following myocardial infarction or coronary artery bypass-graft surgery, 42–66 yr old males with ischemic heart disease, 1648
imipramine vs chlorpromazine & ECT, cognitive impairment & forgetfulness, 18–65 yr old schizophrenics & depressives, 6057
incidence of alterations in libido & genital symptoms & menstrual irregularities, depressed 18–65 yr olds, 12850
incidence of depression & illness behavior, inpatients with mean age of 41.4 yrs, Italy, 13396
incidence of unipolar vs bipolar affective disorder, male vs female patients & their relatives, 10592
individual differences & personality traits, ANOVA in proneness to depression, males & females with mean ages of 22.3 & 22.1 yrs, 5661
inducement of elation vs depression, remembering happy vs unhappy past experiences, female college students, 2665
intellectual functioning & psychomotor activity, patients with uni- & bipolar depression, 1144
interactive MIIS program package, computer-assisted cognitive behavior therapy for depression, 10924
internal reliability & concurrent validity of Automatic Thoughts Questionnaire vs Dysfunctional Attitude Scale vs Interpretation Inventory, measurement of depression, college students, 9391
interpretation of body of water images in drawings, paranoid schizophrenics vs manic depressives vs patients with unipolar depressive disorder, 10593
iprindole vs bupropion vs mianserin, chronic stress model of depression & corticosterone levels, male rats, implications for drug therapy, 631
iv diazepam test & subsequent relief of symptoms, prediction of response to benzodiazepam & tricyclic antidepressant therapy, anxious & depressed 18–68 yr olds, 4091
learned helplessness theory, model for depression, literature review, 4951
length of desipramine treatment, inhibition of clonidine effects on CNS, 23–62 yr old depressed patients, 13271
length of hospitalization, cognitive performance & passivity & depression, male medical inpatients, 1784
level of depression, ratings of positive vs negative self referent statements & recall during self monitoring, college students, 3454
life event losses & perceived strain & stress & social support, depression, 7981
life events & coping behavior & behavior change to avoid onset of depression, 14–66 yr old nonclinical Ss & nonpsychotic depressives with mean age of 40.2 yrs, implications for cognitive & behavior therapy, 8045
life events & depressive symptoms, alcohol drinking patterns, rural adults, 5559
life events & social difficulties & poor physical health & lack of confidant, onset of depression, elderly, 5762
life events, depressed patients with vs without family history of affective disorders, 12867
life events, depression, 15–54 yr olds, 5710
life stress & symptomatology, determinants of suicidal behavior, depressed & suicidal 5–14 yr olds, 5671
lithium & phenelzine, depressive symptoms, 41–71 yr old patients with major depressive disorder unresponsive to phenelzine alone, 4090
lithium carbonate &/vs imipramine hydrochloride, prevention of relapse, unipolar & bipolar depressed patients with mean age of 47.5 yrs, 1627
lofepramine & imipramine, outcome & side effects, patients with primary depression, 8458
long-term lithium therapy, plasma folate concentration & affective morbidity, 21–83 yr old depressed patients, 4066
loss & depressive symptomatology, psychogenic seizures, 24 & 47 yr old females, 3791
losses & hostility, outpatients with unipolar depression, 1145
low vs high energy ECT, depression, patients, 13132

Luscher Color Test, identification of clinical depression, psychiatric patients, 8002
major depressive disorder, social support networks, Ss over 65 yrs old, 12811
major susceptibility locus for depression on human leucocyte antigens region of chromosome 6, failure to replicate haplotype data of L. R. Weitkamp & criticism of data subdivisions, 5732
maladaptive thinking & coping behavior & depression, college student counseling clients, 13667
MAO inhibitors, depression, patients failing to respond to tricyclic antidepressants, 4095
MAO inhibitors, treatment of bulimia & atypical depression, 21–37 yr old females, 8489
maprotiline 75 mg administered 3 times/day & single evening dose, effectiveness & side effects, depressed patients, 1632
meaning & metaphor in family myths, assessment of myths & probing of underlying conflict during therapy, depressed family, 1511
melatonin & cortisol secretion patterns, 37–61 yr old depressed females, 12817
methadone hydrochloride, prolactin levels, 22–54 yr old hospitalized depressives, 8462
method for cutoff of scores from Hamilton Rating Scale for Depression, 11697
methodology for preparation of treatment process criteria, agoraphobia & depressive disorders, 13110
methylphenidate & dextroamphetamine, treatment of depression, 15–78 yr old medically ill patients, 6293
methylphenidate test, differentiation of response to imipramine & desipramine & amitriptyline & nortriptyline, 15–58 yr olds with major depressive disorder, 13292
mianserin, side effects & effectiveness, hospitalized & outpatient depressives, 1608
mianserin vs amitriptyline, cerebrospinal fluid levels of monoamine metabolites, 29–68 yr old depressed inpatients, 8468
mianserin vs nomifensine, treatment of depression, 8477
mid-life career crisis, 20–55 yr old male managers, Australia & Great Britain, 2194
middle ear muscle activity during REM sleep, 19–54 yr olds with schizophrenia vs schizoaffective disorder vs major depression, 5700
MIIS online computer program, enhancement of compliance to tricyclic antidepressant administration, 10952
misdiagnosis of self injection of metallic mercury as nodular melanoma, 24 yr old depressed paranoid male, 3577
mood change & depression & quality of life, aged, 13-yr longitudinal study, 12738
negative therapeutic reaction based on Freud's borrowed guilt, female depressive, 10843
negative vs positive interpretation of depressive symptoms, depression & symptomatic changes, 18–21 yr old depressed college students, counseling implications, 11028
nomifensine vs imipramine, treatment of depression, 18–60 yr old outpatients, 10947
nonverbal behavior & mental state symptoms, anxiety neurotics & depressives & schizophrenics, 1161
noveril, treatment of depressive states, patients, 1642
oedipal conflicts & transference relationship in psychoanalysis, depressed female, 10819
oxaprotiline vs amitriptyline, moderate depression, 18–65 yr old patients, 8476
pathology of anxiety & depression, literature review, 5750
peer counseling in self help groups, depression, females at home, 8604
perceived fulfillment of social needs, depression, young adults, Switzerland, 7987
period of worrying, ability to focus attention on monotonous stimulus & anxiety & depression & negative thought intrusions, self labeled worrying vs nonworrying college students, 11927
personal competence & social support & stressful life events, depressive symptoms, rural husbands vs wives, 12726
personal concepts of depression & reported antidepressant activities, 17–73 yr old medical & psychiatric patients, 12784
personality characteristics measured by MMPI & Maudsley Personality Inventory & Oral Trait Scale, depressed inpatients, 8008
phenelzine & amitriptyline, 21–65 yr olds with depression & mixed anxiety-depression & phobic symptoms, 1645
phenelzine, chronic diarrhea & underlying depression, 59 yr old male, 1658
phenelzine therapy, depression & side effects, 1601
phenothiazines & thioxanthenes & butyrophenones & benzamides, depression, literature review, 8475
physical attractiveness, locus of control & sex roles & anxiety & depression & success expectancies, female vs male college students, 5619
pilgrimage to Lourdes, subsequent anxiety & depression & religious faith, physically ill Ss with mean age of 60.1 yrs, 1405
plasma ACTH & cortisol concentrations before vs after dexamethasone, psychiatric patients, implications for hypothalamic-pituitary-adrenal abnormalities in depression, 5743
platelet serotonin uptake & release & hyperserotonemia, chronic schizophrenics & bipolar major depressives, 10577
prazepam, anxious & anxious-depressive symptoms & RT & sleep movements, ambulatory & hospitalized patients, 8457
pre-exposure to uncontrollable vs controllable noise, perception of control in noncontingency learning problem, depressed vs nondepressed college students, 319
prepartum depression & social adjustment & life stress & cognitive-behavioral factors, postpartum depression, females with mean age of 26.6 yrs, 5768
prevalence & reliability & discriminative power of fatigue, psychiatric vs oncological patients, 3594
prevalence & risk of major affective disorders, relatives of patients with schizoaffective & bipolar & unipolar disease, 3575
prevalence of alcohol abuse & anxiety, depression & emotional disorders, neurology patients, 12878
prevalence of depression & family history of psychiatric disorders & drug/alcohol use patterns & problems, 21–25 yr old males, 5787
prevalence of depressive symptoms & abnormal illness behavior, general hospital inpatients with mean age of 41.4 yrs, 13397
prevalence of psychiatric disorders in family members, hospitalized borderline vs schizophrenic vs depressed patients, 10574
problems in treatment, depressed aged, 13124
progressive presentation of imaginary food consumption scenes & cognitive restructuring, anorexia & depression, 54 yr old male cancer patient following prostatectomy & antineoplastic chemotherapy, 4050
proserotoninergic agents & depression, 5797
psychoanalytic vs rational emotive vs behavior therapy rationales for treatment of snake phobia vs test anxiety vs depression vs paranoid schizophrenia, perception of therapy & client & psychologist & disorder, college students, 3917
psychohistorical study of Y. Mishima & guilt & depression & death imagery & suicide, 5835
psychopathology & onset, chronic depressive subtypes, 10505
psychopathology, protracted endogenous depression, 23–79 yr olds, 12864
psychosocial theories of etiology & treatment of depression, literature review, 5702
psychosomatic disorders & depression, young children, 5997
psychotherapy, mania & depression, 1477
rates of affective disorders, mild & severely depressed nonbipolar major depressives & 1st-degree relatives, 8069
reactions to music, depressed Ss, 8294
reactions to stress & depression, literature review, 8044
relapse & depression following treatment, alcohol & drug abusers, 1 vs 6 vs 12 mo followups, 8702
reliability & validity of Pleasure Scale, measurement of anhedonia, depressed vs manic vs schizophrenic vs psychotic patients, 9397
reliability of alternative research diagnostic criteria as seen in agreement between Os, diagnosis of schizophrenia & depressive disorder, psychiatric inpatients, 1194
REM latency test, specific & sensitive psychodiagnosis of definite vs probable primary depression vs secondary depression, depressed outpatients, 5694
repeated dexamethasone suppression test, hypothalamic pituitary adrenal hyperactivity, depressed patients, 1158
reported medication use & depressive symptoms, surveyed males & females, 8451
reproducibility of dexamethasone suppression test, depressed inpatients with mean age of 42 yrs, 3557
Research Diagnostic Criteria, diagnosis of depression, adolescent psychiatric inpatients, 5782
Research Diagnostic Criteria for major depressive disorder, children & adolescents, comment on papers by G. A. Carlson & D. P. Cantwell & D. R. Robbins et al, 5775
residence & pooling of income & property & decision making as measure of family jointness, 18–65 yr old primary & secondary depressives, India, 8057
response to dexamethasone suppression test & hypothalamic-pituitary-adrenal axis abnormality, prediction of response to ECT, depressed 20–79 yr olds, 3885

reverse T-3 levels, manic & unipolar depressed females, 3751
rigid statistical methodology in study of depression & assertiveness, response to L. Davies' criticism, 2506
role of endorphins & drug therapy, schizophrenia, 27–45 yr old schizophrenics & depressives, literature review, 4061
role of immunological interference with activity of serotonin in depressive illness, cancer patients, 10486
role of 5-hydroxytryptamine & dopamine & norepinephrine, etiology of depression, literature review, 7998
serial recall during & after psychotic episodes & distractibility, schizophrenics with mean age of 27.3 yrs vs depressed patients with mean age of 33.1 yrs, implications for adjustment problems, 1149
severity of depression, EEG characteristics, 19–40 yr old schizophrenics & manic depressives, 10530
sex & cognitive styles & socialization practices, predisposition to depression, literature review, 3532
sex & marital & employment status, depressive symptoms, Mexican Americans, 3616
sex & race, glucose-6-phosphate dehydrogenase deficiency, unipolar vs bipolar depressed patients vs schizophrenics, 5764
sex & regularity of income & birth order, depression, patients, Kenya, 12856
sex, age of onset of affective illness measured by initial consultation, bipolar vs cyclothymic vs unipolar patients, 12868
sex differences, risk factors for depression, Ss 18 yrs of age & older, 8052
sex role attitudes & conflicts vs work factors vs self esteem, depression, female working single parents, 3354
sleep deprivation, treatment of depression, literature review, 6084
sleep deprivation, treatment of depressive syndromes in schizophrenia, 20–48 yr old patients, 1451
sleep disturbance & libido & appetite & weight loss & vegetative symptoms, anxious & depressed patients with mean age of 38.2 yrs, 5756
smooth pursuit eye tracking performance, schizophrenics vs unipolar vs bipolar depressives, 10537
social factors & life events & lack of intimacy with spouse/boyfriend, depression, 18–65 yr old females, replication of Camberwell community study by G. W. Brown et al, 1137
social psychiatric vs traditional ward orientation, communication behavior, discharged schizophrenic & depressed patients, 6437
social skills training with & without cognitive modification, social interaction & anxiety & isolation & interpersonal relations & depression, 22–57 yr old neurotic outpatients, 8438
social support & life events & competence, depressive symptoms, male vs female 17–24 vs 25–49 vs over 50 yr olds, 12710
social support networks & stressful life events & socioeconomic status & depressive symptoms, adults, 12703
sociodemographic factors & social supports, depression, surveyed adults aged 20 yrs & older, 8001
stability of depressive symptoms & self esteem & locus of control & popularity, 4th–5th graders, 1224
standardization & validation of Rome Depression Inventory, depressed ambulatory & psychiatric patients, 7090
strengths & weaknesses, DSM-III definition of depression, literature review, 3638
stress & coping tendencies & social support, depression & well being, adults, 12707
stress & social support & depression, adults, 12698
stress, anxiety & depression, 3592
stress management & progressive relaxation training, epinephrine & norepinephrine excretion at work & anxiety & depression & irritation & somatic complaints, public agency employees with mean age of 39 yrs, 4020
stress, perceptions of anxiety & hostility & depression, Type A vs Type B college students, 3456
stressful events, hostility, depressed patients, 8009
stressful life events & symptoms of depression, males & females with mean age of 46.8 & 44 yrs, 12–15 mo longitudinal study, 5703
strongyloidiasis presenting as hypochondriacal depression, 70 yr old male, 5970
structural organization of EEG, normal vs mildly vs severely depressed Ss, 10511
substance abuse & depression masked by pseudodementia, 60 yr old female, 1099
subtypes & laboratory tests & treatment modalities, autonomous depression, 5728
suggestion for existence of hypoxic affective syndrome, 5985
suicide & depressive disorders, males, Sweden, 25-yr followup, 3515
symbiotic vs rapprochement subliminal stimuli, psychodynamic activation & depressive symptomatology, 17–62 yr old female patients, failure to replicate S. Nissenfeld's application of L. H. Silverman's technique, 1571
symptomatology, EEG characteristics, depressed inpatients, 12866
symptomless autoimmune thyroiditis, diagnosis of depression, 3576
symptoms & causes of pathological maternal nostalgia, 45–55 yr old females whose adult children had left home, 5681
symptoms of depression, 8050
symptoms of depression & interpersonal sensitivity, heroin addicts seeking ambulatory detoxification vs methadone maintenance, 11104
symptoms reported on Center for Epidemiologic Studies-Depression Scale vs diagnosis by Research Diagnostic Criteria, screening for depression, 3549
teacher consultation model, early identification & remediation of childhood depression, classroom teachers & their students, 8037
temperature vs iodoacetic acid vs ouabain, red blood cell tyrosine uptake, patients with unipolar vs bipolar depression vs schizophrenics, 3644
thiothixene vs chlorpromazine & imipramine, secondary depression, schizophrenic 19–63 yr olds, 13256
thyrotropin response to thyrotropin-releasing hormone & dexamethasone suppression test, neuroendocrine abnormalities, patients with mean age of 41 yrs with major unipolar depression, 5720
time awareness, 20–66 yr old patients with endogenous vs neurotic depression vs schizophrenia or paranoid state with depressive symptoms, 3589
trazodone, prolactin & somatotropin secretion, 45–71 yr old depressed males, 13289
tricyclic antidepressants &/vs antipsychotic drugs vs ECT vs psychotherapy, treatment response, nonpsychotic vs psychotic depressives with mean ages of 55.1 & 57.4 yrs, implications for psychodiagnostic classification, 3883
trimipramine/phenelzine combination, refractory depression, 30 yr old male, 13279
tripelennamine vs haloperidol vs oxazepam, stress-induced activity & neuroendocrine deficits, male rats, test of specificity of animal model of depression & implications for drug therapy, 632
tyramine excretion rate & norepinephrine turnover, patients with primary major depressions, 10548
tyrosine, elevation of urinary catecholamines & metabolites, 18–21 yr old males, implications for treatment of depression, 2918
utility of dexamethasone suppression test, differential diagnosis, depressed 13–18 yr olds, 8007
validity of self report & interview measures, measurement of childhood & adolescent depression, 2445
verbal associations, schizophrenics & depressives, 5724
verbal productivity & cohesion & reference patterns, children at risk for mental disorders, 3581
viewing of TV miniseries based on social learning, depression, community residents, 4154
volunteer hospital Suicide Sitter Program, depressed & potentially suicidal adolescents, 8653
vulnerability of self during depressive episode, 16–70 yr old neurotic & psychotic & schizophrenic inpatients vs normals, 5769
Depression (Spreading) [See Spreading Depression]
Depressive Reaction (Neurotic) [See Neurotic Depressive Reaction]
Deprivation [See Also Cultural Deprivation, Food Deprivation, Sensory Deprivation, Sleep Deprivation, Social Deprivation, Social Isolation, Stimulus Deprivation, Water Deprivation]
food preferences, salt deprived rats, 2882
food vs water vs glucose/saccharin deprivation, iv etonitazene self administration, male rats, 12141
pathological defenses of avoidance & freezing & fighting due to early experience of danger & deprivation, 3–18 mo olds, 12478
reward magnitude & deprivation level, resistance to extinction, male rats, 9719
Depth Perception [See Also Stereoscopic Vision]
computational model, binocular depth perception, 261
depth separation with parallel vs intersecting depth planes, attenuation of rod & frame effect for large vs small frames, 11789
figures with attendant illusory contours, perceived brightness gradients & depth effects, college students, 263
fixation on stationary point vs tracking of dichoptically presented target, discrimination of changes in depth, 2568
footstool drawing in depth, back & front line length judgments, human Os, support for explanation of G. Glasser & N. K. Humphrey for reversed perspective in Byzantine other arts, 2573

German Accident Insurance Law as impetus to research on monocular depth perception & subsequent legislation by German Insurance Board, 1884–1914, 2563
monocularly viewed rectangular grid rotated in depth &/vs masking textured surface, perceived slant-in-depth & optical texture, college students, 2557
optical axis nonparallelism, range-finding accuracy & visual fatigue, adults, 9537
organization & complexity of drawings of transparent vs solid objects, perception of 3-dimensionality, college students, 7190
perceived depth of pattern & structural relevance of briefly flashed target line, identification accuracy, naive Ss, implications for object superiority effect, 11802
retinal disparity of stimulus depth, neuronal sensitivity to direction of motion in visual cortex, cats, 5046
stereoscopic displays, form & depth & motion perception, 262
visual cliff with shallow vs deep vertical patterns at varying distances from centerboard, avoidance, 1 day old chicks, 2679
Depth Psychology
rationale & technique for use of programmed case material in teaching ego psychology, graduate clinical social work education, 13546
relevance of "I Ching" for depth psychology, 12375
Dermatitis [See Eczema, Neurodermatitis]
Desensitization (Systematic) [See Systematic Desensitization Therapy]
Design (Experimental) [See Experimental Design]
Design (Man Machine Systems) [See Man Machine Systems Design]
Desipramine
chronic desipramine & nomifensine, number of presynaptic dopamine receptors in striatal tissues, male rats, 5248
clonidine vs phenoxybenzamine vs chlorpromazine vs yohimbine vs piperoxane vs desipramine, paradoxical sleep, male rats, 12276
desipramine & methylphenidate, chronic depression, 39 yr old male, 13267
desipramine, plasma concentrations, depressed inpatients with mean age of 47.3 yrs, 8470
femoxetine vs desipramine, depressive symptoms & cerebrospinal fluid levels of 5-hydroxyindoleacetic acid & 4-hydroxy-3-methoxyphenyl glycol & homovanillic acid, depressed outpatients, 6275
fluoxetine vs desipramine & forebrain serotonin vs norepinephrine depletion induced by lesions of raphe nuclei vs dorsal noradrenergic bundle, taste aversion conditioning, male rats, 12165
hypothyroidism in response to thyrotropin & desipramine & lithium, rapid mood cycles, unipolar depressed 24 yr old female, 4070
length of desipramine treatment, inhibition of clonidine effects on CNS, 23–62 yr old depressed patients, 13271
lithium & saline vs desipramine with vs without lithium, shock-induced fighting, male rats, 10030
methylphenidate test, differentiation of response to imipramine & desipramine & amitriptyline & nortriptyline, 15–58 yr olds with major depressive disorder, 13292
midbrain 6-hydroxydopamine injection, overeating & obesity & role of norepinephrine & epinephrine depletion & prevention by dextroamphetamine & desmethylimipramine & benztropine, rats, 7552
noradrenaline neurotoxin DSP4 & exteroceptive context & UCS preexposure & desipramine pretreatment, taste aversion learning, male rats, 12240
thyrotropin releasing hormone & desimipramine, plasma growth hormone & follicle & thyroid stimulating & luteinizing hormone & prolactin, 36–65 yr olds with primary affective & schizoaffective disorders, 13258
zimelidine & desipramine, depressed patients, 8444
zimelidine vs desipramine, endogenous depression, 25–68 yr old hospitalized patients, 6265
zimelidine vs desipramine, endogenous depression, 25–68 yr old patients with high vs low cerebrospinal fluid pretreatment levels of 5-hydroxyindoleacetic acid & homovanillic acid & 4-hydroxy-3-methoxyphenyl glycol, 6266
Desirability (Social) [See Social Desirability]
Desires [See Motivation]
Detection (Signal) [See Signal Detection (Perception)]
Detention (Legal) [See Legal Detention]
Detoxification
detoxification withdrawal program, treatment of chronic pain, 6285
emergency detoxification, drug addicts, 1836
factors affecting detoxification from methadone maintenance, discharged patients, 8707
medical & psychiatric problems, 19–63 yr old indigent alcoholics in detoxification program, 6491
selection process, outpatient detoxification, tranquilizer & sedative-hypnotic addicts, 1829
symptoms of depression & interpersonal sensitivity, heroin addicts seeking ambulatory detoxification vs methadone maintenance, 11104
Development [See Also Related Terms]
acquisition & extinction of motor CR to auditory CS, auditory unit activity & modification of interneural connectivity, cats, 2776
age & strain & commercial vs laboratory breeding, brain development & corpus callosum deficiency, inbred mice strains, 341
chronic low level lead exposure-induced subclinical lead poisoning, retardation of brain development & function, literature review, 1443
current trends, research on behavioral development, Japan, 728
development & cortical organizational plasticity of trigeminal somatosensory system, rats, literature review, 12067
development & plasticity of callosal & corticostriatal projections of frontal association cortex, primates, 12056
developmental crisis & adjustment, 33–42 yr old expectant & new fathers, 10335
evolutionary development of nervous system, 12072
experiments with aniseikonic lenses & rat pups' heart rate as illustrations of preconceptions in research in developmental psychobiology, 6967
functional development of prefrontal association cortex, rhesus monkeys, review of behavioral & electrophysiological studies, 12043
high-pass filter cut-off variation during measurement, development of early auditory evoked responses, kittens, 73
ideas of self corrective regulation & sensitive periods in development from animal research, implications for rehabilitation of abnormal human behavior, 12381
kindergarten, development, children, 4413
malnutrition during fetal or infancy period, behavioral development, literature review, 3836
maternal nicotine & caffeine, offspring size & growth rate & cognitive function & premature delivery & spontaneous abortion & stillbirths & neonatal deaths & congenital anomalies, humans & animals, 5252
milk licking CR to optic tract electrical stimulation CS, sensorimotor & visual cortex multiunit activity & interneural connections, cats, 2789
model of personal development based on theories of J. Piaget & C. Rogers, 744
neonatal vs adulthood lesions of visual areas 17 & 18, retinal X-cell loss, cats, 582
nutritional deficiencies, CNS myelinated fiber development, literature review, implications for behavioral disordered children, 553
optic nerve crush, role of retinal ornithine decarboxylase activity in neural regeneration, goldfish, 573
optic nerve stimulation, potassium accumulation, 1–3 day old vs adult rat optic nerve, 558
postmortem cortical biopsy & microscopic study of brain tissue, analysis of neocortex development, normal vs neurobehaviorally retarded children, literature review, 13069
single S research in comparative developmental psychology, 11574
social values & childrearing practices, societal complexity, cross cultural sample, 7762
visual afferent vs spontaneous activity, development of ocular dominance columns in primary visual cortex, literature review, 12098
Developmental Age Groups [See Also Adolescents, Adults, Aged, Children, Infants, Middle Aged, Neonates, Preschool Age Children, School Age Children, Young Adults]
advanced maternal age, Alzheimer's disease, patients with mean age of 73.2 yrs, 13459
mixed- vs same- age group play, preferences for same sex playmates, 2–5 yr olds, 855
Developmental Differences [See Age Differences]
Developmental Disabilities
ability level & rate of developmental & familial & behavioral problems, mildly retarded 7–8 yr olds recommended vs not recommended for special class placement, 2053
background characteristics & speech articulation & language & motor development & intelligence & behavior problems, 5 yr olds with bilateral otitis media with effusion, 1422
childhood development & prevention of developmental disorders, 4 yr olds, 5-yr longitudinal study, 12797

clinical course of mannosidosis, 6 mo to 3 yr olds at onset, 8–10 yr longitudinal study, 3759
complications during neonatal period, developmental problems, preterm children from birth to 5 yrs old, longitudinal study, 3778
demographic & disability & skill level characteristics, developmentally disabled New York State children & adults, 12789
developmental problems & psychopathology, 36–186 mo old fetal alcohol syndrome patients, 1114
developmental problems, children & adolescents with epilepsy, 1417
diagnosis & treatment of handicaps & developmental disorders, proceedings from International Conference of Defectology Workers, Hungary, 7968
expectations from professionals serving their children, parents of physically or mentally disabled or developmentally delayed children, 7971
facial screening, trichotillomania, developmentally disabled 3–9.5 yr olds, 6217
litigation, provision of services for developmentally disabled, 10963
maternal mood & caretaking difficulties, mothers of infants with perinatal complications at time of hospital discharge vs 9 mo later, 5664
methylphenidate, childhood-onset pervasive developmental disorder, 5 yr old male, 8478
Missouri Children's Behavior Checklist, assessment of risk for developmental & learning disabilties & behavior disorders, preschool age children, 198
parent training vs adaptive relationship approach, early intervention, developmentally disabled infants & their parents, literature review, 11302
problems & recommendations in interdisciplinary evaluation, 8 mo to 17 yr olds referred for suspected developmental disabilities, 1337
reading & spelling abilities, 7–11 yr olds with developmental verbal dyspraxia vs 6–11 yr olds with cleft palates vs normal children, 6030
relationship-focused intervention, infants with developmental disabilities & their parents, literature review, 8263
role of cerebellum in sensorimotor & behavioral function & dysfunction, literature review, 9832
speech & language characteristics, 7.6 yr old with Noonan syndrome, 1441
trends & program development, rehabilitation of developmentally handicapped adults, Australia, 8659
videotape program, use of medium & staff-client communication & mastery of aspect of health care experience, hospitalized adolescents & antisocial developmentally disabled male young adults, 6441
Developmental Psychology [See Also Adolescent Psychology, Child Psychology, Gerontology]
application of developmental psychology research, 747
behavior analysis & developmental psychology, 3051
behavior analysis & life span perspective in developmental psychology, literature review, 751
developmental psychology, behavioral treatment of phobic behavior & attention deficit disorder, children, 10905
experimental design bias, aging research, 2340
extrapolations from model of relativity to develop new model for construing time, application to life span development, literature review, 750
Piaget-inspired genetic psychology & culture, literature review, 10108
pro-natalist bias in life span developmental psychology, literature review, 12406
procedure for measurement of stability of concepts over range of ages in developmental research, 2491
research in developmental psychology, West Germany, literature review, 5334
single S research in comparative developmental psychology, 11574
usefulness of Piaget's concept of equilibration & relationship to feedback & computational ideas, 764
Developmental Stages [See Also Embryo, Fetus, Menopause, Prenatal Developmental Stages, Puberty]
cognitive & perspective taking development & exposure to reasoning below vs above moral stage, moral development stage, 5th–7th graders, implications for sequentiality of L. Kohlberg's moral development stages, 3065
cognitive development, creativity, 6–14 yr olds, 12445
development of orthographic knowledge, 4–10 yr olds, 7653
developmental age changes, selective search strategies, 5 & 8 & 11 yr olds & adults, 3168
developmental sequence of nonverbal concept of agent, 11 mo olds, 12-mo longitudinal study, 7679
developmental stage, friendship formation & impairment & relationship to group therapy, 1–3 vs 3–6 vs 6–12 vs 12–16 yr olds, 3207
developmental transitions, young adult development, 761
formal operational thinking vs stress & content & performance limitations as clinical factors influencing actual cognitive performance, adolescents, 7716
Guttman scaling of comprehension stage data from J. Rest's objective test of moral comprehension, implications for construct validity & usefulness, 11633
initial location of object having vs not having background, Stage 4 error not monitoring change of location for objects, 8–10 mo olds, 770
loss & lack of narcissistic defense & loneliness, developmental stage correlates & oedipal conflict, aged psychoanalysis patient, comments on paper of N. A. Cohen, 10845
mid-life career crisis, 20–55 yr old male managers, Australia & Great Britain, 2194
midlife & long term marriage, wives vs husbands, implications for therapy, 8370
notation system for formal aspects of E. H. Erikson's theory of psychosocial development, interstage relationships between identity & intimacy crises of adolescence, 5442
opportunities for growth, adults in postparental stage, 3037
perceived conflict vs consonance of presented opinions on moral questions, moral development, 5th–7th graders, 7628
phases of adult life cycle & developmental stages, adult learning & goals for higher education, 746
Piagetian development of play behavior & usefulness in intervention, children, 3036
predictive validity of parental reports of developmental milestones, WISC-R scores, 6–17 yr olds, 141
procedures for testing stage-learning hypothesis, instructional design implications, 767
psychological maturity, happiness, 35–85 yr old males, 12499
religious development, usefulness of anthropomorphic portrayals in Bible, 6–12 yr olds, 12387
response coincidence analysis, stages in acquisition of system for pluralization, 2–7 yr olds, 3072
sex differences & sex of E conservation ability, kindergartners & 1st graders, 10195
stages of development in reconciliation of moral reasoning & reality, adults, 10093
systematic & metasystematic reasoning as cognitive development stages beyond formal operations, college & graduate students, 10130
theory of social cognition of R. L. Selman & developmental stages of role taking, 3052
transactional analysis interpretation of stages in human cycle of development, 3046
type of hiding places in object permanence tasks, success in retrieval of objects, 6–10 mo olds, 50
validity of Language Arts Test of Cognitive Functioning, assessment of level of cognitive functioning in language arts tasks, 7th graders, 6802
Deviant Behavior [See Antisocial Behavior]
Deviations (Sexual) [See Sexual Deviations]
Devices (Experimental) [See Apparatus]
Devices (Safety) [See Safety Devices]
Dexamphetamine [See Dextroamphetamine]
Dexedrine [See Dextroamphetamine]
Dexterity (Physical) [See Physical Dexterity]
Dextroamphetamine
apomorphine vs dextroamphetamine vs levoamphetamine, induction of copulatory behavior by estrogen &/vs progesterone, ovariectomized rats, 658
chronic dextroamphetamine, flight reaction in response to novel stimulus, male rats, 12314
delta-9-tetrahydrocannabinol vs atropine vs LSD vs phencyclidine vs hallucinogen SKF-10,047 vs dextroamphetamine vs sodium pentobarbital, food consumption, food-deprived dogs, 12349
dextroamphetamine & isolation vs inescapable shock, acoustic startle, mice, 12161
dextroamphetamine, facilitation of avoidance following anisomycin-induced amnesia, male mice, 10031
dextroamphetamine, intracerebral electrochemistry & activity & stereotypy, male rats, 12326
dextroamphetamine microinjections into nucleus accumbens vs caudate putamen, learning to ignore irrelevant stimulus in latent inhibition paradigm, rats, 688

dextroamphetamine therapy, apathetic depression & urinary incontinence, 61 yr old female with bilateral frontal lobe meningiomas, 1633
dextroamphetamine vs chlordiazepoxide vs chlorpromazine vs LSD vs pentobarbital vs scopolamine, brightness discrimination, male rats, 638
dextroamphetamine vs haloperidol following motor cortex ablation, recovery from paresis & depressed catecholamine levels, male rats, implications for rehabilitation of stroke & trauma patients, 7544
dextroamphetamine with vs without propranolol pretreatment, food intake & eating time & length of eating bouts & eating rate, male rats, 10050
dosage level of fluphenazine decanoate, serum prolactin & dextroamphetamine-induced locomotor activity & sniffing & rearing, male rats, 2963
methylphenidate & dextroamphetamine, treatment of depression, 15–78 yr old medically ill patients, 6293
midbrain 6-hydroxydopamine injection, overeating & obesity & role of norepinephrine & epinephrine depletion & prevention by dextroamphetamine & desmethylimipramine & benztropine, rats, 7552
naloxone, dextroamphetamine & apomorphine induced rearing & ambulation, male rats, 12289
operant learning method, behavioral assessment of dopaminergic effects of dextroamphetamine & apomorphine & haloperidol & methohexital, female rats, 7547
operationalization & quantification of dexedrine side effects, hyperactive children, implications for parental monitoring, 4075
pimozide vs dextroamphetamine vs levamfetamine, ipsi- & contraversive circling induced by substantia nigra stimulation, male rats, 12347
prenatal methyl mercury & postnatal dextroamphetamine, avoidance & DRL task performance, male rats, 606
reinforcement withdrawal & dextroamphetamine, rate of intracranial electrical self stimulation following unilateral precollicular transection & telencephalon ablation, male rats, 5166
withdrawal from chronic dextroamphetamine, persistence of cerebellar Purkinje decreased cell discharge, rats, 10040
withdrawal from dextroamphetamine & diethylpropion, confusional paranoid psychosis, 70 yr old male & 22 yr old female, 1606
6-hydroxydopamine followed by dextro- vs levoamphetamine, dopamine & norepinephrine levels in brain & activity level at 15 & 20 & 25 days, rats, implications for hyperkinesis research, 2931
Diabetes [See Also Diabetes Insipidus, Diabetes Mellitus]
barbiturate anticonvulsants, self concept & anxiety & locus of control & side effects, 6.5–12.8 yr old epileptics & diabetics, 10930
EMG biofeedback, carbohydrate metabolism, insulin-dependent diabetic, discussion of study by K. N. Seeberg & K. F. DeBoer, 13252
group behavioral vs individual education program, knowledge & disease management skills & clinical outcome, disadvantaged diabetic & hypertensive patients, 13314
MMPI profiles, patients with chronic low back pain vs migraine headache vs hypertension vs diabetes, 8225
naloxone, suppression of food intake, genetically obese vs streptozotocin-induced diabetic mice, 647
offering of glucose vs glycerol solutions, fluid intake, diabetic vs nondiabetic male rats, 12252
oral vs sc glycerol, total & night & day food intake, diabetic male rats, 12251
parent's avoidant vs non-avoidant illness behavior, illness behavior, diabetics with mean age of 51 yrs, 8257
perception of stress, diabetic 6–16 yr olds, 8213
psychological factors & behavioral management education, juvenile diabetes, 8531
psychological factors in etiology & impact & adjustment & treatment of diabetes, literature review, 5960
sequential self monitoring & goal setting & behavioral contracting, regimen compliance, insulin-dependent nonadherent 16–18 yr old diabetics, 8432
sex & age & level of integration, body image, 12–17 yr old diabetics vs nondiabetics, 5987
validity of self reported utilization of diabetes center, 21–79 yr old diabetics, 2389
Diabetes Insipidus
age, posterior pituitary & intra- and extrahypothalamic vasopressin content & memory decrement, rats heterozygous vs homozygous for diabetes insipidus vs normal rats, 452
performance & retention of avoidance tasks, Brattleboro diabetic & antidiuretic hormone deficient vs normal rats, 9818
vasopressin vs oxytocin, brain catecholamine & serotonin metabolism & avoidance learning, rats heterozygous vs homozygous for diabetes insipidus, 695
Diabetes Mellitus
biofeedback, penis sensitization, 27 yr old male with juvenile diabetes mellitus, 8391
biological & pathological characteristics of obesity & metabolic responses of adipose & muscle tissues to physical training & role in diabetes mellitus, 3856
cultural factors, health care, 22 yr old male diabetic, 8546
family relations, coping behavior, adolescents with diabetes mellitus, implications for family therapy, 13014
glucose & fructose concentrations, suprathreshold magnitude estimation of taste intensity, Ss with non-insulin dependent diabetes mellitus vs 1st degree diabetic relatives vs nondiabetics, 3845
incidence of diabetes mellitus & taste disturbances, patients with Bell's palsy, 6008
physical complications & social functioning & psychiatric morbidity, 15–56 yr olds with diabetes mellitus & sickle cell anemia, 8182
psychosocial stress vs smoking & weight & blood pressure, prediction of lung cancer & cardiac infarct & apoplexy & diabetes mellitus, survey respondents, 7-yr followup, 3798
Diacetylmorphine [See Heroin]
Diagnosis [See Also Angiography, Biopsy, Computer Assisted Diagnosis, Differential Diagnosis, Echoencephalography, Educational Diagnosis, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electroretinography, Galvanic Skin Response, Medical Diagnosis, Ophthalmologic Examination, Plethysmography, Pneumoencephalography, Psychodiagnosis, Psychodiagnostic Interview, Roentgenography]
age & mental retardation & neuropathology, diagnosis & threshold determination using electric response audiometry, 2 mo through 5 yr olds & adolescents & adults, 8240
arguments for abandonment of term "pseudodementia", 12874
autism, description & sources of difficulties & generic & official classification & historical labeling trends, literature review, 5741
barriers to treatment & need to encourage client involvement in self help groups & community services, inner-city clinic for diagnosis of learning disabilities in disadvantaged minority children up to 16 yrs old, 6423
bivariate plotting procedure, accurate diagnosis of hearing loss, normal hearing 22–58 yr olds & hearing impaired 24–84 yr olds, 4687
capillaroscopy of perionychium, diagnosis of infantile brain damage, 6 yr olds, 13011
characteristics & diagnosis & treatment of Alzheimer's disease, 3808
checkerboard pattern reversal visual evoked potentials, evaluation of Parkinson's disease, patients with mean age of 64 yrs without eye pathology, 10709
clinical picture & epidemiology & diagnosis & neuroanatomical correlates & etiology & pathogenesis of amnesic episodes, 5961
clinical utility of short form of Speech Sounds Perception Test, neurological & psychiatric inpatients, 4783
correlation between Peabody Individual Achievement Test & WISC-R, Mexican American vs Anglo children, implications for diagnosing learning disabilities, 132
cross cultural validity of diagnostic concept of manic depressive psychosis, 10566
definition vs diagnosis of learning disability, 12991
definitions & diagnostic procedures & treatment, learning disabilities, US, 10673
development of Clinical Dementia Rating scale, 65–80 yr old mild to severe dementia Ss, 148
development of diagnostic classification system for phonological disorders, 3756
dexamethasone suppression test results & cortisol circadian rhythm, 47–77 yr old males with advanced primary degenerative dementia, 6013
diagnosis & clinical management of velopharyngeal insufficiency, 16 yr old male with multifocal eosinophilic granuloma, 3779
diagnosis & treatment, mixed anxiety-depression, aged, 12823
diagnosis & treatment of physical illness & depression, elderly patients, literature review, 7970
diagnosis of hyperactivity in children, physicians, 6028
diagnostic & treatment problems, 9–56 yr olds hospitalized with symptoms attributed to hexes or spells, 6440
diagnostic classification, patients with unexplained hypersomnias, 1370
diagnostic comparability of brain stem evoked potential vs behavioral audiometry, 6 mo through 12 yr olds, 45

diagnostic considerations, Asian Americans, 13115
diagnostic methods, endogenous psychoses, Switzerland vs West Germany vs Austria vs US, 12810
diagnostic program, stutterers, 10686
diagnostic properties of neuropsychological assessment method, 5–6 yr olds with neurological diagnoses vs normal children, 13046
diagnostic value of loudness balancing vs intracranial midline imaging vs masking level differences vs binaural beats, 8–72 yr olds with peripheral hearing loss or CNS damage, 2378
difficulties in diagnosis of anorexia nervosa, 22 yr old female, 3797
early identification of auditory imperception & receptive language disorders & language delay, remediation through parents, preschool children, 5917
EEG of sleep stages & irregularities, diagnosis of epilepsy, patients, 10704
etiological & diagnostic & therapeutic problems regarding dyslexia, children, Switzerland, 10661
frequency of randomized vs sinusoidal head oscillations, visuo-vestibular interaction, 20–41 yr olds, implications for clinical diagnosis, 2531
genetic factors in etiology of deafness, implications for genetic diagnostic & counseling process, literature review, 5932
hysterical neuro-ophthalmologic manifestations, 21–45 yr old patients, 1163
identification & evaluation & treatment of headaches, children, 1367
identification & prevalence of depression, older patients, 7989
identification & social work intervention & treatment, psychosocial dwarfism, children, literature review, 1350
laboratory measures vs rating scales vs direct observation, diagnosis of hyperkinesis, children, 7040
language barrier in medical & psychological viewpoints, barbaric body, 13118
length of observation time over course of lecithin treatment, frequency counts of abnormal involuntary movements used for measurement of tardive dyskinesia, chronic schizophrenics with mean age of 55 yrs, 1110
level of professional experience, diagnostic accuracy & overshadowing in rating patient with schizophrenia with vs without mental retardation, psychologists vs clinical graduate students, 10672
linear models, analysis of EEG organization, normal vs schizophrenic Ss, 10510
manifestations & diagnosis & treatment, Kleine-Levin syndrome, literature review, 1410
metric based on percentage of consonants correct, assessment of severity of phonological disorders as part of diagnostic classification system, 3757
multivariate diagnostic model, violent delinquent adolescents, 8111
need for psychiatric education in internal medicine training programs & underrecognition of psychosocial distress, internal medicine patients & internists, 13336
neuropsychiatric manifestations & diagnosis & treatment of neurosyphilis, 8254
populations vulnerable to symptom conversion & conversion process & identification & treatment, 1386
prevalence & assessment & treatment of psychological disorders, aged, review of Dutch research, 10585
problems & recommendations in interdisciplinary evaluation, 8 mo to 17 yr olds referred for suspected developmental disabilities, 1337
problems in diagnosis of minimal brain dysfunction, implications for effects of such labeling & special education, 13102
problems with administration & scoring & design & validity of Object Learning Test of Kendrick Battery, detection of dementia, 193
problems with design & validity of Object Learning Test of Kendrick Battery, detection of dementia, criticism of article by M. Skelton-Robinson & R. Telford, 155
pure tone audiogram vs brain stem response audiometry & filtered speech test, extent & correlation with disease severity of hearing pathology, 25–56 yr old multiple sclerosis patients, 8201
rate of speech & normal vs exaggerated stress on critical elements of sentences, paragraph comprehension, 37–72 yr old aphasics, diagnostic & treatment implications, 8229
recognition & management of suicidal behavior, mentally retarded, 8303
reliability & validity & factor structure of revised Rapid Disability Rating Scale, 163
reliability of diagnosis & conceptions of clinical features of autism, 7980
respirometric quotients from oral & nasal air volumes, evaluation of velopharyngeal closure, 6–10 yr olds, 7002
roles in planning special education & diagnosis & therapy & followup assessments of learning disabled students, physicians, 6790
Rotter Incomplete Sentences Blank, identification of delinquency, delinquent males with mean age of 14.8 yrs, 5821
short-latency somatosensory evoked responses, diagnosis of cervical & thoracic outlet syndromes, 16–52 yr old patients, 3850
stressful situations, developmental dysfluency, 2 vs 4 vs 6 yr old males, implications for children diagnosed as stutterers, 7699
structural elements of treatment programs & use of diagnostic classification system for phonological disorders, 3–9 yr olds, 4112
subtypes & laboratory tests & treatment modalities, autonomous depression, 5728
suggestions for diagnosis & parent counseling & referral, stuttering, pediatricians treating 2–6 yr olds, 1673
terminology & diagnosis & incidence & role of stress in etiology & treatment, bruxism, literature review, 1406
use of cues in clinical judgments of congenital heart disease, expert vs novice clinicians, 4286
validity & usefulness of Tourette Syndrome Questionnaire, assessment of epidemiology & symptomatology & treatment effects, 8–57 yr old patients, 2444
17-hydroxycorticosteroid & catecholamine levels, diagnosis of mental & physical load, 12121

Dialect [See Also Nonstandard English]
inter- vs intra-group ethnic interaction, decreolization of synchronic code-shifting, Creole speakers, Belize, 10062
rural vs urban areas, language acquisition & use, Kenya, 2997
social factors, language registers & levels of style in Pidgin, Papua New Guinea, 3013
stammering incidence & stress from stigma attached to local dialect, school age children, British West Indies, 5911

Dialectics
meaning of idealistic vs materialistic dialects, 9241
problem solving & decision making & dialectical contradictions, 11882

Dialysis [See Also Hemodialysis]
dementia & affective symptoms, 64 yr old female dialysis patient, 3788
psychological factors indicative of success in accommodation & compliance with continuous ambulatory peritoneal dialysis, 18–72 yr olds, 8529

Diarrhea
phenelzine, chronic diarrhea & underlying depression, 59 yr old male, 1658

Diastolic Pressure
anxiety-provoking condition & sex, response to State Trait Anxiety Inventory & systolic & diastolic blood pressure, undergraduate medical students, 12118
diastolic blood pressure conditioning, levels of arterial blood lactic acid & systolic & diastolic blood pressure & heart rate, male baboons, 12113
feedback schedule & bilateral locus of diastolic blood pressure-contingent feedback, acquisition & extinction of bidirectional diastolic blood pressure changes, 18–40 yr olds, 2849
systolic & diastolic blood pressure & heart rate & skin conductance during letter identification vs mental arithmetic tasks, hypertensive vs normotensive Ss with mean age of 41.6 yrs, 13025

Diazepam
alprazolam vs diazepam, anxiety, outpatients with mean age of 39 yrs, 10948
anxiety & diazepam, RT of recall on semantic memory task, college students, 622
apomorphine vs diazepam, attenuation of quickly learned conditioned suppression & motor activity in shock environment, male rats, 2953
benzodiazepine receptor antagonist Ro 15-1788 following chronic diazepam, precipitated withdrawal, baboons, 7560
caffeine & midazolam vs diazepam vs benzodiazepine convulsant Ro-5-3663, water intake & course of drinking, water deprived male rats, 12260
chlordiazepoxide & diazepam dosage, raphe nucleus activity & ataxia & EMG activity, cats, 12343
clobazam vs diazepam, anxiety reduction & withdrawal effects, 19–58 yr olds with anxiety neurosis, 13278
conditioned emotional response & conditioning anxiety & shock history & diazepam, brain monoamine content & turnover, rats, 468
diazepam & epinephrine with local anesthetic during dental surgery, anxiety & heart rate & blood pressure & plasma norepinephrine, 18–25 yr old patients, 6282

diazepam, cerebellar inhibition of vestibular neurons, albino rabbits, 670
diazepam, exploratory activity, mice strains, 12262
diazepam, free recall & paired associate & serial learning, 18–30 yr olds, 2947
diazepam, impairment of lateral position control in highway driving, 24–34 yr old expert drivers, 666
diazepam, letter matching under self vs experimenter's pacing, 18–38 yr olds, support for findings of A. F. Mirsky & C. Kornetsky on digit symbol substitution & continuous performance test, 2943
diazepam, treatment of tardive dyskinesia, 23–72 yr old patients, 1653
diazepam vs phenobarbital vs phenytoin & prefrontal cortex electrical stimulation, self stimulation response, male rats, 12176
diazepam vs relaxation therapy, panic disorder, 18–25 yr olds, 13135
diazepam withdrawal, psychosis, 37 yr old Black female, 1622
dose of ethanol vs chlordiazepoxide vs diazepam, discriminative learning performance, rats, 2977
GABA agonist progabide &/vs diazepam vs sodium valproate vs haloperidol vs diphenylhydantoin & bicuculline, escape response induced by electrical stimulation of periaqueductal grey, male rats, 9992
haloperidol & diazepam & properidiazine & lithium chloride, social behavior & aggression, treated male mice & their untreated partners, 5235
hypnosis prior to iv diazepam, psychological reaction & recovery rate, surgical dental patients, 6076
individual vs group psychotherapy & diazepam vs chlorprothixene vs carbamazepine vs haloperidol, tics, children with mean age of 8.8 yrs, 3 mo–8 yr followup, 6072
iv diazepam test & subsequent relief of symptoms, prediction of response to benzodiazepam & tricyclic antidepressant therapy, anxious & depressed 18–68 yr olds, 4091
lithium &/vs diazepam & exposure to immobilization & cold & auditory stress, serotonin metabolism, male rats, 5158
meperidine vs normeperidine with vs without diazepam pretreatment, analgesia & lethality, male rats, 646
metergoline & diazepam vs quipazine vs LSD vs 2,5-dimethoxy-4-methylamphetamine, punished responding, rats, 600
methylphenidate & diazepam, reading performance, 6–12 yr olds with severe reading retardation, 8446
pemoline & haloperidol vs pimozide vs diazepam & pretreatment with parachlorophenylalanine vs parachloroamphetamine, stereotyped & self injurious behavior, male rats, 659
picrotoxin, effect of diazepam on conditioned defensive burying, male rats, 10045
purines, suppression of spontaneous muscimol- vs insulin- vs deprivation- vs diazepam-induced eating, male rats, 648
stress, muscimol & diazepam & GABAergic reduction of gastric mucosal erosions & reversal by picrotoxin & thiosemicarbazide, rats, 5219
symptoms of withdrawal from chlordiazepoxide & diazepam & oxazepam & lorazepam & nitrazepam & temazepam & clobazam, literature review, 10938
tofisopam vs diazepam, flunitrazepam binding to benzodiazepine receptors, rats, 10033

Dichoptic Stimulation

age differences, dichoptic backward masking of letters & words & trigrams, 16–26 vs 60–81 yr olds, 7645
dichoptic presentation of intersecting subjective contours, binocular rivalry & contralateral suppression, 9532
dichoptic presentation of Landolt "C" target & "X" nontarget, parafoveal identification asymmetry, college students, 7405
dichoptically added field, wavelength discrimination thresholds, 30–45 yr old males, 4873
dichoptically presented gratings with equal vs different contrast, perceived orientation of fused image, human Os, 2553

Dichotic Stimulation

age differences, dichotic ear differences in discrimination of phonetic vs musical stimuli, 2–4 mo olds, 12410
auditory verbal CS previously associated with aversive UCS vs tonal CS presentation to right vs left ear in dichotic listening task, resistance to extinction during electrodermal conditioning, college students, 7260
binaural summation & advantages of binaural over monaural presentation, implications for individual differences in reaction to binaural hearing aids, 2591
dichotic monitoring, focused vs divided attention performance, normals vs chronic schizophrenics with mean age of 52.5 yrs, 1119
dichotic speech vs complex pitch stimuli, asymmetries of ear advantages, right-handed college students, 9879
dichotic split-signal presentation of word lists vs unfiltered diotic vs high-pass diotic presentation, performance-intensity function & word recognition, hearing impaired 23–85 yr olds, 6965
duration of dichotically presented consonant-vowel stimuli, right-ear advantage in perception, 19–28 yr old right handed males, 9845
interaural vs monaural presentation of frequency-alternating coherent & streaming tone sequences, stimulus & perceptual onset asynchronies, college students, 11859
interhemispheric asymmetry, speech perception, chronic alcoholics & schizophrenics, 12792
intra- & interhemispheric processing of dichotic vs monotic vs hemiretinal vs dihaptic stimulation, schizophrenia, literature review, 5799
lateral preference & age & task difficulty & sex, right- vs left-ear advantage for environmental sound vs digit, 2nd vs 6th graders, 3124
level of temporal competition between speech stimuli in dichotic listening task, performance, 3 vs 4 vs 5 yr olds, 839
monaural vs binaural dichotic stimulation, sensorimotor cortex neuronal response & auditory localization, cats, 338
monaural vs binaural stimulation with constant interaural delay vs dichotic acoustic signals to produce sensation of directed movement, auditory evoked potentials component, humans, 5026
order of report & attention, lateralization in dichotic CV syllable-pairs task, right handed 18–41 yr olds, 9834
right vs left ear differences, judgment of intensity of dichotically presented syllables, right handed college students, 7221
selective attention during dichotic listening task, Down's syndrome vs non-Down's syndrome retarded children with mean CAs of 145 & 149 mo, 10681
speech babble vs cafeteria noise, speech discrimination in monotic vs dichotic listening, 61–91 yr old hearing impaired, 1380
streaming between successive complex tones, fusion under dichotic vs diotic conditions, college students, 11857
syntactic structure of stimuli, magnitude of dichotic right ear advantage for speech, right handed Ss, 12106
tactile vs visual vs dichotic stimulation on cognitive tasks, inter- vs intrahemispheric processing, 4–10 yr old hydrocephalics vs 5–9 yr olds with letter reversal problems, 13106
tone frequency, ear preference in dichotic listening task using pure tones, 17–28 yr olds, 11841

Diencephalon [See Also Fornix, Geniculate Bodies (Thalamus), Hypothalamo Hypophyseal System, Hypothalamus, Optic Chiasm, Thalamic Nuclei, Thalamus]

aging & senescence, histological changes in forebrain, humans, 13075
bilateral lesions of habenular nuclei, selection of motor activities under stress, male rats, 9985
embryonic forebrain transplantation into midline cerebellum vs cerebellar lesions, behavior, rat pups, 5191
Evans Blue & acetylcholinesterase analysis, basal forebrain neuron projections to basolateral amygdala, female rats, 11621
fluorescent tracer histology & acetylcholinesterase histochemical analysis, morphology & intercellular organization & cortical projections of cholinergic neurons in basal forebrain, rats, 11567
icv cycloheximide vs glutamate shortly after birth, long term effects on motor activity induced by apomorphine vs scopolamine, chickens, 2972
magnocellular forebrain nuclei lesions, acetylcholine output from cerebral cortex & electrocortical activity & spontaneous alternation & avoidance conditioning, male rats, 9977
optic tectofugal projections to nucleus prethalamicus & nucleus isthmi, brackish water & marine teleosts, 493
subfornical organ lesions, behavioral & physiological control of water balance, rats, 5212
uptake & retention of testosterone & its metabolites in forebrain, castrated male mice, implications for aromatization of testosterone to estradiol in forebrain, 484

Diets

age at onset of obesity, response to treatment for weight reduction, 16–67 yr olds, 8403
amphetamine, diet preference & anorexia, female rats, 10048
behavior-oriented group therapy, diet-induced depression, obese females with mean age of 31 yrs, 13242
behavioral techniques & cognitive modeling & dietary education, binge eating & self induced vomiting, 27–28 yr old females, 1566
Beverly Hills diet, mass marketing of anorexic psychopathology, 8262
body weight, selection of diets with varying energy vs protein levels, male dwarf chickens, 12036

consumption of exposed limelayer during nesting season & mining to reach hidden layer, reproductively mature female desert tortoises, implications for calcium stress, 397
covert change in diet caloric content, food intake, 24–50 yr old normal-weight males, 12130
cultural factors, usefulness of reinforcement for better diets for infants & infant development, mothers, Philippines, 6354
diet & development, fetuses & children, literature review, 5320
diet & strain & feeding schedule & environment differences, postfast anorexia, golden hamsters, 2879
diet & Type A behavior & smoking & medication adherence, impact of behavioral treatment for hyperlipidemia, literature review, 4012
dietary biochanin A vs ferulic acid & sex, copulatory behavior & fertility & hatchability of eggs, Japanese quail, 12267
dietary carbohydrates, hair cadmium & intelligence & school achievement, 5–16 yr olds, 12397
dietary choices, recovering alcoholics with mean age of 41 yrs, 5865
dietary experience with sweet taste, taste preferences, newborns assessed at birth vs 6 mo, 7634
dietary fat, hyperphagia & excess weight following hypothalamic knife cuts, female rats, 12179
dietary gallic acid vs propyl gallate, food intake & body weight, hypothalamic-obese vs lean rats, 12280
dietary level of alpha glucosidase inhibitor acarbose & carbohydrates vs fats, food intake & body weight, female rats, 12279
dietary morphine administration & pair feeding for long term intoxication, male rats, 11622
dietary zinc deficiency, visual & auditory association & discrimination learning, male rats, 2961
diets rich in saturated vs polyunsaturated fat, locomotor activity response to amphetamine vs methylphenidate vs atropine, rats, 526
diurnal &/vs nocturnal access to surfeit vs inadequate diets, nocturnal feeding & antipredatory behavior & weight, chicks, implications for habitat economics & feeding specializations, 404
ethanol diet during pregnancy, alcohol consumption & subsequent maternal behavior, female rats, 2946
exercise & fasting, blood glucose levels & force exerted in pedaling, male college students, 12109
family health project based on social learning theory, dietary & exercise change, Mexican American & Black & Anglo families, 10988
food additives & diet, etiology of childhood behavior disorders, literature review, 5861
high-fat vs sucrose vs chow diet, food intake & body weight & carcass composition & oxygen consumption, male hamsters, 12195
latitude & carnivorous vs herbivorous diet & nest type & social strategies, hatchability of eggs, birds, 2721
Lee Obesity Index vs body fat & ovariectomy, measurement of diet-induced obesity, female rats, 11611
lifestyle change of increased energy expenditure vs aerobic exercise with vs without dieting, weight & fitness, obese 8–12 yr olds, 6223
low dietary protein, aggressive defensive & predatory behavior, male rats, 12157
low vs high salt diets, basal & stress-induced increase in norepinephrine & epinephrine plasma levels, Dahl salt-sensitive vs salt-resistant rats, 536
low-calorie diet & exercise & hydrotherapy & physical expression & psychiatric treatment, weight reduction, obese neurotic vs psychotic vs mentally retarded females, 6064
nutritional modification with vs without blood pressure self monitoring & social competence training or relaxation training or information, blood pressure & body weight, obese patients with essential hypertension, 8382
participation in physical fitness activity & medical care & parental & peer & teacher & coaches' influence & food patterns, food & vitamin/mineral supplement usage, adolescent males, 10094
perceived causes of obesity & belief in ability to lose weight, weight loss with behavior modification &/vs diet, Ss with mean age of 36.7 yrs, 4026
phenylalanine load in diet, psychopathology, phenylketonuric 7–15 yr olds, 1475
profile, diet resistant personality, obese females, 13039
proportion of meat in diet & metabolic needs & ecology, home-range size, carnivores, 7340
psychopathic behavior patterns following diet therapy termination, children with late-treated phenylketonuria at auxiliary school, 10695
restricted daily feeding, dietary protein & carbohydrate self selection, weanling vs adult rats, 7495
sucrose availability during dark vs light periods vs entire day, feeding patterns & weight gain, male rats, 2719
undernourishment induced by maternal underfeeding & water deprivation, visual discrimination & transfer of learning & long term memory, male rats, 12143
vegetarian vs meat filled breakfast, emotional upset, male college students, 9921
vitamin D-deficient diet, dopamine & norepinephrine & dihydroxyphenylacetic acid concentrations in brain stem & cerebellum & cerebral cortex & hypothalamus & striatum & plasma calcium, male rats, 523
zona incerta lesions & dietary additions of quinine hydrochloride vs sucrose vs water, food & water intake, male rats, 2898

Differential Diagnosis

analyses of psychopathic personality & consciousness disturbance during drunkenness & patterns of amnesia, differential diagnosis of blackout vs malingering vs hysterical amnesia, 10498
application of concept of cohesive sense of self & usefulness of transferences for differential diagnosis in psychoanalysis, response to article by J. Lichtenburg, 8336
application of item-analytic procedures to factor analysis of MMPI, identification of homogeneous & independent dimensions & item scaling, male prison inmates, 111
argininosuccinic aciduria previously diagnosed as schizophrenia & mental retardation, 49 yr old female, 6043
assessment of memory function, early diagnosis of dementia, 1421
catecholamine metabolism, differential diagnosis of depressive states, 14–20 yr old males evaluated for criminal activity, 3565
chest pain symptomatology as physical manifestation, depressed 6–18 yr olds, implications for differential diagnosis of depression, 5745
clinical characteristics & differential diagnosis, borderline psychotic 6–12 yr olds, 5771
cluster analysis & selection of appropriate measures & computation of classification scores, identification of Ss who misarticulate /s/ &/vs /r/, 8–9.5 yr olds, 7022
cluster analysis of Hamilton Rating Scale for Depression profiles, depression subtypes, patients treated with antidepressant drugs, 2411
cortisol & prolactin circadian rhythms before vs after dexamethasone suppression test, 26–65 yr old female inpatients with endogenous vs nonendogenous depression, 12888
cross validation of neuropsychological key approach of E. W. Russell et al for actuarial interpretation of Halstead-Reitan Neuropsychological Test Battery, 143
definition & differential diagnosis & treatment & remediation, hyperactivity, literature review, 6007
dexamethasone suppression test abnormality, diagnosis of biologically derived depression, females with postpartum depression, 3524
dexamethasone suppression test as screen for primary depressive illness, alcoholic male inpatients with mean age of 44.4 yrs, 6513
dexamethasone suppression test, borderline personality disorder patients, 8061
dexamethasone suppression test, differential diagnosis of catatonic schizophrenia vs affective disorder, 19–47 yr olds in catatonic stupor, 3548
dexamethasone suppression test, discrimination of subtypes of depression, 10567
diagnosis & heuristic value, cycloid psychosis, 5705
diagnostic systems & differential diagnosis & need for behavioral assessment tool, autism, literature review, 12827
differential diagnosis, anxiety & neurosis, aged, 12844
differential diagnosis, depression vs delirium & dementia, aged, 12790
differential diagnosis, functional symptoms as manifestations of illness, adolescents, 10501
differential diagnosis, neurotic petitioners for compensation, 5795
differential diagnosis of normal nonfluencies vs stuttering, children, literature review, 5907
differential diagnostic validity, Hamburg-Wechsler Intelligence Test for Adults, patients with cerebral dysfunctions vs neurotic disturbances, 7953
differentiation of neuropsychiatric from psychiatric syndromes, coma vigil associated with drug overdose, 21 yr old female, 13082
drawing performance on Draw-A-Village task, 17–61 yr old schizophrenics vs other psychiatric patients vs normal 5–14 yr olds, 9367
DSM-III diagnosis & differential diagnosis, episodic disorders & schizophrenia, 5759
EEG, diagnosis & brain dysfunction, neurological vs dull-normal vs learning disabled children, criticism of validity of assumptions of H. Ahn et al, 1403

EEG, diagnosis of brain dysfunction, neurological vs dull-normal vs learning disabled children, reply to criticisms of C. McCauley & J. Ciesielski, 1344
emotional stress, contractions of detrusor muscle, 6.5–13.9 yr olds with nocturnal enuresis, implications for organic vs psychogenic enuresis, 3864
etiological factors in reading problems, categorization of word recognition skills & diagnosis of children as learning disabled vs dyslexic, reading specialists, 2064
free-field behavior, autistic male children vs mentally retarded male children with EEG abnormalities, 7978
interpretation of body of water images in drawings, paranoid schizophrenics vs manic depressives vs patients with unipolar depressive disorder, 10593
methodological & statistical problems in differential diagnosis of neuropsychological vs psychiatric disorders, 5693
misdiagnosis of conversion disorder, 54 yr old male with Guillain Barre syndrome, 8187
modern conceptualization & diagnosis of paranoia, literature review, 12853
naming performance in single word confrontation & picture description contexts, Broca's vs Wernicke's vs conduction vs amnesic aphasics, diagnostic & therapeutic implications, 1440
nocturnal epilepsy presenting as behavior problem, 5 yr old male & 9 yr old female, 5950
numerical computerized tomography scan information & WAIS & Wechsler Memory Scale scores, differential diagnosis, 55–65 yr old patients with Alzheimer's vs Huntington's disease, 10767
prevalence & reliability & discriminative power of fatigue, psychiatric vs oncological patients, 3594
rating scales & differentiation, patients with mean age of 37.2 yrs with depressive vs anxiety vs phobic neurosis, 1189
relationships among akathisia & pseudoakathisia & tardive dyskinesia, 20–65 yr olds, 6 case reports, 3824
REM latency test, specific & sensitive psychodiagnosis of definite vs probable primary depression vs secondary depression, depressed outpatients, 5694
unexpected worsening of symptoms during phenothiazine therapy as indicative of possible organic brain syndrome, 18–40 yr olds, 8488
utility of dexamethasone suppression test, differential diagnosis, depressed 13–18 yr olds, 8007
utility of WISC-R profile analysis, differential diagnosis of learning disabled children, 11639
validity of 16 PF, discrimination among psychiatric syndromes, 2421
WISC-R profile analysis, differentiation between learning disabled & emotionally disturbed children, 11696

Differential Limen [See Thresholds]

Differential Reinforcement
atropine vs benactyzine vs scopolamine dosage levels, DRL performance, rhesus monkeys, 2962
classroom DRL program, reduction of negative verbalizations & increased cooperation, junior high school students, 6699
differential punishment under DRL schedules, interresponse time & response efficiency, male rats, 352
DRL performance with small vs large & immediate vs delayed rewards, male rats with bilateral septal lesions, 9975
prenatal methyl mercury & postnatal dextroamphetamine, avoidance & DRL task performance, male rats, 606
punishment & differential reinforcement & curricular intervention, behavior problems, severely retarded 10–23 yr olds, 6225
shock duration & continuous reinforcement & DRO escape schedules, escape rates, male rats, 9748

Difficulty Level (Test)
partial correlation vs item characteristic curve vs item difficulty index, identification of GRE verbal items performing differentially depending on sex & race, Blacks vs Whites, 2112
perceived relevance & difficulty of intelligence test items, college & high school students, Australia vs Taiwan, 128
sequential testing method in applicant selection tests, control of probability of selection error & improved accuracy over ability range, 115
test difficulty & guessing & item dependence, reliability & validity of matching & multiple choice recognition cloze testing, 2418

Digestion
cholecystokinin, gastric emptying & intestinal transit & satiety, Zucker obese rats, 7561
neurotensin administration into caudate nucleus vs posterior hypothalamus, conditioned & unconditioned food reflexes & increased stomach secretion, dogs, 691

Digestive System [See Esophagus, Gastrointestinal System, Intestines, Liver, Mouth (Anatomy), Pharynx, Stomach, Taste Buds, Teeth (Anatomy), Tongue]

Digestive System Disorders [See Also Colon Disorders, Diarrhea, Fecal Incontinence, Gastrointestinal Disorders, Gastrointestinal Ulcers, Jaundice, Ulcerative Colitis, Vomiting]
artificial feeding, food behavior disorders during early childhood development, children with esophageal atresia, 1677
biofeedback & behavioral methods, treatment of irritable bowel syndrome & fecal incontinence & esophageal disorders & vomiting, literature review, 4033

Digit Span Testing
forward vs backward auditory digit span testing, suitability for inclusion in Performance Evaluation Test for Environmental Research, 18–25 yr old US Navy enlisted men, 7085
individual differences, digit span & chunking in serial anticipation task, college students, 2632
socioeconomic status, digit span test & Raven Standard Progressive Matrices & paired associate task as measures of level I & level II mental abilities, 10–11 yr olds, 7117
validity of automated form of AH4 Group Test of Intelligence & Digit Span Test & Mill Hill Vocabulary Scale—Synonyms, severely physically disabled 19–70 yr olds, 4805

Digital Computers
assembler language program to link Apple II microcomputer to PDP-11 as dumb video display unit, 9358
BASIC program & Hewlett-Packard microcomputer with data tablet & plotter, generation of American Sign Language, 9347
BASIC program package for TRS-80 & Hewlett-Packard 7225, graphics plotting, 9312
BASIC programs & Apple microcomputer, data acquisition & experiment control & stimulus presentation, 9341
degree of humanlike responses of computerized presentation of quiz, attitudes & perceived effort & difficulty, college students, social psychological implications for human-computer interaction, 9337
digital filters & methods, analysis of eye movement data, 9275
digital timer for storage & analysis & output of visual RT data, 9294
electronic modification of Apple 6502 microprocessor to mimic 60-Hz clock, real time control of experiments, 9320
evaluation of computer systems for psychology laboratory, joint meeting of users of Digital Equipment Corporation computers & various microprocessors, 9249
integrated circuit, analog-to-digital conversion of sound/silence patterns in dyadic conversation, 9261
interface for Apple II microcomputer, control of behavioral laboratory experiments, 9299
microcomputer interface, enhancement of input/output capacity for control of experiments involving large number of Ss, 9289
mini- & microcomputer system purchase & maintenance techniques to improve their reliability & longevity, 9330
modification of Sinclair ZX-80 microcomputer for operant laboratory control, 9356
type of calculator vs conventional instruction, mathematics achievement, 3rd & 4th grade compensatory education students, 8899

Digits (Mathematics) [See Numbers (Numerals)]

Dilantin [See Diphenylhydantoin]

Dilation (Pupil) [See Pupil Dilation]

Diphenylhydantoin
diphenylhydantoin therapy, binge eating & EEG abnormality, 21 yr old females, 13056

Diphenylhydantoin Sodium [See Diphenylhydantoin]

Diptera [See Also Drosophila]
lithium, hereditary shuddering, Drosophila melanogaster, 706
male eye color, mating advantage, flies, 432
phenotype, correlation between central excitatory state & conditioning, blow flies, 434
responsiveness to saline for conditioning, blow flies, comments on methodology of M. C. Nelson & J. Hirsch & L. A. McCauley & T. R. McGuire, 7315
sexual receptivity signalling & change in courtship position & reduction of male size, parasitic flies, 416

Directed Discussion Method
lecture-discussion instructional format, evaluation of graduate assistants' teaching effectiveness, college students, 4507

Directed Reverie Therapy
application of hypnotic imagery/fantasy to Gestalt concept of unfinished business, 2 case reports, 3898
dance therapy & guided imagery, insight into eating behavior, obese Ss, 13139

guided affective imagery, psychic & material body reality, hypochondriacs, 13176
guided imagery, generation of career alternatives, college students, 9055
partially guided hypnotic dream utilization, problem solving, 25–72 yr old hypnotherapy patients, 13307
Disadvantaged
alcoholism & presence in skid row populations, 45–69 yr old females, implications for social services, 1276
barriers to treatment & need to encourage client involvement in self help groups & community services, inner-city clinic for diagnosis of learning disabilities in disadvantaged minority children up to 16 yrs old, 6423
career related factors, attitudinal & cognitive aspects of vocational maturity, disabled & disadvantaged college students, implications for research framework, 13764
cognitive training in chemistry courses, disadvantaged college students, 6635
contingency contracting with teacher based on attendance vs achievement, academic productivity, 16–21 yr old vocational students in program for disadvantaged, 4371
Culture Fair Intelligence Test, correlations between scores on Form A vs B vs A & B, disadvantaged 3rd–5th graders, 11664
financial constraints, delays in institutional reforms, public service agencies, 984
frequency of vs no home visits by paraprofessionals trained to work with parents, school achievement, disadvantaged 4 & 5 yr olds, 2-yr longitudinal study, 13674
group behavioral vs individual education program, knowledge & disease management skills & clinical outcome, disadvantaged diabetic & hypertensive patients, 13314
home vs school, general mental vs creative thinking abilities, students from enriched vs disadvantaged home environments, 2000
induced emotional states, letter discrimination, disadvantaged 4–6 yr olds, 3112
interpersonal cognitive problem solving intervention, impulsive & inhibited behavior, disadvantaged Black 4 & 5 yr old nursery school & kindergarten students, 4385
levels of academic responding time, minority disadvantaged special education students, 11369
measure of locus of control & self concept & emotional & social adjustment, prediction of GPA & total hours earned, educationally disadvantaged college students who earned degrees, 6815
orientation approach, attitudes toward counseling center, disadvantaged Black freshman college students, 11407
preschool programs emphasizing cognitive & affective development, low income Black 3 yr olds, followup at end of preschool & 4th grade & high school level, 8880
refusal of service & conditions of public shelters & hardships of life on streets, homeless poor in New York City, 1696
self monitoring with vs without self reward, procrastination & academic behavior, academically disadvantaged minority college students, 11212
senior citizen tutoring project as providers of moral support & humanism in learning & vocabulary development & study techniques, disadvantaged & troubled youths, 11214
social support networks & life stress, psychological vulnerability, disadvantaged groups, 12887
teacher report of student's home background & cognitive & emotional characteristics, prediction of school achievement, disadvantaged 5 yr olds, Ireland, 3-yr followup, 4469
Vocational Exploration Group, vocational maturity, economically disadvantaged Black 7th–9th graders, 1954
WISC-R Verbal & Performance & Full Scale IQs & Bannatyne recategorized scores, nonhandicapped vs educationally disadvantaged vs learning disabled vs regular classroom Navajo 6–16 yr olds, 2119
Disasters [See Also Natural Disasters]
analysis of erroneous perceived damages following oil spill, 17–67 yr olds, 12529
nuclear accident at Three Mile Island, number of & motivation for moves from area, residents, 13825
preplanning of community outreach services to disaster victims, 8567
social support, stress-related symptoms & task performance & urinary catecholamines, Ss living near Three Mile Island nuclear power plant, 9187
stress manifestations, rescue workers of recent disasters, 8564
Discipline (Child) [See Child Discipline]
Discipline (Classroom) [See Classroom Discipline]
Discovery Teaching Method
cognitive modeling &/or discovery learning, task specific & heuristic knowledge, learning disabled students, 4445
reception vs discovery instruction, probability task performance, kindergartners, 8830
Discrimination (Cognitive) [See Cognitive Discrimination]
Discrimination Learning [See Also Nonreversal Shift Learning, Reversal Shift Learning]
ability to learn simple food searching task & extrapolate direction of stimulus movement, mice with Robertsonian chromosome translocation, 4975
acquisition & transfer & extinction of discrimination between signals paired with shock vs shock omission, goldfish, 12007
age, acquisition & retention of brightness discrimination & active avoidance tasks, rats, 11997
anisodine, discrimination learning & memory & spontaneous & evoked electrical brain potentials & electrocorticographic CR, rats & rabbits, 10013
anteromedial frontal cortex lesions & postoperative visual deprivation, shock avoidance visual discrimination choice latency, male rats, implications for attentional/orienting functions, 9929
apomorphine injection following acquisition of brightness discrimination, incorporation of levofucose into hippocampal proteins & improved retention of discrimination, male rats, 2952
auditory discrimination & classification & cues, discrimination learning, male rats, 11975
auditory vs visual discrimination stimulus, blocking & shock avoidance learning & food reinforced responding, adult male pigeons, 11987
between vs within group design, discrimination learning feature-positive effect, college students, replication & extension of study of J. Newman et al, 11916
bias for food vs light samples in discrimination learning & memory tasks, pigeons, 12001
bilateral ablation of visual Wulst, interocular transfer of visual discrimination learning, pigeons, 7517
brain RNA injection, transfer of learning between animals, male rats, 664
chlorpromazine vs lithium, appetitive discrimination learning, rats, 643
color & shape matching-to-sample tasks, reinforcer-induced learned equivalence between stimuli that independently predict reinforcer, male pigeons, 4972
color discrimination go/no-go task, prefrontal cortex neuronal activity, macaques, 5075
congruity between digit physical & numerical size, RT in comparative judgment task, college students, 9596
correlation vs contingency of responding & reinforcement, preferences, male pigeons, 2703
cue light vs darkness as discriminative stimulus, response inhibition, male rats, 7302
delayed spatial choice & temporal interval discrimination & role of prefrontal cortex, rhesus monkeys, 5087
delayed spatial choice, EEG in hippocampus & prefrontal cortex, monkeys, 12077
desmopressin acetate, acquisition & reversal of brightness discrimination learning, male rats, 5229
dietary zinc deficiency, visual & auditory association & discrimination learning, male rats, 2961
differential punishment under DRL schedules, interresponse time & response efficiency, male rats, 352
discrimination learning & memory & social behavior, rhesus monkeys, review of work & list of publications by J. F. Harlow, 2681
discrimination training, nonspecific transfer & extradimensional stimulus generalization, pigeons, 9757
dose of ethanol vs chlordiazepoxide vs diazepam, discriminative learning performance, rats, 2977
entorhinal vs hippocampal lesions, spatial discrimination learning, 1 day old rats, 9966
excitatory vs inhibitory stimuli following classical conditioning to shock-reinforced tone, heart rate, rats, 9734
expectation of large vs small reward & electrical amygdala stimulation, retention of delayed spatial matching-to-sample task, male rats, 9960
exposure to spatial problems, synaptic proteins & glial protein glutamine synthetase in frontal & control brain regions, rats, 7432
forward vs backward procedures, acquisition of response chains, pigeons, 9749
haloperidol, discrimination learning & behavioral symptoms, autistic 2.3–7.9 yr olds, 1598

haptic compound discrimination learning, transfer to visual modality, severely retarded 18–20 yr olds vs nonretarded 14–16 yr olds, 10678
hunger & satiation & electrical shock as punishment, discriminative control of attack behavior, rats, 11994
hyperstriatal lesions, proactive interference in discrimination learning & retention, pigeons, 7522
immediate vs delayed vs no prompts, learning of easy vs difficult discriminations, severely retarded 11–19 yr olds, 6477
increase in reinforcement magnitude, discrimination accuracy, male pigeons, 11988
increased complexity of information load, CR with food reinforcement, rats, 11995
intertrial interval of successive brightness differential conditioning task, reversal learning, rats, 9728
IQ & adaptive behavior, discrimination learning & memory & transfer, moderately retarded with mean age of 25.7 yrs vs severely retarded with mean age of 28.6 yrs vs low vs high profoundly retarded with mean ages of 26.1 & 26.9 yrs, 1312
matching vs oddity discrimination problems, acquisition & transfer of training measured by relative sample control, male pigeons, 9486
medial septal driving of hippocampal slow activity, discrimination learning, female rats, 2887
multistimulus discrimination learning, pigeons, 2682
negative contingency, stimulus generalizations in discrimination learning, pigeons, 12000
noncontingent feedback in discrimination learning task, generalized expectation of noncontingency, implications for learned helplessness, 7270
nonreward/reward transitions during partial reinforcement pretraining, subsequent resistance to discrimination, rats, 9727
object discrimination training, generalization of discrimination learning to photographs & pictures of objects, golden haired monkeys, 9737
paraoxon-induced acetylcholinesterase reduction, avoidance conditioning & subsequent tolerance & discrimination, male rats, 614
photographs of occupational activities, elicitation of vocationally relevant responses, reading disabled 14–20 yr old special education high school students, 13692
posterodorsal septal lesions & go/no-go discrimination task performance, rats, 2895
postnatal cadmium, spontaneous locomotor activity & spatial discrimination task performance, male rat pups, 687
prenatal nicotine & age, spontaneous alternation & response to novelty & brightness discrimination & reversal, neonatal vs adult rats, 626
pretraining with response links, acquisition of chain of learned discriminations, pigeons, 9750
pretrial vs posttrial probes in discrimination learning, hypothesis testing strategies, kindergartners, 7641
prior discrimination training with hedonic cues, blocking of discriminative control by brightness cues in start vs run vs goal sections of apparatus, male rats, 9715
quipazine & methysergide vs haloperidol, apomorphine discrimination, male rats, 12328
recovery from sensorimotor cortex lesions, tactile discrimination learning, male rats, 2900
removal of visual cortex & training with classical vs fading procedures, pattern discrimination learning, male rats, 9974
retention interval & color-form vs form-form compound comparison, matching-to-sample & role of shared attention & generalization decrement, cebus monkeys, 4970
role of stimulus quality vs stimulus location, learning of go/no-go vs go-left/go-right tasks, dogs, evidence for quality-location hypothesis, 7304
same-different judgments vs discrimination learning tasks with vs without memory component, visual vs tactual discrimination, 5 yr olds & 1st vs 3rd graders, implications for blind children, 5350
selection of relevant cues in volume discrimination, gold hamsters reared in spatially diversified environment vs laboratory cage, 9772
sentence type & instruction in discrimination, making necessarily true/contingent & necessarily false/contingent distinctions, 5–6 vs 7–8 vs 9–10 yr olds, 821
septal lesions, discrimination of short vs long FR schedules, rats, 12218
sequence of presentation of discriminanda, generalization & transfer of stimulus control, pigeons, 11962
single-alternation pattern running, amygdalectomized male rats, 9972
single-trial visual discrimination learning, marmosets, 4977
specialized discrimination training, accuracy & RT & self esteem, impulsive vs reflective kindergartners, 4388
stimulus parameters, autoshaped discrimination learning, pigeons, 7296
successive discrimination training in memory reactivation treatment, postdiscrimination generalization performance, pigeons, 11990
teaching methods, training in symbol-object matching skills, nonspeaking severely retarded 5.3–17.5 yr olds, 6474
telencephalon ablation & delayed reinforcement under stimulus conditions similar to vs different from those controlling responses, discrimination learning, goldfish, 9980
temporal discrimination learning, cross modality transfer of classification rules, male rats, 4976
training in visual discrimination, discrimination learning & intradimensional transfer, mentally retarded 6–18 yr olds, 5870
unilateral cortical spreading depression, conditioned differentiation of geometric figures in simultaneous complexes vs chain stimuli presented synchronously vs asynchronously, rats, 5149
varying training setting & objects, generalizing visual discrimination skills to other situations, mentally retarded 5–16 yr olds, special education implications, 6801
vasopressin, appetitive discrimination learning & retention & learning reversals, rats, 2976
visual & auditory stimuli correlated vs not correlated with retention intervals, short term memory, pigeons, 12005
visual stimulus & sucrose solution & tone reinforced food, conditioned discrimination, rats, 11981
visual vs visual/auditory training procedure, learning of 2-choice auditory discrimination, severely & profoundly retarded 10.2–16.8 yr olds, 6480
1- vs 2-quadrant neocortical injuries, retention of discrimination training, male rats, 9967
Discrimination [See Also Related Terms]
arguments against models of matching-task phenomena based on "same" vs "different" RTs, criticism of R. Ratcliff & M. J. Hacker's arguments, 11757
experimental demand characteristics, effect of social categorization on intergroup discrimination, 14–15 yr old females, 10260
models based on "same" vs "different" RTs, reply to criticism by R. W. Proctor & K. V. Rao, 11758
performance on Hand Test & Route Test & GPA, male vs female 13–17 yr old high school students, 7694
Discriminative Learning [See Discrimination Learning]
Discriminative Stimulus [See Conditioned Stimulus]
Discussion (Group) [See Group Discussion]
Diseases [See Disorders]
Dislike [See Aversion]
Disorders [See Also Related Terms]
age & industry work setting & mortality rates, stress related causes of death, 12791
age & sex & mortality & degree of morbidity & occupational group, utilization of hospital services, discharged hospital patients, Finland, 1797
age & sex & physical & mental disorders & stress, abuse of aged, 3695
age & sex & reported symptoms & long-standing illness, self rated health status, 1072
age, knowledge of disease & knowledge of & compliance with drug regimens, patients under vs above 65 yrs of age, 8460
altitude, ocular functions & convergence amplitude & acute mountain sickness, 23–53 yr old female mountain climbers, 12163
annual cycle of incidence & etiology of illness & medical care seeking, farming families, 3854
antipsychotic drug therapy, disordered children, literature review, 4085
aspects of resuming work with patients during life threatening illness, psychoanalyst, 1503
attention deficit disorder, predisposition to alcoholism, male alcoholics under 40 yrs of age, 10504
behavioral specificity & illness, implications for psychosomatic medicine, literature review, 13043
biological & psychosocial & demographic perinatal factors, prediction of adequacy of home environment, families 3 yrs after hospital discharge of neonates with medical problems, 939
biomedical & behavioral science research, health & behavior, book, 1101
clinical psychiatric screening procedures, physiogenic bias in symptomatology scales, 11699

cognitive simplicity vs complexity & articulated vs unarticulated structure & integration of self & others & level of self esteem assessed by repertory grids, depressed vs manic vs schizophrenic vs alcoholic vs physically ill 19–68 yr olds, 12780
conflict & anger & depression in etiology & symptoms, Hwa-Byung folk illness, 33 & 42 & 65 yr old females, Korea, implications for treatment, 10495
demographic characteristics & presence of disorders, persons who committed suicide, 1267
depression & abnormal illness behavior & locus of control & severity of illness & presence of chronic pain, 16–67 yr old psychiatric consultees, 3871
development of Hope Index Scale, measurement of hope, college students & psychiatric patients, implications for effects on mental & physical illness onset & duration & prognosis & recovery, 4772
developmental & environmental screening, prevention or early identification of organically caused mental retardation, 3724
developmental psychology, behavioral treatment of phobic behavior & attention deficit disorder, children, 10905
diagnosis & treatment of physical illness & depression, elderly patients, literature review, 7970
differential diagnosis, functional symptoms as manifestations of illness, adolescents, 10501
distance measurement in testing hypothesis of contagion, 209
drama therapy, 65–90 yr old day care patients with physical disabilities & depression & senility, 1526
epidemiology, physical & mental disorders, 3.5–5.5 yr olds at risk for handicaps at birth, 7979
epidemiology, physical & psychiatric disorders, literature review, 10496
estimation & interpretation of modifiers of disease risk factors, 44
ethical issues in clinical research treatment, children with catastrophic diseases, 1689
evaluation of disease concept of drug dependence, 10611
evolutionary & social factors, disease, 10482
explanatory model of human illness, reply to criticisms by D. W. Blumhagen & B. J. Good & R. A. Schweder, 3873
family pathology & social work treatment, psychosocial dwarfism, 4–8 yr olds, 1423
feeling of responsibility for child's illness, mothers of sick children, 5682
functional analysis of origin & maintenance of clinical problems, female with speaking difficulties, 1108
gamma-glutamyltransferase levels, hospitalization for alcohol- vs nonalcohol-related disorders, males born 1926–29, Sweden, 11063
gluten peptides & schizophrenia & celiac disease, 10489
heatstroke, medicated psychiatric patients, implications for prevention & recognition & treatment, 12805
identification & social work intervention & treatment, psychosocial dwarfism, children, literature review, 1350
incest as psychological violence, physical & emotional disorders, 10615
incidence & genetic factors & physical abnormalities & personality traits & social adjustment, Down's syndrome Ss, 1320
incidence of psychiatric & physical disorders, 15–64 yr old outpatients, Sri Lanka, 7967
instrumental learning, treatment of orthostatic hypotension & idiopathic scoliosis, 6222
loss of consciousness & spatial disorientation & improper M-1 maneuver, in-flight sudden incapacitation, US Air Force aircraft pilots & other crew members, 1970–80, implications for air safety, 13781
medical & psychiatric problems, 19–63 yr old indigent alcoholics in detoxification program, 6491
medical problems & sexuality, aged, 731
neurochemical studies of attention deficit disorder, children, literature review, 3803
noxious stimuli & environmental factors & coping behavior, resistance to disease, animals, 11950
occupational group, stress-related illnesses, male US Navy personnel, longitudinal study, implications for prevention programs, 4583
occupational status & working conditions, stress & morbidity, male vs female 18–64 yr old engineering industry employees, 10721
oculomotor disorders, literature review, 1390
personal history & social stability & current diagnosis, 19–58 yr old tattooed male psychiatric patients, 12819
pilgrimage to Lourdes, subsequent anxiety & depression & religious faith, physically ill Ss with mean age of 60.1 yrs, 1405
poverty, physiological defects, 1345
practical help from clinical psychologists, parents of children in clinic for psychological or organic disorders, 8576
prevalence of somatic diseases, mental health center patients, Finland, 10586
psychosocial conceptualization at nonorganic failure to thrive, infants, literature review, 10750
psychosocial factors, disease, literature review, 10757
reliability & validity & factor structure of revised Rapid Disability Rating Scale, 163
serious illness of therapist, transference & countertransference & reality responses, psychotherapist & patients, 3930
social nature & source & type & reversal of self pity, chronically ill & institutionalized 20–86 yr olds, 10703
somatic complaints & illnesses, job-related stress, secondary Catholic school teachers, 4326
therapist's self disclosure of illness to patients, countertransference, psychotherapist, 3919
thyroid function & catecholamines & neuropsychiatric disorders, children, 3531
undiagnosed physical illness in patients presenting with psychiatric symptoms, 13131
unrealistic optimism about susceptibility to health & life-threatening problems, college students, 7950
vibration induced circulatory disturbance vs exposure time vs age vs use of ear protectors, hearing loss, lumberjacks, 6-yr longitudinal study, 8235
work-related stress & disorders, women, literature review, 1374
Yale Neuropsychoeducational Assessment Scales, delineation of course & relationship of various aspects of neuropsychiatric disorders, children, 2475
Disorientation (Time) [See Time Disorientation]
Displays [See Animal Courtship Displays, Auditory Displays, Tactual Displays, Visual Displays]
Disposition [See Personality]
Disruptive Behavior [See Behavior Problems]
Dissociative Patterns [See Amnesia, Multiple Personality]
Dissonance (Cognitive) [See Cognitive Dissonance]
Distance Discrimination [See Distance Perception]
Distance Perception [See Also Apparent Distance]
interdependence of temporal & spatial judgments, college students, 9542
judging distance of small vs large faces vs checkerboard ovals under monocular vs binocular conditions, 5 vs 7 mo olds vs adults, 3177
lesions of parieto-preoccipital subareas, visuospatial discrimination, rhesus monkeys, 9978
lesions of striate projections to parieto-preoccipital cortex, visuospatial discrimination, rhesus monkeys, 9979
magnitude estimates of apparent distance with relation to sky & horizon & elevation, college students, implications for flattened-dome explanation of moon illusion, 7187
optical axis nonparallelism, range-finding accuracy & visual fatigue, adults, 9537
perceptual combination of ground & sky referents in model of moon illusion, 7186
simultaneous vs delayed presentation, relative length & number judgments, 5 yr olds, 772
size constancy & accommodation-related proprioceptive neuronal mechanisms, reply to criticism by J. B. Deregowski, 2571
slope of regard as visual distance cue, college students, 11831
use of conventional Oksapmin measurement system & development of concept of equivalent units, unschooled Ss with mean ages of 8.4 vs 29.5 yrs vs 2nd vs 6th graders, Papua New Guinea, 3155
visible texture & dark focus of accommodation, misjudgments in detection of air traffic & landing airplanes, pilots, 4557
Distractibility
exposure to relevant & irrelevant words in recognition-learning study list, assignment of frequency values to words & role of distractibility, 18–30 vs 60–73 yr olds, 791
home environment & teacher & peer ratings of personality, individual differences & preferences in privacy seeking behavior, 4th graders, 2018
impulsive vs reflective cognitive style, problem behavior & aggression & distractibility & hyperactivity, emotionally disturbed 8.3–15.6 yr olds, 10526
serial recall during & after psychotic episodes & distractibility, schizophrenics with mean age of 27.3 yrs vs depressed patients with mean age of 33.1 yrs, implications for adjustment problems, 1149

Distraction
auditory/verbal cues in intertrial intervals, extinction rate of conditioned eyelid responses, mentally retarded 18–30 yr olds, implications for contextual change hypothesis, 5875
bidirectional heart rate control with vs without distracting task before vs after biofeedback training, 18–26 yr olds, 12120
distraction of nonoperative lights & keys on stimulus display, information processing deficits in stimulus identification & response selection, mildly mentally retarded 17–19 yr olds, 5878
distraction vs attention to sensations & stimulus duration, coping with cold-pressor pain, college students, lack of evidence for commonsense hypothesis, 2537
external distraction & test anxiety, anagram solution times, male vs female college students, 7246
length of retention interval & distracting vocalization & rate of light presentation, proactive inhibition & memory loss, mentally retarded Ss approximately 17 yrs old, 1339
performance of memorization task alone vs in psychological vs physical presence of familiar person, rate of verbal learning, female college students, 7262
quantitative & qualitative age differences & rate of interference in development of selective attention, literature review, 792
Distress
appraisal & views of marital events, distressed vs nondistressed husbands with mean age of 41.3 yrs, 941
distress, teenage mothers interviewed when child was in 1st vs 12th grade, longitudinal study, 7708
knowledge of disease, self reported psychological distress, adolescent male hemophilia patients & families, 13044
need for psychiatric education in internal medicine training programs & underrecognition of psychosocial distress, internal medicine patients & internists, 13336
no information vs misinformation vs correct information on discomfort & subsequent role playing of dental treatment, distress, college students, 7277
pain vs anguish, 2656
personality & social & territorial factors, etiology of homesickness, 3573
positive stroking, perceived symptoms of distress, clients prior to counseling, 10535
relaxation training vs standard preoperative instructions, abdominal muscle tension & self report of pain & distress, 30–70 yr old cholecystectomy patients, 6372
sex & punctuational differences in description of interactions & marital distress, spouses, implications for communication theory & therapy, 10308
sexual fantasies, psychotherapy clients with vs without sexual distress, support for cognitive-behavioral model, 12816
social adjustment & symptomatic distress, 14–28 yr olds with anorexia nervosa vs 18–23 yr old females with anorexic-like behavior vs asymptomatic female college students, 8255
stress & distress in life events, Ss with essential hypertension, India, 13048
symptom proneness & stress, prediction of general adaptational distress symptoms during pregnancy, females with mean age of 22 yrs, 1057
Distress Calls (Animal) [See Animal Distress Calls]
Distributed Practice
similarity of repetitions & type of intervening material & cue effectiveness, processing of repetitions in verbal learning task & role of forgetting, college students, 4919
teaching method incorporating smaller unit size & distributed practice & training for transfer, spelling accuracy & transfer, learning disabled children with mean age of 8.8 yrs, 11322
variable vs constant practice, development of motor recall schema in motor skill learning, educable mentally retarded 9.4–10.7 yr old males, 1332
Distribution (Frequency) [See Frequency Distribution]
Disturbed (Emotionally) [See Emotionally Disturbed]
Disulfiram
disulfiram drug therapy & marihuana usage, hypomanic toxicity, 28 yr old male alcohol abuser, 13276
locus ceruleus & raphe lesions & disulfiram & parachlorophenylalanine, brain serotonin & noradrenaline decreases & development & consolidation of food procuring & defensive CR, male rats, 12182
monotherapy vs combined treatment with lithium & disulfiram & apomorphine, alcoholic patients, 13465
traditional disulfiram treatment vs socially motivated Disulfiram Assurance program with vs without reinforcement therapy, sobriety, 20–60 yr old alcoholics, 8694
Diuretics [See Also Caffeine]
diuretics & methyldopa & guanethidine & reserpine & propanolol & clonidine & spironolactone & other oral antihypertensive drugs, sexual dysfunction, males, literature review, 4087
Diurnal Variations [See Human Biological Rhythms]
Divergent Thinking
ability to generate alternatives in problem solving, battered women, 12906
cognitive development, creativity, 6–14 yr olds, 12445
convergent & divergent thinking & intelligence, assessment of scientific creative abilities, adults, 174
development of types of reflection, creative problem solving, 7691
divergent thinking & emotionality & activity & sociability & impulsivity, college students, 12700
humorous atmosphere, divergent thinking, 10th graders, 10208
playfulness & sex, verbal intelligence & divergent thinking, 3.8–6 yr olds, replication of experiment by J. N. Lieberman, 3019
Divided Attention
age differences, contingent negative variation during divided attention task, 18–32 vs 55–69 vs 70–85 yr olds, 7626
age, divided attention in single vs dual task performance & resource allocation strategies, 18–23 vs 57–82 yr olds, 7690
complete vs partial overlap in hemispheric attention demands, information processing capacity allocation, male college students, 7234
control & automatic attention processes in social cognition, processing self-relevant information from competing sources, college students, 7862
dichotic monitoring, focused vs divided attention performance, normals vs chronic schizophrenics with mean age of 52.5 yrs, 1119
distribution of attention in visual space, mutual interference in detection of light flashes, 22–25 yr olds, 331
division of attention between visual & auditory cues, RT to light vs tone, college students, 9504
individual ability differences in attentional time-sharing vs flexibility vs rate of repetitive activity across muscle groups, prediction of high level motor skill, humans, 247
previous processing of global vs local detail in visual scenes, attentional allocation in current processing, college students, 2582
retention interval & color-form vs form-form compound comparison, matching-to-sample & role of shared attention & generalization decrement, cebus monkeys, 4970
snacking & spatial judgments & digit classification & auditory memory, dual task performance ability, 18–23 yr old males, implications for time-sharing hypothesis, 7250
task priority, performance on concurrent finger tapping & recitation tasks, 3rd–5th graders, 7659
Division of Labor (Animal) [See Animal Division of Labor]
Divorce
adjustment & feelings about parental separation, 12–18 yr olds from separated or divorced 1-parent families, 10256
attitudes toward effects of Big Brother/Big Sister program on children of divorce, participating parents & children & Big Brother & Big Sister volunteers, 11023
attitudes toward marriage & divorce & children of divorce, 13 & 14 yr olds from intact vs divorced homes, 5448
background factors vs compatibility vs unrealized expectations, prediction of marriage failure, divorced & separated couples, USSR, 3321
cognitive/social stimulation in home environment & sex typing in child's room, 3–6 yr olds from intact/mother working vs nonworking vs divorced/mother working families, 3048
divorce, father-child relationship & psychiatric symptoms, fathers, literature review, 930
divorce in inter- vs intraethnic marriages, Chinese & Japanese, Hawaii, 9-yr longitudinal study, 10340
divorce rate, marital satisfaction, spouses, reanalysis of 1963 data & implications for methodology in studies of social variables & marital satisfaction, 6958
divorce, stress reaction & social support, 12575
divorce, stress reactions, 23–58 yr olds, 3304
family correlates, social adjustment following parental divorce, 2–18 yr olds, 10250
group counseling, persons in process of divorce, 4182
intact vs broken home & age & sex, personal adjustment, 10th graders, 864
marital conflict & divorce & child behavior problems, literature review, 1258
marriage & divorce rates, counties experiencing vs not experiencing major natural disasters, 7784

mental health program & prevention, divorce & problems of coexistence, families, Finland, 13365
parental divorce & adjustment to leaving home & parent-adolescent separation, college students, 12500
parental harmony, psychosocial adjustment, 8–12 yr olds of divorced vs married parents, 12475
personality, adjustment following divorce, 24–62 yr olds, 3320
predisposition to & process of divorce, academic & social behavior, children, literature review, implications for school personnel, 10344
rise in marital dissolution & maternal participation in labor force, change in traditional childcare & rise in childcare industry, 10315
role of attorney, contested custody litigation involving preschool age children, 3339
sociodemographic factors & age & sex & length of marriage & separation & social stressors, symptom expression, 20–79 yr olds in the process of divorcing, 5500
techniques for mitigating divorce effects on parents & children, mental health personnel, 6389
visiting parent following divorce, acting out viewed as behavioral contrast effect, children, 8088
Divorced Persons
confirmatory factor analysis & reliability of Dyadic Adjustment Scale, 20–67 yr old divorced & separated Ss, 7112
family therapy for postdivorce transition, ex-spouses & their children, literature review, 8366
husband's marriage order, stability of 1st vs 2nd marriages, Black vs White females under 45 yrs old, 7785
marriage role expectations, divorced males with mean age of 39.4 yrs vs females with mean age of 35.7 yrs vs married 20–56 yr olds, 10330
perceived restrictions in social relationships & status of widowed vs divorced males vs females, 7899
predictions of adjustment following divorce, parents of 2–18 yr olds, 3314
sex vs socioeconomic status, drug use, separated or divorced parents vs nonparents, 995
traditional marital role, adjustment to single parenthood, divorced custodial parents with mean age of 40 yrs, 10343
well-being & remarriage following divorce & quality of 2nd marriage, divorced adults, 7817
DNA (Deoxyribonucleic Acid) [See Deoxyribonucleic Acid]
Doctors [See Physicians]
Dogmatism
alienation & dogmatism & related personality traits, college freshmen, 12763
dogmatic & authoritarian attitudes, 15–17 yr olds, US vs West Germany, 1945 vs 1960's vs 1981, 12494
dogmatism & conventionality, college students, 1073
prejob training & job experience, dogmatism & counselor skills & knowledge, 19–71 yr old volunteer telephone crisis counselors, 4162
reliability & internal consistency & item analysis of German language dogmatism scale, officer cadets & college students, 11703
self esteem, dogmatism, college students, 7930
Dogs
avoidance conditioning & bilateral lesions of frontal neocortex & hippocampus & hypothalamus, sensitivity to alarm signals of conspecific & aversive sound & light, dogs & male rats, implications for neurosis, 2913
behavioral inferences of jealousy in pets, cat & dog owners, 11947
cell localization of adenylate cyclase activity in fungiform & foliate & circumvallate papillae, rats & rabbits & cats & dogs, 9899
complex instrumental conditioning, dogs, 4979
cortical & subcortical olfactory pathways, rats & rabbits & cats & dogs & monkeys, literature review, 2817
delta-9-tetrahydrocannabinol vs atropine vs LSD vs phencyclidine vs hallucinogen SKF-10,047 vs dextroamphetamine vs sodium pentobarbital, food consumption, food-deprived dogs, 12349
domestication, social development & behavior & aggression, Eastern timber wolves & Alaskan Malamute dogs, 4988
electrical stimulation of somatosensory cortex & caudate nucleus, speed of formation of extinctive inhibition of food CR, dogs, 12202
entorhinal cortex ablation, time interval & motor alimentary conditioned reflexes, dogs & rats, 5211
food amount & type as discriminative stimuli, stimulus control in operant time discrimination, rabbits & dogs & monkeys, 9768
formation of instrumental alimentary CR to ventromedial hypothalamus stimulation, dogs, 12208
inversion & presence of humans, tonic immobility & heart rate, nervous vs normal pointer dogs, 2730
metamizyl, experimental neurosis, dogs, 12319
natural selection, communal helping in rearing pups, African wild dogs, 7363
neurotensin administration into caudate nucleus vs posterior hypothalamus, conditioned & unconditioned food reflexes & increased stomach secretion, dogs, 691
odor of aliphatic n-acetates & n-fatty acids, olfactory receptor cell responses, dogs vs box turtles, 12101
petting by human, differential heart rate responses, nervous vs normal purebred pointer dogs, 5017
primary taste stimuli, thalamic neuronal responses & comparison with spontaneous discharge rates, dogs, 475
probenecid, cerebrospinal fluid monoamine metabolite concentrations, normal vs narcoleptic dogs, implications for REM sleep & treatment of narcolepsy/catoplexy, 608
quantitative estimation, postural reactions, dogs, 11946
role of stimulus quality vs stimulus location, learning of go/no-go vs go-left/go-right tasks, dogs, evidence for quality-location hypothesis, 7304
taste stimulation of tongue regions, response of single thalamic neurons, dogs, 12081
transverse section of thoracic spinal cord dorso-lateral white column & white matter to tip of anterior horn, elimination of voluntary hindlimb flexion, dogs, 583
unilateral ablation of superior cervical sympathetic ganglion & electrical stimulation of posterior hypothalamus, motor defensive conditioned reflex magnitude & acquisition rate, dogs, 5204
valeric acid vapor, olfactory threshold detection curves, dogs vs humans, 2536
Doll Play
presence vs absence of peers, assignment of starring role in game to own vs others' dolls, 5–7 yr olds, 3229
Dolphins
concept "persons" applied to nonhumans, 9244
symbolic vs identity vs probe-delayed matching, short term memory for sounds, bottlenosed dolphin, 9731
Domestication (Animal) [See Animal Domestication]
Dominance (Animal) [See Animal Dominance]
Dominance Hierarchy
absence of stable social hierarchy, competition for food, male rats, 5007
antagonistic behavior vs competition tests & weight of body & endocrine organs & glands, determination of social rank positions, male rats, 9801
conflict & dominance, prolactin & ACTH & luteinizing & growth & follicle- & thyroid-stimulating hormones in pituitary gland, male tree shrews, 5164
conflict & social status, coping ability & septal tyrosine hydroxylase activity & passive avoidance decrements & impairment of mesolimbic dopaminergic system, male tree shrews, implications for models of depression, 5174
dominance hierarchy relations & individual S characteristics, group learning & performance of shuttle avoidance, mice, synthesis of ethological & conditioning approaches in model of group learning, 9751
dominance rank & competition over food & perch space, male red-billed weaver birds, 7374
erectness of posture, expression & perception of dominance hierarchies & success, 9th grade males, 7630
interspecific feeding hierarchies, captive honeyeaters, 5009
introduction of group non-members, agonistic behavior & dominance hierarchy, goats, 4983
long term stability of dominance hierarchy, female baboons, 4989
maternal & paternal rank, selection of mate, rhesus macaques, 410
sequential development of dominance hierarchy, hens, 9790
size & composition of social groupings, pygmy chimpanzees, 386
spatial & organizational characteristics of courtroom, dominance, court members, 12586
Dominance [See Also Related Terms]
division of attention between visual & auditory cues, RT to light vs tone, college students, 9504
dominance & aggression & anxiety & depression, hypertensive vs duodenal ulcer patients, 3817
importance of virginity as manifestation of male social dominance, Morocco, 10367
multiple referent sampling of dominance & dependency behavior, construct coherence & cross situational generality, 3–5 yr olds, 9368
psychology of colonial ideology in British India & comparison to state of childhood & sexual dominance, literature review, 3266

test validity, instruments measuring dominance as personality construct, literature review, 9452
viewing of filmed violence in presence of submissive vs dominant peer, subsequent aggression, submissive 5–6 yr olds, 867
Domination [See Authoritarianism]
Donors [See Charitable Behavior]
DOPA
electrolytic lesions of ventral mesencephalic tegmentum, cortical beta rhythms during attentive behavior & after DOPA vs apomorphine injection, cats, 12230
Dopamine
acetylcholine & noradrenaline & dopamine & serotonin & drugs affecting cholinergic & monoaminergic & noradrenergic & dopaminergic neurotransmitter systems, passive avoidance, male mice, 7530
acute ECS, effect of apomorphine on locomotion & rearing, male rats, lack of evidence for dopamine autoreceptor subsensitivity, 9998
acute vs chronic stress, brain & hypothalamic catecholamine & serotonin concentration & turnover, male rats, 541
amphetamine vs apomorphine vs novel 2-aminoindanes & pimozide vs propranolol vs phentolamine vs alpha-methylparatyrosine, food intake & motor activity, male rats, 12241
brain level of dopamine & neophobia & locomotor responses to novelty, C57BL/6JOrl vs A/JOrl vs their reciprocal F1 hybrids, 2752
caudate nucleus injection 5-N-ethylcarboxamide adenosine & sc apomorphine, rotation, male rats, implications for dopaminergic function, 10012
cerebral amino acid alterations following cycloheximide & anisomycin administration, norepinephrine & dopamine & hydroxytryptamine synthesis in synaptosomes, male mice, 12331
cerebral cortex concentration & synthesis of norepinephrine & dopamine & serotonin, rhesus monkeys aged 1 day to 36 mo, 2777
chlorpromazine, sensitivity of dopamine & serotonin receptors, male rats, 2987
chronic desipramine & nomifensine, number of presynaptic dopamine receptors in striatal tissues, male rats, 5248
chronic molindone treatment vs haloperidol, dopamine receptor sensitivity, male rats, 656
conditioned circling behavior, brain dopamine metabolism, male rats, 5117
conditioned emotional response & conditioning anxiety & shock history & diazepam, brain monoamine content & turnover, rats, 468
delta sleep-inducing peptide, daily variations of 5-hydroxytryptamine & dopamine & norepinephrine & plasma proteins/corticosterone concentrations, male rats, 12284
dextro- vs levoamphetamine & lesions of medial vs lateral substantia nigra sites, intracranial self stimulation & circling behaviors, male rats, 2884
dopamine hypothesis as biochemical theory, etiology of schizophrenia, literature review, 8019
dopamine, incorporation of labeled fucose into total proteins & guanosine diphosphate fucose formation in hippocampal slices, male rats, 10017
dopamine iontophoretic application to substantia nigra & ventral tegmental area, frontal cortex neuronal activity, male rats, 7532
dopamine receptor agonist RDS-127, sexual behavior & hormone levels, male rats, 2930
dopamine-beta-hydroxylase cerebrospinal fluid levels, schizophrenic patients responsive vs not responsive to neuroleptic treatment, etiological implications, 1218
dosage levels of haloperidol vs metaclopramide vs pimozide vs butaclamol, ACTH-induced grooming & locomotor activity, male mice, implications for dopamine neurotransmission in grooming, 2941
etiological role of dopamine & noradrenaline abnormalities in schizophrenia, literature review, 10534
excretion rates of adrenaline & noradrenaline & dopamine & differential neuroendocrine & cardiovascular reactivity & self assessed workload, city bus drivers with varying absenteeism rates, 9036
exposure to darkness & inhibition of decarboxylase with metahydroxybenzylhydrazine, retinal dihydrophenylalanine accumulation, light-adapted rats, 539
gamma-hydroxybutyric-induced behavioral depression & subsequent dispersion of accumulated dopamine, food intake, male rats, 678
haloperidol vs chlorpromazine vs clozapine vs dopamine, dopamine & acetylcholine release from nucleus accumbens & striatum, female rats, 604
hippocampal vs neocortical lesions & dopamine agonist 3,4-dihydroxyphenylamino-2-imidazoline into nucleus accumbens, locomotion & exploration & grooming in open field, male rats, 9940
increased brain dopamine & dopamine receptors, schizophrenia, 1173
interaction of chronic antipsychotic drug administration & bilateral denervation of dopamine afferents to nucleus accumbens, behavioral hyperresponsiveness, male rats, 7504
intracerebral injections of alpha- vs beta- vs gamma-endorphins, dopamine metabolism & behavior, male mice, 5245
intracisternal beta-endorphin, dopamine uptake in hypothalamus & striatum, male rats, 10010
lesions of amygdalar terminal fields of mesolimbic dopaminergic & locus cerular noradrenergic systems, food & water intake & body weight, rats, 12226
lesions of ascending dopaminergic projection, recovery of sensorimotor functions & role of enhanced neostriatal dopamine receptor sensitivity, male rats, 2874
lesions of dopamine neurons, self stimulation, male rats, 12217
lesions of locus coeruleus, resistance to extinction in classical conditioning of nictitating membrane & hippocampal & cortical norepinephrine levels, male rabbits, 7523
lithium & haloperidol, apomorphine inhibition of prolactin secretion as index of dopamine receptor supersensitivity, male rats, implications for manic depression prophylaxis, 5273
muscimol & haloperidol withdrawal & picrotoxin, apomorphine-induced climbing & striatal homovanillic & dopamine levels, male mice, 12297
neurochemistry of autism, clinical studies of serotonin & dopamine & norepinephrine metabolism, 1236
neuroleptic drugs, dopamine & acetylcholine activity, patients with Gilles de la Tourette's syndrome, 10954
nomifensine, noradrenaline & dopamine uptake & serotonin & 5-hydroxyindoleacetic acid levels, rats, 10036
noradrenaline & dopamine & adrenaline plasma & cerebrospinal fluid & urine levels, 25–35 yr old schizophrenics, 1164
operant learning method, behavioral assessment of dopaminergic effects of dextroamphetamine & apomorphine & haloperidol & methohexital, female rats, 7547
parachloroamphetamine with vs without pretreatment with fluoxetine vs zimelidine vs metergoline, avoidance learning & dopamine & noradrenaline brain concentrations, male rats, 665
posture & pulse rate & blood pressure, plasma norepinephrine & dopamine-beta-hydroxylase activity, chlorpromazine- vs haloperidol-treated vs drug-free schizophrenics vs schizoaffectives, 3555
protein synthesis inhibitor cycloheximide vs anisomycin, whole brain norepinephrine & dopamine levels & potassium-stimulated norepinephrine release from hypothalamus, mice, 10007
role of brain dopamine vs norepinephrine in reinforcing effects of alcohol & opiates, criticism of R. Wise's findings, 9989
role of dopaminergic cells of ventral tegmentum in rewarding action of opiates, comment on R. Wise's article, 10051
role of 5-hydroxytryptamine & dopamine & norepinephrine, etiology of depression, literature review, 7998
serotonergic mechanisms, reduction of amphetamine induced hyperactivity, neonatal rats with dopamine depleted brains, 2945
serum dopamine-beta-hydroxylase activity & thyroxine, child & adolescent psychiatric patients, 3646
silil derivatives of alpha-pyrrolidone, emotional behavior & orienting response & locomotor activity & brain GABA & dopamine metabolism, mice, 10046
unilateral dopamine deficiency & reversal by levodopa, lateral EEG asymmetry in sleep, 56–72 yr old hemi-Parkinson's patients, 7562
vasopressin vs oxytocin, brain catecholamine & serotonin metabolism & avoidance learning, rats heterozygous vs homozygous for diabetes insipidus, 695
vitamin D-deficient diet, dopamine & norepinephrine & dihydroxyphenylacetic acid concentrations in brain stem & cerebellum & cerebral cortex & hypothalamus & striatum & plasma calcium, male rats, 523
6-hydroxydopamine followed by dextro- vs levoamphetamine, dopamine & norepinephrine levels in brain & activity level at 15 & 20 & 25 days, rats, implications for hyperkinesis research, 2931
Dopamine Antagonists
dosage levels of haloperidol vs metaclopramide vs pimozide vs butaclamol, ACTH-induced grooming & locomotor activity, male mice, implications for dopamine neurotransmission in grooming, 2941

electrical stimulation of pontine parabrachial nucleus & ventral tegmental area & amygdaloid apomorphine &/vs spiroperidol, neuronal activity in central nucleus of amygdala & consumption of sodium chloride solution, male rats, 12167
Dopamine Metabolites [See Also Homovanillic Acid]
haloperidol, bilateral asymmetry for striatal dopamine metabolites & relation to dominant rotation direction, female rats, implications for pharmacologic treatment of schizophrenia, 7553
Dormitories
application of organizational behavior theory of C. Argyris to college housing, role of resident assistant, 2085
Sidman avoidance procedure using late-night telephone calls, door-locking behavior, college students living in residence halls, 4028
stimulus screening as coping behavior, response to dormitory crowding, college dormitory residents, 10423
Dorsal Roots
isolated vs group housing & rhizotomy, self mutilation of denervated limb, male rats, model of chronic pain, 5148
Double Bind Interaction
fairy tale design in brief treatment of wind phobia seen as expression of symbiotic double bind interaction with mother, 6.5 yr old, 10855
interpersonal relations & double bind communication, behavior disordered 6–16 yr olds & their parents, 3651
problem of mixed message & resultant double bind, residents & staff of psychiatric halfway house, 13405
relationship of individuals to society & transformations & mental illness & significance of narcissism & double bind theories, 12536
Doves
egg-laying vs fertile vs infertile periods, male's proximity to female based on social bonds vs surveillance needs & searching for mate during absence, ring dove pairs, 393
exposure to incubating vs reproductively active vs inactive dove vs visual isolation late in own incubation, termination of incubation, ring doves in heterosexual vs homosexual pairs, 358
Downs Syndrome
acquisition & generalization of vocal imitation training skills, parents of 3.5 yr old Down's syndrome males, 10962
acquisition rates for comprehension & production of singular & plural noun forms, 11–15 yr olds with Down's syndrome, 8133
biological aging, Down's syndrome patients, 10725
development of Alzheimer's disease & Adaptive Behavior Scale as potential diagnostic tool, 53–65 yr olds with Down's syndrome, 10667
development of play behavior & mother-infant interaction, normal vs Down's syndrome & motor impaired & developmentally delayed 3–36 mo olds, 3508
discrimination of place & size & order in recognition & reproduction & recall, 5.6–17.5 yr olds with Down's syndrome., 8151
Down's syndrome, family functioning, mothers or guardians of retarded 4–14 yr olds, Greece, 1301
habituation of cortical evoked potentials, Down's syndrome Ss with mean age of 29 yrs, implications for inhibitory deficits at electrophysiological level, 5888
incidence & genetic factors & physical abnormalities & personality traits & social adjustment, Down's syndrome Ss, 1320
life span & mortality rate, Down's syndrome patients, literature review, 5895
maternal characteristics & child's looking behavior, 6 & 9 mo old Down's syndrome infants, 5874
monoclonal antibodies formation to neurofiliments & neurofibrillary tangles in cerebral cortex & hippocampus, normal vs Down's syndrome vs senile dementia Ss examined postmortem, 1092
nontreatment, death, Down's syndrome infant, implications for & discussion of rights of handicapped persons, 1300
observation of model, learning of toy construction task, Down's syndrome patients with mean age of 10.8 yrs & mean IQ of 43.3 vs other mentally retarded with mean age of 10.5 yrs & mean IQ of 46.3, 1334
paternal vs maternal origin of extra chromosome, patients with Down's syndrome & their parents, 5884
play behavior with normal vs handicapped peers, 2.5–4 yr olds with cerebral palsy & Down's syndrome & mental retardation & hearing & speech deficits, 3512
premature senile dementia symptoms, Down's syndrome 34–62 yr olds, 3815
Public Law 94-142, 6–11 yr olds with Down's syndrome & emotional & congenital impairments & their families, 8937
selective attention during dichotic listening task, Down's syndrome vs non-Down's syndrome retarded children with mean CAs of 145 & 149 mo, 10681
sensory self stimulation, stereotyped behavior, severely mentally retarded with Down's syndrome & Rubella embryopathy & mean age of 14.1–15.4 yrs, 6227
specific meaning of objects or words within family, children with psychoses or Down's syndrome or autism, 12796
task difficulty & successful solution, pleasure, Down's syndrome infants with mean age of 11.1 mo, 12981
taxonomy of mother's interrogative strategies as facilitating vs fragmenting to child's participation in conversation, mothers & their Down's syndrome children with mean age of 67 mo, 5880
temperament patterns, 5–39 mo olds with Down's syndrome or neurological impairments, 7959
temperament ratings during classroom vs mother vs teacher interactions, developmentally delayed vs Down's syndrome vs cerebral palsied vs audiovisually handicapped 7–35 mo olds, 7957
use of microcomputer in contingency intervention system, 3–6 yr olds with Down's syndrome & premature 5 mo olds, 3882
Doxepin [See Antidepressant Drugs, Tranquilizing Drugs]
Drama
acting out central theme of story, reading ability, reading disabled children, 2046
drama therapy, 65–90 yr old day care patients with physical disabilities & depression & senility, 1526
dramatic plays, reduction of racial prejudice, 4th–6th graders in urban public school, 13605
level of perceived outcome uncertainty & disposition toward protagonist in dramatic film, experienced suspense, college students, 10077
psychological dramas of A. Binet, implications for work in cognition, 7600
Drawing
constructional strategies on complex figure drawings, 46–73 yr old male right vs left brain damaged stroke patients, 3767
drawing performance on Draw-A-Village task, 17–61 yr old schizophrenics vs other psychiatric patients vs normal 5–14 yr olds, 9367
drawings of object image representations, aphasic adults, 10755
family circle drawings in family medicine, assessment of family dynamics, 10885
family drawings, measurement of interpersonal distance & intimacy or alienation, adolescents, 2399
free access to art materials without instruction in use, development of use of line & imitative writing, 4 & 5 yr olds, 12432
House-Tree-Person projective drawing technique in transactional analysis, couples, 3989
interpretation of body of water images in drawings, paranoid schizophrenics vs manic depressives vs patients with unipolar depressive disorder, 10593
multiple family group therapy with cotherapists & use of young children's drawings, families with 8–15 yr old patients, 6197
participation in drafting vs geometry course, improvement in basic mathematical skills, 15–16 yr old high school students, 13615
performance on drawing copying task, Ss with right hemisphere brain damage, implications for differences in findings between H. Hecaen & G. A. Assal & G. Gainotti et al, 5938
placement of stimulus figure in relation to paper, ability to copy figure, mentally retarded 14.1–18.3 yr olds, 8123
play activities, emotional indicators in self portraits, grade repeaters with mean ages of 8.9 & 8.2 yrs, 6745
recognition of exemplars in drawings, evidence of individual drawing style, college students judging 5 yr olds, 3115
reliability of objective scoring system, Kinetic Family Drawing Test, assessment of child's self concept & perception of family relations, 2nd–5th graders, 9424
resistance to drawing family members, 8 & 9 & 10 yr old males, 7720
role of painting in cognitive development, children, 10136
semistructured drawings, evaluation of possible incest victim & siblings & S's expressions of feelings, children, 3671
sex differences, content of drawings, 6–8 yr olds, 10247
task differences, visual accuracy of drawings, 5 vs 8 yr olds, 834
technique during initial interview utilizing family drawings, assessment of family interaction, families in therapy, 1533
Dream Analysis
application of Senoi Indian dream interpretation principles to hypnoanalysis, 31 & 46 yr old females & 40 yr old male, 6326
applications of Senoi dreamwork technique, 8350
dream analysis, counseling, 6427
dream content & significance, children in psychoanalysis, 10836
dream content analysis & awakening from anxiety dream, Holocaust & Japanese camp survivors in psychotherapy, 6167
dream interpretation as access to true self, 10466

focal & tacit knowing concepts of M. Polanyi & Jungian psychology, dream & waking ego, 4962
focal dream interpretation & overcoming resistance, recollection of repressed memories, psychiatric patients, 13165
hypnoanalysis & dream interpretation, physical symptoms, 59 yr old female with progressive arthritis, 6336
hypnosis & symbolic dream work, fear/anxiety state, 29 yr old female, 8502
manifest vs latent dream content & dream language vs Egyptian hieroglyphics, literature review, 3957
model-making for dream analysis & Aeschylus's "Prometheus Bound", 11942
principles of rapid dream interpretation in hypnoanalysis, 6334
psychotherapeutic interpretation of 4 dreams of characters in "Anna Karenina", 7597
structural analysis of myth developed by C. Levi-Strauss as alternative to Freudian psychoanalytic interpretation, dream analysis & dream of Irma's injection, 1496
theory of dream interpretation, 3961
use of dream & imagery in psychoanalysis, antisocial personalities, 1501
use of supervisee's dreams reported to supervisors as means of dealing with supervisory crisis situations, psychoanalytic trainees, 13518
working through collective & individual transformation in dream analysis, case report, 10825
world view expectations of treatment, approaches to dream analysis, Latino psychoanalytic patients, 8332
Dream Content
arousal from different stages of sleep & individual differences, EEG correlates of dream reports, 2672
attitudes toward dreams & creativity, male vs female high school students, 10092
color content in dreams & role of denial, 30–48 yr old color blind patients, 6049
dream content & significance, children in psychoanalysis, 10836
dream content analysis & awakening from anxiety dream, Holocaust & Japanese camp survivors in psychotherapy, 6167
dream styles & tolerance for incongruity & psychology of dreaming, contingent negative variation, college & high school students, 3111
dreams & symptom formation, psychosomatic patients, 13098
evening exercise & mood, dream content & recall, college students, clinical implications, 329
linguistic & content modifications across REM dream reports, male college students, 6953
manifest vs latent dream content & dream language vs Egyptian hieroglyphics, literature review, 3957
menstrual stress & dreams, dream anxiety & hostility & content & morning mood, females with mean age of 19.63 yrs, 2860
objects & activities in dreams, blind 20–56 yr olds, 13074
pre- & postsleep cognition & thematic content of REM dreams, 20–30 yr old females, 4963
pre- vs postsleep instructions to pay attention to dream content & hypnotic ability, dream change, college students, 4959
psychic & social economy, structuring of dream & unconscious & application to any sign system, 6934
REM sleep vs sleep onset, level of ego activity & ratio of & presence of ego in interactive vs associative sentences, 18–28 yr old college students, 9690
structural analysis of myth developed by C. Levi-Strauss as alternative to Freudian psychoanalytic interpretation, dream analysis & dream of Irma's injection, 1496
Dream Interpretation [See Dream Analysis]
Dream Recall
arousal from different stages of sleep & individual differences, EEG correlates of dream reports, 2672
evening exercise & mood, dream content & recall, college students, clinical implications, 329
interhemispheric EEG changes, REM sleep & dreams, gifted 12–15 yr old males, 3055
linguistic & content modifications across REM dream reports, male college students, 6953
Dreaming [See Also Nightmares, REM Dreams]
aphasia, loss of dreaming, 33–59 yr old patients, 10710
apparent dream precognition of accidental submarine sinking, 17 yr old female, 4616
automated technique for home study of lucid dreams, 4617
bupropion, change in attention & memory & perception & vivid dreaming, depressed patients, 1592
developmental stages of ego boundaries within context of oneiric processes & projective psychological operations, 3486
dream precognition of A. Sadat assassination & R. Reagan assassination attempt & Achille Lauro accident, 52 yr old female, 4618
dream styles & tolerance for incongruity & psychology of dreaming, contingent negative variation, college & high school students, 3111
dreams & symptom formation, psychosomatic patients, 13098
meaningfulness & psychology of dreaming, literature review, 2671
menstrual stress & dreams, dream anxiety & hostility & content & morning mood, females with mean age of 19.63 yrs, 2860
neurological sleep disorders & narcolepsy, dreaming, literature review, 3773
wording of question about out-of-body experience & dreaming & sex & age, reported incidence of experiences, college students, 4615
Drinking (Alcohol) [See Alcohol Drinking Patterns]
Drinking Attitudes [See Alcohol Drinking Attitudes]
Drinking Behavior [See Also Alcohol Drinking Patterns, Animal Drinking Behavior, Problem Drinking, Social Drinking, Water Intake]
consumption of caffeine-containing beverages, anorexia nervosa, 16 & 34 yr old females, 13085
patterns of cigarette smoking & association with coffee drinking, adults, 7859
Drinking Behavior (Animal) [See Animal Drinking Behavior]
Drive [See Motivation]
Driver Education
cognitive & perceptual motor skill approach, driver training, 6834
driver education, professional truck drivers, 9066
intelligence, accident & violation records, 20–23 yr old male drivers, implications for driver training, 11431
safety record, formally vs informally trained motorcyclists, 4533
traditional driving test vs intensive driving instruction, confidence & ability & attitudes toward safety, new drivers, 10-mo followup, 6837
validity of vehicle simulator vs instrumented car, straight road driving performance, 18–36 yr old male experienced vs inexperienced drivers, 1933
Driver Safety [See Highway Safety]
Drivers
age & sex, drivers suspected by police of drinking vs actually failing breath tests, 11433
attitudes, prediction of seat belt use, drivers, 4532
blood alcohol concentrations, persons killed or injured in road crashes, 5980
careless driving & physiological & psychological fatigue from long-hour driving, rear-end collisions, truck drivers, 2128
cognitive & affective styles, driving behavior, drivers, 6832
community-based incentive programs with prompting & contingent vs noncontingent rewards, seatbelt use, drivers, 2125
court-referred programs, 2-yr driving record, heavy vs light drinking drivers, 6471
distance driven, spectral values of heart rate variability as measure of fatigue, inexperienced highway drivers, 511
driving exposure & experience & demerit point levels, risk of collision, licensed drivers, 11426
efficacy delineation systems as driver reference in road-work zones, 6887
excretion rates of adrenaline & noradrenaline & dopamine & differential neuroendocrine & cardiovascular reactivity & self assessed workload, city bus drivers with varying absenteeism rates, 9036
field dependence, driving behavior in specific traffic situations, drivers, literature review, 5652
gap acceptance procedure, assessment of detectability of motorcycles, drivers, 4599
incidence of beer & liquor use, rural drivers 14 to over 60 yrs of age, 10376
intelligence, accident & violation records, 20–23 yr old male drivers, implications for driver training, 11431
night shift work & monotonous task, wakefulness & fatigue & well-being, train drivers, 13786
perception of pollution's direct effects vs environmental concern & knowledge & feelings of control over pollution, voluntary auto emissions inspection & attitude change, drivers, 6906
program & management & outcome evaluation, programs for drivers convicted of driving under influence of alcohol, 4238
roadway topography & environment & fatigue, perception & recall & recognition of warning signs, drivers, 6885
stress dimensions in life events, suicide attempters vs auto-accident drivers 15 yrs old & older, 1265

traditional driving test vs intensive driving instruction, confidence & ability & attitudes toward safety, new drivers, 10-mo followup, 6837
Driving Behavior
applications of driver behavior model, 6833
careless driving & physiological & psychological fatigue from long-hour driving, rear-end collisions, truck drivers, 2128
cognitive & affective styles, driving behavior, drivers, 6832
court-referred programs, 2-yr driving record, heavy vs light drinking drivers, 6471
diazepam, impairment of lateral position control in highway driving, 24–34 yr old expert drivers, 666
driving exposure & experience & demerit point levels, risk of collision, licensed drivers, 11426
duration of continuous driving, RT in simulated emergency, 18–31 yr olds, 13816
environmental context of automobile travel or transit use, stress & well-being, industrial employee commuters, 11516
extent of & public attitudes toward drinking & driving & apprehension/conviction of offenders, California residents 18 yrs of age & over, 1981, 10610
field dependence, driving behavior in specific traffic situations, drivers, literature review, 5652
general & public opinion & attitude change about speed limits, licensed drivers, Finland, 6836
geographical location, drinking, California drivers, 5558
model of driver behavior accident causation, implications for incentive systems for accident- & violation-free driving, literature review, 6838
perceptual style & field dependence & automobile driving, 9519
psychoactive drugs, driving ability, literature review, 2973
self induced risk exposure as confounding factor in statistical analysis of driving behavior & accidents, 9030
signs vs flashing red lights &/vs half gates, speed reduction at railroad crossing, drivers, 4598
speed limit enforcement, observation of speed limit, drivers, 4530
survey of driving behavior, Canada, 9035
threat level of film about drinking & driving, attitudes toward & knowledge & self reports of frequency of impaired driving, high school students, 11218
traditional driving test vs intensive driving instruction, confidence & ability & attitudes toward safety, new drivers, 10-mo followup, 6837
validity of vehicle simulator vs instrumented car, straight road driving performance, 18–36 yr old male experienced vs inexperienced drivers, 1933
Dropouts [See Also College Dropouts, Potential Dropouts, School Dropouts, Treatment Dropouts]
characteristics of classes with more vs fewer dropouts, cadets in flight training classes, 2154
reasons for premature termination of in-company vocational training, 16 yr old male, 9081
reasons for withdrawal from competitive swimming, 10–18 yr old swimming dropouts, 12480
Drosophila
artificial selection of percentage wing vibration in courtship, male Drosophila, 7364
associative learning in egg laying site selection, apple maggot flies, 9807
blindness & female movement & lack of smell, courtship & copulation, male Drosophila melanogaster, 2737
courtship song rhythms, Drosophila, 7360
light, modification of polypeptide isoelectric points in retinal photoreceptor layer, fruit flies, 7430
light vs darkness, courtship & mating behavior, light-dependent vs light-independent Drosophila strains, 2756
male courtship patterns & associated markings, conspecific recognition by females & construction of phylogeny, Drosophila nasuta, 391
random mutation & genetics without natural selection, female fruit flies, 9819
selection of heritability, wind-directed movement, Drosophila melanogaster strains, 2749
selective breeding for wing courtship display, male Drosophila, 5024
Drowsiness [See Sleep Onset]
Drug Abuse [See Also Drug Addiction, Heroin Addiction]
abstinence from marihuana, persistence of urinary cannabinoids, male 20 yr old chronic marihuana user, 1254
alcohol abuse, adolescents, literature review, 1263
assertiveness training, drug abuse prevention, 8th graders, 8851
challenge to traditional model of entering substance abuse treatment & impact of criminal justice system, alcohol & drug abusers, 1834
chemical instability in brain, behavioral deviations, literature review, implications for drug abuse in borderline personality, 5840
chronic phencyclidine abuse, aggressive behavior, drug rehabilitation patients, 8102
community-oriented prevention programs, drug abuse, Denmark, 13478
conceptualization & etiology & treatment, heroin addiction & other substance use/abuse, literature review, 6495
contributing factors & epidemiology, drug abuse, high school & college students, India, 3663
crime & drug relationship, 1250
crime & drug use, literature review, 1272
criminal activity, Black female heroin users, 1264
delinquent & criminal behavior & drug & alcohol use, male adolescents & 20–30 yr olds, 1296
demographic & criminal characteristics & substance abuse, female prisoners, 1299
demographic characteristics & age & race, substance abuse history & illicit drug use, hospitalized paranoid schizophrenic vs other psychiatric patients, 13388
demographic characteristics, adult American Indian drug abusers, 12923
design of research instruments, evaluation of drug dependence treatment program, male alcohol & drug dependent 19–57 yr old spinal cord injured VA patients, 13483
development & evaluation of social skills training program, substance abusers in alcohol/drug rehabilitation facility, 4257
development & implementation of Chemical Use Abuse Group Program, prevention of drug & alcohol abuse, college students, 4378
diagnosis of drug abuse presenting as psychiatric illness, 10603
differential instructions & instructions aimed at increasing socially desirable responses, locus of control scores, male inmates with drug abuse history, 167
drug & alcohol abuse, hyperactive vs normal children, literature review, 5988
drug abuse by alcoholics & alcohol abuse by heroin & other drug addicts/abusers & polydrug abuse including alcohol, treatment implications, literature review, 10623
drug abuse, West Germany, 3358
drug rehabilitation program, recidivism, 13–19 yr olds referred by juvenile court for drug offenses, 8697
drugs as reinforcing stimuli & indicators of abuse potential, animals & humans, 7550
ego development, male chronic drug users vs nonusers, 12965
ethical & legal issues, use of penal sanctions to coerce submission to therapy, drug & other substance abusers, 12593
etiological similarities of chemical abuse & family sexual deviations, 3658
factors in inhalant abuse & characteristics of abuser & families, literature review, 12910
family background & interaction, substance abuse, review of support for hypotheses, literature review, 10602
family background & victimization & self destruction, substance abuse, 10–46 yr old female street prostitutes, 10640
family life & development of drug use & types of drugs used, 14–38 yr old toxic psychosis patients admitted to hospital psychiatric ward, 3696
Faschingbauer Abbreviated MMPI vs MMPI-168 vs full MMPI, alcoholic & drug abusing males with mean age of 44 yrs, 4769
government educational & enforcement programs, drug abuse & availability, US, literature review, 6483
halfway house placement, recidivism & adjustment, alcohol & drug abusers under 18 yrs & 19–36 yrs old, 14-mo followup, 6514
heroin abuse indicators, update on 2 yr study by T. H. Gardin & E. Leibson, 12920
holistic prevention program, substance abuse, American Indians, 11103
incidence of drug abuse & dependence, nurses, Czechoslovakia, 1855
incidence of substance abuse & schizophrenic disorders & organic brain syndrome & referral characteristics, emergency room patients aged 40–65 yrs & over, 4209
inhalant abuse, literature review, 5815
issues in treatment design & treatment components, substance abuse, females, 11096
lithium, drug & alcohol abuse, emotionally disturbed adult females & adolescent & young adult males, 1657

methadone maintenance & cognitive & didactic & experimental treatment techniques, drug abuse, wealthy young adults, 8709
methods of data recording & analysis during interviews, drug & alcohol abusers, 5-yr followup, 13460
mind/body controversy in substance abuse & addiction & trends in alcoholism treatment, 12941
model for prediction of incidence of crime among drug abusing treatment population & effect of treatment on criminal activity, 1285
multiple substance abuse, alcoholic & drug dependent persons, implications for combined vs separate treatment, 12937
norm qualities of significant reference group, alcohol & marihuana attitudes & abuse, 7th–12th graders, 5832
premorbid personality traits & alcohol & drug abuse & psychopathology & stress, relief from neuropathic pain through thalamic stimulation & psychiatric treatment following continued pain, patients, 6368
prevalence & consequences of drug abuse, US military personnel, 1980, 5813
prevalence & correlates of alcoholism & drug abuse & suicide, physicians, implications for treatment & role of consultation-liaison psychiatrist, literature review, 4268
prevalence of depression & family history of psychiatric disorders & drug/alcohol use patterns & problems, 21–25 yr old males, 5787
procyclidine abuse, secondary mania, 36 yr old psychiatric patient, 4064
psychodynamics of marihuana abuse, 17 yr old male, 5826
psycholinguistic experimental approach, detection of denial associated with drug abuse & sexual dysfunction, 4256
psychological reductionist accounts of substance abuse & validity of physiological approach to substance abuse problems, 12919
psychosis connected to cannabis abuse, 19–39 yr olds, 12863
psychosocial factors & parental substance misuse & low self esteem & achievement motivation & alienation from parents, probability of substance abuse, implications for preventive research, 8077
psychotherapy, drug abuse, adolescents, 1839
rehabilitation considerations, deaf substance abusing clients, literature review, 11101
relationship between substance & child abuse, implications for child protective services, 11038
role of United Nations Educational & Scientific & Cultural Organization, prevention of drug abuse, 13479
Rorschach profiles, 19 yr old soft vs hard drug users, 1248
rural vs urban region, delinquent behavior & maladjustment & drug abuse, children, Finland, 1292
school based preventive intervention program, juvenile delinquency & substance abuse, 7th graders at risk, 4475
self administration of psychotropic drugs, reinforcement, animals, literature review, implications for human drug psychopathology, 5242
sex & age & diagnosis, signing against medical advice, community general hospital patients, 11064
sex differences, social adjustment & absence of crime & drug abuse during treatment in therapeutic community, 19–26 yr old opioid abusers, 2-yr followup, 6488
social characteristics of & treatment by criminal justice process, drug vs nondrug offenses in Texas District Courts, 985
solvent abuse, cerebral cortical & cerebellar atrophy, toluene inhalers, 5850
solvent abuse, 17–33 yr olds, 12925
stress management training program, reduction of trait anxiety, hospitalized polydrug-abusing males, 6485
substance abuse & depression masked by pseudodementia, 60 yr old female, 1099
substance abuse & patterns of crime, females, 1291
survey of graduate psychology training in substance abuse treatment, 13543
transcendental interaction model of hallucinogenic mushroom use, ancient Maya, literature review, 10379
typology of MMPI personality patterns, female 18–46 yr old drug abusers, 5819
unilateral family therapy in alcohol rehabilitation, alcohol abusing family member, 11105
validity of synthetic-dynamic theory, drug abuse & use, 5th–12th graders, implications for drug education & prevention, 12490
voluntary vs compulsory treatment & death rate & pregnancy-related problems, drug dependency, adolescents & young adults, Denmark & other Scandinavian countries, 13455

Drug Addiction [See Also Heroin Addiction]

admission to community-based treatment program, posttreatment opioid use, Black & White opioid addicts with mean age of 25 yrs, 6-yr followup, 6510
age & sex & ethnicity & socioeconomic status & drug cost & availability & length of addiction, opium dosage, opiate addicts, Laos, 10649
alcohol consumption & alcoholism, narcotic addicts & methadone maintenance patients, 10621
alcoholism & alcohol rehabilitation, productive activity, methadone maintained narcotic addicts, 6486
amineptine, tolerance & risk of delirious reactivation, drug addicts & schizophrenics, 1605
antisocial personality & alcoholism & psychiatric illness, male & female narcotic addicts with mean age of 24 yrs, 1252
assessment models, drug addiction, 12960
claustrophobic core & paranoid process in drug addiction, extension of article by W. W. Meissner, 8122
client characteristics of criminal & legal history, outcomes in methadone maintenance vs therapeutic community vs outpatient drug-free programs, opioid addicts with mean age of 26 yrs, 6511
clonidine, drug withdrawal symptoms & treatment of opiate addiction, literature review, 1835
communication patterns & organizing behavior & turn-taking, families of drug addicts, 10642
communication training in therapeutic community, verbal attention-seeking responses, 18–25 yr old drug addicts, 6444
craving & fantasies of sweets & food preferences, 21–59 yr old incarcerated male drug addicts, 12974
definition of addiction through life of J. M. Barrie, 5807
demographic & personality characteristics, opiate addicts classified as abstainers vs continued abusers, implications for counseling amenability, 13466
developmental perspective, transactional analysis model of ego-state behavior, adult narcotic addicts & inmates, 10641
diagnosis of antisocial personality & alcoholism & depression & homosexuality, prediction of recurrence or continuation of drug & alcohol dependence, narcotic addicts, 12908
drug abuse by alcoholics & alcohol abuse by heroin & other drug addicts/abusers & polydrug abuse including alcohol, treatment implications, literature review, 10623
drug addiction as result of shattering experience during "mirror stage" of development, 3692
emergency detoxification, drug addicts, 1836
environment & stimuli paired with drug administration, drug tolerance & dependence, animals & drug addicts, 7546
exposure vs adaptive orientation, addiction to heroin & other opiates, literature review, 1243
imipramine & phenelzine, agoraphobia following amphetamine withdrawal, 32 yr old female amphetamine addict, 1827
in utero drug abuse due to maternal drug addiction, arousal & irritability & muscle tone fluctuations & motor development & sleep & crying patterns, 38–40 wk old infants of 17–29 yr old drug dependent mothers, 12396
incidence of alcoholism & prognostic significance, opiate addicts in treatment, 1286
introjection & projection & paranoid process in drug abuse & addiction, 8109
methadone vs levo-alpha-acetyl-methadol maintenance vs clinic attendance, treatment outcome, male narcotic addicts, 13470
mind/body controversy in substance abuse & addiction & trends in alcoholism treatment, 12941
model for prediction of incidence of crime among drug abusing treatment population & effect of treatment on criminal activity, 1285
modified Self Administered Alcohol Screening Test, detection of future excessive alcohol consumption, narcotic addicts, 4793
public policy & regulations in treatment of opiate addiction, 6498
relapse antecedents & concomitants, male opiate addicts on methadone maintenance, 13456
reliability of diagnosis, opiate addicts, 3703
residence relocation, abstinence from opioid use, adult male opioid addicts, 20-yr followup, 5839
sex, symptoms of psychiatric distress & utilization of in- vs outpatient psychiatric services, psychiatric patients vs drug addicts under 55 yrs vs 55 yrs old & older, Iran, 6095
stable vs changing subcultures, addictive personality, 8085
staff & therapist absence & methadone therapy & number of new hospital admissions, prediction of treatment dropouts, male drug addicts in opiate detoxification program, 4253

Drug Administration Methods
dietary morphine administration & pair feeding for long term intoxication, male rats, 11622
eating vs fasting, methylphenidate absorption, 24–40 yr olds, implications for hyperkinesis medication schedules, 4076
icv vs ip cholecystokinin octapeptide & subdiaphragmatic bilateral vagotomy & spinal cordotomy, satiety for food intake, rats, 12166
method for intragastric ethanol intubation without body weight impairment, rat pups, 4688
oral vs ip trichloromethane, taste aversion & fluid intake, male mice, 644
oral vs iv nomifensine, blood levels & EEG & blood pressure & pulse rate & side effects, 21–31 yr olds, 10034
oral vs sc glycerol, total & night & day food intake, diabetic male rats, 12251
orally self administered phencyclidine, tolerance to behavioral effects, rhesus monkeys, 5228
single vs multistage hypothalamic injections of 6-hydroxydopamine, consummatory & motor behavior & forebrain catecholamine depletion, male rats, 7578
Drug Adverse Reactions [See Side Effects (Drug)]
Drug Dependency [See Also Drug Addiction, Heroin Addiction]
aftercare in chemical dependence treatment, proceedings of medical conferences, 13468
classical conditioning factors, opiate dependence, literature review, implications for treatment, 5823
environment & stimuli paired with drug administration, drug tolerance & dependence, animals & drug addicts, 7546
environmental & biobehavioral & cognitive factors, acquisition & maintenance of drug dependence, 5812
evaluation of disease concept of drug dependence, 10611
family relations & peer pressure & self concept & coping behavior & socioeconomic status & school grades & attendance, chemical dependency, adolescents in drug rehabilitation program, implications for prevention, 10644
incidence of benzodiazepine dependence in long term usage as seen in occurrence of withdrawal syndrome, 20–79 yr old phobic benzodiazepine users, 1621
incidence of drug abuse & dependence, nurses, Czechoslovakia, 1855
maternal methadone use during pregnancy, health & development & behavior, infants, literature review, 10005
multiple substance abuse, alcoholic & drug dependent persons, implications for combined vs separate treatment, 12937
peptidase inhibitors, reduction of morphine withdrawal effects, male rats, 5264
physical dependence on vs preference for ethanol, mice, 586
psychological smoking cessation treatment with vs without nicotine chewing gum, abstinence, high- vs low-nicotine-dependent smokers, 8700
sexual satisfaction, 26–57 yr old chemically dependent couples, 3700
symptoms of withdrawal from chlordiazepoxide & diazepam & oxazepam & lorazepam & nitrazepam & temazepam & clobazam, literature review, 10938
trends in psychotropic drug use/dependence literature, 1960–80, 10604
vocational rehabilitation & social reintegration, drug dependent youth, 13477
voluntary vs compulsory treatment & death rate & pregnancy-related problems, drug dependency, adolescents & young adults, Denmark & other Scandinavian countries, 13455
Drug Dissociation [See State Dependent Learning]
Drug Dosages [See Also Drug Overdoses]
ACTH 4-9 analog ORG-2766 vs ACTH 4-10 vs (D-Phe-7) ACTH 4-10 doses, passive avoidance, male rats, 10004
acute vs chronic administration & dosage level of imipramine, treatment of depressive symptoms induced by chronic stress, male rats, implications for drug therapy, 629
age & sex & ethnicity & socioeconomic status & drug cost & availability & length of addiction, opium dosage, opiate addicts, Laos, 10649
alcohol dosage level & visual stimuli presented to left vs right field, perception time & hemispheric functional asymmetry & evoked potentials, nonalcoholics with mean age of 29 yrs vs 23–42 yr old abstaining alcoholics, 12293
alcohol dosage level, REM & NREM sleep & sleep onset, 20–27 yr old males, 12305
alprazolam dosage levels, sleep induction & maintenance & stages, 21–35 yr old males, 2957
amphetamine dosage, local response rate in VI schedule, pigeons, 697
apomorphine dosage, GABA content & glutamate decarboxylase & GABA-transaminase activity in paleostriatum augmentatum, chicks, 12317
atropine vs benactyzine vs scopolamine dosage levels, DRL performance, rhesus monkeys, 2962
beta-endorphin doses & naloxone & pinealectomy, body temperature & activity levels, goldfish, 7554
carbaryl sublethal concentrations, surfacing behavior & food intake & growth, air-breathing fish, 2920
chlordiazepoxide & diazepam dosage, raphe nucleus activity & ataxia & EMG activity, cats, 12343
chlordiazepoxide & shock, attack behavior, adult male mice, 5177
dietary level of alpha glucosidase inhibitor acarbose & carbohydrates vs fats, food intake & body weight, female rats, 12279
dosage level of dothiepin, depression, 22–59 yr olds, 6312
dosage level of fluphenazine decanoate, serum prolactin & dextroamphetamine-induced locomotor activity & sniffing & rearing, male rats, 2963
dosage level of oxazepam & prior drug experience, individual variability in punished vs unpunished responses in Geller-Seifter paradigm, drug-sophisticated male rats, 2921
dosage levels of ACTH analogs, medial septal self stimulation with ascending vs descending sequences of stimulus intensities, male rats, 12271
dosage levels of haloperidol vs metaclopramide vs pimozide vs butaclamol, ACTH-induced grooming & locomotor activity, male mice, implications for dopamine neurotransmission in grooming, 2941
dosage of bombesin injected into cerebral ventricles, body temperature & food intake, food deprived rats, 12242
dosage of chlorpromazine, EEGs & evoked responses & psychometric test performance, 20–30 yr old males, 12277
dosage of norepinephrine into anterodorsal hippocampus, activity level, male rats, 2937
dosage of testosterone propionate, food intake & body weight, castrated male rats, 2965
dose & temporal effects of alcohol, brain stem auditory evoked responses & tympanic temperature & positional alcohol nystagmus & self rated intoxication & blood alcohol level, 22–34 yr olds, 7538
dose of alcohol consumed, performance & number of irrational statements & level of anxiety & heart rate, socially anxious males & college students, 633
dose of ethanol vs chlordiazepoxide vs diazepam, discriminative learning performance, rats, 2977
dose of isoproterenol, punished responses & water drinking, water deprived rats, implications for "false positives" in conflict procedures, 2927
haloperidol decanoate concentration, chronic psychosis, 32–81 yr old female inpatients, 4097
haloperidol in increasing doses, therapeutic plasma concentrations, 18–65 yr old treatment resistant chronic schizophrenics, 6291
icv enkephalin analog FK 33-824 doses vs morphine vs dextro-ala-2-Met-enkephalinamide & subsequent naloxone & environmental temperature, hyperthermia, cats, 597
icv tetrahydropapaveroline dosages, ethyl alcohol intake, female macaque monkeys, 660
individual vs group housing vs restraint with vs without shock, parachloramphetamine toxicity, rats, 12152
maprotiline 75 mg administered 3 times/day & single evening dose, effectiveness & side effects, depressed patients, 1632
maternal vitamin A palmitate dose, ultrasonic vocalization over clean vs soiled bedding as measure of developmental toxicity, rat pups, 584
meperidine vs normeperidine with vs without diazepam pretreatment, analgesia & lethality, male rats, 646
methylphenidate dosage, paired associate learning, 5–11 yr old males with attention deficit disorder with hyperactivity, 6280
morphine vs analgesic U-49,274A vs pentazocine dosage levels & self administration & naloxone, plasma corticosteroids, rats, 2959
morphine vs pentobarbital pretreatment, tolerance to discriminative stimulus properties of morphine, male pigeons, 10052
multiple dose physostigmine, memory improvement, 50–68 yr old Alzheimer's disease patients, 6276
neuroleptic drug dosage & plasma & red blood cell levels, clinical symptoms, chronic schizophrenics, 6277
oral ethanol concentrations, ethanol consumption & blood levels, female pregnant vs nonpregnant squirrel monkeys, feasibility of use as animal model for fetal alcohol effects, 2954
phenazocine vs ketazocine vs ethylketazocine & naloxone, schedule-controlled behavior, male pigeons, 12300

phencyclidine dosage & pretreatment with haloperidol vs methysergide, aggressive behavior & motor activity, mice, 12345
phencyclidine dosage levels, exploratory behavior & autoshaping, food-deprived rats, 601
phencyclidine doses, seizures kindled in amygdala, rats, 610
postnatal low-dose ethanol, open field activity levels & body weight & intracranial self stimulation & plasma corticosterone, rats, 5272
prenatal methyl mercury & postnatal dextroamphetamine, avoidance & DRL task performance, male rats, 606
progesterone dosage level, progesterone desensitization effect on lordosis & hypothalamic progestin receptors, female guinea pigs, 591
renal lithium & creatinine clearance method, prediction of maintenance lithium dose, 20–62 yr old patients, 8473
RX 336-M doses, shaking & grooming, male rats, 615
subtoxic doses of triamcinolone acetonide during prenatal & neonatal & postnatal periods of brain development, maze exploration & spontaneous alternation, rats, 12283
temporary increase in prescribed drug dosage, reduction in illicit drug use, 24–31 yr old drug addicts, England, 13467
testosterone & 5-alpha-dihydrotestosterone doses, development of cloacal gland & sternotracheal muscles & crowing & sexual activities, castrated male Japanese quail, implications for testosterone regulation of reproduction, 2932
time between lithium & pentobarbital injection & dosage, aversion of failure, male rats, 2968

Drug Education
alcohol education program, knowledge level & use & attitudes toward alcohol, male & female 7th–10th graders, 6653
assertiveness training, drug abuse prevention, 8th graders, 8851
behavioral smoking prevention program with high school student leaders, reported smoking at 9- & 21- & 33-mo followups, 7th graders, 4387
community-oriented prevention programs, drug abuse, Denmark, 13478
development & implementation of Chemical Use Abuse Group Program, prevention of drug & alcohol abuse, college students, 4378
drug education, drug & alcohol usage, 10–18 yr olds, 2-yr followup, 6654
educational alcohol abuse prevention presentation, personal drinking behavior & perceived peers' attitudes & behavior & parental behavior, 7th graders, 13596
effectiveness of alcohol & drug education, knowledge & attitude change, 4368
effectiveness of drug & alcohol education programs at elementary school through university level, literature review, 1948
efficacy of alcohol education programs, college students, 6652
government educational & enforcement programs, drug abuse & availability, US, literature review, 6483
health education & drug abuse course, interest in health issues & self confidence of ability to teach health education, preservice teachers, 8816
methodological problems in evaluation of risk reduction programs related to cigarette smoking & alcohol use, 5th–7th graders, 11210
need for realistic social attitudes toward alcohol usage, 5560
nonconformity & assignment of problem responsibility & its teaching in alcohol & drug education programs, 8th graders, 1983
participation in preventive & educative programs within high school, school psychologists, literature review, 6616
preteaching questionnaire, self reports of drug use & intentions as evaluation measures of drug education program, high school students, 4477
problems in drug education program evaluation, 7th–9th graders, 4513
reasons for alcohol drinking & factors in alcohol abuse, adolescents, implications for alcohol education, 1295
recent trends & different approaches, alcohol education programs, 1940
role of United Nations Educational & Scientific & Cultural Organization, prevention of drug abuse, 13479
school-based smoking prevention program, smoking at 1-yr followup, adolescent middle school students, 4358
social attitudes toward & reason for using vs not using marihuana, college students, implications for drug education, 4430
student characteristics, effects of alcohol education course, 8th graders, 6675
validity of synthetic-dynamic theory, drug abuse & use, 5th–12th graders, implications for drug education & prevention, 12490

Drug Effects [See Drugs]

Drug Induced Congenital Disorders
clinical effects in humans & laboratory studies, fetal alcohol syndrome, digest of previously published article, 6033
developmental problems & psychopathology, 36–186 mo old fetal alcohol syndrome patients, 1114
maternal alcohol consumption during pregnancy, fetal development & disorders, humans & animals, literature review, 10022
maternal methadone use during pregnancy, health & development & behavior, infants, literature review, 10005
maternal nicotine & caffeine, offspring size & growth rate & cognitive function & premature delivery & spontaneous abortion & stillbirths & neonatal deaths & congenital anomalies, humans & animals, 5252

Drug Induced Hallucinations
cessation of long term reserpine therapy, reserpine withdrawal psychosis & role of denervation supersensitivity of receptors, 85 yr old female, 1628

Drug Interactions
amantadine-neuroleptic combination, palliative treatment of tardive dyskinesia, 40–70 yr old patients, 1589
aminophylline vs DH-ergotoxin alone vs with adrenaline vs noradrenaline vs isoprenaline, operant behavior, female rats, 696
amitriptyline vs nortriptyline with vs without perphenazine, antidepressant plasma level, psychiatric patients with mean age of 42.3 yrs, 1636
angiotensin vs carbachol injections to preoptic region with vs without pretreatment of ipsilateral vs contralateral GABA injections into globus pallidus, water intake, male rats, 2964
anticonvulsant & psychotropic drug interactions, mentally retarded, 10953
benzodiazepine antagonists, anxiety, rats, 12272
bromocriptine, symptom exacerbation during neuroleptic treatment, 31 yr old schizophrenic female, 1615
cannabidiol, anxiety provoked by delta-9-tetrahydrocannabinol, 20–38 yr olds, 710
chlordiazepoxide & 5-methoxy, N,N-dimethyltryptamine interactions, conflict behavior, rats, 12332
chlordiazepoxide vs N-demethylchlordiazepoxide, ethanol-induced sleep time & blood & brain chlordiazepoxide levels, male mice, 2929
chronic clorgiline therapy, subsensitization of alpha-2-adrenergic receptors following clonidine administration, 20–58 yr old psychiatric patients, 4094
combined lithium & neuroleptic drugs, EEG activity, psychiatric patients, 13286
combined use of phenazepam & sydnocarb & amitryptiline & triphthazine, treatment of borderline psychopathology, outpatients, 1588
concurrent lithium carbonate & neuromuscular blocker therapy, delayed recovery from anesthesia, 1638
disulfiram drug therapy & marihuana usage, hypomanic toxicity, 28 yr old male alcohol abuser, 13276
dosage level of fluphenazine decanoate, serum prolactin & dextroamphetamine-induced locomotor activity & sniffing & rearing, male rats, 2963
droperidol & phentanyl, pain during tail jerking, rats, 627
ethanol with vs without 2-ethoxyethanol administration during pregnancy, maternal weight gain & pregnancy duration & offspring neuromotor ability & open field behavior & level of activity, rats, 662
flurazepam vs triazolam with vs without alcohol, cognitive performance, 20–35 yr old males, 12288
gamma-vinyl GABA with vs without amphetamine, food intake, male rats, 2949
interaction of muscarinic agonist vs antagonist with phencyclidine, effect on muscarinic receptors & evidence against anticholinergic hypothesis of phencyclidine, male mice, 2951
lithium & levotryptophan, brain serotonergic turnover & drug interaction & reduction of muricidal behavior, male rats, 5224
lithium & phenelzine, depressive symptoms, 41–71 yr old patients with major depressive disorder unresponsive to phenelzine alone, 4090
loxapine & amoxapine & 8-hydroxylated derivatives, 3-H imipramine & 3-H spiperone binding in cortical & striatal membranes & inhibition of platelet serotonin uptake, rats, 611
maternal ethanol &/vs nicotine, offspring stillbirths & neonatal deaths & activity & operant performance, rats, 651
meperidine vs normeperidine with vs without diazepam pretreatment, analgesia & lethality, male rats, 646

metergoline & diazepam vs quipazine vs LSD vs 2,5-dimethoxy-4-methylamphetamine, punished responding, rats, 600
methysergide, sleep suppression produced by quizapine, rats, 609
naloxone, drowsiness & abnormal thought content & plasma prolactin, 21–45 yr old drug-free chronic schizophrenics vs schizophrenics on neuroleptics, 6295
neuroleptic medication &/or psychosis, sudden death, 18 yr old male, 1607
neuroleptics & benzodiazepine derivative estazolam, auditory hallucinosis, chronic schizophrenics, 4082
pharmacological & therapeutic interactions of neuroleptics & tricyclic antidepressants, literature review, 1594
phencyclidine &/vs naloxone, thermoregulation, female rats, 10011
physostigmine, ethanol-induced sleep latency, rats, 5240
pretreatment with fluphenazine & intranigral administration of GABA-mimetics, circling behavior & interaction with flurazepam, female rats, 602
pretreatment with GABA antagonists, ECS-induced enhanced responses to apomorphine & quipazine, rats, 12285
pretreatment with mepyramine vs metiamide vs atropine, histamine induced aggressive behavior, mice, 661
probenecid vs sulfinpyrazone, potentiation of pentobarbital- & halothane-induced hypnosis, female rats, 676
simultaneous administration of benzodiazepine tranquilizers & pyranal, finger sensitivity thresholds as index of drug interactions, patients, 635
tacrine derivatives, motor activity level, female rats, implications for antidotes against anticholinergic poisoning drug, 637
thioridazine & maprotiline & trifluoperazine & trihexyphenidyl, drug interactions causing atypical ventricular tachycardia, 51 yr old chronic schizophrenic female, 4081
time between lithium & pentobarbital injection & dosage, aversion of failure, male rats, 2968
trimipramine/phenelzine combination, refractory depression, 30 yr old male, 13279
zimelidine vs amitriptyline & ethanol, pharmacokinetics of ethanol, 21–31 yr old males, 684

Drug Laws
change in Michigan minimum drinking age laws & mandatory container-deposit law, draft vs bottle beer & wine sales & consumption, 1969–80, 12644
official inquiry & report on marihuana use, Panama Canal Zone, 3357

Drug Overdoses
admission rates for self poisoning drug overdoses, 12–20 yr olds, 6443
amoxapine overdose, 36 yr old female, 8448
differentiation of neuropsychiatric from psychiatric syndromes, coma vigil associated with drug overdose, 21 yr old female, 13082
intentionality & perceived danger & lethality & motivation, sedative hypnotic overdose, emergency room overdose patients with mean age of 28.3 yrs, 1289
reasons chosen by patients vs clinical assessors for drug overdoses, 13–18 yr old self poisoners, 10619
symptomatology & treatment of tricyclic antidepressant overdose, 6097
utilization of psychiatric hospital or outpatient services before & after self poisoning, 15–79 yr old patients, 6360

Drug Potentiation [See Drug Interactions]

Drug Rehabilitation [See Also Alcohol Rehabilitation]
admission to community-based treatment program, posttreatment opioid use, Black & White opioid addicts with mean age of 25 yrs, 6-yr followup, 6510
aftercare in chemical dependence treatment, proceedings of medical conferences, 13468
attitudes toward combined treatment for drug & alcohol abuse, combined vs separate drug & alcohol treatment staff, 11099
attitudes toward heroin & methadone & drug counseling & drug-free treatment approach, methadone maintenance clinic clients & staff, 4251
barriers to supervisory use of constructive confrontation in work-based programs, problem drinking employees, literature review, 6509
behavioral intervention, reduction in benzodiazepine use, 24–33 yr old male methadone maintenance outpatients, 8708
challenge to traditional model of entering substance abuse treatment & impact of criminal justice system, alcohol & drug abusers, 1834
characteristics & scores on diagnostic tests, immediate dropout of correctional drug treatment, male clients, 13475
classical conditioning factors, opiate dependence, literature review, implications for treatment, 5823
clonidine & lofexidine, opiate detoxification, outpatients, 1841
clonidine, anatomical & physiological & biological processes in opiate withdrawal, implications for treatment of mania & schizophrenia, 1824
clonidine, drug withdrawal symptoms & treatment of opiate addiction, literature review, 1835
clonidine, opiate withdrawal & cognitive & affective & physiological symptoms, 1828
common issues & concerns, drug & sex counselors, 4311
conceptualization & etiology & treatment, heroin addiction & other substance use/abuse, literature review, 6495
demographic & personality & psychopathology correlates & program performance of client, perception of clients, drug rehabilitation counselors, 6484
demographic & personality characteristics, opiate addicts classified as abstainers vs continued abusers, implications for counseling amenability, 13466
design of research instruments, evaluation of drug dependence treatment program, male alcohol & drug dependent 19–57 yr old spinal cord injured VA patients, 13483
development & evaluation of social skills training program, substance abusers in alcohol/drug rehabilitation facility, 4257
drug addiction aftercare program implementation, 6492
drug rehabilitation program, recidivism, 13–19 yr olds referred by juvenile court for drug offenses, 8697
efficacy of behavioral smoking cessation program, 42–61 yr old coronary prone males, 8705
EMG biofeedback training, anxiety, narcotic addicts in methadone program, 1830
ethical & legal issues, use of penal sanctions to coerce submission to therapy, drug & other substance abusers, 12593
evolution & operation of drug & general crisis center, Canada, 13458
heroin use & clinic attendance, drug rehabilitation clinic patients, 7-yr followup, 1833
imipramine & phenelzine, agoraphobia following amphetamine withdrawal, 32 yr old female amphetamine addict, 1827
incidence of alcoholism & prognostic significance, opiate addicts in treatment, 1286
initial & present cigarette consumption & rates of mortality & coronary heart disease & lung cancer & other cancers & causes of death, 40–59 yr old male smokers with vs without intervention program, 10 yr followup, 1837
issues in treatment design & treatment components, substance abuse, females, 11096
levels of stress & self reliance & other psychosocial variables, long term outcome in smoking cessation program, smokers, 6482
lysine-8-vasopressin prior to cigarette smoking aversive conditioning, acquisition & extinction of conditioned avoidance to smoking, 19–39 yr old smokers, 6489
measurement of treatment outcome, smoking cessation research, 11610
methadone & haloperidol & chlorpromazine, anxiety & conceptual disorganization & suspiciousness symptoms, 42 yr old male heroin addict, 1840
methadone maintenance & cognitive & didactic & experimental treatment techniques, drug abuse, wealthy young adults, 8709
methadone vs levo-alpha-acetyl-methadol maintenance vs clinic attendance, treatment outcome, male narcotic addicts, 13470
model for prediction of incidence of crime among drug abusing treatment population & effect of treatment on criminal activity, 1285
multiple substance abuse, alcoholic & drug dependent persons, implications for combined vs separate treatment, 12937
psycholinguistic experimental approach, detection of denial associated with drug abuse & sexual dysfunction, 4256
psychological smoking cessation treatment with vs without nicotine chewing gum, abstinence, high- vs low-nicotine-dependent smokers, 8700
psychotherapy, drug abuse, adolescents, 1839
rapid smoking vs increasing delay training, self control of smoking behavior, college students, 13473
reality construction & exploration as part of treatment process in therapeutic communities, psychiatric day hospital vs "concept house" for treatment of drug addicts, 10774
rehabilitation considerations, deaf substance abusing clients, literature review, 11101
relapse & depression following treatment, alcohol & drug abusers, 1 vs 6 vs 12 mo followups, 8702
relapse prevention hot line for maintenance, ex-smokers, 8706
restricted environmental stimulation therapy &/vs self management, smoking cessation, adult smokers, 11095

retention rates in methadone maintenance programs, New York, 1964–76, comments on research findings of R. Bayer & I. Koenigsberg, 13462
role of psychologists in alcoholism & drug abuse treatment services, 13500
sex of client & counselor in drug free vs methadone maintenance treatment, sex role attitudes, drug abuse counselors, 4262
social & psychological functioning, male substance abusers who did vs did not complete treatment program, 6481
staff & therapist absence & methadone therapy & number of new hospital admissions, prediction of treatment dropouts, male drug addicts in opiate detoxification program, 4253
stress management training program, reduction of trait anxiety, hospitalized polydrug-abusing males, 6485
survey of graduate psychology training in substance abuse treatment, 13543
temporary increase in prescribed drug dosage, reduction in illicit drug use, 24–31 yr old drug addicts, England, 13467
training & qualifications of paraprofessionals as group psychotherapists in fields of mental health & substance abuse, 6557
treatment consisting of sensory deprivation for 6–24 hrs vs 24 hrs of social isolation, cigarette craving & smoking behavior, heavy smokers, 13457
treatment modality units, federally funded drug abuse treatment programs, 13481
treatment of narcotic withdrawal, literature review, 1831
vocational rehabilitation & social reintegration, drug dependent youth, 13477
voluntary vs compulsory treatment & death rate & pregnancy-related problems, drug dependency, adolescents & young adults, Denmark & other Scandinavian countries, 13455

Drug Sensitivity
chronic naltrexone, increase in brain opiate receptors & sensitivity, female rats, 7580
chronic stress & chronic narcotic antagonists during development, sensitivity to analgesic effect of morphine, mice, 5170
circadian changes, brain distribution & sensitivity to haloperidol, male rats, 5227
dosage level of oxazepam & prior drug experience, individual variability in punished vs unpunished responses in Geller-Seifter paradigm, drug-sophisticated male rats, 2921
interaction of chronic antipsychotic drug administration & bilateral denervation of dopamine afferents to nucleus accumbens, behavioral hyperresponsiveness, male rats, 7504
lithium & haloperidol, apomorphine inhibition of prolactin secretion as index of dopamine receptor supersensitivity, male rats, implications for manic depression prophylaxis, 5273
pentobarbital, hypnotic & hypothermic responses, long- vs short-sleep lines of mice genetically selected for ethanol sensitivity, 10028
progesterone injection following estradiol benzoate, lordosis & nuclear & cytoplasmic progestin receptor concentration, ovariectomized guinea pigs, 5222
valproic acid, brain serotonin metabolism, isolated vs grouped male rats, 2955

Drug Synergism [See Drug Interactions]

Drug Therapy
abrupt termination of tricyclic antidepressant drugs, symptoms & norepinephrine turnover, depressed 19–63 yr olds, 13260
acetylator phenotype, response to phenelzine, patients with anxiety with vs without depression, 10942
acute vs chronic administration & dosage level of imipramine, treatment of depressive symptoms induced by chronic stress, male rats, implications for drug therapy, 629
age at onset of disorder & fluphenazine decanoate therapy, treatment response, chronic schizophrenics, 8480
age, knowledge of disease & knowledge of & compliance with drug regimens, patients under vs above 65 yrs of age, 8460
alprazolam vs diazepam, anxiety, outpatients with mean age of 39 yrs, 10948
alprazolam vs imipramine, nonpsychotic unipolar depression, outpatients, 4093
alprazolam vs lorazepam, treatment of primary anxiety & side effects, outpatients, 4059
amantadine-neuroleptic combination, palliative treatment of tardive dyskinesia, 40–70 yr old patients, 1589
American Psychiatric Association Task Force screening criteria, review of drug therapy practices, outpatients, 13275
amineptine, tolerance & effectiveness, 30–81 yr old reactive & endogenous & psychotic depressed patients, 1604
amineptine, tolerance & risk of delirious reactivation, drug addicts & schizophrenics, 1605
amineptine, treatment of depression, patients, 13264
amineptine vs imipramine, depression, patients, 13290
amitriptyline restart after discontinuation, symptoms & side effects, depressed patients with mean age of 56.8 yrs, 6287
amitriptyline therapy, urinary excretion of 3-methoxy-4-hydroxyphenylglycol & plasma drug levels & clinical response, 24–65 yr old patients with primary affective disorder, 1616
amitriptyline vs nortriptyline with vs without perphenazine, antidepressant plasma level, psychiatric patients with mean age of 42.3 yrs, 1636
amitriptyline-perphenazine vs doxepin, depression, outpatients, 13288
amoxapine, akathisia & cogwheel rigidity, 20 yr old male, 10949
amoxapine, effectivenss & side effects, depressed patients, 1610
amoxapine, neuroleptic effects, psychiatric patients, 1599
amoxapine vs amitriptyline, serum levels & clinical response, primary unipolar depressive 18–60 yr olds, 13261
anti-motion-sickness drugs, nystagmic eye movement responses to angular acceleration with vs without vision & to optokinetic stimuli, college students, 7539
anticholinergic drugs, delirium induced by poisoning, 42 & 58 yr old males, 1597
anticipatory nausea & emesis, 18–82 yr old cancer chemotherapy outpatients, 8472
anticonvulsant & psychotropic drug interactions, mentally retarded, 10953
anticonvulsant drug therapy, behavioral & psychiatric symptoms of toxicity, 16 yr old moderately retarded male & 13 yr old female with partial complex seizures, 1644
antidepressant & neuroleptic & hypnotic drug prescriptions, psychiatric patients during hospitalization vs in outpatient clinics, 1625
antidepressant drugs, anxiety, 6274
antidepressant drugs, cardiac patients, literature review, 13296
antidepressants & neuroleptics & tranquilizers & sleep deprivation, chronic manic depression, 20–50 yr olds, 13137
antipsychotic drug therapy, disordered children, literature review, 4085
antipsychotic drug therapy, respiratory dyskinesia, 47 yr old schizophrenic female, 4079
antipsychotic drugs, tardive dyskinesia, mentally retarded, 8481
antipsychotic medication, speed of information processing, schizophrenic patients, 1595
anxiolytic drugs, concurrent anxiety-depression, 6292
anxiolytics & neuroleptics, treatment of anxiety, 4067
arginine pyroglutamate, depressed patients, 8459
atropine, sleep & gastrointestinal disorders following withdrawal from antidepressants, 27–52 yr old patients, 13265
atropine-induced coma, metabolism of biogenic amines, schizophrenics, 10946
attitudes toward drug usage, 40–59 yr old female patients classified as high vs intermittent vs nonusers of benzodiazepines, 10931
barbiturate anticonvulsants, self concept & anxiety & locus of control & side effects, 6.5–12.8 yr old epileptics & diabetics, 10930
behavioral & hypnotic treatment of aversion reactions to chemotherapy, cancer patients, literature review, 6089
behavioral & pharmacological management of pain & fear in dental patients, dentists, literature review, 1680
benzodiazepines, treatment of anxiety, literature review, 4092
benzodiazepines, voice characteristics, anxious patients, 1654
beta-blocker therapy, sexual dysfunction, 17–82 yr olds with hypertension, 13281
bethanechol, antidepressant-induced impotence & anorgasmy, 43 & 62 yr old males & 55 yr old female, 1618
biofeedback vs relaxation vs drugs, treatment of hypertension, 35–60 yr old patients, 6067
blood serum concentrations in lithium kinetics, 20–40 yr old manic depressives, 6307
breach of double-blind procedure as consequence of informed consent, obese 22–65 yr old patients & physicians involved in fenfluramine trial, 4664
bromazepam, hypotension & hypertension as cardiovascular psychosomatic complications, 18–60 yr old anxious patients, 13269
bromocriptine, symptom exacerbation during neuroleptic treatment, 31 yr old schizophrenic female, 1615
bupropion, change in attention & memory & perception & vivid dreaming, depressed patients, 1592
carbachol & phenylephrine, eccrine sweat glands, normal males vs females & female anxiety neurotics, 6300

carbamazepine, cyclic adenosine & guanosine monophosphate in cerebrospinal fluid, patients with affective disorders, 10944
carbamazepine, treatment of psychotic & behavior disorders, 17–55 yr old patients, 4068
carbamazepine-induced reticulocytosis, 34 yr old female with mixed bipolar disorder, 13300
carbidopa/levodopa, hyperactive 6–10 yr old males with attention deficit disorder, 8467
change from fluphenazine decanoate to flupentixol decanoate, schizophrenic 22–61 yr olds, 8-mo followup, 1602
characteristics of cyclic migraine & treatment with lithium carbonate, 28 yr old female, 1404
chemotherapy regimens, psychological response & depression & fatigue, lung cancer patients, 10951
child & parent characteristics, children's adherence to regimen of stimulant medication, parents & their hyperactive 5–9 yr olds, 1613
chlorpromazine & ECT, Laurence-Moon-Biedl syndrome, 18 yr old female, 8276
chlorpromazine & operant conditioning, encopresis, 4 yr old male, 8383
chlorpromazine with vs without ECT, 15–45 yr old hospitalized schizophrenics, 8277
chronic clorgiline therapy, subsensitization of alpha-2-adrenergic receptors following clonidine administration, 20–58 yr old psychiatric patients, 4094
chronicity & schizophrenic symptoms & physical overactivity, response to lithium vs chlorpromazine, psychotic inpatients, 6270
cis(Z)-Clopenthixol decanoate, chronic schizophrenics, 13297
clinical picture & anticonvulsant treatment, diurnal & sleep epilepsy & diffuse grand mal seizures, noninstitutionalized patients, 1623
clobazam vs diazepam, anxiety reduction & withdrawal effects, 19–58 yr olds with anxiety neurosis, 13278
clomipramine & relevance of desmethylclomipramine plasma levels, primary depression, 1609
clonazepam treatment, 21–45 yr old chronic schizophrenics, 8463
clonidine & lofexidine, opiate detoxification, outpatients, 1841
clonidine, anatomical & physiological & biological processes in opiate withdrawal, implications for treatment of mania & schizophrenia, 1824
clonidine, drug withdrawal symptoms & treatment of opiate addiction, literature review, 1835
clonidine, opiate withdrawal & cognitive & affective & physiological symptoms, 1828
clonidine vs imipramine, agoraphobia with panic attacks & platelet binding, 31 yr old male hypertensive, 1661
clonidine, 16 yr old male with Gilles de la Tourette's syndrome, 6279
clozapine therapy, schizophrenic 21–47 yr olds, 13285
cognitive behavioral treatment &/vs methylphenidate, behavior, hyperkinetic 8 yr olds, 10782
cognitive fluctuations associated with on-off phenomena during levodopa treatment of Parkinson's disease, 51 yr old male, 8454
combined lithium & neuroleptic drugs, EEG activity, psychiatric patients, 13286
combined use of phenazepam & sydnocarb & amitryptiline & triphthazine, treatment of borderline psychopathology, outpatients, 1588
concurrent lithium carbonate & neuromuscular blocker therapy, delayed recovery from anesthesia, 1638
depot haloperidol decanoate, acute & chronic schizophrenia, 20–65 yr old patients, 4099
des-tyr-gamma-endorphin therapy, schizophrenia, 4060
des-tyrosine-gamma-endorphin, 20–42 yr old schizophrenics, 4084
desipramine & methylphenidate, chronic depression, 39 yr old male, 13267
desipramine, plasma concentrations, depressed inpatients with mean age of 47.3 yrs, 8470
detoxification withdrawal program, treatment of chronic pain, 6285
development of idiopathic torsion dystonia & treatment with haloperidol, 23 yr old female with schizophrenic brothers, 6273
dexamethasone suppression test, diagnosis & treatment of depression, 12870
dextroamphetamine therapy, apathetic depression & urinary incontinence, 61 yr old female with bilateral frontal lobe meningiomas, 1633
dextroamphetamine vs haloperidol following motor cortex ablation, recovery from paresis & depressed catecholamine levels, male rats, implications for rehabilitation of stroke & trauma patients, 7544
dextrophenylalanine & other enkephalins, implications for therapeutic applications, literature review, 13268
diazepam & epinephrine with local anesthetic during dental surgery, anxiety & heart rate & blood pressure & plasma norepinephrine, 18–25 yr old patients, 6282
diazepam, treatment of tardive dyskinesia, 23–72 yr old patients, 1653
diphenylhydantoin therapy, binge eating & EEG abnormality, 21 yr old females, 13056
discontinuation vs long term usefulness of thioridazine, behavior problems & long term progress, 13–65 yr old institutionalized mentally retarded, 6288
disulfiram drug therapy & marihuana usage, hypomanic toxicity, 28 yr old male alcohol abuser, 13276
dopamine-beta-hydroxylase cerebrospinal fluid levels, schizophrenic patients responsive vs not responsive to neuroleptic treatment, etiological implications, 1218
dosage level of dothiepin, depression, 22–59 yr olds, 6312
doxepin HCl, sleep & depression, depressed 29–64 yr olds, 13291
doxepin, treatment of chronic pain, literature review, 6267
doxepin, treatment of low back or cervical pain combined with depression, 26–65 yr old patients, 6286
drug therapy & ECT, psychotic symptoms, 19 yr old female with systemic lupus erythematosus, 6062
drug therapy, depression, Hispanic vs Anglo females with mean ages of 44.3 & 55.7 yrs, 6301
drug therapy, hyperactivity, children, literature review, 1643
drug therapy, side effects & behavior change, mentally retarded, 8482
drug treatment of depression, aged, literature review, 8486
drugs & vitamins, concentration & intellectual performance & emotional stability & behavior patterns, school age children, implications for use of drug therapy for learning disorders, 13273
ECT & antidepressant therapy, length of time between hospitalizations, 13–88 yr old unipolar & bipolar depressives, 8272
ECT & chlorpromazine & lithium, mania, hospitalized patients, 1472
ECT & drug therapy as forms of reductionism in psychology, comments on views of S. Peele, 4635
ECT vs imipramine, depression, 24–63 yr olds, 13121
ECT vs tricyclic antidepressant-antipsychotic combination therapy, psychotic major depressive disorder, 8291
effectiveness of pyriditol vs aminalone vs piracetam vs pantogam, mentally retarded vs borderline mentally retarded vs feebleminded 7–12 yr olds, 4056
efficacy of drug & behavior therapy interaction, learning & behaviorally disordered children, literature review, 12801
efficacy of oxyprothepin-decanoate, schizophrenic patients, 12-mo followup, 1626
erythrocyte/plasma lithium ratio, manic depressives who did vs did not respond to lithium therapy, 8464
ethical & legal considerations in clinical testing of new psychotropic drugs, volunteers & psychiatric patients, 10932
etiology & neuroleptic treatment, organic psychosis, 5 yr old female, 4083
expectations of pleasant vs unpleasant feelings with carbon dioxide inhalation, tension vs relaxation & heart rate & blood pressure changes, college students, implications for carbon dioxide therapy, 2984
extent of involvement in monitoring drug therapy, teachers of 4–21 yr old learning or behaviorally disordered students, 11321
federal bias & clinical data on sedative & anticonvulsant & antimigraine therapeutic potentials, cannabis, literature review, 10939
femoxetine vs desipramine, depressive symptoms & cerebrospinal fluid levels of 5-hydroxyindoleacetic acid & 4-hydroxy-3-methoxyphenyl glycol & homovanillic acid, depressed outpatients, 6275
fluphenazine & nortriptyline, irritable bowel syndrome & psychoneurotic morbidity, 15–58 yr old patients, 6296
fluvoxamine, chronically depressed patients, 4071
fluvoxamine vs chlorimipramine, endogenous depressed inpatients with mean age of 46 yrs, 8455
folic acid, psychotic behavior, catatonic schizophrenic 23 yr old male & schizoaffective 30 yr old male, 1647
GABAergic drug therapy, essential hypertension associated with emotional depression, elderly patients, 4055
genetic origins & drug therapy & psychometric testing, depression, proceedings from the National Congress of Italian Psychiatric Society, 10565
German pharmaceutical law of 1978 outlining legal guidelines for development & testing of pharmaceuticals, 10349
Gerovital H3 preventive treatment, depression, 45–60 yr old heavy-industry workmen, 6303
gonadal dysgenesis & development of anorexia nervosa, 17.5 yr old female undergoing hormonal replacement therapy, 3869

H-reflex during voluntary hyperventilation, depressed patients before vs after clomipramine & nitrazepam treatment, 4057
haloperidol & fluphenazine decanoate, catatonia, 72 yr old female psychiatric inpatient, 4089
haloperidol & lithium carbonate, development of persistent dysarthria & apraxia, manic depressive 19 yr old male, 1593
haloperidol &/vs mild punishment, self injury & collateral behaviors, 17 yr old profoundly retarded male, 1449
haloperidol, bilateral asymmetry for striatal dopamine metabolites & relation to dominant rotation direction, female rats, implications for pharmacologic treatment of schizophrenia, 7553
haloperidol decanoate concentration, chronic psychosis, 32–81 yr old female inpatients, 4097
haloperidol, discrimination learning & behavioral symptoms, autistic 2.3–7.9 yr olds, 1598
haloperidol in increasing doses, therapeutic plasma concentrations, 18–65 yr old treatment resistant chronic schizophrenics, 6291
haloperidol vs thioridazine vs butaperazine treatment, platelet MAO activity & prolactin levels, schizophrenics with mean age of 34.1 yrs, 6290
head control & vestibular nystagmus, infants treated with aminoglycosides for neonatal sepsis, 4069
health policy & mental health care delivery & psychotherapy & pharmacotherapy & theoretical orientation, presidential address presented at annual American Psychiatric Association meeting, 1454
high doses of haloperidol vs ECT, 20–50 yr old systematic vs unsystematic schizophrenics, 1473
hypnosis prior to iv diazepam, psychological reaction & recovery rate, surgical dental patients, 6076
hypnotherapy, asthma, 17 yr old male treated with drugs, 6304
hypothyroidism in response to thyrotropin & desipramine & lithium, rapid mood cycles, unipolar depressed 24 yr old female, 4070
ifenprodil tartrate, clinical effectiveness, alcoholic & manic depressive & chronic schizophrenic & senile dementia patients, 1611
imipramine & lofepramine, side effects & improvement, depressives, 8474
imipramine & phenelzine, agoraphobia following amphetamine withdrawal, 32 yr old female amphetamine addict, 1827
imipramine, prepubertal major depressive disorder & conduct disorder, 6308
imipramine therapy, secondary depression following myocardial infarction or coronary artery bypass-graft surgery, 42–66 yr old males with ischemic heart disease, 1648
imipramine vs amitriptyline, hypothalamic-pituitary-adrenal axis activity, 19–69 yr old endogenously depressed hospitalized patients, 1641
imipramine vs chlorpromazine & ECT, cognitive impairment & forgetfulness, 18–65 yr old schizophrenics & depressives, 6057
incidence & sex & clinical symptoms & associated sensory disabilities & drug therapy, late paraphrenia, patients aged 60 yrs & over, 6319
incidence of benzodiazepine dependence in long term usage as seen in occurrence of withdrawal syndrome, 20–79 yr old phobic benzodiazepine users, 1621
individual levels of fraction I endorphins & substance P in cerebrospinal fluid, self administered levels of meperidine for postoperative pain, 21–60 yr olds, 6316
individual vs group psychotherapy & diazepam vs chlorprothixene vs carbamazepine vs haloperidol, tics, children with mean age of 8.8 yrs, 3 mo–8 yr followup, 6072
insight, lithium compliance, manic depressives, 6310
integrative model of psychotherapy & pharmacotherapy, 1457
interpersonal interactions with peers & psychostimulant & behavioral treatment & social skills training, hyperactive 1st–6th graders & 5–9 yr olds, 6085
iprindole vs bupropion vs mianserin, chronic stress model of depression & corticosterone levels, male rats, implications for drug therapy, 631
iv diazepam test & subsequent relief of symptoms, prediction of response to benzodiazepam & tricyclic antidepressant therapy, anxious & depressed 18–68 yr olds, 4091
length of desipramine treatment, inhibition of clonidine effects on CNS, 23–62 yr old depressed patients, 13271
levodopa & ethanol, urinary MAO inhibitor output, postwithdrawal alcoholic males with mean age of 37.9–40 yrs, 4252
levotryptophan &/vs amitriptyline & imipramine, sleep paralysis, 20 & 25 & 45 yr old patients, 1655
levotryptophan, maintenance treatment, 63 yr old female with bipolar II manic depressive illness not responsive to lithium, 6268
lithium & chlorpromazine, 20–50 yr old male schizophrenics, 8456
lithium & haloperidol, apomorphine inhibition of prolactin secretion as index of dopamine receptor supersensitivity, male rats, implications for manic depression prophylaxis, 5273
lithium & phenelzine, depressive symptoms, 41–71 yr old patients with major depressive disorder unresponsive to phenelzine alone, 4090
lithium & tranquilizing drugs, side effects, adolescents with manic depressive psychosis, 10945
lithium &/vs neuroleptics, spermiologic disturbances & potency & libido, manic depressives & sexual deviants, 1631
lithium, affinity constants & number of binding sites for platelet vasopressin receptors, bipolar patients with mean ages of 35 & 36 yrs, 6269
lithium carbonate & chlorpromazine, Tourette-like symptoms & tics, 27 yr old autistic male, 6302
lithium carbonate &/vs imipramine hydrochloride, prevention of relapse, unipolar & bipolar depressed patients with mean age of 47.5 yrs, 1627
lithium carbonate, dysphoric mood & impulsivity, 19–26 yr old borderline psychotics, 1634
lithium carbonate, interictal aggression, 22 yr old male, 1651
lithium carbonate therapy withdrawal & spironolactone substitution, mania, 50 yr old male with endogenous depression, 1656
lithium citrate, psychotic excitement, manic patients, 13259
lithium, drug & alcohol abuse, emotionally disturbed adult females & adolescent & young adult males, 1657
lithium therapy, kidney damage, literature review, 1637
lithium therapy, memory, 20–45 yr old manic depressives, 6314
lithium therapy, toxic-confusional states, schizophrenic & schizoaffective patients, 4098
lithium therapy, violent 10 yr old & his family, 13302
lithium toxicity & rise in serum lithium after treatment termination, permanent diffuse cerebellar defect, manic depressive 43 yr old female, 1652
lithium, treatment of schizophrenia & schizoaffective disorders, literature review, 13263
localization of neuroleptic receptors, implications for evaluation of therapeutic effects, 10956
lofepramine & imipramine, outcome & side effects, patients with primary depression, 8458
long term efficacy & temporary withdrawal of antipsychotic drugs, behavioral deterioration, institutionalized retarded, 6321
long term neuroleptic treatment, word associations, hospitalized psychiatric patients, 8447
long-acting haloperidol decanoate injections as substitute for daily neuroleptic intake, patients with paranoia or paranoid schizophrenia, 13287
long-term lithium carbonate therapy, hyperparathyroidism, 30–67 yr olds, 1614
long-term lithium therapy, plasma folate concentration & affective morbidity, 21–83 yr old depressed patients, 4066
lopirazepam & prazepam, neurophysiology & psychometric performance as prognostic indicators of therapeutic outcome, male chronic alcoholics, 13293
lormetazepam vs amobarbital, treatment of moderate insomnia & side effects, psychiatric outpatients, 4053
loxapine & thioridazine, behavior disorders, demented patients with mean age of 83 yrs, 1591
loxapine, obsessive compulsive disorder, 21 yr old male, 1649
MAO inhibitors, anorgasmia, 22 & 28 & 54 yr old females, 1635
MAO inhibitors, depression, patients failing to respond to tricyclic antidepressants, 4095
MAO inhibitors, treatment of bulimia & atypical depression, 21–37 yr old females, 8489
maprotiline & amitriptyline, patients with primary affective disturbances, 10955
maprotiline 75 mg administered 3 times/day & single evening dose, effectiveness & side effects, depressed patients, 1632
medication usage frequency, days hospitalized, asthma patients with mean age of 39.2 yrs, 8452
methadone & haloperidol & chlorpromazine, anxiety & conceptual disorganization & suspiciousness symptoms, 42 yr old male heroin addict, 1840
methadone hydrochloride, prolactin levels, 22–54 yr old hospitalized depressives, 8462
method for evaluation of effects of drug therapy in schools, 3–18 yr olds with attention deficit disorder with hyperkinesis & emotional disturbance, 8471
methylphenidate & dextroamphetamine, treatment of depression, 15–78 yr old medically ill patients, 6293

methylphenidate & diazepam, reading performance, 6–12 yr olds with severe reading retardation, 8446
methylphenidate, childhood-onset pervasive developmental disorder, 5 yr old male, 8478
methylphenidate dosage, paired associate learning, 5–11 yr old males with attention deficit disorder with hyperactivity, 6280
methylphenidate, paired associate learning performance, hyperactive 9–13 yr old males with attention deficit disorder, 8466
methylphenidate serum levels, hyperkinetic 6–13 yr olds vs adults, 8461
methylphenidate, simple vs choice RT, 7–12 yr olds with attention deficit disorder, implications for ineffectiveness for long term academic achievement, 1587
methylphenidate, social behavior, 6–15 yr old hyperkinetic males, 8449
methylphenidate test, differentiation of response to imipramine & desipramine & amitriptyline & nortriptyline, 15–58 yr olds with major depressive disorder, 13292
mianserin, side effects & effectiveness, hospitalized & outpatient depressives, 1608
mianserin vs amitriptyline, cerebrospinal fluid levels of monoamine metabolites, 29–68 yr old depressed inpatients, 8468
mianserin vs chlordiazepoxide vs placebo, primary anxiety, 16–50 yr old general practice patients, 13257
mianserin vs nomifensine, treatment of depression, 8477
MIIS online computer program, enhancement of compliance to tricyclic antidepressant administration, 10952
monotherapy vs combined treatment with lithium & disulfiram & apomorphine, alcoholic patients, 13465
multiple dose physostigmine, memory improvement, 50–68 yr old Alzheimer's disease patients, 6276
naloxone, drowsiness & abnormal thought content & plasma prolactin, 21–45 yr old drug-free chronic schizophrenics vs schizophrenics on neuroleptics, 6295
naloxone, nitrous oxide-induced analgesia, 18–32 yr olds with dental pain, implications for role of endogenous opioids in analgesia, 6297
naloxone, schizophrenic symptoms, 28 yr old female, 4080
neural transmission & drug treatment, pain, 6289
neuroleptic blood plasma levels, supersensitivity psychotic symptoms & tardive dyskinesia, 50 yr old female & 27 yr old male paranoid schizophrenics, 4062
neuroleptic drug dosage & plasma & red blood cell levels, clinical symptoms, chronic schizophrenics, 6277
neuroleptic drug therapy & emotional arousal, onset of drug-induced dystonia, psychiatric patients, 4096
neuroleptic drug therapy, dyskinesia, children & adolescents & developmentally handicapped adults, information on centralized data system to collect & expand research, 1620
neuroleptic drug therapy, platelet MAO activity, psychiatric patients, 1639
neuroleptic drugs & stimulus intensity & rise-time factors, skin conductance orienting response, acute & chronic schizophrenics, 10509
neuroleptic drugs, dopamine & acetylcholine activity, patients with Gilles de la Tourette's syndrome, 10954
neuroleptic drugs, lateral asymmetry of visual evoked potentials, schizophrenics with mean age of 21.5 yrs, 4086
neuroleptic maintenance therapy, schizophrenics, 10934
neuroleptic medication &/or psychosis, sudden death, 18 yr old male, 1607
neuroleptic therapy, cerebrospinal fluid levels of neurotensin, schizophrenic 20–40 yr olds, 1659
neuroleptics & benzodiazepine derivative estazolam, auditory hallucinosis, chronic schizophrenics, 4082
neuroleptics & social skills training with vs without group therapy, psychotic schizophrenia, 18–50 yr old patients, 3984
nomifensine & amitriptyline therapy, endogenous & reactive depression, 64–89 yr olds, 4074
nomifensine vs amitriptyline, treatment of endogenous depression, 30–over 50 yr old patients, 10937
nomifensine vs imipramine, treatment of depression, 18–60 yr old outpatients, 10947
nomifensine vs imipramine, treatment of endogenous depression, 18–65 yr old patients, 10928
nomifensine vs maprotiline, treatment of endogenous depression, 16–78 yr old patients, 10936
nomifensine vs nortriptyline, treatment of endogenous vs reactive vs endogenous/reactive depression, 18–60 yr old patients, 10943
non-MAO inhibiting antidepressant drugs, cognitive functions, 8483
noveril, treatment of depressive states, patients, 1642
operationalization & quantification of dexedrine side effects, hyperactive children, implications for parental monitoring, 4075
oral gamma-vinyl GABA, neuroleptic-induced tardive dyskinesia, chronic simple & paranoid schizophrenics, 13277
oxaprotiline vs amitriptyline, moderate depression, 18–65 yr old patients, 8476
oxazepam, symptom improvement & side effects, anxiety neurosis outpatients with mean age of 67.5 yrs, 1630
patient history & clinical symptoms & response to drug therapy, 10–60 yr old schizoaffectives & manic depressives & schizophrenics, 6313
perceived influence of various information sources, decisions concerning primary & secondary prevention & drug therapy, interns & senior residents & faculty general internists, 6530
pharmacological & therapeutic interactions of neuroleptics & tricyclic antidepressants, literature review, 1594
pharmacotherapy, severe aggressive behavior, children, literature review, 6272
phenelzine & amitriptyline, 21–65 yr olds with depression & mixed anxiety-depression & phobic symptoms, 1645
phenelzine, chronic diarrhea & underlying depression, 59 yr old male, 1658
phenelzine therapy, depression & side effects, 1601
phenothiazines & thioxanthenes & butyrophenones & benzamides, depression, literature review, 8475
pimozide vs haloperidol vs placebo, behavioral & autistic & mental disorders, 3–16 yr olds, 10941
postoperative patient-controlled analgesia, sedation & analgesia status, laparotomy patients, 4058
posture & pulse rate & blood pressure, plasma norepinephrine & dopamine-beta-hydroxylase activity, chlorpromazine- vs haloperidol-treated vs drug-free schizophrenics vs schizoaffectives, 3555
potassium chlorazepate & clobazam, sleep & performance, anxious Ss, 6305
prazepam, anxious & anxious-depressive symptoms & RT & sleep movements, ambulatory & hospitalized patients, 8457
preoperative counseling &/vs chlordiazepoxide, anxiety, dental patients, 8301
pretherapy urinary excretion level of 3-methoxy-4-hydroxyphenylglycol & amitriptyline treatment, clinical response & pharmacokinetics, 24–65 yr old inpatients with primary affective disorder, 1596
prevalence & health implications & drug therapy & clinical management, anxiety, aged, 13133
procyclidine abuse, secondary mania, 36 yr old psychiatric patient, 4064
prophylactic lithium discontinuation, manic depression, 18–70 yr old patients, 4063
prophylactic lithium therapy & plasma lithium levels, recurrence of affective episodes, 25–70 yr olds with primary affective disorder, 1650
propranolol, control of rage outbursts & aggressive behavior, 7–35 yr olds with organic brain dysfunction, 6320
propranolol, Type A behavior & heart rate & blood pressure, 24–68 yr old coronary patients, 8465
propranolol, 20–35 yr old male schizophrenics, 6311
psychiatric symptoms & emotional reactions to diagnosis & treatment of breast cancer, 33–69 yr old females, 4124
psychological effects of lithium treatment, compliance & long term lithium therapy, healthy volunteers & patients, literature review, 13284
psychological smoking cessation treatment with vs without nicotine chewing gum, abstinence, high- vs low-nicotine-dependent smokers, 8700
psychotropic drug therapy, relapse rate & course of illness & side effects, 1629
psychotropic drug therapy, US & Australia & Canada & Europe, 4065
psychotropic drug treatment & side effects, mental retardation, literature review, 6299
psychotropic drugs with central anticholinergic properties, tardive dyskinesia, literature review, 13270
rate-dependent effect of CNS stimulants, paradoxical reduction of motor processes, hyperactive children, literature review, 1640
renal lithium & creatinine clearance method, prediction of maintenance lithium dose, 20–62 yr old patients, 8473
reported medication use & depressive symptoms, surveyed males & females, 8451
reserpine & drug withdrawal, tardive dyskinesia, 19 yr old schizophrenic male, 13266

response to thyrotropin-releasing hormone test, 18–66 yr old psychiatric patients treated vs not treated with lithium carbonate, 1624
role of endorphins & drug therapy, schizophrenia, 27–45 yr old schizophrenics & depressives, literature review, 4061
serum concentrations of thioridazine & its major metabolites & neuroleptic-like radioreceptor activity of serum, 56–80 yr old chronic schizophrenics with vs without tardive dyskinesia, 13301
serum dopamine-beta-hydroxylase activity, paranoid schizophrenics, replication of experiment by L. E. DeLisi, 4054
serum neuroleptic & anticholinergic levels & verbal IQ & symptom severity, verbal recall, 20–58 yr old chronic schizophrenics, 6317
sex & age, psychotropic drug prescription & usage, family members, 8491
sex & diagnosis, benzodiazepine prescriptions in family residency program, patients with skeletal muscle injury vs anxiety neurosis, 10950
sexual dysfunction & menstrual disturbances & plasma prolactin levels, 21–65 yr old schizophrenics on neuroleptics, 1617
similarities & coexistence of mania & depression in manic depression, implications for efficacy of carbamazepine treatment, 6306
single case designs in psychopharmacological research, literature review, 11571
social support & health & illness behavior, long term psychotropic drug users, 10940
stimulant drugs, mentally retarded vs autistic vs hyperactive children, literature review, 8445
subjective experience & attitudes toward illness, identification of patients who should not receive drug therapy, schizophrenics, 8450
subjective response to psychoactive drug therapy, prediction of clinical outcome, functional psychotic 21–59 yr olds, 4072
sydnocarb vs imipramine vs methylphenidate vs psychotherapy, enuretic children with mean age of 7.9 yrs, 1646
symptom reduction through use of neuroleptics as not synonymous with successful treatment, schizophrenia, 10935
symptoms of withdrawal from chlordiazepoxide & diazepam & oxazepam & lorazepam & nitrazepam & temazepam & clobazam, literature review, 10938
teacher-physician interaction in monitoring drug treatment of children with behavior disorders, special education teachers & pediatricians & psychiatrists, 13298
termination of lithium treatment, relapse rate, schizophrenics treated with combination lithium & neuroleptics, 13262
termination of lithium treatment, relapse rate, 20–60 yr old manic depressives, 13282
testosterone replacement, sexual behavior, 18–53 yr old males with hypogonadism, 13294
thiazide with vs without package insert or leaflet describing side effects, knowledge & reporting of side effects & attribution of affects to drug, hypertensive patients with mean age of 51.5 yrs, 8469
thioridazine & chlorpromazine therapy, development of corneal & lenticular opacities, institutionalized mentally retarded 18–33 yr olds, 1619
thioridazine & maprotiline & trifluoperazine & trihexyphenidyl, drug interactions causing atypical ventricular tachycardia, 51 yr old chronic schizophrenic female, 4081
thiothixene & thioridazine therapy response, electrodermal activity & skin conductance, 55–67 yr old chronic schizophrenics, 8479
thiothixene vs chlorpromazine & imipramine, secondary depression, schizophrenic 19–63 yr olds, 13256
thyrotropin releasing hormone & desimipramine, plasma growth hormone & follicle & thyroid stimulating & luteinizing hormone & prolactin, 36–65 yr olds with primary affective & schizoaffective disorders, 13258
traditional disulfiram treatment vs socially motivated Disulfiram Assurance program with vs without reinforcement therapy, sobriety, 20–60 yr old alcoholics, 8694
trainable mentally retarded student medication for behavior disorders & seizures, need for information & involvement, teachers, 2037
tranylcypromine, depressive symptomatology, anergically depressed patients, 4077
trazodone, prolactin & somatotropin secretion, 45–71 yr old depressed males, 13289
treatment compliance in drug therapy, literature review, 6278
treatment issues & recommendations, drug-resistant schizophrenics, 10929
treatment of anxiety, aged, implications for side effects of drug therapy, 13295
treatment of narcotic withdrawal, literature review, 1831
treatment outline, diagnosis & behavioral & cognitive & pharmacological management of agoraphobia, 3875
treatment with ,des-tyr-gamma-endorphin, schizophrenics, literature review, 13280
triazolam efficacy & tolerance, insomnia, psychiatric patients, 4073
triazolam, sleep & performance & arousal threshold, males with mean age of 21 yrs designated as poor sleepers, 6315
tricyclic antidepressants &/vs antipsychotic drugs vs ECT vs psychotherapy, treatment response, nonpsychotic vs psychotic depressives with mean ages of 55.1 & 57.4 yrs, implications for psychodiagnostic classification, 3883
tricyclic antidepressants, treatment of chronic gastrointestinal pain due to peptic ulcer, literature review, 6309
trifluoperazine & fluphenazine, De Clerambault & Capgras syndromes, 16 yr old female, 6281
trifluoperazine & fluphenazine, sexual dysfunction, 27–29 yr old females, 8453
trimipramine/phenelzine combination, refractory depression, 30 yr old male, 13279
tripelennamine vs haloperidol vs oxazepam, stress-induced activity & neuroendocrine deficits, male rats, test of specificity of animal model of depression & implications for drug therapy, 632
tyrosine, elevation of urinary catecholamines & metabolites, 18–21 yr old males, implications for treatment of depression, 2918
unexpected worsening of symptoms during phenothiazine therapy as indicative of possible organic brain syndrome, 18–40 yr olds, 8488
usefulness of application of pharmacokinetic principles in benzodiazepine & antidepressant treatment, literature review, 6283
vasopressin nasal spray, memory & learning & intellectual functioning, brain-injured male patients over 18 yrs of age, 1612
viloxazine vs imipramine, treatment of endogenous depression & side effects, 22–64 yr old patients, 4088
vincamin, clinical & neuropsychological changes, patients with cerebrovascular disease, 1590
vocational & social & community adjustment & medical status & education, learning disabled young adults, 8154
withdrawal from dextroamphetamine & diethylpropion, confusional paranoid psychosis, 70 yr old male & 22 yr old female, 1606
withdrawal from lithium therapy, relapse & remission, 21–63 yr olds with affective disorders, 6318
xantinol nicotinate, juvenile parenchymatous syphilis, 15 yr old male, 8484
zimelidine & desipramine, depressed patients, 8444
zimelidine vs desipramine, endogenous depression, 25–68 yr old hospitalized patients, 6265
zimelidine vs desipramine, endogenous depression, 25–68 yr old patients with high vs low cerebrospinal fluid pretreatment levels of 5-hydroxyindoleacetic acid & homovanillic acid & 4-hydroxy-3-methoxyphenyl glycol, 6266
2-flash threshold before & after drug therapy, skin conductance level, first-breakdown 16–42 yr old schizophrenics, 3559

Drug Tolerance

alcohol tolerance, animals & humans, 692
chlordiazepoxide, plasma corticosterone response to novelty vs cold & restraint, male rats, 2935
discrete trial procedures requiring vs not requiring responses, development of morphine tolerance, pigeons, 10029
environment & stimuli paired with drug administration, drug tolerance & dependence, animals & drug addicts, 7546
explicitly unpaired delivery of morphine, tolerance to locomotor-suppressing effects of morphine, female rats, 12270
front- vs hind-paw shock & naloxone & dorsolateral funiculus lesions & morphine tolerance, classically conditioned analgesia, male rats, 5192
front- vs hind-paw shock & naloxone & morphine tolerance, opiate vs non-opiate analgesia, male rats, 550
LSD vs tactile stimulation & LSD tolerance, limb flicking, cats, 12342
morphine vs pentobarbital pretreatment, tolerance to discriminative stimulus properties of morphine, male pigeons, 10052
naloxone & morphine tolerance & morphine vs ethanol, impairment of roto-rod performance, male mice, 2950
orally self administered phencyclidine, tolerance to behavioral effects, rhesus monkeys, 5228
paraoxon-induced acetylcholinesterase reduction, avoidance conditioning & subsequent tolerance & discrimination, male rats, 614
placebos with vs without nociceptive stimulation, morphine analgesia, tolerant vs drug-naive rats, test of associative model of morphine tolerance, 10037

preweanling chronic morphine vs naloxone, development of brain opiate receptor system vs monoamine levels & turnover & morphine tolerance, rats, 588
repeated marihuana usage, change in effect & tolerance, 5–6 yr followup, 12646
Drug Usage [See Also Drug Abuse, Drug Addiction, Drug Dependency, Glue Sniffing, Heroin Addiction, Marihuana Usage]
alcohol & drug use & suicide attempts & situational strain, killers vs nonviolent offenders, 12934
alcohol & drug use, 10–20 yr old Native Americans, 868
alcohol usage patterns, 13–16 yr old Hispanics, 12476
application of latent variable structural modeling to study of adolescent drug use, quality of data, criticism of study of G. J. Huba & P. M. Bentler & J. A. Wingard, 6984
behaviorally oriented hospital treatment program, medication use & pain behavior & physical functioning, chronic pain patients with mean age of 43.8 yrs, 8618
cigarette & alcohol & hashish use & sexual intercourse, adolescents, Israel, 3245
cocaine usage, sexual arousal as observed by masseuses, males, 3376
cocaine usage, sexual performance, 23–29 yr olds, 3373
common issues & concerns, drug & sex counselors, 4311
conceptualization & etiology & treatment, heroin addiction & other substance use/abuse, literature review, 6495
demographic characteristics & age & race, substance abuse history & illicit drug use, hospitalized paranoid schizophrenic vs other psychiatric patients, 13388
drug education, drug & alcohol usage, 10–18 yr olds, 2-yr followup, 6654
drug usage, non-student youth, India & Pakistan & Switzerland & Canada & Mexico & Malaysia, 10259
drug use & emotional & relational problems, adolescents, 12457
drug use patterns & opium, 14–18 yr olds, Iran, 5401
drug use, sexual preferences & practices & drug/sex patterns, Haight-Ashbury clinic clients, 3364
efficacy of antidrug TV campaign, self esteem & drug use & attitudes, urban high school students, 3196
extent & health hazards of snuff dipping & tobacco chewing, male adolescents, US, literature review, 5551
heavy alcohol use, use of tobacco & marihuana & "party" drugs & medical sedatives & inhalants & psychedelic drugs, college students, 5563
heroin use, psychosexual development & plasma testosterone & luteinizing hormone levels, male 16–29 yr old former addicts vs current users vs nonusers, 5258
incidence of alcohol vs marihuana vs tranquilizer usage, drivers injured in traffic accidents, 3863
information about surgery vs training in cognitive coping, knowledge of surgery & analgesic use & post-discharge pain, 27–61 yr old hysterectomy patients, 8643
inhalation of butyl & amyl nitrites, sexual behavior, 3370
love & sex & drug usage as magical solutions to problems, 3372
low vs high toughness/drug use neighborhoods, risk of drug involvement, inner city junior high school students, implications for drug abuse prevention programs, 10223
maternal narcotics use during perinatal period, effects on children & neonates & fetuses, literature review, 10019
perceptions of parental & sibling & current friends & wives/female partners drug use as interpersonal influence, past & future drug use intentions, 20–30 yr old males, 3360
personality & family & peer influences, drug use, high school students, 12463
personality structure, use of legal & illegal drugs, males at ages 19 & 22 yrs, 998
phonetically balanced monosyllable stimulation with vs without noise, syntactical characteristics of retrieved words, postgraduate drug users vs nonusers, 3366
plasma lipids & lipoproteins & blood pressure & overweight & alcohol & drug use & exercise & sex & age, reported Cornell Medical Index symptoms, healthy middle class adults, 5941
positive–negative aspects of use of psychedelic drugs & psychological well-being, self actualizing persons, 5562
prescription drug use, males vs females over 60 yrs old, 12647
presence of older students, self perception & psychosexual behavior & substance use & perceptions of school environment & victimization, 7th–9th graders, 6719
preteaching questionnaire, self reports of drug use & intentions as evaluation measures of drug education program, high school students, 4477
prevalence of depression & family history of psychiatric disorders & drug/alcohol use patterns & problems, 21–25 yr old males, 5787
production & detection of fraudulent interview data in street studies of crime & drugs, 66
public health & social problems associated with nonmedical usage of synthetic psychotropic drugs, review of studies on drug use, US & Europe & Australia & Canada & Thailand & Philippines & Malaysia, 12648
religious beliefs, use of psychotropics & alcohol, 12–85 yr olds, 12489
role of family in prevention & initiation & maintenance & treatment & cessation, drug use, family members, literature review, 10378
self reported drug & alcohol use, 13–19 yr old Native Americans, 3233
sex & age, psychotropic drug prescription & usage, family members, 8491
sex & 1st-grade classroom adaptation, prediction of age of 1st use of alcohol & cigarettes & marihuana, 16–17 yr old urban Blacks, 10377
sex vs socioeconomic status, drug use, separated or divorced parents vs nonparents, 995
smoking characterized as regular event-time series, college & graduate students, 12639
trends in alcohol & cannabis use, Europe & North America & Australia, literature review, 12641
trends in psychotropic drug use/dependence literature, 1960–80, 10604
unified perspective as theoretical framework for drug use research, 5553
use of latent variable structural modeling in study of adolescent drug use & other naturally occurring events, reply to J. A. Martin, 6969
validity & reliability of drug use questionnaire, students, Mexico, 11673
validity of synthetic-dynamic theory, drug abuse & use, 5th–12th graders, implications for drug education & prevention, 12490
Drug Usage Attitudes
attitudes toward drug usage, 40–59 yr old female patients classified as high vs intermittent vs nonusers of benzodiazepines, 10931
attitudes toward heroin & methadone & drug counseling & drug-free treatment approach, methadone maintenance clinic clients & staff, 4251
classical conditioning, attitudes toward alcohol & smoking & drugs, 4th vs 9th graders, 3228
efficacy of antidrug TV campaign, self esteem & drug use & attitudes, urban high school students, 3196
reasons for abstinence from drug use, 17–19 yr olds, 876
smoking behavior of friends & family & school behavior & beliefs about smoking & intentions to smoke in future, prediction of smoking, 7th graders, 1-yr followup, 3226
social attitudes toward & reason for using vs not using marihuana, college students, implications for drug education, 4430
Drug Withdrawal
alcohol withdrawal, organic & psychological symptoms, literature review, 12958
atropine, sleep & gastrointestinal disorders following withdrawal from antidepressants, 27–52 yr old patients, 13265
benzodiazepine receptor antagonist Ro 15-1788 following chronic diazepam, precipitated withdrawal, baboons, 7560
cessation of long term reserpine therapy, reserpine withdrawal psychosis & role of denervation supersensitivity of receptors, 85 yr old female, 1628
chronic naloxone & subsequent morphine vs naloxone, abstinence-like syndrome, male rats, 12306
clobazam vs diazepam, anxiety reduction & withdrawal effects, 19–58 yr olds with anxiety neurosis, 13278
clonidine, anatomical & physiological & biological processes in opiate withdrawal, implications for treatment of mania & schizophrenia, 1824
clonidine, brain hyperactivity during morphine withdrawal, rodents & primates, literature review, 680
clonidine, drug withdrawal symptoms & treatment of opiate addiction, literature review, 1835
clonidine, opiate withdrawal & cognitive & affective & physiological symptoms, 1828
detoxification withdrawal program, treatment of chronic pain, 6285
di-n-propylacetate & noradrenaline depletion by FLA-63, quasi-morphine abstinence behavior & reversal by morphine & locus ceruleus destruction, male rats, 9946
diazepam withdrawal, psychosis, 37 yr old Black female, 1622
extension of opponent-process theory & treatment, mood states following alcohol withdrawal, alcoholics, 13480

imipramine & phenelzine, agoraphobia following amphetamine withdrawal, 32 yr old female amphetamine addict, 1827
incidence of benzodiazepine dependence in long term usage as seen in occurrence of withdrawal syndrome, 20–79 yr old phobic benzodiazepine users, 1621
levodopa & ethanol, urinary MAO inhibitor output, postwithdrawal alcoholic males with mean age of 37.9–40 yrs, 4252
lithium carbonate therapy withdrawal & spironolactone substitution, mania, 50 yr old male with endogenous depression, 1656
long term efficacy & temporary withdrawal of antipsychotic drugs, behavioral deterioration, institutionalized retarded, 6321
noradrenergic locus coeruleus & clonidine, opiate withdrawal, nonhuman primates, literature review, 679
peptidase inhibitors, reduction of morphine withdrawal effects, male rats, 5264
prenatal exposure to methadone & heroin, neonatal abstinence syndrome & organizational & perceptual abilities & cognitive functioning & adjustment & level of activity, humans & animals, 5241
prenatal 1-methadone hydrobromide, postnatal 1-methadone hydrobromide levels in brain & liver from birth to 30 days of age, rats, implications for persistent opiate withdrawal symptoms in rats & human neonates, 649
prophylactic lithium discontinuation, manic depression, 18–70 yr old patients, 4063
reserpine & drug withdrawal, tardive dyskinesia, 19 yr old schizophrenic male, 13266
selective breeding for severity of ethanol withdrawal syndrome, HS/IBg mice, 12038
symptoms of withdrawal from chlordiazepoxide & diazepam & oxazepam & lorazepam & nitrazepam & temazepam & clobazam, literature review, 10938
thioridazine & withdrawal dyskinesias, workshop performance, institutionalized mentally retarded 14–26 yr olds, 6271
treatment of narcotic withdrawal, literature review, 1831
vitamin levels vs alcohol intake, cognitive performance, 34–66 yr old alcoholics in process of abstaining, 1823
withdrawal from chronic dextroamphetamine, persistence of cerebellar Purkinje decreased cell discharge, rats, 10040
withdrawal from dextroamphetamine & diethylpropion, confusional paranoid psychosis, 70 yr old male & 22 yr old female, 1606
withdrawal from lithium therapy, relapse & remission, 21–63 yr olds with affective disorders, 6318

Drug Withdrawal Effects [See Drug Withdrawal]

Drugs [See Also Related Terms]
acetylcholine & noradrenaline & dopamine & serotonin & drugs affecting cholinergic & monoaminergic & noradrenergic & dopaminergic neurotransmitter systems, passive avoidance, male mice, 7530
anisomycin injection following progesterone, extension of period of sexual receptivity, female rats, 12247
anti-motion-sickness drugs, nystagmic eye movement responses to angular acceleration with vs without vision & to optokinetic stimuli, college students, 7539
anticonvulsant & psychotropic drug interactions, mentally retarded, 10953
antihypoxidotic SL-76188, EEG & vigilance & psychomotor activity & mood & side effects, 54–74 yr olds, 13274
antipsychotic drug therapy, respiratory dyskinesia, 47 yr old schizophrenic female, 4079
apomorphine vs bromocriptine vs pergolide vs intrastriatal vs intraaccumbens apomorphine & trifluoperazine, reserpine-induced locomotor hypokinesia, male rats, 10016
behavioral teratology, interdisciplinary study of environmental causes of congenital abnormality, 5669
benzamide derivative YM-09151-2, electrophysiological effects & cataleptogenicity, cats, 12352
bipiperidyl mustard lesions, brain convulsive response to hypoglycemia, female mice, 12291
chemical instability in brain, behavioral deviations, literature review, implications for drug abuse in borderline personality, 5840
chronic exposure to trichloroethylene in work place, intelligence & attention span & physical & psychological health, personnel, 2983
di-n-propylacetate & noradrenaline depletion by FLA-63, quasi-morphine abstinence behavior & reversal by morphine & locus ceruleus destruction, male rats, 9946
dietary biochanin A vs ferulic acid & sex, copulatory behavior & fertility & hatchability of eggs, Japanese quail, 12267
dietary gallic acid vs propyl gallate, food intake & body weight, hypothalamic-obese vs lean rats, 12280
dietary level of alpha glucosidase inhibitor acarbose & carbohydrates vs fats, food intake & body weight, female rats, 12279
dopamine receptor agonist RDS-127, sexual behavior & hormone levels, male rats, 2930
dosage level of dothiepin, depression, 22–59 yr olds, 6312
drug effects, paired associate learning, implications for model, 634
drugs & vitamins, concentration & intellectual performance & emotional stability & behavior patterns, school age children, implications for use of drug therapy for learning disorders, 13273
drugs as reinforcing stimuli & indicators of abuse potential, animals & humans, 7550
drugs, sexual function, literature review, 2925
electrical stimulation & psychotropic drugs, synaptic vesicle density in ventromedial & lateral hypothalamus, cats, 7491
environmental & ecological factors & pollutant chemicals & drugs & alcohol, suicide & aggressive behavior, literature review, 3647
ethical & legal considerations in clinical testing of new psychotropic drugs, volunteers & psychiatric patients, 10932
ethimizole, very slow waves of evoked potentials, Parkinson's patients, 10693
ethymisol, affectivity & emotional memory & brain serotonin & plasma corticosteroid levels, albino rats, 12299
Evolvulus alsinoides, maze learning capacity, rats, 12325
food vs water vs glucose/saccharin deprivation, iv etonitazene self administration, male rats, 12141
GABA agonist progabide &/vs diazepam vs sodium valproate vs haloperidol vs diphenylhydantoin & bicuculline, escape response induced by electrical stimulation of periaqueductal grey, male rats, 9992
German pharmaceutical law of 1978 outlining legal guidelines for development & testing of pharmaceuticals, 10349
kainic acid injections into hypothalamus, eating & drinking behavior, male rats, 12286
labeled quinuclidinyl vs imipramine vs dihydroalprenolol binding to brain receptors & cortical tissue levels of tricyclic antidepressives, suicide vs homicide victims, 3686
leponex, brain lactate dehydrogenase activity, human embryo, 9994
locus of control & amount of consumer information about prenatal & obstetric drugs, 13–41 yr old postpartum females, 13283
loxapine & amoxapine & 8-hydroxylated derivatives, 3-H imipramine & 3-H spiperone binding in cortical & striatal membranes & inhibition of platelet serotonin uptake, rats, 611
maternal drug & obstetric medication exposure, development, fetuses & infants, annotated bibliography, 1961–80, 8535
metamizyl, experimental neurosis, dogs, 12319
method for evaluation of effects of drug therapy in schools, 3–18 yr olds with attention deficit disorder with hyperkinesis & emotional disturbance, 8471
model, effects of hemispheric blocking & neuropharmacological action on deep brain structures, 9860
nasal lavage with varying concentrations of cyclohexanone vs dimethyl disulfide vs n-butanol vs ethyl acetoacetate, response to odors of cyclohexanone vs dimethyl disulfide, tiger salamanders, 12309
peptidase inhibitors, reduction of morphine withdrawal effects, male rats, 5264
phenylpiperazine derivative DU27716, attack & teeth-chattering & locomotion & switch-off behavior evoked by electric hypothalamic brain stimulation, male rats, 2985
prenatal thyroid deficiency induced by propylthiouracil, suckling behavior, rat fetuses & pups, 12316
prenatal vs early postnatal levo-alpha-noracetylmethadol, level of activity in open field & vocalization & acquisition of detour performance task, chickens, 641
pretreatment with fluphenazine & intranigral administration of GABA-mimetics, circling behavior & interaction with flurazepam, female rats, 602
psychoactive drugs, driving ability, literature review, 2973
psychostimulants & neurotropic agents & analeptics & alpha-adrenoblockers & gutimine & its analogs, formation of avoidance conditioned reflex, rats, 10047
psychotropic & narcotic drugs & alcohol, RT & tracking performance, humans, literature review, 7570
psychotropic drug therapy, relapse rate & course of illness & side effects, 1629
psychotropic drug therapy, US & Australia & Canada & Europe, 4065
psychotropic drugs with central anticholinergic properties, tardive dyskinesia, literature review, 13270

public health & social problems associated with nonmedical usage of synthetic psychotropic drugs, review of studies on drug use, US & Europe & Australia & Canada & Thailand & Philippines & Malaysia, 12648
RX 336-M doses, shaking & grooming, male rats, 615
saliva thiocyanate levels, validation of self reported smoking, 10–11 yr olds, 12479
self administration of psychotropic drugs, reinforcement, animals, literature review, implications for human drug psychopathology, 5242
sex & age, psychotropic drug prescription & usage, family members, 8491
silil derivatives of alpha-pyrrolidone, emotional behavior & orienting response & locomotor activity & brain GABA & dopamine metabolism, mice, 10046
simultaneous administration of benzodiazepine tranquilizers & pyranal, finger sensitivity thresholds as index of drug interactions, patients, 635
spectral difference index, measurement of sensitivity to drugs, 19–29 yr old males, 9297
subjective response to psychoactive drug therapy, prediction of clinical outcome, functional psychotic 21–59 yr olds, 4072
temperature vs iodoacetic acid vs ouabain, red blood cell tyrosine uptake, patients with unipolar vs bipolar depression vs schizophrenics, 3644
thiorphan & bestatin, striatal met-enkephalin & inhibition of dipeptidyl carboxypeptidase & pain thresholds, female mice, 5282
Drunkenness [See Alcohol Intoxication]
Dual Careers
dual career families, implications for polarization of career- vs family-centered lifestyles, 10322
job change, spouse in dual career family, implications for family crises, 3309
Dualism
atomistic vs structural explanations of behavior & application to theoretical conflicts in psychology, 4622
exosomatic experiences in near-death situations, theoretical & philosophical & cultural & biomedical ethical implications, literature review, 11
Judeo-Christian views, mind/body & individual/group & sin/sickness dichotomies in medical & psychiatric health care delivery, 6063
neurobiological & psychology interpretations & theory of J. H. Jackson & cross-arena fallacy, mind-body question, 2664
organism vs environment & J. J. Gibson's concept of affordance in understanding behavior, 28
Piaget's contribution to controversy between idealist & realist epistemologies & mind/body dualism, 11558
Ducks
competitive foraging with despotic Ss receiving unequal food portions, violation of ideal free model of distribution, mallards, 376
distress call alternation response, Peking ducklings, 7336
early experience & male activity, mate choice, female mallards, 389
extra-pair-bond courtship & forced copulation, evidence for male reproductive strategy involving sperm competition, captive green-winged teal, 401
responses to sibling distress vocalizations, mallard ducklings, 7337
temporal factors, forced copulation, captive mallards, 7330
Duodenum [See Intestines]
Duration (Response) [See Response Duration]
Duration (Stimulus) [See Stimulus Duration]
Dwarfism (Pituitary) [See Hypopituitarism]
Dyads
age differences, social language during problem solving, 3–5 yr old same age dyads, 813
analysis of conversational lapses, undergraduate stranger dyads, 3397
anxiety level, utterances & looking activity during conversation, female college student dyads, 12656
brainstorming task, proliferation of ideas, dyads vs individuals, 12654
competitive interactions & heart rate & digital blood volume pulse during mixed-motive game, Type A vs B college student dyads, 2863
discrepancy-arousal hypothesis, expressive behaviors, adult & infant-adult dyads, 3386
dyadic bargaining, college students, test of J. F. Nash's vs E. Kalai & M. Smorodinsky's theories, 3387
dyadic interactions in literary works 1000 yrs apart, 719
dyadic vs triadic playmate choice patterns, 28–36 mo olds, 3187
fear of snakes & sex, contact with harmless snake & speech production, Ss in dyads, 2658
fine vs natural vs gross instructions, segmentation of single-actor vs dyadic behavior, college student Os, 3418
interaction with spouse vs other male vs female personal space requirements, 20–54 yr old married couples, 12660
Interpersonal Distance Mat, measurement of preferred interpersonal distances in male/male vs female/female dyads, college students, 4658
interpersonal misunderstandings in dyadic systems, sexual aggression & homicide, 8090
minimum utility point & restricted monotonicity axiom & mean as estimate of expected utility in 2-person bargaining, 10396
multivariate model, statistical analysis of dyadic social behavior, children, 224
nature vs narcissistic partner relationships, 10421
need-complementarity & interpersonal attraction, dyads, literature review, 3385
race & sex differences, interpersonal interaction & conversation, 21–29 yr old Black & White dyads, 3401
reciprocity of bargaining strategies & bargainer role, college & graduate students assigned to labor/management roles in same- vs mixed-sex dyads, 9131
reliability & validity of informant reports, wholesaler-retailer dyads, 7140
reward allocation to Black vs White vs mixed dyads, Black vs White 1st vs 3rd graders, 4-yr followup, 10231
sex & race differences, visual interaction, 18–50 yr old Black vs White vs interracial dyads, 3390
sex differences, conjunctive task ability, mixed doubles tennis teams, 2522
Dying [See Death and Dying]
Dying Patients [See Terminally Ill Patients]
Dysarthria
diadochokinetic syllable rate & regularity, 50–65 yr olds with spastic vs ataxic dysarthria, implications for current theories of dysarthria, 3755
haloperidol & lithium carbonate, development of persistent dysarthria & apraxia, manic depressive 19 yr old male, 1593
Dyskinesia
amantadine-neuroleptic combination, palliative treatment of tardive dyskinesia, 40–70 yr old patients, 1589
antipsychotic drug therapy, respiratory dyskinesia, 47 yr old schizophrenic female, 4079
antipsychotic drugs, tardive dyskinesia, mentally retarded, 8481
baclofen prescribed for treatment of tardive dyskinesia, development of mania, 29 yr old male, 1660
diazepam, treatment of tardive dyskinesia, 23–72 yr old patients, 1653
handedness & tardive dyskinesia, 20–94 yr old schizophrenics in discrete geographical area, Scotland, 1180
hemodialysis, tardive dyskinesia & dialysate endorphin levels, 50 yr old female schizophrenic, 6348
length of observation time over course of lecithin treatment, frequency counts of abnormal involuntary movements used for measurement of tardive dyskinesia, chronic schizophrenics with mean age of 55 yrs, 1110
neuroleptic blood plasma levels, supersensitivity psychotic symptoms & tardive dyskinesia, 50 yr old female & 27 yr old male paranoid schizophrenics, 4062
neuroleptic drug therapy, dyskinesia, children & adolescents & developmentally handicapped adults, information on centralized data system to collect & expand research, 1620
neuroleptics, pathophysiological mechanisms in etiology of tardive dyskinesia, literature review, 4052
oral gamma-vinyl GABA, neuroleptic-induced tardive dyskinesia, chronic simple & paranoid schizophrenics, 13277
prevalence of tardive dyskinesia & parkinsonism, 20–94 yr old schizophrenics in discrete geographical area, Scotland, 1179
psychotropic drugs with central anticholinergic properties, tardive dyskinesia, literature review, 13270
relationships among akathisia & pseudoakathisia & tardive dyskinesia, 20–65 yr olds, 6 case reports, 3824
reserpine & drug withdrawal, tardive dyskinesia, 19 yr old schizophrenic male, 13266
serum concentrations of thioridazine & its major metabolites & neuroleptic-like radioreceptor activity of serum, 56–80 yr old chronic schizophrenics with vs without tardive dyskinesia, 13301
thioridazine & withdrawal dyskinesias, workshop performance, institutionalized mentally retarded 14–26 yr olds, 6271
X-ray absorption values of computed tomography, estimation of brain atrophy, patients wih senile dementia vs chronic schizophrenia with vs without tardive dyskinesia, 10584

Dyslexia
adoption & foster care rates, hyperactive & dyslexic & other pediatric patients, 1698
cerebral dominance, dyslexia, literature review, 3731
classification of dyslexia subtypes, 8–11.9 yr olds, 5876
contributions of S. Orton to understanding of dyslexia, 3728
diagnosis & remediation of specific reading disability or dyslexia, literature review, 8922
dyslexia research & need for prevention & treatment in schools, 11328
ease of processing, content vs noncontent words, dyslexic 3rd & 5th graders, 4435
etiological & diagnostic & therapeutic problems regarding dyslexia, children, Switzerland, 10661
etiological factors in reading problems, categorization of word recognition skills & diagnosis of children as learning disabled vs dyslexic, reading specialists, 2064
etiology & remedial treatment, dyslexia, children, 11312
factors in overcoming dyslexia, dyslexic female, 3737
hemispheric differences, temporal resolution, brain damaged & dyslexics, literature review, 8204
hyperlexia & inability to form superordinate schemata, relationship to dyslexia, 5–11 yr olds, 1318
importance of analysis of problem solving skills & strategies, special education, dyslexic children, 4453
individual differences, language development, implications for dyslexia diagnosis & treatment, 3738
left handedness & role of testosterone, migraine & myasthenia gravis & dyslexia & related language disorders & learning disabilities & autoimmunity, 3735
letter confusions, dyslexic 3rd & 4th graders, Czechoslovakia, replication of S. Tetzchner's Norwegian study, 1328
mastery of speech & language problems, 47 yr old male "mirror image" dyslexic, 3736
maturity & integration of brain functions, dyslexics with mean age of 12.3 yrs, 8125
neurophysical & neuropsychological dimensions & clinical manifestations & symptom patterns & classification systems, developmental dyslexia, 1395
neurophysiological & linguistic & information processing approach & knowledge retrieval, etiology of deep & surface dyslexia, 5873
parent questionnaire & WISC-R & reading & spelling & laterality tests, identification of dyslexia, children, 12999
phonetic characteristics of writing as adaptive to linguistic faculties, implications for dyslexia, 3739
phonetic reading ability, dyslexic 14–23.2 yr olds, 3740
prevention & treatment, inversion mistakes in dyslexia, 11327
problems with visual modality in multisensory instruction, teaching spelling with "Hemispheric-Routing-TAK/v" involving blindfolding, dyslexic 9–12 & 16 & 19 yr old males, 2021
psychological & educational tests, diagnosis of dyslexia, 4501
remedial reading curriculum development, deemphasis of formal language, learning disabled & dyslexic & functionally illiterate students, 4440
remedial reading instruction, college bound dyslexic high school students, 4446
sequential vs parallel word presentation, recognition & short term memory, deep dyslexic adults, 1330
sex & handedness & space of motion & parental educational degree & language, incidence of dyslexia, 8.4–10.4 yr olds, 5887
small vs large group instruction, treatment of dyslexia, elementary school students, 11305
validity of WISC-R vs Illinois Test of Psycholinguistic Ability subtests vs Culture-Fair Intelligence Test, diagnosis, dyslexic 7–12 yr olds, 2111
Dysmenorrhea
life change & social support systems, dysmenorrhea, female college students, 8208
relaxation pain management training, dysmenorrhea, female college students, 8426
relaxation training with vs without EMG biofeedback, pain & level of myometrial tension during menstruation, female college students with dysmenorrhea, 8384
reported symptoms during premenstrual & menstrual cycle phases, 18–35 yr old females, implications for premenstrual distress as single construct, 13105
Dysmetria [See Ataxia]
Dysmorphophobia
body image & interpersonal relationship dissatisfaction, 23–68 yr old dysmorphophobics & psoriatics, 5676
Dysphasia [See Also Alexia]
communication problems, dysphasia & autism, 5 yr old female, 3748
Dysphonia
hypnotherapy, treatment of psychogenic dysphonia, 46 yr old female, 4102
Dysphoria [See Restlessness]
Dyspnea [See Also Asthma]
death of father & development of psychosomatic disorders imitating fathers' symptoms, hyperventilating female 9 yr old & 14 yr old female wth dyspnea, 10733
dyspnea proneness to carbon dioxide stimulation & neuroticism & extraversion & panic-fear strength, male nonsmokers, 7949
Dysthymia [See Depression (Emotion)]
Dystonia [See Muscular Disorders]
Ear (Anatomy) [See Also Cochlea, External Ear, Labyrinth (Anatomy), Middle Ear, Semicircular Canals, Vestibular Apparatus]
auditory structure & functions, fishes, 5099
Ear Canal [See External Ear]
Ear Disorders [See Also Menieres Disease, Motion Sickness, Otosclerosis, Tinnitus]
alternate binaural loudness balance test, assessment of loudness recruitment, criticism of R. C. Bishop's conclusions on methodology, 4671
background characteristics & speech articulation & language & motor development & intelligence & behavior problems, 5 yr olds with bilateral otitis media with effusion, 1422
cognitive & linguistic & academic performance, 8–11 yr olds with normal hearing & histories of recurrent middle ear effusion, 1418
diagnostic value of loudness balancing vs intracranial midline imaging vs masking level differences vs binaural beats, 8–72 yr olds with peripheral hearing loss or CNS damage, 2378
methodological considerations for alternate binuaral loudness balance test, reply to criticism of J. D. Hood, 4662
middle ear dysfunction & sensorineural hearing loss & age & signal bandwidth, acoustic reflex amplitude, 20–80 yr olds, 8203
questionnaire, early identification of language delays, children prone to otitis media, 135
Ear Ossicles [See Middle Ear]
Early Childhood [See Preschool Age Children]
Early Childhood Development
artificial feeding, food behavior disorders during early childhood development, children with esophageal atresia, 1677
experience & home & nursery school & kindergarten environments, psychological development, infants & young children, literature review, 11151
factors in early development & personality in premorbid period, severity of schizophrenia, twins, 3603
home-based early intervention program, mother-child relations & promotion of developmental functioning, adolescent mothers & their infants, 1542
instruction of parents about infant development & changes in patient-child relations, pediatricians, 1681
oral &/vs cuddly comfort habits at 4 yrs of age, subsequent personality development, Ss evaluated at 11 & 16 yrs of age, longitudinal study, 3230
perinatal & infant physical status & child development & mother-infant interaction & family ecology & parent perceptions of child, IQ & language skills, infants, 4-yr longitudinal study, 3076
Early Experience
absence of father before vs after 5 yrs of age, sex role identity & self esteem & self confidence, male college students, 10219
autonomy/control in family environment & age, self esteem, 14–17 yr olds vs college students, 852
child demographics & parental loss & deprivation factors & adult sociodemographic factors & social class & employment status & religious participation, mental disorders, 18–64 yr olds, 1223
childhood experiences, attitudes toward own children, mothers of 5th graders, Japan, 952
childhood exposure to pornography, sexual fantasy, 20 & 23 yr old sisters, 12618
cognitive factors & emotional trauma in childhood & adolescence & early relationship with parents, religious conversion, 20–40 yr old converts, 3296
cognitive functioning & early experiences, competence & persistence at mastery tasks, 13 mo olds, 3176
date & content of earliest memory & "screen" quality, high school vs college students, 2637
day treatment in childhood, psychiatric disturbances, 16–26 yr olds, 10-yr followup, 6390

drug addiction as result of shattering experience during "mirror stage" of development, 3692
early body experience, cognitive impairment in schizophrenia, literature review, 5736
early emotional trauma & anal erogeneity & inhibition of phallic sensation & potency, male psychoanalysis patient, 10572
early experience & male activity, mate choice, female mallards, 389
early experience, development of cognitive competence, literature review, 7697
early experiences & ego development & psychopathology, analytic process, Ss with unanalyzable narcissistic personality disorders, literature review, 6157
early extended contact, father-child interaction, fathers & their neonates, 3313
early intimacy, adult identity crises, identical twins, 7393
early learning of orienting reflex & conditioned nonavoidance & active avoidance, subsequent learning as adults, 7–10 & 12–14 & 15–16 day old rats, 11956
early parent-child interactions, subsequent development, premature infants, literature review, 736
early perceptual-motor & visual experience, tactual pattern discrimination & path learning, blind Ss, 13077
early psychic development, transference process, 35 yr old male, literature review, 6118
early psychopathological experiences, analyzability, psychiatric patients, literature review, 6170
early separation from mother, subsequent psychopathology & mental disorders, 40–49 yr old females, 3585
experience & home & nursery school & kindergarten environments, psychological development, infants & young children, literature review, 11151
incidence & sociological & psychological correlates of corporal punishment during childhood & adolescence, college students, 12566
interpretation & triggering of memories of early emotional trauma, male patient, 10842
Jung's 3 great childhood secrets & his adulation of Freud & association of Freud with God, 25
labeling during early school years & throughout adulthood, others' vs own perceptions of adaptive limitations, Black 21–35 yr olds labeled as mildly mentally retarded, 5879
pain during gynecological examination at age 14 yrs, vaginismus, 26 yr old female, 1394
pathological defenses of avoidance & freezing & fighting due to early experience of danger & deprivation, 3–18 mo olds, 12478
preweanling stimulation, blood pressure, genetically hypertensive Okamoto vs Wistar Kyoto adult male rats, 433
primal scene experiences & sadomasochism & asthma, comment on article by C. Karol, 8223
primal scene exposure & sadomasochistic fantasies & asthma, 15 & 30 yr old males, 8260
primal scene traumatic experiences & development of sadomasochistic character formation & asthmatic symptomatology, 13 yr old female, 8210
psychoanalytic interpretation, impact of child's observation of parents' sexual intercourse, 12471
reconstruction of early development & past & present in psychoanalytic process, transference interpretation, 6158
relationship with father vs other risk factors, incidence of cancer, physicians, replication of work by C. B. Thomas et al, 1420
restrictive childhood environment, female with multiple personality, 7990
severe dog bite, personality change & symptoms & subsequent personality development, 20 & 26 & 36 mo olds, 5964
sex & 1st-grade classroom adaptation, prediction of age of 1st use of alcohol & cigarettes & marihuana, 16–17 yr old urban Blacks, 10377
size of city living in at present vs at 16 yrs of age, tolerance of homosexuality & extramarital & premarital sex & pornography, Ss 18 yrs old & older, 993
social childhood environment & previous emotional symptoms & seeking of medical help & attitudes toward illness, emotional reaction to cancer, working-age patients, 10687
social interest in early recollections, expected choices of leisure activities related to ego recognition & adventure, college students, 7943
socioeconomic stressors & abuse by own parents & impulsiveness & inaccurate parenting knowledge, criticism of review paper by J. J. Spinetta & D. Rigler on characteristics of abusing parents, literature review, 3668
ventromedial hypothalamus & dorsomedial thalamus lesions in early life & group vs individual housing, mouse killing behavior, male rats, 5156
work of C. Bronte during childhood, insight into function of creativity in psychic evolution of artist, 723

Early Infantile Autism

childhood psychosis & early autism, literature review, 5753
diagnostic criteria, early infantile autism, 5789
etiology & characteristics & stages of transactional analysis treatment, children with infantile autism & childhood schizophrenia, 3955
herpes simplex virus antibodies, 2–15 yr olds with vs without conduct disorders vs emotional disorders vs hyperkinesis vs anorexia nervosa vs infantile autism vs borderline schizophrenia, 5691
mother-child psychotherapeutic approach, autistic female twin from 6 mo to 3 yrs of age, 1480
need for early detection of symptoms of autism & other psychoses, children, 5717
neurochemical disturbances leading to end stage neuron development problems, etiology of infantile autism, 1135
performance on WISC-R vs Wechsler Preschool & Primary Scale of Intelligence vs WAIS, 3–19 yr old siblings of autistic children, 5757
research review of early infantile autism, 5704
simultaneous Gilles de la Tourette's syndrome & infantile autism, 13 yr old male, 8053

Early Intervention

attitudes toward early identification procedures, diagnosis of learning disabilities or handicaps, kindergarten teachers in early childhood graduate course, 8818
characteristics & assessment & intervention, learning disabilities, preschool age children, literature review, 1324
classroom observation in early evaluation & intervention, literature review, 8998
designation as high risk at birth vs referral from clinics, incidence of hearing loss, children from birth through 6 yrs, 8209
developmental & environmental screening, prevention or early identification of organically caused mental retardation, 3724
early intervention programs, cognitive development, children 3 yrs old or younger, literature review, 6674
efficacy of early evaluation & educational vs medical model, learning disabilities, kindergartners, longitudinal studies, literature review, 8153
evaluation of early identification programs, Canada, literature review, 8853
exposure to community awareness program through mass-media vs group instruction, attitudes & knowledge regarding early identification of exceptional children, parents, 11004
frequency of vs no home visits by paraprofessionals trained to work with parents, school achievement, disadvantaged 4 & 5 yr olds, 2-yr longitudinal study, 13674
home-based early intervention program, mother-child relations & promotion of developmental functioning, adolescent mothers & their infants, 1542
interpersonal cognitive problem solving intervention, impulsive & inhibited behavior, disadvantaged Black 4 & 5 yr old nursery school & kindergarten students, 4385
parent training vs adaptive relationship approach, early intervention, developmentally disabled infants & their parents, literature review, 11302
parent-child sign training program, language & communication skills, severely language disordered 20 mo to 11 yr olds & their parents, 11376
pediatric & psychopediatric intervention, infants with spina bifida & anal imperforation & their parents, 1686
preventive intervention during prenatal & neonatal & infancy periods, literature review, 8545
questionnaire, early identification of language delays, children prone to otitis media, 135
teacher consultation model, early identification & remediation of childhood depression, classroom teachers & their students, 8037
training program, Portage method of structured early intervention, day nursery staff working with mentally retarded, 4275
validity of Parent Behavior Progression rating scale, evaluation of parent-child interaction, parents & their handicapped infants in early intervention program, 120
videocourse, early intervention in language development, parents of mentally retarded 3.3–7.1 yr olds, 4004

Earthworms

ablation of cephalic ganglia, locomotor processes, earthworms, 5210
apparatus for measure of wheel turning responses during darkness vs incandescent light, earthworms, 2371

East German Democratic Republic [See East Germany]
East Germany
educational measurement, German-speaking countries, literature review, 9017
research on teacher personality & effectiveness & development & leadership styles, East Germany, 8809
special education for profoundly mentally retarded children, West Germany & Scandinavia & Switzerland & East Germany & Great Britain & US, 11366
sports medicine & health, East Germany, 4534
Eating [See Also Diets]
analogy between food consumption & absorption of ideas & affect from others, 3479
biological & psychological & social factors & body image & eating patterns in etiology & multidimensional treatment approach, obesity, literature review, 8168
epilepsy caused by eating, 13 yr old male, 8237
establishment of alimentary reflex, hippocampal neuronal activity, rabbits, 12100
feeding problems & independence, elderly nursing facility residents, implications for occupational therapy, 1787
food deprivation followed by meal in anxiety-provoking site, reduction of stress related anxiety & avoidance, 30 yr old male Vietnam veteran, 13227
formation of instrumental alimentary CR to ventromedial hypothalamus stimulation, dogs, 12208
generalization of alimentary instrumental conditioned reflex elaborated to electrical stimulation of ventral hippocampus, cats, 12203
goal setting & goal levels, self monitoring effects on weight loss, 18–44 yr olds in weight control program, 1544
government sponsored program, provision of meals & opportunity for social interaction, aged, 4160
home-based food deprivation & mealtime intervention, oppositional non-eating, severely deaf moderately retarded 13 yr old male, 13253
information about calories & presentation in small vs large bowl, regulatory eating of ice cream, female restrained & unrestrained eaters, 242
multiple determinants of overeating behavior, overweight vs normal-weight college students, 13032
nutrition instruction & modification of eating habits & development of active lifestyle, weight loss & maintenance, obese Ss with mean age of 36.6 yrs, 12–18 mo followup, 1560
Eating Patterns [See Eating]
Echoencephalography
pneumoencephalography & echoencephalography & computerized tomography findings in schizophrenia, 16 to over 60 yr olds, 12833
Eclectic Psychology [See Theoretical Orientation]
Ecological Factors [See Also Pollution, Topography]
alternation of temporal patterns of sleeping groves, behavioral strategy for parasite avoidance, yellow baboons, 377
amount of allowed foraging time & food availability in each food patch & food location, optimal foraging behavior in simulated natural environment, male rats, 2678
behavioral teratology, interdisciplinary study of environmental causes of congenital abnormality, 5669
black vs gray coat, solar heat gain & advantages of conspicuousness during active periods, male vs female Phainopepla, 2840
burrowing & feeding & predatory behavior, rats, 7368
climate & prey availability & group size & social spacing, web-building spiders, 2738
density & segregation as factors in probability for choice behavior, urban environments, implications for theory of micro-ecology, 3379
diurnal &/vs nocturnal access to surfeit vs inadequate diets, nocturnal feeding & antipredatory behavior & weight, chicks, implications for habitat economics & feeding specializations, 404
environmental & ecological factors & pollutant chemicals & drugs & alcohol, suicide & aggressive behavior, literature review, 3647
foraging range distances, dialect differences in waggle dance to communicate food source location, honeybees of different geographic races, 7343
group composition & size & ecological density & social behavior, capped langur monkeys, Bangladesh, 7345
habitat & food reward & body size, risk-aversion, white-crowned sparrows, 7326
habitat & population dynamics & family structure & diet, pygmy marmosets, Amazonian Peru, 12026
home range & level of harassment & presence of predators & habituation to humans as measures of environmentally disruptive influence of humans, monkeys, South Asia, 7320
latitude & carnivorous vs herbivorous diet & nest type & social strategies, hatchability of eggs, birds, 2721
nearby vibratory source, patterns of lateral line stimulation & longitudinal rigidity, fish, 335
population & troop ranges, lemurs, Madagascar, 12021
protection from predation & net energy return from feeding site, foraging behavior, house sparrows, 7346
sex & presence of milkweed, feeding & pausing & flying behavior, Australian butterflies, 9815
synchrony of physiology & behavior with ecology, mating behavior, red-sided garter snakes, 9791
time of day & size of prey, predatory behavior, oystercatchers, 7382
visual cues & wind direction, nocturnal migratory orientation, free flying passerine, 7317
Ecology
ecological perspective on psychology formulated by J. J. Gibson vs R. E. Shaw & M. T. Turvey, 11545
environment, singing, Kloss gibbons, Indonesia, 7386
moving & resting & feeding & foraging behavior & food preferences, red howler monkeys, Columbia, 7339
political structural changes related to "green" party, cognitive structure, voters, West Germany, 12590
relationship of arson to environmental design as social ecological phenomenon, 2265
Economically Disadvantaged [See Disadvantaged]
Economy
application of psychological principles to economic models of human behavior & motivation, 2305
attitudes about personal finances & business climate & buying conditions, purchasing behavior, consumers, 1940–80, 11521
behavioral model of economics & sociological & social psychology data, analysis of evolution of social norms, 3267
consistency in ranking of labor turnover rates, industrial organizations, South Africa, 9-yr followup, confirmation of R. Van der Merwe & S. Miller's findings, 2227
construction & analysis of scale based on M. Friedman & R. Friedman's book "Free to Choose" in framework of Appolonian vs Dionysian values, 900
contributions of well informed public opinion, national economic policy making, 10348
coping with Great Depression, subsequent well-being, females born between 1890–1910, 40 yr followup, 12712
development of economic understanding & attitudes & motivations in pre-adult years, 3062
development of ideas about means of production & ownership & parental influence, 4–13 yr olds, 10122
economic & motivation analysis, self interest & collective behavior, 3429
economic & social & political conditions, decline of community-based residential programs, 1711
economic analysis, charitable behavior, 3257
economic factors, mental health policy & deinstitutionalization, reply to criticism by R. Christenfeld, 8556
economic model of crime causation, former street gang leader, 12973
economic-psychological problems, capital investment efficiency, 13754
federal budget & New Federalism, mental health issues, 5517
involvement in planning & encouraging economic development & social change in low income countries, anthropologists, 12527
kinship & family variables & economic & political conditions, cross cultural study of sexual stratification in society, test of R. Collins's theory, 7854
limiting case models of perfect competition & benevolence & malevolence, analysis of social behavior, 7863
science of economics vs science of political economy, analysis of economically motivated behavior, 3327
social & economic changes, advertising, 1980's, US, 9222
social & economic development model of career change, 13763
social & economic influences, welfare administration performance, 4579
social integration & socioeconomic factors, juvenile delinquency, India, 10618
social organization & culture & economics, register range of language, 3011
social psychological analysis, taxation & government spending policy & taxpayer attitudinal/behavioral preferences, 3335
sociocultural & economic factors, youth subcultures & gangs, Great Britain vs US, 3655
socioeconomic factors, victimization, infants in urban centers, Nigeria, 8113

ECS Therapy [See Electroconvulsive Shock Therapy]
ECT (Therapy) [See Electroconvulsive Shock Therapy]
Eczema
frontalis EMG & relaxation & imagery, chronic pruritic eczema, 25 yr old female, 13220
sleep patterns & personality characteristics, 19–56 yr olds with itching due to eczema, implications for alexithymia, 3858
Educable Mentally Retarded
ability level & rate of developmental & familial & behavioral problems, mildly retarded 7–8 yr olds recommended vs not recommended for special class placement, 2053
age & sex & IQ, social & cognitive aspects of play, educable mentally retarded vs learning disabled vs behavior disordered 3–6 yr olds, 3519
attention-influencing devices in visual instructional media, attention & recognition & recall performance, educable mentally retarded elementary & middle school students, 6670
attitudes toward children, parents of borderline & mildly & moderately & severely mentally retarded children, 8146
attitudes toward mainstreaming educable mentally retarded students, elementary school teachers, 6781
career education, educable mentally retarded elementary school students, 13675
category vs neutral prime & age & perceptual vs nonperceptual categories, speed & strategies in processing subordinate-superordinate relationships, educable retarded Ss with mean age of 16.6 yrs vs normal 2nd vs 5th vs 11th graders, 3742
changing criterion design, increase of running speed, mildly retarded 13 yr old, 3 & 12 mo followups, 4036
classroom environment, behavior, educable mentally retarded children with mean age of 11.3 yrs, 6759
computer literacy program, microcomputer-assisted instruction in mathematics & writing & computer programming & word processing, educable & trainable retarded & gifted 5th–8th graders, 6757
constancy of IQ scores as measured with Stanford-Binet Intelligence Scale, educable retarded 10.9 yr olds, 3-yr study, 192
constructive use of leisure time, educable mentally retarded adolescents, 12988
direct vs general instruction program, intrinsically motivated resistance to temptation to steal, educable mentally retarded 11–16 yr olds, replication of work by A. T. Haines & M. S. Jackson & 3-mo followup, 1316
distraction of nonoperative lights & keys on stimulus display, information processing deficits in stimulus identification & response selection, mildly mentally retarded 17–19 yr olds, 5878
evaluation methodology for identification & placement, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 8972
extension to prepositions of generative linguistic skill training using behavioral techniques, educable mentally retarded 12 yr olds, 6783
factor analysis, Henderson Environmental Learning Process Scale responses, mothers of 7–14 yr old learning handicapped children, 112
factors influencing teacher & peer sociometric ratings, mildly mentally retarded 7–14 yr olds in special classes, 11348
free-play behavior, mildly vs moderately retarded 32–42 mo olds, 5871
group counseling in public school, 17–22 yr old moderately mentally retarded & 10–12 yr old mildly mentally retarded students, 6812
group vocabulary instruction, intentional & incidental learning, mentally retarded 10.4–14.7 mo olds with IQs of 32–66, 6764
immediate tangible vs social reinforcement, reading & language test scores, middle & low income 7–10 yr olds labeled learning disabled or emotionally disturbed or educable mentally retarded, 6785
incidence & causes of suspensions from school, educable mentally retarded vs nonretarded students with mean age of 13.8 yrs, 11371
independence training vs modeling, telephone conversation skills, mildly mentally retarded 21–55 yr olds, 6243
individualized teaching methods in physical education, academic learning time, mainstreamed mildly handicapped elementary school students, 11338
labeling during early school years & throughout adulthood, others' vs own perceptions of adaptive limitations, Black 21–35 yr olds labeled as mildly mentally retarded, 5879
mainstreaming, academic achievement & attitudes of parents vs regular vs special education teachers, educable mentally retarded students, 13701
modified vs traditional font, letter discrimination, mildly mentally retarded vs normal 6–11 yr olds vs adults, 4457
monotony of monitoring task, accuracy of vigilance performance & feelings of boredom, mildly retarded Ss with mean age of 20.4 yrs, replication of procedures of R. E. Perryman, 1325
need for social validation method, educational placement decisions, trainable & educable mentally retarded 6–21 yr olds, 8926
number of matching cues of planometric figures, similarity judgments, mild & moderately retarded 6–18 yr olds, support for A. Tversky's model of perceived similarity, 10675
occupational stressors & preventive behaviors, teachers of learning disabled & behavior disordered & educable mentally retarded, 4337
Porteus Maze Test, measurement of reflection/impulsivity, high school students & mildly retarded 15–20 yr olds, 4742
practice & training, validity of IQ vs socioeconomic status vs adaptive behavior in predicting learning ability, educable mentally retarded 7–11 yr olds, 5885
practice, ordered recall of items on list & mnemonic strategies, untrained mildly retarded Ss with mean age of 14.5 yrs vs normal 7th–9th graders, implications for problem solving theory of memory, 1302
ratings of students' mathematical abilities, teachers of educable mentally retarded vs 1st grade students, 4463
reflection/impulsivity & field dependence/independence, educable mentally retarded with mean age of 9.7 yrs, 10657
regression approach to correction of EOG artifacts, correlation between EOG & EEG, 10–13 yr old mildly retarded & normal children, 2821
relationships among measures of social competence & achievement, educable mentally retarded & emotionally disturbed 11–15 yr olds, 2077
response-produced feedback supplemented by sensory feedback, acquisition on rotary pursuit task, mildly mentally retarded 8.5–14.6 yr olds vs nonretarded 8.5–9.4 yr olds, 5877
self evaluation & social praise in prevocational skill program for strengthening promptness & initiative behaviors, educable mentally retarded adolescents, 11353
self instructional training program, addition & subtraction skills, educable mentally retarded 10.2–13.7 yr old special education students, 11375
severity of disorder & crowded conditions of urban life & low tolerance for aggressive behavior, confinement to high-security psychiatric facility, psychopathic & psychotic & mildly mentally retarded males with mean age of 33 yrs, 4186
task explanation, strategy transfer in directed forgetting task, 13–15 yr old educable mentally retarded, 3723
traditional & behavior-analytic expectations of learners & mathematical instruction, mildly mentally handicapped, literature review, 2059
traditional worksheets vs game activities in mathematics instruction, mathematics achievement & on-task behavior, educable mentally retarded adolescents, 6751
variable vs constant practice, development of motor recall schema in motor skill learning, educable mentally retarded 9.4–10.7 yr old males, 1332
Education (Driver) [See Driver Education]
Education (Drug) [See Drug Education]
Education Students
assessment of stressfulness of children's experiences, clinicians vs teachers vs teachers-to-be vs children, 3069
attitudes & vocational values, college students studying to be elementary vs junior high school teachers, 1917
attitudes toward use of resource room placement for child with behavior problems, elementary education majors, 4324
background information on child, perceptions of exceptional children & opinions on mainstreaming, students in university special education course, 6784
construction of Multicultural Attitude Questionnaire, measurement of social tolerance, teacher trainees, 142
normative data for Suinn Test Anxiety Behavior Scale, graduate students in education, 4490
perception of psychic & economic rewards & costs for occupations & occupational choice, college students majoring in business vs education vs psychology, 13767
preschool playground foundation course length, attitude change, part-time adult students, 6628
transactional analysis of consultative experience as viewed by consultee, education graduate students with teaching experience, 4331
Education [See Also Related Terms]
advantages/disadvantages of autonomous school vs integrated psychoeducational models of education in residential treatment, emotionally disturbed children, 11067

aesthetic theory in education, 6594
age, development of part-whole picture perception & role of educational conditions, 4–8 yr olds, 10170
aims & theories, humanistic psychologists & educators vs M. Balint, 9243
bibliography of educational and psychological research, Sweden, 1969–80, 3
compatibility of Piaget's theory of child development & instruction, literature review, 1986
conservative vs liberal vs Marxist & socialist vs radical feminist perspectives, women & education, New Zealand, 11157
counseling & life-long education, 8602
curiosity, implications for structure of educational system, 8792
design & data collection methods, Study of Dissemination Efforts Supporting School Improvement, 9295
dimensions of global perspective in education, 8825
education & credentialing in law & dentistry & medicine & pharmacy, implications for psychology, literature review, 6587
education & development, child abuse & neglect, India, 12943
education & social & cultural reproduction, analysis of theoretical bases of "Schooling in Capitalist America" by S. Bowles & H. Gintis & "Learning to Labor" by P. Willis, 6601
education aimed at cognitive & moral & sociopolitical development, rehabilitation, criminals, Canada, 13432
education- & health-related life events, depressed inpatients & outpatients, Kenya, 8040
educational role of computers in & outside of formal educational settings, 11232
educational work of I. N. Ulyanov, USSR, 8794
ethics in educational research, 6602
fetal alcohol syndrome, behavioral & learning deficits, implications for education, 3810
format & content in preretirement education, prevention of uncertainty of retirement, 13369
future multimedia literacy needs, 6593
future of technology & computers in educational settings, 1952
graduate course, educational implications of TV viewing, teachers, 6614
group structure & optimum size, school groups, 6598
growing interdependence between work & school & family, changes in traditional career system, seamen, Norway, 11432
health/disability status & societal attitudes & education & employment & benefits & services, females in developing & industrialized countries, 3859
historical role of toys in childhood & educational value of toys, 12467
history of training, 6590
ideals & motives & interests, adolescents, China, educational implications, 10252
implementation of Piagetian structuralism & learning theory to early childhood education, literature review, 1889
individualized & self paced instruction in educational & industrial & military settings, literature review, 11454
interpretive understanding vs empirical methods, educational & social science research, 51
introspection & visual thinking as means to create & store information, symbol system development for media productions, instructional technologists, 1951
investment in schooling, socioeconomic outcomes & health & marriageability, 15–45 yr old females, Nicaragua, 11162
lags in education, primary mental health prevention personnel, 6583
level of professional training in art & design, evaluation of visual aesthetic stimuli, trained vs untrained Ss, 5660
limitations & critical issues in deschooling, 4377
mainstreaming & comprehensive education, 11330
mass media, creative expression, children, educational implications, 10117
methods & results of eye movement studies on reading & information processing & application to educational research, literature review, 2864
model for training persons to lead small group discussions, 1843
need for leisure education, 13563
negative aspects of early education, young children, 8793
patient education activities, patients of family practice physicians, implications for family practice residency training, 6364
performance engineering as culmination of progressive movement in education & training, 4321
performance engineering, education & training, critique of T. F. Gilbert's article, 4320
Piaget's writings & 20th Century educational reforms in Cataluna, Spain, 8795
positivism & interpretivism & critical reconstructivism as thesis & antithesis & synthesis in history of educational research, 6591
possible attainment of global perspective for education, 8847
rebuilding educational system, Czechoslovakia, 13559
representation of advancements in behavioral technology in publications of American Educational Research Association vs Association for Behavior Analysis, implications for teacher education & federal funding of research, 6592
role of psychologists in educational policy, 6595
rule-assessment approach to cognitive development & relevancy for education, literature review, 829
schooling & prevention of delinquency, 5822
secular humanism in education, 13560
shorthand training, mental & motor performance & CNS lability, 17–18 yr olds, 7171
training stressing economic vs motivational aspects of TV advertising, responsiveness to commercials, 2nd–4th graders, 13603
trends in education in rehabilitative institutions, behavior disturbed adults, 13417
triune brain & P300 wave & EEG research & cognitive psychology, implications for instructional technology, 5105
utilitarian perspective, issue of rights in education, students & parents & educators, 11154
utilitarian view of rights of students vs parents vs educators in education, reply to J. McMurty's criticism, 11153
utilitarian view on rights of students & parents & educators in education, criticism of R. Magsino's study, 11156
views of T. H. Bell on important directions in educational research, 13561

Educational Administration
computerized college admissions & advising system, 4666
issues in organizational school psychology, 6613
salary differentials for positions with equal responsibility, male vs female university administrators, 1925
school district information vs information needs, teachers, 4348
state statutory & administrative regulation, pupil placement in public schools, 11356
use of microcomputers in special education management, 4458

Educational Administrators [See School Administrators]

Educational Aspirations
career & homemaking commitment & realistic & ideal career choice & educational aspirations, 9th & 12th graders, 10225
change in life goal aspirations & educational expectations, college students, 1968 & 1979, 13662
child's perceptions of parents' goals, parent-offspring concordance on educational goals & parental influence, 6th & 8th & 10th graders & their parents, 7815
guide to research materials, educational aspirations of females, bibliographic essay, 12621
intelligence & GPA & other educational rewards & anxiety level & commitment & personality, persistence in education, high school males, 8-yr study, 8893
internal & external control beliefs & pattern of causal attributions for success/failure & vocabularies of motive for return to education, working class female adult education students, 4420
maternal educational aspirations & school adaptation, academic achievement, 4th graders, West Germany, 1997
social factors & attitudes & values, life plans & aspirations for higher education, 10th graders, 11290
socioeconomic status & sex & ethnicity & cultural factors, educational aspirations, Polynesian vs Pakeha 4th form students, New Zealand, 11291

Educational Audiovisual Aids [See Also Motion Pictures (Educational)]
pictorial displays of information, implications for instruction, review of research trends, 260
role of TV & film & audiotape & radio & computers in education, young children, 6645

Educational Background [See Also Parent Educational Background]
age & education & income & tenure, need satisfaction & importance, 27–45 yr old automobile factory managers, India, 13787
age & education & number of previous marriages & children & therapy sessions, outcome of brief marital therapy, couples, 1528
age & education & pay scale & experience & specialization & length of work week, job satisfaction & performance, researchers & teachers & extension workers, 13797
age & education & seniority, perceptions of environmental issues, managers, South Africa vs Nigeria, 13794
age & IQ & education, performance on Rey Auditory-Verbal Learning Test, 19–81 yr old male general hospital inpatients, 11677

age & sex & retirement status & education & marital status & volunteerism, life satisfaction, 55–74 yr olds, 730
amount of education with vs without extrinsic rewards, job satisfaction, males vs females, 9146
attitudes toward academically unprepared students, university professors, 13579
birth order & family composition & educational level & parental drinking patterns, imitation of parental alcohol use, 18–70 yr old normal drinkers, 12631
climate, education level & economic & moral & social conservatism, northern vs southern residents, Australia, 5646
death fears & age & education & "close to death experiences", attitudes toward euthanasia, 18–69 yr olds, 1079
demographic & educational & personality characteristics, female prisoners, 1960 vs 1970 vs 1980, 12914
education & ethnicity & premarital work history & childhood place of residence, age at 1st marriage, females, Peninsular Malaysia, 7805
education & internal locus of control & job satisfaction & cynicism, 20–49 yr old police officers, 4590
education & socioeconomic status & familial child care burdens & age & ethnic background, labor force participation, immigrant vs native born Jewish urban married 18–54 yr old females, Israel, 3279
education & socioeconomic status, attitudes toward equality of women, females, India, 12606
education, socialization & independence & dependence, Nigeria, 3446
educational background & position & experience & age & size & level & type & number of schools served, powerlessness, school nurses, 8821
educational background, belief in religious & extraordinary phenomena, college teachers vs students vs general public, 12747
educational background, Psychiatric-Organic Special Scale score of MMPI, functional psychiatric vs organic brain damaged patients, 199
educational level & previous musical experience, musical preferences, Ss aged 55 yrs & over, implications for music therapy & recreation, 743
employment opportunities & salaries & duties & job skills, PhD vs master's level clinical psychologists vs MSWs in public mental health settings, 8740
experience & seniority & age & education & intelligence, performance in assessment center, 25–46 yr old middle managers, 2188
formal education in aging, commitment to field, 19–75 yr olds working with aged, 6553
formal schooling & urban vs rural environments, anxiety & field dependence, males with mean age of 23 yrs, 1054
high school curriculum & vocational training, occupational outcomes, White vs Black males at 25–29 & 29–33 yrs of age, 9050
income & education & rural vs urban residence & birth order & family size, parental acceptance, mothers of 2.5–5 yr olds, 934
level of financial security & tertiary education & presence of family in community, high- vs medium- vs low-anxious pregnant females, 5138
managerial level & sex & age & education, attitudes toward public involvement, recreation & park senior vs middle level administrators, 6855
occupation & education, realization of basic needs, Poland, 5657
parents' vs own social & educational & occupational status, preadmission & hospital assaultiveness/dangerousness, male acute schizophrenics with mean age of 30.1 yrs, 10595
partialing out education & postmorbid intelligence, correlations between Luria-Nebraska & Halstead Reitan Neuropsychological Batteries, brain damaged patients, 103
personal & environmental factors, assessment of uncertainty, entrepreneurs, India, 4577
personal vs educational characteristics, career paths, female school superintendents, 1915
scale of farming & education & white- vs blue-collar off-farm employment, political ideology, part- vs full-time farmers, 7825
scholarship standards, TV family experts, 2996
self esteem & age & amount of education, French Canadian feminist women with mean age of 29.9 yrs vs nonfeminist women with mean age of 46.1 yrs vs males with mean age of 34.8 yrs, 1056
sex & age & education & socioeconomic status, reminiscence, 18–90 yr olds, 5375
sex & age & educational level, delusions diagnosed by New Haven Schizophrenic Index & modified Present State Examination, 15–65 yr old patients, Kenya, 12855
sex & age & grade level taught & years of experience & type of community & educational level & marital status, burnout, kindergarten through 12th grade teachers, 13583
sex & educational attainment & ethnic origin, sex role attitudes, Asians vs Blacks vs Mexican Americans vs Native Americans vs Whites, replication of P. Hawey's study, 10362
sex & ethnicity & educational background, scholastic aptitude & achievement, transfer vs native engineering students, 13636
social background & educational experiences, occupational prestige expectations, Black vs White college students, 13757
socio-professional category of parents & demographic & educational & cultural background & job tenure & professional expectations & ambitions, job satisfaction prediction, secretaries, 2219
spatial ability, 11 yr old rural vs urban English vs Indian immigrants vs children of Indians living in UK vs urban vs rural Indians, India vs UK, 773
urban vs rural residence & education, reproduction & use of health services & infant feeding, mothers, Lebanon, 13346
use of conventional Oksapmin measurement system & development of concept of equivalent units, unschooled Ss with mean ages of 8.4 vs 29.5 yrs vs 2nd vs 6th graders, Papua New Guinea, 3155

Educational Background (Parents) [See Parent Educational Background]

Educational Counseling
description of University of Freiburg educational counseling & guidance program, West Germany, 1903
educational counseling needs, Nigeria, 8997
educational counseling service for children at University of Zurich, undergraduates & graduate students, implications for counselor training, 4506
educational information centers, assistance for adults who wish to make educational & career choices, 2114
labor education program with mentoring system, assistance in development of educational & vocational goals & plans, nonprofessional university employees, 2095
need for student counseling services, Nigeria, 9002
participation in voluntary counseling program, academic status, college students experiencing academic difficulty, 4480
personality traits, successful vs problem college students, counseling & guidance implications, 13724
supervision needs, graduate students, 11420

Educational Degrees
employment opportunities & salaries & duties & job skills, PhD vs master's level clinical psychologists vs MSWs in public mental health settings, 8740
ideological beliefs & perception of agency's receptivity to prevention, community mental health center staff with & without master's degree in social work, 6584
measure of locus of control & self concept & emotional & social adjustment, prediction of GPA & total hours earned, educationally disadvantaged college students who earned degrees, 6815

Educational Diagnosis
academic & social/emotional & vocational characteristics, learning disabled 15–18 yr olds, literature review, 2025
assessment & placement, students failing in school, 13712
assessment & remediation, learning disabled 9–12 yr olds, literature review, 2070
availability & usefulness of assessment information for emotionally disabled students, school psychologists & multidisciplinary team members, 6830
characteristics & assessment & intervention, learning disabilities, preschool age children, literature review, 1324
characteristics & assessment & intervention, learning disabilities, 12–15 yr olds, literature review, 2068
classification of factors influencing reading comprehension as inside vs outside head, implications for reading disabilities, 8148
classroom observation in early evaluation & intervention, literature review, 8998
compliance with federal definition of learning disabilities, Child Service Demonstration Centers created by Title VI-G of Public Law 91-230, 13691
computer simulation program, analysis of bias toward using referral information vs child's performance data, school diagnostic personnel making special placement decisions, 13744
computerized record keeping for design & assessment of Individualized Education Programs, handicapped students, 6773
concept & definition of learning disabilities & federally funded learning disabilities centers, criticism of research by L. Mann et al, 13695
conceptual level of development, assessment of giftedness, junior & senior high school students, 9007
construction & administration & interpretation of DL 4–5 test, early diagnosis of developmental problems, 4483

definition & validity of term learning disability & educational considerations, 12995
diagnosis & remediation of specific reading disability or dyslexia, literature review, 8922
diagnosis of simulated cases of reading & learning disabilities & suggested remediation plans, specialists vs classroom teachers, 13740
diagnostic & prescriptive decisions for 4th grader with reading difficulty, reading specialists vs learning disabilities teachers vs Title I vs classroom teachers, 6772
diagnostic assessment in secondary schools, handicapped adolescents, implications for training & practice of school psychology, 6825
early diagnosis of learning disabilities, educational placement, multiply handicapped children, 8956
efficacy of early evaluation & educational vs medical model, learning disabilities, kindergartners, longitudinal studies, literature review, 8153
evaluation methodology for identification & placement, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 8972
evaluation of consultation service at psychodiagnostic clinic, 3–16 yr olds with school problems, 8990
factor structure & psychometric characteristics & norms of Conners Teacher Rating Scale, screening for hyperactivity, elementary school students, 2115
factor structure, Scale for Rating Behavioral Characteristics of Superior Students, 5th & 6th grade candidates for gifted program, 11389
family participation in psychoeducational assessment conferences, assessment information & client satisfaction & follow-through on decisions, 4–17 yr olds with learning & behavior problems, 10488
guidelines for early identification of learning disabled students, teachers & parents, 4448
identification of & programming for simultaneously gifted & handicapped students, 11355
identification of learning disabilities, 11th & 12th graders sent to continuation schools for attendance & behavior problems, 6650
importance of assessing strategies, diagnosis of reading skills & disabilities, 8983
individual assessment, curriculum development in early childhood special education, 11315
individual vs team evaluation for special education placement, placement effectiveness, educational evaluators, 2063
lack of language congruency between speech & reading materials, inaccuracy in reading ability assessment, students, implications for reading instruction of learning disabled, 2101
major models underlying screening procedures for learning problems & methodological problems, literature review, 9373
microcomputers, diagnosis & instruction for mainstreaming into regular program, learning disabled college students, 6775
multifaceted direct assessment, diagnosis & planning of remediation for reading & related learning disabilities, 2033
need for more thorough & comprehensive evaluation, hyperkinesis & physiological dysfunctions, students, 11388
neuropsychological & electrophysiological & psychophysiological assessment methods in schools, 11392
oral reading error analysis research, criticism of D. Leu's review, 6823
principles of diagnosis of reading disabilities, 8954
problems in provision of nonbiased multifactored assessment, handicapped students, 2050
psychoeducational vs task-analytical model, evaluation of behavior & instructional problem areas for educational intervention, students, 6626
psychological & educational tests, diagnosis of dyslexia, 4501
reliability & validity of Minnesota Preschool Screening Instrument, early identification of educational problems, 2100
reliability, reading diagnoses, learning disability specialists & classroom teachers, 8962
review of development of Child Service Demonstration Centers, identification & remediation of learning disabled children & teacher training, 6753
role as knowledge-linker in solving children's reading problems, assessment & behavioral intervention & parent & teacher consultations, school psychologists, 1928
screening tests, identification of learning disabilities, kindergartners, 4505
skill- vs meaning-centered reading model, reading diagnosis & remediation, 8951
sociocultural variables & bilingualism, intellectual functioning & acquisition of reading skills & bilingual education & assessment of reading problems, children, 1930
student evaluation placement practices, special education directors, 6778
survey of referrals to psychologists for intellectual/developmental assessment & behavior problems, 0–19 yr olds, Ireland, 1980, 3902
techniques for diagnosing deficiencies in academic performance, special education teachers in secondary schools, 2031
text processing strategies & prior knowledge, reading comprehension & disabilities, children, literature review, 3734
time spent in practice reading, reading achievement, 2nd–4th graders, implications for diagnosis of reading disabilities, 8965
use of computers, language assessment & training, bilingual language-handicapped children, 4467
validity of DL 4–5 test, assessment of writing & orientation & memory & rhythm difficulties, kindergartners, 4509
validity of WISC-R vs Illinois Test of Psycholinguistic Ability subtests vs Culture-Fair Intelligence Test, diagnosis, dyslexic 7–12 yr olds, 2111

Educational Field Trips
museum visits as educational tools, cognitive ability, mentally handicapped 11–14 yr olds, 11325
school field trips, attitudes & behavior & learning, 3rd vs 5th graders, 13602

Educational Financial Assistance
importance of economic analysis skills, securing of public & private resources, early-childhood program directors, 1904
income levels, relapses vs defaulters of National Direct Student Loans, 11150
institutions providing special service & reduced tuition programs, elderly students, 6637
sex & financial support system & yr in school & GPA, college dropouts vs persisters, 13654

Educational Financial Need [See Educational Financial Assistance]

Educational Guidance [See Educational Counseling]

Educational Incentives
preferred learning incentives, college students, 6718
varied incentives & number of examples as adaptive instructional strategies, mathematics rules instruction, college students, 4381

Educational Inequality [See Equal Education]

Educational Laboratories
computer assisted instruction, attitudes toward computer facility & ratings of instructor, college students, 6682
role of laboratory in introductory science instruction, literature review, 4369

Educational Measurement [See Also Entrance Examinations]
alternative educational plan, assessment & intervention for moderate academic problems, children not eligible for Individualized Education Plans, 1938
coaching for scholastic aptitude tests, ethical & effectivenesss & testing issues, 6821
conceptual differences between classical test theory vs item response theory, implications for educational & psychological measurement, 7019
construction of multiple choice test items, assessment of higher order educational objectives, 4468
correlations between scores on Form E of Nelson-Denny Reading Test & measures of academic achievement & self reported GPA & self concept & reading attitudes, college students, 8986
definition & operationalization of foreign language communicative proficiency, foreign language teaching & mastery evaluation, secondary school students, 6810
educational measurement, German-speaking countries, literature review, 9017
essay performance test as criterion, differential validity of college entrance scores, males vs females of 4 ethnic groups, 4473
ethical issues, use of computers in educational counseling & testing & guidance, 11415
evaluation of classroom & clinical skills health science education, dental students, 8771
inferential measures of attention, prediction of classroom attending behavior, learning disabled 8–12 yr olds, 13717
method of graphing learning path, students using computer assisted learning, 4474
methodology, measurement of response to instruction, mentally retarded, literature review, 13723
misuse of psychological tests, educational selection & placement & psychological health, children, Turkey, 11419

model for nonbiased assessment in special education programs with disproportionate number of culturally & linguistically different children, 11308
modified minimum competency tests, test performance, learning disabled 5th graders, 13722
multidimensional model, assessment of intelligence performance within information processing framework, learning disabled students, literature review, 2113
multifaceted direct assessment, diagnosis & planning of remediation for reading & related learning disabilities, 2033
neglect of wider goals of education & reasons for limited assessment of personal qualities of students, teachers, 11411
psychological & educational tests, diagnosis of dyslexia, 4501
purposes & types of testing, problem of professional turf guarding in testing learning disabled students, school psychologists vs reading specialists vs optometrists vs speech therapists vs teachers, 6819
ranking of multiple component examination scores, assessment of examinee's performance, application of Arrow's Impossibility Theorem, 6828
rating oral secondary school leaving examinations, literature vs geography teachers, West Germany, 6811
retesting, test performance, college students, 2084
retrospective preratings, response-shift confounding in self reported preinstructional knowledge, college students, 13737
standard-setting in competency testing, comments on G. L. Rowley's paper, 8992
standard-setting in competency testing, reply to S. A. Livingston's comments on contrasting groups method, 9010
validity of conventional vs retrospective pretest-posttest design using self report measures in educational context, college students, 13726
validity of functional levels of Woodcock-Johnson Psycho-Educational Battery, 4482
validity of Woodcock-Johnson Psycho-Educational Battery factor clusters, assessment of cognitive ability & academic achievement & aptitude, learning disabled 4th graders, 2102

Educational Objectives
computer applications, management of individualized education programs, 4437
design of computerized learning aids based on educational objectives, 6689
educational objectives in 1980's, 13624
establishment & justification of goals & norms, special education, handicapped, 8928
experiential learning theory of D. Kolb & Learning Style Inventory, identification of educational objectives, adult college students, 1991
goals of educational system, Finland, 13562
information concerning training objectives, learning, industrial managers, 9134
learning objectives in communication, teaching individual psychotherapy, 1883
microcomputer system for organization of instructional materials, selection of materials for special students according to their learning styles & needs, teachers, 6780
model of objectives for teaching thinking skills, school curriculum, 13620
neglect of wider goals of education & reasons for limited assessment of personal qualities of students, teachers, 11411
objectives approach in inservice workshop on learning difficulties, teachers, 11188
phases of adult life cycle & developmental stages, adult learning & goals for higher education, 746
preparation for future as educational objective, 13558
proposal for training objectives, residents in consultation psychiatry, 4277
student variables, individual differences in decision making about classroom organization & management & educational goals, elementary school teachers, implications for teacher training, 1894
use of educational taxonomies to establish task grid, development of sequential learning opportunities & activities & treatment planning, children with developmental delays, 2110

Educational Personnel [See Also College Teachers, Elementary School Teachers, High School Teachers, Junior High School Teachers, Resource Teachers, School Administrators, School Counselors, School Nurses, School Principals, School Psychologists, School Superintendents, Special Education Teachers, Student Teachers, Teacher Aides, Teachers]
considerations in implementation of computer-assisted instructions, educators, 6658
demographic characteristics, self rated ideal vs real competencies in 11 areas, learning disability professionals, 1920
educational work of I. N. Ulyanov, USSR, 8794
effects of daily threat of violence & response of schools, children & teachers & school officials, Northern Ireland, 1890
motivational management approach, identification of causes & coping with burnout, public health & hospital & preschool personnel, 10919
organizational change, work satisfaction, university school of nursing educators, 6-yr longitudinal study, 1847
physical & behavioral indications of incest & responsibility of school personnel to report suspected incest & school's role in providing counseling & support to family, 3701
planning & evaluation of public school personnel preparation programs related to Public Law 94-142, teams of teachers & specialists & administrators, 8815
teaching behaviors & interactions with students, hospital senior faculty vs medical residents, 13552
verbal & other group interactions, interdisciplinary task teams, 26–65 yr old academic professionals, 5577

Educational Placement
ability level & rate of developmental & familial & behavioral problems, mildly retarded 7–8 yr olds recommended vs not recommended for special class placement, 2053
advancement from junior to secondary school, worries & teachers' evaluations of transition-related adjustment difficulties, female students, 13645
assessment & placement, students failing in school, 13712
assessment & remediation, learning disabled 9–12 yr olds, literature review, 2070
attitudes toward use of resource room placement for child with behavior problems, elementary education majors, 4324
computerized record keeping for design & assessment of Individualized Education Programs, handicapped students, 6773
decisions of New York Commissioner of Education regarding placement in private schools, handicapped children, 8934
early diagnosis of learning disabilities, educational placement, multiply handicapped children, 8956
evaluation methodology for identification & placement, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 8972
grade repetition vs social promotion, achievement & self concept & interpersonal relations & emotional adjustment, students, 8857
immaturity & unreadiness for school due to overplacement vs learning disability, school adjustment, children, 13672
individual vs team evaluation for special education placement, placement effectiveness, educational evaluators, 2063
influence & status & special education placement decisions, multidisciplinary child study teams, 11337
interrater reliability on Torrance Tests of Creative Thinking, gifted vs nongifted 2nd–5th graders, implications for use in placement, 11413
methodology, evaluation of course placement schemes in higher education, 2090
misuse of psychological tests, educational selection & placement & psychological health, children, Turkey, 11419
need for social validation method, educational placement decisions, trainable & educable mentally retarded 6–21 yr olds, 8926
New York State education agency's policy regarding placement in private schools, handicapped children, 8925
predictive validities of verbal vs academic achievement vs attitudinal vs visual perception tests, English composition grades, college freshmen, differential placement implications, 8980
problems of state & local education agencies regarding private school placement, mildly or moderately handicapped children, 8924
results of Wide Range Achievement Test vs Spache Diagnostic Reading Scales vs Woodcock Reading Mastery Tests vs informal placement procedures, 1st–3rd graders, 2086
sex & race differences, placement & teacher treatment & student reading achievement, learning disabled 6–12 yr old students, 11342
social skills assessment, mainstreaming placement decisions, special education teachers, 11326
special education dismissal & placement in regular classrooms, 62 referrals for special education placement, elementary & middle school special education students, 4-yr followup, 11345
state statutory & administrative regulation, pupil placement in public schools, 11356
student evaluation placement practices, special education directors, 6778
teacher's assessment of classroom behavior vs standardized test scores, special education placement opinions, elementary school teachers, 13694

track placements & coursework & performance, high school students, 13588
transition class placement for lack of readiness for grade 1, achievement & affective & use of special services variables, 2nd & 4th & 6th graders, 6-yr followup, 4443
validity of American College Testing Proficiency Examination Program, placement in Bachelor of Science in Nursing program, students from hospital-based nursing diploma program, 8781
verbal scores on Armed Services Vocational Aptitude Battery, assignment to appropriate difficulty level on Gates-MacGinitie Reading Tests, military recruits, 9382
Educational Process [See Education]
Educational Program Evaluation
academic day program, emotionally disturbed adolescents, 6760
amount & form of data included in program evaluation report, agreement with report, teachers & school administrators, 2083
curriculum evaluation methodology, special education, 11378
effectiveness of alcohol & drug education, knowledge & attitude change, 4368
effectiveness of drug & alcohol education programs at elementary school through university level, literature review, 1948
ethical & programmatic & methodological problems, treatment-control experimental design in educational research, 8978
ethnographic data collection methods, curriculum & educational program evaluation, literature review, 8991
evaluation of classroom-based behavioral interventions, school psychologists, 8984
evaluation of counseling programs in elementary schools, 13720
evaluation of early identification programs, Canada, literature review, 8853
evaluation of Head Start summer program, 1st graders, reanalysis of data of V. G. Cicirelli et al, 8994
evaluation of information program, adult learners, 9000
evaluation of interagency programs, 8935
evaluation of interdisciplinary experiential education program, high school seniors, 11200
evaluation of program to develop group leadership skills, college seniors majoring in social work, 4306
evaluation of vocational programs for limited English-proficient students, 8844
external & implementation factors, validity of educational field tests, 8968
guidance & counseling program planning & evaluation, 13713
index based on "rescaled & adjusted gains within stratum", model for comparison of impact of educational programs, 6646
language skills program, change in reading grade level & rate of learning to read, learning disabled high school students, 6768
methodological problems in evaluation of risk reduction programs related to cigarette smoking & alcohol use, 5th–7th graders, 11210
methodology, evaluation of course placement schemes in higher education, 2090
methodology, intuitive analysis of qualitative data, 8967
model for evaluation of teacher education programs, 4343
norm-referenced vs regression-discontinuity design of compensatory education evaluations, 7007
parochial school program evaluation policies as determined by judgment analysis, citizens & parents & clergy & lay & religious educators of archdiocese, 13577
preteaching questionnaire, self reports of drug use & intentions as evaluation measures of drug education program, high school students, 4477
problems in drug education program evaluation, 7th–9th graders, 4513
repertory grid, in-service diploma course evaluation, teachers, 1911
role of state education agencies in evaluation of educational programs for mentally retarded, 6794
School Action Effectiveness Study's national evaluation of Office of Juvenile Justice & Delinquency Prevention's Alternative Education Program, 6655
theory-testing methodology, educational program evaluation, reanalysis of Ohio-Westinghouse evaluation of Head Start program of V. Cicirelli, 9013
Educational Program Planning
guidance & counseling program planning & evaluation, 13713
guidelines for preschool compensatory & school readiness programs, South Africa, 6657
identification of & programming for simultaneously gifted & handicapped students, 11355
importance of attention to skills for future survival in mainstreamed environments in preschool special education programs, 6771
issues in compliance by colleges with Rehabilitation Act of 1973, development of programs for learning disabled college students, 6796
participation in preventive & educative programs within high school, school psychologists, literature review, 6616
performance feedback, psychological service program planning skills, school psychologists, 8814
reasons for decision making in selecting behaviors of severely handicapped children for educational intervention, special education teachers vs college students vs clinical psychology graduate students, 11372
value judgments, educational needs assessment for program planning, 8846
Educational Programs [See Also Foreign Study, Project Head Start, Upward Bound]
academic achievement & individual differences in information processing habits, low achieving college students in basic skills course, 2056
alcohol education program, knowledge level & use & attitudes toward alcohol, male & female 7th–10th graders, 6653
alternative educational plan, assessment & intervention for moderate academic problems, children not eligible for Individualized Education Plans, 1938
alternative learning school project, attendance & suspension & achievement & attitudes towards teachers & learning & school & self, potential high risk adolescent dropouts, 6676
analogy between Sabbath & group mental health interventions based on family centered education program, 9th & 10th grade students & teachers, 6651
characteristics of midlife females, role of Women's Opportunities Network & other programs & services, adult females returning to college, 2008
community based journalism project, special education students, 13681
community based program, self care & work related skills, multiply handicapped deaf adolescents, 13698
compliance with federal definition of learning disabilities, Child Service Demonstration Centers created by Title VI-G of Public Law 91-230, 13691
concept & definition of learning disabilities & federally funded learning disabilities centers, criticism of research by L. Mann et al, 13695
coping skills training, self monitoring & problem solving & modeling & attention-focusing, mainstreamed students with learning problems, 8938
development & implementation of Chemical Use Abuse Group Program, prevention of drug & alcohol abuse, college students, 4378
directory of college learning disabilities programs & resources, 6754
early intervention programs, cognitive development, children 3 yrs old or younger, literature review, 6674
educational program, perceptions of family health behavior & ability to act as change agent & family awareness of community cardiovascular risk reduction program, 10th graders, 4374
efficacy of creativity development program, students, 1985
efficacy of tutorial method, remedial language arts instruction, elementary school students, 4464
evaluation of interdisciplinary experiential education program, high school seniors, 11200
evaluation of TEACCH psychoeducational program, parents & their autistic 2–26 yr olds, followup study, 6092
experimental preschool education program, Peoples Republic of China, 4395
formal programs for learning disabled in California community colleges, 6776
future role of residential schools, visually handicapped children, 4461
institutions providing special service & reduced tuition programs, elderly students, 6637
issues in compliance by colleges with Rehabilitation Act of 1973, development of programs for learning disabled college students, 6796
labor education program with mentoring system, assistance in development of educational & vocational goals & plans, nonprofessional university employees, 2095
methodological discussion, Study of Parental Involvement in Federal Education Programs, 9351
methodological issues, Rural Experimental Schools Study, 9292
outdoor leadership development program, self confidence & ethical awareness & communication skills, adolescents, 11215

participation in alcohol awareness week, drinking attitudes & behaviors, college students, 4356
police school programs, perceptions of police, adolescents, Canada, 4366
Positive Learning Program providing academic & social support, achievement & attendance & behavior, 9th grade potential school dropouts, 4383
program aimed at professional socialization, adults entering graduate professional education in clinical psychology, 1878
program involving motor & concrete & graphic components, concentration & attention to school materials, 6–7 yr olds, 8845
programs & strategies for effective response to needs of adult college students, comment on articles in journal special issue, 1963
rating form development, screening of commercial standardized tests for use in Basic Skills Improvement program, 8993
recent trends & different approaches, alcohol education programs, 1940
review of development of Child Service Demonstration Centers, identification & remediation of learning disabled children & teacher training, 6753
role of family life educator & educational programs, primary prevention of child abuse, 11225
school-organized work experience, career maturity, 11th graders, 8868
senior citizen tutoring project as providers of moral support & humanism in learning & vocabulary development & study techniques, disadvantaged & troubled youths, 11214
Setting & Behavior Instrument, observation of physical & intellectual & social features of work/study setting, students, 13721
social class & sex, attitudes toward education for parenthood, high school vs college students, 8903
summer orientation program, concerns, new college students, 11198
tutor training program, empathy & altruism & self esteem, high school students, 6697
Union College Senior Citizens' Studies Center program, 6647
voluntary community service & career internships & community study/political action & adventure education, psychosocial & intellectual development, adolescents, 11203
volunteer literacy tutorial project, reading achievement & verbal language & listening comprehension & locus of control, illiterate adolescents & adults with mean age of 30 yrs, 4365
Educational Psychologists [See Also School Psychologists]
attitudes toward hypnosis training & use in treatment, clinical & educational psychologists, Wales, 11143
nature of work & communication in field & research, professional development, educational psychologists, 4349
Educational Psychology [See Also School Psychology]
anthropological untenability of application of animal research results to child development & education, 11152
characteristics of linking science between scientific psychology & educational practices, 6600
contributions to psychology & pedagogy & cybernetics by G. Zapan, 4643
development of field & professional association of educational psychology, Great Britain, 11163
individual differences among learners & effects of learning environment, current trends in instructional psychology, 1987
status & methods & need for miniature theories, research in instructional psychology, 1888
Educational Television
behavioral assessment procedure, evaluation of educational TV programs at college level, 1665
educational TV program with appealing vs unappealing fast vs slow tempo background music, selective attention & information acquisition, 1st & 2nd graders, 4391
Educational Therapy [See School Counseling]
Edwards Personal Preference Schedule
content analysis of MMPI & California Psychological Inventory & Eysenck Personality Inventory & EPPS, 4738
test reliability of SVIB & 16PF & California Psychological Inventory & MMPI & EPPS & High School Personality Questionnaire, 2474
Edwards Social Desirability Scale
norms & validity & reliability, Dutch translations of Mach IV & V Scales validated against Edwards Social Desirability Scale & Rotter's Locus of Control Scale & Rokeach Value Survey & authoritarian scale, college students, 9451
EEG (Electrophysiology) [See Electroencephalography]
Efferent Pathways [See Also Extrapyramidal Tracts, Pyramidal Tracts]
activation with morphine or inhibition with naloxone of opioid receptors in substantia nigra pars reticulata, tonic activity in EMG, male rats, implications for regulation of striatal efferent pathways, 7574
amygdala basolateral nucleus & stria terminalis stimulation & ventromedial hypothalamic nucleus & stria terminalis lesions, lateral hypothalamus evoked potentials & single unit discharges & intracellular synaptic potentials, rats, 12173
brain stem omnipause neuron role in oculomotor function, male cats, 464
cortical projections to nuclei of accessory optic system, cats, 472
development & morphology of striate cortical projections to dorsal lateral geniculate nucleus, 1–20 wk old kittens, 2818
efferent projection lesions of rostral vs caudal trigeminal nuclear complex, orofacial pain, male rats, 5205
efferent projections of lateral hypothalamic area, female rats, 5033
electrolytic lesions of brain stem, identification of tonic descending dorsal horn inhibiting neurons & role in analgesia, cats, 5059
horseradish peroxidase technique, assessment of projections from locus ceruleus to olfactory bulb vs olfactory tubercle, cats & rats, 11583
identification of afferent & efferent pathways associated with cerebellar self stimulation, male rats, 12048
octopamine synthesis & release in efferent fibers to retina, horseshoe crabs, 443
optokinetic stimulation vs electrical shock vs light pulse stimulation of visual system, efferent & afferent vestibular neuron firing, green frogs, 446
spinal cord lesions & transections, identification of descending & intraspinal pathways mediating footshock induced analgesia, male rats, 5216
subfornical organ lesions, behavioral & physiological control of water balance, rats, 5212
superior colliculus projections to supraspinal nucleus of caudal medulla & cervical cord gray, cats, 460
topographical organization of spinally projecting superior colliculus neurons, rats & cats, 5091
transection of efferent pathways to sulcal cortex, intracranial self stimulation of medial prefrontal cortex, male rats, 12015
Efficiency (Employee) [See Employee Efficiency]
Effort [See Energy Expenditure]
Ego
alienation & ego strength, level of performance in terms of production, blue collar industrial workers, 2173
analysis of G. H. Mead's conception of self as internal interaction process, 3447
childrearing perceptions, ego development, female 15–18 yr olds, 5400
development of interview-questionnaire combination, measurement of ego psychopathology, schizophrenic patients, 187
developmental perspective, transactional analysis model of ego-state behavior, adult narcotic addicts & inmates, 10641
developmental stages of ego boundaries within context of oneiric processes & projective psychological operations, 3486
early experiences & ego development & psychopathology, analytic process, Ss with unanalyzable narcissistic personality disorders, literature review, 6157
effective strategies in ego activation psychotherapy, acutely depressed outpatients, 8352
efficacy & ego development & problem solving, 1st vs 5th yr vs former teachers, 4333
ego & super ego strength & self sentiment, male 12–18 yr olds identical vs fraternal twins vs siblings vs unrelated children raised apart vs together, 5410
ego boundary disturbance, females with anorexia nervosa with mean age of 20 yrs, 6035
ego development, male chronic drug users vs nonusers, 12965
ego identity & self concept, adolescents, 10243
ego involvement regarding political knowledge, prediction of outcome before vs after 1980 presidential election in public vs private conditions, 18–22 yr olds, 3424
ego state technique, management of resistence to hypnotherapy, 13304
ego structure & desomatization of affect, vegetative psychosomatic disorders, 10711
ego structuring in group psychotherapy, 6172
empathy & ego development, college students, 10448

environmental factors & ego functioning & aggression & depression & antisocial behavior in classification & measurement & interrelation, assaultive &/or suicidal 6–12 yr olds, 12795
evolution of technique for utilization of ego functions, psychoanalysis of neurotic conflict, 13164
exercise program, affective state & ego structure & functioning, psychiatric inpatients, 4188
focal & tacit knowing concepts of M. Polanyi & Jungian psychology, dream & waking ego, 4962
levels of morale & ego strength, job performance, blue collar workers, India, 2174
list competition & S ego strength, learning of paired associate lists by anticipation vs study/list method, college students, extension of study by J. C. Duffy & N. J. Kanak, 9662
models for concept of ego states, 3465
mother-child symbiosis & body-ego development & father personality & family dynamics, schizophrenia & anorexia nervosa, 5692
multiple identity processes, development of observing ego, 31 yr old male with borderline personality, 1208
need for verbal stimulation, ego & cognitive development, 7 & 9 yr old hearing daughters of deaf mute mother, 1359
perception of stimulus person in Parent vs Child ego state, male 24–57 yr old managers vs students, implications for transactional analysis theory, 10830
psychotherapeutic techniques, infantile personality disorders, ego disturbed preschool & school age children, 13159
rationale & technique for use of programmed case material in teaching ego psychology, graduate clinical social work education, 13546
REM sleep vs sleep onset, level of ego activity & ratio of & presence of ego in interactive vs associative sentences, 18–28 yr old college students, 9690
role of archaic loving & hating introjects, cosmology of H. G. Wells, 3017
sex & cohort differences, identity status & intraindividual changes in ego development, freshman vs sophomore vs junior college students, cross sectional study, 7702
Socrates' concept of "soul" vs Freud's "ego", 4624
sublimation & narcissism in psychoanalytic theory of ego, 10474
transactional analysis interpretation & Rissman trilog & models of G. Kelly & D. A. Kolb, learning stages & ego states, 3504
unity of consciousness & unity of self & evidence from commissurotomized patients, 4648
views of J. Lacan on ego establishment, 12501

Egocentrism
characteristics & manifestations of egocentrism, adolescent characters in novels by M. E. Kerr, 3016
development of egocentric vs socialized speech, young children, 7654
development of perspective-taking ability, 6 vs 8 vs 10 yr olds, 5349
egocentricity, comprehension of other-centered kin terms, 6 vs 7 yr olds, 798
Egocentricity Index scores on Rorschach protocols & self esteem, 6–14 yr olds, 7718
egocentrism & role taking vs information regarding classmates, perception of own vs other chances of experiencing negative events, college students, implications for optimistic bias, 3502
position of mother, use of mother as cue in spatial location task, 9 mo olds, evidence against egocentric coding, 816
social stereotypes & imaginary audience behavior, high vs low self esteem 7th & 8th graders, 10253

Egotism
outcome-related affect, egotism in success/failure causal attributions, male college students, 10457
task labeled as requiring agentic vs communal skills & failure vs success feedback, attributions for performance, college students with agentic vs communal personality traits, 3443

Egypt
parallels between Akhnaton & Freud's case of President Schreber, 9237
sibling marriages in royal families, Egypt & Peru & Hawaii, 8075

Eidetic Imagery
phenomenology & function of eidetic imagery, young adults, 11909
theories of eidetic imagery, school age children, criticism of R. N. Haber's article, 3107

Ejaculation [See Male Orgasm]
EKG (Electrophysiology) [See Electrocardiography]
Elavil [See Amitriptyline]

Elbow (Anatomy)
passive elbow movements, EMG RTs of wrist flexors, 30–46 yr old males, 7172
sense of elbow joint angle vs arm orientation, position sense at elbow, human Ss, 9523

Elected Government Officials [See Government Personnel]
Elections (Political) [See Political Elections]
Elective Abortion [See Induced Abortion]

Elective Mutism
characteristics & underlying personality structures of extrafamilial elective mutism, children, 8039
positive reinforcement contingency procedure, reluctant speech, 6 yr old male, 8424
stimulus fading, elective mutism, 4 & 11 & 15 yr old males, 1562

Electric Fishes
androgens, tuning of electroreceptors to electric organ discharge frequencies, South American gymnotoid electric fish, 5259
loss of vision & feedback from electric organ discharge, group cohesion & social distance, African weak-electric fishes, 7496
water conductivity & spatial orientation of fish, discharge cessation as form of electrocommunication, weak-electric fish, implications for mate attraction & parent-young interactions, 411

Electrical Activity [See Also Alpha Rhythm, Auditory Evoked Potentials, Cortical Evoked Potentials, Delta Rhythm, Evoked Potentials, Somatosensory Evoked Potentials, Theta Rhythm, Visual Evoked Potentials]
abnormal auditory brain stem responses & binaural masking level differences & trans-brain stem acoustic reflex patterns, 21–65 yr olds with brain stem lesions, 3827
acetylcholine & noradrenaline, plasticity of visual cortical neurons, cats, 12239
acetylcholine, responses of hippocampal CA1 pyramidal neurons, guinea pigs, 12246
acquisition & extinction of motor CR to auditory CS, auditory unit activity & modification of interneural connectivity, cats, 2776
activity of metacerebral cell & behavioral arousal, free moving Aplysia californica, 467
amino acid olfactory stimuli, olfactory bulb single neuron response similarity, goldfish, 2788
amino acid stimulation of olfactory mucosa, correlation between olfactory receptor electroolfactographic & bulbar EEG responses, juvenile catfish, 12047
amygdala basolateral nucleus & stria terminalis stimulation & ventromedial hypothalamic nucleus & stria terminalis lesions, lateral hypothalamus evoked potentials & single unit discharges & intracellular synaptic potentials, rats, 12173
androgens, tuning of electroreceptors to electric organ discharge frequencies, South American gymnotoid electric fish, 5259
anesthesia, anterior parietal lobe topographical organization as measured by single neuron receptor field maps, macaques, 5257
aspirin, ventrobasal thalamic neuron firing, rats with adjuvant-induced arthritis, 5237
auditory & visual RT tasks, activity of phasic- & tonic- & mixed-type neurons in dorsolateral prefrontal cortex, macaque monkeys, 9851
background, activity of cortical neurons before & after burst of impulses, rabbits, 12080
basic taste stimuli, chorda tympani nerve responses, mice, 5093
cerebellar nuclei stimulation, red nucleus unitary activity during learned ballistic movement, cats, 9965
cervical vs dorsal spinal transection, excitability of cerebral nystagmogenic area, rabbits, 12235
chromatic stimuli, extracellularly recorded opponent-process responses in ventral lateral geniculate, quail, 9859
classically conditioned reflex facilitation, muscle tension & single motor unit EMG recordings from flexor muscle, spinal cats, 2907
color discrimination go/no-go task, prefrontal cortex neuronal activity, macaques, 5075
contrast of luminance-modulated sine-wave gratings, striate cortex neuronal responses, cats & macaques, 2759
dextroamphetamine, intracerebral electrochemistry & activity & stereotypy, male rats, 12326
differential locomotor avoidance conditioning, multiple unit activity of prefrontal cortex & mediodorsal thalamic nucleus, rabbits, 12054
discrete forelimb & hindlimb movements, distribution of neuronal activity in supplementary motor area & comparison with precentral motor area, macaques, 7444
distensions of biliary system, electrical activity from biliary afferents & determination of innocuous vs noxious levels of pressure & receptive fields, male ferrets, 5154
dopamine iontophoretic application to substantia nigra & ventral tegmental area, frontal cortex neuronal activity, male rats, 7532
dorsal subiculum spontaneous & sensory evoked unit activity, rabbits, 12096

EEG biofeedback training, pathological brain electrical activity, cerebral arachnoiditis patients, 1581
electrical brain activity, partial epilepsies, implications for surgical treatment, 10749
electrical medial hypothalamus stimulation, inhibition of dorsal horn neuronal response to noxious skin heating, cats, 7510
electrical stimulation of amygdala & hypothalamus & nucleus medialis dorsalis thalami, extracellular unitary activity in pericruciate cortex during voluntary flexion-extension forearm movement, cats, 9953
electrical stimulation of nucleus lateralis septi & nucleus medialis septi, septal neuronal activity, guinea pigs, 5201
electrical stimulation of pontine parabrachial nucleus & ventral tegmental area & amygdaloid apomorphine &/vs spiroperidol, neuronal activity in central nucleus of amygdala & consumption of sodium chloride solution, male rats, 12167
electrical stimulation of septum, spontaneous vs noxious shock induced neuronal activity of periventricular & periaqueductal gray & dorsal raphe & nucleus raphe magnus, male rats, 12201
ethanol, phenotypic differences in sleep time & cerebellar Purkinje neuron discharge, inbred strains of mice, 12337
excitability of electro-excitable membrane of cortical neuron during intracellular tetanization with hyperpolarizing current, 12209
experimental methodology, measurement of brain activity mediating behavior, critique of G. S. Wasserman & K. L. Kong's article, 2804
extrafoveal simple visual fixation & attention tasks, dorsolateral prefrontal cortex neuronal activity, monkeys, 474
frequency & amplitude of perpendicular sinusoidal displacement of glabrous skin of hand, mechanoreceptor afferent unit activity, humans, 2783
full field flash, intracellular average-evoked response & postsynaptic potential correlates in visual cortex, cats, 2760
glucocorticoid, lumbar spinal cord motor neuron electrical properties, cats, implications for psychiatric disorders in humans, 619
glutamic acid diethylester injection into hippocampus, slope function of excitatory postsynaptic potentials & amplitude of extracellular field potential in dentate gyrus, rats, 12294
habituation of cortical evoked potentials, Down's syndrome Ss with mean age of 29 yrs, implications for inhibitory deficits at electrophysiological level, 5888
human brain potentials & intercentral relationships in cerebral cortex during problem solving, human Ss, 12068
hypothalamus & locus ceruleus & raphe nuclei stimulation, synaptic & spike responses in sensorimotor cortex, male rats, 9962
intense noise, response of auditory neurons in inferior colliculus, inbred mice, 554
intertrial interval of 72 hrs, 1-Hz suppression effect on kindling induced by amygdala stimulation, male rats, 7511
interval between repeated depolarizing pulses to mechanoreceptor, amplitude of excitatory postsynaptic potentials in motor neurons & habituation of gill-withdrawal reflex, Aplysia, 5196
intracellular recordings from cochlea outer hair cells, guinea pigs, 12049
iontophoretic 5-hydroxytryptamine, postsynaptic depression in dorsal lateral geniculate nucleus during visual stimulation vs acetylcholine vs homocysteic acid iontophoretic pulses, cats, stimulation methodological implications, 7555
joint rotation angular components during visually-guided arm reaching task, precentral cortical unit responses, monkey, 7433
lateral hypothalamic 2-deoxydextroglucose, lateral hypothalamic unit activity & gastric acid secretion, male rats, 12333
lesions of olfactory bulb projections, odor detection & arousal from slow wave sleep & mitral cell activity, male rats, 2901
light wavelength & potassium current outflow, photoreceptor prolonged hyperpolarizing afterpotential accompanying photoconversion of rhodopsin, bay scallops, 344
light-dark schedules, suprachiasmatic nuclei neuronal activity in in vitro hypothalamic slices, rats, 9878
linear functional & nonlinear physical 2-part model for transduction of basilar membrane mechanical displacements into neural activity, 5012
locus coeruleus neuron spontaneous bursting discharges, male rats, 437
low frequency brain stimulation, kindling behavior, male rats, 9958
magnocellular forebrain nuclei lesions, acetylcholine output from cerebral cortex & electrocortical activity & spontaneous alternation & avoidance conditioning, male rats, 9977
Markov chain model of stimulus & recovery functions of cochlear nerve fiber spike discharge probability, cats, 7410
mechanisms of hippocampal long term potentiation & implications for memory, 9882
medial forebrain bundle thermal & electrical stimulation & noradrenaline, single unit neuronal responses in preoptic & anterior hypothalamus, male rats, 12155
medial hypothalamic stimulation inducing escape & approach responses, activity of central gray neurons, male rats, 12210
mediobasal hypothalamus electrical stimulation, single unit responses of preoptic-anterior hypothalamic thermally sensitive vs insensitive neurons, male rats, 12204
microelectrode positioner system & restraint apparatus for chronic single-unit recording, rats, 4667
milk licking CR to optic tract electrical stimulation CS, sensorimotor & visual cortex multiunit activity & interneural connections, cats, 2789
monaural & binaural tonal stimulation varying in frequency & intensity, response of single neurons in anterior field of auditory cortex, cats, 9871
motoneuron activity during EMG pauses in NREM sleep, cats, 5055
neuron activation in motor & visual cortex, cause of future vs response to past activity, rabbits, 2809
neuronal activity in supplementary motor area, initiation of voluntary movements, 2772
neuronal unit activity of hippocampus, rabbits, 9881
noxious stimulation of visceral receptors, single unit activity of thoracic spinal cord viscero-somatic multireceptive neurons, cats, implications for visceral & cutaneous afferent fiber convergence, 447
nucleus reticularis pontis oralis stimulation, intracellular potentials of lumber motoneurons during wakefulness vs quiet vs active sleep, cats, 9956
odor of aliphatic n-acetates & n-fatty acids, olfactory receptor cell responses, dogs vs box turtles, 12101
pairing of light & bodily rotation, phototactic behavioral & photoreceptor associative changes, nudibranch mollusks, 7408
peripheral critical flicker fusion method, measurement of right vs left hemispheric activity following exercise, 19–24 yr olds, 2798
photic & optic nerve electrical stimulation, dorsal hippocampus activity & relation to striate cortex response, rats with pons transections vs tectum vs cingulum lesions, 5112
primary taste stimuli, thalamic neuronal responses & comparison with spontaneous discharge rates, dogs, 475
prior treatment with 1-Hz stimulation, kindling behavior, male rats, 9957
quipazine, raphe nuclei discharge rate, freely moving cats, 5276
raphe stimulation vs 5-hydroxytryptamine, duration of excitatory & inhibitory responses in fronto-parietal cortex & tremor, Wistar vs Sprague-Dawley rats, 9933
reinforcement delay, reorganization of impulse flow of neurons in visual cortex, cats, 5114
repetitive stimulation with auditory & electrocutaneous & visual compound stimuli, unit activity in visual cortex, rabbits, 12086
response characteristics of high threshold cutaneous cold receptors, monkeys & cat, 5078
restraint-induced emotional stress, dorsomedial thalamus & ventromedial hypothalamus neuron impulse flow power, alert rats, 5077
selection & testing of indicators of automatized behavior, 6991
sex & arithmetic task difficulty, EEG alpha activity & asymmetry, college students, 12052
sexual behavior, electrical activity of hippocampus & amygdala, cats, 12044
sinusoidal skin displacement with stimulus probe edge over receptive field, spatial acuity of rapidly vs slowly adapting mechanoreceptive units in glabrous skin of hand, 21–31 yr olds, 2784
sleep vs wakefulness, midbrain respiratory neuronal activity, female cats, 5096
slice temperature, firing of warm- vs cold-sensitive neurons in medulla oblongata, male rats, 12159
slow wave sleep vs wakefulness & visual attention vs bar pressing for reward, neuronal firing in pulvinar nucleus of thalamus, cats, 12075
somatic stimulus induction of lordosis during sexual receptivity, distribution of pronounced & sustained midbrain unit responses, female hamsters, 480
somatically & visually triggered wrist flexion-extension movements, neuronal activity in contralateral precentral forelimb area, monkeys, 9887
spontaneous discharge rates of auditory nerve neurons & correlation with tone thresholds, cats, implications for inner & outer hair cell innervation, 470

square wave stimulus direction & velocity, single unit & extracellular activity in medial terminal nucleus of accessory optic system, cats, 5056
subsequent activation of receptors provoked by tetanic muscular contraction in electro-acupuncture analgesia, female rats, 9959
systemic naloxone, ventrobasal thalamus neuronal activity, arthritic rats, 5238
taste stimulation of tongue regions, response of single thalamic neurons, dogs, 12081
thalamic unit activity & somatosensory rhythms in state of "quiet waking", cats, 9838
tone signaled acquisition of conditioned nictitating membrane response, plasticity of auditory cortex single unit activity, rabbits, 7418
triune brain & P300 wave & EEG research & cognitive psychology, implications for instructional technology, 5105
tubocurarine, unit activity of striatum measured by autocorrelation histogram, male rats, 620
tungsten microelectrodes, recording activity of cells of subcortical structures, 11601
velocity of shoulder & elbow & wrist & hand & finger movements, red nucleus single unit activity, rhesus & cynomolgus monkeys, 7416
visual & tactile & auditory stimulation, single-unit activity in nucleus intercollicularis, pigeons, 5029
visual & vestibular stimulation, role of y group of vestibular nuclei & dentate nucleus of cerebellum in smooth vertical eye movements, rhesus monkeys, 2766
visual stimulation & consciousness, evoked electrical activity of cerebral cortex, 20–40 yr olds, 12071
water conductivity & spatial orientation of fish, discharge cessation as form of electrocommunication, weak-electric fish, implications for mate attraction & parent-young interactions, 411
withdrawal from chronic dextroamphetamine, persistence of cerebellar Purkinje decreased cell discharge, rats, 10040

Electrical Brain Stimulation

amygdala basolateral nucleus & stria terminalis stimulation & ventromedial hypothalamic nucleus & stria terminalis lesions, lateral hypothalamus evoked potentials & single unit discharges & intracellular synaptic potentials, rats, 12173
anodal polarization of thalamic & hypothalamic nuclei, spatial synchronization of cortical potentials during defensive CR acquisition, rabbits, 12207
biocalibrated stimulation of ventral lateral thalamic nucleus vs deep cerebellar nuclei, behavioral detection thresholds, cats, 7401
cerebellar nuclei stimulation, red nucleus unitary activity during learned ballistic movement, cats, 9965
chemical sensitivity of ventromedial hypothalamus during electrically induced negative emotional reaction, rabbits, 12107
chronic electrical stimulation of periventricular gray region of posterior thalamus, correlation of pain relief with location of stimulation sites, 45–67 yr old cancer pain patients, 6347
cortically-induced rhythmical jaw movements, trigeminal motoneuron membrane-potentials, guinea pigs, 2889
dextro- vs levoamphetamine & lesions of medial vs lateral substantia nigra sites, intracranial self stimulation & circling behaviors, male rats, 2884
diazepam vs phenobarbital vs phenytoin & prefrontal cortex electrical stimulation, self stimulation response, male rats, 12176
dorsal striatal lesions & amphetamine induced rotation, intracranial self stimulation in ventral tegmentum vs substantia nigra, male rats, 2877
dosage levels of ACTH analogs, medial septal self stimulation with ascending vs descending sequences of stimulus intensities, male rats, 12271
electrical brain stimulation, eye movements & body rotation, sunfish, 9954
electrical medial hypothalamus stimulation, inhibition of dorsal horn neuronal response to noxious skin heating, cats, 7510
electrical stimulation & anode polarization of thalamic mediodorsal nucleus & stimulation of hypothalamus, emotional-behavioral reactions, cats, 5197
electrical stimulation & psychotropic drugs, synaptic vesicle density in ventromedial & lateral hypothalamus, cats, 7491
electrical stimulation of amygdala & hypothalamus & nucleus medialis dorsalis thalami, extracellular unitary activity in pericruciate cortex during voluntary flexion-extension forearm movement, cats, 9953
electrical stimulation of brain nuclei in vocal control pathway, neural recruitment in hypoglossal motor neurons as modulated by respiratory gating, budgerigars & zebra finches, 9961
electrical stimulation of central gray, aggressive behavior, male rats, 9964
electrical stimulation of dorsal hippocampus, spatial avoidance discrimination conditioned reflex, 2892
electrical stimulation of dorsal hippocampus, 2-way shuttlebox shock avoidance acquisition, rats, 5198
electrical stimulation of hypothalamus emotiogene zones, recovery cycles of visual cortex primary responses to light flashes, rats, 12213
electrical stimulation of ipsilateral vs contralateral visual cortex, activation of superior colliculus units, rabbits, 477
electrical stimulation of nucleus lateralis septi & nucleus medialis septi, septal neuronal activity, guinea pigs, 5201
electrical stimulation of pontine parabrachial nucleus & ventral tegmental area & amygdaloid apomorphine &/vs spiroperidol, neuronal activity in central nucleus of amygdala & consumption of sodium chloride solution, male rats, 12167
electrical stimulation of preoptico-hypothalamus regions, 2-deoxyglucose uptake, rats, 5200
electrical stimulation of septum, spontaneous vs noxious shock induced neuronal activity of periventricular & periaqueductal gray & dorsal raphe & nucleus raphe magnus, male rats, 12201
electrical stimulation of somatosensory cortex & caudate nucleus, speed of formation of extinctive inhibition of food CR, dogs, 12202
electrical stimulation of striatum & other brain areas, assertion & challenge displays & locomotor responses, western fence lizards, 12212
electrical stimulation of superior colliculus, eye movements, male rats & hamsters, 9963
electrically induced alpha rhythm, anxiety states, psychiatric patients, 3915
excitability of electro-excitable membrane of cortical neuron during intracellular tetanization with hyperpolarizing current, 12209
expectation of large vs small reward & electrical amygdala stimulation, retention of delayed spatial matching-to-sample task, male rats, 9960
food deprivation-induced negative energy balance, hypothalamic self stimulation rates & hyperphagia, male rats, 522
formation of instrumental alimentary CR to ventromedial hypothalamus stimulation, dogs, 12208
frequency & intensity & duration of medial forebrain bundle electrical stimulation, control of avoidance behavior, male rats, 557
GABA agonist progabide &/vs diazepam vs sodium valproate vs haloperidol vs diphenylhydantoin & bicuculline, escape response induced by electrical stimulation of periaqueductal grey, male rats, 9992
generalization of alimentary instrumental conditioned reflex elaborated to electrical stimulation of ventral hippocampus, cats, 12203
hydrocortisone & porcine adrenocorticotropic hormone, corticosteroid surge & inhibition of intracranial self stimulation, rabbits, 12245
hypothalamic stimulation & task difficulty & delayed reinforcement, switch-off behavior, cats, 7514
hypothalamus & locus ceruleus & raphe nuclei stimulation, synaptic & spike responses in sensorimotor cortex, male rats, 9962
intertrial interval of 72 hrs, 1-Hz suppression effect on kindling induced by amygdala stimulation, male rats, 7511
intraventricular myelin basic protein antibodies, cortical evoked potentials & spontaneous activity & arousal & recruiting responses induced by electrical stimulation of thalamus, rabbits, 5226
lateral hypothalamic stimulation, stimulus-bound feeding & self deprivation, male rats, 2888
lateral hypothalamus electrical stimulation, pericruciate cortical evoked pyramidal tract neuron discharge & receptive field parameters, cats, 555
lesions of superior colliculus vs caudate nucleus vs nucleus centralis lateralis, head-eye turning response induced by electrical stimulation of pulvinar lateralis posterior complex, cats, 2872
light vs illuminated drinking tube as CS predicting lateral hypothalamic stimulation, activity & eating & drinking & gnawing, rats, 9710
low cost stimulator for intracranial self stimulation, rats, 2383
low frequency brain stimulation, kindling behavior, male rats, 9958
medial forebrain bundle thermal & electrical stimulation & noradrenaline, single unit neuronal responses in preoptic & anterior hypothalamus, male rats, 12155
medial hypothalamic stimulation inducing escape & approach responses, activity of central gray neurons, male rats, 12210
medial septal driving of hippocampal slow activity, discrimination learning, female rats, 2887

medial thalamus lesions, increase in lateral hypothalamus stimulation threshold for reduction of aversiveness of stimulation of nucleus reticularis gigantocellularis, male rats, 7484
mediobasal hypothalamus electrical stimulation, single unit responses of preoptic-anterior hypothalamic thermally sensitive vs insensitive neurons, male rats, 12204
microcomputer-controlled constant-current electrical brain stimulation system & BASIC programs for operant conditioning experimentation, 9333
morphine sulfate & ethylketocyclazocine, elevation of aversion thresholds to escape supraspinal electrical stimulation & obtain stimulation of hypothalamus, male rats, 7537
nucleus reticularis pontis oralis stimulation, intracellular potentials of lumber motoneurons during wakefulness vs quiet vs active sleep, cats, 9956
paired geniculate stimuli during REM sleep vs ponto-geniculo-occipital spikes without REMs phases of paradoxical sleep, visual evoked responses, cats, 9873
paradoxical sleep deprivation, intracranial self stimulation, male rats, 9947
periaqueductal gray dorsal vs ventral electrode placement & naloxone, role of opioids in electrical brain stimulation-produced analgesia, male rats, 5153
phencyclidine doses, seizures kindled in amygdala, rats, 610
phenylpiperazine derivative DU27716, attack & teeth-chattering & locomotion & switch-off behavior evoked by electric hypothalamic brain stimulation, male rats, 2985
pimozide vs dextroamphetamine vs levamfetamine, ipsi- & contraversive circling induced by substantia nigra stimulation, male rats, 12347
postnatal low-dose ethanol, open field activity levels & body weight & intracranial self stimulation & plasma corticosterone, rats, 5272
premorbid personality traits & alcohol & drug abuse & psychopathology & stress, relief from neuropathic pain through thalamic stimulation & psychiatric treatment following continued pain, patients, 6368
raphe stimulation vs 5-hydroxytryptamine, duration of excitatory & inhibitory responses in fronto-parietal cortex & tremor, Wistar vs Sprague-Dawley rats, 9933
reinforcement & response specificity, transfer from appetitive Pavlovian conditioning to appetitive instrumental responding, rats, 11954
reinforcement withdrawal & dextroamphetamine, rate of intracranial electrical self stimulation following unilateral precollicular transection & telencephalon ablation, male rats, 5166
role of ventrolateral medulla in pressor response to glutamate & mediation of autonomic component of defense reaction, rabbits, 12050
sc nociceptive & intracerebral emotionally positive vs negative reinforcement effectiveness, visual evoked potential control, rats, 9746
sc vs globus pallidus opiate drug injections, head turning induced by striatal electrical stimulation, rats, 12351
section of trigeminal orosensory vs oromotor nerves, food intake vs electrical self stimulation of lateral hypothalamus, male rats, 2871
synaptic mechanisms of long term potentiation in hippocampus as basis for learning & memory, literature review, 9836
traditional vs psychophysical procedures & use of moveable electrodes, mapping of mesencephalic sites for self stimulation, male rats, 11602
train duration of brain stimulation reward, food intake, male rats, 9955
unilateral ablation of superior cervical sympathetic ganglion & electrical stimulation of posterior hypothalamus, motor defensive conditioned reflex magnitude & acquisition rate, dogs, 5204
ventromedial hypothalamus electrical stimulation & medial perifornical cuts, inhibition of feeding, male rats, 12135
Electrical Properties (Skin) [See Skin Electrical Properties]
Electrical Stimulation [See Also Electrical Brain Stimulation, Electroconvulsive Shock]
age & stage of sleep vs wakefulness, lower limb cutaneous polysynaptic reflexes, 3 day olds through 3 yr olds, 5394
backward UCS-CS pairings, defensive burying, male rats, 9770
cervical vs dorsal spinal transection, excitability of cerebral nystagmogenic area, rabbits, 12235
chlordiazepoxide & shock, attack behavior, adult male mice, 5177
delayed & latent inhibition, UCR decrement in electrodermal conditioning, 16–35 yr olds, 5140
electronic circuit & keyboard design, generation of constant current pulses for electrocutaneous stimulation, 9301
footshock stress & endorphin-induced analgesia, defensive fighting, male rats, 5178
hunger & satiation & electrical shock as punishment, discriminative control of attack behavior, rats, 11994
intensity of skin electrical stimulation & cortisol dose, blood concentration of corticosteroids & pituitary-adrenocortical system response, rabbits, 5150
interval between repeated depolarizing pulses to mechanoreceptor, amplitude of excitatory postsynaptic potentials in motor neurons & habituation of gill-withdrawal reflex, Aplysia, 5196
iontophoresis of microtubule inhibitors, chronic pain, rats & humans, 12206
isolation & handling, reactivity to footshock & tactile dorsal stimulation, male hooded rats, 12191
mental illness vs pathological personality traits vs reactive decompensation, treatment with transcutaneous nerve stimulation, pain patients, 8287
naloxone & naltrexone & apomorphine, shock- & social isolation-induced aggressive behavior, mice, 5173
naloxone vs release of ACTH vs prolactin vs growth hormone, dental analgesia induced by nonpainful & low-frequency electrical nerve stimulation, healthy 21–27 yr olds, 7497
optic nerve stimulation, potassium accumulation, 1–3 day old vs adult rat optic nerve, 558
pain & defeat, territorial aggression & offense, mice, 7300
perfusion with serotonin & pre-incubation with methysergide & cyclic adenosine monophosphate-phosphodiesterase activation, potentiation of fast conducting system response & comparison with electrical & tactual & nociceptive response, leeches, 7482
periocular electrostimulation, nictitating membrane response latency, unanesthetized rabbits, 561
posterior tibial nerve stimulation, spinal & scalp somatosensory evoked potentials, 20–27 yr olds, 2890
pressure & hot & cold & electrical stimulation, viscerosomatic convergence onto spinothalamic tract neurons, cats, 5179
prior treatment with 1-Hz stimulation, kindling behavior, male rats, 9957
prolonged low-frequency electrical stimulation of sciatic nerve, splanchnic nerve activity & long-lasting cardiovascular depression, normotensive vs spontaneously hypertensive rats, acupuncture implications, 562
reported painfulness & discriminability of pairs of electric shock, human Ss, 12205
stimulus frequency during rest vs mental task, habituation of blink reflex, 18–35 yr olds, 9952
subsequent activation of receptors provoked by tetanic muscular contraction in electro-acupuncture analgesia, female rats, 9959
tibial nerve stimulation at ankle, somatosensory evoked potentials, 15–40 yr olds, 12214
tryptophan, pain thresholds tested by dental pulp electrical stimulation, 23–50 yr olds, 7569
uniform vs nonuniform electric fields, electrosensory thresholds measured by ability to orient body with reference to current direction & density, catfish, 556
voltage divider, regulation of constant-current pulse amplitude, 9323
water deprivation & tone-footshock pairings & test context, lick suppression & context-UCS association, rats, 11952
Electro Oculography
automated laboratory, online electrooculographic analysis of eye movements during reading, 9277
electro oculography abnormalities, 22–62 yr olds with Machado-Joseph disease, 13017
regression approach to correction of EOG artifacts, correlation between EOG & EEG, 10–13 yr old mildly retarded & normal children, 2821
selective attention to stimuli variously located in visual field, RT & EOG & visual evoked potentials, 24–40 yr old experienced O's, 12059
Electrocardiography
design & development & implementation of microprocessor-based system, real-time EKG analysis, 10743
EEG & EKG during physical vs emotional vs mental stress, epileptics, 3794
FORTRAN programs & Intecolor display, component analysis of EKG, 10708
physical activity vs emotional vs physical stress, EKG activity, males, 7471
thoracic impedance measured by impedance cardiography, 18–44 yr old females vs 18–40 yr old males, 7457

Electroconvulsive Shock [See Also Electroconvulsive Shock Therapy]
acute ECS, effect of apomorphine on locomotion & rearing, male rats, lack of evidence for dopamine autoreceptor subsensitivity, 9998
acute vs chronic ECS exposure, central cholinergic receptor sensitivity as measured by oxotremorine-induced tremor & quinuclidinyl benzylate binding in frontal cortex, rats, 560
eboracin, suppression of pentylenetetrazol-induced ECS & audiogenic seizures, male mice, 2917
ECS & hypophysectomy, locomotor activity produced by apomorphine vs quipazine vs clonidine, male rats, 12171
extinction following treatment by 1 vs 3 days, recovery from ECS-induced amnesia, male rats, 12200
methohexital & succinylcholine & 1 vs 5 ECSs, delay of estrus cycle, rats, 9942
naloxone, reversal of retrograde amnesia induced by ECS, female rats, 2867
number of inescapable shocks & stress situations, opioid analgesia, male rats, 11970
pretreatment with GABA antagonists, ECS-induced enhanced responses to apomorphine & quipazine, rats, 12285
time interval between CS & ECS & lithium chloride UCS, conditioned taste aversion, male rats, 12211
Electroconvulsive Shock Therapy
age & severity of depression, response to ECT, reactively vs endogenously depressed males & females with mean ages of 50.2 & 47.9 yrs, 10810
chlorpromazine & ECT, Laurence-Moon-Biedl syndrome, 18 yr old female, 8276
chlorpromazine with vs without ECT, 15–45 yr old hospitalized schizophrenics, 8277
clinically observed vs EEG monitored seizures during ECT, psychiatric patients, 3884
competency to give consent vs refuse ECT &/or research participation, depressed patients with mean age of 43.2 yrs, 1465
drug therapy & ECT, psychotic symptoms, 19 yr old female with systemic lupus erythematosus, 6062
ECT & antidepressant therapy, length of time between hospitalizations, 13–88 yr old unipolar & bipolar depressives, 8272
ECT & chlorpromazine & lithium, mania, hospitalized patients, 1472
ECT & drug therapy as forms of reductionism in psychology, comments on views of S. Peele, 4635
ECT, acute rise in pancreatic polypeptide concentrations, 37–55 yr old psychiatric patients, 3876
ECT, affective & cognitive effects in treatment of depression, 45 yr old female, 3900
ECT, hypochondriasis & masked depression, 62 yr old female, 6081
ECT modifications, memory for autobiographical episode, 28–73 yr old depressed males, 6061
ECT, permanent brain injury, patients, 1471
ECT, psychotic self injurious behavior, 25 yr old severely mentally retarded male, 1446
ECT, serum prolactin levels, 18–82 yr old depressed patients, 3877
ECT, treatment of anxiety, literature review, 3889
ECT, treatment of depression associated with lupus cerebritis, 33 yr old female, 8268
ECT via alternating sine wave vs brief-pulsed square-wave, clinical functioning & memory loss, patients with mean age of 36 yrs, followup study, 1466
ECT vs imipramine, depression, 24–63 yr olds, 13121
ECT vs tricyclic antidepressant-antipsychotic combination therapy, psychotic major depressive disorder, 8291
EEG vs blood pressure cuff monitoring of ECT seizures, 49–68 yr old depressives, 3890
evolution & clinical features & outcome factors, ECT, 1467
handwriting & handedness & speech dominance, ECT administration, 8280
high doses of haloperidol vs ECT, 20–50 yr old systematic vs unsystematic schizophrenics, 1473
historical development & effectiveness & mechanisms of action & side effects of ECT, treatment of affective disorders, 1464
imipramine vs chlorpromazine & ECT, cognitive impairment & forgetfulness, 18–65 yr old schizophrenics & depressives, 6057
low vs high energy ECT, depression, patients, 13132
misconceptions about & attitudes toward ECT, patients who had received ECT with mean age of 47 yrs & visitors of ECT vs non-ECT treated patients, 3895
model, effects of hemispheric blocking & neuropharmacological action on deep brain structures, 9860
response to dexamethasone suppression test & hypothalamic-pituitary-adrenal axis abnormality, prediction of response to ECT, depressed 20–79 yr olds, 3885
side effects of electric shock treatment, mentally retarded, literature review, 8271
therapeutic indications for use of ECT, literature review, 3918
tricyclic antidepressants &/vs antipsychotic drugs vs ECT vs psychotherapy, treatment response, nonpsychotic vs psychotic depressives with mean ages of 55.1 & 57.4 yrs, implications for psychodiagnostic classification, 3883
variability of interelectrode resistance during ECT, implications for safety, 3892
Electrodermal Response [See Galvanic Skin Response]
Electrodes
electronic circuit & keyboard design, generation of constant current pulses for electrocutaneous stimulation, 9301
implantable multielectrode, recording of evoked potentials, cats, 11588
microelectrode positioner system & restraint apparatus for chronic single-unit recording, rats, 4667
traditional vs psychophysical procedures & use of moveable electrodes, mapping of mesencephalic sites for self stimulation, male rats, 11602
tungsten microelectrodes, recording activity of cells of subcortical structures, 11601
Electroencephalography [See Also Alpha Rhythm, Delta Rhythm, Theta Rhythm]
acquisition & performance of defensive CR, EEG spectrograms of sensorimotor cortex & dorsal hippocampus & mesencephalic reticular formation & anteroventral thalamic nucleus, rabbits, 12053
amino acid stimulation of olfactory mucosa, correlation between olfactory receptor electroolfactographic & bulbar EEG responses, juvenile catfish, 12047
angular orientation of polygon & associated semantic interpretation of shape & experimental instructions, saccades & fixations & P300 visual evoked potentials & figure reversal, humans, 2541
antihypoxidotic SL-76188, EEG & vigilance & psychomotor activity & mood & side effects, 54–74 yr olds, 13274
apparatus for recording temporal & spatial characteristics of EEG waves, 6979
auditory information, EEG orienting response, acute vs recovered schizophrenics vs neurotics, 12841
benzodiazepine Ro 5-3663 & bicuculline & picrotoxin, EEG & convulsions, rabbits, 12324
caudate nucleus cholinomimetic injections, antagonistic amygdala & parietal cortex EEG during food procurement, cats, 5184
central commissurotomy, intractable generalized epilepsy, 15–25 yr old patients, 1692
characteristics of parental EEG, identification of type & course of schizophrenia, parents of schizophrenic children, 12842
clinical EEG analysis during wakefulness & sleep, epileptic 16–55 yr olds, 13097
clinical status, daily living ability & IQ & psychomotor RT & EEG, 21–53 yr old hospitalized patients with myoclonus epilepsy, 5994
clinically observed vs EEG monitored seizures during ECT, psychiatric patients, 3884
cold adaptation, EEG, 9880
combined lithium & neuroleptic drugs, EEG activity, psychiatric patients, 13286
computer-based multivariate analysis of single-S EEG spectra, 9256
computer-generated cortical maps of EEG activity during daytime sleep, 21–25 yr olds, 9691
cortical EEG during visual discrimination task, female cats, 9866
decrease in serum ferritin levels due to repeated phlebotomy, cognitive performance ability & EEG & event-related potentials, males, 12188
delayed spatial choice, EEG in hippocampus & prefrontal cortex, monkeys, 12077
dexamethasone suppression test & EEG evaluation as biological markers, severe secondary delusional depression, 67 yr old female with thyrotoxicosis, 1105
diffuse thalamocortical system EEG time constants & WAIS IQ & field dependence, 18–36 yr olds, 12092
diphenylhydantoin therapy, binge eating & EEG abnormality, 21 yr old females, 13056
dosage of chlorpromazine, EEGs & evoked responses & psychometric test performance, 20–30 yr old males, 12277
EEG & EKG during physical vs emotional vs mental stress, epileptics, 3794

EEG abnormalities at age 1–15, 10–22 yr olds guilty of theft, Sweden, longitudinal study, 3697
EEG abnormalities, 17–64 yr old patients with delusional misidentification syndromes, 5712
EEG activity, predisposition to alcoholism, 11–13 yr olds with alcoholic fathers vs schizophrenic vs psychopathic vs character disordered parents, 3669
EEG biofeedback, control of seizures & sleep EEG, 11–50 yr old medically refractory epileptics, 8442
EEG biofeedback training, pathological brain electrical activity, cerebral arachnoiditis patients, 1581
EEG characteristics, depressive psychotics vs manic patients vs schizophrenics, 12826
EEG correlates of attention during habituation/dishabituation of orienting response, 3–10 yr olds, 12420
EEG correlates of intellectual functioning, 12–14 yr olds with mean IQs of 79 vs 147, 3104
EEG correlates, posthypnotically controlled degrees of cognitive arousal, female college students, 9837
EEG, diagnosis & brain dysfunction, neurological vs dull-normal vs learning disabled children, criticism of validity of assumptions of H. Ahn et al, 1403
EEG, diagnosis of brain dysfunction, neurological vs dull-normal vs learning disabled children, reply to criticisms of C. McCauley & J. Ciesielski, 1344
EEG during visual search task, hyperactive &/vs learning disabled 7.5–10 yr old males, 1362
EEG findings, aged normals vs patients with Alzheimer's dementia vs multi-infarct dementia, 6029
EEG findings, stuttering 7–10 yr olds, 13000
EEG frequency-modulated radio telemetry & videotape monitoring, diagnosis of epileptic seizures, severely & profoundly mentally retarded 1–27 yr olds, 10659
EEG, index of organizational structure & hierarchy of brain processes, 9862
EEG of sleep stages & irregularities, diagnosis of epilepsy, patients, 10704
EEG sleep characteristics in response to pharmacological probe, familial vs sporadic depressive disordered Ss with mean ages of 41.3 & 41.9 yrs, 1169
EEG sleep patterns, enuretic males with mean age of 10 yrs, 5963
EEG spectra, 19–55 yr old monozygotic vs same sex dizygotic twins, 9824
EEG temporal slow activity, 60–92 yr old inpatients with vs without neurological abnormalities vs cerebrovascular accidents vs organic cerebral lesions, 13041
EEG use in psychiatry, 6071
EEG vs blood pressure cuff monitoring of ECT seizures, 49–68 yr old depressives, 3890
enclosed pool mercury commutator for EEG recordings, small animals, 11609
evoked responses & EEG & neurological assessment 1 day vs 1 vs 6 mo vs 1 yr following head trauma, 11–37 yr old patients, 1371
experimentally induced lateralized ischemic pain in each arm, lateralization of EEG from temporals, 22–38 yr old males, 12058
forced normalization of EEG & psychopathological manifestations, epileptics, 13012
formation of postural dominant focus during conditioning, frequency characteristics & spatiotemporal relations between cortical potentials assessed by spectral-correlation analysis, rabbits, 9870
full field flash, intracellular average-evoked response & postsynaptic potential correlates in visual cortex, cats, 2760
high doses of dextropropranolol vs dextrolevopropranolol, EEG changes before vs during vs after treatment, 22–51 yr olds with acute manic psychosis, 1603
hippocampal EEG spectra during awake-immobility & grooming & walking & rearing & slow wave & REM sleep & awakening, rats, 7422
imipramine, clonidine-induced EEG & behavioral effects, male rats, 668
interhemispheric EEG changes, REM sleep & dreams, gifted 12–15 yr old males, 3055
intermittent hypokinesia of varied duration, CR & EEG & blood neurotransmitter levels & emotional stress & exhaustion, albino rats, 12134
intrahemispheric relations of EEG slow-wave components, patients with local brain damage, 6024
intrahippocampal kainic acid, EEG & seizures, male rats, method for recurrent seizure induction, 2928
lambda response & offset of saccades, 26–30 yr olds, implications for applicability of lambda response as index in visual perception research, 9888
linear models, analysis of EEG organization, normal vs schizophrenic Ss, 10510
mathematical & statistical & experimental design issues, computerized EEG data acquisition & analysis, 9252
methodology, use of mathematical models of EEG analysis, 9864
naloxone, ethanol & acetaldehyde induced EEG & behavioral changes, male rabbits, 12307
neurophysiology & brain electric activity, psychiatric patients, 10559
oral vs iv nomifensine, blood levels & EEG & blood pressure & pulse rate & side effects, 21–31 yr olds, 10034
problem solving, right & left hemisphere 40 hertz EEG activity, 18–30 yr olds, 2811
problems & proposed solutions for exchange of EEG analyses between labs, development of spectral analysis requirements for consensus in measurement of normality & psychopathology & drug effects, 11578
psychodiagnostic correlates of EEG variables, 16–65 yr old psychiatric patients, 8058
regression approach to correction of EOG artifacts, correlation between EOG & EEG, 10–13 yr old mildly retarded & normal children, 2821
reliability & validity of spectral EEG parameters, measurement of psychological stress, males, 6966
severity of depression, EEG characteristics, 19–40 yr old schizophrenics & manic depressives, 10530
spatiotemporal organization of EEG, dementia & Korsakoff's & mentally disordered patients, 12785
spectral difference index, measurement of sensitivity to drugs, 19–29 yr old males, 9297
spontaneous righting from various postures, hippocampal EEG rhythmical slow activity, rabbits, 12105
structural organization of EEG, normal vs mildly vs severely depressed Ss, 10511
suppression of alpha wave activity through EEG biofeedback, performance on arithmetic test, 22–29 yr old mentally retarded clients, 8412
sustained attention, EEG hemispheric asymmetries, male vs female 18–32 yr olds, 483
symptom & EEG differences, schizophrenics with vs without schizophrenic 1st degree relatives, 8025
symptomatology, EEG characteristics, depressed inpatients, 12866
tone vs click vs white noise stimulation, amplitude of auditory evoked potentials recorded with magnetoencephalography vs EEG, adults, 2802
triune brain & P300 wave & EEG research & cognitive psychology, implications for instructional technology, 5105
tubocurarine, unit activity of striatum measured by autocorrelation histogram, male rats, 620
unilateral dopamine deficiency & reversal by levodopa, lateral EEG asymmetry in sleep, 56–72 yr old hemi-Parkinson's patients, 7562
value of EEG findings in diagnosis & treatment of organic psychosyndrome, patients with normotensive hydrocephalus & brain atrophy & dementia, 13052
vestibular system, EEG & optokinetic nystagmus, intact vs hemilabyrinthectomized rabbits, 7526
visual feedback, variability of EEG occipital & parietal & central alpha rhythms, college students, 12127

Electrolytes [See Also Potassium Ions, Sodium Ions]
emotional stress, electrolyte regulation by hormonal compounds, medical students, 7462
mood state, 3-methoxy-4-hydroxyphenylglycol & ion transport function, patients with affective disorders, 10557
naltrexone, food & water intake & water & electrolyte excretions & osmolar clearance, male rats, 645
responsiveness to saline for conditioning, blow flies, comments on methodology of M. C. Nelson & J. Hirsch & L. A. McCauley & T. R. McGuire, 7315
stress induced by ip hypertonic saline, plasma corticosterone levels, rats with hypothalamus lesions, 7529

Electromyography
antenatal class & EMG vs skin conductance biofeedback relaxation training, labor & delivery, primigravid females, 13250
assessment of pain intensity & frontalis muscle tension using audiometer, low back pain patients with age 46.1 yrs given EMG biofeedback training, 6215
chlordiazepoxide & diazepam dosage, raphe nucleus activity & ataxia & EMG activity, cats, 12343

E expectancy & contingent vs noncontingent reinforcement, frontal EMG conditioning, college students, 2859
EMG biofeedback, carbohydrate metabolism, insulin-dependent diabetic, discussion of study by K. N. Seeberg & K. F. DeBoer, 13252
EMG biofeedback from frontal vs multiple muscle sites, anxiety & autonomic arousal, college students, 7476
EMG biofeedback, frontalis EMG & digital skin temperature, chronic pain patients, 4015
EMG biofeedback training, anxiety, narcotic addicts in methadone program, 1830
EMG biofeedback training with vs without music as positive reinforcement, anxiety & EMG & MMPI scores, patients with anxiety neurosis, 4018
EMG biofeedback training, 22 yr old female with low back pain, 1583
EMG biofeedback-assisted relaxation, remediation of stuttering, 4.3 yr old male, 8519
EMG evidence for flight interneurons in abdominal & thoracic ganglia, locusts, 2803
EMG feedback of muscle spasm activity, severe torticollis, 36 yr old female, 10910
EMG feedback, stuttering reduction, 10 & 13 & 14 yr old male stutterers, 13309
EMG feedback training, chronic anxiety, 21–50 yr olds, 1564
etiology & psychological factors & EMG feedback vs dental treatment, temporomandibular joint dysfunction & myofascial pain dysfunction syndromes, literature review, 1407
frontalis EMG & relaxation & imagery, chronic pruritic eczema, 25 yr old female, 13220
generalization of conditioned muscle tension, reply to H. Kotses & K. D. Glaus's criticisms, 7474
generalization of operant conditioning of EMG behavior & relevance to biofeedback, criticism of M. F. O'Connell & S. P. Yeaton's work, 7472
hindlimb movements & associated muscle EMG activities during walking, chicks, 2782
hippocampal lesions & Pavlovian conditioning, heart rate & blood pressure & EMG CRs, rabbits, 7515
intelligence & problem difficulty, EMG rewarding of tongue during problem solving, 4th graders vs college students, 12411
motoneuron activity during EMG pauses in NREM sleep, cats, 5055
multiple plate adjustable dynamometer & electromyograph & nontelemetric methodology, analysis of postural responses, quadrupeds, 6957
passive elbow movements, EMG RTs of wrist flexors, 30–46 yr old males, 7172
performance & EMG during motor task, 43–84 yr olds with cerebral lesions of left vs right hemisphere, 3834
plasma cortisol & cephalic EMG & heart rate & anxiety & fingertip vasoconstriction/dilation & respiration rate & symptom severity during EMG biofeedback relaxation training, 18–56 yr olds, 1549
progressive relaxation & EMG biofeedback & biofeedback placebo, sleep-onset insomnia, 17–64 yr olds, 1569
relaxation therapy with vs without EMG biofeedback vs thermal biofeedback, headache frequency & intensity, 24–69 yr old tension vs vascular headache sufferers, 6219
relaxation training with vs without EMG biofeedback, pain & level of myometrial tension during menstruation, female college students with dysmenorrhea, 8384
step torque perturbations to flex or extend wrists & instructions to restore joint to initial position immediately, EMG activity following forearm ischemia & vibration & ulnar nerve anesthesia, 22–40 yr olds, 5064
test anxiety, EMG responses & performance on challenging tracking test, college students, 12125
torque step perturbations to flex or extend wrists & instructions to react, voluntary & reflexive components of EMG of stretched muscles, 20–40 yr olds, 5063

Electrooculography [See Electro Oculography]

Electrophysiology [See Also Alpha Rhythm, Auditory Evoked Potentials, Cortical Evoked Potentials, Delta Rhythm, Electrical Activity, Electrical Brain Stimulation, Electro Oculography, Electrocardiography, Electroencephalography, Electromyography, Electroretinography, Evoked Potentials, Galvanic Skin Response, Skin Electrical Properties, Skin Potential, Skin Resistance, Somatosensory Evoked Potentials, Theta Rhythm, Visual Evoked Potentials]

anisodine, discrimination learning & memory & spontaneous & evoked electrical brain potentials & electrocorticographic CR, rats & rabbits, 10013
arousal from different stages of sleep & individual differences, EEG correlates of dream reports, 2672
benzamide derivative YM-09151-2, electrophysiological effects & cataleptogenicity, cats, 12352
cataphoretic mobility of blood erythrocytes & effect of blood plasma on electric conductivity of artificial lipid bilayers, schizophrenics, 1239
circadian rhythmicity of single-unit firing rates in suprachiasmatic nuclei brain slices, female rats, 5013
cortical steady potential level & bioelectrochemical potential during orienting reaction & defensive CR, rabbits, 12095
dental pulp stimulation, postsynaptic responses of trigeminal sensory complex in brain stem, cats, 7509
electrical sensitivity of eye & critical flash fusion frequency of electrical phosphene, humans, implications for neural mechanisms of temporal discrimination, 485
electrophysiological studies of forebrain & brain stem pathology & development & possible causal links, language & cognitive deficits, autistic children, 1222
inertial loading & de-efferentation of receptor muscle & passive & spontaneous flexions of merus-carpus joint, trajectory analysis of myochordotonal organ, crayfish, 5085
light, modification of polypeptide isoelectric points in retinal photoreceptor layer, fruit flies, 7430
light wavelength & potassium current outflow, photoreceptor prolonged hyperpolarizing afterpotential accompanying photoconversion of rhodopsin, bay scallops, 344
morphology & electrophysiology of vestibular projections to cerebellum, dogfish, 5089
neuropsychological & electrophysiological & psychophysiological assessment methods in schools, 11392
perfusion with serotonin & pre-incubation with methysergide & cyclic adenosine monophosphate-phosphodiesterase activation, potentiation of fast conducting system response & comparison with electrical & tactual & nociceptive response, leeches, 7482
portable dual-beam Maxwellian-view-based photostimulator with psychophysical & electrophysiological applicability, 9336
posture & method of measuring group latency, response patterns & individual differences in click-evoked acoustic emissions, normal hearing 21–42 yr olds, 5065
type of oderant, regional differences in ventral olfactory epithelium electrophysiological responses, salamanders, 5082

Electroretinography

field sensitivity to long-wavelength stimulus measured by electroretinogram, cynomolgus macaque monkeys, 5038
illuminance & temporal frequency & chromatic adaptation, identification of red–green cone difference signal in corneal vs foveal EMG, male macaques, 2353

Electroshock Therapy [See Electroconvulsive Shock Therapy]

Elementarism [See Reductionism]

Elementary Education

affective & psychomotor & cognitive components, curriculum development, handicapped 0–8 yr olds, 11316
attendance at school using symbolic rewards & expectation of drawing performance contingent reward & symbolic vs verbal reward, drawing during free period, 5–7 yr old students, 4423
attitudes toward use of resource room placement for child with behavior problems, elementary education majors, 4324
computer-based learning, elementary schools, 6691
content analysis of basal reading series, references to & representations of handicapped, 1950
curriculum development, early childhood education, 11324
development of early childhood curriculum, handicapped, 11347
educational application of mainframe & mini- & microcomputer systems, children, 6633
effectiveness of drug & alcohol education programs at elementary school through university level, literature review, 1948
evaluation of Memphis model & Learning Accomplishment Profile & HICOMP curriculum, early childhood special education, 11370
individual assessment, curriculum development in early childhood special education, 11315
role of TV & film & audiotape & radio & computers in education, young children, 6645
suggestions for teaching art, regular elementary classroom teachers, 11236

Elementary School Students [See Also Primary School Students]

ability to infer information during reading & use of connectives in remedial instruction program, silent reading comprehension, 2nd–9th graders, 2020

ability-based academic track, achievement anxiety & self evaluation, 5th–8th graders, West Germany, implications for reference group theory, 6746
abstract vs concrete presentation, intuitions about functional concepts, 6th–9th graders, 13600
academic achievement & sociometric status & personality traits, 4th & 5th graders selected by teacher as behavior problems &/vs learning disorders, 3730
academic attitude, 3rd vs 5th vs 8th grade mentally retarded special school students, 11367
academic expectations for learning disabled vs normally achieving 3rd graders, teachers vs parents, 6752
advancement from junior to secondary school, worries & teachers' evaluations of transition-related adjustment difficulties, female students, 13645
advantages of teaching finger spelling, elementary school students, 1974
advantages/disadvantages of interscholastic sports, middle & junior high school students, literature review, 6738
affective educational program, social behavior & conflict resolution, elementary school students, 11235
analysis of classroom speech, Aboriginal primary school students, Australia, 11288
Annehurst Curriculum Classification System, analysis of curriculum material usage, 5th graders, 8839
application of A. R. Jensen's internal criteria, detection of social class bias on Boehm Test of Basic Concepts, kindergartners through 2nd graders, 4517
aptitude & cognitive strategies during instruction, achievement, 5th–6th graders, 1995
art partnership program, college & gifted elementary school art students, 11244
assessment & remediation, learning disabled 9–12 yr olds, literature review, 2070
attention-influencing devices in visual instructional media, attention & recognition & recall performance, educable mentally retarded elementary & middle school students, 6670
attitude toward reading & reading achievement, 1st graders, 8919
attitudes & knowledge of handicapped, normal 5th graders in school with special classes for multiply handicapped severely & profoundly retarded students, 6792
attitudes toward & expectations of school busing, 9–17 yr old Mexican American students, 2014
attitudes toward testing, 2nd & 3rd graders, 11277
attributions & expectancies & affect & persistence & teachers' perceptions of learned helplessness, learning disabled 7.4–11.5 yr olds vs normally achieving 7.7–11 yr olds, 11352
audience presence &/vs threat of evaluation, oral reading errors, academically handicapped 9.2–12.8 yr olds & nonhandicapped 3rd–6th graders, implications for mainstreaming, 2040
Behavior Problem Checklist ratings of kindergartners through 8th graders in counseling, parents vs teachers vs counselors, 4504
bilingual educational program, facilitation of learning of both Standard English & Creole, Creole speaking Aboriginal 1st–3rd graders, Australia, 11230
"bumpy road", metaphor for learning process, elementary school students, 6748
career education, educable mentally retarded elementary school students, 13675
career education program, emphasizing skill development, handicapped elementary school students, 2057
career education programs, handicapped elementary school students, 2032
Carkhuff model counseling, behavior change, 2nd graders, 11421
causal attributions of problem behavior in school, 4th–6th graders vs teachers vs mothers, 13652
child-centered geometry program based on cognitive & mathematical & instructional structures & concept formation, elementary school students, 6692
classroom methods, improvement of reading attitudes, elementary school students, 1944
classroom-based program, social development & self esteem & problem solving, emotionally disturbed males in elementary special education, implication for cooperation between occupational therapist & school psychologist, 9029
cognitive behavior modification vs informed teacher treatment, shyness & fear of public speaking, 4th–6th graders, 4493
cognitive control teaching methods, learning handicapped 5.1–10.1 yr olds in special education classroom, 4441
communicative intent & content redundancy & consistency across simultaneous picture & audio & print media, cognition & learning, 4th–6th graders, 13622
comprehension & immediate recall of personalized vs nonpersonalized basal stories, 4th grade poor vs average readers, 6630
comprehensive vs selective school systems, test anxiety, 6th vs 9th graders, 13655
computer literacy program, microcomputer-assisted instruction in mathematics & writing & computer programming & word processing, educable & trainable retarded & gifted 5th–8th graders, 6757
concern for students having learning vs conduct vs attendance vs delinquency vs physical problem, primary vs secondary school teachers, 11172
concurrent validity, measure of daily reading progress & standardized reading achievement tests, learning disabled 1st–6th graders, 2087
construction of Projective Test of School Attitudes, elementary school students, 9022
continuous music & contingent interruption of music, classroom task performance & movement, normal vs hyperactive 3rd graders, 2019
contrived vs natural self reinforcement, generalization of on-task behavior, disruptive 6th grade males, 4352
cooperative planning, mainstreaming of learning disabled, middle & high school classroom & special education teachers, 11357
cooperative vs competitive vs individualistic learning experiences, interethnic interaction & attitudes, 4th graders, 13614
cooperative vs competitive vs individualistic learning experiences, self esteem & interaction & perspective taking, learning & behavior disordered & normal 4th graders, 11334
copy & alter & transform & supply exercises, penmanship & spelling & grammar skills & teacher-student rapport, learning disabled elementary school students, 6762
correlation between Bender & Beery Developmental Test of Visual Motor Integration & Wide Range Achievement Test performance, 6–11 yr olds, 4525
cost effectiveness of social learning approach with vs without reinforcement, frequency of targeted social skills, socially withdrawn/isolate 3rd graders, 11205
cultural item bias, verbal subtests of WISC-R, Anglo vs Native American Navajo 4th & 5th graders, 4508
demographic characteristics & behavior problems, 5–15 yr old school truants & their parents, 6729
development & validity & reliability of Children's Perceived Self Control Scale & teachers' version, 4th & 5th graders & their teachers, 2096
diagnostic & prescriptive decisions for 4th grader with reading difficulty, reading specialists vs learning disabilities teachers vs Title I vs classroom teachers, 6772
didactic training in subtraction with vs without attributional feedback, subtraction skills & self efficacy, 7–10 yr olds, 1968
direct instruction in phonics, learning vowel sounds & transfer & reduction in nonacademic & impulsive behaviors, learning disabled 78–106 mo olds, 2038
disc jockey vs peer vs music teacher approval of music, classical vs country vs rock music selection & preferences, 5th graders, 11271
dramatic plays, reduction of racial prejudice, 4th–6th graders in urban public school, 13605
drawing vs discussion vs play as story reading followup activity, comprehenson & retention, kindergartners through 2nd graders, 1946
drug education, drug & alcohol usage, 10–18 yr olds, 2-yr followup, 6654
ease of processing, content vs noncontent words, dyslexic 3rd & 5th graders, 4435
educational TV program with appealing vs unappealing fast vs slow tempo background music, selective attention & information acquisition, 1st & 2nd graders, 4391
efficacy of assertiveness training in school, 4th & 5th graders, 13628
efficacy of computer-based teaching, 6th–12th graders, 11219
efficacy of direct instruction remedial reading program, 11 yr olds, 8858
efficacy of teacher feedback questionnaire, 1st–10th graders, 2116
efficacy of tutorial method, remedial language arts instruction, elementary school students, 4464
evaluation methodology for identification & placement, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 8972
evaluation of Head Start summer program, 1st graders, reanalysis of data of V. G. Cicirelli et al, 8994
example selection & syntactic complexity of definitions, concept acquisition, 2nd vs 3rd vs 5th graders, 6680

exercises in comparison & generalization & analysis & ordering, 1st–3rd grade mentally retarded special school students, 11307
expository vs narrative text, linguistic & psychological aspects of text perception, 4th grade readers in transition stage, 6700
factor structure & psychometric characteristics & norms of Conners Teacher Rating Scale, screening for hyperactivity, elementary school students, 2115
factor structure, Scale for Rating Behavioral Characteristics of Superior Students, 5th & 6th grade candidates for gifted program, 11389
factorial structure & overlap of California Achievement Test subtests, 5th & 7th graders, 9008
father's occupation & physical maturity, academic achievement & mental ability, 3rd & 5th & 6th graders, Sweden, 4407
feedback about achievement test results for under- vs overestimated students, acceptance vs rejection of results & expectations, 6th grade teachers, 8797
field dependence & spatial visualization & reasoning ability, scores on mathematical story problems presented in verbal vs pictorial format, 5th graders, 13634
finger spelling, learning to spell short vowel words, elementary school students, 11241
global consolidated vs specific observational measures & intervention, assessment of & increase in rate of interaction, socially withdrawn 2.7–8.9 yr olds, 2006
group consequences for individual misdemeanor & public posting, rate of inappropriate behavior during teacher supervision times, 1st–7th graders, 13612
health education by pediatric residents, responses & factual knowledge, 3rd–4th graders, 8827
health education lecture series by physicians & residents from naval medical center, middle school students, 13617
home environment & teacher & peer ratings of personality, individual differences & preferences in privacy seeking behavior, 4th graders, 2018
home-based reinforcement using daily report card procedure, completion & accuracy of in-class assignments, male 3rd graders, 4360
immediate tangible vs social reinforcement, reading & language test scores, middle & low income 7–10 yr olds labeled learning disabled or emotionally disturbed or educable mentally retarded, 6785
immediate vs delayed feedback & academic self concept, arithmetic achievement, 4th graders, 8894
individualized instruction with student team approach, achievement & social acceptance & behavior, mainstreamed academically handicapped 3rd–5th graders, 6789
individualized teaching methods in physical education, academic learning time, mainstreamed mildly handicapped elementary school students, 11338
inducement of cognitive conflict in religious education curriculum, religious thinking, 5th & 6th grade Sunday school students, 6622
inferential measures of attention, prediction of classroom attending behavior, learning disabled 8–12 yr olds, 13717
instructional time & background in French & selection criteria for immersion program, language skills & attitudes toward French language & culture, 6th graders, Canada, 1970
Interactive Classroom Television System, on-task performance & self esteem & peer affiliation & attachment, partially sighted elementary school students, 13673
intergenerational reading tutorial program, attitudes toward aged & reading skills, 6–9 yr olds, 6636
interpersonal cognitive problem solving & adjustment, suburban vs urban 3rd graders, 2012
interrater reliability on Torrance Tests of Creative Thinking, gifted vs nongifted 2nd–5th graders, implications for use in placement, 11413
keyboard learning vs traditional general music approach, music achievement attitudes & self concept as to music ability, 6th graders, 11252
laboratory measures vs teacher ratings vs classroom observations, measurement of classroom activity level, 2nd–3rd grade males, 2099
learning disabilities in mathematics & skill deficits & remediation approaches, 6th grade & junior & senior high school learning disabilities teachers, 2052
lesson unit on sources of advertising, hearing impaired & learning disabled 11–14 yr olds, 11373
levels of academic responding time, minority disadvantaged special education students, 11369
long term vocabulary instruction, lexical access & reading comprehension, 4th graders, 1932
maternal educational aspirations & school adaptation, academic achievement, 4th graders, West Germany, 1997
mathematics achievement & cross- & intrasensory matching ability & IQ, 3rd graders, 13642
methodological characteristics of time-on-task observations, effects on academic achievement, 2nd–5th graders, 11401
methodological problems in evaluation of risk reduction programs related to cigarette smoking & alcohol use, 5th–7th graders, 11210
Mexican culture curriculum, attitudes toward Mexican Americans, Anglo vs Mexican American 6th graders, 13631
mobilizing relevant prior knowledge, learning from passage, 5th graders, 4402
modeling vs participant modeling, learning of syllabication rules, learning disabled 9–11 yr olds, 11351
modified minimum competency tests, test performance, learning disabled 5th graders, 13722
moral education, moral reasoning, 6th graders, 6713
mother's job autonomy & demands & skill utilization, child's school attendance & effort & achievement, Black lower socioeconomic mothers & their 10–17 yr old children, 6709
needs assessment, development of guidance program, elementary school students, 11390
noninstructional vs instructional variables in development of reading, acquisition of decoding skills & reading-to-learn, primary grade vs older children, literature review, 1945
opportunities for & attitudes toward cross-sex peer learning in science classroom, 4th & 5th graders, 11287
oral vs written presentation of text & use of mental imagery, prose learning, 4th vs 6th graders, 13618
Otis-Lennon Mental Ability Test vs Stanford Achievement Test vs demographic variables, academic achievement prediction, 2nd & 4th graders, 8970
paradigm for classroom writing competence, children, literature review, 11266
parent instruction in & utilization of paired reading, reading accuracy & comprehension, students with mean age of 10.1 yrs & with acute or chronic reading difficulties, 11310
parent tutoring program, reading achievement, 3rd–5th graders, 13632
parents' listening to child's reading, improvement in reading, 7–11 yr olds with reading difficulties, 11317
peer trio technique, peer tutoring, learning disabled 4th–6th graders, 11329
perceived classroom competition within groups with higher vs lower academic standards, test & trait & state anxiety & self esteem, 5th & 8th graders, longitudinal study, 11279
perception of power status & resources in classroom, elementary school students, 11296
perception of student competence, remedial Mexican American 3rd–5th graders vs their teachers, 1999
perceptions of differential teacher treatment, 4th–6th graders in open vs traditional classrooms, 4432
perceptions of sons' family relationships & academic achievement, low income Black urban mothers of male elementary school students, 13643
perceptions of teachers & school & self in classroom vs outdoor education setting, involved vs uninvolved 6th graders, 6747
perceptual skills curriculum vs sensory integrative therapy, academic achievement, 1st graders with perceptual deficits, 13703
performance on grade level vs out-of-level reading test, 4th & 5th grade remedial students, 13739
performance on real & hypothetical examination, prediction of future academic achievement motivation, 6th–8th graders, implications for instrumentality-theoretical model, 6707
performance on speech segmentation task & recall with rhyming vs nonrhyming word series, 1st grade beginning readers following phonic vs whole word method, 11195
physical education program, self concept & movement skills, 3rd graders, 4386
physically active vs passive games vs worksheets, sight vocabulary improvement, Black remedial 1st graders, 2027
Pictograph Sentence Memory Test, index of reading readiness & sentence processing skills, kindergartners & 1st graders, literature review, educational implications, 11414
play activities, emotional indicators in self portraits, grade repeaters with mean ages of 8.9 & 8.2 yrs, 6745
position of unknown quantity, solving verbal arithmetic problems, 1st graders, 13637

previous involvement in Head Start program factor structure of mental ability as measured by Iowa Tests of Basic Skills, Black 3rd graders, 13591
printed learning materials, individual & social challenge in classroom intercourse, 4th graders, 6661
program involving motor & concrete & graphic components, concentration & attention to school materials, 6–7 yr olds, 8845
psychometric vs instructional validation of learning hierarchies in mathematics, 2nd graders, 6634
race & classroom racial composition, friendship choices, White vs Black 4th–7th graders in desegregated classrooms, 8907
ratings of students' mathematical abilities, teachers of educable mentally retarded vs 1st grade students, 4463
reading & spelling & arithmetic achievement & ability measured by WISC-R & Basic Visual-Memory Association Test & Bender Gestalt, 2nd–9th graders, 4396
reading achievement, verbal processing ability, 4th graders, 11258
reading performance, learning disabled 5th graders & 1st–3rd graders vs low achievers, 8129
reading program at beginning vs end of summer, reading achievement regression, learning disabled 3rd–8th graders, 2024
recall of categorized words, mentally retarded 5th & 7th grade special school students, 11381
relative influence of expectations & attitudes, student role expectations, 6th graders & teachers & parents, 11293
reliability & validity, curriculum based informal reading inventories, 1st–6th graders, 6808
reliability & validity of Group Inventory for Finding Interests I & II, identification of creative potential, 6th & 9th graders, 6805
reliability & validity of semantic differential-type attitude scale, measurement of attitudes toward school subjects, 5th vs 8th vs 11th graders, 2104
responses to Scales for Rating Behavioral Characteristics of Superior Students, Anglo vs Mexican American gifted 1st–6th graders, 4470
restrictions on communication, elimination of vicarious reinforcement for nonreward Ss, 4th graders, 2017
results of Wide Range Achievement Test vs Spache Diagnostic Reading Scales vs Woodcock Reading Mastery Tests vs informal placement procedures, 1st–3rd graders, 2086
role playing vs discussion vs tension reduction program, moral behavior, 2nd graders, 8887
school based mental health program, early detection & prevention of school adjustment problems, elementary school students, 13741
school field trips, attitudes & behavior & learning, 3rd vs 5th graders, 13602
school program, understanding of learning disabilities, learning disabled & nonlearning disabled 5th graders, 11358
school psychologist's intervention through personal goal identification with vs without retest with retest involving vs not involving selective attention, improvement of behavioral objectives, 3rd–6th grade students & teachers, 6679
school routines & group learning & student interdependence & independence & achievement scores & community involvement, rural 2-room school for kindergarten through 8th grade, 11147
scores on McCarthy Scales of Children's Abilities & teachers' ratings of academic achievement, normal vs learning disabled students with mean age of 7.3 yrs, 4519
secondary analysis of causal models of spelling ability, elementary school students, 11269
self concept & self esteem, academic achievement in reading & language & mathematics, 6th graders, 8897
self esteem & anxiety & achievement, learning disabled kindergartners through 6th graders in regular classrooms with resource help, 13697
self esteem & family structure & perceived anonymity & victimization within school environment, students entering 6th grade, 6736
self questioning training, metacomprehension skills, normally achieving 6th graders vs learning disabled 8th & 9th graders, 2078
self vs teacher assessment of on-task behavior, increases in on-task behavior, learning disabled 8 yr old male with attentional problems, 6763
semantic cognitive processing, reading performance, 2nd & 4th graders, implications for reading instruction, 4401
sensory experience model, teaching concept of length, visually impaired kindergartners through 8th graders, 11313
sentence method of reading instruction, high risk Spanish/English bilingual 1st graders, replication of author's previous study, 4452
sex & grade level & type of achievement test taken early vs late in school yr, mathematics attitudes & achievement, elementary school students, 6714
sex & sex role attitudes & age, mathematical ability & attitudes toward mathematics, 4th vs 8th vs 11th graders, 13641
sex differences, measurement of mathematics achievement grade level & attitudes toward mathematics & locus of control, 5th & 6th graders, 8977
sex education program, questions related to sex, 6th graders, 8882
simultaneous processing intervention program, reading & spelling & arithmetic achievement & cognitive structure, 4th graders, 8856
small vs large group instruction, treatment of dyslexia, elementary school students, 11305
social comparative information &/vs goal setting, self efficacy & division skills, low achieving 4th–5th graders, 11238
social skills training, social skills & popularity & academic achievement, underachieving vs disruptive vs exceptional 4th & 5th & 6th graders, 4459
socioeconomic status & sex & age differences, expectations for success in reading & arithmetic & conduct, 1st–3rd graders, 13647
sociometric status as indicated by peer nomination & teacher-reported characteristics of emotional disturbance, nonhandicapped 1st & 3rd & 5th graders, 8908
special education school, returning children to regular classroom, emotionally disturbed 7–12 yr olds, England, 6798
structured learning experience, change in attitudes toward handicapped peers & mainstreaming, elementary school students, 4460
student effort & grade & sex & race & teacher & teacher expectations, self concept, handicapped vs nonhandicapped kindergartners through 3rd graders in mainstreamed physical education classes, 4454
subject area, relationship between anxiety & intrinsic motivation, 4th vs 7th graders, 6731
Sustained Silent Reading program & grade level & sex, reading achievement & attitudes, 5th–7th graders, 1977
systematic self monitoring & self reinforcement, test performance, 4th graders, 1981
task difficulty & ability mismatch, inappropriate classroom behavior, male 8–12 yr olds, 6722
task structure, competence attribution & small group participation, 5th–6th grade males, 13665
teacher advisory program, school counseling, 10–15 yr old middle & junior high school students, 6820
teacher attitudes & behavior toward individual students, peer social acceptance, mainstreamed learning disabled 4th–6th graders, 13705
teacher expectations about student's ability, scores on achievement tests, 3rd–6th graders, 1988
teacher intervention via life space interview, insight & behavior change, hyperactive 12 yr old male, 11331
teacher literature activities & library corner design, book related activity during free play periods, preschool students through 2nd graders, 8865
teacher report of student's home background & cognitive & emotional characteristics, prediction of school achievement, disadvantaged 5 yr olds, Ireland, 3-yr followup, 4469
teacher training in standardized test administration & student training in test taking & reinforcement for better performance, achievement test scores, 2nd graders & teachers, 9021
teacher-student interaction, teachers & learning disabled & normal kindergartners through 2nd graders, 2028
teachers & nursery school staff & parents in family groups, development of self confidence & responsibility & consideration, preschoolers through 4th graders, 13608
teacher's personality, traits & attitudes & intellectual functions & adjustment, 10–11 yr olds & their teachers, 11299
teaching methods, rule learning, 1st & 2nd graders, 8831
teaching strategies during oral reading, reading fluency, 1st & 2nd grade minority group students, 11213
team based individualized instruction, mathematics achievement & attitudes, 3rd–6th graders, 6684
test administration procedures, test anxiety & self concept, 3rd graders, 4523
test anxiety level, future time orientation, 6th graders, 2005
text familiarity & reading ability, comprehension & recall, 4th graders, 6708
text study skills instruction, passage retell & test performance, 5th graders, 6623
time spent in practice reading, reading achievement, 2nd–4th graders, implications for diagnosis of reading disabilities, 8965
token reinforcement, disruptive classroom behavior, 2nd graders, Pakistan, 13630

total immersion method, 2nd language learning, preschool & elementary school students, Canada, reply to criticism of J. Cummins & G. A. Morgan, 8886
total immersion method, 2nd language learning, preschool & elementary school students, Canada, critique of O. Weininger's article, 8864
total immersion method, 2nd language learning, preschool & elementary school students, Canada, critique of O. Weininger's article, 8836
total immersion method, 2nd language learning, preschool age & young school age children, Canada, literature review, 8885
traditional vs movement education approach, motor skill learning, 1st graders, 1979
traditional vs student-centered teaching method, grammar achievement, 2nd graders, 8884
training stressing economic vs motivational aspects of TV advertising, responsiveness to commercials, 2nd–4th graders, 13603
transition class placement for lack of readiness for grade 1, achievement & affective & use of special services variables, 2nd & 4th & 6th graders, 6-yr followup, 4443
tutor assistance vs self instructional training following failure on problem solving task, persistence & learned helplessness & coping with failure, learning disabled 4th grade males, 6756
tutorial hypothesis testing instruction vs oral reading practice vs word recognition training, comprehension skills, remedial reading elementary school students, 11365
type of calculator vs conventional instruction, mathematics achievement, 3rd & 4th grade compensatory education students, 8899
utilization in school health programs, participation of 3rd graders & parent involvement in health assessments, community health aides, 9011
validity, measures of right & left brain hemisphere ability compared to reading & mathematics achievement scores, 2nd–4th graders, 4484
validity of Estes Reading Attitude Scale, Mexican American vs Anglo 4th–5th graders, 9005
validity of measures of reading attitudes & locus of control & field independence, prediction of reading & arithmetic achievement, inner city 5th graders, 8974
validity of Peabody Picture Vocabulary Test-Revised, screening for participation in gifted program, 1st–8th graders, 11422
validity of WISC-R vs Illinois Test of Psycholinguistic Ability subtests vs Culture-Fair Intelligence Test, diagnosis, dyslexic 7–12 yr olds, 2111
validity of Woodcock-Johnson Psycho-Educational Battery factor clusters, assessment of cognitive ability & academic achievement & aptitude, learning disabled 4th graders, 2102
validity of Yellow Brick Road test, prediction of academic achievement, 3rd graders, 4486
varied reading purpose, reading rate modification & comprehension, normal vs learning disabled 4th vs 7th vs 10th graders, 2029
visual arts program related to human figure, body image, learning disabled 8–11 yr olds, 2026
visual-auditory matching of trigrams, 3rd grade reading & arithmetic achievement, 1st graders, 6704
vocabulary instruction procedure, word knowledge & passage & sentence comprehension, normal 4th vs learning disabled 4th–6th vs remedial 4th graders, 2062
vocabulary knowledge & mnemonic keyword teaching method, vocabulary learning, 5th graders, 11228
vocational education, special education elementary through high school students, 13708
whole word vs semantic unit method, assessment of Arabic reading comprehension, Arab 5th vs 6th vs 7th graders, Israel, 11398
Wide Range Achievement Test & Woodcock-Johnson achievement cluster scores, 8–14 yr old regular vs learning disabled students, 13716
wide vs normal spaced writing paper, manuscript handwriting, 2nd & 3rd graders, 13638
WISC-R factor scores, prediction of academic achievement measured by Wide Range Achievement Test performance, 6–16 yr olds, 4492
WISC-R Verbal & Performance & Full Scale IQs & Bannatyne recategorized scores, nonhandicapped vs educationally disadvantaged vs learning disabled vs regular classroom Navajo 6–16 yr olds, 2119

Elementary School Teachers

additional pay & other compensation, regular classroom teachers serving mainstreamed children, 11179
attitudes & behavior toward male vs female students, male vs female elementary school teachers, 8917
attitudes & vocational values, college students studying to be elementary vs junior high school teachers, 1917
attitudes toward hearing impaired & deaf children with vs without hearing aid, elementary school teachers, 4436
attitudes toward mainstreaming educable mentally retarded students, elementary school teachers, 6781
attributional style, explanation & control of behavior problems, primary school teachers, literature review, 4414
causal attributions of problem behavior in school, 4th–6th graders vs teachers vs mothers, 13652
Connecticut's Teacher Evaluation Act, attitudes toward evaluation & teaching process, elementary school principals vs teachers vs noneducators, 8804
determinants of use of parent involvement strategies, elementary school teachers, 6625
development & validity & reliability of Children's Perceived Self Control Scale & teachers' version, 4th & 5th graders & their teachers, 2096
feedback about achievement test results for under- vs overestimated students, acceptance vs rejection of results & expectations, 6th grade teachers, 8797
inservice communication skills training, consultation outcome with elementary school teachers, learning disabilities resource teachers, 4351
knowledge of & attitudes toward stuttering, elementary school teachers, 6608
locus of control, professional attributions in educational situations, elementary school teachers, 13576
locus of control, traditional vs progressive teaching methods, elementary school teachers, 1912
perceived seriousness of children's behavior problems, 5th–8th grade teachers vs 8th grade students vs mental health professionals, 11160
perceptions & recommendations regarding preparation programs for middle level teachers, middle level teachers & principals, 11169
performance feedback intervention, curriculum planning & recording of instructional information, 2nd–5th grade teachers of mainstreamed handicapped students, 8813
positive vs negative written information from consultant & videotapes showing withdrawn vs acting-out behavior, expectations of behaviorally disordered children, regular classroom elementary teachers, 8820
principal's leadership style/situational control match, teacher satisfaction, elementary school principals & teachers & students, Lebanon, retest of F. Fiedler's contingency theory, 1927
process of teaching new subject matter, 1st & 2nd grade teachers, 11207
professional profiles, elementary & secondary school teachers, Canada, 1913
Q-type factor analysis, conceptualizations of diagnostically significant hyperkinetic behavior, elementary school teachers, 9018
school psychologist's intervention through personal goal identification with vs without retest with retest involving vs not involving selective attention, improvement of behavioral objectives, 3rd–6th grade students & teachers, 6679
sex & age & grade level taught & years of experience & type of community & educational level & marital status, burnout, kindergarten through 12th grade teachers, 13583
social awareness & involvement & social & status concerns, elementary & high school teachers, 13571
student variables, individual differences in decision making about classroom organization & management & educational goals, elementary school teachers, implications for teacher training, 1894
teacher advisory program, school counseling, 10–15 yr old middle & junior high school students, 6820
teacher intervention via life space interview, insight & behavior change, hyperactive 12 yr old male, 11331
teacher training in standardized test administration & student training in test taking & reinforcement for better performance, achievement test scores, 2nd graders & teachers, 9021
teacher's assessment of classroom behavior vs standardized test scores, special education placement opinions, elementary school teachers, 13694
teacher's personality, traits & attitudes & intellectual functions & adjustment, 10–11 yr olds & their teachers, 11299

Elementary Schools

Connecticut's Teacher Evaluation Act, attitudes toward evaluation & teaching process, elementary school principals vs teachers vs noneducators, 8804
curriculum at private elementary school with emphasis on caring & sensitivity to needs of others, 3–16 yr old students, 11255

evaluation of counseling programs in elementary schools, 13720
Likert-scale vs paired-choice format & specificity of survey items, assessment of parental preferences for curriculum components, parents of elementary school students, 8988
model of organizational change in primary schools, 11146
role & behavior & school program improvement, elementary school principals, literature review, 11183
Elephants
components of female estrous urine, Flehmen-like responses, bull elephants, 2729
role of pinna in absolute & localization & frequency discrimination thresholds, 7 yr old elephant, implications for humans, 503
Elimination (Excretion) [See Excretion]
Embarrassment
analysis of conversational lapses, undergraduate stranger dyads, 3397
embarrassment as aura of complex partial seizures, 40 yr old male with Grade II astrocytoma of frontal lobe, 13021
perceived privacy protection & willingness to participate in survey using randomized response technique, college students, 88
social perception, intentional vs unintentional social transgressions, college students, 1046
Embedded Figures Testing
consistency across cognitive vs personality measures, self/nonself segregation ability, 19–22 yr old males, 203
Embryo
adaptive significance of sequential nature of sensory systems maturation in embryogenesis & neonatal period, neurogenesis & perceptual development, infants, literature review, 489
embryonic forebrain transplantation into midline cerebellum vs cerebellar lesions, behavior, rat pups, 5191
Emergency Services
degree of urgency & demographic characteristics, nonurgent vs psychiatric patients in emergency room, 1678
emergency psychiatric care delivery, 11005
functioning of inpatient & daycare & emergency service units in general hospital psychiatric department, 8623
history & treatment modalities, treatment centers for psychiatric emergencies, Brazil, 8525
incidence of substance abuse & schizophrenic disorders & organic brain syndrome & referral characteristics, emergency room patients aged 40–65 yrs & over, 4209
roles of geriatric & community mental health emergency services, mental health needs, aged, 11021
state survey, "Good Samaritan" laws, teachers, implications for special education teachers of mentally retarded, 11192
statistical summary of admissions to hospital psychiatric emergency service, 8639
stress manifestations, rescue workers of recent disasters, 8564
structure & function & operation of community gero-psychiatric emergency service, 8577
weather conditions & psychiatric emergency room visits, 10514
Emetic Drugs [See Also Apomorphine, Disulfiram]
use of emetics in aversion therapy, alcohol rehabilitation, 8696
EMG (Electrophysiology) [See Electromyography]
Emotional Adjustment [See Also Coping Behavior, Emotional Control, Identity Crisis]
adaptation & emotional regulation, asthmatics, 10707
adjustment abroad & reacclimatization upon re-entry & culture shock & psychological stress, young adults traveling abroad, 10463
combat involvement & posttraumatic stress disorder symptoms, interpersonal problems, male Vietnam veterans seeking drug/alcohol abuse treatment, 6014
disability as deviance & labeling & social & emotional adjustment, physically disabled, literature review, 8205
divorce, father-child relationship & psychiatric symptoms, fathers, literature review, 930
early emotional symptoms & psychosocial factors, attitudes toward & outcome of cancer, patients, 8-yr followup, implications for prevention & treatment, 5921
emotional & health adjustment, 23–60 yr old asthmatic & 17–60 yr old gastric ulcer patients, 3846
factors related to emotional readiness for fatherhood, 18–42 yr old 1st time fathers, 3311
family enmeshment, 10639
grade repetition vs social promotion, achievement & self concept & interpersonal relations & emotional adjustment, students, 8857
group Rational Emotive Therapy, anxiety reduction & rational thinking & self enhancing emotions, female college students, 13196
health & psychosocial characteristics & loneliness, elderly Ss with mean age of 72.6 yrs, 3442
human growth hormone replacement therapy, IQ & academic achievement & emotional functioning, 4–18 yr olds with hypopituitarism, 4051
impoverished living conditions, psychic maladjustment & personality development & mother child relations, mothers, 12576
indices of psychosocial adjustment & motives for achievement & power & affiliation & intimacy, middle aged males, longitudinal study, 10244
intact vs broken home & age & sex, personal adjustment, 10th graders, 864
life changes, emotional adaptation, male college freshmen vs seniors, 1080
locus of control, maladaptive fears measured by fear control survey schedule, college students, 3635
measure of locus of control & self concept & emotional & social adjustment, prediction of GPA & total hours earned, educationally disadvantaged college students who earned degrees, 6815
oral &/vs cuddly comfort habits at 4 yrs of age, subsequent personality development, Ss evaluated at 11 & 16 yrs of age, longitudinal study, 3230
parental harmony, psychosocial adjustment, 8–12 yr olds of divorced vs married parents, 12475
perception of child's social & emotional adjustment & emotional response to hemophilia, mothers of 3–18 yr old hemophiliac males, 1398
personality, adjustment following divorce, 24–62 yr olds, 3320
personality traits vs emotional adjustment vs age, cardiovascular disease symptoms & general well being, 25–84 yr olds, 3782
predictions of adjustment following divorce, parents of 2–18 yr olds, 3314
pressure sores during medical rehabilitation & psychosocial adjustment measured by Human Service Scale, spinal cord injury patients 1–4 yrs postinjury, 8672
preventive social work intervention program, coping behavior & emotional health, persons adapting to unusual or many life changes, 4179
psychological services at Institute of Higher Education, sociopsychological adaptation, students, USSR, 2098
psychosocial adaptation before & after onset of illness, female patients with terminal vascular pulmonary hypertension, 13034
reported job commitment & emotional adjustment to pregnancy & postpartum period, 18–35 yr old primiparous females, 10325
residential treatment & education, maladjusted children, survey of recent research, 13403
rigidity, social & emotional & financial & health & home areas of adjustment, male college students, 3490
scores on measures of psychological adjustment, low assertive college students vs adult clinical norm groups, 11579
sex role orientation & MMPI profiles for psychological adjustment, female college students vs upper middle class housewives, 9371
short term psychotherapy, adaptation to cancer, patients, 10735
social & psychological functioning, male substance abusers who did vs did not complete treatment program, 6481
social childhood environment & previous emotional symptoms & seeking of medical help & attitudes toward illness, emotional reaction to cancer, working-age patients, 10687
social interest level, life adjustment, 16–60 yr old runners vs nonrunners, 5662
social support in family & work environments, assessed through social climate measures, physical & psychological adjustment, adults, 5631
well-being & remarriage following divorce & quality of 2nd marriage, divorced adults, 7817
wilderness adventure program, social & emotional & academic adjustment, incoming college students, 4367
Emotional Content
congruence of emotional quality of word & Ss' mood, speed of word identification, college students, 9591
date & content of earliest memory & "screen" quality, high school vs college students, 2637
discourse analysis of language & content, genuine vs simulated suicide notes, 3666
discriminant analysis, prediction of classifications of affective words as based on semantic ratings, naive Ss, 2514
emotional & nonemotional pictorial stimuli, skin conductance responses, right vs left unilateral brain damaged patients, replication of findings of L. Marrow et al, 6050
emotionality of target words, memory of words in emotionally congruent vs incongruent sentences, college students, 318

factor analysis, semantic ratings of affective words, naive Ss, replication of author's previous experiment, 2394
free recall & recognition of words varying in affective values, college students, implications for hedonist & state dependence recall theories, 4915
Gottschalk-Gleser content analysis, affect changes during psychotherapy, members of analytical group, 6203
inducement of elation vs depression, remembering happy vs unhappy past experiences, female college students, 2665
informed consent about content vs purpose of telephone interview, response rate & quality & item nonresponse, survey respondents, 87
pictorial stimuli with affective themes, response measured by pupillary response vs semantic differential scale, college students, 79
right vs left ear, recognition of emotional tone & verbal content, right handed college students, 7241
state of relaxation & belief in ESP & absorption in own thoughts & emotional content of slides shown to transmitter vs others, occurrence of ESP, college students, 4621
visual field, oral reading & writing to dictation task performance involving abstract emotional vs nonemotional vs concrete words, male aphasic patients, 5989

Emotional Control [See Also Coping Behavior]
acupuncture & physiological & physical & psychological homeostasis, 8541
adaptation & emotional regulation, asthmatics, 10707
external control & recognition & expression, emotions, obese children, 13026

Emotional Development
affective & psychomotor & cognitive components, curriculum development, handicapped 0–8 yr olds, 11316
age, affective expression, 25–39 vs 44–61 mo olds, 10230
characteristics of emotions & integrated theory & role of cognitive & social development, emotional development, literature review, 3038
differentiation between fantasy & reality, development of imaginative competence & relief from anxiety in obsessional phenomena, psychiatric patients, 1157
drug use & emotional & relational problems, adolescents, 12457
early psychic development & separation-individuation, attitudes toward pregnancy & motherhood & abortion, 36 yr old female in analysis, 10847
emotions & emotional development, cognitive development, literature review, 3026
epidemiology of day & night enuresis & emotional & intellectual development, 3 yr olds, 7629
group therapy, deficient parenting responses & excessive nurturance & psychopathology & emotional maturation, 6180
incompleteness in photographic items & evaluation scales of Tasks of Emotional Development Test, adolescents, 7089
mother infant interaction, smiling & laughing & play & coping behavior & emotional development, infants at 6 & 13 & 26 wks of age, 3203
mutually successful interaction, child emotional & cognitive development, mothers & children, literature review, 5333
observation of interaction & social cognition & emotion in peer playgroups, toddlers during 2nd yr of life, monograph, 10212
Piaget's theory of cognitive maturation & development of affect & cognition, REM sleep, 2670
preschool programs emphasizing cognitive & affective development, low income Black 3 yr olds, followup at end of preschool & 4th grade & high school level, 8880
psychoanalytic theories, infant emotional & social development, literature review, 12383
TV based instruction program, enhancement of social & affective development, handicapped & non-handicapped children, 11319

Emotional Disorders [See Mental Disorders]

Emotional Immaturity
Montessori-based therapy, 5–13 yr old inpatients with perceptual problems & clumsiness & hyperactivity & emotional impulsiveness & immaturity & speech retardation, 13392

Emotional Inferiority
filiation problem & parental shortcomings, subsequent depression & inferiority complex & indignity & development of nostalgic image with excessive idealization, children, 3705

Emotional Insecurity [See Emotional Security]

Emotional Instability
attributions & depressive symptoms, 22 yr old male client with strong mood swings, 10560
hypothyroidism in response to thyrotropin & desipramine & lithium, rapid mood cycles, unipolar depressed 24 yr old female, 4070
idiographic/nomothetic analysis of intraindividual mood change, presence of positive & negative affect, college students, 3506

Emotional Maladjustment [See Emotional Adjustment]

Emotional Maturity
flexibility & trust & cohesion & expression of feelings & self sufficiency in families, maturity & ego development, 15–17 yr old females, 10211
psychological maturity, happiness, 35–85 yr old males, 12499

Emotional Responses [See Also Conditioned Emotional Responses]
ability & effort & task difficulty & luck attributions, expectations & pride/shame about examination, college students, 6744
achievement motivation & causal attribution of failure, negative affect & expectation of future success & performance, female college students, 12723
anonymity & self differentiation, responses to transgressive & prosocial behavior, 17–18 yr old males, 1025
appetitive vs aversive reinforcement schedules, productivity & emotional reactions, 18–34 yr old males living in laboratory for prolonged period, replication of Skylab crew reactions, 324
cross validation of factor structure of McGill Pain Questionnaire, evidence of sensory & affective & evaluative dimensions, 16–81 yr old low back pain patients, 4720
cry difficulty, physiological & emotional responses to infant cries, nonparents with mean age of 29.8 yrs vs primiparous vs multiparous mothers vs fathers, 2843
dramaturgical analysis of emotional performances during football games, fans & coaches & players, 2668
elicitation of affectively laden cognitions in cognitive behavior therapy, cognitive therapists, 13243
emotional reactions & attributions of responsibility to success vs failure of friend vs stranger, male college students in actor-O relationship, 5595
emotional reactions to initial diagnosis & social work strategies for reduction of stress, chronic renal patients, 1368
emotional response to music, patients with anxiety neurosis vs hysterical vs obsessive neurosis vs depressive psychosis vs schizophrenia, 12858
emotional responses & attitudes, female patients awaiting hysterectomy, 3768
emotional responses to activities, college students, implications for occupational therapy, 325
external control & recognition & expression, emotions, obese children, 13026
familiarity with speaker & need for approval, reception of passive &/vs aggressive vs assertive responses, college students, 5573
family interactions & affective & cognitive & behavioral & physical & social reactions to suicide, literature review, 10607
heart rate & cognitive responses to aversive slides of autopsies & imagined scenes involving psychosomatic disorders, 22–59 yr old peptic ulcer & rheumatoid arthritis patients, 1434
Holocaust experience, verbal communication of emotional experience, aged survivors, 5324
incidence of & reactions to sexual assault, 13–17 yr old females in residential delinquency intervention program, 3673
individual differences in stress-response-dampening effects of alcohol as seen in reduction of cardiovascular & affective responses, 21–30 yr old males at risk for alcoholism, 1290
informativeness of test results & negative vs positive feedback on assertiveness, ratings of accuracy & acceptance of feedback & recall & self ratings, male college students, 3462
interpersonal stress, emotional intensity expressed by facial display vs heart rate vs self report, female college students, 5644
level of expressed emotion of relatives at time of hospital discharge, relapse, schizophrenics, 9-mo followup, 3639
marital distress, reactivity to positive & negative behavior, spouses, 931
Maternal-Fetal Attachment Scale, females in 3rd trimester of pregnancy, 9386
McGill Pain Questionnaire responses, assessment of sensory & affective & evaluative dimensions of pain, females having acute vs chronic pain, 4779
parental attitudes & emotional reactions & maternal influence, self esteem, physically handicapped 9–11 yr olds, 1373
perception of child's social & emotional adjustment & emotional response to hemophilia, mothers of 3–18 yr old hemophiliac males, 1398
personality high vs low in religious values, emotional response & approach/avoidance behavior to religious vs neutral words, college students, 10477

pictorial stimuli with affective themes, response measured by pupillary response vs semantic differential scale, college students, 79
preparation for & timing of menarche, emotional reactions & symptomatology, 5th–6th vs 7th–8th vs 11th–12th grade females, 5332
psychiatric symptoms & emotional reactions to diagnosis & treatment of breast cancer, 33–69 yr old females, 4124
psychological & emotional responses & fear, cancer, 6026
psychological-spatial analysis using simulation, affective & typological characteristics of architectural aspects of housing development, 74
psychosocial responses to physical illness, patients, 10734
rape circumstances & victim's emotional response, perception of & reactions to & attribution of psychological damage to victim, male vs female college students, counseling implications, 10626
role of therapist emotional neutrality in psychoanalysis, 5 & 8 & 14 yr olds, 1484
self set vs assigned goals, attributions of performance reports & affective reactions, college students, 1035
skin resistance responses & self reported emotional disturbance from interrogation questions, 19–53 yr olds, 9909
toy play & play tempo & reaction to frustration, 22–26 mo olds, 7731
verbal ratings & operant listening times & requests for reexposure for melodic musical intervals, 11933

Emotional Restraint [See Emotional Control]

Emotional Security

metacommunicative functions of talk about a past partner, impact on current relationship & feelings of security & control & closeness, 10414
religious attitudes & emotional security & favorable vs unfavorable communication about religion, attitude change, male vs female college students, 1065
technological advancement, prevention of insecurity & fear of unemployment & subsequent negative impact on mental health, workers, 13762

Emotional Stability

drugs & vitamins, concentration & intellectual performance & emotional stability & behavior patterns, school age children, implications for use of drug therapy for learning disorders, 13273
emotional stability & extraversion & impulsivity & achievement motivation & locus of control & field dependence, accuracy of time estimation by verbal estimation vs production vs reproduction of various durations, college students, 3448
extraversion & emotional stability, unwed biological mothers vs adoptive families & 3–18 yr olds, 430
liberal attitudes toward women, emotional stability, male & female Ss, 5639
list competition & S ego strength, learning of paired associate lists by anticipation vs study/list method, college students, extension of study by J. C. Duffy & N. J. Kanak, 9662
marihuana use, academic achievement & college & social & sexual & work adjustment & emotional stability & physical health, college students, 4-yr longitudinal study, 5549
person centered group counseling, social activity & family/interpersonal relations & anxiety & emotional stability, 24–67 yr old cancer patients, 8526
psychological & intellectual & neurological assessment, behavior disordered 13–16 yr olds, 10628
psychopathology & family relations & emotional stability & impulse control & coping skills & self image, abused 12–16 yr olds, 12926

Emotional States [See Also Alienation, Ambivalence, Boredom, Depression (Emotion), Distress, Emotional Trauma, Endogenous Depression, Euphoria, Fear, Loneliness, Mental Confusion, Neurotic Depressive Reaction, Optimism, Panic, Pessimism, Pleasure, Psychotic Depressive Reaction, Reactive Depression, Restlessness, Suffering]

alcohol & stressful vs unstressful arithmetic task, emotions & physiological arousal, male college students, 7535
antihypoxidotic SL-76188, EEG & vigilance & psychomotor activity & mood & side effects, 54–74 yr olds, 13274
behavioral treatment, mood & weight loss, obese patients with mean age of 40 yrs, 13254
chronic alcohol administration, activation of tryptophan pyrrolase, rats, implications for altered mood states in alcoholism, 12250
cognitive & affective styles, driving behavior, drivers, 6832
color preferences & arousal & mood, office workers, 11937
complexity of emotional information processing & accurate empathic understanding & verbal ability, 23–68 yr old social workers, 4267
congruence of emotional quality of word & Ss' mood, speed of word identification, college students, 9591
construct validity of Mishel Uncertainty in Illness Scale, assessment of uncertainty in symptomatology & diagnosis & treatment & relationship with caregivers & planning for future, medical patients, 9423
cord vs cordless switchboard interface design & operating procedures, stress & system efficiency & mood ratings, 18–53 yr old public telephone switchboard operators, 9176
denial & misperception of mood change & affect, manic depressives & their spouses & adult offspring, 8068
directed art/movement therapy, mood & social interactions, 16–68 yr old psychiatric patients, 10785
emotional states & food preferences, college students, 11932
emotional stress stimuli, platelet aggregations, 25–30 yr old males, literature review, 509
evening exercise & mood, dream content & recall, college students, clinical implications, 329
exercise program, affective state & ego structure & functioning, psychiatric inpatients, 4188
expectations of pleasant vs unpleasant feelings with carbon dioxide inhalation, tension vs relaxation & heart rate & blood pressure changes, college students, implications for carbon dioxide therapy, 2984
extension of opponent-process theory & treatment, mood states following alcohol withdrawal, alcoholics, 13480
facial expressions of emotion, RT for recognition, college students, 322
familiarity with Western culture, recognition of facial expression of emotions, high school students, Ethiopia, 12472
historical development of homicide law & "heat of passion" legal defense, 5519
humidity & temperature & barometric pressure, mood, college students, 4955
identification of emotional states in facial photographs, 18–56 yr olds with brain lesions, 3828
idiographic/nomothetic analysis of intraindividual mood change, presence of positive & negative affect, college students, 3506
imagery vividness & ability to self induce changes in emotional state, male college students, 327
induced emotional states, letter discrimination, disadvantaged 4–6 yr olds, 3112
induced state of happiness or sadness, intrusive unwanted thoughts, Ss with mean age of 24 yrs, 296
lithium carbonate, dysphoric mood & impulsivity, 19–26 yr old borderline psychotics, 1634
maternal mood & caretaking difficulties, mothers of infants with perinatal complications at time of hospital discharge vs 9 mo later, 5664
menstrual stress & dreams, dream anxiety & hostility & content & morning mood, females with mean age of 19.63 yrs, 2860
mood & personality, neuropsychological & computerized tomographic evaluations of intellectual impairment, 21–35 yr old male abstinent alcoholics, 10629
mood change & biochemical changes in urinary & plasma cyclic adenosine monophosphate & adenosine triphosphate during pregnancy & following delivery, 15–40 yr old mothers, implications for manic depression, 7451
mood change & depression & quality of life, aged, 13-yr longitudinal study, 12738
mood congruence of psychotic features, family history & treatment outcome, patients with psychotic depression, 7996
mood state, 3-methoxy-4-hydroxyphenylglycol & ion transport function, patients with affective disorders, 10557
motivational arousal, perception of magnitude of avoidance situation valence, female college students, 7284
mouth angle & pupil diameters of line drawings of female face, affective attributions, male college students, 10430
neuroticism & mood scores & relation to arousal effects on performance, students, 1087
period of worrying, ability to focus attention on monotonous stimulus & anxiety & depression & negative thought intrusions, self labeled worrying vs nonworrying college students, 11927
personality & emotional state & locus of control & mental attitude, college football players vs nonathletes, 12739
positive affect induction experience, social skills performance, 6–12 yr old psychiatric inpatients, 10911
recognition of emotional states & defense structures, alexithymia, psychosomatic patients, 13053
regular vs irregular sleep schedules, body temperature & mood & EEG sleep variables & auditory vigilance & addition performance, 19–28 yr old male college students, 9891

repetitive work, mood, 18–30 yr old females, 9143
room size & personality traits & demographic characteristics, evaluation of rooms, 9190
seating orientation, arousal & appreciation of humor, college students, 12670
self contact & gestures produced by right vs left side of body during neutral vs emotional situations, female college students, 2806
sleep duration & temperament, Chinese American vs non-Chinese infants, 895
social anxiety & daily moods & alcohol use over time, heavy social drinking male college students, failure to support tension reduction hypothesis, 12640
state & trait anxiety & hostility & mood & Type A scores, male industrial workers under 56 yrs of age with mild essential hypertension, 8249
statement valence vs referent content of reading material, mood & anagram performance, college students, 9496
vegetarian vs meat filled breakfast, emotional upset, male college students, 9921
weather & infradian rhythms & time of yr, health & sleep & mood & cognition, reanalysis of data, 2841
workload in cord vs cordless switchroom, subjective mood & performance efficiency, public telephone operators, 9182

Emotional Trauma
cognitive factors & emotional trauma in childhood & adolescence & early relationship with parents, religious conversion, 20–40 yr old converts, 3296
dream content analysis & awakening from anxiety dream, Holocaust & Japanese camp survivors in psychotherapy, 6167
early emotional trauma & anal erogeneity & inhibition of phallic sensation & potency, male psychoanalysis patient, 10572
family systems approach, treatment of internal stress & anxiety & depression & emotional turmoil, children who witness abuse of mother & siblings, 6200
imaginal flooding, assessment of anxiety reduction across traumatic memories, 31 & 32 yr old male Vietnam veterans with combat-related stress disorders, 1552
interpretation & triggering of memories of early emotional trauma, male patient, 10842
patient need for physical contact during re-living of early trauma, female patient & male analyst, 6112
primal scene experiences & sadomasochism & asthma, comment on article by C. Karol, 8223
primal scene traumatic experiences & development of sadomasochistic character formation & asthmatic symptomatology, 13 yr old female, 8210
psychiatric disability evaluation & VA claims procedures, delayed posttraumatic stress syndrome, Vietnam veterans, 1123
psychoanalysis & restoration of trust, children of Holocaust survivors, 8322
response to repeated & traumatic loss, Crow Indian children, intervention implications, 12497
severe dog bite, personality change & symptoms & subsequent personality development, 20 & 26 & 36 mo olds, 5964
stress manifestations, rescue workers of recent disasters, 8564
trauma & defense mechanisms & personality formation in psychosomatic disorders, 13006
traumatic traffic accident, reduplicative paramnesia including Capgras symptoms & role of hippocampal & temporo-parieto-occipital damage, 23 yr old male, 6031
violent/shocking vs nonviolent version of film, retention of film details, college students, 9653

Emotionality (Personality)
age & middle class vs low socioeconomic & abusive/neglected background, regulation of emotional expression & reliability of ratings of emotions, 12–19 mo olds, 5315
alcohol intake & emotionality, aggressive behavior, 18–35 yr old social drinkers, 12636
divergent thinking & emotionality & activity & sociability & impulsivity, college students, 12700
emotionality, female college students with analytical vs synthetic cognitive styles, 7940
emotionality in content of suicide notes vs pre-execution letters vs normal private notes, 7593
family social intervention & relatives' level of expressed emotion, relapse rate, schizophrenics, 6195
general practitioner's affective behavior, evaluation of professional competence & medical treatment, adult medical patients, Israel, 1845
level of athletic participation & involvement, personality & extraversion & neuroticism & emotionality, male & female athletes with mean ages of 23.7 & 22.2 yrs, West Germany, 5633
level of emotionality & frustrating experience, number & intensity of shocks delivered to confederate, 20–30 yr olds, 5618
perception of other's emotionality & nonverbal & verbal disclosure, replication of study by D. J. Woods & J. Brooks, 3393
self manipulatory nonverbal behavior & gestures & personality traits & emotional expressiveness, 16–45 yr old patients with bruxism, 10690
vegetarian vs meat filled breakfast, emotional upset, male college students, 9921

Emotionally Disturbed [See Also Autistic Children]
academic day program, emotionally disturbed adolescents, 6760
advantages/disadvantages of autonomous school vs integrated psychoeducational models of education in residential treatment, emotionally disturbed children, 11067
attitudes toward emotionally impaired mainstreamed students, preservice teachers, 8961
attrition & job satisfaction/dissatisfaction & reasons for leaving job, 21–50 yr old teachers of emotionally disturbed, 8810
availability & usefulness of assessment information for emotionally disabled students, school psychologists & multidisciplinary team members, 6830
body type & temperament & treatment recommendations, 10–18 yr old emotionally disturbed females, 3630
causes & features & treatment approaches in therapeutic community, maladjusted children & adolescents, 13404
central placement of 1st Bender-Gestalt design, normal vs disturbed 6–12 yr olds, implications for diagnostic validity of central placement, 2437
classroom-based program, social development & self esteem & problem solving, emotionally disturbed males in elementary special education, implication for cooperation between occupational therapist & school psychologist, 9029
cognitive-experiential module, attitudes toward physically handicapped & emotionally disturbed & mentally retarded & learning disabled children, education college students, 13580
community adjustment & relations with parents & others, 6–15 yr old leavers from residential schools for maladjusted children, 6-yr followup, 11341
concurrent validity of Revised Developmental Test of Visual-Motor Integration with Bender-Gestalt, assessment of visual-motor development, emotionally disturbed 5–12 yr old males, 2425
diagnostic method, emotional disturbance, children, 10612
differences between American & Israeli kibbutz units of Network of Psychiatric Services for Adolescents, therapeutic community & milieu therapy, emotionally disturbed adolescents, Israel, 4155
educational/vocational rehabilitation, emotionally disturbed adolescents, 6476
evaluation methodology for identification & placement, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 8972
Fellowship House as community support & rehabilitation program, adults with mental & emotional disorders, 11017
filial therapy training, home-based client centered play techniques, parents of emotionally disturbed children, 1490
immediate tangible vs social reinforcement, reading & language test scores, middle & low income 7–10 yr olds labeled learning disabled or emotionally disturbed or educable mentally retarded, 6785
impulsive vs reflective cognitive style, problem behavior & aggression & distractibility & hyperactivity, emotionally disturbed 8.3–15.6 yr olds, 10526
impulsivity vs reflectivity, WISC-R performance, emotionally disturbed 8.3–15.5 yr olds, 5725
inadequate school functioning & desire to mother twins, 10 yr old female, 1129
individualized teaching methods in physical education, academic learning time, mainstreamed mildly handicapped elementary school students, 11338
Kent Family Placement Project, emotionally disturbed & delinquent 14–17 yr olds, 4168
lithium, drug & alcohol abuse, emotionally disturbed adult females & adolescent & young adult males, 1657
medical & psychological treatment, modification of unacceptable behavior, emotionally disturbed, ethical implications, 4042
method for evaluation of effects of drug therapy in schools, 3–18 yr olds with attention deficit disorder with hyperkinesis & emotional disturbance, 8471

MMPI profiles, parents of conduct & personality disordered & learning disabled 6–12 yr olds, 1096
moral & literary & emotional & historical & ethnological value of reading fairy tales in class & criticisms, learning disabled & emotionally disturbed children, 6765
movement therapy program, sense of autonomy, emotionally disturbed 9 yr old males, 10775
parental separation, emotional & behavioral problems functioning to stalemate divorce, 9 yr old female, suggestions for family therapy, 1521
prevalence & educational integration, kindergartners with learning & speech & language disorders & emotional & social disturbances & physical handicaps & mental retardation, Norway, 2073
programed vs naturalistic strategies, study-related behavior, maladjusted 1st–3rd graders & learning disabled 13 yr old male, 10909
psychological differentiation & anxiety, emotionally disturbed Ss with mean age of 11.5 yrs, 3588
Public Law 94-142, 6–11 yr olds with Down's syndrome & emotional & congenital impairments & their families, 8937
relationships among measures of social competence & achievement, educable mentally retarded & emotionally disturbed 11–15 yr olds, 2077
reliability of Elizur Test of Psycho-Organicity, 10–15 yr old learning disabled & emotionally disturbed & unclassified males originally assessed at 6–11 yrs of age, 13718
short term hospitalization therapy, single-parent families with at least 1 disturbed member, 1517
sociometric status as indicated by peer nomination & teacher-reported characteristics of emotional disturbance, nonhandicapped 1st & 3rd & 5th graders, 8908
special education school, returning children to regular classroom, emotionally disturbed 7–12 yr olds, England, 6798
verbal group technique, emotionally disturbed 8–12 yr olds, criticism of article by M. J. Blotcky et al, 8364
verbal non-directive group psychotherapy based on play therapy, ego-disturbed 8–12 yr olds, 8355
vestibular processing dysfunction, children with severe emotional & behavior disorders, literature review, 7969
videotaped social problem solving, coping skills, emotionally disturbed 7–15 yr old males in special education classes, 13680
vocational opportunities & services & barriers, physically & emotionally handicapped & trainable & severely/profoundly retarded clients, 1808
voice tones & content during conversation, prediction of treatment outcome, disturbed 14–19 yr olds & their parents, 3538
WISC-R profile analysis, differentiation between learning disabled & emotionally disturbed children, 11696
WISC-R profiles, conduct problem 6.1–15.4 yr olds in classes for emotionally handicapped, 2468

Emotions [See Also Related Terms]
affect & empathy & guilt, moral development, 3039
affective & cognitive aspects of preference research, 241
affective cognition, discussion of debate between R. B. Zajonc & S. Rachman, 11564
affective vs cognitive factors, acquisition & modification of preferences, implications for consumer psychology, 1050
age & middle class vs low socioeconomic & abusive/neglected background, regulation of emotional expression & reliability of ratings of emotions, 12–19 mo olds, 5315
age differences, recognition of habituated facial expressions vs faces & discrimination between similar emotions, 18–30 wk olds, 10127
analogy between food consumption & absorption of ideas & affect from others, 3479
awareness & empathy towards others' feelings, shared feelings & affective role taking, Anglo & Mexican American 66–109 mo olds, 3217
belief in just world & patient characteristics & attractiveness & amount of pain experienced, feelings & behaviors toward dying & willingness to volunteer to help patients, college students, 8245
change in location of therapy, patient's emotions & relationship with analyst, psychoanalytic patients, 10851
characteristics of emotions & integrated theory & role of cognitive & social development, emotional development, literature review, 3038
clinical pastoral education & type of setting, self actualization & openness to feelings, 34–39 yr old students, 7781
cognitive abilities & emotional & motivational variables following inpatient treatment for delirium tremens, 23–71 yr old alcoholics, 1293
cognitive processes & emotion, 11728
concepts of emotion & motivation in F. Heider's notebooks, 4949
correct vs incorrect labels for facial expression of emotion, bias of recognition judgments, college students, 11734
cultural restraints, vicarious emotions, Hare Indians, 7777
denial & misperception of mood change & affect, manic depressives & their spouses & adult offspring, 8068
discourse analysis, verbalization of painful emotion & affect articulation, severely depressed female inpatients & 70–75 yr old medical outpatients, 5668
dynamics of Freud's concept of feeling of "uncanniness", 10464
early emotional trauma & anal erogeneity & inhibition of phallic sensation & potency, male psychoanalysis patient, 10572
emotion & emotional behavior as related to internal & external demand, 2655
emotion & purposeful behavior, critique of I. Eibl-Eibesfeldt's human ethology, 2334
emotion, immediate vs delayed retention of self generated paired associates, female nursing students, replication of G. Levinger & J. Clark's study, 4938
emotional & cutaneous experience, patients with acute psoriasis, 3762
emotional & situational variables, speech fluency, 12–15 yr old stutterers, 13001
emotional experience of music, schizophrenic psychotics vs depressive vs anxiety vs obsessive neurotics vs depressive & manic psychotics, 3605
emotional responsiveness & conflict resolution & conversational patterns, spouses, 10318
emotional/psychosomatic triggering & hysteria, seizure onset, epilepsy, literature review, 3821
emotions & emotional development, cognitive development, literature review, 3026
emotions as significations of consciousness & interior existence, social construction of reality & social discourse, 10397
expectancy-value judgments concerning blood donation & intention to give blood, college students & faculty & staff, implications for consumer behavior, 9195
Freud's concept of feeling "uncanny", 10449
group therapy for integration into community, schizophrenic day hospital patients with pathological affect, 13411
information flow & affect levels during criminal courtroom interactions, Australia, 7842
lateralization, emotion, literature review, 5041
locus & stability & controllability as causal dimensions of pity vs anger vs guilt, college students, 2666
measurement of fatigue feeling in industrial research, mental & physical welfare & disclosure of working conditions, workers, 2237
neo-Piagetian view of subject-object differentiation & role of cognition, affect, literature review, 2659
outcome-related affect, egotism in success/failure causal attributions, male college students, 10457
physical posture, motivation & emotions, college students, 11936
Piaget's theory of cognitive maturation & development of affect & cognition, REM sleep, 2670
play activities, emotional indicators in self portraits, grade repeaters with mean ages of 8.9 & 8.2 yrs, 6745
prefrontal cortex & emotions, literature review, 7425
psychoanalytic formulations, comprehension of bizarre events & feelings of "uncanniness", 10452
psychobiological theory of emotions, 9686
reliability & validity of emotional blunting, diagnosis of schizophrenia, 1128
research on schizophrenogenic mothers & expressed emotion & relapse & causality of schizophrenia, literature review, 1195
rest vs verbal instruction vs electric shock conditions, emotions & spectral analysis of finger photoelectric plethysmogram, male students, 5145
right hemisphere & production & expression of emotions, literature review, 9841
role of emotions & culture-specific interpretations, Morita therapy, Japan, 3914
self concept & values & independence & other affective factors, reading disability, children, 10652
self ratings of emotions vs electrodermal activity, 2865
sex differences, nonverbal intelligence & adaptive functioning & receptive vocabulary & eye-hand integration & perception & affect & play & interpersonal relations, autistic 3–8 yr olds, 8032
sex guilt & gender & positive vs negative affect & preference for erotic stimuli, criticism of correlation & regression analyses used by W. Griffitt & D. L. Kaiser, 7279
sex roles & sex role attitudes, vocal affect & teaching success, college students, 5597

social nature & source & type & reversal of self pity, chronically ill & institutionalized 20–86 yr olds, 10703
theory of cognitive & emotional processes & cognitive styles in solving problems involving several intentions simultaneously, 11867
typicality of stimulus emotion, RT to verify stimulus as emotion, college students, 9590
use of bio-informational model of emotional imagery in behavior modification, phobic patients, replication of P. J. Lang's studies, 6214
Empathy
affect & empathy & guilt, moral development, 3039
assertive vs empathic-assertive vs nonassertive behavior models, interpersonal attraction, low vs high assertive college students, 1039
awareness & empathy towards others' feelings, shared feelings & affective role taking, Anglo & Mexican American 66–109 mo olds, 3217
clinical psychology practicum training program of communication skills training, ability to communicate & discriminate empathic responses & faculty ratings of skill, clinical psychology graduate students, 8712
complexity of emotional information processing & accurate empathic understanding & verbal ability, 23–68 yr old social workers, 4267
consistency of empathic responding to confederate client's anger, stylistic complexity & semantic relations of language, counselor trainees, 3968
construction of rape empathy scale, measurement of empathy toward heterosexual rape victim & rapist, college students & jurors, implications for juror selection, 4728
ease of escape & empathy, altruism, female college students, 5607
empathy & ego development, college students, 10448
empathy, literature review, 10470
group cohesion vs traditional approach in human relations training, empathic responding & attitudes, 18–25 yr old preservice elementary teachers, 1919
importance of empathy, job performance, sales personnel, 6854
predictive & perceived empathy, prediction of leadership style, college students, 3503
psychiatric clerkship with group experience, empathy for & attitudes toward mental patients, medical students, 8729
relationship enhancement program, relationship adjustment & trust & intimacy & empathy & communication, premarital couples, 10881
self psychology as framework for understanding psychodynamics of illness & application to hospital consultation-liaison psychiatry, 4202
self vs other directed sadness, helping behavior, high vs low empathic 6th graders, 10210
stimulus modality, Affective Sensitivity Test performance, college students, 106
transpersonal processes involving empathy & identification & blurring of self boundaries, literature review, 5578
tutor training program, empathy & altruism & self esteem, high school students, 6697
Empirical Methods [See Also Observation Methods]
background & empirical basis for typology of dyadic formation, spouses aged 16–84 yrs, 6961
empirical basis for psychoanalytic phenomena in terms of Q methodology & Newton's Fifth Rule, 1505
empirical data on implicit personality theory, reply to criticism of O. C. Tzeng & C. Tzeng, 3467
empirical-experimental vs structural methods, humanistic research in psychology, 4684
estimated item co-endorsement & empirical conditional probabilities, veridicality of implicit personality theory, reply to criticism of O. C. Tzeng & C. Tzeng, 3478
humanist vs activist vs experimentalist vs planner approaches to environmental aesthetics, 2272
hypothetical constructs vs intervening variables, clarification of 3-systems model of anxiety assessment, 72
interpretive understanding vs empirical methods, educational & social science research, 51
logical & empirical considerations of implicit personality theory, reply to criticism of D. N. Jackson et al, 3477
measurement & statistical issues in empirical study of implicit personality theory, criticism of work by D. N. Jackson & L. J. Stricker & H. L. Mirels, 3498
multiple-sorting analysis, assessment of environmental meaning of Modern vs Post-Modern architecture, 22–74 yr old architects & accountants, 210
need for interpretation & motivation & observation controls in experimental studies of small groups, 4692
problems with empirical research on implicit personality theory & measurement, criticism of publications of H. L. Mirels & D. N. Jackson et al, 3499
Employability
participation in multiculturally oriented training program, employability, teachers, 4339
programed learning package called Guided Steps to Employment Readiness, assessment of employability, students, 9009
Employee Absenteeism
absenteeism, employees, literature review, 13774
attitudes & personal characteristics & job tenure, absenteeism, waste collection workers with mean age of 41.8 yrs, 2234
attitudes & satisfaction, productivity & absenteeism & turnover, industrial personnel, 13799
behavior modification program, job attendance, Black female factory workers, South Africa, 2228
biographical & situational data & organizational commitment & job satisfaction & lateness & absenteeism & turnover, engineering plant employees, 13802
change in size of work groups & absenteeism rates, workers at high technology manufacturing plant, 2 yr longitudinal study, 9094
excretion rates of adrenaline & noradrenaline & dopamine & differential neuroendocrine & cardiovascular reactivity & self assessed workload, city bus drivers with varying absenteeism rates, 9036
flexible vs fixed working schedule, attitudes & attendance & organizational attachment, insurance industry employees, 6875
job anxiety, absenteeism, males employed in engineering complex, 2241
job characteristics fulfilling lower vs higher level needs of Maslow's hierarchy, job satisfaction & absenteeism, blue vs white collar workers, Turkey, 6879
multiple step program involving peer pressure & employees' own behaviors, employee absenteeism & attitudes & motivation & turnover, 6867
participation in decision making, perceived influence & role conflict & ambiguity & emotional strain & job satisfaction, absenteeism & turnover intention, nursing & clerical employees, 13804
type of shift, absenteeism, manufacturing workers, 2225
work environment & stress & absenteeism, workers, Finland, 11502
work setting, affective symptoms & perceptions of work environment & sickness/absence & performance, student nurses, 8761
Employee Attitudes [See Also Job Satisfaction]
attitude & training & job problems, workers in fields traditionally monopolized by opposite sex, 11493
attitudes & personal characteristics & job tenure, absenteeism, waste collection workers with mean age of 41.8 yrs, 2234
attitudes & satisfaction, productivity & absenteeism & turnover, industrial personnel, 13799
attitudes toward career advancement & salary requirements for accepting promotions, male vs female managerial vs professional vs technical employees, 13765
attitudes toward management information systems, users vs systems personnel in private organizations, 2196
awareness of own & customer drinking patterns & causes of problem drinking & intervention & prevention of alcohol abuse, bartenders, 12645
biographical & situational data & organizational commitment & job satisfaction & lateness & absenteeism & turnover, engineering plant employees, 13802
construction & administration, employee attitude surveys, 76
coworker & supervisor support, association between task characteristics & mental stress, male workers, 9153
elements of organizational culture & development & change & managers' job model & performance & perceived freedom, male middle managers, 2200
employee characteristics, sexual harassment incidence & severity & responses, females working in unskilled jobs in auto industry, 8089
employee's job status, supervisor's responses & subordinate's experiences & satisfaction with performance appraisal interview, employees & their supervisors, 2162
entry into work force, preference for various job characteristics & self-concept, female health professionals, longitudinal study, 8758
factor analysis & generalizability, union commitment measure, nonprofessional vs professional white collar union members, replication of study by M. E. Gordon et al, 2449
feelings while working with patients, 22–75 yr old hospital security personnel, 1769
flexible vs fixed working schedule, attitudes & attendance & organizational attachment, insurance industry employees, 6875

Hawthorne studies of worker attitudes & production, Western Electric employees, comments on article by D. Bramel & R. Friend, 6878
Hawthorne study of industrial workers' attitudes & productivity, comments on article by D. Bramel & R. Friend, 6877
Hawthorne study of industrial workers, comments on critique by D. Bramel & R. Friend, 6864
Hawthorne study of industrial workers, comments on D. Bramel & R. Friend's criticisms of work by E. Mayo & G. F. Lombard, 6874
Hawthorne study of industrial workers, comments on Marxist perspectives of D. Bramel & R. Friend & interpretations by E. Mayo & G. F. Lombard, 6870
ideological beliefs & perception of agency's receptivity to prevention, community mental health center staff with & without master's degree in social work, 6584
incumbent-perceived job interest & available information about hypothetical job, Position Analysis Questionnaire dimensions, college students, 2215
information retrieval using video display terminals vs paper, physical discomfort & job satisfaction & job security concern, directory assistance telephone operators, 13819
involvement in quality of work life program, experienced influence & job autonomy & supervisor participativeness & influence, utility managers & engineers & technical/clerical staff, 11498
job level & number of promotions & perceived importance of promotion process, male vs female employees of finance organization, 2176
levels of morale & ego strength, job performance, blue collar workers, India, 2174
lighting & workplace conditions, 18–54 yr old day & night shift visual display unit operators, 11504
Marxist viewpoint in industrial psychology in Hawthorne study of industrial workers, reply to criticisms by H. Toch & R. Stagner & H. M. Parsons & J. Feldman & E. A. Locke, 6862
measurement of fatigue feeling in industrial research, mental & physical welfare & disclosure of working conditions, workers, 2237
model, characteristics which predict attitudes about retirement, employees, 9164
multiple step program involving peer pressure & employees' own behaviors, employee absenteeism & attitudes & motivation & turnover, 6867
open-plan work environment & job characteristics, attitudes, office employees, 4582
opinions about architectural quality of building, community residents vs building visitors vs workers, 9189
organizational climate, identification with work vs organization, middle management technicians in textile mills, 2206
organizational size & level & span of control, perceptions of openness in superior-subordinate communication, subordinates, 4584
participation, distribution & perceptions of control, employees, West Germany, 2217
participatory management, response to change, dispersed employees, 9137
pay level & valence for pay & promotion, satisfaction with pay, sales personnel, 9142
perceived work related alienation & professional orientation, maximum security prison officers, 13438
perceptions of company's handling of personal information, multinational corporation employees, 2242
personnel training program planning incorporating attitudes of trainees & management & trainers, 6847
phase delay work schedules, interruption of circadian system & attitudes & productivity, 19–68 yr old male rotating shift workers vs 19–56 yr old nonrotating day & swing shift workers, 4552
psychological barriers, acceptance of technical innovation, managers, 9119
questionnaire development, assessment of conflict between individual & organization, 18–60 yr old workers, 124
repetitive work, mood, 18–30 yr old females, 9143
rigidity & proneness to change, union activist vs nonactivist bank employees, India, 2218
self reported perceived vs outsider observed job characteristics, 10th & 11th graders, 758
situational constraints, job frustration & satisfaction, full time employed adults, replication of previous findings, 11496
staff turnover, psychiatric hospital ward climate, staff members & patients, 1773
technological advancement, prevention of insecurity & fear of unemployment & subsequent negative impact on mental health, workers, 13762
technostress training, effective use of computer technology, employees, 4544
Type A behavior, career experiences associated with failure, 22–62 yr old managers, validation of A. K. Korman & R. Korman's model, 9110
type of hospital & achievement values & age & length of service & parents' occupation & earnings & perception of hospital environment, occupational commitment, nurses in private vs public hospitals, 1879
type of job & number of surrounding partitions, perception of privacy in office, secretaries & bookkeepers & accountants & office managers & administrators, 4594
unit productivity, perceptions of organizational climate, 25–35 yr old male hosiery unit employers vs workers, 9165
value homogeneity between supervisor & subordinate, job satisfaction, supervisors & subordinates, 9154
variables affecting attitudes toward participation in preretirement counseling, 62–64 yr old male workers, 9157
visual display terminals, visual & musculoskeletal complaints & occupational stress & attitudes toward job demands & quality of work, literature review, 6884
work setting, affective symptoms & perceptions of work environment & sickness/absence & performance, student nurses, 8761

Employee Benefits [See Also Employee Health Insurance, Workmens Compensation Insurance]
use of tax-deferred annuity, university faculty, 11175

Employee Efficiency
cord vs cordless switchboard interface design & operating procedures, stress & system efficiency & mood ratings, 18–53 yr old public telephone switchboard operators, 9176
design of work space, job efficiency & satisfaction, software employees, 2240
task & individual & material & organizational & nonorganizational factors, job satisfaction & efficiency, 20–60 yr old machine-building production workers, 6866
time management training program, time spent on high priority tasks, university faculty & staff members, 8805
workload in cord vs cordless switchroom, subjective mood & performance efficiency, public telephone operators, 9182

Employee Health Insurance [See Also Workmens Compensation Insurance]
acceptance of employee mental health, business, 10996
effects of reduction in Federal Employees Health Benefits Program insurance coverage for mental illness, 6367
labor union views on comprehensive health insurance & role of psychiatry in management of worker stress, 10784

Employee Motivation
age & socioeconomic status, intention to continue to work if not financially necessary, 16–65 yr olds, Great Britain, 9175
causes & measures for prevention of job stagnation, 9108
cognitive-behavioral theory of leader influence & effectiveness based on subordinate work behavior, 9107
corporate ownership, need satisfaction, public vs private sector managers, India, 2211
decline of employee motivation, 9148
effect vs general vs functional congruence theories of person-situation interaction, prediction of work satisfaction, industrial foremen, 9151
guidelines for successful employee participation, managers, 2197
intrinsic & extrinsic work motivation, literature review, 13777
job characteristics & satisfaction & motivation, hospital pharmacists, 13512
job characteristics, motivation & satisfaction & job performance, industrial personnel, 9138
job design, achievement motivation, employees, 4586
motivating factors, middle managers in public sector governments vs private sector business & industrial organizations, 2204
multiple step program involving peer pressure & employees' own behaviors, employee absenteeism & attitudes & motivation & turnover, 6867
need satisfaction theory of self, work motivation, literature review, 9098
organizational characteristics & employee values, structure & intensity of optimal work motivation, industrial skilled workers vs personnel with academic degrees, 6871
organizational pressure for performance & experienced time pressure, job performance & job satisfaction, 21–60 yr old retail sales managers, 9109
supervisor's management style & responses to day-to-day job performance, satisfaction & productivity, nurses, 1850

system of roles for motivating improved employee performance, human resources managers, 11481
task goal level & specificity & perceived effort requirement & energy potential, task performance, college students, support for goal-energy-effort requirement theory of work motivation, 4563
work group & task size, rating jobs on dimensions & enrichment & motivation potential, college students observing assembly line workers, 2221
work motivation, 19–67 yr olds, Zambia, 13759
Employee Performance Appraisal [See Job Performance, Personnel Evaluation]
Employee Productivity
alienation & ego strength, level of performance in terms of production, blue collar industrial workers, 2173
attitudes & satisfaction, productivity & absenteeism & turnover, industrial personnel, 13799
cognitive-behavioral theory of leader influence & effectiveness based on subordinate work behavior, 9107
computerized conferencing systems, productivity, scientific research communities, 4670
conveyor velocity & object spacing, dynamic visual inspection for quality control & eye movements & error rate, 20–29 yr olds, 13823
development & implementation of combined planning & appraisal system, organizational commitment & productivity, government employees, 11503
division of responsibility, productivity & treatment goals & working climate, multidisciplinary treatment teams in acute psychiatric admission clinic, 6436
exclusion of rest time, accuracy of measurement of production efficiency, employees, 59
Hawthorne studies of worker attitudes & production, Western Electric employees, comments on article by D. Bramel & R. Friend, 6878
Hawthorne study of industrial workers' attitudes & productivity, comments on article by D. Bramel & R. Friend, 6877
Hawthorne study of industrial workers, comments on critique by D. Bramel & R. Friend, 6864
Hawthorne study of industrial workers, comments on D. Bramel & R. Friend's criticisms of work by E. Mayo & G. F. Lombard, 6874
Hawthorne study of industrial workers, comments on Marxist perspectives of D. Bramel & R. Friend & interpretations by E. Mayo & G. F. Lombard, 6870
leadership style management development & organizational change, satisfaction & effectiveness & productivity, employees, 4567
Marxist viewpoint in industrial psychology in Hawthorne study of industrial workers, reply to criticisms by H. Toch & R. Stagner & H. M. Parsons & J. Feldman & E. A. Locke, 6862
organizational climate, productivity, public sector organization employees, 2223
organizational development vs management training, employee productivity, 11474
perceived job attributes & growth need strength, productivity & job & overall satisfaction, manufacturing firm employees, 9149
performance contracting & unions & productivity bargaining & civil service boards, barriers to productivity, state & local governments, 2198
phase delay work schedules, interruption of circadian system & attitudes & productivity, 19–68 yr old male rotating shift workers vs 19–56 yr old nonrotating day & swing shift workers, 4552
rate-terminal process theory & suitability of tests for Performance Evaluation Tests for Environmental Research, assessment of productivity & selection & training research, US Navy personnel, 7072
return to normal from altered work rest cycle, sleep patterns & physiological functions & work capacity, 28–40 yr old males, 9159
sequential goal-setting training, productivity, profoundly & moderately retarded 16–21 yr olds, 8666
stable working conditions, productivity, female sewing machine operators & folding & packaging personnel, 13780
structured meeting systems, successful completion of nonrecurring task, middle managers & college students, 9118
supervisor's management style & responses to day-to-day job performance, satisfaction & productivity, nurses, 1850
training programs, company productivity levels, management personnel, 9121
union support of goal-setting program, productivity, male truck drivers, 9092
unit productivity, perceptions of organizational climate, 25–35 yr old male hosiery unit employers vs workers, 9165
weight of object & lift distance, subjective acceptable frequency of continual lifting task, 21–34 yr old females, 4596
working in high- vs low-productivity textile mills, satisfaction, employees, 9170
Employee Selection [See Personnel Selection]
Employee Skills [See Also Clerical Secretarial Skills]
ability & training performance & demographic factors, voluntary turnover, psychiatric aides in state hospital, 13494
aptitudes required & psychological rewards offered by job tasks & job satisfaction, employees, 2239
assignment to tracking, task training group based on motor skill & information processing test performance, training efficiency, employees, 2159
guidelines, identification of top level manager material, 9104
mother's job autonomy & demands & skill utilization, child's school attendance & effort & achievement, Black lower socioeconomic mothers & their 10–17 yr old children, 6709
Personal Employment Program, employment training, Comprehensive Employment & Training Act participants, 6845
situational variability, skill performance, assessment center candidates, 4559
Employee Termination [See Personnel Termination]
Employee Turnover
ability & training performance & demographic factors, voluntary turnover, psychiatric aides in state hospital, 13494
age & sex & satisfaction & instrumental communication & distributive justice & opportunity & routinization & length of service, turnover, business employees, investigation of J. L. Price's model, 2226
attitudes & satisfaction, productivity & absenteeism & turnover, industrial personnel, 13799
biographical & situational data & organizational commitment & job satisfaction & lateness & absenteeism & turnover, engineering plant employees, 13802
consistency in ranking of labor turnover rates, industrial organizations, South Africa, 9-yr followup, confirmation of R. Van der Merwe & S. Miller's findings, 2227
leadership style & leader-member exchange, turnover, public utility systems analysts & computer programers, 9147
level of opportunity for alternative employment, job dissatisfaction & turnover, 9171
multiple step program involving peer pressure & employees' own behaviors, employee absenteeism & attitudes & motivation & turnover, 6867
participation in decision making, perceived influence & role conflict & ambiguity & emotional strain & job satisfaction, absenteeism & turnover intention, nursing & clerical employees, 13804
prefield orientation program, prediction of success & reduction of loss in personnel, missionaries, 6869
realistic job preview, realistic expectations & voluntary vs involuntary turnover, gasoline station job applicants, 2147
reasons for staff turnover, counselors at camp for mentally retarded children & adults, 4300
staff turnover, psychiatric hospital ward climate, staff members & patients, 1773
Employees [See Personnel]
Employer Attitudes
employment outlook, older top level managers, 11472
legal precedents & standards for establishing claim of sexual harassment, 959
personnel training program planning incorporating attitudes of trainees & management & trainers, 6847
unit productivity, perceptions of organizational climate, 25–35 yr old male hosiery unit employers vs workers, 9165
Employment [See Employment Status]
Employment History
academic vs vocational secondary school curriculum, career patterns, male vs female high school graduates, longitudinal study, 9048
age & sex & satisfaction & instrumental communication & distributive justice & opportunity & routinization & length of service, turnover, business employees, investigation of J. L. Price's model, 2226
education & ethnicity & premarital work history & childhood place of residence, age at 1st marriage, females, Peninsular Malaysia, 7805
long term employment profiles, female doctoral students of radio astronomy, implications for sex differences in science career success, 11464
neuroticism & length of underground employment, work fatigue, 20–51 yr old miners, 4593
personal vs educational characteristics, career paths, female school superintendents, 1915

relative importance of work values, organizational choice at different vocational life stages, Master of Business Administration students with mean age of 31 yrs, 2137
secondary school curriculum, career patterns, comments on article by E. L. Herr et al, 9056
secondary school curriculum, career patterns, reply to critique by D. E. Super, 9047
sex & previous employment & source of job information, obtaining & maintaining employment, former participants in National Urban League's Youth Career Development Project with mean age of 19.4 yrs, 2143
vibration induced circulatory disturbance vs exposure time vs age vs use of ear protectors, hearing loss, lumberjacks, 6-yr longitudinal study, 8235
vocational behavior & career development, review of 1981 literature, 9044
Employment Interviews [See Job Applicant Interviews]
Employment Processes [See Personnel Recruitment]
Employment Status [See Also Unemployment]
acceptance vs conflict in parenting role & employment & father's role & child care arrangements, mothers age 33 or older vs 23–29 yrs old at birth of 1st child, 3307
attribution of unsuccessful job acquisition by disabled vs nondisabled applicants, nondisabled college students, implications for effect of attributions on client motivation, 8689
cardiac rehabilitation program following stay in coronary care unit, outcome measured by return to work & adjustment to ischemic heart disease & presence of risk factors, males aged 64 yrs or less, 1-yr followup, 11080
child demographics & parental loss & deprivation factors & adult sociodemographic factors & social class & employment status & religious participation, mental disorders, 18–64 yr olds, 1223
childbearing & labor force participation, wives, 15-yr followup study, 10341
clinical history & risk & psychosocial & angiographic factors & treatment characteristics, work status, 18–70 yr old males with coronary artery disease, 3783
cognitive/social stimulation in home environment & sex typing in child's room, 3–6 yr olds from intact/mother working vs nonworking vs divorced/mother working families, 3048
economic resources, conjugal influence in employment decision making, wives with mean age of 30.6 yrs, test of resource vs social exchange theories, 7813
education & socioeconomic status & familial child care burdens & age & ethnic background, labor force participation, immigrant vs native born Jewish urban married 18–54 yr old females, Israel, 3279
employment & lifestyle expectations for other women, 23–82 yr old females, 3353
employment & marital status & sex & presence of young children, prevalence of neurotic disorder, 18–64 yr olds, 12886
employment outlook, early childhood special education teachers, 8802
employment status & issues & vocational rehabilitation, disabled women, 4247
employment status, self esteem & psychological well-being & physical health, 40–59 yr old females, 12469
employment status, work & school & peer activities, 10th & 11th graders, 8918
entry into work force, preference for various job characteristics & self-concept, female health professionals, longitudinal study, 8758
evaluation of racial vs sexual discrimination in labor market entry, 14–24 yr old Ss of National Longitudinal Survey, 11430
health/disability status & societal attitudes & education & employment & benefits & services, females in developing & industrialized countries, 3859
illness behavior, cardiological & occupational outcome & subjective assessment of well being, survivors of myocardial infarction, 2-yr followup, 3775
impact of work experience, adolescents, literature review, 12517
maternal employment, attitudes toward sex role & occupational stereotypes, male vs female 8th graders, 5413
maternal employment, development of sex roles & sex role attitudes, 8 & 9 yr olds, 10254
maternal labor force participation, 2-parent families with 3–18 yr olds with cystic fibrosis vs cerebral palsy vs myelodysplasia vs multiple physical handicaps, 1351
parental schooling & occupational status & maternal employment, educational aspects of parent child relations & child's academic achievement, Chicanos vs non-Hispanic White families, 11265
policy of mandatory work registration, impact on family, clients receiving Aid to Families with Dependent Children, 7845
presence vs absence of question about earnings, rate of return of mailed questionnaire on employment status, 17–65 yr olds who completed employment rehabilitation course, 189
proposals to ameliorate disincentive problem, rehabilitation, handicapped, 8657
scale of farming & education & white- vs blue-collar off-farm employment, political ideology, part- vs full-time farmers, 7825
sex & marital & employment status, depressive symptoms, Mexican Americans, 3616
sex & previous employment & source of job information, obtaining & maintaining employment, former participants in National Urban League's Youth Career Development Project with mean age of 19.4 yrs, 2143
social stability, outcome of alcoholism treatment program, 8698
sociocultural factors & ethnicity & language & working status & time of migration, use of health care facilities for perinatal care, 16–41 yr old pregnant Mexican Americans, 10964
vocational & social & community adjustment & medical status & education, learning disabled young adults, 8154
Employment Tests
causes & implications of elimination of Professional & Administrative Career Examination, 2155
correction procedures for restriction of range & attenuation, validation of prediction & criterion related selection & performance measures, US Navy personnel, 2451
Encephalitis
circling movements, 5 yr old female with left anterior temporal lesion resulting from presumed viral encephalitis, 5943
language & speech recovery, 47 yr old male with viral encephalitis, 10738
Encephalography [See Echoencephalography, Electroencephalography, Pneumoencephalography]
Encephalography (Air) [See Pneumoencephalography]
Encephalomyelitis
chronic mania following polioencephalomyelitis, 8 yr old male, India, 8251
Encephalopathies [See Also Toxic Encephalopathies, Wernickes Syndrome]
neuropsychiatric symptoms & progressive subcortical vascular encephalopathy found at autopsy, aged, implications for pathogenesis & diagnosis of Binswanger's disease, 6039
transient intellectual & psychosocial regression during recovery phase, 14–15 yr old survivors of Stage V Reye's syndrome, 8234
Encephalopathies (Toxic) [See Toxic Encephalopathies]
Encoding [See Human Information Storage]
Encopresis [See Fecal Incontinence]
Encounter Group Therapy
efficacy of therapeutic encounter groups, schizophrenic outpatients, 10893
Encounter Groups [See Sensitivity Training]
Encouragement
efficacy of encouraging positive verbalization at youth league baseball games, adult Os, 13755
Endocrine Disorders [See Also Adrenal Gland Disorders, Diabetes, Diabetes Insipidus, Diabetes Mellitus, Endocrine Sexual Disorders, Hypogonadism, Hypopituitarism, Hypothyroidism, Parathyroid Disorders, Pituitary Disorders, Premenstrual Tension, Thyroid Disorders, Thyrotoxicosis, Turners Syndrome]
repeated dexamethasone suppression test, hypothalamic pituitary adrenal hyperactivity, depressed patients, 1158
thyrotropin response to thyrotropin-releasing hormone & dexamethasone suppression test, neuroendocrine abnormalities, patients with mean age of 41 yrs with major unipolar depression, 5720
Endocrine Gland Surgery [See Adrenalectomy, Castration, Hypophysectomy, Male Castration, Ovariectomy, Pinealectomy]
Endocrine Glands [See Adrenal Glands, Gonads, Hypothalamo Hypophyseal System, Ovaries, Pituitary Gland, Testes, Thyroid Gland]
Endocrine Sexual Disorders [See Also Hypogonadism, Premenstrual Tension, Turners Syndrome]
gonadal dysgenesis & development of anorexia nervosa, 17.5 yr old female undergoing hormonal replacement therapy, 3869
Endocrine System [See Also Adrenal Glands, Gonads, Hypothalamo Hypophyseal System, Ovaries, Pituitary Gland, Testes, Thyroid Gland]
antagonistic behavior vs competition tests & weight of body & endocrine organs & glands, determination of social rank positions, male rats, 9801

imipramine vs amitriptyline, hypothalamic-pituitary-adrenal axis activity, 19–69 yr old endogenously depressed hospitalized patients, 1641
Endocrinology
clinical applications of psychoneuroendocrinology, 10490
hypothalamic peptides, neurobiology & hypothalamic-pituitary functions, 448
neuroendocrine correlates, suicidal behavior, males with mean age of 32 yrs, 1282
Endogamous Marriage
analysis of mate pool availability, evaluation of potential endogamy, settlement populations of Semai Senoi, Malaysia, 10316
Endogenous Depression
age & severity of depression, response to ECT, reactively vs endogenously depressed males & females with mean ages of 50.2 & 47.9 yrs, 10810
amineptine, tolerance & effectiveness, 30–81 yr old reactive & endogenous & psychotic depressed patients, 1604
circadian variations, serum thyrotropin, endogenous depressed 65–80 yr olds, 3586
cortisol & prolactin circadian rhythms before vs after dexamethasone suppression test, 26–65 yr old female inpatients with endogenous vs nonendogenous depression, 12888
dexamethasone suppression test abnormality, diagnosis of biologically derived depression, females with postpartum depression, 3524
diagnostic & treatment usefulness of dexamethasone suppression test, 21–72 yr olds with endogenous depression, 3604
fluvoxamine vs chlorimipramine, endogenous depressed inpatients with mean age of 46 yrs, 8455
imipramine vs amitriptyline, hypothalamic-pituitary-adrenal axis activity, 19–69 yr old endogenously depressed hospitalized patients, 1641
lithium carbonate therapy withdrawal & spironolactone substitution, mania, 50 yr old male with endogenous depression, 1656
nomifensine & amitriptyline therapy, endogenous & reactive depression, 64–89 yr olds, 4074
nomifensine vs amitriptyline, treatment of endogenous depression, 30–over 50 yr old patients, 10937
nomifensine vs imipramine, treatment of endogenous depression, 18–65 yr old patients, 10928
nomifensine vs maprotiline, treatment of endogenous depression, 16–78 yr old patients, 10936
nomifensine vs nortriptyline, treatment of endogenous vs reactive vs endogenous/reactive depression, 18–60 yr old patients, 10943
REM sleep patterns, endogenous depression, literature review, 7988
severity of depression, breathing rate & carbon dioxide responses, 20–74 yr old reactive vs endogenous depressives, 3561
time awareness, 20–66 yr old patients with endogenous vs neurotic depression vs schizophrenia or paranoid state with depressive symptoms, 3589
viloxazine vs imipramine, treatment of endogenous depression & side effects, 22–64 yr old patients, 4088
zimelidine & desipramine, depressed patients, 8444
zimelidine vs desipramine, endogenous depression, 25–68 yr old hospitalized patients, 6265
zimelidine vs desipramine, endogenous depression, 25–68 yr old patients with high vs low cerebrospinal fluid pretreatment levels of 5-hydroxyindoleacetic acid & homovanillic acid & 4-hydroxy-3-methoxyphenyl glycol, 6266
Endorphins [See Also Enkephalins]
bacitracin protease inhibitor, brain beta-endorphin content & analgesia, male rats, 685
beta-endorphin doses & naloxone & pinealectomy, body temperature & activity levels, goldfish, 7554
beta-endorphin injection into hypothalamic paraventricular nucleus, norepinephrine & blockade by phentolamine & food intake & antagonism by naloxone, male rats, 5249
des-tyr-gamma-endorphin therapy, schizophrenia, 4060
des-tyrosine-gamma-endorphin, 20–42 yr old schizophrenics, 4084
discovery & function of endorphins & opiates, literature review, 497
endorphins, appetite regulation & metabolism & obesity, literature review, 13103
endorphins released by stress & running & acupuncture & sexual activity & suggestion & ritualistic dancing, antinociception & socialization & euphoria & drive & vegetative functions & mental disorders, literature review, 7468
environmental familiarity & conditioned fear, plasma beta-endorphin levels, male rats, 355
estradiol & progesterone, brain endorphin levels, female rats in different stages of estrous cycle vs pregnancy vs following ovariectomy, 7577
footshock stress & endorphin-induced analgesia, defensive fighting, male rats, 5178
hemodialysis, tardive dyskinesia & dialysate endorphin levels, 50 yr old female schizophrenic, 6348
hypothalamic peptides, neurobiology & hypothalamic-pituitary functions, 448
individual levels of fraction I endorphins & substance P in cerebrospinal fluid, self administered levels of meperidine for postoperative pain, 21–60 yr olds, 6316
intracerebral injections of alpha- vs beta- vs gamma-endorphins, dopamine metabolism & behavior, male mice, 5245
intracisternal beta-endorphin, dopamine uptake in hypothalamus & striatum, male rats, 10010
intraseptal naloxone vs naltrexone vs beta-endorphin vs fentanyl vs morphine vs met-enkephalin, locomotor patterns induced by ip morphine, cats, 10026
intrathecal ACTH, morphine- & beta-endorphin induced analgesia, male rats, 9990
morphine vs beta-endorphin vs enkephalins, oxytocin release induced by acetylcholine vs suckling, lactating rats, 7549
naloxone, nitrous oxide-induced analgesia, 18–32 yr olds with dental pain, implications for role of endogenous opioids in analgesia, 6297
neural & hormonal & opiate & nonopiate pain modulation mechanisms, literature review, 491
neuroanatomy & neurochemistry & neurophysiology of opiomelanotropinergic neurons in pituitary & brain, literature review, 5095
phenyldiguanide, stimulation of pulmonary vagal afferents & resultant cardiovascular & respiratory & motor coordination effects, male rats, implications for cardiovascular effects of opioids, 2986
role of endorphins & drug therapy, schizophrenia, 27–45 yr old schizophrenics & depressives, literature review, 4061
role of endorphins in stress reactions, humans & animals, 2834
stress & anterior vs neurointermediate pituitary lobe ablation, plasma & brain levels of beta-endorphin & met-enkephalin, male rats, 580
treatment with des-tyr-gamma-endorphin, schizophrenics, literature review, 13280
Endurance [See Physical Endurance]
Energy Expenditure
antecedents & consequences of effort expenditure during achievement oriented activity, 11731
carbaryl sublethal concentrations, surfacing behavior & food intake & growth, air-breathing fish, 2920
effort required in standard maintenance feeding, subsequent effort expended in operant learning task, male rats, 11971
ego & soma & motivation & energy expenditure, agonistic behavior, animals, 9808
experiencing vs not experiencing suggested events on Creative Imagination Scale & vividness of effect, amount of effort expended, college students, 2617
food deprivation-induced negative energy balance, hypothalamic self stimulation rates & hyperphagia, male rats, 522
food intake & huddling & exposure to cold, metabolism & diurnal activity, common bushtits, implications for survival during food scarcity & inclement weather, 2710
foraging behavior & energy requirements, king penguins, 4995
horizontal lifting task, physiological responses & psychophysically-measured preferred workload, 28–37 yr old brewer's draymen, 6890
lifestyle change of increased energy expenditure vs aerobic exercise with vs without dieting, weight & fitness, obese 8–12 yr olds, 6223
movement velocity & system mass, response amplitude & timing accuracy in discrete timing motor control task, right handed college students, 251
optimal handle position in box-holding task, biomechanical & physical & psychophysical indices, male college students, 2247
physical effort & visual-auditory attention task, fatigue & performance, 18–21 yr old males, 9526
physical work capacity & classroom attention, physically handicapped vs nonhandicapped 7.6–13.9 yr olds, implications for physical training programs, 2030
proportion of meat in diet & metabolic needs & ecology, home-range size, carnivores, 7340
self estimate of energy mobilization & free association of numbers test, measurement of neuropsychic tonus of work capacity before vs after fatigue, aviation school candidates & student pilots, 4845
self regulated vs preset work tempo, performance & effort & physiological arousal in repetitive task, 20–50 yr old males, 5136

sniff pressure & resistance, perceived effort in sniffing, college students, support for odor constancy model, 11767
student effort & grade & sex & race & teacher & teacher expectations, self concept, handicapped vs nonhandicapped kindergartners through 3rd graders in mainstreamed physical education classes, 4454
task goal level & specificity & perceived effort requirement & energy potential, task performance, college students, support for goal-energy-effort requirement theory of work motivation, 4563
task variety vs single task during training, generalized effort on subsequent essay writing task, female college students, 323
toeclips, ratings of perceived exertion during oxygen uptake test conducted on bicycle ergometer, trained competitive cyclists vs noncyclists, 2543
Engineers
content-free computer-based simulations, training & performance on fault diagnosis tasks, engineering & technical trainees, 11457
human performance in fault diagnosis, annotated bibliography, 11429
involvement in quality of work life program, experienced influence & job autonomy & supervisor participativeness & influence, utility managers & engineers & technical/clerical staff, 11498
personality characteristics, engineer successfully functioning in 3 occupational positions, 2163
England
clinical psychology training, England vs US, 4294
day vs residential care units, social behavior, psychiatric patients, England, 8552
demographic & social & clinical characteristics, 19–89 yr old psychiatric patients, England, implications for judging quality of available services, 8062
expected training & experience for educational psychologist & suggested improvements for psychological services, teachers & headmasters in international schools, England, 13732
factor analysis, academic stress, adolescents, US vs England, 11301
juvenile justice systems, Scotland vs England, 3349
model of probation practice, probation officers, England, 4219
need for services, psychiatric patients, England, 8583
past vs future event probability assessment task, certainty of responses, college students, England vs Indonesia, 11892
peer vs parental influences & interest in "pop" culture, 12–15 yr old females, England, implications for existence of youth culture, 5445
protective sentencing of dangerous offender, England, implications for Maryland's Patuxent Institution, 8671
provision of social support & imposition of burden, relatives & friends of community psychiatric patients, England, 8560
recreation & leisure, unemployed 16–20 yr olds, England, 12512
sex differences, rates of psychiatric hospitalization & mental illness, England & Wales, 3552
sexual discrimination experiences, female attorneys, England, 9169
song structures & seasonal variations, male yellowhammers, England & West Germany, 379
special education school, returning children to regular classroom, emotionally disturbed 7–12 yr olds, England, 6798
temporary increase in prescribed drug dosage, reduction in illicit drug use, 24–31 yr old drug addicts, England, 13467
English (Nonstandard) [See Nonstandard English]
English Language [See Language]
Enhancement (Drugs) [See Drug Interactions]
Enjoyment [See Pleasure]
Enkephalins
conditioned reward produced by enkephalin microinjection into ventral tegmental area, male rats, 671
dextrophenylalanine & other enkephalins, implications for therapeutic applications, literature review, 13268
enkephalin analogs administration into amygdala central nucleus & naloxone, acquisition of classically conditioned heart rate responding, rabbits, 10009
footshock stress, enkephalin-like peptide mediation of opioid stress analgesia, male rats with adrenalectomy vs adrenal demedullation vs adrenal medulla denervation, 2905
icv enkephalin analog FK 33-824 doses vs morphine vs dextro-ala-2-Met-enkephalinamide & subsequent naloxone & environmental temperature, hyperthermia, cats, 597
intraseptal naloxone vs naltrexone vs beta-endorphin vs fentanyl vs morphine vs met-enkephalin, locomotor patterns induced by ip morphine, cats, 10026
long term ethanol exposure, reduction of leucine-enkephalin-like immunoreactive substance in basal ganglia, hamsters, 592
methionine- vs leucine-enkephalins, retention & carbon dioxide-induced retrograde amnesia, rats at 20 & 34 days of age, 12248
morphine vs beta-endorphin vs enkephalins, oxytocin release induced by acetylcholine vs suckling, lactating rats, 7549
morphine vs dextro-Ala-2-Met-enkephalinamide vs dextro-Ala-2-dextro-Leu-5-enkephalin, barpressing for obtaining vs escaping heat, cats, 598
opiate receptors & vocalization & enkephalin neuronal systems, pain perception, 487
phenyldiguanide, stimulation of pulmonary vagal afferents & resultant cardiovascular & respiratory & motor coordination effects, male rats, implications for cardiovascular effects of opioids, 2986
stress & anterior vs neurointermediate pituitary lobe ablation, plasma & brain levels of beta-endorphin & met-enkephalin, male rats, 580
synthesized enkephalin analogs, electrically induced ileal contractions & analgesia, guinea pigs & mice, 7559
thiorphan & bestatin, striatal met-enkephalin & inhibition of dipeptidyl carboxypeptidase & pain thresholds, female mice, 5282
Enlisted Military Personnel
hospital admission rates during later stages of career, alcoholic US Navy enlisted males, 6445
Spoke tasks, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted personnel, 2344
Enlistment (Military) [See Military Enlistment]
Enrollment (School) [See School Enrollment]
Entrance Examinations
long term predictive & construct validity of undergraduate GPA & Law School Admission Test, law school performance, law students, 2108
Entrapment Games
self directed attention & information provided, likelihood of entrapment, college students & adults, 7887
timing of introduction of cost salience information & self consciousness & social anxiety & audience characteristics, degree of entrapment in escalating conflict, 1034
Enuresis [See Urinary Incontinence]
Environment [See Also Academic Environment, Animal Environments, Classroom Environment, College Environment, Communities, Home Environment, Hospital Environment, Kibbutz, Neighborhoods, Rural Environments, School Environment, Social Environments, Suburban Environments, Towns, Urban Environments, Working Conditions]
accuracy of identification for animal vs inanimate vs musical vs human sounds, college students, 7217
adaptation to high mountain conditions & arginine vasopressin & physical load, memory, inhabitants of Central Asian & Pskov regions, USSR, 12136
age & handicapping condition & contextual setting, development of peer relations, young children, literature review, 865
change in location of therapy, patient's emotions & relationship with analyst, psychoanalytic patients, 10851
child's cognitive development & TV stimulus attributes & viewing environment, attention to TV, children, 5363
clinical pastoral education & type of setting, self actualization & openness to feelings, 34–39 yr old students, 7781
conceptual framework, assessment of total care institutions, 8655
density & play equipment & organization of space in day care facilities, adult/child behavior, 11158
design of play environments, 3 yr old & younger, 3054
distance to major topographic features, perceptions of scenic beauty, college students, 13826
ego & super ego strength & self sentiment, male 12–18 yr olds identical vs fraternal twins vs siblings vs unrelated children raised apart vs together, 5410
environment & intelligence, achieved educational level, reanalysis of L. M. van Meeram & A. A. van Peet's data, 1990
environmental & seasonal variations, incidence of cardiovascular disorders, 8170
environmental encouragements for signing, increases in signing & subsequent increase in vocalizations, profoundly retarded & autistic 18–21 yr olds, 4243
environmental events in social networks, production & maintenance of improvements in child behavior therapy, 10926
environmental setting, occupational therapy, literature review, 13425
factor analysis, Correctional Institutions Environment Scale, 11704
familiarity vs novelty of room & presence vs absence of auditory cues, spatial updating stategies in location of objects, early vs late blinded vs blindfolded sighted 18–38 yr olds, 3838
fit of biometrical genetic models to California Psychological Inventory results, 240

frequency of self reinforcement & E-administered reinforcement during task, depressed mood, college students, implications for prediction of mood change, 9682
genetic & environmental influences & alcohol abuse, predisposition & inheritance of criminality, 23–43 yr old male adoptees, Sweden, 5810
genetic & environmental influences, WISC & WAIS IQs, adopted & biological children & parents, 12035
genetic & environmental interactions, antisocial behavior, literature review, 1247
genetic vs environmental influences on personality, 7399
genetics & environmental influences & alcoholism & low social status & unstable preadoptive placement, predisposition to petty criminality, 23–43 yr old male adoptees, Sweden, 5814
heredity vs environment, personality traits, twins & their families, 5018
home vs training setting & child management & planned activities training, reduction of child deviant behavior, families with difficult-to-manage 3–5 yr old males, 1531
interaction of genetic influences known as emergenesis, usefulness of twin studies, monozygotic twins reared apart & mono- & dizygotic twins reared together, 2751
level of functioning, blood pressure & heart rate & peripheral blood flow & vascular resistance during RT & social interaction tasks & evidence of sensitivity to environmental stimulation, autistic 11–20 yr olds, 1168
life experiences & locus of control & training unit environment & success in training, changes in locus of control, male US Marine corps recruits, 11447
participation in social programs & correctional control of prison environment, misbehavior, inmates in maximum security prison, 13440
presentation of word lists in multiple vs single learning rooms, recall, college students, 9667
ratings of man-made vs natural & open vs closed environments with few vs many inhabitants, 13–14 yr olds & college students, 10251
recommendations for enhancement of environments for learning, children, 3148
role of genetics & environment & behavior in etiology & social skills training for reduction of vulnerability, schizophrenia, 8031
room size & personality traits & demographic characteristics, evaluation of rooms, 9190
satisfaction with public housing environment, residents, 9193
segregation analysis applied to data from 1st-degree relatives of schizophrenics, testing monogenic hypothesis for transmission of schizophrenia & possibility of genetic/psychosocial interaction, 1229
series of fixed-time & extinction schedules & restriction in behavioral field, food-cup response & adjunctive drinking, food-deprived rats, 9782
similarity of tactical work stations in air vs sea environments, US Navy personnel, 9097
situational context & environmental influences & information from O's vs victim's point of view, labeling of act as aggressive, students, 5602
social factors & environmental antecedents of language deficiencies, prevention & remediation, children, 3910
stimulus overselectivity & autistic development, autistic children, treatment implications, 12879
taste & smell as illustrative of environmental relationships, humans, 2545
test construction, measurement of behavioral effects of correctional institution design, architects & jail administrators & inmates & staff, 8665
theory of disinterestedness of aesthetic perception, viewers, 2259

Environmental Adaptation
adaptation to high mountain conditions & arginine vasopressin & physical load, memory, inhabitants of Central Asian & Pskov regions, USSR, 12136
adaptation to highway traffic noise, community residents, 6907
adaptation to noise effects & cardiovascular function, humans, 7473
body vs eye movement & vision, visual-motor adjustment to prismatically distorted environment, male college students, 2527
residential adaptation to air pollution, identification of smog using signal detection procedures, long-term vs recent migrant residents, 6899
wavelike pattern of biological adaptive processes, humans, implications for space travel, 7478

Environmental Attitudes
age & education & seniority, perceptions of environmental issues, managers, South Africa vs Nigeria, 13794
destructive attitude toward mother image, ecological exploitation of "Mother Nature", 4601
knowledge & income, energy consumption, college students & 26–55 yr old consumers, test of Fishbein-Ajzen model & implications for increasing conservation, 6905
measurement error in indicators of subjective air quality, 6943
perceived social & environmental impact of Bay Area Rapid Transit system, nearby residents, 11510
perception of pollution's direct effects vs environmental concern & knowledge & feelings of control over pollution, voluntary auto emissions inspection & attitude change, drivers, 6906
perceptions of crowding & resource quality evaluations, early vs more recent visitors to Apostle Islands National Lakeshore, 9192
ratings of man-made vs natural & open vs closed environments with few vs many inhabitants, 13–14 yr olds & college students, 10251
theory of spiral of silence vs pluralistic ignorance, perception of public opinion on environmental issues, city residents, 11517

Environmental Design [See Environmental Planning]

Environmental Effects [See Also Altitude Effects, Atmospheric Conditions, Cold Effects, Gravitational Effects, Heat Effects, Noise Effects, Seasonal Variations, Temperature Effects, Underwater Effects, Weightlessness]
change in climate & environment, seasonal breeding, Japanese monkeys, implications for social drift, 7344
disease prevention & health promotion, health problems due to behavior & lifestyle & physical environment, 6361
environment, singing, Kloss gibbons, Indonesia, 7386
environmental & ecological factors & pollutant chemicals & drugs & alcohol, suicide & aggressive behavior, literature review, 3647
Spoke tasks, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted personnel, 2344
tropical environment, seasonal mating, impala antelopes, southern Africa, 7366
visual cues & wind direction, nocturnal migratory orientation, free flying passerine, 7317
weather conditions & psychiatric emergency room visits, 10514

Environmental Planning [See Also Interior Design, Urban Planning]
architectural symbolism, aesthetic pleasure, 2268
behavioral research, zoo design, children & parents & teachers & zoo personnel, 2270
classification of behavior settings, community residents, 2258
dimensions of perceived privacy, college students, implications for environmental design, 2280
feasibility of collaboration in environmental design, researchers & designers, 2273
humanist vs activist vs experimentalist vs planner approaches to environmental aesthetics, 2272
importance of standardization of evaluation instruments in environmental design research, 2279
interrelationships of social & psychological & architectural dimensions, community profiles, 2275
perceived social & environmental impact of Bay Area Rapid Transit system, nearby residents, 11510
representation in environmental & behavioral research, females, 1842
signs, perceived crowding, visitors to lobby of federal prison, 13828
social consequences, urban highways & rail systems, 11514
social factors, design of transportation systems, 11515
use of outdoors surrounding apartment building & suggestions for improvements, elderly residents, 2260
utilization of environmental & behavioral research, 2274
validity of subjective responses in environmental design research, 48
visual complexity in user perception of architecture, environmental planning, 2262

Environmental Psychology
adaptation to highway traffic noise, community residents, 6907
Code Substitution Test, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7093
common ground for consultatory relationship, psychologists & architects, criticism of R. Sommer's article, 1844
construction & standardization, Performance Evaluation Tests for Environmental Research, 7070
construction of Performance Evaluation Tests for Environmental Research, military applications, 7068
development & reliability & validity, instrument to assess residential satisfaction, metropolitan area residents, West Germany, 4757

development & research, Navy Performance Evaluation Test for Environmental Research, 7069
environmental cues & Pavlovian conditioning model in learning psychology, environmental psychology, 4916
evaluation of navigation plotting task, development of performance evaluation tests for environmental research, 19–24 yr old US Navy enlistees & US Coast Guardsmen with mean age of 22.1 yrs, 11701
forward vs backward auditory digit span testing, suitability for inclusion in Performance Evaluation Test for Environmental Research, 18–25 yr old US Navy enlisted men, 7085
group form of Stroop Test, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7060
Interference Susceptibility Test, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7074
item recognition measures, suitability for inclusion in Performance Evaluation Tests for Environmental Research, US Navy enlisted men, 7044
memory tests, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7061
Performance Evaluation Test for Environmental Research, 19–24 yr old US Navy enlistees, 7071
phenomenology, environmental psychology, literature review, 6904
rate-terminal process theory & suitability of tests for Performance Evaluation Tests for Environmental Research, assessment of productivity & selection & training research, US Navy personnel, 7072
research in animal ethology, keys to understanding of aesthetic preferences in environment, 2264
role of behavioral toxicology in environmental management, Australia, 13827
selection of Performance Evaluation Tests for Environmental Research subtests & comparison with source batteries, military applications, 7043
task analysis, research in unusual environments, implications for development of performance test with military applications, 7102
task analysis, research in unusual environments, implications for military performance test development, 7104
task analytic methodology, development of human performance battery for environmental research, student pilots, 7105

Environmental Stress
enviromental stressors & coping resources, level of functioning & adaptation, independence & achievement & moral/religious & intellectual/cultural & support & conflict oriented & disorganized families, 922
environmental context of automobile travel or transit use, stress & well-being, industrial employee commuters, 11516
housing type, stress & family relations, Canada, 9185
social consequences, urban highways & rail systems, 11514
social support, stress-related symptoms & task performance & urinary catecholamines, Ss living near Three Mile Island nuclear power plant, 9187

Envy [See Jealousy]

Enzymes [See Also Acetylcholinesterase, Cytochrome Oxidase, Decarboxylases, Dehydrogenases, Esterases, Hydroxylases, Lactate Dehydrogenase, Monoamine Oxidases, Phosphatases, Transaminases, Transferases]
adenosine deaminase activity, autistic vs mentally retarded vs cerebral palsied 4–22 yr olds, 7977
adrenalectomy vs stress, horseradish peroxidase uptake by parvocellular hypophysiotropic neurons of nucleus preopticus & lateral tuberis, goldfish, 456
brain activity of succinate vs lactate dehydrogenase vs peroxidase vs cytochrome oxidase, schizophrenics, 10506
cell localization of adenylate cyclase & cyclic adenosine monophosphate phosphodiesterase activity in foliate papillae, rabbits, 9890
cell localization of adenylate cyclase activity in fungiform & foliate & circumvallate papillae, rats & rabbits & cats & dogs, 9899
optic nerve crush, role of retinal ornithine decarboxylase activity in neural regeneration, goldfish, 573
peptidase inhibitors, reduction of morphine withdrawal effects, male rats, 5264
thiorphan & bestatin, striatal met-enkephalin & inhibition of dipeptidyl carboxypeptidase & pain thresholds, female mice, 5282

EOG (Electrophysiology) [See Electro Oculography]

Ependyma [See Cerebral Ventricles]

Epidemiology
abstinence from alcohol use, Ss 18 yrs of age & older, implications for epidemiology of alcoholism, 12963
accuracy of beliefs about incidence & sex ratio of juvenile delinquency, adults, 8120
age-specific cohort analysis of suicide rates, 15–44 yr olds, Australia, 10616
annual cycle of incidence & etiology of illness & medical care seeking, farming families, 3854
antisocial personality & alcoholism & psychiatric illness, male & female narcotic addicts with mean age of 24 yrs, 1252
application of epidemiology, causes of mental disorders, 1212
bivariate normal distribution, estimation of prevalence of reading disabilities, 9466
blood alcohol concentrations, persons killed or injured in road crashes, 5980
Center for Epidemiologic Studies Depression Scale, screening for depression, community residents, 9436
classification & diagnostic criteria & epidemiology, acute paranoid reaction syndrome, Canada, 5695
clinical picture & epidemiology & diagnosis & neuroanatomical correlates & etiology & pathogenesis of amnesic episodes, 5961
contributing factors & epidemiology, drug abuse, high school & college students, India, 3663
country of origin, hospitalized psychiatric patients over 15 yrs of age, Australia, 12821
country's sociocultural premises, prevalence of myocardial infarct, US vs Mexico vs Japan vs Italy vs Czechoslovakia vs France vs Israel, 8215
cross-population invariance & validity, scale of psychological distress, adults, Israel, 2420
deaths categorized as suicide vs undetermined vs accidental, native Australians vs migrants, 12903
definition & incidence & characterization & effectiveness of behavioral treatment, pedophilia, literature review, 10912
demographic & clinical & programatic characteristics of patients & services, general hospital psychiatric liaison service consultations, 4189
demographic & disability & skill level characteristics, developmentally disabled New York State children & adults, 12789
designation as high risk at birth vs referral from clinics, incidence of hearing loss, children from birth through 6 yrs, 8209
development of 2-stage procedure, case identification & classification in psychiatric epidemiology, 8004
employment & marital status & sex & presence of young children, prevalence of neurotic disorder, 18–64 yr olds, 12886
epidemiological factors, schizophrenia, 8064
epidemiology & accompanying psychopathology, alcoholism, female criminals, 12942
epidemiology & age & marital status & sex & occupation & religion & referral agent & age at onset & clinical features, transsexual males & females aged 14–46 yrs, Northern Ireland, 5544
epidemiology & attitudes toward & predisposition toward possession syndrome, India, 7782
epidemiology & family background & parental absence & unemployment, suicide attempts, 6–21 yr olds, 1260
epidemiology & outcome patterns & applicability of M. Roth's classification system, mentally disordered aged, 1934–36 vs 1948–49 vs 1976, 3547
epidemiology & phenomenology, neurasthenia & depression & somatization, 18–56 yr old psychiatric clinic patients, China, 5678
epidemiology & physiology & psychology of psychosomatic disorders, females, 8169
epidemiology & predictors & characteristics, adolescent marihuana users, literature review, 12506
epidemiology & psychiatric hospital admission rates, schizophrenia, USSR, 11071
epidemiology & underlying psychopathology, assaultive behavior prior to hospital admission, psychiatric inpatients, 1756
epidemiology, alcohol consumption & accidental drowning, 15 yr olds & over, 1957–80, 12637
epidemiology, depressive disorders, Sweden, 1947–72, 1155
epidemiology, improvement of mental health services, developing countries, 1702
epidemiology of & reasons for suicide, children & adolescents, Japan vs West Germany, 8103
epidemiology of behavior problems, preschool age children, Britain vs US, 3665
epidemiology of day & night enuresis & emotional & intellectual development, 3 yr olds, 7629

epidemiology of dementias, Finland, 6003
epidemiology of disorder & help seeking behavior, depressed & mentally disturbed Ss, 8054
epidemiology of peptic ulcer & bronchial asthma & neurodermatitis & rheumatoid arthritis, schizophrenic 20–70 yr olds, Canada vs US vs Poland, 12873
epidemiology of psychotic illness, rural vs urban & industrialized vs nonindustrialized societies, literature review, 12820
epidemiology of rheumatoid arthritis & osteoarthritis, schizophrenics, 5758
epidemiology of stereoanomalies, university employees, 13062
epidemiology of suicide & child abuse & juvenile delinquency & child welfare services, children, Japan, 8099
epidemiology of suicide, US Army personnel, 1979–80, 12909
epidemiology of various mental disorders, Japan, 1971–77, 8042
epidemiology, physical & mental disorders, 3.5–5.5 yr olds at risk for handicaps at birth, 7979
epidemiology, physical & psychiatric disorders, literature review, 10496
epidemiology, psychiatric illness & mental retardation, Polynesia, 3526
exercise & improved physical fitness, epidemiology of cardiovascular disease, 3781
extended family structure, behavior problems & overall development, 3 yr olds, 7609
family violence, children & adolescents, Japan, 8097
frequency of handicaps & exclusion from school, under 20 yr olds, France, 2079
frequency of manic & bipolar & depressive & unipolar disorders, psychiatric private practice patients vs inpatients vs outpatients, 1120
health education program emphasizing hygiene & nutrition, incidence of infant gastro-enteritis, nursing mothers with mean age of 24.6 yrs, Nigeria, 6363
identification & diagnosis & treatment, psychopathology, adolescents, 1217
identification & prevalence of depression, older patients, 7989
imagery of heterosexual pornographic magazines, clues to prevalence of paraphilias associated with preferences for specific types of visual imagery, 5816
incidence & characteristics of concomitant borderline personality disorder, alcoholics with mean age of 44.2 yrs, 10632
incidence & genetic factors & physical abnormalities & personality traits & social adjustment, Down's syndrome Ss, 1320
incidence & pathogenesis of primary vs secondary alcoholism, Italians vs Slovene minority group members, Italy, 5854
incidence & sex & clinical symptoms & associated sensory disabilities & drug therapy, late paraphrenia, patients aged 60 yrs & over, 6319
incidence & type of psychiatric disorders, mentally retarded, 1311
incidence of & response to upper respiratory infections, Type A vs Type B college students, 1430
incidence of affective disorders, Amish, 1976–80, 10522
incidence of alcoholism & prognostic significance, opiate addicts in treatment, 1286
incidence of alterations in libido & genital symptoms & menstrual irregularities, depressed 18–65 yr olds, 12850
incidence of depression & illness behavior, inpatients with mean age of 41.4 yrs, Italy, 13396
incidence of diabetes mellitus & taste disturbances, patients with Bell's palsy, 6008
incidence of endogenous disease & borderline states & psychic pathology, patients attending polyclinics & psychoneurological dispensaries, 10544
incidence of hyperactivity, 6–13 yr olds adopted by nonrelatives vs living with biological parents, 1360
incidence of mental disorders, Argentina, 3609
incidence of mental illness & mental health service utilization, Hispanics, literature review, 5738
incidence of morphological variants from early vs late prenatal development, 6–17 yr olds with learning disabilities, 8128
incidence of substance abuse & schizophrenic disorders & organic brain syndrome & referral characteristics, emergency room patients aged 40–65 yrs & over, 4209
incidence of suicide, hospitalized psychiatric patients, Switzerland, 1782
incidence of unipolar vs bipolar affective disorder, male vs female patients & their relatives, 10592
incidence of wife battering, male hospitalized psychiatric patients with mean age of 44 yrs, 12893
incidence of 2-way communication impairment, institutionalized mentally retarded adults, 3741
initial & present cigarette consumption & rates of mortality & coronary heart disease & lung cancer & other cancers & causes of death, 40–59 yr old male smokers with vs without intervention program, 10 yr followup, 1837
living arrangements & low socioeconomic status, distribution of self injury, Canada, 3676
loss of consciousness & spatial disorientation & improper M-1 maneuver, in-flight sudden incapacitation, US Air Force aircraft pilots & other crew members, 1970–80, implications for air safety, 13781
marital status & social class, ischemic heart disease incidence & mortality, 40–64 yr old males, Finland, 10728
mental health services & mental disorders, 1950–70, US, 4152
methodological issues associated with psychiatric epidemiological surveys, Europe, literature review, 4673
methodology, epidemiological studies, 85
methodology, psychiatric field surveys, India & Southeast Asia, 97
mortality & psychopathology rates & bereavement, parents after death of adult child, literature review, 3517
occurrence & clinical value of ocular lateropulsion, patients with Wallenberg's syndrome, 5949
occurrence of affective disorders, mentally retarded, 10676
official reports of incidence vs citizen-defined victimization, measurement of crime, 4818
orthography of Asian vs Western languages, incidence of reading disabilities, 5th graders, US vs Taiwan vs Japan, 3744
perceived fulfillment of social needs, depression, young adults, Switzerland, 7987
physiological & sociocultural hypotheses, rarity of alcoholism among Chinese, China & British Columbia, literature review, 5836
place of residence & urban area, mental illness, inpatients, 1118
poverty & family income inequality & homicide rate, urban areas, 1275
prediction of increase in mental retardation, offspring of mothers successfully treated for phenylketonuria, 3732
prevalence & assessment & treatment of psychological disorders, aged, review of Dutch research, 10585
prevalence & characteristics of mania, inpatients with mean age of 31.1 yrs, China, 1235
prevalence & consequences of drug abuse, US military personnel, 1980, 5813
prevalence & correlates of alcoholism & drug abuse & suicide, physicians, implications for treatment & role of consultation-liaison psychiatrist, literature review, 4268
prevalence & correlates of nonpsychotic psychiatric symptoms, adults, 1139
prevalence & educational integration, kindergartners with learning & speech & language disorders & emotional & social disturbances & physical handicaps & mental retardation, Norway, 2073
prevalence & frequency & seasonality & medical complications of food & non-food pica, institutionalized mentally retarded 11–88 yr olds, 1307
prevalence & health implications & drug therapy & clinical management, anxiety, aged, 13133
prevalence & incidence of psychiatric illness & treatment, college students, 4-yr prospective study, 13663
prevalence & pattern of hyperactive syndrome, 6–12 yr olds, 5942
prevalence & risk of major affective disorders, relatives of patients with schizoaffective & bipolar & unipolar disease, 3575
prevalence & treatment, learning problems, lower vs upper income areas, 3721
prevalence of alcohol-related disabilities, general hospital patients, 3684
prevalence of alcoholism & impact of employee alcohol program, hospital employees with mean age of 42 yrs, 5829
prevalence of alcoholism, females, Canada, 3688
prevalence of behavioral & emotional problems, mentally retarded children & adolescents seen at community evaluation clinic, 8132
prevalence of depression & family history of psychiatric disorders & drug/alcohol use patterns & problems, 21–25 yr old males, 5787
prevalence of depressive symptoms & abnormal illness behavior, general hospital inpatients with mean age of 41.4 yrs, 13397
prevalence of desire-phase sexual dysfunctions & effectiveness of behavioral sex therapy, married couples, 10922
prevalence of emotional disturbance & role of stress & need for screening & intervention, psychiatric residents, literature review, 6528

prevalence of mental disorders, rural 10 & 11 yr olds, Australia, 10518
prevalence of mental disorders, West Germany, 3564
prevalence of mental illness & existing mental health services & philosophy of care, conference paper, India, 6574
prevalence of psychiatric disorders in family members, hospitalized borderline vs schizophrenic vs depressed patients, 10574
prevalence of psychiatric disorders, 19–76 yr old male alcoholics, 12952
prevalence of somatic diseases, mental health center patients, Finland, 10586
prevalence of treated & untreated psychiatric symptoms & disorders & help seeking behavior, Blacks & Whites & Mexican Americans, 12889
progress of & constraints on epidemiological research, developing countries, 1124
psychiatric morbidity & need for mental health services, 20–59 yr olds, Finland, 5-yr followup, 1171
rate of alcoholism & alcohol-related psychiatric disorders & family history of alcoholism, 30–81 yr old patients with essential tremor, 5688
reports of psychological symptoms, Chinese survey respondents, Hong Kong, 5711
representation of adoptees in clinical populations, child & adult psychiatric patients, 1130
seasonal & regional variations in incidence of psychiatric disturbances, patients 12 yrs of age & over, Finland, 5798
seasonal variations in epidemiology of anencephaly & teratogenicity of pre-ovulatory overripeness, 1951–68, Netherlands, 13038
sex & age, incidence of neurological disorders, 1 mo to 14 yr olds, USSR, 3872
sex & cognitive styles & socialization practices, predisposition to depression, literature review, 3532
sex & handedness & space of motion & parental educational degree & language, incidence of dyslexia, 8.4–10.4 yr olds, 5887
sex & race & social status & gross motor development level, incidence of bruising, 3 yr old children, 13094
sex differences & age, prevalence of mental disorders, 20–64 yr olds, 3640
sex differences, rates of psychiatric hospitalization & mental illness, England & Wales, 3552
social & work factors in favorable vs unfavorable prognosis, patients with periodic schizophrenia living in Moscow vs Andijan, USSR, 1117
social class & socioeconomic status, prevalence of alcoholism & schizophrenia & affective disturbances, inpatients aged 15 yrs & over, 12832
social factors & epidemiology, psychosomatic & psychiatric syndromes, 20–21 yr olds, Sweden, 12783
sociocultural problems, conduct of psychiatric field surveys, Iran, 1140
sociodemographic factors & social supports, depression, surveyed adults aged 20 yrs & older, 8001
statistical data, psychiatric patients, 1978, Japan, 3608
statistical techniques & research methods used in epidemiology., 4834
status of epidemiological research, Africa, 1107
suicide & depressive disorders, males, Sweden, 25-yr followup, 3515
suicide rate, 10–24 yr olds, 10609
temporal & social & international contexts, suicide death rates & research, 15–24 yr olds, 5808
terminology & diagnosis & incidence & role of stress in etiology & treatment, bruxism, literature review, 1406
undesirable life events & social class & age & number of children, incidence of mental disorders, urban females, Sweden, 6-yr followup, 3621
upcoming US presidential election, mortality rate for suicides vs accidents vs homicides, 12900
use of epidemiological concepts & methods in preventive social work, 8606
validity & usefulness of Tourette Syndrome Questionnaire, assessment of epidemiology & symptomatology & treatment effects, 8–57 yr old patients, 2444

Epilepsy [See Also Epileptic Seizures, Experimental Epilepsy, Grand Mal Epilepsy]
aggressive & criminal behavior & hemispheric specialization, epileptics, literature review, 3793
barbiturate anticonvulsants, self concept & anxiety & locus of control & side effects, 6.5–12.8 yr old epileptics & diabetics, 10930
Canter Background Interference Procedure for Bender Gestalt Test, screening for organic brain dysfunction, 16–65 yr old epileptics, 4729
chronic psychosis, 16–61 yr olds with epilepsy, 12794
clinical EEG analysis during wakefulness & sleep, epileptic 16–55 yr olds, 13097
clinical picture & anticonvulsant treatment, diurnal & sleep epilepsy & diffuse grand mal seizures, noninstitutionalized patients, 1623
clinical status, daily living ability & IQ & psychomotor RT & EEG, 21–53 yr old hospitalized patients with myoclonus epilepsy, 5994
cognitive theory of development & role games, speech, 10 yr old epileptic male, 10846
development of scale, measurement & analysis of knowledge & attitudes toward epilepsy & epileptics, college students, 11637
developmental problems, children & adolescents with epilepsy, 1417
direct parent training technique, parent-child interactions & behavior change, 29 yr old epileptic child-abusing mother, 1584
EEG & EKG during physical vs emotional vs mental stress, epileptics, 3794
EEG biofeedback, control of seizures & sleep EEG, 11–50 yr old medically refractory epileptics, 8442
EEG of sleep stages & irregularities, diagnosis of epilepsy, patients, 10704
electrical brain activity, partial epilepsies, implications for surgical treatment, 10749
emotional/psychosomatic triggering & hysteria, seizure onset, epilepsy, literature review, 3821
epilepsy caused by eating, 13 yr old male, 8237
family crisis & treatment, 17 yr old male & 10 yr old female epileptics & their families, 3999
forced normalization of EEG & psychopathological manifestations, epileptics, 13012
general characteristics & hospital diagnoses & course of illness, hospitalized psychotics with vs without epilepsy, 10503
history of treatment, chronic epileptic psychosis, 3881
incidence of mental retardation & epilepsy & other associated deficits, 1–6 yr olds with extrapyramidal cerebral palsy, 1401
intelligence & visual perception & psycholinguistic ability & incidence of psychopathology, 48–120 mo olds of alcoholic vs epileptic mothers, 5689
interictal behavioral profile, temporal lobe epileptics undergoing psychiatric hospitalization vs idiopathic psychiatric syndrome patients & epileptics with mean ages of 23–29 yrs, 5927
isolated psychic seizures in initial period of epilepsy, 6041
Landau-Kleffner's syndrome of acquired aphasia after generalized seizure clusters, 8 yr old male, 10759
marital adjustment, adult epileptics, 3800
neurological evaluation & diagnosis, 17–57 yr olds referred by psychiatrists for temper tantrums, 10494
nocturnal epilepsy presenting as behavior problem, 5 yr old male & 9 yr old female, 5950
nocturnal sleep disturbances, patients with myoclonic epilepsy, 6048
perceptual & motor & neuromaturational competence, 4–15 yr olds with Tourette's syndrome vs attention deficit disorder vs epilepsy, 3801
photic & optic nerve electrical stimulation, dorsal hippocampus activity & relation to striate cortex response, rats with pons transections vs tectum vs cingulum lesions, 5112
physical & psychosocial aspects, epilepsy, implications for rehabilitation, literature review, 8192
pregnancy outcome & incidence of infant mortality & neurologic disorders, pregnant Ss with seizure disorders, 13059
reading & spelling & arithmetic underachievement, epileptic 9–13 yr olds, 6032
role of epilepsy, etiology of chronic psychosis, literature review, 8046
school behavior & achievement & attitudes & self concept, epileptic 8–12 yr old students, 11155
serum levels of thyroid hormones & clinical correlations, patients with temporal epilepsy, 6025
social context, attitudes toward amputee vs epileptic vs cerebral palsied vs blind, 18–64 yr olds, 8199
spectral & integral temporal analysis, evoked brain potentials, epileptic patients, 13027
temporal lobe resections, memory & learning deficits, epileptic patients, 1667
time-of-day distribution of frequency of convulsive seizures, epileptic patients with vs without chronic psychosis, 5930
type of psychosis & criteria for clinical & work capacity prognosis, work fitness, 17–68 yr old paroxysmal epileptic psychotics, 10539
vocational counseling, adolescent epileptics, 1732

vocational rehabilitation, patients with cancer & cardiac illness & epilepsy, 11088
Epileptic Seizures [See Also Experimental Epilepsy]
anxiety in association with epileptic seizures, 1431
central commissurotomy, intractable generalized epilepsy, 15–25 yr old patients, 1692
clinical picture & anticonvulsant treatment, diurnal & sleep epilepsy & diffuse grand mal seizures, noninstitutionalized patients, 1623
EEG frequency-modulated radio telemetry & videotape monitoring, diagnosis of epileptic seizures, severely & profoundly mentally retarded 1–27 yr olds, 10659
Epinephrine
acute vs chronic stress, brain & hypothalamic catecholamine & serotonin concentration & turnover, male rats, 541
adrenaline, plasma epinephrine & norepinephrine & platelet MAO, patients with anxiety disorder, 3590
aminophylline vs DH-ergotoxin alone vs with adrenaline vs noradrenaline vs isoprenaline, operant behavior, female rats, 696
celiac vagotomy with vs without hepatic vagotomy vs total vagotomy, ingestive response to 2-deoxydextroglucose vs insulin vs polyethylene glycol vs epinephrine vs hypertonic saline, male rats, 12185
diazepam & epinephrine with local anesthetic during dental surgery, anxiety & heart rate & blood pressure & plasma norepinephrine, 18–25 yr old patients, 6282
dive to 60 meters hyperbaric pressure, perceptual defense mechanisms & endocrine reactions & cognitive functioning, British Navy divers, 12194
epinephrine & norepinephrine & ACTH injections, memory, rats, 12281
excretion rates of adrenaline & noradrenaline & dopamine & differential neuroendocrine & cardiovascular reactivity & self assessed workload, city bus drivers with varying absenteeism rates, 9036
fear associated with psychophysiological testing, urinary excretion of adrenaline & noradrenaline & cortisol, 20–42 yr old male prisoners convicted for assault with robbery, 5817
footshock stress, blood pressure & heart rate & sympathetic-adrenal medullary responses, isolated vs paired male rats, 2891
hippocampal distribution of serotonin & cholinergic-muscarinic & alpha-adrenergic & opiate-type receptors, 62 yr old deceased male, implications for neurological pathology, 9833
low vs high salt diets, basal & stress-induced increase in norepinephrine & epinephrine plasma levels, Dahl salt-sensitive vs salt-resistant rats, 536
midbrain 6-hydroxydopamine injection, overeating & obesity & role of norepinephrine & epinephrine depletion & prevention by dextroamphetamine & desmethylimipramine & benztropine, rats, 7552
noradrenaline & dopamine & adrenaline plasma & cerebrospinal fluid & urine levels, 25–35 yr old schizophrenics, 1164
pharmacological characteristics of adrenergic & noradrenergic receptors, literature review, 5035
pretest epinephrine administration, retrograde amnesia for conditioned fear, male rats, 12258
septal lesions, plasma & adrenal epinephrine & norepinephrine & corticosterone levels during single vs repeated immobilization stress, male rats, 2899
sex differences & stress, inter-S consistency of cortisol & adrenaline & noradrenaline excretion, college students, 12112
stress management & progressive relaxation training, epinephrine & norepinephrine excretion at work & anxiety & depression & irritation & somatic complaints, public agency employees with mean age of 39 yrs, 4020
sudden termination & resumption of prolonged mild vs severe stress, conditioned avoidance & blood pressure & heart rate & respiration & acetylcholine & epinephrine & norepinephrine levels, male rats, 2886
Epistemology
anthropology of knowledge, literature review, 11544
concept of "universe" as unscientific, 6935
differences in methods & models in physics & psychology, multidisciplinary problem solving & role of systems engineering, 6895
epistemic pluralism & irrationalism in social-cognitive research, 11878
epistemology of family therapy developed by G. Bateson, 1522
need for metatheories on construction of knowledge, 11555
Piaget's contribution to controversy between idealist & realist epistemologies & mind/body dualism, 11558
specifications & theory & human & computer expert thinking, 11875
Epithelium [See Skin (Anatomy)]
Equal Education
Public Law 94-142, 6–11 yr olds with Down's syndrome & emotional & congenital impairments & their families, 8937
Equality (Social) [See Social Equality]
Equilibrium
construct validity of disequilibrium, moral development theory of L. Kohlberg, 742
development of supine body points used for support, 15 day to 7 mo olds, 727
rate of rotation & acceleration value, motion sickness & vestibular & postural reactions, humans, 7170
Equipment [See Apparatus]
Equity (Payment)
age & class differences, conception of economic inequality, 6 vs 11 vs 14 vs 17 yr olds, 7729
allocation of rewards to male vs female workers with varied needs, male vs female 8th–12th graders, 5469
application of exchange theory & equity theory to personal relationships, literature review, 5570
cross cultural differences, equitable salary increase judgments, 25–50 yr old managers & social scientists & students, 9082
equity vs aspirations vs comparison to friends & typical American as frame of reference, satisfaction, Ss over 60 yrs, 5409
generosity vs greed, inequity in reward allocation, college students, 1038
individualistic vs nonindividualistic preferences over outcome, information seeking & recall, high school students, 5425
minimum utility point & restricted monotonicity axiom & mean as estimate of expected utility in 2-person bargaining, 10396
relative vs absolute vs adjustment systems of distributing salary raises to faculty, perceived equity, college teachers & students, 13569
reward allocation to Black vs White vs mixed dyads, Black vs White 1st vs 3rd graders, 4-yr followup, 10231
salary histories & pay meaning & job satisfaction, size of meaningful pay increase, business school alumni, 13806
salience of self, response to inequity of payment, female college students, 7909
self favoritism & fairness & maximum joint profit, allocation of imaginary money & time between self & spouse/child vs friend/workmate, 32–58 yr olds, 10383
social context, equity & parity in reward distribution, children defined as team vs independent co-workers, 5406
Equity (Social) [See Also Equity (Payment)]
balancing mechanisms during operation of reinforcement domains in social situations, exchange imbalance, 7878
characteristics of primary caregiver & elderly co-resident & dependency of older S & inconveniences, life satisfaction, caregivers in multigenerational households, 938
cost, value of reward, 4–5 yr olds, implications for intrapersonal comparator system, 5454
cultural differences, moderation in overt reactions to helpful vs unhelpful target person, male college students, Hong Kong vs US, implications for pan-cultural model of equity in social exchange, 1040
equilibrium structures & social representations, high school students, failure to validate Heider's theory of equilibrium, 850
equity theory as approach to social psychology of justice, 3377
judgment of reward vs damage allocation, development of equity & altruism, 7 vs 9 vs 11 vs 13 yr olds, 3212
model of vandalism as means for inequity resolution, 12916
perceived equity & equality & reward level in dating relationship, prediction of satisfaction, Ss with mean age of 20.2 yrs, 10390
prosocial behavior & altruism & theory of equity, literature review, 5567
social psychological analysis, taxation & government spending policy & taxpayer attitudinal/behavioral preferences, 3335
type of injustice situation, reversal in preference responses, college students, implications for experimental design in equity research, 7913
types & patterns of resource exchange in interpersonal relationships, college students, 5568
typology of interpersonal disengagement strategies & effect of intimacy & reactions to inequity & relational problems on strategy selection, college students, 7872
Erection (Penis)
device for measuring changes in penile length & circumference, 9270
EEGs & eye movements & penile tumescence & plasma luteinizing hormone & follicle-stimulating hormone & testosterone levels during sleep, 23–36 yr old males with erectile impotence, 6017

partner arousal & self vs partner focus, sexual responding, sexually functional vs dysfunctional heterosexual 21–60 yr old males, 12781
Ergonomics [See Human Factors Engineering]
Ergot Derivatives
apomorphine vs bromocriptine vs pergolide vs intrastriatal vs intra-accumbens apomorphine & trifluoperazine, reserpine-induced locomotor hypokinesia, male rats, 10016
bromocriptine, symptom exacerbation during neuroleptic treatment, 31 yr old schizophrenic female, 1615
mass convulsive ergot poisoning as basis for 1692 New England witchcraft affair, 4639
Eroticism
erotic transference, group psychotherapy, psychotics, 3971
sex guilt & gender & positive vs negative affect & preference for erotic stimuli, criticism of correlation & regression analyses used by W. Griffitt & D. L. Kaiser, 7279
Error Analysis
anagram tasks, error patterns, agrammatic aphasic patients, literature review, 6019
analysis, confusion matrices between letters presented visually vs tactually, female 18–24 yr olds, extension of author's previous study, 11752
autocorrelated errors, intraclass reliability estimation in motor tests, 7153
computer program, online automatic identification of programing errors, novice programers, 11196
distortion from use of rank-order measures for representation of continuous variables, 7148
examiner error in WAIS administration & scoring, school psychologists & 24–29 yr old clients, 4488
increases in test reliability, test validity, 2485
instrumentation & measurement error in hypertension research, 5972
latent structure model, estimation of upper & lower bounds of probability of correct response to multiple choice items when examinee knows correct answer, 116
measurement error in indicators of subjective air quality, 6943
methodological framework for study of cognitive processes that monitor & regulate response speed & accuracy, mentally retarded, 37
norm conformity index & individual conformity indices, detection of individual examinee's response consistency, 4709
oral reading error analysis research, criticism of D. Leu's review, 6823
spoken vs written sentence stimulus, lexical vs syntactical errors in comprehension, 32–71 yr olds with Broca's aphasia, 10715
syntactic errors in speech, 10070
visually presented letters, comparability of RT vs accuracy measures of letter recognition, college students, 2622
Errors [See Also Prediction Errors]
accident severity & perceived magnitude of driving error, responsibility attribution, test of E. Walster's defensive attribution vs M. B. Brewer's information processing theories, 12688
acquisition of motor skill requiring accuracy & timing & method for error reduction, 18–26 yr old males, 7179
agreement in judgments of accuracy of mass media reports on scientific symposium, participants, test of M. W. Charnley's method of defining accuracy, 2990
conveyor velocity & object spacing, dynamic visual inspection for quality control & eye movements & error rate, 20–29 yr olds, 13823
formulas for estimation of standard error of thresholds in method of constant stimuli, 11718
impulsivity & caffeine, proofreading, college students, test of J. A. Easterbrook's cue utilization explanation of arousal effects on performance, 2919
individual operator error count, compliance with crew coordination procedures, aircrew, 4558
interval noise, errors in visual search for matching vs mismatching letter pair, college students, 9547
metric obtained by addition rule for hyperbolic tangents, nonlinearities in bounded response scales, 7032
monotony of monitoring task, accuracy of vigilance performance & feelings of boredom, mildly retarded Ss with mean age of 20.4 yrs, replication of procedures of R. E. Perryman, 1325
movement velocity & system mass, response amplitude & timing accuracy in discrete timing motor control task, right handed college students, 251
priority given to errors vs task regularity, single cue probability learning, humans, 4895
semantic encoding context, word recognition errors, 8.2–9.6 yr olds vs college students, 5358
standard error of equipercentile test score transformations, 4826
starting position of angles to be matched, constant error in matching acute vs obtuse angles, college students, replication & extension of A. W. MacRae & H. K. Loh's study, 11833
systematic measurement errors in job evaluation & wage distributions, 13782
teletype vs intermittent vs jet vs helicopter cockpit noise & personality, arousal & performance on psychomotor task, 19–39 yr old males, 9184
two-handed visual target acquisition task involving position & velocity manual controls, coordination activity sequence & errors, right handed male college students, 249
use of representativeness heuristic, errors in probability judgment tasks, test of D. Kahneman & A. Tversky's hypothesis, 11870
viability of fundamental attributional error, critique of article by J. H. Harvey, 5603
viability of fundamental attributional error, reply to criticism of G. D. Reeder, 5598
Erythrocytes
cataphoretic mobility of blood erythrocytes & effect of blood plasma on electric conductivity of artificial lipid bilayers, schizophrenics, 1239
neuroleptic drug dosage & plasma & red blood cell levels, clinical symptoms, chronic schizophrenics, 6277
physiology of erythrocyte & lymphocyte membranes, manic depressives, 8047
temperature vs iodoacetic acid vs ouabain, red blood cell tyrosine uptake, patients with unipolar vs bipolar depression vs schizophrenics, 3644
Escape [See Avoidance]
Escape Behavior (Animal) [See Animal Escape Behavior]
Escape Conditioning
controllable vs unavoidable shock, learned helplessness in shuttle box avoidance task, male rats, 7297
exposure to inescapable yoked shock vs escape training vs restraint without shock, aggressive & defensive behavior toward intruder, alpha males, 12006
interruption of shock vs novel stimulus as stimulus change, escape performance disruption by uncontrollable-shock vs haloperidol preexposure, mice, 9923
morphine sulfate & ethylketocyclazocine, elevation of aversion thresholds to escape supraspinal electrical stimulation & obtain stimulation of hypothalamus, male rats, 7537
morphine vs dextro-Ala-2-Met-enkephalinamide vs dextro-Ala-2-dextro-Leu-5-enkephalin, barpressing for obtaining vs escaping heat, cats, 598
shock duration & continuous reinforcement & DRO escape schedules, escape rates, male rats, 9748
social rearing environment & 6-hydroxydopamine brain lesions, development of behavioral arousal & learning impairment, rat pups, 569
Eserine [See Physostigmine]
Eskimos
variations in baseline finger skin temperatures, male vs female 17–76 yr old Black vs White vs Eskimo psychiatric patients vs 19–63 yr old hospital staff members, 5124
Esophagus
biofeedback & behavioral methods, treatment of irritable bowel syndrome & fecal incontinence & esophageal disorders & vomiting, literature review, 4033
difficulty of listening conditions, comprehension of & preference for synthetic sentences spoken in pulmonary vs traditional esophageal speech vs artificial laryngeal speech, Ss with tracheo-esophageal punctures, 8516
ESP (Parapsychology) [See Extrasensory Perception]
Essential Hypertension
behavioral treatment approaches, essential hypertension, 8380
behavioral treatment, Type A behavior & essential hypertension as coronary risk factors, 8416
biofeedback &/vs meditation, 25–68 yr old patients with essential hypertension, 13221
biofeedback, treatment of essential hypertension, literature review, 4014
exercise & emotional stress, heart rate & intra-aortal blood pressure & cardiac output & peripheral vascular resistance, normal 18–56 yr olds vs 27–45 yr old hypertensives, 3796
GABAergic drug therapy, essential hypertension associated with emotional depression, elderly patients, 4055

nutritional modification with vs without blood pressure self monitoring & social competence training or relaxation training or information, blood pressure & body weight, obese patients with essential hypertension, 8382
restricted environmental stimulation therapy, 25–30 yr old males with borderline essential hypertension, 8398
restricted environmental stimulation therapy, 33–46 yr old essential hypertension patients, 8439
restricted environmental stimulation therapy, 50 & 54 yr old females with essential hypertension, 8418
role of anger & hostility, essential hypertension & coronary heart disease, literature review, 1361
self regulation of palmar GSR through visualization & yoga exercise after termination of drug therapy, blood pressure, Ss with essential hypertension, 6255
state & trait anxiety & hostility & mood & Type A scores, male industrial workers under 56 yrs of age with mild essential hypertension, 8249
stress & distress in life events, Ss with essential hypertension, India, 13048
systolic & diastolic blood pressure & heart rate & skin conductance during letter identification vs mental arithmetic tasks, hypertensive vs normotensive Ss with mean age of 41.6 yrs, 13025
Esteem (Self) [See Self Esteem]
Esterases [See Also Acetylcholinesterase]
serum beta-glucuronidase level, 26–55 yr olds with grand mal epilepsy vs taking antiepileptic drugs, 3867
Estimation [See Also Time Estimation]
accuracy of validity generalization equations, reply to response of J. C. Callender & H. G. Osburn to criticism of F. L. Schmidt et al, 7137
application of linear logistic latent trait models, 7017
autocorrelated errors, intraclass reliability estimation in motor tests, 7153
Bayesian procedures based on hierarchical model, estimation of item & ability responses in Rasch model, 4838
bivariate normal distribution, estimation of prevalence of reading disabilities, 9466
calculation of asymptotic standard errors in item response models, 9485
closed sequential procedure, true score estimation for answer-until-correct test, 13743
common vs uncommon words in verbal learning task, recall & recognition of words & time estimation, college students, test of R. E. Ornstein's storage size vs recall hypothesis, 281
confirmatory & exploratory factor analysis models via noniterative estimation, 7125
confirmatory maximum likelihood factor analysis, assessment of construct validity of higher order factor structure of structure-of-intellect test battery, 7024
criticism of estimation of learning potential from System of Multicultural Pluralistic assessment, 4526
ego involvement regarding political knowledge, prediction of outcome before vs after 1980 presidential election in public vs private conditions, 18–22 yr olds, 3424
estimated vs actual crime frequencies, derivation of M. Warr's power function from Bayesian odds relations, 7126
estimation & interpretation of modifiers of disease risk factors, 44
estimation methods, determination of inter-S variability in choice probabilities with restraints on observability, 11706
estimation of effect sizes for 2 or more independent studies, 212
expected a posteriori estimation of ability based on mean & variance of posterior distribution, implications for microcomputer based adaptive testing of cognitive abilities, 7015
filtered vs unfiltered steady-state vowel production, estimations of speaker's height & weight, listeners, 5290
formulas for estimation of standard error of thresholds in method of constant stimuli, 11718
FORTRAN IV program, regression estimation of missing data, 9327
FORTRAN-IV program, calculation of intraclass correlations for estimation of reliability of individual or sets of scores, 6985
functional relation between various effect size coefficients & F & t distribution values, effect magnitude estimation in ANOVAs & regression analysis, 2515
interactive FORTRAN program, growth curve analysis, 6942
latent trait models for binary data as special models for contingency tables, ability parameter estimation by conditional vs direct vs marginal maximum likelihood methods, 7013
least squares vs maximum likelihood vs minimum chi square statistical estimation criteria, recovery of parameters of Thurstone Case III vs Case V models from comparative judgment data, 222
LISREL & partial least squares models estimated from study of exit & voice caused by dissatisfaction, consumers, 7136
maximum likelihood estimation for general choice models based on choice axiom, 11726
maximum likelihood estimation procedure, nonmetric additivity analysis with data collected by categorical rating vs pair comparison vs directional ranking, 239
maximum likelihood latent structure analysis, causal analysis of qualitative data with manifest & latent variables, 11714
method & statistical test to fit categorical models to effect sizes from series of experiments, estimation of pooled effect size, 213
methodology based on Tukey's biweight, estimation of latent ability, 2409
microcomputer-based parameter estimation by sequential testing procedure, psychophysical threshold determination, 6982
multiplicative validity generalization model & noninteractive model for estimation of mean & variance of true validities, 7129
operationalization of new methods for estimation of differential effects of media context on advertising effectiveness, 6949
procedure for estimation of standard deviations, 11707
quantitative estimation, postural reactions, dogs, 11946
relative accuracy of equations used in validity generalization research to estimate variance of true validities, comment on J. C. Callender & H. G. Osburn's simulation study, 7150
relative accuracy of equations used in validity generalization research to estimate variance of true validities, reply to criticism of F. L. Schmidt et al, 7128
response mode & types of events, ability to judge frequency vs probability of events, college students, 7237
ridge estimator, treatment of multicolinearity in structural equation model of advertising, 7138
sample size & test length, accuracy of simultaneous estimation of item & person parameters from simulated item responses using 2- vs 3-parameter logistic models, 104
scale construction & power function for line judgments, 11625
scaling of apparent distance in large open field with vs without presence of standard distance, college students, 7192
sequential estimation procedure, online updating of configuration estimation in multidimensional scaling, 225
single judgments of numerosity of elements in visual display, underestimation, college students, 11727
stimulus range & frequency & spacing context, magnitude vs category vs ratio vs difference psychophysical judgments & within- vs cross-modality darkness judgments, college students, 2408
truncated samples in twin studies, reliability & validity bias in correlation coefficients & estimation of genetic vs environmental variance, 4829
upper bound approximation for uniqueness in factor analysis with singular correlation matrices, 9474
vulnerability of ordinary least squares estimates to extreme or abnormal observations & alternatives to linear robust regression analysis, 214
Estradiol
castration & sham-castration & testosterone & estradiol, attack on lactating intruders, male mice, 5163
dihydrotestosterone implantation into lateral septum vs medial amygdala vs preoptic area/hypothalamus & systemic estradiol, sexual behavior, castrated male rats, 589
estradiol & progesterone, brain endorphin levels, female rats in different stages of estrous cycle vs pregnancy vs following ovariectomy, 7577
estradiol benzoate & ethamoxytriphetol, ethanol consumption, ovariectomized rats, 2975
estradiol benzoate, axonic & dendritic growth in ventromedial hypothalamic nucleus, ovariectomized rats, 595
estradiol benzoate, cholinergic muscarinic binding of quinuclidinyl benzilate in medial basal hypothalamus vs medial preoptic area, male vs female rats, 605
estradiol benzoate, food & ethanol intake, ovariectomized rats, 2974
estradiol benzoate vs testosterone proprionate, sexual behavior, female pseudohermaphrodite & castrated male & ovariectomized female rhesus monkeys, 7498
estradiol benzoate with vs without subsequent progesterone, social & sexual behavior, intact vs ovariectomized female brown lemmings, 531
estradiol replacement, ethanol intake, ovariectomized rats, 12169

estradiol vs cholesterol implants into hypothalamic vs extrahypothalamic brain regions, sexual receptivity, ovariectomized hamsters, 12266
estradiol vs testosterone vs castration, wheel running rhythms, male vs female hamsters, 12168
human chorionic gonadotropin vs luteinizing hormone releasing hormone vs estradiol &/vs progesterone, sexual receptivity, intact vs ovariectomized female frogs, 532
menstrual cycle & plasma estradiol & sexual interaction changes with age, 8–12 vs 16–17 yr old female bonnet macaques, 384
neonatal decortication with vs without estradiol benzoate & progesterone, sexual behavior, female rats, 12142
ovariectomy & estradiol benzoate vs progesterone vs testosterone, body weight & hoarding, female rats, 12144
progesterone injection following estradiol benzoate, lordosis & nuclear & cytoplasmic progestin receptor concentration, ovariectomized guinea pigs, 5222
testosterone propionate & estradiol benzoate, aggression & sexual behavior, gonadectomized male & female rats, 5223
testosterone vs estradiol-17-beta vs 5-beta-dihydrotestosterone vs delta-4-androstenedione vs 5-alpha-androstanedione vs 5-alpha-dehydrotestosterone, calling & locomotor activity & sexual behavior, castrated male quails, 702
uptake & retention of testosterone & its metabolites in forebrain, castrated male mice, implications for aromatization of testosterone to estradiol in forebrain, 484
Estrogens [See Also Estradiol]
age at ovariectomy & at slaughter & estrogen replacement, skeletal growth & body weight & composition, female rats, 527
apomorphine vs dextroamphetamine vs levoamphetamine, induction of copulatory behavior by estrogen &/vs progesterone, ovariectomized rats, 658
estrogen-concentrating cells in hypothalamic neurons with axons to dorsal midbrain, female rats, 9863
in utero estrogen exposure, facilitation of fighting behavior by testosterone, mice, 12278
intrahypothalamic vs systemic guanosine triphosphate & ovariectomy with vs without adrenalectomy, lordosis behavior, estrogen-primed female rats, 524
menstrual cycle & circulating levels of estrogen & progesterone & testosterone & estradiol & testosterone supplement, sexual arousal & receptivity, mature vs premenopausal female macaques, 12327
molecular & metabolic basis of sex pheromone synthesis & secretion by preputial glands, rats, literature review, 2797
retrochiasmatic frontolateral lesions, lordosis & estrogen & progestin receptor binding in hypothalamus & preoptic area & pituitary, female rats primed with estrogen & progesterone, 12227
serotonin receptor distribution correlation with 5-hydroxytryptamine levels & corticosteroid & estrogen receptors in brain regions, female rats, 444
sex differences in response to alphaxalone, rats, implications for effect of estrogen, 2936
Estrus
anisomycin injection following progesterone, extension of period of sexual receptivity, female rats, 12247
bilateral locus ceruleus electrolytic lesions, estrus cyclicity, female rats, 12234
central gray lesions, estrous behavior, ovariectomized cats, 5214
components of female estrous urine, Flehmen-like responses, bull elephants, 2729
constant bright illumination, persistent estrus & hormone receptor binding & puberty & sexual receptivity & mating, female rats, literature review, 7502
estradiol & progesterone, brain endorphin levels, female rats in different stages of estrous cycle vs pregnancy vs following ovariectomy, 7577
estradiol benzoate with vs without subsequent progesterone, social & sexual behavior, intact vs ovariectomized female brown lemmings, 531
estrous phase & sex, heterosexual aggression, rats, 5125
estrus & stressful stimulation, response latencies & open field behavior, female mice, 12154
isolation vs social grouping, estrus & reproduction & infant mortality & sex ratio & body weight, female Microcebus murinus, 9939
male sexual behavior during follicular vs luteal phases of female's cycle, rhesus monkey male-female pairings in small vs large area, 2740
methohexital & succinylcholine & 1 vs 5 ECSs, delay of estrus cycle, rats, 9942
ovariectomy & ethanol concentration & pregnancy & estrous cycle, ethanol intake, female rats, 9969
reproductive condition, attractiveness & scent-marking behaviors, female rabbits, 7376
reproductive physiology & sexual behavior & aggression, captive lemurs during breeding season, 2714
urine from grouped estrous vs nonestrous sib vs nonsib females & cage density & reproductive history & pup cross fostering, sexual maturation, singly caged female mice, 7456
varying dose levels of urine & mixing types from different donors, delay vs acceleration of 1st vaginal estrus through chemosignals from urine, female mice, 502
Ethanal [See Acetaldehyde]
Ethanol
alcohol consumption, facial flushing, 21–25 yr old sons of alcoholics, 12330
alcohol consumption, plasma leucine & alpha-amino-n-butyric acid ratio, male alcoholics & manual workers & company distillery directors, 12905
alcohol dosage level & visual stimuli presented to left vs right field, perception time & hemispheric functional asymmetry & evoked potentials, nonalcoholics with mean age of 29 yrs vs 23–42 yr old abstaining alcoholics, 12293
alcohol dosage level, REM & NREM sleep & sleep onset, 20–27 yr old males, 12305
alcohol on breath, ecolyzer carbon monoxide readings for smoking assessment, 2397
cannulation via iliolumbar vein, measurement of blood ethanol metabolism, rats, 11568
chlordiazepoxide vs N-demethylchlordiazepoxide, ethanol-induced sleep time & blood & brain chlordiazepoxide levels, male mice, 2929
delayed hyperbaric helium/oxygen treatment, ethanol effects, mice, 5218
dose & temporal effects of alcohol, brain stem auditory evoked responses & tympanic temperature & positional alcohol nystagmus & self rated intoxication & blood alcohol level, 22–34 yr olds, 7538
dose of ethanol vs chlordiazepoxide vs diazepam, discriminative learning performance, rats, 2977
estradiol benzoate & ethamoxytriphetol, ethanol consumption, ovariectomized rats, 2975
estradiol benzoate, food & ethanol intake, ovariectomized rats, 2974
estradiol replacement, ethanol intake, ovariectomized rats, 12169
ethanol & ambient temperature, blood glucose & body temperature, fed vs starved male rats, 544
ethanol & aversive CS tone, serial dependency of components of operant responding, male rats, 10001
ethanol & operant alternation task, number of errors in simple alternation & rate of responding & response location variability, male rats, 10000
ethanol diet during pregnancy, alcohol consumption & subsequent maternal behavior, female rats, 2946
ethanol, optic & tactile & acoustic task performance, college students, 624
ethanol paired with lithium, heart rate & taste aversion, female rats, 7507
ethanol, phenotypic differences in sleep time & cerebellar Purkinje neuron discharge, inbred strains of mice, 12337
ethanol, transient susceptibility to audiogenic seizures, weanling C57BL/6J mice, 12329
ethanol, visual short-term memory task performance & evoked potentials in cortical & reticular structures & visuomotor RT & ocular motility, male monkeys, 2938
ethanol vs butanol, reflexes & brain growth, neonatal rats, 618
ethanol vs sucrose reinforced responding, male rats, 10035
ethanol with vs without 2-ethoxyethanol administration during pregnancy, maternal weight gain & pregnancy duration & offspring neuromotor ability & open field behavior & level of activity, rats, 662
fetal exposure to ethanol, complex maze acquisition, male adult rats, 653
food deprivation during polydipsia conditioning vs in home cage vs ad libitum feeding, preference for ethanol vs water, rats, 9935
gestational ethanol, behavior toward own vs foster pups, female rats, 12310
group housing vs isolation & ethanol, aggressive/attack & social behavior, male mice, 5186
handling & movement of cages & naloxone & ethanol, hyper- & hypothermia, female rats, 2885

icv tetrahydropapaveroline dosages, ethyl alcohol intake, female macaque monkeys, 660
inescapable shock & living environment associated with shock vs shock-free, ethanol consumption, male rats, test of tension reduction hypothesis, 9948
levodopa & ethanol, urinary MAO inhibitor output, postwithdrawal alcoholic males with mean age of 37.9–40 yrs, 4252
long term ethanol exposure, reduction of leucine-enkephalin-like immunoreactive substance in basal ganglia, hamsters, 592
maternal ethanol &/vs nicotine, offspring stillbirths & neonatal deaths & activity & operant performance, rats, 651
metabolic differences, rats with preference for ethanol vs water, 12115
method for intragastric ethanol intubation without body weight impairment, rat pups, 4688
naloxone & morphine tolerance & morphine vs ethanol, impairment of roto-rod performance, male mice, 2950
naloxone, ethanol & acetaldehyde induced EEG & behavioral changes, male rabbits, 12307
oral ethanol concentrations, ethanol consumption & blood levels, female pregnant vs nonpregnant squirrel monkeys, feasibility of use as animal model for fetal alcohol effects, 2954
ovariectomy & ethanol concentration & pregnancy & estrous cycle, ethanol intake, female rats, 9969
pentobarbital, hypnotic & hypothermic responses, long- vs short-sleep lines of mice genetically selected for ethanol sensitivity, 10028
physical dependence on vs preference for ethanol, mice, 586
physostigmine, ethanol-induced sleep latency, rats, 5240
postnatal low-dose ethanol, open field activity levels & body weight & intracranial self stimulation & plasma corticosterone, rats, 5272
role of brain dopamine vs norepinephrine in reinforcing effects of alcohol & opiates, criticism of R. Wise's findings, 9989
selective breeding for severity of ethanol withdrawal syndrome, HS/IBg mice, 12038
sensitivity to ethanol & t-butanol & 1,2-propranediol & phenobarbital as measured by drug-induced ataxia, C57BL/6J vs DBA/2J mice, 2924
septal lesions, ethanol consumption, female rats, 9970
tetrahydropapaveroline, ethanol consumption, rats, 5270
zimelidine vs amitriptyline & ethanol, pharmacokinetics of ethanol, 21–31 yr old males, 684

Ethics [See Also Experimental Ethics, Personal Values, Professional Ethics, Social Values, Values]
coaching for scholastic aptitude tests, ethical & effectivenesss & testing issues, 6821
commercial youth magazines as socialization factors & proposed social & ethical standards, 12491
ethical & legal issues, use of penal sanctions to coerce submission to therapy, drug & other substance abusers, 12593
ethical ideologies & contemporary moral issues, college students from church-affiliated colleges, 6732
ethical ideology, moral behavior, college students, 3455
ethics & individuality & sociobiology, reply to B. Davis's criticism, 12042
ethics & research, social psychology, 10385
ethics course, moral reasoning, college students, 13625
exosomatic experiences in near-death situations, theoretical & philosophical & cultural & biomedical ethical implications, literature review, 11
importance of ethics curriculum for moral education, college students, 13616
mental health & social policy & ethics & involuntary commitment, young adult chronic patients, 1455
outdoor leadership development program, self confidence & ethical awareness & communication skills, adolescents, 11215

Ethiopia
familiarity with Western culture, recognition of facial expression of emotions, high school students, Ethiopia, 12472

Ethnic Differences [See Racial and Ethnic Differences]

Ethnic Groups [See Also American Indians, Eskimos, Hispanics, Mexican Americans, Tribes, Blacks]
academic tracking & cross-ethnic acceptance in integrated homerooms, junior high school students, Israel, 2016
analysis of classroom speech, Aboriginal primary school students, Australia, 11288
bilingual educational program, facilitation of learning of both Standard English & Creole, Creole speaking Aboriginal 1st–3rd graders, Australia, 11230
counseling psychology & ethnic minorities, 4181
ethnicity & interpersonal relations, adjustment, families of European migrants, Australia, 12558
incidence & pathogenesis of primary vs secondary alcoholism, Italians vs Slovene minority group members, Italy, 5854
inter- vs intra-group ethnic interaction, decreolization of synchronic code-shifting, Creole speakers, Belize, 10062
linguistic analysis of conversation, Aborigines, Australia, 10064
linguistic structures promoting harmony & limiting conflict, Pitjantjatjara Aborigines, Australia, 10068
multilingualism, Aborigines, Australia, 10059
reconstruction of organized scene, memory for contextually organized material vs lists of items, American vs Mayan 8–9 yr olds, 3152
self esteem & age & amount of education, French Canadian feminist women with mean age of 29.9 yrs vs nonfeminist women with mean age of 46.1 yrs vs males with mean age of 34.8 yrs, 1056
sex role preferences & stereotyping, urban vs rural Aboriginal vs White 3–5 yr olds, Australia, 3186
shame & acculturation, interethnic relations, Indian & Latin town residents, Mexico, 7763
social class & ethnicity & other characteristics, attributions for economic success, adults, Australia, 10426
social factors, patterns of language use, multilingual Aboriginal groups, Australia, 10061
social self identity & readiness for intergroup social contact, Jewish & Arab high school & college students, Israel, 914
sociological boundaries & moral values, ethnic jokes, 7766

Ethnic Identity
biculturalism & locus of control, leadership behavior, groups of Anglo & Black & Chicano college students, 7875
changes in national identity & collective value system, Netherlands, 911
education & socioeconomic status & familial child care burdens & age & ethnic background, labor force participation, immigrant vs native born Jewish urban married 18–54 yr old females, Israel, 3279
ethnic identity & religiosity & sexual liberalism, Jewish college students, Canada, 3273
ethnic preferences & identification, White vs Indian 5–7 yr olds, Canada, 7712
group identity & attitudes toward & age differences in use of language, Judeo-Spanish speaking 15–87 yr olds, Turkey, 12556
overidentification vs idealization vs contempt in attitudes toward victims, Jewish social scientists writing about Holocaust, 3293
political consciousness & conceptualization & measurement of ethnicity, Chicanos, implications for political mobilization, 12542
revolution & social movement & survival of cultural identity of new Jews, 1967–74, 10291
self concept & group identity & race awareness & decentration & language & cognitive abilities, 3–9 yr old Blacks, 757
social self identity & readiness for intergroup social contact, Jewish & Arab high school & college students, Israel, 914
sociocultural factors & ethnicity & language & working status & time of migration, use of health care facilities for perinatal care, 16–41 yr old pregnant Mexican Americans, 10964
traditionalization of ethnic & social identity, American Jews who immigrated to Israel, 906

Ethnic Values
acculturation for adaptive purposes & cultural ties with home country & values, 16–25 yr old Maghrebians living in France, 3272
changes in national identity & collective value system, Netherlands, 911
ethnoaesthetic preferences as expression of societal values & conflicts, revelation of anti-female social structure through pottery, Zuni Indians, 915

Ethnography
cultural anthropological qualities, Mediterranean area, literature review, 12543
ethnographic data collection methods, curriculum & educational program evaluation, literature review, 8991

Ethnolinguistics
inter- vs intra-group ethnic interaction, decreolization of synchronic code-shifting, Creole speakers, Belize, 10062
linguistic analysis of conversation, Aborigines, Australia, 10064
linguistic structures promoting harmony & limiting conflict, Pitjantjatjara Aborigines, Australia, 10068
Martin Luther King Jr. Elementary School Children v Ann Arbor School District Board decision regarding Black English, effect of language attitudes on education, teachers, 11260
multilingualism, Aborigines, Australia, 10059
relationship between thought about speech & categories of speech acts, Ilongots, Philippines, 10069
social factors, patterns of language use, multilingual Aboriginal groups, Australia, 10061

Ethnology [See Also Related Terms]
attitudes on importance of ideas in content of introductory ethnology course, college students, 4357
cognitive vs behaviorist views, rule following in society, implications for A. Cicourel's cognitive ethnomethodology, 5496
structuralism & semiotics & R. Harre's ethogenics, 5294
Ethology (Animal) [See Animal Ethology]
Ethyl Alcohol [See Ethanol]
Ethylaldehyde [See Acetaldehyde]
Etiology
age at onset & clinical & pharmacokinetic & neurophysiological factors, 16–76 yr old paranoid schizophrenics with vs without impairment of blood-brain barrier, 10507
agoraphobia, social & physical characteristics of home & nonhome environments, male vs female 27–51 yr old agoraphobics, 1152
annual cycle of incidence & etiology of illness & medical care seeking, farming families, 3854
antecedent events/variables & maintenance/exacerbation as function of positive & negative reinforcement in etiology of anorexia & bulimia nervosa, 1424
anxiety, etiology of stuttering, 2–3 & 23 & 25 yr olds, 8156
application of epidemiology, causes of mental disorders, 1212
autism, description & sources of difficulties & generic & official classification & historical labeling trends, literature review, 5741
behavioral neurological model for etiology of childhood autism, 1177
biological & psychological & social factors & body image & eating patterns in etiology & multidimensional treatment approach, obesity, literature review, 8168
biological & psychological & social factors, high blood pressure, female personnel, 13108
biological and medical factors in genesis of criminal behavior, literature review, 1245
cause & treatment, obesity, mentally retarded & psychiatric patients, literature review, 12800
causes of mental disease as seen in writings of 19th century Australian psychiatrist F. N. Manning, 3569
characteristics & underlying personality structures of extrafamilial elective mutism, children, 8039
cholinergic dysfunction, geriatric memory impairment, review of biochemical & electrophysiological & pharmacological studies, 2762
cimetidine, induction of manic syndrome, 70 yr old male, 4078
classification & etiology & treatment, male homosexuality, 989
clinical picture & epidemiology & diagnosis & neuroanatomical correlates & etiology & pathogenesis of amnesic episodes, 5961
clinical symptoms & etiology & course & outcome of psychoses, children & adolescents, literature review, 5719
cognitive etiological model of phrenophobia, 10588
compulsory military service, mental disorders as crisis reaction, 5772
conceptualization & etiology & treatment, heroin addiction & other substance use/abuse, literature review, 6495
conflict & anger & depression in etiology & symptoms, Hwa-Byung folk illness, 33 & 42 & 65 yr old females, Korea, implications for treatment, 10495
contributing factors & epidemiology, drug abuse, high school & college students, India, 3663
contributions of S. Orton to understanding of dyslexia, 3728
definition & differential diagnosis & treatment & remediation, hyperactivity, literature review, 6007
definition of learning disability as neurophysiological dysfunction & suggestions for education, 12979
delayed auditory feedback, speech fluency, 18–25 yr olds, implications for etiology of stuttering, 1343
developmental lag in information processing strategies, learning disabilities, 6–9 yr olds, literature review, 1306
dexamethasone suppression test abnormality, diagnosis of biologically derived depression, females with postpartum depression, 3524
distance measurement in testing hypothesis of contagion, 209
dopamine hypothesis as biochemical theory, etiology of schizophrenia, literature review, 8019
dopamine-beta-hydroxylase cerebrospinal fluid levels, schizophrenic patients responsive vs not responsive to neuroleptic treatment, etiological implications, 1218
DSM-III nosology & etiology of mental syndromes, psychoanalysis & psychotherapy, 1478
dysfunction of serotonin &/or noradrenaline systems as possible etiopathogenesis of affective disorders, literature review, 5698
dysphagia originating during depression & due to hysteria or Gougerot-Sjögren syndrome, 74 yr old female, 5995
early mother-child feeding relationship, etiology of eating disorders, literature review, 8179
economic model of crime causation, former street gang leader, 12973
electrophysiological studies of forebrain & brain stem pathology & development & possible causal links, language & cognitive deficits, autistic children, 1222
environmental & biobehavioral & cognitive factors, acquisition & maintenance of drug dependence, 5812
epidemiology of & reasons for suicide, children & adolescents, Japan vs West Germany, 8103
etiological & developmental factors, autistic 3–16 yr olds, 3584
etiological factors & treatment of insomnia, literature review, 5931
etiological factors in reading problems, categorization of word recognition skills & diagnosis of children as learning disabled vs dyslexic, reading specialists, 2064
etiological role of dopamine & noradrenaline abnormalities in schizophrenia, literature review, 10534
etiological similarities of chemical abuse & family sexual deviations, 3658
etiology & characteristics & stages of transactional analysis treatment, children with infantile autism & childhood schizophrenia, 3955
etiology & diagnosis, schizophrenia, literature review, 1209
etiology & dynamics, bulimarexia, female college students, 3809
etiology & neuroleptic treatment, organic psychosis, 5 yr old female, 4083
etiology & psychological factors & EMG feedback vs dental treatment, temporomandibular joint dysfunction & myofascial pain dysfunction syndromes, literature review, 1407
etiology & symptomatology & prognosis, pseudodementia vs senile dementia of Alzheimer's type, 62–78 yr old patients, 1392
etiology & symptoms & limited intervention, abuse in domestic settings, elderly, 1249
etiology & treatment of psychogenic retention of urine, 33 & 45 & 66 yr olds, 5920
etiology & treatment, patterns of self stimulatory & self injurious behavior, children, literature review, 12955
etiology, reading disabilities, children, literature review, 12976
etiology, suicide, urban population, 3713
excess tissue copper, etiology of schizophrenia, literature review, 7991
exposure vs adaptive orientation, addiction to heroin & other opiates, literature review, 1243
failure to mourn, depression, literature review, 12865
family background & interaction, substance abuse, review of support for hypotheses, literature review, 10602
family climate & school success, etiology of learning disorders, 5893
family psychotraumatic events & age, etiology of neurosis, neurasthenics with mean age of 36.5 yrs vs over 50 yrs of age, 12857
food additives & diet, etiology of childhood behavior disorders, literature review, 5861
functional disconnection of cerebral hemispheres as psychosomatic cause of alexithymia, 8246
genesis of obsessive compulsive behavior & alternative model, 10581
genetic & immunohematologic etiological factors in autism, 1200
genetic factors in etiology of deafness, implications for genetic diagnostic & counseling process, literature review, 5932
genetic origins & drug therapy & psychometric testing, depression, proceedings from the National Congress of Italian Psychiatric Society, 10565
genetics & alcoholism, discrimination of color, 24–50 yr old Cree population, Canada, implications for etiology of alcoholism, 12901
genetics, affective illness & schizophrenia, monozygotic & dizygotic twins, 3574
history & etiology & symptoms & treatment, Gilles de la Tourette Disorder with associated triple X & 9p mosaicism, 24 yr old Black female, 3851
hormonal & genetic factors & neurotransmitter disturbances, etiology of schizophrenia & manic depression, literature review, 1201
hypnotherapy, psychogenic impotency, males with mean age of 40 yrs, 1-yr followup, 13303
identification & symbolization as factors unrelated to etiopathogenesis of conversion, 10569
incidence & pathogenesis of primary vs secondary alcoholism, Italians vs Slovene minority group members, Italy, 5854
influencing factors & treatment of hypertension, literature review, 6023
loss of consciousness & spatial disorientation & improper M-1 maneuver, in-flight sudden incapacitation, US Air Force aircraft pilots & other crew members, 1970–80, implications for air safety, 13781

low level exposure to lead, etiology of mental retardation & learning disorders & behavioral problems, 7966
major susceptibility locus for depression on human leucocyte antigens region of chromosome 6, failure to replicate haplotype data of L. R. Weitkamp & criticism of data subdivisions, 5732
marker X chromosome, etiology of mental retardation, 8152
medical & genetic factors, mentally retarded 4–20 yr olds with inborn or early-age cataracts, 8139
mental illness as dysfunction of systems of psychodynamic whole, criticism of concepts of E. Kraepelin, 3598
model & analysis of interaction of parental & situational & child characteristics, physical child abuse, 1298
model based on conditioning theory, development of neurotic disorders, 10524
model of etiological factors, fibrocystic disease & breast cancer, implications for prevention & rehabilitation, literature review, 8212
models of developmental psychopathology, 10590
multiple determinants of overeating behavior, overweight vs normal-weight college students, 13032
narcissistic conflicts & development of psychopathology, 10580
necessity of diagnosing etiology of severe mental retardation, 3733
neuroanatomical differences, 20–45 yr old male paranoid vs nonparanoid chronic schizophrenics, implications for differences in etiology, 5765
neurochemical disturbances leading to end stage neuron development problems, etiology of infantile autism, 1135
neurochemistry of autism, clinical studies of serotonin & dopamine & norepinephrine metabolism, 1236
neuroleptic medication &/or psychosis, sudden death, 18 yr old male, 1607
neuroleptics, pathophysiological mechanisms in etiology of tardive dyskinesia, literature review, 4052
neurological disease as origin or precipitant for affective disorders & suicide, literature review, 3527
neurological disorders in neonatal period, etiology of minimal brain disorder, children, 9-yr longitudinal study, 3760
pathophysiological mechanisms & neurochemical factors, enzymatic disorders, 1396
patient dependence & oral satisfaction needs & psychosomatic aspects in etiology, chronic open-eye glaucoma patients, 3776
peer influences & transmission of anxiety from teachers & principals, cause of gas poisoning epidemic, elementary school students, Hong Kong, 3530
perceptions of causes of & attitudes toward mental disorders, rural village residents, India, 10576
personality & social & territorial factors, etiology of homesickness, 3573
personality pathology, chronic prostatitis patients with mean age of 36.8 yrs, 8211
personality profile & treatment, compulsive overeating, females, 8174
physical & psychological & social factors, chronic fatigue etiology & prevention & treatment, females, literature review, 13071
physiological & psycholinguistic & psychosocial factors in early childhood stuttering, 5908
premorbid personality & precipitating factors & symptoms & heredity, schizophrenic-like states, literature review, 3618
primal scene experiences & sadomasochism & asthma, comment on article by C. Karol, 8223
primal scene traumatic experiences & development of sadomasochistic character formation & asthmatic symptomatology, 13 yr old female, 8210
prostaglandin deficiency &/or excess hypotheses & schizophrenia, literature review, 3613
psychoanalytic theories of nature & origins of anxiety, 1156
psychodynamic & social & genetic factors in psychiatric illness, need for multidisciplinary outlook & treatment, 3587
psychological factors in etiology & impact & adjustment & treatment of diabetes, literature review, 5960
psychological theories on necrophilia, 3551
psychopathology, etiology of sleep disorders, literature review, 3853
psychosis connected to cannabis abuse, 19–39 yr olds, 12863
psychosocial stress, ischemic heart disease, etiological implications for war veterans, literature review, 10762
psychosocial theories of etiology & treatment of depression, literature review, 5702
reanalysis of Richmond Youth Project Delinquency data, empirical support of E. H. Sutherland's differential association theory vs T. Hirschi's control theory, 2503
redirected aggression, suicide, commentary on D. deCatanzaro's article, 3698
relationship with father vs other risk factors, incidence of cancer, physicians, replication of work by C. B. Thomas et al, 1420
research on schizophrenogenic mothers & expressed emotion & relapse & causality of schizophrenia, literature review, 1195
reversible causes of intellectual impairment, elderly, literature review, 13104
role of epilepsy, etiology of chronic psychosis, literature review, 8046
role of genetics & environment & behavior in etiology & social skills training for reduction of vulnerability, schizophrenia, 8031
role of immunological interference with activity of serotonin in depressive illness, cancer patients, 10486
role of neurotransmitter dysfunction & genetic & environmental & developmental factors in etiology, schizophrenia, 8034
role of 5-hydroxytryptamine & dopamine & norepinephrine, etiology of depression, literature review, 7998
seasonal variations in epidemiology of anencephaly & teratogenicity of pre-ovulatory overripeness, 1951–68, Netherlands, 13038
segregation analysis applied to data from 1st-degree relatives of schizophrenics, testing monogenic hypothesis for transmission of schizophrenia & possibility of genetic/psychosocial interaction, 1229
sex & age & socioeconomic status & parental psychopathology, 3 types of evolution profiles leading to different personality structure & school efficiency & adjustment levels, psychotic vs neurotic children, 8033
single/multiple causal controversy about reading disabilities & discussion of verbal & perceptual & linguistic types, literature review, 1317
smoking & development of Parkinson's disease, 5965
social factors & environmental antecedents of language deficiencies, prevention & remediation, children, 3910
socioeconomic class & pathological family socialization, development of psychiatric disorders, 1160
sociological & psychological & risk & pathophysiological factors, detection & prediction & prevention of cancer, 50–65 yr olds, 13029
sociological perspective on characteristics & etiology of sexual abuse of children, 1259
study of multiplex sibships, evidence of histocompatibility-genetic link in pathogenesis of affective disorders, families with affected siblings 18 yrs & older, 5793
symptoms & causes of pathological maternal nostalgia, 45–55 yr old females whose adult children had left home, 5681
syndrome etiology & definition in diagnostic criteria, biological research, 4677
terminology & diagnosis & incidence & role of stress in etiology & treatment, bruxism, literature review, 1406
theories of etiology & maternal pathology & psychotherapy & sex reassignment surgery, gender identity disorders, 3903
traditional views on childrearing & family life, mothers interviewed 1957–60, implications for etiology of narcissistic personality development, 10562
validity & limitations of psychiatric vs societal reaction approaches to explanation of mental disorders, literature review, 1225
vitamin B12 deficiency, organic psychosis, 47 & 58 yr old females, 12786

Euphoria
alcoholism, alcohol-induced euphoria & dysphoria, 23–65 yr old male alcoholics & nonalcoholics, 12899
endorphins released by stress & running & acupuncture & sexual activity & suggestion & ritualistic dancing, antinociception & socialization & euphoria & drive & vegetative functions & mental disorders, literature review, 7468
social vs solitary drinking situation, alcohol consumption & euphoria, 22–25 yr old male social drinkers, implications for tension reduction & adjunctive behavior theory, 996

Europe [See Also Austria, Belgium, Czechoslovakia, East Germany, Finland, France, Greece, Hungary, Ireland, Italy, Netherlands, Poland, Scandinavia, Spain, Switzerland, Union of Soviet Socialist Republics, United Kingdom, West Germany, Yugoslavia]
country's sociocultural premises, prevalence of myocardial infarct, US vs Mexico vs Japan vs Italy vs Czechoslovakia vs France vs Israel, 8215
cultural anthropological qualities, Mediterranean area, literature review, 12543
description of research on speech production & perception of Speech Communication Laboratory, Europe, 4881
feminism, Europe, 1400–1789, 12611
historical development of aviation psychology, Germany, 13753
insanity in movies, 1913–33, Germany, 2988

methodological issues associated with psychiatric epidemiological surveys, Europe, literature review, 4673
patterns of persistence & change in relations between dominant & subordinate groups, US & Western Europe, literature review, 5473
phenomenological & psychopathological concepts in British vs continental psychiatry, literature review, 15
psychotropic drug therapy, US & Australia & Canada & Europe, 4065
public health & social problems associated with nonmedical usage of synthetic psychotropic drugs, review of studies on drug use, US & Europe & Australia & Canada & Thailand & Philippines & Malaysia, 12648
trends in alcohol & cannabis use, Europe & North America & Australia, literature review, 12641
Eustachian Tube [See Middle Ear]
Euthanasia
attitudes toward euthanasia & suicide, Jews vs Catholics vs Protestants, reanalysis of B. K. Singh's study, 10296
death fears & age & education & "close to death experiences", attitudes toward euthanasia, 18–69 yr olds, 1079
Evaluation [See Also Course Evaluation, Educational Program Evaluation, Mental Health Program Evaluation, Peer Evaluation, Personnel Evaluation, Self Evaluation, Teacher Effectiveness Evaluation]
accuracy & utility of traditional vs statistical vs hybrid management position evaluation approaches, 9120
American Psychiatric Association Task Force screening criteria, review of drug therapy practices, outpatients, 13275
assessment, training effectiveness of flight simulators, 13770
audience presence &/vs threat of evaluation, oral reading errors, academically handicapped 9.2–12.8 yr olds & nonhandicapped 3rd–6th graders, implications for mainstreaming, 2040
basis & utility of performance monitoring, program evaluation, 11605
behavioral assessment procedure, evaluation of educational TV programs at college level, 1665
citation frequencies, evaluation of psychologists & quality of journals, 6523
communication skills workshop, department communication, scientists in research & development department, 6-mo followup, 6842
conceptual framework, assessment of total care institutions, 8655
contrast vs fittingness between man-made & natural elements of recreation area scenes, evaluative ratings of scenes, graduate students, 9194
development & evaluation of social skills training program, substance abusers in alcohol/drug rehabilitation facility, 4257
empirical value of using physiological recordings from Control Questions Technique for detection of deception in real-life interrogations, 6941
evaluation & treatment of art works at community art museum, 2-yr longitudinal study, 3018
evaluation apprehension & commitment to experiment, confession of prior knowledge about procedures, male college students, 7006
evaluation of laboratory training vs survey feedback vs team building vs process consultation, organization development interventions, 11505
evaluation of monosyllables & comparison to pure tones, college students, 717
evaluation of own training in behavior therapy, applicant members of Dutch Association for Behavior Therapy, 11114
evaluation of prisoner work release programs, literature review, 1812
evaluation of single-case studies, 11606
evaluation of social work effectiveness, literature review, 6429
evaluation of Unix operating system, experimental psychologists assessed by questionnaire, 9248
evaluation of 2nd language learner competence, native speakers, educational implications, literature review, 11222
evaluation research, consultation & liaison psychiatry in medicine & medical education, literature review for 1970–81, 13127
evaluator preconceptions about organizational decision making in social programs, program evaluation, 49
factorial dimensions of individual vs group supervision evaluations, psychotherapy trainees, 13540
importance of standardization of evaluation instruments in environmental design research, 2279
industrial engineering procedure, evaluation of amputees' motions, amputees vs nonamputees, implications for design of prosthetic devices, 1810
inference, product evaluation, adults, 2288
intervention in loosely organized system, diagnoses & evaluations of individual agencies, county mental health organization & community agencies, 11002
level of professional training in art & design, evaluation of visual aesthetic stimuli, trained vs untrained Ss, 5660
meta-analysis in evaluation of psychotherapeutic outcomes, comment on claim by M. Smith & G. Glass, 9338
methodological rigor, results of evaluation of organizational development research, 13800
methodology, measurement of athletic performance, 13748
need for consideration of multiple factors in evaluation of cognitive & linguistic structures, 297
nonverbal behavior vs verbal content of interviews, prediction of ratings of interviewer effectiveness, college students, 10413
perceived expectations & performance evaluations & disconfirmation, satisfaction with durable vs nondurable product, 19–65 yr old consumers, 9199
performance feedback intervention, curriculum planning & recording of instructional information, 2nd–5th grade teachers of mainstreamed handicapped students, 8813
performance on concurrent speech & motor task with right vs left hand, assessment of lateralization of speech perception & production, male 18–25 yr olds, 12076
photography, meeting evaluation, 6945
positive vs negative chance determined outcomes, evaluation of outcome before vs after learning outcome, college students, 11732
potential contributions of psychology in areas of national prevention & evaluation & values & politics, 11524
procedural information & knowledge of rationale, evaluation of propriety of field studies, 23–67 yr old passersby, 4668
procedure for systematic evaluative feedback, usefulness of school psychological reports, 11409
program & management & outcome evaluation, programs for drivers convicted of driving under influence of alcohol, 4238
rated effectiveness of commercials with vs without company president as spokesperson, business graduate students, 6915
rating form development, screening of commercial standardized tests for use in Basic Skills Improvement program, 8993
room size & personality traits & demographic characteristics, evaluation of rooms, 9190
school assessment procedures, academic achievement & adjustment, mainstreamed special education students, 11359
single-case vs randomized group designs, evaluation of social programs, 64
social psychologists' qualifications for program evaluation in health care & desegregation & mental health training settings, 6570
structural pattern recognition method, determination of similarity between motor patterns, male runners with mean age of 27 yrs, implications for rehabilitation of physically handicapped, 7185
test construction, measurement of behavioral effects of correctional institution design, architects & jail administrators & inmates & staff, 8665
type of goal & task variety & evaluative context, performance on manual & cognitive tasks & satisfaction, college students, 9088
usefulness of meta-analysis, evaluation of psychotherapeutic outcomes, comment on assertions by D. A. Shapiro & D. Shapiro, 9363
validity & reliability & acceptability of biographical data & interviews & recommendations & interest & personality measures, prediction of success in higher education, college graduate & professional school students, 2082
validity & utility & theory as elements of evaluation of prevention programs, 8284
vocational assessment, educational counseling & career planning, handicapped students, 13696
workshop on brief problem-oriented family therapy, cognitive & intervention skills, therapist trainees, 8723
Evaluation (Educational Program) [See Educational Program Evaluation]
Evaluation (Mental Health Program) [See Mental Health Program Evaluation]
Evaluation (Personnel) [See Personnel Evaluation]
Evaluation (Self) [See Self Evaluation]
Evaluation (Treatment Effectiveness) [See Treatment Effectiveness Evaluation]
Evoked Potentials [See Also Auditory Evoked Potentials, Cortical Evoked Potentials, Somatosensory Evoked Potentials, Visual Evoked Potentials]
accuracy of & confidence in auditory detection judgments, strategies as measured by evoked potentials, 19–42 yr olds, 12099

amygdala basolateral nucleus & stria terminalis stimulation & ventromedial hypothalamic nucleus & stria terminalis lesions, lateral hypothalamus evoked potentials & single unit discharges & intracellular synaptic potentials, rats, 12173
anisodine, discrimination learning & memory & spontaneous & evoked electrical brain potentials & electrocorticographic CR, rats & rabbits, 10013
anticipation of neutral vs interesting events, slow cortical & heart rate responses, anhedonic vs normal male college students, 9919
brain stem auditory & visual & somatosensory evoked potentials, 4.5–39 yr olds with leukodystrophy, 3819
changes in stimulus sequence, P300 amplitude of event related potential, college students, 12066
classical conditioning of reflexive ankle jerk, event related slow potentials & comparison with contingent negative variation in operant task, 16–29 yr olds, 2801
cognitive brain potentials, 10–18 yr olds at risk for schizophrenia, 8011
decrease in serum ferritin levels due to repeated phlebotomy, cognitive performance ability & EEG & event-related potentials, males, 12188
dorsal subiculum spontaneous & sensory evoked unit activity, rabbits, 12096
dosage of chlorpromazine, EEGs & evoked responses & psychometric test performance, 20–30 yr old males, 12277
endogenous freely voluntary acts, preceding readiness potentials, college students, 9856
event related potentials & retroactive masking, reply to dissociationist critique of M. Schwartz & W. S. Pritchard, 2848
evoked potential study of ascending projections related to lingual branch of trigeminal nerve, role of low threshold mechanoreceptive information to tongue sensorimotor function, rhesus monkeys, 7402
evoked potential study of medial lemniscus as rostral projection path for hypoglossal afferent information, role in tongue sensorimotor function, rhesus monkeys, 7403
evoked responses & EEG & neurological assessment 1 day vs 1 vs 6 mo vs 1 yr following head trauma, 11–37 yr old patients, 1371
extraversion/introversion, event-related slow potentials, 19–29 yr old males, 9857
generation vs repetition of vocalizations, slow potentials preceding speech, right- vs left-handed male vs female college students, 9846
human brain potentials & intercentral relationships in cerebral cortex during problem solving, human Ss, 12068
implantable multielectrode, recording of evoked potentials, cats, 11588
negative evoked brain potential during selective attention, literature review, 5092
neurophysiology & brain electric activity, psychiatric patients, 10559
simultaneous detection & recognition task, event related brain potentials, 18–32 yr olds, 12084
sound stimulation, evoked potentials from inferior colliculus, surgical patients, 2791
spectral & integral temporal analysis, evoked brain potentials, epileptic patients, 13027
terminology & logic of psychophysiological studies, reply to E. Donchin's critique, 2858
visual stimulation & consciousness, evoked electrical activity of cerebral cortex, 20–40 yr olds, 12071
Evolution (Theory of) [See Theory of Evolution]
Exceptional Children (Gifted) [See Gifted]
Exceptional Children (Handicapped) [See Handicapped]
Excretion [See Also Defecation, Urination]
psychopathology & psychotic anxiety, urinary steroid & biogenic amine metabolite excretions, 18–36 yr old anxiety neurotics & acute schizophrenics, 5731
Executives [See Top Level Managers]
Exercise [See Also Yoga]
behavioral analysis of chronic pain, literature review, 8191
biological & pathological characteristics of obesity & metabolic responses of adipose & muscle tissues to physical training & role in diabetes mellitus, 3856
carbon dioxide inhalation during exercise & recovery, perceptual motor & cognitive performance, 5268
clinical applications & promotion of aerobic exercise within behavioral medicine, literature review, 6078
cold- & exercise-induced alternations in skin & core temperature, substrate mobilization & utilization, 22–27 yr old males, 7489
college major emphasizing exercise vs body image, risk for development of anorexia nervosa, female college students, 5981
contextual interference, retention of timing task, 54–83 yr old females with high vs low levels of exercise & physical activity, 7646
efficacy of group jogging program, psychiatric patients, 8270
evening exercise & mood, dream content & recall, college students, clinical implications, 329
exercise & emotional stress, heart rate & intra-aortal blood pressure & cardiac output & peripheral vascular resistance, normal 18–56 yr olds vs 27–45 yr old hypertensives, 3796
exercise & fasting, blood glucose levels & force exerted in pedaling, male college students, 12109
exercise & improved physical fitness, epidemiology of cardiovascular disease, 3781
exercise, food intake & eating patterns, obese vs lean Ss, 13023
exercise program, affective state & ego structure & functioning, psychiatric inpatients, 4188
family health project based on social learning theory, dietary & exercise change, Mexican American & Black & Anglo families, 10988
hardiness & exercise & stressful events, illness, male business executives, 7933
health & exercise, children, literature review, 3020
history & practice of Tai Chi, 8279
lifestyle change of increased energy expenditure vs aerobic exercise with vs without dieting, weight & fitness, obese 8–12 yr olds, 6223
low-calorie diet & exercise & hydrotherapy & physical expression & psychiatric treatment, weight reduction, obese neurotic vs psychotic vs mentally retarded females, 6064
models of adherence to exercise programs, literature review, 6351
motivation techniques for exercise program participation, aged, 13441
peripheral critical flicker fusion method, measurement of right vs left hemispheric activity following exercise, 19–24 yr olds, 2798
physical & recreational activities as strategies for coping with stress & anxiety, literature review, 515
physical activity, asthma & chronic obstructive lung diseases, 3913
physical activity in work & leisure, coronary heart disease, 3805
physical exercise, self stimulation & appropriate play & academic responding, autistic 4–7 yr olds, 8278
physical fitness & exercise, slow-wave sleep, Ss with mean age of 22 vs 32 yrs, 9700
physical fitness & strength & standards & training program & maintenance exercise, female police officers, 4545
physical fitness, exercise program, cognitive processing, 24–68 yr old males, 284
physical fitness program in alcohol rehabilitation, alcoholic inpatients with mean age of 42 yrs, 6512
physical training, weight reduction, obese adolescents, 3908
plasma lipids & lipoproteins & blood pressure & overweight & alcohol & drug use & exercise & sex & age, reported Cornell Medical Index symptoms, healthy middle class adults, 5941
predictors of performance in prolonged strenuous sports events, literature review, 2547
preventive training in progressive relaxation & stretching exercises & cognitive restructuring, physiological & behavioral stress symptoms & irrational beliefs, rehabilitation counseling students, 6 mo followup, 4016
running activity & restricted feeding, brain 3-methoxy-4-hydroxyphenylethyleneglycol levels & activity & gastric ulcers, male rats, 12187
school-based behavior modification vs exercise/nutrition-education weight loss program, weight loss, obese 12–15 yr old students, 4503
translocation jet lag, exercise capacity & performance & fatigue & weakness & headache & sleepiness & irritability, 18–34 yr old US Army male soldiers, 12199
Type A vs Type B personality & sex, heart rate during physical exercise vs IQ test, college students, 5135
unsupervised self administered aerobic training program, participation & motivation, 40–53 yr old male US Army personnel, implications for supervision & positive reinforcement in military physical training, 13769
urban vs rural environments, exercise fitness & physical development, children, Europe, 3058
weight-training program, success & self concept, male college students, 3497
Exhaustion [See Fatigue]
Exhibitionism
characteristics & occurence & locale of disorder, 19–54 yr old male exhibitionists, 3650
rape & child molesting & exhibitionism, male 12–17 yr olds, 3660
Existentialism
search for meaning & existential vacuum, East vs West, 4651

Exogamous Marriage [See Also Interfaith Marriage, Interracial Marriage]
intermarriage, Mexican Americans, literature review, 10334
motives for intercultural & interracial marriage, 10324
psychological interpretations of intermarriage, US, literature review, 10312
Expectations [See Also Experimenter Expectations, Role Expectations, Teacher Expectations]
ability & effort & task difficulty & luck attributions, expectations & pride/shame about examination, college students, 6744
achievement motivation & causal attribution of failure, negative affect & expectation of future success & performance, female college students, 12723
actual experience level & perceived counselor expertness & attractiveness & trustworthiness & client expectations & satisfaction, counselors & college student clients, 11036
age & sex & marital status, development of needs & expectations, 1st yr marriage & family therapy doctoral students, 11126
age & sex & race, expectations & achievement, Black vs White 3rd vs 6th vs 9th graders, 12390
age & sex & supervisory status, expectations of ministry, Association for Clinical Pastoral Education, 7776
age & sex differences, situation-outcome contingencies of threatening experiences, 12 vs 15 vs 18 yr olds, 5457
anticipation of evaluation by males vs females vs "persons", fear of success & task performance, female college students, 9683
anticipation of future interaction, trait attributions, college students, 1043
anticipation of future interaction with target of high vs low ability on social vs work task, evaluation of target, female 12th graders, implications for anticipated rewards vs cognitive dissonance theories of interpersonal attraction, 7735
attendance at school using symbolic rewards & expectation of drawing performance contingent reward & symbolic vs verbal reward, drawing during free period, 5–7 yr old students, 4423
attitudes toward & expectations of school busing, 9–17 yr old Mexican American students, 2014
attributions & expectancies & affect & persistence & teachers' perceptions of learned helplessness, learning disabled 7.4–11.5 yr olds vs normally achieving 7.7–11 yr olds, 11352
background factors vs compatibility vs unrealized expectations, prediction of marriage failure, divorced & separated couples, USSR, 3321
belief in ESP & own ability, outcome estimates & causal attributions in ESP task, college students, 2314
confidence in passing & prediction of examination scores & effects of feedback on performance expectancies, male vs female college students, 11285
consistency between increase/decrease heart rate instructions & increase/decrease in feedback, heart rate changes & cold pressor pain & beliefs about heart rate contributions, male college students, 2856
construction & construct & criterion validity of Self Efficacy Scale, college students, 11687
course entry attitudes, end-of-course ratings, college students, 11273
covert positive reinforcement & positive vs negative expectancy, headache & finger pressure pain, college students with muscle contraction headaches, 4047
depression, level of reward values & expectations & motivation, college students, 2660
development & reliability & validity of Career Decision Making Self Efficacy Scale, assessment of relationship to career indecision, college students, 11692
didactic training in subtraction with vs without attributional feedback, subtraction skills & self efficacy, 7–10 yr olds, 1968
digit uncertainty & response duration & nonconfounding precueing, choice RT, right handed college students, implications for generalized motor programs & feature construction hypothesis, 256
dimensionality & degree of interrelatedness of Subjective Probability Questionnaire & Cognitive Events Schedule & Personal Events Inventory, measurement of expectations & other cognitions, depressed Ss, 9414
dissimilarity of actors' characteristics to group task requirements, formation of expectations, female college students, 7880
effect of feedback on performance, goal progress, college students, 11934
expectancies for improvement in flooding therapy, actual improvement, 18–29 yr old snake phobics, 13248
expectation of foreign listener's linguistic competence & foreigner's verbal feedback of comprehension, speech characteristics, native English speaking college students, 10073
expectation of large vs small reward & electrical amygdala stimulation, retention of delayed spatial matching-to-sample task, male rats, 9960
expectation states, interracial interaction in educational settings, literature review, 8904
expectations & reasons for attending international congresses, participants in 19th International Congress of Applied Psychology, 2121
expectations from professionals serving their children, parents of physically or mentally disabled or developmentally delayed children, 7971
expectations of pleasant vs unpleasant feelings with carbon dioxide inhalation, tension vs relaxation & heart rate & blood pressure changes, college students, implications for carbon dioxide therapy, 2984
formal reasoning & content & expectations, reasoning about advertisements & design of confounded vs unconfounded product tests, 7th–8th graders, 5372
goals & expectations & teaching styles with children in childcare centers or preschools, mothers vs teachers, 10321
high vs low probability anticipated vs unanticipated movements, choice vs simple RT in "dit-dah" motor control task, right handed college students, experimental replication, 248
inferred opinions of others, self perception of ability & expectations & performance, 10432
information sources & expectations, attitudes toward menstruation & symptoms, pre- vs postmenarcheal 5th–8th vs 11th–12th grade females, cross sectional & longitudinal studies, 5311
instructor vs self expectancy for success, military clerical training course performance, 18 yr old males, 9067
job promotion practices & shift changes & perceived public expectations, satisfaction with husband's career & family relations & job longevity, Black vs White wives of police officers, 4592
labeling, expectations for cognitive vs social behavior of mentally retarded, nonretarded mainstreamed 12–15 yr olds vs retarded 15–24 yr olds, 3729
learning expectations & grade in psychology course, misconceptions about psychology, college students, 8901
learning model based on mathematical theory of expectation, 4921
length of interval & intervening task between stimulus prediction & presentation & correctness of prediction, RT, college students, 9639
level of social demand, congruence between self efficacy judgments & performance before vs after modeling treatment & avoidance & fear arousal, 18–57 yr old snake phobics, 5794
life experiences & locus of control & training unit environment & success in training, changes in locus of control, male US Marine corps recruits, 11447
locus of control, response to expectations about self vs teacher, female college students, 11276
maladjusted vs well adjusted expectancy, self perceived adjustment & self concept, Vietnam veterans, 12737
manipulation of perceived self efficacy, fear arousal & coping behavior, snake- & spider-phobic 16–62 yr olds, 3540
model, behavioral effects of perceived personal efficacy, 10437
move to more spacious facility & single vs multiple housing unit, values & expectancies for privacy, 18–45 yr old male prison inmates, 1822
no information vs misinformation vs correct information on discomfort & subsequent role playing of dental treatment, distress, college students, 7277
noncontingent feedback in discrimination learning task, generalized expectation of noncontingency, implications for learned helplessness, 7270
occupational values & attitudes & expectations, beginning college students, Yugoslavia & Austria, 11286
perceived classroom competition within groups with higher vs lower academic standards, test & trait & state anxiety & self esteem, 5th & 8th graders, longitudinal study, 11279
perceived expectations & performance evaluations & disconfirmation, satisfaction with durable vs nondurable product, 19–65 yr old consumers, 9199
perceived sex linkage of cognitive task & expectancy of success & attribution for performance, male vs female college students, 10431
perception of unexpected information, Ss with internal vs external locus of control, 12711
physical attractiveness, locus of control & sex roles & anxiety & depression & success expectancies, female vs male college students, 5619

pre-counseling expectations & verbal behavior during counseling, satisfaction, 18–26 yr old college students, 11032
pre-experience & vicarious consequences, uncertainty & recall & imitative learning, 1st–4th graders, 10189
predictions vs cues, choice RT, female right handed college students, 11862
preinteraction impression of target person, reciprocity vs compensation strategies during interaction, college students, 12662
prejudgment of day care quality, interrater agreement & predictive validity of items in Parent Guide to Quality Day Care Centers, female college & graduate student Os, replication of authors' previous study, 6944
preparation for & timing of menarche, emotional reactions & symptomatology, 5th–6th vs 7th–8th vs 11th–12th grade females, 5332
preparation for subsequent choice RT task, simple RT, college students, 11879
pretherapy preparation & therapist prognostic expectations, attitudes & expectations of psychotherapy, 6–12 yr olds, 10818
pretreatment expectation-producing instructions & preexisting efficacy expectations & biofeedback, skin temperature, female college students, 518
procedural guidelines for facilitation of self efficacy to effect change in clinical contexts, 10831
procedural vs sensation information about threatening medical procedure, expectations & emotional responses, 24–61 yr old hospitalized patients, 6356
realistic job preview, realistic expectations & voluntary vs involuntary turnover, gasoline station job applicants, 2147
reference level model of alcohol intoxication, implications for treatment of alcohol abuse, 12940
relationship between anticipation & obsessions, 24 & 29 yr old males, 3597
relevance of self efficacy theory to abstinence treatment & alcoholism relapse, 13476
reliability & construct validity of Children's Self-Efficacy for Peer Interaction Scale, 3rd–5th graders, 2483
self efficacy vs outcome expectancy, behavioral intentions, college students, 3476
sex & profession & level of training, expectancies in regard to male vs female client, counselors vs clinical social workers vs clinical psychologists, 6521
sex role restrictions & socioeconomic status & alienation & motivation & self & teacher expectations & cultural identification, participation in post-secondary education, Mexican American females, literature review, 3297
situation & sequence of outcomes & individual differences & desirability of control, performance estimates & causal attributions & perceived control, college students, 1090
size & sequence of previous rewards, future expectancy of reward, college students, 3472
social interest in early recollections, expected choices of leisure activities related to ego recognition & adventure, college students, 7943
social psychological expectancy model of individual coalition membership choice, 1008
socioeconomic status & sex & age differences, expectations for success in reading & arithmetic & conduct, 1st–3rd graders, 13647
span of anticipation in conversation, speakers, 7588
test expectations & study time, performance on open-question vs multiple choice test, college students, 11259
traditional & behavior-analytic expectations of learners & mathematical instruction, mildly mentally handicapped, literature review, 2059
TV content of family shows & parental intervention in TV viewing, perceptions of & expectations of parental & family behavior, 4th–8th graders, 10215
validity & reliability of Self Efficacy Questionnaire for Social Skills, college students, 2459
values & expectations & attitudes, willingness to assist social movement organizations, college students, 12525
wording of amnesia suggestion & resultant expectations, episodic vs semantic memory deficits in posthypnotic amnesia, college students, reevaluation of findings of J. F. Kihlstrom, 7290
world view expectations of treatment, approaches to dream analysis, Latino psychoanalytic patients, 8332
Expectations (Experimenter) [See Experimenter Expectations]
Expectations (Role) [See Role Expectations]
Experience (Practice) [See Practice]
Experience Level (Job) [See Job Experience Level]
Experiences (Events) [See Also Early Experience, Life Experiences, Vicarious Experiences]
ability to reconstruct events surrounding myocardial infarction, success at coping with heart attack, 42–74 yr old males, 4129
acute objective occupational stress, subjective stress & physiological correlates, nursing students, 8727
age & sex & situational differences, anxiety, 12 vs 15 vs 18 yr olds, 5439
age, incidence of near-death & intense spiritual experiences, 17–85 yr olds, 12
age perception, aged, 1949–81, bibliography, 7602
anticipatory guidance, preparation for situational crisis, children, 6411
biographical correlates, pioneers who settled in Kansas before 1911, implications for social clock concept, 7733
causal relationship between depression & pleasant or unpleasant events, college students, lack of evidence for P. M. Lewinsohn's model of depression, 3496
chance encounters, shaping of life paths, 5612
changes in stimulus sequence, P300 amplitude of event related potential, college students, 12066
conceptual shift in leisure sciences toward leisure as experience & need for phenomenological viewpoint, literature review, 5629
construction & validity of Peak Scale, assessment of peak experience tendencies, college students, 1761
construction of Incidents of Reality Scale, measurement of stress level of life events, 14–83 yr olds, 183
effect of social forces & historical events, Ss born between 1900 & 1905, implications for adult education, 6666
exosomatic experiences in near-death situations, theoretical & philosophical & cultural & biomedical ethical implications, literature review, 11
experiential analysis, common factors in jealousy, college students & mental health workers, 320
experiential correlates of superior intellectual functioning, 16–65 yr olds, 7685
experiential learning & information assimilation, children & adolescents, 10129
incorporation of cross cultural experiential learning into training, teachers, 8823
inducement of elation vs depression, remembering happy vs unhappy past experiences, female college students, 2665
information processing vs experiential views, consumer behavior, 2287
intervention of consistent vs inconsistent information following event, accuracy of subsequent recall of event, college students, 11920
life stress level, violent behavior, 18–65 yr old former mental patients, 10578
linguistic & cognitive categorization, perception & integration of information about episodes, 2627
measurement of life events, implications for clinical & research application, 9422
menarcheal experience, attitudes toward menstruation & perimenstrual symptoms, 18–35 yr old females, 5144
mystical experience, drinking patterns & drinking reasons, members of health insurance plan, 12642
perceived memorability of & memory for unique personal events & effect of rehearsal, college roommates, 9669
personal competence & social support & stressful life events, depressive symptoms, rural husbands vs wives, 12726
personality traits vs situational variables, prediction of behavior, college students, 5643
pilgrimage to Lourdes, subsequent anxiety & depression & religious faith, physically ill Ss with mean age of 60.1 yrs, 1405
previous success with choice behavior, preferences for choice conditions, college students, 10476
response mode & types of events, ability to judge frequency vs probability of events, college students, 7237
self perceived physical distinctiveness, causal self attributions for hypothetical social interactions vs nonsocial events, college students, 12741
social support & life events & competence, depressive symptoms, male vs female 17–24 vs 25–49 vs over 50 yr olds, 12710
social support networks & life stress, psychological vulnerability, disadvantaged groups, 12887
social support networks & stressful life events & socioeconomic status & depressive symptoms, adults, 12703
stress dimensions in life events, suicide attempters vs auto-accident drivers 15 yrs old & older, 1265

stressful life events & perimenstrual symptoms, 18–35 yr old females, 1444
temporal sequence of occurrence vs hierarchical centrality, recall of event sequence, adults, 305
Experiences (Life) [See Life Experiences]
Experiment Controls
behavioral treatment, obesity, junior high school students vs randomly vs self selected controls, 13230
controlled group design in biofeedback research, literature review, 11584
ethical & programmatic & methodological problems, treatment-control experimental design in educational research, 8978
need for interpretation & motivation & observation controls in experimental studies of small groups, 4692
reliability adjustment procedures for initial differences between groups in uncontrolled studies, determination of expected posttest difference, 2473
Experiment Volunteers
coronary prone behavior, choice of earlier vs later time for participation in questionnaire study, Type A vs Type B college students, 11616
ethical & legal considerations in clinical testing of new psychotropic drugs, volunteers & psychiatric patients, 10932
motivational factors, volunteering for centrifuge acceleration research, 18–36 yr old military personnel, 4562
perceived privacy protection & willingness to participate in survey using randomized response technique, college students, 88
roles of experimental Ss, valid inference in psychological research, criticism of D. C. Carlston & J. L. Cohen's study, 11570
self selection of experiment volunteers, experimental bias in evaluation of mental health services, adult outpatients, 11614
sensation & arousal & experience seeking, volunteering for research in principle & fact, male college students, 1063
use of volunteers in alcoholism research, experimental bias, 25–68 yr old male alcoholics, 5858
Experimental Apparatus [See Apparatus]
Experimental Design [See Also Hypothesis Testing, Null Hypothesis Testing]
adaptation of state notation to design & implement behavioral laboratory procedures, 9352
assessment of experience in studies of speech discrimination, infants, 4679
between vs within group design, discrimination learning feature-positive effect, college students, replication & extension of study of J. Newman et al, 11916
breach of double-blind procedure as consequence of informed consent, obese 22–65 yr old patients & physicians involved in fenfluramine trial, 4664
calculation of power of F test in fixed vs random vs mixed effects ANOVA, 218
changing-criterion design in special education, evaluation of increase in math achievement, 11 yr old learning disabled 6th grade male, 11362
coding-mapping vs coding only vs decision tree training for simultaneous vs sequential processing & paradigm & memory aids & focus, learning inductive biconditional reasoning, 10th graders, 5369
computer-based multivariate analysis of single-S EEG spectra, 9256
controlled group design in biofeedback research, literature review, 11584
design & data collection methods, Study of Dissemination Efforts Supporting School Improvement, 9295
ethical & programmatic & methodological problems, treatment-control experimental design in educational research, 8978
evaluation of Head Start summer program, 1st graders, reanalysis of data of V. G. Cicirelli et al, 8994
evaluation of single-case studies, 11606
experimental conditions & stability of measurements, contingent negative variation, psychiatric patients, 3610
experimental design bias, aging research, 2340
family & twin & karyotype & adoption study designs, research on genetics & criminality, literature review, 1257
forced choice method with 3 alternatives, performance improvement due to incidental learning, 34–66 yr old females, attempted replication of effects found by R. L. McBride & D. G. Laing, 9506
generative power & use of single case in experimental-developmental psychopathology research, 11580
importance of accurate definition & measurement of independent variable in behavior analysis, 6992
irrelevant auditory directional cues & experimental design, processing facilitation vs interference in visual choice RT task, female college students, 11889
issues in single-case design research, comments on articles by N. Garmezy & V. H. Denenberg & A. E. Kazdin & J. M. Johnston & C. K. Connors & K. C. Wells, 11617
major research strategies & methodologic standards, studies of risk factors for child abuse, 11596
matching vs oddity discrimination problems, acquisition & transfer of training measured by relative sample control, male pigeons, 9486
mathematical & statistical & experimental design issues, computerized EEG data acquisition & analysis, 9252
meaningful minimal contrast, treatment of phonological disorders, criticism of design of study by F. Weiner, 4111
method & statistical test to fit categorical models to effect sizes from series of experiments, estimation of pooled effect size, 213
methodological aspects of routinization project, 9364
methodological flaws of paradigm using spontaneous moral discussions, criticism of W. Damon & M. Killen's study of social interaction & moral reasoning in young children, 845
methodological issues, Rural Experimental Schools Study, 9292
methodological problems in evaluation of risk reduction programs related to cigarette smoking & alcohol use, 5th–7th graders, 11210
mini-cross-site analysis, comment on journal articles, 9319
minitypologies technique using within-Ss designs, experimental assessment of individual differences, 4676
model based on L. Guttman's facet theory, study of effects of maternal methadone maintenance on development, infants, 5251
Monte Carlo method, evaluation of data analysis of repeated measures design with many repeated levels & small sample, 4830
multi-S behavior functions based on L. C. Shine's actualized & pure single-S behavior functions, 2510
norm-referenced vs regression-discontinuity design of compensatory education evaluations, 7007
odor-specific olfactory cell spatiotemporal activity, proposed experimental design to differentiate contribution of differential sorption & regional mucosal membrane responsitivity, 2792
paired associate word vs picture lists, cued recall, kindergartners vs 2nd vs 6th graders vs college students, comparison of stages-of-learning vs traditional interaction analyses of memory development, 3080
paradigms instructing vs not instructing Ss to remember specific items, immediate vs delayed recall of incidentally learned material, 1st vs 6th graders vs college students, 5353
principles in number of Ss used, animal behavior experiments, 7295
problems with socialization of values concerning design of psychotherapy research, 65
random stimulus design in single case research, 2372
research design & approaches, evaluation of communication, autistic children, literature review, 5714
research designs & findings of studies on practicum supervision, literature review, 13508
RT crossover in embedded set paradigm, anhedonic vs perceptual aberration schizotypic male college students, perceptions for psychosis proneness, 5788
sample population distribution shape & peakedness & tail density, small sample empirical powers of various statistical tests designed to detect ordered location alternatives, 207
sex & cohort differences, identity status & intraindividual changes in ego development, freshman vs sophomore vs junior college students, cross sectional study, 7702
single case designs in psychopharmacological research, literature review, 11571
single S research in comparative developmental psychology, 11574
single-case designs in clinical research, literature review, 11589
single-case methodology in operant conditioning research, 11587
single-case vs randomized group designs, evaluation of social programs, 64
stimulus range & frequency & spacing context, magnitude vs category vs ratio vs difference psychophysical judgments & within- vs cross-modality darkness judgments, college students, 2408
student aptitude/instructional treatment interaction research paradigm, 1887
theory-testing methodology, educational program evaluation, reanalysis of Ohio-Westinghouse evaluation of Head Start program of V. Cicirelli, 9013
time series models, analysis of behavior designs, 6937
type of injustice situation, reversal in preference responses, college students, implications for experimental design in equity research, 7913

unmasking in simultaneous & nonsimultaneous masking paradigms, adults, 7224
use of volunteers in alcoholism research, experimental bias, 25–68 yr old male alcoholics, 5858
validity of multidimensional scaling methodology in organizational psychology, 4694
Experimental Epilepsy
brain naloxone injection site, experimental epilepsy, male rats, 12253
constant magnetic field, hippocampal penicillin epileptogenic foci, rabbits, 5189
GABA vs liposome-entrapped GABA, penicillin-induced epileptic activity, rats, 12304
valproic acid plasma levels, induced seizures & kindled epilepsy & neurotoxicity, rats, 700
viloxazine hydrochloride, seizure thresholds of experimental epilepsy, mice & rats & baboons, 655
Experimental Ethics
breach of double-blind procedure as consequence of informed consent, obese 22–65 yr old patients & physicians involved in fenfluramine trial, 4664
costs & benefits of regulations for research involving children, 10358
ethical guidelines & standards & policies for research at National Institute of Mental Health & National Institute of Child Health & Human Development, 11135
function & significance of institutional review boards for scientific research, 11136
history & ethics of biomedical research on humans, 8274
humanistic/phenomenological approach to role play methodology, 4693
informed consent with vs without statement of right to withdraw from experiment, effects of noise stressor on cognitive task, college students, 11575
labeling & salience, judgments of ethical acceptability of research using human Ss, college students, 8776
legal & ethical issues in human research, 2352
moral ethical problems in biomedical research & advancement, 1849
percentage of studies reporting debriefing in Journal of Abnormal & Social Psychology & Journal of Personality & Social Psychology, 1964–80, 4689
report of National Commission for Protection of Human Services on biomedical & behavioral research involving children, 11129
Experimental Instructions
angular orientation of polygon & associated semantic interpretation of shape & experimental instructions, saccades & fixations & P300 visual evoked potentials & figure reversal, humans, 2541
attentional vs neutral instructions & forward vs backward conditioning analog, habituation & recovery in autonomic conditioning, college students & staff, 12124
attribution of consensus & distinctiveness & consistency information with vs without instructions to form causal judgments, memory for causal agent, college students, 317
consistency between increase/decrease heart rate instructions & increase/decrease in feedback, heart rate changes & cold pressor pain & beliefs about heart rate contributions, male college students, 2856
fine vs natural vs gross instructions, segmentation of single-actor vs dyadic behavior, college student Os, 3418
imagery instructions & word frequency & associative characteristics & parts of speech, recall, secondary school students, 5373
instruction emphasis, speed & accuracy of throwing task under competitive vs noncompetitive conditions, college students, 246
instructional set & task demands for visual letter-matching task, auditory event related potentials, 20–31 yr olds, 12079
instructions & verbal differential semantic conditioning, inhibition of GSR measure of orienting reflex, college students, 9913
instructions to attend to phonemes vs semantics of auditorily presented sentences, immediate vs delayed recall, college students, 11910
instructions to avoid time-aiding techniques & stimulus duration & retention intervals, short term retention of auditory duration estimates, college students, 7258
instructions to produce random vs spontaneous response sequence, sequence redundancy, college students, 9499
paradigms instructing vs not instructing Ss to remember specific items, immediate vs delayed recall of incidentally learned material, 1st vs 6th graders vs college students, 5353
personality traits & procedural instructions & countermeasure strategies, electrodermal responses to deception, normal vs personality disordered Ss, 12834
pre- vs postsleep instructions to pay attention to dream content & hypnotic ability, dream change, college students, 4959
pretreatment expectation-producing instructions & preexisting efficacy expectations & biofeedback, skin temperature, female college students, 518
response categories to report subjective states, fluctuation of stimulus visibility in binocular rivalry & comparison with afterimage & steady fixation paradigms, 2581
response instructions in psychophysical measurement, equal sensation contour judgments of whole-body vibration, humans, 4706
rod setting & verbal instruction emphasis, perceived tilt in rod & frame illusion, college students, comment on B. J. Fine's assertion, 2393
task explanation, strategy transfer in directed forgetting task, 13–15 yr old educable mentally retarded, 3723
task instructions, habituation of GSR index of orienting reflex, college students, 9911
verbal instructions, visual perception, criticism of theory of sense data, 9562
visual & haptic stimulation with vs without instructions about comparison modality, accuracy of cross-modality matching, college students, implications for role of processing strategies, 11756
wording of question about out-of-body experience & dreaming & sex & age, reported incidence of experiences, college students, 4615
Experimental Laboratories
automated laboratory, online electrooculographic analysis of eye movements during reading, 9277
development of laboratory technique, behavioral assessment of oversensitivity to & avoidance of auditory & light stimuli, headache-prone Ss with mean age of 32.6 yrs, 6993
microcomputer as control instrument, psychology laboratory, 4657
Experimental Methods
adaptation to displacing prisms with hypnotically induced limb anesthesia, comment on failure by N. P. Spanos et al to duplicate critical experimental procedures, 255
advance telephone & mail contacts, response rate & volunteer bias in mail surveys, 2376
alphabetic notation in paired-comparison blind test research, college students, 4695
animal models in psychological experimentation, 2390
antagonistic behavior vs competition tests & weight of body & endocrine organs & glands, determination of social rank positions, male rats, 9801
arguments against models of matching-task phenomena based on "same" vs "different" RTs, criticism of R. Ratcliff & M. J. Hacker's arguments, 11757
behavioral & biological strategies for assessment of brain function in clinical pediatric research, literature review, 2396
brief-contact consultation/referral method, recruitment of Ss for clinical research of depression, 58
coding method for analysis of patient's perception of relationship with therapist in psychoanalysis & psychotherapy, 54
color of plastic leg band on opposite sex conspecifics, conspecific preferences, zebra finches, implications for mate choice & experimental techniques, 362
concept of "universe" as unscientific, 6935
congruence of sentence semantic context with word, inhibition of word recognition in lexical-decision vs word naming paradigms, college students, 2631
definitions & research methods, stress, literature review, 2347
degree of immediate feedback, performance on computerized ESP test, college students, 11535
detection of transitions in converations, college students, pause duration criteria for future research, 4893
differences in methods & models in physics & psychology, multidisciplinary problem solving & role of systems engineering, 6895
difficulties of price-testing premium-priced new products & alternatives to Gabor-Granger method, 9221
digit uncertainty & response duration & nonconfounding precueing, choice RT, right handed college students, implications for generalized motor programs & feature construction hypothesis, 256
E anxiety in breaching experiments, 2361
emotional stability & extraversion & impulsivity & achievement motivation & locus of control & field dependence, accuracy of time estimation by verbal estimation vs production vs reproduction of various durations, college students, 3448
empirical-experimental vs structural methods, humanistic research in psychology, 4684
ethnographic data collection methods, curriculum & educational program evaluation, literature review, 8991

evaluation apprehension & commitment to experiment, confession of prior knowledge about procedures, male college students, 7006
experimental demand characteristics, effect of social categorization on intergroup discrimination, 14–15 yr old females, 10260
experimentation on P. C. Wason's selection task, literature review, 2614
extent of deception in social psychology research & kinds of techniques, 1959–69 vs 1978–79, 11582
external & implementation factors, validity of educational field tests, 8968
failure to demonstrate spatial memory in radial maze, mice vs rats, implications for research on innate foraging patterns, 4967
gap acceptance procedure, assessment of detectability of motorcycles, drivers, 4599
high-performance liquid chromatography with amperometric &/vs fluorometric detection systems, measurement of catecholamines & indoleamines in CNS & blood & urine, literature review, 2339
humanistic/phenomenological approach to role play methodology, 4693
importance of delineating potential multiple sources of causation & effects in scientific research & publications, 11593
initial request by disabled vs nondisabled E, foot-in-the-door effect on subsequent request, adults, 11573
instructions to increase vs decrease heart rate with vs without biofeedback training, discrimination & control of heart rate, normotensive volunteers, 9918
lambda response & offset of saccades, 26–30 yr olds, implications for applicability of lambda response as index in visual perception research, 9888
linear vs quadratic classification of exogenous & endogenous components of event-related potentials, 21–29 yr olds, 6938
manual of observational procedures & interviewing techniques for home assessment of development, twins from infancy to midadolescence, 77
maternal vitamin A palmitate dose, ultrasonic vocalization over clean vs soiled bedding as measure of developmental toxicity, rat pups, 584
method for recording & separation of early & middle latency auditory evoked potentials, 9345
method for standardization of distances between any pair of locations within bounded shapes, 11722
method for use and interpretation of tail-pressure behavior as dependent variable, rats, 9361
methodological framework for study of cognitive processes that monitor & regulate response speed & accuracy, mentally retarded, 37
methodological integration in Research & Development Utilization Program, 9308
methodologies in science & psychoanalysis, implications for roles of research workers & psychoanalysts, 6161
methodology, epidemiological studies, 85
methodology, psychiatric field surveys, India & Southeast Asia, 97
methodology, research on changing roles, females, India, 12610
methods & results of eye movement studies on reading & information processing & application to educational research, literature review, 2864
mini-cross-site analysis, comment on journal articles, 9319
modeling technique in elicited imitation task, production of semantic relations, 20–28 mo olds, 3090
models based on "same" vs "different" RTs, reply to criticism by R. W. Proctor & K. V. Rao, 11758
motor cortex lesions, swimming measures as test of motor cortex integrity, male rats, 55
multisite/multimethod approaches to data collection & analysis, 9309
natural vs laboratory reading of newspaper article, recall & recognition performance, college students, experimental implications, 7248
need for interpretation & motivation & observation controls in experimental studies of small groups, 4692
neutral picture task, assessment of comprehension of verb "ask", children, reply to critique by D. Warden, 5346
number of postcriterion overlearning trials in adjusted learning procedures, equating items for subsequent retention, college students, 9307
operant learning method, behavioral assessment of dopaminergic effects of dextroamphetamine & apomorphine & haloperidol & methohexital, female rats, 7547
paradoxical sleep deprivation produced by pendulum vs watertank techniques, acquisition & retention of avoidance behavior, male rats, 12189
part process analysis, model of interpersonal interaction, 3396
perceived control & situational information, frustration tolerance during unpredictable noise exposure, college students, 12735
performance on drawing copying task, Ss with right hemisphere brain damage, implications for differences in findings between H. Hecaen & G. A. Assal & G. Gainotti et al, 5938
pictorial stimuli with affective themes, response measured by pupillary response vs semantic differential scale, college students, 79
pitfalls in clinical psychosomatic research, 11600
problems & proposed solutions for exchange of EEG analyses between labs, development of spectral analysis requirements for consensus in measurement of normality & psychopathology & drug effects, 11578
problems in behavioral assessment of social skills, 11566
procedure for measurement of stability of concepts over range of ages in developmental research, 2491
prompt latency of confederate, validity of role playing as test of heterosocial performance, male college students with high vs low dating frequency, 11598
pulsation-threshold procedure using vowel maskers, simultaneous masking patterns & vowel pulsation patterns, normal vs hearing impaired 17–40 yr olds, implications for suppression effects, 8171
regression approach to correction of EOG artifacts, correlation between EOG & EEG, 10–13 yr old mildly retarded & normal children, 2821
reliability of various parameters of electrodermal activity, literature review, 9282
research methods, gender differences, literature review, 2369
response categories to report subjective states, fluctuation of stimulus visibility in binocular rivalry & comparison with afterimage & steady fixation paradigms, 2581
rod setting & verbal instruction emphasis, perceived tilt in rod & frame illusion, college students, comment on B. J. Fine's assertion, 2393
roles of experimental Ss, valid inference in psychological research, criticism of D. C. Carlston & J. L. Cohen's study, 11570
scientific guidelines, research reviews, literature review, 2351
scientific research on external stimulation of proprioceptive system & effect on human motor performance, 4853
sex differences, organizational leadership assessed by in-basket simulation vs paper & pencil scenario experiment, college students, 11612
shortcomings in specificity research on psychosomatic illness & suggestions for language markers, 11581
simultaneous vs successive obtrusive vs unobtrusive methods for measuring mental processes in reading, literature review, 11864
single vs embedded item vs multiple choice methods, assessment of recognition memory, high vs low achieving high school students, 10160
sleep deprivation induced by "flower pot" vs handling procedures, stomach erosions, male rats, 12170
Spoke tasks, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted personnel, 2344
statistical criteria & analyses, intervention & repeated measures of human performance in environmental research, 9460
statistical tests & errors, experimental psychiatric research, 211
stimulus characteristics & physiological & psychological conditions & test procedures, critical flicker fusion frequency, literature review, 4858
syntactic vs emphatic elicitation procedures, elicitation of verbal auxiliary & copula, 5–66 yr olds, implications for assessment of expressive language, 2366
technique for isolation of free platelet mitochondria for study of monoamine oxidase activity, psychiatric patients, 2375
traditional Piagetian conservation tests with vs without accidental transformation, performance, 5 yr olds, partial replication of experiments by J. McGarrigle & M. Donaldson & P. H. Light et al, 783
transformations presented in standard vs natural conditions differing in amount of adult mediation, generalizability of conservation, kindergartners & 1st graders, 799
type of hiding places in object permanence tasks, success in retrieval of objects, 6–10 mo olds, 50
unified theory of R. W. Proctor for matching-task phenomena, criticism of reformulation by L. E. Krueger & R. G. Shapiro, 11886
validity of control procedure in latent inhibition studies, 9266
validity of defecation & ambulation & rearing observations, open field behavior measurement, male rats, 2717
validity of open field test measures in dim vs bright light, male rats, 356

viewing of single photograph vs successive vs simultaneous viewing of 4 photographs of 10 yr old males, judgments of physical attractiveness, male college students, implications for influence of methodology, 3430
visual &/vs auditory biofeedback vs instructions vs relaxation training, decrease of heart rate, 19–43 yr olds, 9915
visually presented letters, comparability of RT vs accuracy measures of letter recognition, college students, 2622
wording of amnesia suggestion & resultant expectations, episodic vs semantic memory deficits in posthypnotic amnesia, college students, reevaluation of findings of J. F. Kihlstrom, 7290
Experimental Neurosis
metamizyl, experimental neurosis, dogs, 12319
Experimental Psychologists
attitudes & desired changes & predictions, status of social psychology, members of Society of Experimental Social Psychology, 13519
practicum course sequence for training in applied/evaluative research, research psychology graduate students, 4298
Experimental Psychology
Apple II microcomputer applications to behavioral observational research including undergraduate instruction, 9281
Apple PASCAL Tester, online control of experiments for individualized psychometric & cognitive testing, research & teaching applications, 9334
attitudes & desired changes & predictions, status of social psychology, members of Society of Experimental Social Psychology, 13519
autobiographical comments of experimental psychologist I. Gormezano, 9231
automated feeder for liquids & wet or dry solids, fishes, 6972
CEDATS microcomputer software package, creation & analysis of cognitive psychology experiments, psychology students & instructors, 9269
characteristics of linking science between scientific psychology & educational practices, 6600
evaluation of computer systems for psychology laboratory, joint meeting of users of Digital Equipment Corporation computers & various microprocessors, 9249
evaluation of Unix operating system, experimental psychologists assessed by questionnaire, 9248
experimental psychology as realistic vs positivistic science, 6924
FORTH computer language & microcomputer applications to real-time control of psychological experiments, 6981
principles in number of Ss used, animal behavior experiments, 7295
Radio Shack color computer, cognitive psychology experimentation, 9342
satellite computer system, real-time control of psychological experiments, 9263
software development problems & experimental applications for TERAK 8510/A microcomputer, 9335
Unix operating system & applications to psychological research, 9328
Experimentation [See Also Related Terms]
adaptation of state notation to design & implement behavioral laboratory procedures, 9352
affective & cognitive aspects of preference research, 241
apparatus for visual perception research, 35
Apple II microcomputer applications to behavioral observational research including undergraduate instruction, 9281
Apple PASCAL Tester, online control of experiments for individualized psychometric & cognitive testing, research & teaching applications, 9334
applicability of artificial intelligence research, research on cognitive processes, commentary on J. R. Searle's article, 2354
application of developmental psychology research, 747
application of research material, extension of rehabilitation services, handicapped, 8674
applied research in clinical psychology, Norway, 10791
assembly language programs for PDP-11, real-time control of behavioral pharmacology laboratory, 9355
automated feeder for liquids & wet or dry solids, fishes, 6972
BASIC program, psychophysiological analysis of lateralization of function, 9322
BASIC programs & Apple microcomputer, data acquisition & experiment control & stimulus presentation, 9341
basic vs applied vs applicable research in social & organizational psychology, 10384
bibliography of educational and psychological research, Sweden, 1969–80, 3
biofeedback as tool for study of autonomic learning & as therapeutic instrument, 9906
biomedical & behavioral science research, health & behavior, book, 1101
brief-contact consultation/referral method, recruitment of Ss for clinical research of depression, 58
C programs for UNIX operating system, experiment control, 9331
career related factors, attitudinal & cognitive aspects of vocational maturity, disabled & disadvantaged college students, implications for research framework, 13764
CEDATS microcomputer software package, creation & analysis of cognitive psychology experiments, psychology students & instructors, 9269
changes in concept of categorization process, 7233
clinical effects in humans & laboratory studies, fetal alcohol syndrome, digest of previously published article, 6033
cognitive or information-processing approaches to study of attention, 1950–79, literature review, 4960
comments on R. E. Park's "Notes on the origins of the society for social research", 11554
computerized conferencing systems, productivity, scientific research communities, 4670
confusion in terminology & research on transitions between behaviors & examination of time-sharing, 380
considerations in psychotherapy research, 3952
construct modeling approach to construct validation research, 9487
costs & benefits of regulations for research involving children, 10358
counseling psychology, research problems & methods & role of counselor & recommendations for American Psychological Association's division, 4167
criticism of traditional assumptions in experimental social psychology as seen in history of sex role research, literature review, 12651
current status of research, depression & subsequent cancer, literature review, 12782
current trends, research on behavioral development, Japan, 728
description of research on speech production & perception of Speech Communication Laboratory, Europe, 4881
desirable qualifications, cross cultural researchers, 4266
development & application of PASTOR schedule programing language, control of operant experiments, 9273
development of organizational sociotechnical systems theory & research, North America, literature review, 11497
developmental framework, research on giftedness & creativity, children, literature review, 7608
developmental mental health research in Chicago suburban school system during early 1960's & late 1970's, 8288
discrepancy between transactional theory & relational strategies in research on family functioning, literature review, 6962
discrepancy in published research on Black vs White vs Indian families, South Africa, literature review, 5512
discriminant analysis, psychological research, 7143
dyslexia research & need for prevention & treatment in schools, 11328
E sex & personality, E effects in marihuana research, males smoking marihuana with strangers vs friends, 7005
ecological approach to visual perception of J. J. Gibson, aviation psychological research, 2583
electronic modification of Apple 6502 microprocessor to mimic 60-Hz clock, real time control of experiments, 9320
empirical testing of biopsychosocial model as ultimate challenge facing behavioral medicine, 6093
estimation of effect sizes for 2 or more independent studies, 212
ethical & legal considerations in clinical testing of new psychotropic drugs, volunteers & psychiatric patients, 10932
ethical considerations in psychotherapy evaluation research, 10834
ethical considerations in scientific evaluation of social aspects of psychotherapeutic research & treatment, 10859
ethical issues in clinical research treatment, children with catastrophic diseases, 1689
ethics & research, social psychology, 10385
ethics in educational research, 6602
evaluation of computer systems for psychology laboratory, joint meeting of users of Digital Equipment Corporation computers & various microprocessors, 9249
evaluation of navigation plotting task, development of performance evaluation tests for environmental research, 19–24 yr old US Navy enlistees & US Coast Guardsmen with mean age of 22.1 yrs, 11701
evaluation of Unix operating system, experimental psychologists assessed by questionnaire, 9248
evaluation research, consultation & liaison psychiatry in medicine & medical education, literature review for 1970–81, 13127
experimental approach to study of creativity, 5655
experimental methods using Apple II microcomputer, 2364

experimental use of microcomputer with visual display unit as display device, 2374
experiments with aniseikonic lenses & rat pups' heart rate as illustrations of preconceptions in research in developmental psychobiology, 6967
external validity, research involving American minorities, 2392
facet theory, applied psychological research, 6950
factors for consideration in research on validity of short forms of MMPI, 4744
feasibility of collaboration in environmental design, researchers & designers, 2273
FORTH computer language & microcomputer applications to real-time control of psychological experiments, 6981
FORTRAN programs, generation & editing of sequences of vector-based images for psychological experiments, 6988
Foundations' Fund for Research in Psychiatry & growth of research in psychiatry, 10800
foundations of scientific research in forensic psychiatry & assumptions of parent fields of law & psychiatry, 7841
German Accident Insurance Law as impetus to research on monocular depth perception & subsequent legislation by German Insurance Board, 1884–1914, 2563
German pharmaceutical law of 1978 outlining legal guidelines for development & testing of pharmaceuticals, 10349
glow modulator control unit for visual perception experiments, 93
goals of componential analysis, study of intelligence, humans, commentary on R. J. Sternberg's article, 2355
goggles, physiology of vision research, birds, 4661
guidelines for code of ethics in psychiatric research, 11120
guidelines for obtaining foundation grants for applied research & human service programing, 2349
history & ethics of biomedical research on humans, 8274
hypnosis in psychological experimentation, 19th century, 16
importance of standardization of evaluation instruments in environmental design research, 2279
influence on child study & progressive education, Bureau of Educational Experiments, 1886
interaction of genetic influences known as emergenesis, usefulness of twin studies, monozygotic twins reared apart & mono- & dizygotic twins reared together, 2751
interactive APL program functions, data analysis & data file preparation, 9276
interface for Apple II microcomputer, control of behavioral laboratory experiments, 9299
introduction to English summary of Soviet psychologist N. Ladygina-Kot's work "Infant Ape and Human Child" exploring cognitive processes of primates, 4999
legal & ethical issues in human research, 2352
limitations of meta-analysis of psychotherapy research, 238
limitations of traditional leadership theories & proposed new theory & research agenda, 1001
longitudinal studies in psychogerontolcgical research, 732
mathematics education research, 1981, bibliography, 4323
measurement of fatigue feeling in industrial research, mental & physical welfare & disclosure of working conditions, workers, 2237
meta-analysis, research on effects of ability grouping on school achievement & attitudes, secondary school students, 8855
method & statistical test to fit categorical models to effect sizes from series of experiments, estimation of pooled effect size, 213
methodological problems in child abuse research, 4674
methodological solipsism as research in cognitive psychology, critique of J. A. Fodor's discussion, 2384
microcomputer interface, enhancement of input/output capacity for control of experiments involving large number of Ss, 9289
microcomputer system, automated analysis of nonverbal communication patterns in experimental social psychology, 9305
microcomputer-controlled constant-current electrical brain stimulation system & BASIC programs for operant conditioning experimentation, 9333
modification of Sinclair ZX-80 microcomputer for operant laboratory control, 9356
modular microprocessor-based control & data collecting device for perception & cognition experiments, 67
moral ethical problems in biomedical research & advancement, 1849
nature of work & communication in field & research, professional development, educational psychologists, 4349
need for applied clinical research, Norway, 10805
need for involvement in research, child care workers, 6554
need for research in occupational socialization, 2124
need for research on leisure as central focus in lives of young people, 12498
need for research on psychological variables in cancer treatment, 1437
obstacles to integration of research & practice, psychotherapy, 13180
orientation of research & advancements in field of human sexuality, literature review, 990
overlap of vocational psychology with counseling psychology, need to revise objectives, 4537
participant observation in humanistic psychology research, 11591
past compliant behavior, willingness to participate in noncompliance research, volunteers vs nonvolunteers, implications for impact of sampling bias, 12653
PDP-11 assembly subroutine, real-time voice-activated key to record speech onset/offset, experimental applications, 9349
PET microcomputer control of operant schedules & VAX analysis of spatial dispersion & dispersal of animals, rats, 9284
philosophic beliefs of humanistic psychology, implications for conduction of research, 9225
pictorial displays of information, implications for instruction, review of research trends, 260
pitfalls in clinical psychosomatic research, 11600
positivism & interpretivism & critical reconstructivism as thesis & antithesis & synthesis in history of educational research, 6591
possibilities for active research, psychologists working in residential institutions for children & adolescents, 4199
predictions of future areas of psychological research, 4
preparation for & attitudes toward research, teachers vs school psychologists, 8808
preschool research conducted at Institute of Applied Social Research for 1968–81, Norway, review & bibliography, 6597
principles in number of Ss used, animal behavior experiments, 7295
problems in financial support for research in behavioral & social sciences, 4612
problems with & importance of observational skills in psychology, literature review, 9254
problems with socialization of values concerning design of psychotherapy research, 65
procedural information & knowledge of rationale, evaluation of propriety of field studies, 23–67 yr old passersby, 4668
procedure for measurement of stability of concepts over range of ages in developmental research, 2491
procedures for comparison by approximate significance levels of effect sizes from 2 or more independent studies, 231
production & detection of fraudulent interview data in street studies of crime & drugs, 66
program for stimulation of clinical psychology research, Norway, 2377
program interrupt routine for 6502 microprocessor during PASCAL 1.1 operation, 9296
program to train psychotherapists to participate in psychotherapy outcome studies, 6586
psychiatric research & primary care, Great Britain, 8300
psychological morbidity & precursors & response in relation to outcome & intervention & research in psychological concomitants, cancer, literature review, 8200
psychological research, Autonomous University of Barcelona, Spain, 2
published studies on mental retardation, USSR, 1970–80, literature review, 10660
purposes of research in psychotherapy, clinical practitioners, 6165
Radio Shack color computer, cognitive psychology experimentation, 9342
rating patients labeled competent vs incompetent, interrater reliability of global evaluations, college student Os, implications for social anxiety & social skills research, 96
recommendation for use of "nested" analysis in small group research, 9477
relationships between puffing & puff duration & volume & heart rate change, 23–59 yr old heavy smokers, implications for research methodology & validity, 11577
representation in environmental & behavioral research, females, 1842
representation of advancements in behavioral technology in publications of American Educational Research Association vs Association for Behavior Analysis, implications for teacher education & federal funding of research, 6592
research & development needs, implications for recreation & leisure for disabled persons, 10787
research & theories on quality of life, Poland vs US, 10273
research designs & findings of studies on practicum supervision, literature review, 13508

research in animal ethology, keys to understanding of aesthetic preferences in environment, 2264
research in child & adolescent psychology at Vienna Psychological Institute, 1922–38, 4631
research issues in sports psychology, 13747
research methods, effectiveness of progressive teaching, 6624
research of Army Psychology Corps, 1980–81, Australia, annotated bibliography, 9040
research on crime victims, 12964
research on distinction between violence in response to life-threatening event vs threat to property or social rank, animals, implications for human intrafamilial violence, 9795
research priorities, characteristics of adolescent learners, members of National Middle School Association, 6606
research priorities, school management, members of National Middle School Association, 6607
researcher-respondent relations & methods for dealing with respondent "posturing", 9306
role of operant behavior analysis research in human social & verbal behavior, basic vs applied research, 4610
role of theory in applied research, essays published in Journal of Applied Behavioral Science, 1980–82, 9353
satellite computer system, real-time control of psychological experiments, 9263
self concept theory & research in social psychology, literature review, 7901
self object theory & psychoanalytic perspectives on anthropological field work, book review essay, 10290
sex & research productivity of counseling psychology predoctoral internship applicants, ratings of suitability for internship & employment, counseling psychology faculty members vs staff of internship training programs, 11123
shortcomings in specificity research on psychosomatic illness & suggestions for language markers, 11581
simplified approach to multiple & hierarchical regression for use in applied behavioral science research, 9475
situational vs noncontingent approach to theory & research & practice of leadership, 2185
social selection perspective & policy & research issues, state mental hospital admissions decisions & organization of service delivery & deinstitutionalization, 8634
software development problems & experimental applications for TERAK 8510/A microcomputer, 9335
software package for VORTEX II real-time operating system, continuous monitoring of physiological & behavioral measures, 9302
space criterion in research on anxiety, 4680
status & methods & need for miniature theories, research in instructional psychology, 1888
status of epidemiological research, Africa, 1107
status of mass media sex typing & effects on children & adolescents & research & policy for programing of nontraditional sex role portrayals, 2994
syndrome etiology & definition in diagnostic criteria, biological research, 4677
task analysis, research in unusual environments, implications for development of performance test with military applications, 7102
task analytic methodology, development of human performance battery for environmental research, student pilots, 7105
teaching style, math & foreign language learning, 13–15 yr old students, Netherlands, description of research project, 1980
technological changes & resultant societal changes, implications for research agencies & manufacturers & workers, 2130
themes of memory & time in works of poet G. Leopardi & current research on perception & memory, 5299
theories & deficiencies & interpretation of research using ANOVA model, androgyny, literature review, 90
theory & methodology, role of play in childhood development & play research, discussion of book edited by authors, 10249
theory development in victimization research, literature review, 8100
topology for integrated principle for guidance of social science research seeking solutions to community problems, 7864
transpersonal psychology perspective, model of evolution of meditation research, 94
unity & disunity in science & psychology, 1
Unix operating system & applications to psychological research, 9328
use of volunteers in alcoholism research, experimental bias, 25–68 yr old male alcoholics, 5858
utilization of environmental & behavioral research, 2274
utilization of organizational research, literature review, 9139
validity of subjective responses in environmental design research, 48
value & direction of research, alcoholism & personality, 12947
views of M. Gill on systematic research in psychoanalysis, 13174
views of T. H. Bell on important directions in educational research, 13561
vocational research priorities based on content analysis of articles from Journal of Vocational Behavior & Vocational Guidance Quarterly, 4538

Experimenter Bias
evaluation apprehension & commitment to experiment, confession of prior knowledge about procedures, male college students, 7006
experimental design bias, aging research, 2340
investigator bias, prevalence of stress disorders, Vietnam veterans, comment on study by R. LaGuardia et al, 12882
testing conditions, assessment of auditory discrimination ability, implications for E influence, 6976
use of volunteers in alcoholism research, experimental bias, 25–68 yr old male alcoholics, 5858

Experimenter Expectations
E expectancy & contingent vs noncontingent reinforcement, frontal EMG conditioning, college students, 2859
experiments with aniseikonic lenses & rat pups' heart rate as illustrations of preconceptions in research in developmental psychobiology, 6967
priest vs minister vs layman as E, religious attitudes assessed by questionnaires vs interviews, Roman Catholic vs Protestant college student, 2367

Experimenters
E anxiety in breaching experiments, 2361
E sex & personality, E effects in marihuana research, males smoking marihuana with strangers vs friends, 7005
initial request by disabled vs nondisabled E, foot-in-the-door effect on subsequent request, adults, 11573
methodologies in science & psychoanalysis, implications for roles of research workers & psychoanalysts, 6161
sex differences & sex of E conservation ability, kindergartners & 1st graders, 10195
sex of S & E & verbal reinforcement vs punishment, serial digit learning, college students, 4929
S's introversion & extraversion & E effects, retention & memory, literature review, 5649

Expert Testimony
criticism of psychiatric criteria for judging defendant's fitness to stand trial, 3325
expert testimony & psychometric evidence, reply to criticism by A. Heim, 10355
expert testimony on value of individual intelligence tests for Black children, psychologist testifying in Larry P. v Wilson Riles case, 977
issues in expert testimony by psychologists & value of psychometric evidence in court, 10356
psychiatric evidence & mother's loss of child custody, comment on C. Quaderio's study, Australia, 10346
psychologists as expert witnesses & use of psychometric evidence in court, response to criticism of courtroom behavior by O. Tunstall et al, 10350
role as expert witness & therapist, psychiatrists, France, 4271
unclear legal definitions of intent & capacity, clinical limitations in giving expert testimony on diminished capacity, forensic psychiatrists & psychologists, 7826

Exploratory Behavior [See Also Animal Exploratory Behavior]
age & walking vs crawling ability, exploration away from caregiver, 12–36 mo olds, 870
developmental age changes, selective search strategies, 5 & 8 & 11 yr olds & adults, 3168
novel museum setting, exploratory behavior, 3–5 vs 6–8 yr olds, 3119
self vs adult directed movement & viewing during exploration, spatial representations of novel large-scale environment, kindergartners & 2nd graders, 10183

Exposure Time (Stimulus) [See Stimulus Duration]
Expressions (Facial) [See Facial Expressions]
Expulsion (School) [See School Expulsion]

Extended Family
extended family structure, behavior problems & overall development, 3 yr olds, 7609

Extension Workers (Agricultural) [See Agricultural Extension Workers]

External Ear
characteristics of acoustic input signals & spatial events, transfer functions of external ear in binaural localization, literature review, 2590
role of pinna in absolute & localization & frequency discrimination thresholds, 7 yr old elephant, implications for humans, 503
transfer functions of outer ear & horizontal plane inversions, front-back localization in binaural hearing, 19–21 yr olds, 2596
External Rewards
amount of education with vs without extrinsic rewards, job satisfaction, males vs females, 9146
corrective vs noncorrective feedback with vs without candy, rate of acquisition & maintenance & generalization of printing, 4.5–5 yr olds, 12418
self & external reinforcement for asking questions in small group, transfer to large group, 5 yr olds, 3099
tangible vs social reinforcement with vs without positive practice, remediation of letter reversals, severely retarded 20 yr old male, 4433
work as activity for obtaining extrinsic rewards, 9038
Extinction (Learning)
acquisition & transfer & extinction of discrimination between signals paired with shock vs shock omission, goldfish, 12007
amount of response contingent training & expanding vs collapsing intervals of nonresponse contingent reward, rate of leverpressing, male rats, 2698
asymmetric lateralization of tactile extinction, acute vs chronic schizophrenics, 12877
auditory verbal CS previously associated with aversive UCS vs tonal CS presentation to right vs left ear in dichotic listening task, resistance to extinction during electrodermal conditioning, college students, 7260
auditory/verbal cues in intertrial intervals, extinction rate of conditioned eyelid responses, mentally retarded 18–30 yr olds, implications for contextual change hypothesis, 5875
beta-TYR-9melanotropin-9–18, extinction of active avoidance reflex & open field activity, haloperidol- & amphetamine-treated male rats, 2982
classical fear conditioning vs conditioned emotional response paradigm & CS vs non-CS interval during acquisition & extinction, freezing & response suppression, male rats, 351
conditioned &/vs partial reinforcement in free-operant leverpress situation, responding during extinction, female rats, 9711
conditioned fear & noncontingent shock, enhancement during extinction, rats, 9781
dorsal vs ventral hippocampal vs entorhinal cortical lesions, conditioned emotional response acquisition & extinction, male rats, 2893
electrical stimulation of somatosensory cortex & caudate nucleus, speed of formation of extinctive inhibition of food CR, dogs, 12202
extinction following treatment by 1 vs 3 days, recovery from ECS-induced amnesia, male rats, 12200
extinction of defensive CR to acoustic CS, changes in chemoreactive sensitivity to acetylcholine in sensorimotor cortex, rabbits, 12070
extinction of orienting investigating reactions in open field test, rats, 12002
feedback schedule & bilateral locus of diastolic blood pressure-contingent feedback, acquisition & extinction of bidirectional diastolic blood pressure changes, 18–40 yr olds, 2849
flooding techniques, extinction of jump-up avoidance response & reduction of fear, male rats, 11989
lesions of frontal cortex/vs reticular nuclei, latency & reacquisition & extinction of classically conditioned nictitating membrane response, male rabbits, 568
lesions of locus coeruleus, resistance to extinction in classical conditioning of nictitating membrane & hippocampal & cortical norepinephrine levels, male rabbits, 7523
lithium chloride, reinstatement of extinguished taste aversion, rats, 12249
lysine-8-vasopressin prior to cigarette smoking aversive conditioning, acquisition & extinction of conditioned avoidance to smoking, 19–39 yr old smokers, 6489
parathyroid hormone &/vs aluminum, rotarod performance & locomotor activity & acquisition & extinction & retention of avoidance, rats, 599
partial reinforcement, acquisition & extinction of sign & goal tracking, male rats, 9718
placebos with vs without nociceptive stimulation, morphine analgesia, tolerant vs drug-naive rats, test of associative model of morphine tolerance, 10037
prenatal lead, acquisition & extinction of learning, rat pups, 694
pretest presentation of clicking CS vs discontinuous tone, influence on avoidance behavior during vs following conditioning, female rats, 9755
prior single-stimulus conditioning, classically conditioned nictitating membrane response & extinction to compound CS & its components, rabbits, 7307
reinstatement of retrieval cues & intertrial interval, resistance to extinction of CRs, rats, 9735
reward magnitude & deprivation level, resistance to extinction, male rats, 9719
reward magnitude, acquisition & extinction in single-trial acquisition training, rats, 11978
sensory extinction, stereotypic repetitive behaviors maintained by visual stimulation, mentally retarded male children, 8428
shift from multiple VI VI baseline to multiple signaled VI VI vs mutiple extinction VI schedules, behavioral contrast & autochecking, pigeons, 349
thyrotropin releasing hormone, acquisition & extinction of shuttle-box-avoidance behavior, male rats, 693
training on continuous vs FR schedules, level of hunger motivation during extinction, genetically obese male mice, 12040
withdrawal from nonreinforcement in partial reinforcement runway situation, inhibition of performance, rats, 7301
Extracurricular Activities [See Also Fraternity Membership, Sorority Membership]
employment status, work & school & peer activities, 10th & 11th graders, 8918
program for determination of interscholastic athletic eligibility, 7th–12th graders, 8985
Extradimensional Shift Learning [See Nonreversal Shift Learning]
Extramarital Intercourse
self esteem & emotional dependency & intended vs actual extramarital involvement, anticipated sexual jealousy, males vs females, 3352
values clarification exercise, understanding of reactions to extramarital relations, couples & individuals, 1745
Extrapyramidal Tracts
transverse section of thoracic spinal cord dorso-lateral white column & white matter to tip of anterior horn, elimination of voluntary hindlimb flexion, dogs, 583
Extrasensory Perception [See Also Precognition, Psychokinesis]
belief in ESP & own ability, outcome estimates & causal attributions in ESP task, college students, 2314
degree of immediate feedback, performance on computerized ESP test, college students, 11535
information coding style in ESP, 6920
"seeing" with hands, 10–12 yr olds, 4620
state of relaxation & belief in ESP & absorption in own thoughts & emotional content of slides shown to transmitter vs others, occurrence of ESP, college students, 4621
Extraversion
cardiovascular variability, introversion/extraversion & neuroticism & psychoticism, volunteers, 2845
creativity & extraversion & vocational interests, male vs female 12th graders, 5412
dyspnea proneness to carbon dioxide stimulation & neuroticism & extraversion & panic-fear strength, male nonsmokers, 7949
emotional stability & extraversion & impulsivity & achievement motivation & locus of control & field dependence, accuracy of time estimation by verbal estimation vs production vs reproduction of various durations, college students, 3448
extraversion & emotional stability, unwed biological mothers vs adoptive families & 3–18 yr olds, 430
extraversion & independence & radicalism-conservatism & cognitive inconsistency, college students, 5638
extraversion & introversion & sex, attitudes toward capital punishment, college students, 5641
extraversion & neuroticism & psychoticism & risk taking based on individual decision making vs group discussion, college students, 12755
extraversion vs coding complexity vs mode of presentation, recall of prose passage, 11 yr olds, 752
extraversion/introversion & neuroticism, reversal latencies for Necker cube & sectored circle, college students, 2578
extraversion/introversion, contingent negative variation amplitudes, 22–30 yr olds, 12051
extraversion/introversion, event-related slow potentials, 19–29 yr old males, 9857
extrovert vs introvert self schemas, perception of extraversion/introversion mothers, college students, 12676

intense & intermittent & unpredictable noise, arithmetic task performance & GSR & heart rate & neuroticism & introversion-extraversion, 18–49 yr olds, 5129
introversion & extraversion, platelet MAO activity, patients, Germany, 2847
introversion-extraversion, religiousness, 4th & 5th graders, reanalysis of data of L. J. Francis et al, 10228
introversion/extraversion, individual differences in auditory brain stem evoked responses, 18–32 yr olds, 12097
introversion/extraversion, study habits, college students, 1053
level of athletic participation & involvement, personality & extraversion & neuroticism & emotionality, male & female athletes with mean ages of 23.7 & 22.2 yrs, West Germany, 5633
neuroticism & extraversion & psychoticism, dislike of filling out questionnaire, male & female Ss, 5650
neuroticism & extraversion, 21–50 heterosexual vs homosexual females, 12777
neuroticism & extraversion-introversion & intelligence & verbal comprehension & sex, verbal fluency, high school students, 5325
neuroticism & mood scores & relation to arousal effects on performance, students, 1087
personality & psychoticism & extraversion & social factors, tobacco smoking & reasons for it, 17–40 yr old smokers, 997
personality correlates & extraversion & psychoticism & neuroticism, 20–50 yr old normal & mentally ill criminals, 5684
psychodynamics & introversion & extraversion, acrocyanosis & spasmophilia, school age children, 3771
psychoticism & extraversion & neuroticism & blood group antigens, Ss from different countries, 12122
reliability of Eysenck Personality Inventory, measurement of extraversion & neuroticism, adults over 60 yrs of age, 4785
rest period & extraversion/ambiversion/introversion & neuroticism, reminiscence & performance on massed pursuit rotor practice, female college students, 5613
self monitoring level & introversion vs extraversion, willingness to enter situation requiring extraversion & transformation of situation to fit personal disposition, college students, 3402
smoking, frontal-central contingent negative variation, extraverted vs introverted 20–40 yr old smokers, 5261
S's introversion & extraversion & E effects, retention & memory, literature review, 5649
stimulus length & task & personality, time estimation, introverted & extraverted Ss with mean age of 12 yrs, 7710
uniform- vs mixed-ability group composition & group interaction & S's personality, mathematics achievement, junior high school students working in groups, 1982
white noise, visual vigilance task performance, introvert vs extravert college students, 4850

Extrinsic Motivation
gain vs loss of reward, helping & perceived altruism, male college students, 7884
intrinsic & extrinsic work motivation, literature review, 13777

Extrinsic Rewards [See External Rewards]

Eye (Anatomy) [See Also Cones (Eye), Cornea, Fovea, Retina, Rods (Eye)]
light vs dark adaptation & ischemia, cyclic adenosine & guanosine monophosphate in whole eyes, ground squirrels, 12111

Eye Contact
absence of visual contact, verbal & nonverbal interaction, college students, 1026
anxiety level, utterances & looking activity during conversation, female college student dyads, 12656
bursts of white noise from left vs right loudspeaker, sternomastoid orienting response, 18–24 yr olds, 7219
eye contact interaction with adult female stranger, 7.5–9.5 mo olds, 3201
sex & race differences, visual interaction, 18–50 yr old Black vs White vs interracial dyads, 3390

Eye Convergence
amounts of illusory vs real motion concomitant with lateral head motion, illusory & apparent motion perception, college students, 9539
hysterical neuro-ophthalmologic manifestations, 21–45 yr old patients, 1163
optical axis nonparallelism, range-finding accuracy & visual fatigue, adults, 9537
presence vs absence of distance cues & level of accommodative convergence, distance adaptation & lateral phoria, college students, 11788
psychophysical & oculomotor responses to retinal disparity, stereonormal vs stereoanomalous vs stereoblind O's, 9559
vertical disparity in complex visual stimulus, magnitude of vergence & nonmotor components of binocular fusion response as measured by afterimage method, humans, 2555

Eye Disorders [See Also Amblyopia, Cataracts, Color Blindness, Glaucoma, Myopia, Nystagmus, Strabismus]
abnormal pi mechanisms, protanopic patient with retinitis pigmentosa, implications for role of short- & middle-wave cones, 2829
cone optical bandwidth & role of morphological disarray, 18–34 yr olds with retinitis pigmentosa, 8172
field sensitivity in short-wavelength-sensitivity mechanism, protanopic patient with retinitis pigmentosa, 2828
German Accident Insurance Law as impetus to research on monocular depth perception & subsequent legislation by German Insurance Board, 1884–1914, 2563
meridional differences in acuity & contrast sensitivity functions, infant macaque monkeys reared with externally applied astigmatism, implications for meridional amblyopia, 2866
optokinetic stimulation of immobile eye, movements of covered sound eye, 62 yr old male with unilateral complete ophthalmoplegia, implication for open loop condition, 7198
thioridazine & chlorpromazine therapy, development of corneal & lenticular opacities, institutionalized mentally retarded 18–33 yr olds, 1619

Eye Examination [See Ophthalmologic Examination]

Eye Fixation
angular orientation of polygon & associated semantic interpretation of shape & experimental instructions, saccades & fixations & P300 visual evoked potentials & figure reversal, humans, 2541
availability of fixed number of letters vs words vs parts of words right of fixation, reading performance, college community Ss, 11817
brief foveal stimulus followed by brief vs prolonged peripheral stimulus, heart rate & visual fixation, 15 wk olds, 778
change vs no change in stimulus following visual occlusion, cardiac activity & visual tracking & fixation, 17–21 wk olds, 3169
extrafoveal simple visual fixation & attention tasks, dorsolateral prefrontal cortex neuronal activity, monkeys, 474
fixation on stationary point vs tracking of dichoptically presented target, discrimination of changes in depth, 2568
fixation points during voluntary eye movements viewing polygons with open vs closed angles, 21–24 yr olds, 2550
gaze shifts, oculomotor functioning, 5–8 yr olds, 7666
interference between synchronous optokinetic nystagmus & vestibular nystagmus, patients with central & peripheral vestibular system lesions & healthy 20–40 yr olds, 1376
maternal characteristics & child's looking behavior, 6 & 9 mo old Down's syndrome infants, 5874
maternal verbal control during mutual gaze & visual co-orientation, mothers and their 2–4 mo old infants, implications for infant communication development, 5314
model based on size of visual lobe area, visual search performance prediction, 11800
reflective gaze preference & athletic achievement, right vs left handed US Air Force Academy cadets, 7415
regression analyses, eye fixation duration during reading, adults, test of M. A. Just & P. A. Carpenter's theory, 9602
repeated stimulation with figures & moving target, visual scanning, 2–5 mo olds, implications for developmental model of saccadic control & encoding capabilities, 7637
sinusoidal stimulation of horizontal semicircular canals & neck proprioceptors & retina, cervico- & visuo-vestibular interaction, 21–29 yr olds, 2523
stimulus onset delay in visual search &/vs memory set size in memory search task, oculomotor latency & fixation duration, college students, test of process monitoring & preprogramming hypotheses, 7163
subjective vs objective measures of ocular alignment to stimulus with vertical disparity, adults, 5048
time spent in "en face" position in 1st hr postpartum, Hispanic vs White mothers, 12581

Eye Movements [See Also Eye Convergence, Nystagmus]
adaptation to prism-induced clockwise tilt, perceived orientation of optical line & direction of voluntary targetless saccades, college students, 2552
angular orientation of polygon & associated semantic interpretation of shape & experimental instructions, saccades & fixations & P300 visual evoked potentials & figure reversal, humans, 2541
automated laboratory, online electrooculographic analysis of eye movements during reading, 9277

brain stem omnipause neuron role in oculomotor function, male cats, 464
conjugate lateral eye movements vs Your Style of Learning & Thinking test vs Torque Test, measurement of hemispheric specialization/dominance, intact humans, 119
conveyor velocity & object spacing, dynamic visual inspection for quality control & eye movements & error rate, 20–29 yr olds, 13823
cortical potentials preceding self-initiated vs visually triggered saccades, adults, 5076
digital filters & methods, analysis of eye movement data, 9275
electrical brain stimulation, eye movements & body rotation, sunfish, 9954
electrical stimulation of superior colliculus, eye movements, male rats & hamsters, 9963
ethanol, visual short-term memory task performance & evoked potentials in cortical & reticular structures & visuomotor RT & ocular motility, male monkeys, 2938
Etran-N vs normal response mode, assessment of intellectual ability with Raven Progressive Matrices, physically disabled vs normal 10–13 yr olds, 100
eye movements & illumination level, auditory localization, college students, criticism of B. Shelton & C. Searle's paper, 11849
eye movements during eye-closed awakening, schizophrenics, 3579
eye movements, 26–36 yr old medicated schizophrenics vs normal Ss, 3593
field luminance & saccade size, latency & amplitude of lambda potentials, rhesus monkeys, 9883
fixation on stationary point vs tracking of dichoptically presented target, discrimination of changes in depth, 2568
fixation points during voluntary eye movements viewing polygons with open vs closed angles, 21–24 yr olds, 2550
gratings of different orientation, role of eye-movement induced negative afterimages in monocular rivalry, criticism of theory of M. A. Georgeson & R. Phillips, 7200
horizontal & vertical slow eye movements, humans, 9530
image viewed normally vs stabilized through bleaching window, sensitivity to low frequency flicker, experienced Os, 2569
information value of stimulus, attention & smooth pursuit eye movements, schizophrenic vs affective disordered vs nonpsychotic psychiatric inpatients vs normals, 3556
lambda response & offset of saccades, 26–30 yr olds, implications for applicability of lambda response as index in visual perception research, 9888
lesions of superior colliculus vs caudate nucleus vs nucleus centralis lateralis, head-eye turning response induced by electrical stimulation of pulvinar lateralis posterior complex, cats, 2872
memory vs eye movement impairments as cause of inability to match length of successively presented lines, clumsy children with mean age of 11.3 yrs, extension of study by C. Hulme et al, 13036
methods & results of eye movement studies on reading & information processing & application to educational research, literature review, 2864
monocular vs binocular viewing conditions in light vs dark, eye movements, 1–3 day olds, 10099
morphological & physiological features of inhibitory neurons in medullary reticular formation, control of horizontal REMs, alert cats, 7448
Mueller-Lyer illusion in fins-out vs fins-in configuration, perceived eye scan magnitudes, college students, 2540
natural stimulation of labyrinth, responses of oculomotor neurons, rabbits, 9848
occurrence & clinical value of ocular lateropulsion, patients with Wallenberg's syndrome, 5949
ocular motor problems, visual search & scanning task performance, 58–68 yr old patients with progressive supranuclear palsy vs Parkinson's disease vs cerebellar damage, 1363
oculomotor disorders, literature review, 1390
optokinetic stimulation of immobile eye, movements of covered sound eye, 62 yr old male with unilateral complete ophthalmoplegia, implication for open loop condition, 7198
practice with oscillating target within scotoma, pointing accuracy & visual orientation, adult male with cortical scotoma, 8175
predominant right vs left lateral eye movements, hysterical vs obsessive personality style, right handed college students, 3473
prior peripheral exposure of words, reading, college students, 9550
processing of peripheral visual stimulation during saccadic eye movements, humans, 4859
psychophysical & oculomotor responses to retinal disparity, stereonormal vs stereoanomalous vs stereoblind O's, 9559
questioner seated in front of vs behind S & verbal vs spatial question, lateral eye movements & anxiety, right handed college students, 5057
reflective gaze preference & athletic achievement, right vs left handed US Air Force Academy cadets, 7415
repeated stimulation with figures & moving target, visual scanning, 2–5 mo olds, implications for developmental model of saccadic control & encoding capabilities, 7637
spontaneous vs tracking eye movements vs fixation, visual evoked potentials, cats with brain stem transection at pretrigeminal level, 2906
stimulus intensity & eye position, surface recorded short latency visual evoked potentials, 21–34 yr olds, 2799
stimulus onset delay in visual search &/vs memory set size in memory search task, oculomotor latency & fixation duration, college students, test of process monitoring & preprogramming hypotheses, 7163
superior colliculus & pretectum & thalamus ablation, initiation & accuracy of saccades to central & peripheral visual targets, macaques, 5203
superior colliculus ablation, initiation of spontaneous saccades & role of sensory deficit, rhesus monkeys, 5202
target size & placement, rightward preferential visual monitoring in bimanual aiming task, 20–26 yr old right handed males, 11746
tracking eye movements, patients with vestibular neuronitis & disorders in frontal cortex & cerebellum & brain stem, 1419
transformation of visual feedback, study of oculomotor system, 2341
vestibular-induced eye nerve discharges, interaction of brain stem pause neurons & burst inhibitory neurons, cats, 5053
visual & vestibular stimulation, role of y group of vestibular nuclei & dentate nucleus of cerebellum in smooth vertical eye movements, rhesus monkeys, 2766

Eyeblink Reflex

eyeblinks, average evoked response to light flashes, college students, 5062
stimulus frequency during rest vs mental task, habituation of blink reflex, 18–35 yr olds, 9952
threshold stimulus intensities, elicitation of eyeblink reflex, 17–40 yr olds, 5103
visual suppression during opening vs closing vs blinking of eyes, adults, 4875
warning signal & reaction signal for motor task & voluntary blink vs manual response mode, eyeblink reflex during foreperiod, 18–30 yr olds, 9905

Eyelid Conditioning

anterior vs posterior cingulate cortex lesions, classical conditioning of heart rate & eye-blink, rats, implications for cingulate mediation of cardiovascular orienting responses, 7516
auditory/verbal cues in intertrial intervals, extinction rate of conditioned eyelid responses, mentally retarded 18–30 yr olds, implications for contextual change hypothesis, 5875
knowledge of CS-UCS relations, differential conditioning of eyelid & skin conductance response, 18–25 yr old males, 7251
threshold stimulus intensities, elicitation of eyeblink reflex, 17–40 yr olds, 5103
unilateral lesions of cerebellum, ipsilateral classical conditioning of eyelid & nictitating membrane, rabbits, 577
unilateral superior cerebellar peduncle lesions, ipsilateral abolition of classically conditioned nictitating membrane eyelid response, rabbits, 5209

Eysenck Personality Inventory

automated administration of Eysenck Personality Inventory, construct validity, 19–46 yr old males, 4781
content analysis of MMPI & California Psychological Inventory & Eysenck Personality Inventory & EPPS, 4738
correlation between Eysenck Personality Inventory & Eysenck Personality Questionnaire, college students, 7130
Eysenck Personality Inventory, prediction of success in training, military pilots, 7038
intercorrelations of scores on Eysenck Personality Questionnaire, Native American vs White alcoholics completing detoxification treatment, 11658
Junior & adult Eysenck Personality Questionnaires, prediction of future delinquency, 13–15 yr old males & 15–18 yr old delinquents, 4777
norms, Junior Eysenck Personality Questionnaire, 7–15 yr olds, New Zealand, 9441
reliability of Eysenck Personality Inventory, measurement of extraversion & neuroticism, adults over 60 yrs of age, 4785

validity & reliability of Eysenck Personality Inventory, 16–65 yr old psychiatric outpatients, 11651
F Test
BASIC program, calculation of significance level of F & t & r, 9326
calculation of power of F test in fixed vs random vs mixed effects ANOVA, 218
effects of violations of assumptions in ANOVAs, replication of J. V. Bradley's study, 9488
interpretation of left-tailed ANOVA F ratios, 7152
nonrobustness in F tests, replication of J. V. Bradley's study, 9489
sample size, Type I & Type II error rates of Q & F tests of dichotomous repeated measures data under various degrees of heterogeneity of covariance, 226
Face (Anatomy)
alcohol consumption, facial flushing, 21–25 yr old sons of alcoholics, 12330
brain stem & spinal terminal projections of myelinated facial cutaneous afferent fibers, rats, 2779
memory of familiar vs unfamiliar face, reconstruction of facial image, college students, 9675
presentation context of unfamiliar faces, subsequent recognition, implications for eyewitness identification, 4932
right vs left visual field, recognition of famous faces, right handed college students, 7240
Facial Expressions [See Also Smiles]
age & expressivity, production vs discrimination of own facial expressions, 3–5 yr olds, 3202
age differences, recognition of habituated facial expressions vs faces & discrimination between similar emotions, 18–30 wk olds, 10127
age, type & frequency of facial expression & effects of socialization, 3–6 mo old males vs females & their mothers, 10241
correct vs incorrect labels for facial expression of emotion, bias of recognition judgments, college students, 11734
face vs tone of voice, communication of deception, college students, 5591
facial expressions during performance of various tasks, identification of performed task, college students familiar vs unfamiliar with tasks, 3427
facial expressions of emotion, RT for recognition, college students, 322
familiarity with Western culture, recognition of facial expression of emotions, high school students, Ethiopia, 12472
identification of emotional states in facial photographs, 18–56 yr olds with brain lesions, 3828
interpersonal stress, emotional intensity expressed by facial display vs heart rate vs self report, female college students, 5644
matching happy vs sad vs surprised vs angry facial expressions with identical vs generally similar expression, 3–5 yr olds, implications for levels-of-processing effect, 3248
perception & memory of facial affect, Ss with posterior vs frontal brain lesions, 3832
suppression of facial expression, 1st vs 6th graders, 10268
Facial Features
age differences, recognition of habituated facial expressions vs faces & discrimination between similar emotions, 18–30 wk olds, 10127
congruence of occupational title primes & bisected facelike stimuli, RT for deciding if halves were from same face, college students, 12685
dissociation between prosopagnosia & impaired capacity to match familiar faces, 26 & 64 yr old males, 10497
elaborative contextual information about person depicted in target photograph, subsequent face recognition with vs without context, 19–57 yr olds, 4912
eye pouch presence, selection of full-face photographs of males vs females for genuineness of smile, female shoppers, 7905
faces presented with congruent vs incongruent occupational category labels, face recognition, college students, 9650
frontal view of adult male faces, recognition of faces when viewing full face vs left vs right side, college students, 9497
impairment of voice & face recognition, left- vs right-hemisphere-damaged patients, 10764
left vs right visual field presentation of cartoon faces to be memorized, recognition RTs to faces differing from target in 1 or more features, 19–25 yr old males, 5051
mouth angle & pupil diameters of line drawings of female face, affective attributions, male college students, 10430
perception of familiar vs celebrity vs unknown faces vs verbally described stimuli, right- vs left-hemisphere damaged adults, 5939
recognition of White vs Oriental faces, White 6–20 yr olds, 12385
time delay & incentive, recognition of previously seen facial pictures of own vs other race, Blacks & Whites, 5593
Facial Muscles
manual vibrator, stimulation of masseter muscle & lips in speech therapy, mentally retarded 6–7 yr olds, 57
topographic relation between facial nucleus cell groups & individual muscles, rats, 5115
Facial Nerve
basic taste stimuli, chorda tympani nerve responses, mice, 5093
Facilitation (Social) [See Social Facilitation]
Factor Analysis [See Also Cluster Analysis, Interaction Analysis (Statistics), Item Analysis (Statistical), Oblique Rotation, Orthogonal Rotation]
application of item-analytic procedures to factor analysis of MMPI, identification of homogeneous & independent dimensions & item scaling, male prison inmates, 111
broad-band factor scales for Personality Inventory for Children & ability to differentiate among varied disordered samples, behaviorally disturbed children, 161
changes over time, factor structure of psychological well-being, adults, 1957 & 1976, 10447
comparison of rules of determining number of components to retain in image component analysis, exploratory factor analytic research, 4811
confirmatory & exploratory factor analysis models via noniterative estimation, 7125
confirmatory factor analysis & reliability of Dyadic Adjustment Scale, 20–67 yr old divorced & separated Ss, 7112
confirmatory maximum likelihood factor analysis, assessment of construct validity of higher order factor structure of structure-of-intellect test battery, 7024
constrained minimum trace analysis, scale-independence by maximization of greatest lower bound to reliability, 236
construct validity & principal components factor structure of Bannister-Fransella Grid Test of Schizophrenic Thought Disorder, diagnosis of thought disorders, psychiatric inpatients, 196
cross validation of factor structure of McGill Pain Questionnaire, evidence of sensory & affective & evaluative dimensions, 16–81 yr old low back pain patients, 4720
cumulation device for factor analysis, 6952
development & factor analysis of instrument to assess style & content & target aspects of self disclosure & openness, college students, 4771
exploratory & confirmatory techniques of K. C. Joreskog, exploratory factor analysis, 219
factor analysis & cluster analysis, intelligence achievement, high school students, 7663
factor analysis & construct validity of Verbal Concept Attainment Test, application in clinical neuropsychological assessment, 15–63 yr old patients, 2422
factor analysis & development of profiles, temperament features, 1 yr old twins, 11702
factor analysis & generalizability, union commitment measure, nonprofessional vs professional white collar union members, replication of study by M. E. Gordon et al, 2449
factor analysis & reliability & validity, Career Exploration Survey, 7113
factor analysis & validity of Modified Rathus Assertiveness Schedule—Short Form, 6th–10th graders, 2456
factor analysis & validity of Social Interest Index-Revised, 16–60 yr olds, 11705
factor analysis & validity, Work Values Inventory, 9417
factor analysis, assessment of overlap between projective & psychometric measures of creativity & fluid & crystallized intelligence, 18–26 yr old males, 149
factor analysis, attitudes toward motion pictures & omissions in L. L. Thurstone's Movie Attitude Scale, college students, 5283
factor analysis, Beck Depression Inventory, male alcoholics with mean age of 36.9 yrs, partial replication of work by R. A. Steer et al, 1294
factor analysis, beliefs about & intentions of donating blood, donors, test of validity of Fishbein's behavioral intention model, 7127
factor analysis, benefits received from social support systems, college & graduate students, 1743
factor analysis, construct validity of California Test of Personality-Secondary Level, high school & college students, 11669
factor analysis, Correctional Institutions Environment Scale, 11704
factor analysis, F-Scale & Conservatism Scale scores, college students, 4827

factor analysis, Henderson Environmental Learning Process Scale responses, mothers of 7–14 yr old learning handicapped children, 112
factor analysis, identifications with social groups & roles, university faculty & attorneys & socially active females, 4822
factor analysis in multivariate behavioral genetic analysis of correlations vs phenotypically standardized covariances, 4840
factor analysis of anxiety & personality tests, common factors, college students, 11689
factor analysis of Bem Sex Role Inventory & Adolescent Sex Role Inventory, measurement of androgyny, 10–14 yr olds, 4794
factor analysis of C. S. Spielberger et al's revision of State Trait Anxiety Inventory, male air force trainees & high school students, 11640
factor analysis of Family Environment Scale, assessment of family social climate & demographic characteristics, families, 11641
factor analysis of Frost Self Description Questionnaire, measurement of anxiety, 8–14 yr olds, New Zealand, 9440
factor analysis of Inventory of Personal Beliefs, measurement of nonconventional religious belief factors, 18–82 yr olds, 2427
factor analysis of responses to Achievement Motives Scale of R. Nygard & T. Gjesme, assessment of independence of subscales, 6th graders, 130
factor analysis of responses to standardized tests, field dependence construct, 3rd graders, 2478
factor analysis of Work Values Inventory, comment on D. McLean's study, 9407
factor analysis, preferences among & sensitivity to visual & auditory & tactual & olfactory stimuli, male college students, 9520
factor analysis, semantic ratings of affective words, naive Ss, replication of author's previous experiment, 2394
factor analysis, task battery measuring sequential vs simultaneous processing, 3–4.5 vs 5.5–6.5 vs 7.5–8.5 vs 10.5–12.5 yr olds, 154
factor analysis, test of convergent validity of jealousy scales, college students, 2455
factor analysis, 4 learning style measures, high school & community college students, 11393
factor analytic determination of performance stability on Grammatical Reasoning Test, implications for repeated measures evaluation of human performance, 9369
factor structure & psychometric characteristics & norms of Conners Teacher Rating Scale, screening for hyperactivity, elementary school students, 2115
factor structure & reliability & predictive validity of Health Locus of Control Scale, medical & dental students & male myocardial infarction patients & healthy middle aged males, 9454
factor structure, attitudes about quality of life, 17–25 yr olds, replication of authors' previous study with different population, 7730
factor structure of existential scales used in research, 114
factor structure of Health Locus of Control Scale, hospitalized medical & surgical patients with mean age of 47 yrs, 4763
factor structure of lateral dominance, college students, 5047
factor structure of Levenson Tridimensional Locus of Control Scale, high school students, Australia, 11656
factor structure of Piers-Harris Children's Self-Concept Scale, 10–17 yr olds, 4806
factor structure of reading attitudes, 5th–6th graders, 3066
factor structure of screening scale for children & adolescents, prediction of group psychotherapy success, juvenile delinquents, 4732
factor structure of State Trait Anxiety Inventory for Children, kindergartners through 4th graders, 11655
factor structure of WAIS & WAIS-R, 18–54 yr olds, 191
factor structure, Scale for Rating Behavioral Characteristics of Superior Students, 5th & 6th grade candidates for gifted program, 11389
factor structure, self concept, Jewish vs Arab adolescents, Israel, 10236
factor structure using radial parcels vs item factoring, 16PF, physically or mentally handicapped Ss with mean age of 31 yrs, 4753
factor structure, verbal fluency, adolescents vs adults, 2496
factorial structure of teaching behaviors in adult vs pre-adult education, school teachers vs college instructors, 6641
factorial structure, self esteem, 15–35 yr old females, Mexico, 880
factorial validity of Irrational Beliefs Test, college students, 2453
hierarchical factor analysis vs 2-parameter logistic item response theory models, responses to Job Descriptive Index, company employees, 7031
hierarchical factor structure of subtests of WAIS-R, 16–74 yr olds, 122
High School Personality Questionnaire & Sensation Seeking Scale, relationship of factors, high school students, 11649
item & factor analysis, Forms 8 & 9 & 10 of Armed Services Vocational Aptitude Battery, military enlistment applicants, 9431
item & radial parcel factor analysis of 16PF, college students, 4812
item variance, development of upper & lower bounds or degree of factor predictability in finite item arrays, 232
mathematical proof of uniqueness of optimal point of minimum trace factor analysis & necessary & sufficient conditions for optimal point, 9469
memory factor structure, Revised Wechsler Memory Scale & WAIS & Halstead-Reitan subtest items, 2509
methods for obtaining factor structure of personality, 217
multidimensionality of Rotter's Internal External Locus of Control Scale, 21–65 yr old & older common stock investors, 11672
multimethod-multitrait & factor analyses, construct validity of General Tests of Language & Arithmetic for Students, college students, 6803
nonlinear factor analytic framework to examine uni- & multidimensional models in item response theory & classification of models, 7027
orthogonal vs oblique rotation analysis, factor structure of Bem Sex-Role Inventory, males vs females, 9374
phobic factors on AZU Fear Questionnaire & Fear Survey, phobic Ss, 7036
Q-type factor analysis, conceptualizations of diagnostically significant hyperkinetic behavior, elementary school teachers, 9018
quantum theory & interbehaviorism & Q-methodology, comments on D. Zimmerman's article, 30
radex structure of intelligence tests, 9th graders, replication of experiment of L. Guttman & S. Levy, 2398
reliability & validity & factor structure of revised Rapid Disability Rating Scale, 163
reliability of Dyadic Adjustment Scale & redundance in factor structure, 22–63 yr old married Ss, 7106
sex differences & factor analysis, Mach IV Scale responses measuring Machiavellianism, 9370
stability of factor structure of survey to assess motives for participating in river floating in different settings, river users, 4743
stability of individual differences in personality characteristics, 15 yr olds, 12-yr longitudinal study, 5421
structure of intellect factor measures vs subtests of Florida State-Wide Twelfth Grade Test, prediction of physics achievement, high school students, 4499
supplemental factor scales for Marital Satisfaction Inventory, spouses, 194
upper bound approximation for uniqueness in factor analysis with singular correlation matrices, 9474
utility of Q-type factor analysis for classification of childhood psychiatric disorders & consistency of diagnostic concepts, child & adolescent psychiatrists, 5770
validity of Woodcock-Johnson Psycho-Educational Battery factor clusters, assessment of cognitive ability & academic achievement & aptitude, learning disabled 4th graders, 2102
WISC-R factor scores, prediction of academic achievement measured by Wide Range Achievement Test performance, 6–16 yr olds, 4492
2- vs 7-choice item response format, factor analytic results of Comrey Personality Scales, male applicants for motor vehicle operator's license, 101

Factorial Validity

factorial structure & overlap of California Achievement Test subtests, 5th & 7th graders, 9008
factorial validity of Clinical Teaching Evaluation Form, assessment of clinical teaching effectiveness, 3rd yr medical students, 8999
factorial validity of compliance-aggression-detachment inventory of J. B. Cohen, females, 2463
factorial validity of Privacy Questionnaire scales, college students, 7092
factorial validity of questionnaire, evaluation of teaching competency, students, implications for faculty promotions, 8987
structural equivalence of Rosenberg Self Esteem Scale & Osgood Semantic Differential, assessment of self esteem, families with adolescents, 4774
WISC-R factorial validity, Anglo vs Mexican American vs Black 5–11 yr olds, 4784

Factors (Sociocultural) [See Sociocultural Factors]
Factory Environments [See Working Conditions]
Faculty [See Educational Personnel]

Fading (Conditioning)
fading on positive &/vs negative stimulus, size & number discrimination, mentally retarded 18–41 yr olds, 10680
nicotine fading & self monitoring & cigarette fading, abstinence or controlled smoking, smokers, 13464
removal of visual cortex & training with classical vs fading procedures, pattern discrimination learning, male rats, 9974
Fads and Fashions [See Also Clothing Fashions]
carrying of document cases, male vs female commuters, 12771
Failure [See Also Academic Failure]
attribution therapy, attributions following success vs failure, students, 4038
attributions of ability & effort & task difficulty & luck & age for success vs failure, female college students vs 55–82 yr olds, 1031
causal attributions for actor's failure communicated by O, testing & acceptance of attributions, college students, 12677
competitive trait anxiety & precompetitive anxiety measures & success vs failure, prediction of pregame state anxiety, female high school volleyball players, 893
individual & situational differences, achievement vs failure-avoidance motivation, 7th graders, 5446
outcome-related affect, egotism in success/failure causal attributions, male college students, 10457
reattribution strategy for prevention of negative effects of failure in sports competition, children, 853
self statements about experimentally induced failure experience, extent of learned helplessness, college students, 9680
sex & leisure participation outcome, leisure needs, college basketball players, 1061
success vs failure in intellectual vs coordination task, self deprecation & attitudes toward racial separatism, Black vs White 8th–9th graders, 3216
Type A behavior, career experiences associated with failure, 22–62 yr old managers, validation of A. K. Korman & R. Korman's model, 9110
videotape of 1st vs 2nd half of between point behavior of tennis players, perception of winning vs losing behavior, experienced tennis players, 3437
videotapes of between point behavior of tennis players, perception of winning & losing behavior, experienced vs inexperienced tennis players, 3438
winning vs losing of matches, perceptions of cohesion, female intramural & intercollegiate volleyball players, 13751
Fainting [See Syncope]
Faith Healing
characteristics of 28–62 yr old religious healers & 9–65 yr old healees, 10298
Christian Science healing, alcoholism, 1838
economic & social context of rock art, Bushmen, South Africa, 3286
temple & faith healing, 5–50 yr old psychiatric patients, India, 8298
Faking [See Also Malingering]
construction of lie scale, detection of faking on Child Abuse Potential Inventory, college students & adults, 170
faking to give good & bad impression & impression of mental instability, response bias in self report measures, 19–29 yr olds, implications for questionnaire design, 4696
phenomenology & family history & long term outcome, patients with factitious psychosis, 5773
False Pregnancy [See Pseudocyesis]
Familiarity
age & sex, play with familiar vs unfamiliar peer, 37–64 mo olds, 10245
age differences & familiarity with environment, spatial competency in & cognitive mapping of school campus, 1st vs 4th vs 7th graders, 10132
age differences & pre-exposure to object color & contrast with background, color preferences, neonatal chicks, 2702
alphanumeric symbol familiarity & orientation & set size, identification, college students & staff, support for feature extraction vs mental rotation interpretation, 9589
efficient cognitive schemata in processing & recall, personality information about self & familiar others, 19–24 yr olds, 7907
environmental familiarity & conditioned fear, plasma beta-endorphin levels, male rats, 355
experience with task content, performance on P. C. Wason's selection task, college students, 9584
exposure to clean vs unclean cage vs cage containing familiar formaldehyde odor, tongue flicking, prairie rattlesnakes & western massasaugas & Crotalus durissus, 342
eye contact interaction with adult female stranger, 7.5–9.5 mo olds, 3201
facial expressions during performance of various tasks, identification of performed task, college students familiar vs unfamiliar with tasks, 3427
familiarity & age of female partners, mating behavior, 20 yr old male rhesus monkeys, 12012
familiarity & degree of relatedness & sex & age differences, social interactions, mice, 387
familiarity & similarity & attraction, college students, 7886
familiarity & visual access & orientation aids, spatial orientation when walking through large building complex, college students, 13824
familiarity of action/event sequences, comprehension errors & recall of TV narratives, 2nd vs 5th vs 8th graders, 5347
familiarity, rating item typicality, college students, criticism of M. H. Ashcraft's findings, 9607
familiarity vs novelty of room & presence vs absence of auditory cues, spatial updating stategies in location of objects, early vs late blinded vs blindfolded sighted 18–38 yr olds, 3838
familiarity with Western culture, recognition of facial expression of emotions, high school students, Ethiopia, 12472
Level 1 vs Level 2 mental ability & solving of familiar vs unfamiliar problems, college students, 2624
male rank & familiar vs unfamiliar females, sociosexual & aggressive interaction & male cortisol & prolactin & testosterone levels, captive talapoin monkeys, 420
memory of familiar vs unfamiliar face, reconstruction of facial image, college students, 9675
musical interval & beat frequency, threshold for discrimination of pure & mistuned intervals, musically trained college students, 11860
naloxone & novel vs familiar environment, insulin-induced food intake & hypoglycemia, male rats, 681
on-site encounters with vs without prior photographic information, familiarity with & preference for visual environment of bog, bog visitors, 6900
perceived pleasantness & length of prior contact with handicapped persons, college students, 3507
perceived task uncertainty & complexity & quality & accessibility of information, use of information sources in decision making, welfare agency employees, 9167
performance on laboratory vs naturalistic task, urban vs rural 13 yr olds, 5449
personal relevance of behavior of friends vs strangers, perception of performance, female college students, implications for self evaluation maintenance model, 12693
presentation context of unfamiliar faces, subsequent recognition, implications for eyewitness identification, 4932
previous success with choice behavior, preferences for choice conditions, college students, 10476
reading comprehension of passage studied with music vs silence followed by relaxation vs reading, college students who seldom vs frequently study with music, 8891
recognition of White vs Oriental faces, White 6–20 yr olds, 12385
right vs left visual field, recognition of famous faces, right handed college students, 7240
sex differences, contact with novel vs familiar toys, preschool age children, 3191
test of R. E. Lubow et al's theory & novelty & familiarity of stimulus & environment, taste aversion learning, male rats, 11984
typicality of stimulus emotion, RT to verify stimulus as emotion, college students, 9590
videotapes of between point behavior of tennis players, perception of winning & losing behavior, experienced vs inexperienced tennis players, 3438
word superiority effect with braille vs visual text, college students & blind 19–53 yr olds, 13047
Family Background [See Also Family Socioeconomic Level, Parent Educational Background, Parental Occupation]
anxiety & assertiveness, male college students at risk for alcoholism, 1288
background & socioeconomic & demographic variables, fertility, 9–49 yr old females, Bangladesh, 10305
background factors vs compatibility vs unrealized expectations, prediction of marriage failure, divorced & separated couples, USSR, 3321
client characteristics & family history, incomplete recovery, chronic primary depressive 27–76 yr olds, 3533
client-focused approach in preparatory interview, social group work, children of Holocaust survivors, 4174
demographic characteristics & behavior problems, 5–15 yr old school truants & their parents, 6729

drinking & family history, middle income 15–85 yr olds admitted for alcoholism treatment, 5841
environmental factors & ego functioning & aggression & depression & antisocial behavior in classification & measurement & interrelation, assaultive &/or suicidal 6–12 yr olds, 12795
epidemiology & family background & parental absence & unemployment, suicide attempts, 6–21 yr olds, 1260
family & patient history of mental illness, relapse, discharged functional psychotics, 5730
family background & caseworker involvement, foster family placement stability, 9 yr olds, 4178
family background & interaction, substance abuse, review of support for hypotheses, literature review, 10602
family background & physical & neurological development & school behavior, mentally retarded children with vision & hearing disabilities, 8142
family background & victimization & self destruction, substance abuse, 10–46 yr old female street prostitutes, 10640
family background of control vs encouragement of autonomy, level of anomie, college students, 7792
family history of psychiatric illness, patient characteristics & diagnosis of schizoaffective disorder & schizophrenia, hospitalized schizophrenics, 8059
family psychological factors in psychiatric & psychosomatic disorders, 10484
family relations & background, 20–44 yr old self mutilators, 8081
history of abuse as child, violence toward family members, male delinquents, 3678
mood congruence of psychotic features, family history & treatment outcome, patients with psychotic depression, 7996
past aggression & absence of anxiety & depression & parental assaultive behavior, prediction of assaultiveness, 6–12 yr old psychiatric patients, 10561
paternal violence & CNS vulnerability & predisposition to psychotic disorganization, impulsive self destructive & homicidally aggressive behavior, 5–12 yr old psychiatric inpatients, 12938
perinatal & infant physical status & child development & mother-infant interaction & family ecology & parent perceptions of child, IQ & language skills, infants, 4-yr longitudinal study, 3076
psychosocial & physical stress & Type A vs Type B personality & parental coronary heart disease, cardiovascular response, 18–25 yr olds at risk for coronary heart disease, 13063
self esteem & locus of control & academic achievement, high school students, Philippines, 7750
sensitivity to culture & ancestry, 17–30 yr old 1st generation Jewish American children of concentration camp survivors from Eastern Europe, 3281
social background & educational experiences, occupational prestige expectations, Black vs White college students, 13757
social class & maternal psychopathology & other operational criteria for diagnosis of schizophrenia & identification of children at risk, 12806
social class distribution, fathers of autistic children in state autism program vs nonautistic children, 1227
social structural variables & sex & age, social competence, 3–5 yr olds in day care centers, 5399
socioeconomic status, family & housing characteristics & development, 5 yr olds, New Zealand, 10111

Family Counseling [See Family Therapy]

Family Crises
conservation & collapse of family paradigm, family health & disorder, working families, 5509
early primary mental health prevention, strengthening of coping capabilities, families in crisis, 6191
experience in psychiatric care unit, young children with disorders associated with family crisis, 1755
family crisis & treatment, 17 yr old male & 10 yr old female epileptics & their families, 3999
family therapy, children of victims of terrorism, 1519
job change, spouse in dual career family, implications for family crises, 3309
life change & stress, onset of heart attack, 30–55 yr old myocardial infarction patients, 3849
marital & family relations & reactions following murder, parents & siblings of 19 yr old murderer, 5838
strategic use of reframing in family therapy, family undergoing crisis with addition of wife's blind sister, 8373
sudden infant death syndrome as family crisis & development of Family Adjustment Scale, assessment of adaptive grief responses & adjustment prediction, 165

Family Life [See Family Relations]

Family Members [See Also Adopted Children, Adoptive Parents, Ancestors, Brothers, Cousins, Daughters, Fathers, Foster Children, Foster Parents, Grandparents, Heterozygotic Twins, Housewives, Husbands, Monozygotic Twins, Mothers, Orphans, Parents, Schizophrenogenic Mothers, Siblings, Sisters, Sons, Spouses, Stepchildren, Stepparents, Surrogate Parents (Humans), Twins, Unwed Mothers, Wives]
age & sex composition, family groups in shopping & recreational settings, 10304
aging, residual effects of war's trauma, Holocaust survivors & their families, 10113
alcohol use, familial resemblances in flushing response, parents & adult offspring of Caucasian vs Chinese vs Japanese ancestry, 2979
attitudes toward family involvement in treatment of hospitalized chronic mental patients, family & staff members, 1793
attitudes toward schizophrenia & childrearing decisions, schizophrenics & their parents, implications for genetic counseling, 8056
childhood social withdrawal & antisocial behavior of biologic & adoptive relatives, predisposition to schizophrenia, schizophrenic adoptees, 5747
closeness of familial relationship to deceased, attitudes toward selected funeral practices, bereaved, 1081

somatic & psychic risk factors in children & family socioeconomic status, family counseling, 3-yr followup, 6171
treatment delivery, clinical psychopathology & social dysfunction & burden on family, psychiatric patients, 8290
Fantasies (Thought Disturbances)
psychoanalysis, narcissism & preoedipal conflict with fantasy, 3993
subliminal stimulation of unconscious fantasies, psychopathology, adult schizophrenics, literature review, 8035
Fantasy [See Imagination]
Fantasy (Defense Mechanism)
death fantasies & mourning, 10443
differentiation between fantasy & reality, development of imaginative competence & relief from anxiety in obsessional phenomena, psychiatric patients, 1157

intrapsychic disruption & types of anxiety & defensive projective fantasies, 3–6 yr olds with life threatening malignancies, 1400
psychoanalytic interpretation of feelings of castration demonstrated at 4 yrs of age, female patient, 6162
psychodynamics of beating fantasy & Freudian concepts of child beating, comment on case report by W. Myers, 8073
psychodynamics of fantasy of beating by father, 40 yr old female, 8038
role of parental ambivalence in formation of beating fantasies, comment on case report by W. Myers, 8013
unconscious fantasy & psychotherapeutic transference, acting out, literature review, 6109
Farmers [See Agricultural Workers]
Fascism
aging, residual effects of war's trauma, Holocaust survivors & their families, 10113
cinematic portrayal of mentally retarded & mentally ill in pre-Nazi German films, social acceptance of Nazi euthanasia program, 1097
client-focused approach in preparatory interview, social group work, children of Holocaust survivors, 4174
countertransference reactions, Holocaust survivors & their children, 8313
effect of father's experience & reconciliation through psychoanalysis, 30 yr old son of Holocaust survivor, 6143
factor analysis, F-Scale & Conservatism Scale scores, college students, 4827
generational differences, attitudes toward Nazism & German experience, authors, Austria & Germany, 1933 to present, 5304
Holocaust experience, verbal communication of emotional experience, aged survivors, 5324
Holocaust, life cycle experiences & recreation of families, Holocaust survivor, 5312
methodological critique of literature on psychopathology of Holocaust survivors, literature review, 10502
overidentification vs idealization vs contempt in attitudes toward victims, Jewish social scientists writing about Holocaust, 3293
parent-child & family therapies, integration, aging Holocaust survivors, 6179
parenting, psychological recovery, Holocaust survivors, implications for H. Kohut's theory of bipolar self, 5328
posttraumatic states & self healing, Holocaust survivors, 5679
psychoanalysis & restoration of trust, children of Holocaust survivors, 8322
psychoanalysis, separation from father's Holocaust experience, 30 yr old Jewish male biochemist, 6132
psychological motives & socio-historical context, actions & stance of C. Jung in period prior to outbreak of World War II, 4630
sensitivity to culture & ancestry, 17–30 yr old 1st generation Jewish American children of concentration camp survivors from Eastern Europe, 3281
transfer of psychic state & concentration camp imagery to next generation via unconscious, review of literature on Holocaust survivors & their children, 7607
Fat Metabolism [See Lipid Metabolism]
Fatalism
fatalism & inflexibility, impact of stress & depression, Anglo vs Mexican American adults, 12775
Father Absence
absence of effective father, impairment of development of normal narcissism, 12466
absence of father before vs after 5 yrs of age, sex role identity & self esteem & self confidence, male college students, 10219
father absence from home & child's race & sex & quality of life, cognitive & social development, children, literature review, 3057
father absence, problem solving competence, 3rd graders, 3108
home & nursery school behavior & mother's childrearing attitudes, male vs female 2 yr olds from father-absent mother-headed families, 3223
parents living together vs apart vs presence of mother only, academic achievement & intelligence, 8 yr old males, 5345
Father Child Relations
amount of time spent alone vs with peers vs with mother vs with father & type of activities & conflict, 10th graders, 5443
behavior at 1st contact with newborn, 24–39 yr old male medical students & 26–45 yr old fathers of newborns, 3316
birth attendance & early extended contact & involvement with infant at 5 mo postpartum, fathers, 10336
concept of alcoholism as narcissistic disorder, 5856
divorce, father-child relationship & psychiatric symptoms, fathers, literature review, 930
early extended contact, father-child interaction, fathers & their neonates, 3313
effect of father's experience & reconciliation through psychoanalysis, 30 yr old son of Holocaust survivor, 6143
father behavior, daughter's femininity, literature review, 12487
father involvement in communication of sexual attitudes & values & information, parents & 9th–12th grade daughters, 5428
father-daughter relationships, 5499
fathers' involvement with childcare, cognitive ability & behavior, 5 yr olds from 2-parent families, 3145
friendship vs mother- vs father-child relations, attempts at behavior control & intimacy & nurturance, male vs female 4th vs 7th vs 10th graders vs college students, 3215
maternal/paternal care/overprotection, hypochondriacal in- & outpatients from psychiatric hospital with mean age of 39.7 yrs, 10485
model of sexual needs motivation for sexual abuse of daughters, fathers, literature review, 12917
psychoanalysis, separation from father's Holocaust experience, 30 yr old Jewish male biochemist, 6132
relationship with father vs other risk factors, incidence of cancer, physicians, replication of work by C. B. Thomas et al, 1420
role of father, separation-individuation, 34 yr old female & 33 yr old male, 10234
sex role attitudes toward sons vs daughters, Black vs White middle class fathers, 3355
Fathers
adjustment & academic achievement, children of alcoholic fathers, 1271
birth attendance & early extended contact & involvement with infant at 5 mo postpartum, fathers, 10336
cry difficulty, physiological & emotional responses to infant cries, nonparents with mean age of 29.8 yrs vs primiparous vs multiparous mothers vs fathers, 2843
death of father & development of psychosomatic disorders imitating fathers' symptoms, hyperventilating female 9 yr old & 14 yr old female wth dyspnea, 10733
developmental crisis & adjustment, 33–42 yr old expectant & new fathers, 10335
divorce, father-child relationship & psychiatric symptoms, fathers, literature review, 930
early extended contact, father-child interaction, fathers & their neonates, 3313
EEG activity, predisposition to alcoholism, 11–13 yr olds with alcoholic fathers vs schizophrenic vs psychopathic vs character disordered parents, 3669
factors related to emotional readiness for fatherhood, 18–42 yr old 1st time fathers, 3311
mother-child symbiosis & body-ego development & father personality & family dynamics, schizophrenia & anorexia nervosa, 5692
parent personality & parenting skills & abuse of mother & father as children, behavior & learning problems & hyperactivity & overdependence & anxiety & bizzare behavior & asthma, multihandicapped 2–11 yr olds, 3521
participation in child care, fathers, literature review, 7790
paternal vs maternal origin of extra chromosome, patients with Down's syndrome & their parents, 5884
relationship with expectant mothers & their families, 16–21 yr old expectant fathers, 3299
role of father, separation-individuation, 34 yr old female & 33 yr old male, 10234
role of provider vs structure, caretaking functions, fathers, examination of cross cultural studies, 5508
sex role attitudes toward sons vs daughters, Black vs White middle class fathers, 3355
single fathers, literature review, 10338
social class distribution, fathers of autistic children in state autism program vs nonautistic children, 1227
turntaking & participation in discussion of moral dilemma, mother-father-adolescent triads, 7812
unprogrammed learning of behavior modification techniques at home from trained mothers, fathers of oppositional toddlers, 13239
values measured by Likert-type scale, adolescents vs their fathers vs teachers, 4722
Fatigue
brick size, fatigue ratings, 20–26 yr old brick loaders, 4600
careless driving & physiological & psychological fatigue from long-hour driving, rear-end collisions, truck drivers, 2128
chemotherapy regimens, psychological response & depression & fatigue, lung cancer patients, 10951
circadian rhythms & fatigue, 41 yr old male, 5130

denial, morbidity & tension & depression & fatigue, male heart disease patients, 5952
distance driven, spectral values of heart rate variability as measure of fatigue, inexperienced highway drivers, 511
duration of continuous driving, RT in simulated emergency, 18–31 yr olds, 13816
human factors & load carriage & stability & visual needs & fatigue, slipping & falling, literature review, 13813
induced physical fatigue, scores on measures of fluid vs crystallized intelligence, 15–17 yr old males, 804
intermittent hypokinesia of varied duration, CR & EEG & blood neurotransmitter levels & emotional stress & exhaustion, albino rats, 12134
measurement of fatigue feeling in industrial research, mental & physical welfare & disclosure of working conditions, workers, 2237
neuroticism & length of underground employment, work fatigue, 20–51 yr old miners, 4593
night shift work & monotonous task, wakefulness & fatigue & well-being, train drivers, 13786
optical axis nonparallelism, range-finding accuracy & visual fatigue, adults, 9537
physical & psychological & social factors, chronic fatigue etiology & prevention & treatment, females, literature review, 13071
physical effort & visual-auditory attention task, fatigue & performance, 18–21 yr old males, 9526
prevalence & reliability & discriminative power of fatigue, psychiatric vs oncological patients, 3594
self estimate of energy mobilization & free association of numbers test, measurement of neuropsychic tonus of work capacity before vs after fatigue, aviation school candidates & student pilots, 4845
sensorimotor stress, fatigue & monotony & saturation & stress, Ss with vs without tendencies toward neurosis, 5785
translocation jet lag, exercise capacity & performance & fatigue & weakness & headache & sleepiness & irritability, 18–34 yr old US Army male soldiers, 12199
visual display terminals, vision, employees, 6882
visual display terminals, visual & musculoskeletal complaints & occupational stress & attitudes toward job demands & quality of work, literature review, 6884
weight of object & lift distance, subjective acceptable frequency of continual lifting task, 21–34 yr old females, 4596

Fatty Acids [See Also Phosphatides]
cold- & exercise-induced alternations in skin & core temperature, substrate mobilization & utilization, 22–27 yr old males, 7489
examination stress, blood pressure & cardiac rhythm & levels of prostaglandin & thromboxan B-2 & 6-keto-prostaglandin, students, 514
frustration during conditioning, blood corticosterone & free fatty acids, male rats, 12033

Fear [See Also Panic]
acquisition of fears of tarantulas & processes by which fear is reduced, 10–60 yr old tarantula enthusiasts, 5635
age & sex & rural vs urban residence, interests & concerns, 7–13 yr olds, Nigeria, implications for primary & secondary school curricula, 7732
amount of TV viewing, perception of threat & alienation, 16–55 yr olds, Great Britain, 10441
amygdaloid & dorsal hippocampus lesions, retention & reconditioning of classically conditioned fear response, male albino rats, 9971
anticipated pain & fear & anxiety in dental treatment procedures, dental patients with mean age of 32.5 yrs, 1691
apomorphine vs diazepam, attenuation of quickly learned conditioned suppression & motor activity in shock environment, male rats, 2953
behavioral & pharmacological management of pain & fear in dental patients, dentists, literature review, 1680
classical fear conditioning vs conditioned emotional response paradigm & CS vs non-CS interval during acquisition & extinction, freezing & response suppression, male rats, 351
cognitive behavior modification vs informed teacher treatment, shyness & fear of public speaking, 4th–6th graders, 4493
conditioned fear & noncontingent shock, enhancement during extinction, rats, 9781
delinquency & combative gang membership, fear of crime & victimization experiences, Black & White 14 yr old males, 8116
dominance in dyadic competition for access to drinking nozzle delivering water vs novel solution, neophobic responses, rats, 5002
elimination of fear of failure, performance on skill & knowledge tests in gymnastics course, college students, 1993
fear & anger & guilt as stress reactions, implications for mental disorders, 3560
fear of crime & bystander surveillance & crime rate, literature review, 8087
fear of snakes & sex, contact with harmless snake & speech production, Ss in dyads, 2658
fear of talking, small group participation, college students, literature review, 1023
fear reaction 1 yr following assault, female rape victims, 10606
fears & social situational anxiety & stage fright, 16–18 yr old gymnastic students, 12514
fears of therapist & patient, effectiveness of hypnotherapy, patients, 8506
hypnosis & symbolic dream work, fear/anxiety state, 29 yr old female, 8502
implosive therapy, combat related fears, 55 yr old male veteran, 8386
level of fearfulness, Japanese quails selected for high vs low locomotor activity, 9821
locus of control, maladaptive fears measured by fear control survey schedule, college students, 3635
manipulation of perceived self efficacy, fear arousal & coping behavior, snake- & spider-phobic 16–62 yr olds, 3540
measurement & alleviation of dental fear, children, literature review, 4138
medical fears, male vs female college students, 12713
muscle relaxation therapy, fear reduction, psychiatric patients, literature review, 6226
neighborhood conditions & psychological factors & life circumstances, crime precautionary behaviors, surveyed female urban residents, 5849
paradox of low victimization rates & high levels of fear among elderly, crime victims aged 12 yrs & older, 1270
perceptual-defensive-recuperative theory, pain & fear, critique of article by R. C. Bolles & M. S. Fanselow, 2853
phobic factors on AZU Fear Questionnaire & Fear Survey, phobic Ss, 7036
pretest epinephrine administration, retrograde amnesia for conditioned fear, male rats, 12258
psychoanalytic interpretation, Macbeth character, 10076
psychological & emotional responses & fear, cancer, 6026
reasons for fear & avoidance of elderly & chronic & terminal illness & death, physicians, 1867
technological advancement, prevention of insecurity & fear of unemployment & subsequent negative impact on mental health, workers, 13762
viewing distance of 2.5–15.0 ft, intensity of fear, 18–26 yr old snake phobics, 13251

Fear of Success
anticipation of evaluation by males vs females vs "persons", fear of success & task performance, female college students, 9683
fear of success & fear of appearing incompetent, male vs female graduating business students, 7920
fear of success, Type A vs Type B female college students, 3474
personality correlates of motive to avoid success, male vs female college students, 3491
sex & locus of control & fear of success & academic aptitude, vocational indecision, college students, 9057
sex differences, fear of success imagery to gender appropriate vs inappropriate cues & attributions of success & failure, high school vs college students, 875
sex role orientation & fear of success, females, 12732
success conflict, literature review, 5634

Fecal Incontinence
biofeedback & behavioral methods, treatment of irritable bowel syndrome & fecal incontinence & esophageal disorders & vomiting, literature review, 4033
chlorpromazine & operant conditioning, encopresis, 4 yr old male, 8383

Feeblemindedness [See Mental Retardation]

Feedback [See Also Auditory Feedback, Biofeedback, Biofeedback Training, Delayed Auditory Feedback, Delayed Feedback, Knowledge of Results, Sensory Feedback, Visual Feedback]
achievement need, goal setting & feedback effectiveness & perceptual speed task performance, college students, 2661
behavioral analysis of chronic pain, literature review, 8191
behavioral functions of feedback, implications for terminology in operant & behavioral analysis, 4683
causal attributions for actor's failure communicated by O, testing & acceptance of attributions, college students, 12677
computer simulation of ocular accommodative oscillation, model of feedback mechanism, 461

computerized vs standardized & accurate vs inaccurate feedback, acceptance of feedback & attitudes toward occupational interest testing, college students, 2431
confidence in passing & prediction of examination scores & effects of feedback on performance expectancies, male vs female college students, 11285
contingent vs noncontingent success feedback, avoidance of high-diagnostic test items, male college students, 2663
corrective vs noncorrective feedback with vs without candy, rate of acquisition & maintenance & generalization of printing, 4.5–5 yr olds, 12418
defensive orientation, prediction of acceptance of fictitious vs veridical feedback, graduate students, 3469
degree of immediate feedback, performance on computerized ESP test, college students, 11535
didactic training in subtraction with vs without attributional feedback, subtraction skills & self efficacy, 7–10 yr olds, 1968
dissonance & self perception theories & positive vs negative feedback on task performance, perception of task as interesting, 17 yr olds, 3405
effect of feedback on performance, goal progress, college students, 11934
expectation of foreign listener's linguistic competence & foreigner's verbal feedback of comprehension, speech characteristics, native English speaking college students, 10073
experience of telling story to 1 child, generalization of verbal signals to other children vs adults, college students, 10389
expertise of postperformance verbal feedback source & positive vs neutral feedback valence, intrinsic motivation, college students, 9678
feedback, academic achievement, college students, 8895
feedback for correct selections, serial learning & probability of forward errors, pigeons, replication of task of W. K. Richardson & W. J. Warzak, 9754
feedback, music therapy competencies, music therapy graduates & undergraduates in clinical practica, 8711
feedback on referential performance, subsequent ability to identify objects, 45–63 mo olds, 7662
feedforward vs feedback, group performance, 5th grade males, 7740
generalization effects of parent training using instructions plus feedback & self management, parents of preschoolers with oppositional behavior, 10920
high vs low & positive vs negative vs performance-feedback self monitoring, self observation & performance & attendance at math preparatory class, college students, 8883
high vs low control over intoxication & high vs low dose feedback, attribution for state of intoxication, 19–30 yr old social drinkers, 5280
high vs low feedback ultrasound & health advice, health care behavior, 18–32 yr old pregnant females, 1684
importance of treatment goals & communicational feedback in marital therapy, 13203
individualized instruction & positive feedback on self evaluations, spelling achievement, high vs low achieving 3rd graders, 11247
informativeness of test results & negative vs positive feedback on assertiveness, ratings of accuracy & acceptance of feedback & recall & self ratings, male college students, 3462
item difficulty information & consistency of performance feedback, attribution of achievement results on intelligence test items, Ss with high vs low self concept of ability, 12705
length of anticipation vs feedback interval, rehearsal in verbal discrimination learning, college students, 2640
listener feedback, individuation of information transmitted & listener understanding, adults, 10404
manager training in appraisal interview feedback &/vs assigned goal setting techniques, reaction to appraisal, corporate research team leaders & other subordinates, 4569
maternal acceptance & persistence on impossible task with positive vs no feedback, 5th & 6th graders, 5416
noncontingent feedback in discrimination learning task, generalized expectation of noncontingency, implications for learned helplessness, 7270
performance feedback intervention, curriculum planning & recording of instructional information, 2nd–5th grade teachers of mainstreamed handicapped students, 8813
performance feedback, maintenance of client charts, therapist trainees, 8733
performance feedback, psychological service program planning skills, school psychologists, 8814
personality & other correlates of desire for personal feedback, college students & psychiatric patients & alcoholics, implications for psychotherapy, 12764
physical posture, motivation & emotions, college students, 11936
positive vs negative feedback following success vs failure, persistence, female 10–11 yr olds, 5417
practice & prior skills & feedback during role playing activities, teaching basic problem solving skills, high school students, 4364
practice with vs without feedback vs forced choice testing, recognition performance, college students, 9664
previous conformity & high vs low status of deviant, rejection of deviant, college students, 5600
prior ego-enhancing vs diminishing feedback, causality attributions following anagram task success vs failure, college students, 2662
procedure for systematic evaluative feedback, usefulness of school psychological reports, 11409
rapid feedback & key word identification, reading comprehension, college students, 4902
response-produced feedback supplemented by sensory feedback, acquisition on rotary pursuit task, mildly mentally retarded 8.5–14.6 yr olds vs nonretarded 8.5–9.4 yr olds, 5877
self vs other selection & administration of task & controlling vs informative feedback, intrinsic task motivation, college students, extension of cognitive evaluation theory, 7280
simulated management task & positive vs negative feedback on goal-achievement, self perception & perception of workers & use of power, Ss in simulated manager role, 6858
small group program using role playing & data gathering from family & interpersonal feedback & group discussions, identity formation, college students, 6207
social anxiety & videotape performance feedback, self statements & self evaluations & irrational beliefs & self reported social skills, female college students, 5616
success feedback with vs without monetary incentives, heart rate during continuous motor task performance, college students, 7467
supervisor in-service assessment & subsequent examination performance, trainee psychiatrists, 11127
supervisor vs E vs self feedback during instruction in microteaching & sex & teaching subject, competence, student teachers, 1924
task & group involvement & performance feedback, attributional effect of performance cues on self report descriptions, college students in simulated organizations, 9160
training based on relational concept of between, learning & retention of standard-setting skills & transfer to abstract tasks with less feedback, moderately retarded Ss with mean age of 11.1 yrs, 5892
ultrasound examination with high vs low feedback, anxiety, 18–32 yr old primiparous females, 1683
usefulness of Piaget's concept of equilibration & relationship to feedback & computational ideas, 764
validity of various measures based on corroboration time vs overt confidence judgments, self report assessment of learning, students, 4682
videotape feedback in writing seminars, classroom communication, college students, 8826
visual vs verbal post-response error feedback, motor skill learning, 18–25 yr old males, 2518
Feeding Behavior (Animal) [See Animal Feeding Behavior]
Feeding Practices [See Also Bottle Feeding, Breast Feeding]
artificial feeding, food behavior disorders during early childhood development, children with esophageal atresia, 1677
Feelings [See Emotions]
Feet (Anatomy)
preclusion of foot odors, conditioned maze running responses, male rats, 9778
Felonies [See Crime]
Female Animals
age at ovariectomy & at slaughter & estrogen replacement, skeletal growth & body weight & composition, female rats, 527
anisomycin injection following progesterone, extension of period of sexual receptivity, female rats, 12247
apomorphine vs dextroamphetamine vs levoamphetamine, induction of copulatory behavior by estrogen &/vs progesterone, ovariectomized rats, 658
bilateral locus ceruleus electrolytic lesions, estrus cyclicity, female rats, 12234
birth in litters with vs without male siblings, testosterone-induced adult mounting behavior, female rats, 686
constant bright illumination, persistent estrus & hormone receptor binding & puberty & sexual receptivity & mating, female rats, literature review, 7502

consumption of exposed limelayer during nesting season & mining to reach hidden layer, reproductively mature female desert tortoises, implications for calcium stress, 397
copulatory positioning, female red-legged vs black-legged kittiwake, 7377
copulatory stimulation, amelioration of anestrus & sterility, neonatally androgenized female rats, 7551
courtship solicitation & copulatory benefits & mate avoidance, female butterflies, 7388
early experience & male activity, mate choice, female mallards, 389
early testosterone propionate administration, dominance & aggressiveness & fear reactions, heifers, 593
estradiol & progesterone, brain endorphin levels, female rats in different stages of estrous cycle vs pregnancy vs following ovariectomy, 7577
estradiol benzoate, axonic & dendritic growth in ventromedial hypothalamic nucleus, ovariectomized rats, 595
estradiol benzoate with vs without subsequent progesterone, social & sexual behavior, intact vs ovariectomized female brown lemmings, 531
estradiol vs cholesterol implants into hypothalamic vs extrahypothalamic brain regions, sexual receptivity, ovariectomized hamsters, 12266
estrus & stressful stimulation, response latencies & open field behavior, female mice, 12154
ethanol diet during pregnancy, alcohol consumption & subsequent maternal behavior, female rats, 2946
GABA binding in brain, aggressive vs nonaggressive female hamsters, 9872
gestational ethanol, behavior toward own vs foster pups, female rats, 12310
human chorionic gonadotropin vs luteinizing hormone releasing hormone vs estradiol &/vs progesterone, sexual receptivity, intact vs ovariectomized female frogs, 532
intrahypothalamic vs systemic guanosine triphosphate & ovariectomy with vs without adrenalectomy, lordosis behavior, estrogen-primed female rats, 524
isolation vs social grouping, estrus & reproduction & infant mortality & sex ratio & body weight, female Microcebus murinus, 9939
Lee Obesity Index vs body fat & ovariectomy, measurement of diet-induced obesity, female rats, 11611
long term stability of dominance hierarchy, female baboons, 4989
male body weight, mate selection, female katydids, 7347
male dominance status & female choice & mating behavior, brown lemmings, 7355
male mating performance & gonadal intactness, choice of mating partners, female voles, 2741
male produced vocalizations, mate selection & mating behavior, estrous female rats, 7383
male rank & familiar vs unfamiliar females, sociosexual & aggressive interaction & male cortisol & prolactin & testosterone levels, captive talapoin monkeys, 420
male testosterone levels varied by castration & exogenous testosterone, preference for areas vacated by male, female rats, 545
menstrual cycle & circulating levels of estrogen & progesterone & testosterone & estradiol & testosterone supplement, sexual arousal & receptivity, mature vs premenopausal female macaques, 12327
menstrual cycle & plasma estradiol & sexual interaction changes with age, 8–12 vs 16–17 yr old female bonnet macaques, 384
morphine vs beta-endorphin vs enkephalins, oxytocin release induced by acetylcholine vs suckling, lactating rats, 7549
neonatal decortication with vs without estradiol benzoate & progesterone, sexual behavior, female rats, 12142
olfactory recognition, female & calf reindeer, 4992
oral ethanol concentrations, ethanol consumption & blood levels, female pregnant vs nonpregnant squirrel monkeys, feasibility of use as animal model for fetal alcohol effects, 2954
ovariectomy & estradiol benzoate vs progesterone vs testosterone, body weight & hoarding, female rats, 12144
ovariectomy & ethanol concentration & pregnancy & estrous cycle, ethanol intake, female rats, 9969
pairing with sexually experienced vs inexperienced male, individual & social behavior, female mice, 9785
parity & maternal environment, strain differences in pregnancy-induced nest building, C57BL/6J vs DBA/2J mice, 2747
postpartum separation from young, maternal behavior, female goats, 4998
prenatal testosterone propionate, maternal behavior, virgin female rats, 625
progesterone dosage level, progesterone desensitization effect on lordosis & hypothalamic progestin receptors, female guinea pigs, 591
progesterone injection following estradiol benzoate, lordosis & nuclear & cytoplasmic progestin receptor concentration, ovariectomized guinea pigs, 5222
protein content & cytochrome oxidase activity of brown adipose tissue, thermogenic activity suppression, virgin vs lactating vs pregnant mice, 507
ram sexual competence & semen quality, choice of mate & multiple mating behavior, ewes, 373
random mutation & genetics without natural selection, female fruit flies, 9819
ranging patterns & aggression & vocalization & sexual behavior, solitary female red howler, 9809
reproductive condition, attractiveness & scent-marking behaviors, female rabbits, 7376
reproductive experience & environment, postpartum aggression, C57BL/6J vs DBA/2J female mice, 5011
sensory discriminatory processes, pup recognition & retrieval, female mice, 7328
sex of cagemate during pregnancy & lactation, aggression, female golden hamsters, 9814
somatic stimulus induction of lordosis during sexual receptivity, distribution of pronounced & sustained midbrain unit responses, female hamsters, 480
species differences, time budget & social interactions, mother vs nonmother female rhesus macques vs bonnet macaques, 2733
time of day & time since parturition & kin recognition, cannibalism, female poeciliid fishes, 12022
urine from grouped estrous vs nonestrous sib vs nonsib females & cage density & reproductive history & pup cross fostering, sexual maturation, singly caged female mice, 7456
varying dose levels of urine & mixing types from different donors, delay vs acceleration of 1st vaginal estrus through chemosignals from urine, female mice, 502

Female Criminals
demographic & criminal characteristics & substance abuse, female prisoners, 1299
demographic & educational & personality characteristics, female prisoners, 1960 vs 1970 vs 1980, 12914
epidemiology & accompanying psychopathology, alcoholism, female criminals, 12942
impulsivity of crime & length of imprisonment & time on parole, male vs female criminals, 12924
possible reasons for increase in crime & delinquency, females, US, 3662
prior criminal record & indicators of respectability, severity of sentence, female defendants, 5524

Female Delinquents
incidence of homosexuality & participation in make-believe families, 13–19 yr old female training school inmates, 1820
Performance-Verbal discrepancy on WISC-R, prediction of recidivism, 12.6–16.8 yr old adjudicated female delinquents, 11654
possible reasons for increase in crime & delinquency, females, US, 3662
social integration into & personal commitment to family & family structure & delinquency, male vs female 11–17 yr olds, 8080

Female Genitalia [See Ovaries, Uterus, Vagina]

Female Orgasm
diagnosis & treatment of primary orgasmic dysfunction, females, literature review, 10772
MAO inhibitors, anorgasmia, 22 & 28 & 54 yr old females, 1635
pelvic contractions during orgasm, nulliparous females, 12108
physiology of sexual response, females, 2838
treatment for anorgasmia, nonsexual assertive behavior, 19–54 yr old preorgasmic females, 10899

Females (Human) [See Human Females]

Femininity
achievement motivation & sex role orientation, female high school track & field athletes vs nonathletes, 7722
analysis of data sets, typological implications of Femininity & Socialization scales of California Psychological Inventory, 168
androgyny vs stereotyped masculinity/femininity, married couples seeking treatment for sexual dysfunction, Israel, 10751
experience of 1st-time parenthood, masculinity/femininity, spouses, 12571
father behavior, daughter's femininity, literature review, 12487
femininity, success & potential, student psychotherapists, 4295
folk ideology of femininity, comic literature, Japan, 12372

gender role attitudes & participation in traditionally feminine vs unfeminine competitive sports, 19–65 yr old female athletes, 12757
gender traits & social control & opportunity, delinquency, 8th–12th graders, 10646
homosexual feelings & feminine gender identity, 21–26 yr old male medical students, Malaysia, 12602
individual differences in masculinity & femininity & androgyny, prejudice & categorization, males vs females, implications for cognitive bases of stereotyping, 12692
perception of Freudian interpretation of femininity from feminist perspective & implications for heterosexual interaction, 12620
power strategies employed in intimate relationships, masculine vs feminine vs androgynous vs undifferentiated college students, 10455
sex & peer evaluation of competition, expectations for & actual competitive performance & perceptions of success, masculine vs feminine vs androgynous vs sex role undifferentiated students, 7848
sex & sex role orientation, psychomotor reminiscence, 17–23 yr olds, 11754
sex role orientation & defense mechanisms, female college students, 5625
sex role orientation & fear of success, females, 12732
sex role orientation & MMPI profiles for psychological adjustment, female college students vs upper middle class housewives, 9371
sex roles of ideal opposite sex persons, male vs female college students, 5543
sexuality & femininity & unwanted pregnancy, 16–24 yr old females experiencing 1st pregnancy, 10267
stylized image & ideal of femininity as defensive structure or perverse ritual, narcissism & pathology in devaluation & fetishism, 3641
utility & validity of masculinity-femininity construct & adrogyny measures, alternative construct based on individual's own conceptions of masculinity-femininity, 10–80 yr olds & college students, 7739

Feminism
attitudes toward women's roles, identity achievement, female college students, 10372
conservative vs liberal vs Marxist & socialist vs radical feminist perspectives, women & education, New Zealand, 11157
development & organization of feminism therapy seminar, 8765
feminism, Europe, 1400–1789, 12611
feminism, marital & sexual happiness, females with mean age of 30 yrs, 5547
feminist movement, sexuality, 24–50 yr old males, 5539
feminist principles & role of women, psychotherapy, females, literature review, 3962
feminist social process as therapy based on systems theory & transactional analysis & psychology & education & feminism & personal experience, 8341
historical perspectives & lack of interchange, family systems therapy & feminist therapy, 10875
organizational stages & problems of authority & leadership, lesbian-feminist radical organization, 2183
perspectives of medical profession vs feminist health movement as social myths, menopausal experience, literature review, 10364
self esteem & age & amount of education, French Canadian feminist women with mean age of 29.9 yrs vs nonfeminist women with mean age of 46.1 yrs vs males with mean age of 34.8 yrs, 1056

Femoral Nerve [See Spinal Nerves]

Fenfluramine
breach of double-blind procedure as consequence of informed consent, obese 22–65 yr old patients & physicians involved in fenfluramine trial, 4664
dosage & time since injection of fenfluramine, nociceptive thresholds & role of serotonin, male rats, 7533

Fertilization
anxiety & attitudes toward artificial insemination, females, 12578

Fetishism
pornography, sexual fetishism, 4 case reports, 10599
sexual fetishes, females, 5805
stylized image & ideal of femininity as defensive structure or perverse ritual, narcissism & pathology in devaluation & fetishism, 3641
undinism or urine fetishism, 17 yr old male, 1141

Fetus
clinical effects in humans & laboratory studies, fetal alcohol syndrome, digest of previously published article, 6033
diet & development, fetuses & children, literature review, 5320
fetal alcohol syndrome, 1365
fetal alcohol syndrome, behavioral & learning deficits, implications for education, 3810
fetal alcohol syndrome, literature review, 3811
fetal exposure to ethanol, complex maze acquisition, male adult rats, 653
history-taking & counseling & thorough followup, reduction of fetal alcohol syndrome & other dangers from alcohol, pregnant females, 4128
in utero alcohol exposure, response inhibition mechanism delays, rats, 5217
in utero estrogen exposure, facilitation of fighting behavior by testosterone, mice, 12278
malnutrition during fetal or infancy period, behavioral development, literature review, 3836
maternal narcotics use during perinatal period, effects on children & neonates & fetuses, literature review, 10019
maternal nicotine & caffeine, offspring size & growth rate & cognitive function & premature delivery & spontaneous abortion & stillbirths & neonatal deaths & congenital anomalies, humans & animals, 5252
Maternal-Fetal Attachment Scale, females in 3rd trimester of pregnancy, 9386
prenatal thyroid deficiency induced by propylthiouracil, suckling behavior, rat fetuses & pups, 12316

Fever [See Hyperthermia]

Fiction [See Literature]

Field (Visual) [See Visual Field]

Field Behavior (Animal) [See Animal Open Field Behavior]

Field Dependence
age & reflection-impulsivity, intelligence & field dependence/independence, 60–79 yr old females, 1066
auditory vs visual signals & visual vs auditory vs cross-modality imaging, signal detection, field dependent vs independent college students, 11738
concept of field dependence in neuropsychological research, 5039
conceptual level & field dependence/independence, learning & task performance strategies, students, 7263
diffuse thalamocortical system EEG time constants & WAIS IQ & field dependence, 18–36 yr olds, 12092
emotional stability & extraversion & impulsivity & achievement motivation & locus of control & field dependence, accuracy of time estimation by verbal estimation vs production vs reproduction of various durations, college students, 3448
factor analysis of responses to standardized tests, field dependence construct, 3rd graders, 2478
field dependence & aggressive vs neutral stimulus, mood & self esteem & autonomic arousal, college students, implications for psychoanalytic theory of depression, 9685
field dependence & spatial visualization & reasoning ability, scores on mathematical story problems presented in verbal vs pictorial format, 5th graders, 13634
field dependence, driving behavior in specific traffic situations, drivers, literature review, 5652
field dependence, self-other differentiation, female college students, 12708
field dependence, vascular & psychophysiological differences, 12132
field dependence/independence, literature review, 3452
field dependency & intelligence & geometrical figure recognition capacity, urban vs rural male college students, 12706
field independence/dependence & personality, 60–81 yr old females, 3234
field independence/dependence & verbal ability & task knowledge & active learning on verbal vs geometric sorting task, college students, 7268
formal schooling & urban vs rural environments, anxiety & field dependence, males with mean age of 23 yrs, 1054
individual differences, field dependence in learning ability & visual aftereffect, 8–11 yr olds, 3179
maternal reinforcement & punishment & contingency, reading & math achievement & field dependence, low income Anglo American mothers & their 7–9 yr olds, 3041
perceptual style & field dependence & automobile driving, 9519
practice teaching & field dependence/independence, developmental vs traditional outlook, student teachers, India, 6604
psychological differentiation & anxiety, emotionally disturbed Ss with mean age of 11.5 yrs, 3588
reflection/impulsivity & field dependence/independence, educable mentally retarded with mean age of 9.7 yrs, 10657
sex & achievement level & rural vs urban residence, field dependence/independence, 10th graders, 886

sex & field dependence, response to cultural vs perceptual cues in Chinese vs Western paintings, Chinese vs Western college students, Hong Kong, 257
stimulus size in Embedded Figures Test & rod-and-frame test, construct validity of perceptual field dependence/independence, college students, 11766
student-teacher field dependence, foreign language achievement, college students, 11263
validity of measures of reading attitudes & locus of control & field independence, prediction of reading & arithmetic achievement, inner city 5th graders, 8974
Field Instruction [See Curricular Field Experience]
Field Trips (Educational) [See Educational Field Trips]
Field Work (Educational) [See Curricular Field Experience]
Fighting [See Aggressive Behavior]
Figurative Language [See Metaphor]
Figure Ground Discrimination
density of background elements & size & luminance of target, thresholds for discrimination of target, 21–30 yr olds, 11798
differences in illumination between achromatic homogeneous figure & ground, perception of figure as opaque vs transparent, college students, 4865
displacement of dots in same vs opposite directions, segregation in random dot kinematograms, author & naive S, 2549
extraversion/introversion & neuroticism, reversal latencies for Necker cube & sectored circle, college students, 2578
interval noise, errors in visual search for matching vs mismatching letter pair, college students, 9547
perception of figure vs ground, identification of tilt of test line, Os, 11835
presentation of illusory figure pattern against background of varying lightness, perception of physical contours, naive Ss, 9554
scotopic vs photopic backgrounds, rod persistence on partial report task of iconic memory, college students, 11729
spatial frequency & background contrast of sinusoidal gratings, increment contrast thresholds, rhesus monkeys, 7309
unconnected lines vs object vs disorganized context, object superiority & line effects in speeded visual scanning, 7214
visual noise, word recognition, 17–47 yr olds, 4857
Filtered Noise
acoustic reflex thresholds for pure tones vs broadband vs filtered noise, 4–8 day olds, 7635
tone-burst frequency & action potential amplitude vs masker-level functions with vs without high-pass noise, frequency response of different regions of basilar membrane, cats, 7411
Filtered Speech
dichotic split-signal presentation of word lists vs unfiltered diotic vs high-pass diotic presentation, performance-intensity function & word recognition, hearing impaired 23–85 yr olds, 6965
prosodic & paralinguistic features of speech, distinction between stories read vs told by preschool teachers, college students, 4888
Financial Assistance (Educational) [See Educational Financial Assistance]
Fine Motor Skill Learning
alphabetical vs random vs standard vs A. Dvorak typewriter key arrangement, ease of learning & typing speed, novice vs expert typists, 6893
backward chaining vs total task presentation, learning of assembly tasks, severely retarded 22–49 yr olds, 6470
sex, acquisition rate for cognitive & psychomotor skills & complex flight skills 1 yr later, US Air Force Academy cadets, selection & training implications, 9076
Finger Tapping
control & organization of voluntary movements, 20–24 yr old left handed Ss, implications for sports medicine & personnel selection, 9874
task priority, performance on concurrent finger tapping & recitation tasks, 3rd–5th graders, 7659
underwater depth, tapping & addition task performance, scuba divers with mean age of 25.2 yrs, 7487
Fingers (Anatomy) [See Also Thumb]
personality traits & fingerprints, college students, 3487
Fingerspelling
advantages of teaching finger spelling, elementary school students, 1974
cortical mapping, localization of finger spelling & oral language areas in brain, 25 yr old female undergoing left anterior temporal lobe resection, 473
finger spelling, learning to spell short vowel words, elementary school students, 11241
sign language & finger spelling ability, 52 yr old deaf female suffering right-hemisphere stroke, 10726
Finland
age & sex & mortality & degree of morbidity & occupational group, utilization of hospital services, discharged hospital patients, Finland, 1797
characteristics & care & rehabilitation, male homeless alcoholics, 3-yr-followup, Finland, 6502
day nursery attendance, socialization & separation reactions, children under 4 yrs of age, Finland, 5434
development of preventive mental health work, Finland, 13357
epidemiology of dementias, Finland, 6003
general & public opinion & attitude change about speed limits, licensed drivers, Finland, 6836
goals of educational system, Finland, 13562
life values & beliefs about values of peers & adults, adolescents assessed at 15 & 18 yrs of age, Finland, 12510
marital status & social class, ischemic heart disease incidence & mortality, 40–64 yr old males, Finland, 10728
mental health program & prevention, divorce & problems of coexistence, families, Finland, 13365
peer selection & rejection via sociometric scale, immigrant 3rd & 6th & 9th graders, Sweden, 866
police house calls for family violence, Finland, 8114
prevalence of somatic diseases, mental health center patients, Finland, 10586
psychiatric morbidity & need for mental health services, 20–59 yr olds, Finland, 5-yr followup, 1171
rural vs urban region, delinquent behavior & maladjustment & drug abuse, children, Finland, 1292
seasonal & regional variations in incidence of psychiatric disturbances, patients 12 yrs of age & over, Finland, 5798
use of medical & dental & mental health care services within Finnish Student Health Service, college students, Finland, 13734
utilization & effectiveness of mental health center treatment, psychiatric outpatients, Finland, 10989
work environment & stress & absenteeism, workers, Finland, 11502
Firearms [See Weapons]
Fishes [See Also Cichlids, Electric Fishes, Goldfish, Sticklebacks]
amino acid stimulation of olfactory mucosa, correlation between olfactory receptor electroolfactographic & bulbar EEG responses, juvenile catfish, 12047
auditory structure & functions, fishes, 5099
automated feeder for liquids & wet or dry solids, fishes, 6972
breeding & parental nurturance & protection from intruders, Siamese fighting fish, 12011
caffeine exposure during early development, spatial behavior, African jewel fish, 2926
carbaryl sublethal concentrations, surfacing behavior & food intake & growth, air-breathing fish, 2920
color perception & retinal spectral information processes, teleost fish, literature review, 492
crowding, dendritic spine density in optic tectum, jewel fish, 7404
cuckoldry & solitary parenting as reproductive strategies, male bluegill sunfishes, 9797
electrical brain stimulation, eye movements & body rotation, sunfish, 9954
genetics, laterality, flatfishes, literature review & comment on M. C. Corballis & M. J. Morgan's article on human laterality, 2755
juvenile stage, ontogenetic differences in dawn & dusk migratory behaviors, French & white grunts, 378
learning & stereotyped behavior in radial arm maze, Siamese fighting fish, 9758
male nuptial coloration indicating social & physiological status, aggression & avoidance, rival male threespine sticklebacks, 405
morphology & electrophysiology of vestibular projections to cerebellum, dogfish, 5089
nearby vibratory source, patterns of lateral line stimulation & longitudinal rigidity, fish, 335
optic tectofugal projections to nucleus prethalamicus & nucleus isthmi, brackish water & marine teleosts, 493
paired swimbladder muscle contraction, sound production, toadfish, 2773
position preferences, schooling mackerel, 7370
reproductive & mating & foraging behavior, Chaetodon aculeatus vs Chaetodon capistratus vs Holacanthus tricolor, 7367
sexual behavior, humbug damselfish, 365
sexual interference by nonterritorial male, honey gouramis, 383
social isolation, growth rate & body weight, bluegill sunfish, 9931

spatial orientation receptive fields of retinal ganglion cells, catfish, 7419
spectral sensitivity & color of light preference & photokinetic reaction, lancelets, 2839
telencephalon ablation, operant & classical conditioning, fighting fish, 2903
time of day & time since parturition & kin recognition, cannibalism, female poeciliid fishes, 12022
uniform vs nonuniform electric fields, electrosensory thresholds measured by ability to orient body with reference to current direction & density, catfish, 556
visual pigment distribution in retina, 4-eyed fish, 439
visual reinforcement & threat display, response to mirror reflection, Betta splendens vs Lebistes reticulatus vs Carassius auratus, 4965
Fixed Interval Reinforcement
amount of response contingent training & expanding vs collapsing intervals of nonresponse contingent reward, rate of leverpressing, male rats, 2698
bilateral vs unilateral neocortical ablation, acquisition of schedule-induced polydipsia, female rats, 2909
intermittent scheduled monetary reinforcement, number of cigarettes smoked & puff frequency & puffs/cigarette, males, 12256
time out following FI food delivery, attack, male pigeons, 7303
Fixed Ratio Reinforcement
FR schedules, dispersion patterns, male rats, 11977
septal lesions, discrimination of short vs long FR schedules, rats, 12218
Flexibility (Personality) [See Adaptability (Personality)]
Flexion Reflex
disturbance of thumb movement, automatic long latency stretch reflex of flexor pollicis longus & subsequent "voluntary" compensating responses, 20–32 yr olds, 11759
passive elbow movements, EMG RTs of wrist flexors, 30–46 yr old males, 7172
Flextime [See Work Scheduling]
Flicker Fusion Frequency [See Critical Flicker Fusion Threshold]
Flies [See Diptera]
Flight Attendants [See Aerospace Personnel]
Flight Instrumentation
egocentric vs geocentric system of coordinates as orientation method, spatial orientation, pilots, 9178
keyboard design & aircrew glove type & sensory feedback, aircraft data keyboard entry performance, adults, 9181
whole-body sinusoidal vs random vibration, visual display reading task performance, 19–35 yr old males, implications for electro-optical flight instrument displays, 2538
Flight Simulation
assessment, training effectiveness of flight simulators, 13770
contribution of visual displays in flight simulation, military training, 9079
fixation phase of learning & similarity between training & operating environment, flight simulator training, 4551
internal model of monitoring behavior in man-machine systems, flight training, pilots, 4542
microcomputer video game of bombing & air combat maneuvering & job control validity, US Navy enlisted males, implications for pretesting practice in repeated measurement, 9444
stimulus & central processing & response compatibility & resource competition, verbal & spatial flight simulator task performance, pilots, 11465
Flooding Therapy [See Implosive Therapy]
Fluency [See Verbal Fluency]
Fluphenazine
age at onset of disorder & fluphenazine decanoate therapy, treatment response, chronic schizophrenics, 8480
change from fluphenazine decanoate to flupentixol decanoate, schizophrenic 22–61 yr olds, 8-mo followup, 1602
dosage level of fluphenazine decanoate, serum prolactin & dextroamphetamine-induced locomotor activity & sniffing & rearing, male rats, 2963
fluphenazine & nortriptyline, irritable bowel syndrome & psychoneurotic morbidity, 15–58 yr old patients, 6296
haloperidol & fluphenazine decanoate, catatonia, 72 yr old female psychiatric inpatient, 4089
pretreatment with fluphenazine & intranigral administration of GABA-mimetics, circling behavior & interaction with flurazepam, female rats, 602
trifluoperazine & fluphenazine, De Clerambault & Capgras syndromes, 16 yr old female, 6281
trifluoperazine & fluphenazine, sexual dysfunction, 27–29 yr old females, 8453
Flurazepam
flurazepam vs triazolam with vs without alcohol, cognitive performance, 20–35 yr old males, 12288
pretreatment with fluphenazine & intranigral administration of GABA-mimetics, circling behavior & interaction with flurazepam, female rats, 602
Focusing (Visual) [See Ocular Accommodation]
Folic Acid
folic acid, psychotic behavior, catatonic schizophrenic 23 yr old male & schizoaffective 30 yr old male, 1647
long-term lithium therapy, plasma folate concentration & affective morbidity, 21–83 yr old depressed patients, 4066
Folie A Deux
folie a deux, attempted suicide, 62 & 59 yr old sisters, 1204
Folk Medicine
practice of psychiatry in different culture with own traditional care, Liberia, 10807
role of conventional medical care vs folk healing systems, health care delivery, Mexican Americans, 13338
role of culture & medicine man & treatment methods in psychiatry, Somalia, literature review, 6052
utilization of unorthodox therapies & marginal practitioners, patients with chronic rheumatic disease, 3897
witch doctor-directed collective treatment, spell of siren identified as hysteria, young females, Central Africa, 10797
Folklore [See Myths]
Folktales [See Myths]
Followup (Posttreatment) [See Posttreatment Followup]
Food
age differences, understanding of food & nutrition, kindergartners vs 3rd vs 6th graders, 3172
amount of allowed foraging time & food availability in each food patch & food location, optimal foraging behavior in simulated natural environment, male rats, 2678
antibodies to cow's milk & egg white & gluten, schizophrenics vs patients with affective disorders, reinterpretation of P. McGuffin's data, 5781
automated feeder for liquids & wet or dry solids, fishes, 6972
food availability, seasonal variation in colony attendance, thick-billed murres, implications for acquisition & retention of breeding site, 2715
memory for food storage sites, marsh tits, 408
season & availability of food & time of day, howling & spacing, red howlers, 12025
slides of main courses vs snack foods, pupil dilation, sated vs hungry normal vs overweight college students, implications for S. Schachter & R. E. Nisbett's theories, 8221
vegetarian vs meat filled breakfast, emotional upset, male college students, 9921
Food Additives
behavioral teratology, interdisciplinary study of environmental causes of congenital abnormality, 5669
food additives & diet, etiology of childhood behavior disorders, literature review, 5861
preference vs aversion to neohesperidin dihydrochalcone solutions, rats & baboon monkeys, 340
Food Deprivation
acquisition of oral phencyclidine self administration, food-deprived vs food-satiated monkeys, 9996
age & juvenile hormone & corpora allata & feeding & short- vs long-day conditions, mating behavior, Colorado potato beetles, 9945
amphetamine & restricted food access, reduction of food intake & body weight & hypothalamic norepinephrine levels, genetically obese mice, 10021
caloric load of intraduodenal infusion of dextroglucose & vagal denervation & fasting interval, feeding behavior, female rabbits, 9937
color & food deprivation, feeding & aggressive behavior, Midas cichlids, 9926
competition vs disinhibition vs satiation vs inhibition, increases vs decreases in causal factor strength of activities & eating-drinking transitions, rats, 540
ethanol & ambient temperature, blood glucose & body temperature, fed vs starved male rats, 544
food deprivation & 2nd-order schedules of reinforcement, attack behavior, pigeons, 9723
food deprivation during polydipsia conditioning vs in home cage vs ad libitum feeding, preference for ethanol vs water, rats, 9935

food deprivation, interaction between cholinergic & catecholaminergic systems of hypothalamus & cerebral cortex in regulation of food-motivated behavior, rats, 9941
food deprivation, magnitude of acoustic-induced startle reflex responses, male rats, 9922
food intake & huddling & exposure to cold, metabolism & diurnal activity, common bushtits, implications for survival during food scarcity & inclement weather, 2710
food vs water deprivation, retrieval of food pellets vs water pledgets vs sweet-tasting objects, bush rats, 417
food vs water vs glucose/saccharin deprivation, iv etonitazene self administration, male rats, 12141
habituation to running wheel prior to feeding restriction, activity-stress ulcers, male rats, 12186
increased wheel running due to food deprivation vs food-contingent activity, food intake & body weight, obese vs lean female Zucker rats, 529
lateral hypothalamic stimulation, stimulus-bound feeding & self deprivation, male rats, 2888
length of food deprivation, latency of meal initiation & food intake, female rats, 12184
level of food deprivation, cholecystokinin-octapeptide effects on eating elicited by external vs internal cues, male rats, 7568
low cost gas dilution high altitude simulator to study effect of acute hypoxic exposure & prior food deprivation on food consumption, rats, 7000
low vs high conflict induced by food & water deprivation & gonadectomy, plasma corticosterone & food intake following taste aversion conditioning, male vs female rats, 12196
naltrexone, body weight loss, food & water deprived rats, 10032
previous food deprivation & quinine adulterated water, food intake & body weight, male rats, 9949
restricted daily feeding, dietary protein & carbohydrate self selection, weanling vs adult rats, 7495
running activity & restricted feeding, brain 3-methoxy-4-hydroxyphenylethyleneglycol levels & activity & gastric ulcers, male rats, 12187
saccharin vs sucrose solution & high vs low food deprivation, taste preferences, rats, 11959
series of fixed-time & extinction schedules & restriction in behavioral field, food-cup response & adjunctive drinking, food-deprived rats, 9782
undernourishment induced by maternal underfeeding & water deprivation, visual discrimination & transfer of learning & long term memory, male rats, 12143
upper gastrointestinal preloading & vagotomy &/vs spinal cordotomy, milk intake & nipple attachment, 1 vs 10 vs 20 day old suckling rats, 535
Food Intake [See Also Diets, Eating]
activity, caloric intake & sucrose-induced obesity, male vs female rats, 12114
actual food characteristics vs opinions of others vs E's attire, food preferences & intake, obese vs normal weight vs thin college students, 13087
age & ambient temperature, nipple attachment & milk intake, 3–20 day old suckling rats, 334
amphetamine & restricted food access, reduction of food intake & body weight & hypothalamic norepinephrine levels, genetically obese mice, 10021
amphetamine, diet preference & anorexia, female rats, 10048
amphetamine vs apomorphine vs novel 2-aminoindanes & pimozide vs propranolol vs phentolamine vs alpha-methylparatyrosine, food intake & motor activity, male rats, 12241
autonomic modulation of hypothalamic control of feeding, literature review, 7412
beta-endorphin injection into hypothalamic paraventricular nucleus, norepinephrine & blockade by phentolamine & food intake & antagonism by naloxone, male rats, 5249
C-terminal octopeptide of cholecystokinin, food intake & rate of eating, obese males with mean age of 24.7 yrs, 13067
carbaryl sublethal concentrations, surfacing behavior & food intake & growth, air-breathing fish, 2920
celiac vagotomy with vs without hepatic vagotomy vs total vagotomy, ingestive response to 2-deoxydextroglucose vs insulin vs polyethylene glycol vs epinephrine vs hypertonic saline, male rats, 12185
ceruletide, food intake & hunger & activation & RT & psychomotor performance, nonobese Ss, 7571
cholecystokinin octapeptide, food intake & self reported hunger, 21–37 yr olds, 689
cholecystokinin, satiation & role of central & peripheral nervous system mediation of food intake, animals, 5045
cold adaptation & reacclimation, food intake & body weight & dietary-induced thermogenesis, male vs female rats, 2869
color vs shape vs flavor, enhancement of food intake, college & secondary students, 12444
covert change in diet caloric content, food intake, 24–50 yr old normal-weight males, 12130
delay in postingestinal lithium injection, discriminative aversion conditioning to shape of food, vervet and grivet monkeys, 2687
delta-9-tetrahydrocannabinol vs atropine vs LSD vs phencyclidine vs hallucinogen SKF-10,047 vs dextroamphetamine vs sodium pentobarbital, food consumption, food-deprived dogs, 12349
dextroamphetamine with vs without propranolol pretreatment, food intake & eating time & length of eating bouts & eating rate, male rats, 10050
dietary gallic acid vs propyl gallate, food intake & body weight, hypothalamic-obese vs lean rats, 12280
dietary level of alpha glucosidase inhibitor acarbose & carbohydrates vs fats, food intake & body weight, female rats, 12279
distance between feeder & thermoneutral refuge in cold temperature, number & duration of meals & rate of eating & feeding time & food intake & body temperature, female rats, 12156
dorsolateral tegmental lesions, hyperdipsia & amphetamine-induced hypodipsia vs anorexia & CNS permeation by amphetamine, female rats, 5194
dosage of bombesin injected into cerebral ventricles, body temperature & food intake, food deprived rats, 12242
dosage of testosterone propionate, food intake & body weight, castrated male rats, 2965
eating vs fasting, methylphenidate absorption, 24–40 yr olds, implications for hyperkinesis medication schedules, 4076
electrolytic midbrain raphe lesions vs 5,7-dihydroxytryptamine injections along ascending serotonergic pathways, locomotor & feeding behavior, female rats, 12220
elevated insulin levels, food intake, normal vs dietary-obese rats, 7575
estradiol benzoate, food & ethanol intake, ovariectomized rats, 2974
exercise, food intake & eating patterns, obese vs lean Ss, 13023
fictitious food ratings, food preferences & intake, over- vs underweight vs normal weight Ss, 13088
food intake & huddling & exposure to cold, metabolism & diurnal activity, common bushtits, implications for survival during food scarcity & inclement weather, 2710
food intake abuse, literature review, 5863
food reinforcement schedule & consequent body weight, wood chewing, rats, 9759
gamma-hydroxybutyric-induced behavioral depression & subsequent dispersion of accumulated dopamine, food intake, male rats, 678
gamma-vinyl GABA with vs without amphetamine, food intake, male rats, 2949
high-fat vs sucrose vs chow diet, food intake & body weight & carcass composition & oxygen consumption, male hamsters, 12195
hypoxia, food intake, female rats, 12148
icv alloxan, food intake & blood glucose, rats, 12322
icv bombesin, food intake & grooming, male rats, 639
icv thyrotropin releasing hormone into various brain regions, starvation-induced feeding & drinking, male rats, 10042
icv vs ip cholecystokinin octapeptide & subdiaphragmatic bilateral vagotomy & spinal cordotomy, satiety for food intake, rats, 12166
imipramine, reduction of sucrose & saccharin consumption following chronic stress, male rats, examination of animal stress model of depression, 630
increased wheel running due to food deprivation vs food-contingent activity, food intake & body weight, obese vs lean female Zucker rats, 529
interaction of presence of food in small intestine & exogenous cholecystokinin & bombesin & oropharyngeal stimulation by food, gastric vs intestinal satiety vs food intake, animals, literature review, 5054
intragastric tryptophan vs tyrosine, food consumption, slow- vs fast-growing chicken strains, 12298
lateral hypothalamic bombesin, food intake, male rats, 12338
length of food deprivation, latency of meal initiation & food intake, female rats, 12184
lesions of amygdalar terminal fields of mesolimbic dopaminergic & locus cerular noradrenergic systems, food & water intake & body weight, rats, 12226
lesions of suprachiasmatic nuclei, light-dark variations in water & food intake & number & duration of meals & urine output, male rats, 2914

level of food deprivation, cholecystokinin-octapeptide effects on eating elicited by external vs internal cues, male rats, 7568
lick counter-volumeter, measurement of number of licks & liquid food intake, male rats, 2380
low cost gas dilution high altitude simulator to study effect of acute hypoxic exposure & prior food deprivation on food consumption, rats, 7000
low vs high conflict induced by food & water deprivation & gonadectomy, plasma corticosterone & food intake following taste aversion conditioning, male vs female rats, 12196
midbrain 6-hydroxydopamine injection, overeating & obesity & role of norepinephrine & epinephrine depletion & prevention by dextroamphetamine & desmethylimipramine & benztropine, rats, 7552
milk intake, breast-fed 5–9 day olds, 10115
morphine, protein & fat & carbohydrate selection & intake, male rats, 650
naloxone & novel vs familiar environment, insulin-induced food intake & hypoglycemia, male rats, 681
naloxone, suppression of food intake, genetically obese vs streptozotocin-induced diabetic mice, 647
naloxone vs naltrexone, milk consumption & FR responding maintained by milk, male rats, 683
naltrexone, eating & drinking induced by hypothalamic norepinephrine vs carbachol, male rats, 12255
naltrexone, food & water intake & water & electrolyte excretions & osmolar clearance, male rats, 645
number of conspecifics & mixed species & time spent crouching during feeding, net rate of energy intake, lapwings & golden plovers & gulls, 360
number of flavors available, amount of ice cream consumed, male vs female college students, extension of study by B. J. Rolls, 9677
observational learning of food aversions, red-winged blackbirds, implications for Batesian model-mimic systems & ingestion of dangerous food, 2695
olfactory bulbectomy & phase of circannual body weight rhythm, hyperphagia, wild male European hamsters, 12229
oral vs sc glycerol, total & night & day food intake, diabetic male rats, 12251
pancreatic glucagon, suppression of sham feeding, male rats, 613
previous food deprivation & quinine adulterated water, food intake & body weight, male rats, 9949
prior exploratory experience &/vs partial vs complete feeding, ease of learning stay vs shift problem, rats, 9732
purines, suppression of spontaneous muscimol- vs insulin- vs deprivation- vs diazepam-induced eating, male rats, 648
restricted daily feeding, dietary protein & carbohydrate self selection, weanling vs adult rats, 7495
section of trigeminal orosensory vs oromotor nerves, food intake vs electrical self stimulation of lateral hypothalamus, male rats, 2871
self administered morphine, dietary selection of proteins & fats & carbohydrates, male rats, 12308
single vs multistage hypothalamic injections of 6-hydroxydopamine, consummatory & motor behavior & forebrain catecholamine depletion, male rats, 7578
somatostatin, feeding induced by stress vs insulin vs icv norepinephrine vs musicimol vs dynorphin, vagotomized vs sham-operated male rats, 533
starch content of ordinary foods, associative conditioning of appetite & satiation as measured by food intake & pleasantness of starch-paired flavors, 21–30 yr olds, 7454
testosterone propionate, food intake & body weight, castrated weanling male rats, 663
train duration of brain stimulation reward, food intake, male rats, 9955
upper gastrointestinal preloading & vagotomy &/vs spinal cordotomy, milk intake & nipple attachment, 1 vs 10 vs 20 day old suckling rats, 535
zona incerta lesions & dietary additions of quinine hydrochloride vs sucrose vs water, food & water intake, male rats, 2898

Food Preferences

actual food characteristics vs opinions of others vs E's attire, food preferences & intake, obese vs normal weight vs thin college students, 13087
amphetamine, diet preference & anorexia, female rats, 10048
color vs shape vs flavor, enhancement of food intake, college & secondary students, 12444
craving & fantasies of sweets & food preferences, 21–59 yr old incarcerated male drug addicts, 12974
dietary choices, recovering alcoholics with mean age of 41 yrs, 5865
emotional states & food preferences, college students, 11932
exposure to different televised food messages, snack choices, 5–8 yr olds, 738
exposure to horse dung containing seeds, attraction to dung, spiny pocket mice, 382
fictitious food ratings, food preferences & intake, over- vs underweight vs normal weight Ss, 13088
food deprivation during polydipsia conditioning vs in home cage vs ad libitum feeding, preference for ethanol vs water, rats, 9935
food preferences, salt deprived rats, 2882
instrumental consumption of food under FR schedule, role of response deprivation & overjustification in food preference shifts, 3.6–4.5 yr olds, 7603
lithium toxicosis, preference for thiamine-enriched diet, thiamine deficient vs nondeficient female rats, implications for aversion conditioning, 7483
moving & resting & feeding & foraging behavior & food preferences, red howler monkeys, Columbia, 7339
restricted daily feeding, dietary protein & carbohydrate self selection, weanling vs adult rats, 7495

Football

biorhythmic critical days & injuries, football players, 12133
dramaturgical analysis of emotional performances during football games, fans & coaches & players, 2668
fixed resource method, creation of profile of ideal football player, college football players vs nonplayers, 1030
personality & emotional state & locus of control & mental attitude, college football players vs nonathletes, 12739
personality profiles, college non-athletes vs baseball vs football vs track team members, 7915
social roots, football crowd violence, UK, 12650
visual cues & cognitive processes, acquisition of locomotor tracking action, adult football players, 7183

Forced Choice (Testing Method)

practice with vs without feedback vs forced choice testing, recognition performance, college students, 9664
validity of forced-choice form of Mach V & California F Scale, assessment of Machiavellianism & authoritarianism, criticism of article by B. W. Bloom, 4778

Foreign Language Education

evaluation of teacher effectiveness methods for foreign language instruction, 11408
evaluation of 2nd language learner competence, native speakers, educational implications, literature review, 11222
instructional time & background in French & selection criteria for immersion program, language skills & attitudes toward French language & culture, 6th graders, Canada, 1970
mastery learning, achievement in French, secondary school students, Nigeria, 13601
random access of corresponding speech in computerized English proficiency course, text comprehension, high school students, Netherlands, 1935

Foreign Language Learning

cognitive processes in speech production, implications for foreign language learning, 714
concurrent validity of self vs interviewer ratings using Australian Second Language Proficiency Ratings Scale, assessment of English-as-2nd-language, migrants, Australia, 7111
contingent access to language laboratory, academic achievement in English language, Spanish speaking 16 yr old, 6673
definition & operationalization of foreign language communicative proficiency, foreign language teaching & mastery evaluation, secondary school students, 6810
evaluation of 2nd language learner competence, native speakers, educational implications, literature review, 11222
instructional time & background in French & selection criteria for immersion program, language skills & attitudes toward French language & culture, 6th graders, Canada, 1970
mastery learning, achievement in French, secondary school students, Nigeria, 13601
metaphor & foreign language learning theory, 10065
passive vs active transition processing, simple vs complex verbal learning, English/Swedish bilingual 18–28 yr olds, 4920
preference for oral vs written communication & factors affecting ease of oral communication & strategies, native vs nonnative English speaking graduate students, implications for 2nd language acquisition, 7595
production & perception of contrast between English /r/ & /l/, 19–31 yr old native Japanese Ss, 3008

random access of corresponding speech in computerized English proficiency course, text comprehension, high school students, Netherlands, 1935
student-teacher field dependence, foreign language achievement, college students, 11263
teaching style, math & foreign language learning, 13–15 yr old students, Netherlands, description of research project, 1980
total immersion method, 2nd language learning, preschool & elementary school students, Canada, critique of O. Weininger's article, 8864
total immersion method, 2nd language learning, preschool & elementary school students, Canada, reply to criticism of J. Cummins & G. A. Morgan, 8886
total immersion method, 2nd language learning, preschool & elementary school students, Canada, critique of O. Weininger's article, 8836
total immersion method, 2nd language learning, preschool age & young school age children, Canada, literature review, 8885
transfer vs developmental factors, acquisition of 2nd language phonology, 6 yr olds, 10147

Foreign Language Translation
cluster analysis, Spanish adaptation of Early School Personality Questionnaire responses, children, 4821
concurrent validity of Dutch version of Jenkins Activity Survey, assessment of Type A coronary prone behavior, males in health intervention program, Netherlands, 2416
Hindi PEN Inventory, psychiatric patients with mean age of 34 yrs, 3601
item response theory approach to analysis of English & Spanish versions of Job Descriptive Index, bilingual employees, 7020
language & conceptual difficulties & cultural differences & reality factors, Xhosa translation of Present State Examination, hospitalized psychiatric patients, South Africa, 4741
norms & validity & reliability, Dutch translations of Mach IV & V Scales validated against Edwards Social Desirability Scale & Rotter's Locus of Control Scale & Rokeach Value Survey & authoritarian scale, college students, 9451
reliability & validity of Dutch version of Mach IV scale, assessment of Machiavellianism, adolescents & college students, 9453
reliability & validity of Portuguese translation of Achievement & Affiliation & Infrequency scales of Personality Research Form, bilingual professors & college students, Brazil, 4739
reliability, Spanish version of Myers-Briggs Type Indicator Form G, Puerto Rican college students, 7080
validity & reliability of audiovisual version & translated version, Psychiatric Status Schedule, Chinese vs Japanese vs Korean patients, 205
validity of Jamaican version of Mednick Remote Associates Test, assessment of creativity, 16–17 yr olds, 7059
validity of Psychiatric Status Schedule for structured interview, psychiatric diagnosis, 22–55 yr old Japanese & Japanese American patients, 4808

Foreign Languages
expectation of foreign listener's linguistic competence & foreigner's verbal feedback of comprehension, speech characteristics, native English speaking college students, 10073
frequency of occurrence of letters of alphabet in word beginnings in English vs German vs French vs Spanish, 716
knowledge of global issues & attitudes & language competence, college students, implications for teacher education, 8920
occupational status, switch from Spanyol to Hebrew language, Sephardic Jewish males aged 32–45 vs 60–78 yrs, Israel, 12539
proficiency in English as measured by Test of English as Foreign Language, performance on Scholastic Aptitude Test & implications for test interpretations, high school students, Puerto Rico, 2081
similarity in babbling, Spanish vs English learning 11–14 yr olds, 5377
social factors, language registers & levels of style in Pidgin, Papua New Guinea, 3013
social use of written & spoken Welsh, 3009

Foreign Policy Making
changes over time, mass vs elite foreign policy opinion, 10353
decline in cognitive complexity, prediction of international crises, foreign policy makers, 3340

Foreign Students
alcohol abuse, Nigerian college students, US, 12634
cloze testing, detection of plagiarism in English composition, Black vs White vs foreign born college students, 4491
demographic factors & attitudes toward board certification & performance & personal experience with examination process, US & foreign medical graduates, 13553
readaptation process, foreign medical graduates in US who returned home to Peru, 13503
social & cultural characteristics & strategies for alleviation of cultural shock, Arab college students, US, 2013
social alienation, foreign college stuents, US, 13660
training in doctoral-level applied psychology, international students from developing countries, 8742
validity & reliability, UCLA Loneliness Scale, Iranian college students, Iran vs US, 2443

Foreign Study
incorporation of cross cultural experiential learning into training, teachers, 8823

Foremen (Industrial) [See Industrial Foremen]

Forensic Psychiatry
development of subject index, research in forensic psychiatry, 12595
forensic assessment & recommendations, court dispositions, adults, Canada, 12598
forensic psychiatry & insanity defense, 8299
forensic psychiatry as professional subspecialty, 1456
foundations of scientific research in forensic psychiatry & assumptions of parent fields of law & psychiatry, 7841
psychiatric history & prior violence & type of charge, psychiatric assessments, forensic psychiatrists, 12596
role as expert witness & therapist, psychiatrists, France, 4271
role in diagnosis & treatment of offenders, forensic psychiatrists in psychoanalysis, 6475
thoroughness & quality of forensic reports, psychiatrists vs psychologists vs social workers, 13534

Forgetting
conjunctive vs disjunctive concept identification task, hypothesis recognition failure, college students, test of frequency & dual-process & specific-instance theories, 7261
forgetting as fading process in memory & recall, 9652
imipramine vs chlorpromazine & ECT, cognitive impairment & forgetfulness, 18–65 yr old schizophrenics & depressives, 6057
learning ability, retention, primary & secondary school & college students, Nigeria & US, replication & extension of findings of T. J. Shuell & G. Keppel, 3110
length of retention interval & distracting vocalization & rate of light presentation, proactive inhibition & memory loss, mentally retarded Ss approximately 17 yrs old, 1339
paired associate learning, recall vs "tip-of-the-tongue" vs "don't know" reports in probed recall, college students, criticism of J. T. Hart's hypothesis on retrieval effort motivation, 11919
reading program at beginning vs end of summer, reading achievement regression, learning disabled 3rd–8th graders, 2024
similarity of repetitions & type of intervening material & cue effectiveness, processing of repetitions in verbal learning task & role of forgetting, college students, 4919
task explanation, strategy transfer in directed forgetting task, 13–15 yr old educable mentally retarded, 3723

Form and Shape Perception
angular orientation of polygon & associated semantic interpretation of shape & experimental instructions, saccades & fixations & P300 visual evoked potentials & figure reversal, humans, 2541
aperture viewing, persistence effects on visual tracking & Mueller Lyer tasks, humans, 2574
apparent expansion by amodal completion of figures, 4864
color & shape matching-to-sample tasks, reinforcer-induced learned equivalence between stimuli that independently predict reinforcer, male pigeons, 4972
delay in postingestinal lithium injection, discriminative aversion conditioning to shape of food, vervet and grivet monkeys, 2687
dichoptic presentation of intersecting subjective contours, binocular rivalry & contralateral suppression, 9532
effective figural complexity, speed of mental rotation, college students, 11893
effects of amodal integration vs perceived phenomena, 4863
field dependency & intelligence & geometrical figure recognition capacity, urban vs rural male college students, 12706
figures with attendant illusory contours, perceived brightness gradients & depth effects, college students, 263
filtered-components approach, illusory visual contours, college students, 11814
fixation points during voluntary eye movements viewing polygons with open vs closed angles, 21–24 yr olds, 2550
geometric transformations & duration & onset asynchronies of stimuli, types of stroboscopic motion, college students, 9552
interstimulus interval & duration of circles vs triangles, aftereffects, 18–29 yr olds, 9534

intrafigural polarization of inducing parts of anomalous figures, 4874
length of vertical parallel components of acute- vs obtuse-angled amputations, alignment & length judgments, college students, implications for Poggendorff illusion, 11832
manipulation of objects, use of visual & haptic information for differentiation of structural vs nonstructural invariants, 1 yr olds, 820
motion of tree with invisible trunk & branches with lighted limb ends, perception of tree structure, adult viewers, 274
number of matching cues of planometric figures, similarity judgments, mild & moderately retarded 6–18 yr olds, support for A. Tversky's model of perceived similarity, 10675
outline projection of rectangular solid object with missing corner contour rotating in depth, subjective contour perception, college students, 2567
perceived depth of pattern & structural relevance of briefly flashed target line, identification accuracy, naive Ss, implications for object superiority effect, 11802
presentation to left vs right hemisphere, detection of rapidly appearing spatial & verbal stimuli, adult schizophrenics, 1207
proximity of parallel lines for mechanical units vs open passages, perception of objects, 11806
reference cues, pattern copying, male vs female 7 vs 10 yr olds, 10201
retention interval & color-form vs form-form compound comparison, matching-to-sample & role of shared attention & generalization decrement, cebus monkeys, 4970
rule of recognition & feature selection for ambiguously shaped Chinese characters, 2613
shape of warning labels & signs, attention, college students, 13817
size & number of elements of hierarchically constructed patterns, perceived organization of pattern, college students, 2534
spatial configuration & duration & angular orientation of line segments, oblique effect & visual persistence, college students, 7199
speed-accuracy tradeoff for transmission of global vs local features of visual stimulus, college students, 11777
stages in formation of illusory contours, criticism of R. H. Day & M. K. Jory's study, 11819
stereoscopic displays, form & depth & motion perception, 262
stimulus perspective & rotational complexities, perception of geometric properties of moving 3 dimensional objects, college students, 9533
strength of field structure pattern, ease of visual discrimination of changes in position & orientation, 11783
sufficient computational conditions, inferring 3-dimensional object description from its 2-dimensional projected motion image by biological or artificial systems, 2564
tactual & visual cross modal matching & transfer performance of spatial configurations, 10–60 yr olds with cerebral lesions, 5999
theory, perception of subjective contours using ambiguous stimuli, 11787
thresholds for haptic perception of curvature, high school & college & postgraduate students, 9511
unconnected lines vs object vs disorganized context, object superiority & line effects in speeded visual scanning, 7214
unilateral cortical spreading depression, conditioned differentiation of geometric figures in simultaneous complexes vs chain stimuli presented synchronously vs asynchronously, rats, 5149
viewing distance & exposure time, random figure discrimination latency, college students, 9549
viewing of rotating vs stationary triangle, strength of subjective perception of contours, college students, 11779

Form Classes (Language) [See Also Adjectives, Nouns, Pronouns, Verbs]
acquisition of meaning of connective words in complex sentences, children, Netherlands & Italy, 3105
age & type & congruity of relations of testing materials, comprehension of relationships between objects & verbal expression of relationships, primary grade children, 3143
evolution of formal categories from early semantic-based grammatical categories, children, 3132
sequence & principles of article use, acquisition of "a" & "the" & "null" & overuse of "the", 2–3 yr olds vs college students, 3178
statistical norms for Toronto Word Pool for imagery & concreteness & orthographic variables & grammatical function, college students, 9494

Form Perception [See Form and Shape Perception]

Fornix
fornix-fimbria & medial & lateral septal lesions, acquisition & retention of maze-learning task, male rats, 7527
learning through repetition or simple S–R relationships, 28–67 yr old amnesics, implications for functional separation of semantic & cognitive mediational memory systems & neuropathological evidence, 6046

Forward Masking [See Masking]

Foster Care
adoption & foster care rates, hyperactive & dyslexic & other pediatric patients, 1698
contrasting views on state & agency intervention in child care when natural parenting is unsatisfactory, 3306
cross cultural problems between refugees & their foster families, 17 yr old Chinese-Vietnamese male, 1721
family background & caseworker involvement, foster family placement stability, 9 yr olds, 4178
Kent Family Placement Project, emotionally disturbed & delinquent 14–17 yr olds, 4168
licensed foster homes & community residential facilities for mentally retarded, US, 10991
participation in child welfare decisions, 9–18 yr olds in group or foster homes or institutions, 6380
psychological services in substitute family care, Czechoslovakia, 1707

Foster Children
family background & caseworker involvement, foster family placement stability, 9 yr olds, 4178
group orientation program, parents of children in foster family care, 3980
problems in identity development, foster children & foster parents, 944

Foster Homes [See Foster Care]

Foster Parents
behaviorally oriented parent training programs, improvement of child's behavior, foster parents of behaviorally disordered 2–17 yr olds, 1-yr followup, 6253
counseling techniques in foster parent training, 1699
dynamics underlying conflict between natural & foster mother & psychosomatic responses to conflict, 9 yr old females, 8233
personality types, foster parents, 5513
problems in identity development, foster children & foster parents, 944
training by mental health professionals vs other foster parents, parenting skills, foster parents, 8558

Fovea
brief test slit & distances from edge of luminance-step pattern, foveal thresholds on light vs dark sides of luminance edge, adult Os, 11809
computer-based psychophysical system, determination of peripheral sensitivity based on central retina processing capacity, 9316
distance of tachistoscopically presented stimuli to area dorsalis in red field vs fovea centralis, visual acuity as measured by behavioral fixation, pigeons, 2674
illuminance & temporal frequency & chromatic adaptation, identification of red–green cone difference signal in corneal vs foveal EMG, male macaques, 2353
line length & visual field, visual orientation discrimination, humans, 2577
size of stimulus & foveal & peripheral retinal locations, increment-threshold spectral sensitivity functions, 11801

Fowl [See Birds]

France
acculturation & cultural defense mechanisms, Brittany, France, 10289
affective-cognitive components of identity, 12–16 yr olds, Spain vs France, 5451
autonomy of decision making in foreign affiliates of US multinational corporations, France & Mexico, 9145
available care alternatives, deteriorating aged, France, 8630
causes & forms & risks of defensive psychiatry, US vs France, 6058
changing smoking patterns, France, 3375
characteristics of badly battered children admitted to hospital pediatric intensive care department, France, 1968–80, 13401
characteristics of child abusers & their victims, France, 3653
conceptual tempo, cognitive development, 5.5–10 yr olds, France vs US, 5339
criticism of proposal to abolish psychiatric hospitals, France, 8622
curriculum revision & psychiatric training as model for France, teaching biological & child & community psychiatry, United States, 4289
evidence of vs theorized rising crime in 19th century, Great Britain & France, 8108
formation & management of psychiatric associations & institutions, France, 1860

frequency & duration & distribution of pauses in causal vs political interviews vs political speeches, politicians, France, 5289
frequency of handicaps & exclusion from school, under 20 yr olds, France, 2079
historical background & current views on diagnosis & classification, transitory & chronic delusional states & mental disorders, French-speaking countries, 8049
history & current laws on prison care, mental patients, France, 1818
knowledge of laws concerning minimum number of visits, prenatal care visits, females, France, 13311
laws concerning visiting rights of parents & grandparents with children, France vs Switzerland, 975
laws regarding civil rights, mental patients, France vs Italy vs US, 979
left/right perceptions vs partisan preferences, voting behavior, voters, France, 7839
legal problems, adolescents with mental disturbances, France, 957
legal rights & treatment, mentally ill children, France, 960
legal rights, children with mental handicaps, France, 980
legislation on handicapped, France, 953
limits & alternatives to hospitalization, psychotic adolescents, France, 8647
marihuana use & patterns of use, psychotropic & side effects & interaction with pre-existing psychopathology, Morocco & France, 3362
necessity for enforcement of law to regulate commitment to psychiatric hospitals, France, 8613
observations of Chinese psychologist C. C. Ching after tour of Britain & France, 2306
placement in Villages d'Enfants de France, academic & occupational achievement, 6 yr olds followed up in adulthood, 8590
police intervention in child abuse/neglect & need for coordination of all intervention activities, France, 13356
power distribution, multidisciplinary clinical teams, France & Canada, 11113
role as expert witness & therapist, psychiatrists, France, 4271
role of family & responsibilities to family & independence, leisure, France, 7798
sex differences, smoking habits & respiratory symptoms, secondary students, France, 13061
social & aesthetic & personal factors, 19th century use of absinthe, France, literature review, 12643
sociopsychological correlates of alcohol use, adolescents, France vs US vs Israel, 12452
tasks & goals & competencies of psychiatrists who act as liaisons between psychiatric & general hospital wards, France, 8608
Frankness [See Honesty]
Fraternity Membership
Defining Issues Test, measurement of moral development, sorority & fraternity members, 4479
multifaceted approach, enhancement of race relations, Black & White fraternities, 4424
Free Recall
age & presentation of pictures in category groups vs randomly, constrained vs free recall, 5 vs 8 yr olds vs adults, 10172
age & semantic domain to be recalled, stability & shape of recall curve, 6th graders vs college students vs 57–77 yr olds, 7652
auditory vs vocalized-visual presentations & delay interval, persistence of modality effect in delayed recall, college students, implications for echoic memory, 7160
category size & word relatedness, free recall, college students, 11912
diazepam, free recall & paired associate & serial learning, 18–30 yr olds, 2947
efficient cognitive schemata in processing & recall, personality information about self & familiar others, 19–24 yr olds, 7907
free recall & recognition of words varying in affective values, college students, implications for hedonist & state dependence recall theories, 4915
free recall of S-generated word in phonemic vs semantic encoding context, 19–40 yr olds, 9637
free recall of words, test of Markov model for order of recall & extension of model by T. M. Cowan, 4942
frequency of words on previously learned & recalled lists, free recall of high vs low frequency words on mixed frequency lists, college students, implications for adaptation-level theory, 11917
imaginal & verbal elaboration strategy training, free recall & serial recall & paired associate learning & reading comprehension, 9th graders, 6693
intentional vs incidental learning of words, free recall, 2653
intonational pattern of synthetic speech, free recall, college students, 9574
maintenance rehearsal in item search task, free recall & recognition, 4931
primary vs secondary rehearsal of scrambled sentences, free recall, implications for levels of processing framework, 303
semantic & perceptual orienting tasks, free & cued recall, 3 & 5 yr olds, 10180
simultaneous learning of paired associate list & free recall lists, retroactive interference, 11924
spatial grouping of high- vs low-imagery nouns, free recall, college students, 7253
test vs study trials for word lists with vs without distractors, recognition vs free recall on final test trial, college students, 9671
text structure & reading ability, free recall, 4th graders, 7648
transforming auditory vs visual stimuli by imagination vs drawing pictures vs printing as words, free recall of nouns, college students, 4930
verbal & pictorial multitrial free recall learning task, sequential consistency & subjective clustering, 6–10 yr olds, 12448
witness of crime & directed-thinking interval vs diversionary task to block rehearsal, short-term hypermnesia, college students, 9634
Freedom
human freedom & psychological & psychiatric determinism, 6917
love & freedom in Gestalt therapy, 1497
quantitative & qualitative situational aspects, feelings of freedom, college students, 7283
Frequency (Pitch) [See Pitch (Frequency)]
Frequency (Response) [See Response Frequency]
Frequency (Stimulus) [See Stimulus Frequency]
Frequency Distribution [See Also Normal Distribution]
distortion from use of rank-order measures for representation of continuous variables, 7148
extension of closed sequential procedure of T. Cacoullos & M. Sobel, categorical data analysis & identification of equiprobable cells, 4842
formulae & graphs, computation of variances of 3 prototypical distributions, 2504
L-shaped distributions, 9462
nonnormal moments of parent distribution, variance-covariance correlation coefficient structure & resultant nonrobustness of normal statistical procedures, 4837
normal distribution violations & heterogeneous variances & unequal group size, Type I error rates & power of ANOVA vs Welch vs Brown & Forsyth tests for mean equality, 4817
repertory grid rating, distribution of variable measuring disposition to use in person perception, humans, 4825
sample population distribution shape & peakedness & tail density, small sample empirical powers of various statistical tests designed to detect ordered location alternatives, 207
standard error of equipercentile test score transformations, 4826
Freud (Sigmund)
bibliographical references in Freud's anthropological works, literature review, 4623
character revelation, equating of own background to J. W. von Goethe's, Freud, 4636
consideration of Freud's writings, revitalization of community psychiatry, 6083
dynamics of Freud's concept of feeling of "uncanniness", 10464
effect of Freud's own childhood on his formulations about life of J. Goethe, 10442
Freud's concept of feeling "uncanny", 10449
Freud's involvement with patient "Dora" & historical origin of countertransference in psychoanalysis, 13148
historical evidence about F. Polgar's claim of having been Freud's hypnosis assistant, 2325
implicit image of humanity in Freud's early work, 11551
importance of phallic-oedipal stage in hysterical personality, review of Freud's psychoanalysis of Dora, 13169
Jung's 3 great childhood secrets & his adulation of Freud & association of Freud with God, 25
overdetermination of Freud's choice of pseudonym Dora for case report, 18
relationship of Freud & Jung & development of concepts of oedipal complex & countertransference in psychoanalytic theory, 11537
role of Freud's "Project for a Scientific Psychology" in psychoanalytical theory, 2336
use of metaphorical & isomorphic analogies, writings of Freud, 2333
Freudian Psychoanalytic School
evolution of Freudian psychoanalytic theory, 7917
Freudian vs other psychoanalytic analyses of art & creative genius, literature review, 11550
love as art in E. Fromm's philosophy, 6925

psychoanalytic concept of self & Indo-Asiatic philosophy of self, 10854
significance of dissent in psychoanalytic technique, 3928
structural frame of reference in psychoanalytic psychology, 11559
Friendship
age & peer acceptance & status, interpersonal understanding & perceived social self competence, 3rd–8th grade unilateral vs mutual friendship vs nonfriendship pairs, 5432
Black vs White tester, sociometric friendship ratings, English vs West Indian vs Asian comprehensive school students, 11417
construct & predictive validity, friendship & love relationship scales, college students, 9388
developmental stage, friendship formation & impairment & relationship to group therapy, 1–3 vs 3–6 vs 6–12 vs 12–16 yr olds, 3207
dyadic vs triadic playmate choice patterns, 28–36 mo olds, 3187
emotional reactions & attributions of responsibility to success vs failure of friend vs stranger, male college students in actor-O relationship, 5595
frequency of contact & attraction to friend & duration of friendship & cognitive level, knowledge of friend's personality & preferences & external characteristics, 4th vs 8th graders, 3194
friendship, group performance on cooperative task, male college students in groups with friends vs strangers, 3398
friendship, rewards & costs & alternatives & investments & satisfaction & commitment, college students, 3399
friendship vs mother- vs father-child relations, attempts at behavior control & intimacy & nurturance, male vs female 4th vs 7th vs 10th graders vs college students, 3215
intimacy & exclusivity & effects of early adolescent friendship & developmental & sex differences, literature review, 5405
level of involvement in relationship, structure of friendship networks, college student couples, 10410
life events & social difficulties & poor physical health & lack of confidant, onset of depression, elderly, 5762
personality characteristics & number of hobbies & family history of atopic disorders & number of friends, onset & course & severity of asthma, 16–52 yr olds, 10761
popularity & friendship, altruism & affective perspective taking as behavioral correlates of preadolescent chumship, 5th–6th graders, verification of H. S. Sullivan's theory, 5441
race & classroom racial composition, friendship choices, White vs Black 4th–7th graders in desegregated classrooms, 8907
roles assumed in interactions during game playing, male vs female 8–10 yr olds & their best friends & 4.5–7 yr old younger siblings, 3184
self perceived & actual intimate disclosure to same vs opposite sex friends vs strangers, loneliness, college students, 7889
sex & age & physical attractiveness, perceived importance of attractiveness to friendship formation & dating frequency & marriage partner selection & marital adjustment & occupational success, 18–90 yr olds, 12683
social ties & community involvement & family relations, life satisfaction, Ss age 50 yrs & over, 1060
Frogs
acclimation temperature & subsequent changes in temperature of environment & body temperature, immobility reaction, Rana temporaria, 2833
acoustically evoked call suppression behavior, male treefrogs, 7389
ACTH sub 4-10, compensation process following unilateral labyrinthectomy, frogs, 12274
bat predation, detection of bat & subsequent cessation of chorusing, frogs, 415
dark adaptation & stimulus intensity, response to illumination in deep mesencephalon, blinded frogs, 2897
human chorionic gonadotropin vs luteinizing hormone releasing hormone vs estradiol &/vs progesterone, sexual receptivity, intact vs ovariectomized female frogs, 532
localization of elevated sound source, gravid female tree frogs, 4966
olfactory nerve section, degeneration & regeneration of olfactory bulb neurons, frogs, 2896
optokinetic stimulation vs electrical shock vs light pulse stimulation of visual system, efferent & afferent vestibular neuron firing, green frogs, 446
paraorbital shock & body temperature, nictitating membrane reflex latency & amplitude, bullfrogs, 5199
retinal ganglion cell afferent distribution in layer 9A of superficial tectal neuropil, frogs, 9853
streptomycin, school geometry disruption & role of lateral line hair cell damage, tadpoles of African clawed frog, 10023
Frontal Lobe [See Also Gyrus Cinguli, Motor Cortex]
activity of dorsolateral prefrontal cortical neurons during spatial delayed response task, rhesus monkeys, 12069
acute vs chronic ECS exposure, central cholinergic receptor sensitivity as measured by oxotremorine-induced tremor & quinuclidinyl benzylate binding in frontal cortex, rats, 560
anteromedial frontal cortex lesions & postoperative visual deprivation, shock avoidance visual discrimination choice latency, male rats, implications for attentional/orienting functions, 9929
attention task, detection of new stimuli, patients with unilateral hemispheric damage to right vs left frontal vs temporal vs parietal vs occipital lobes, 3844
auditory & visual RT tasks, activity of phasic- & tonic- & mixed-type neurons in dorsolateral prefrontal cortex, macaque monkeys, 9851
cognitive deficits related to frontal lobe dysfunction, male psychopaths with mean age of 26.5 yrs, 1261
color discrimination go/no-go task, prefrontal cortex neuronal activity, macaques, 5075
conditional motor task learning & subsequent bilateral lesions of premotor cortex vs frontal eye fields vs superior parietal lobule, task performance & relearning, cynomolgus monkeys, 570
cortical afferents to prefrontal cortex, bush babies vs rhesus monkeys vs nonprimates, 5100
delayed spatial choice & temporal interval discrimination & role of prefrontal cortex, rhesus monkeys, 5087
delayed spatial choice, EEG in hippocampus & prefrontal cortex, monkeys, 12077
development & plasticity of callosal & corticostriatal projections of frontal association cortex, primates, 12056
dextroamphetamine therapy, apathetic depression & urinary incontinence, 61 yr old female with bilateral frontal lobe meningiomas, 1633
diazepam vs phenobarbital vs phenytoin & prefrontal cortex electrical stimulation, self stimulation response, male rats, 12176
differential locomotor avoidance conditioning, multiple unit activity of prefrontal cortex & mediodorsal thalamic nucleus, rabbits, 12054
discrete forelimb & hindlimb movements, distribution of neuronal activity in supplementary motor area & comparison with precentral motor area, macaques, 7444
dorsolateral prefrontal cortical ablation, delayed-response performance & nature of spatial memory loss, rhesus monkeys, 12225
electrophysiological studies of forebrain & brain stem pathology & development & possible causal links, language & cognitive deficits, autistic children, 1222
embarrassment as aura of complex partial seizures, 40 yr old male with Grade II astrocytoma of frontal lobe, 13021
extrafoveal simple visual fixation & attention tasks, dorsolateral prefrontal cortex neuronal activity, monkeys, 474
frontal lesions, rate of barpressing, male rats, 9988
functional development of prefrontal association cortex, rhesus monkeys, review of behavioral & electrophysiological studies, 12043
imipramine binding in frontal cortex, 13–58 yr old suicides, 488
lesions of dorsal hippocampus vs medial frontal cortex, spatial learning, C57BL/6 vs DBA/2 male mice, 564
lesions of frontal cortex/vs reticular nuclei, latency & reacquisition & extinction of classically conditioned nictitating membrane response, male rabbits, 568
memory disorders affecting acquisition vs recall, patients with damage to frontal lobe vs temporal or occipital lobes, 1379
motor & premotor cortical ablation, goal-directed movement formation & coordination & precision, cats, 12222
prefrontal cortex & emotions, literature review, 7425
prefrontal lesions, motor conditional associative-learning, male rhesus monkeys, 7524
Rorschach test results, patients with damage to frontal-parietal vs temporal vs occipital lobes vs brain stem, 10744
transection of efferent pathways to sulcal cortex, intracranial self stimulation of medial prefrontal cortex, male rats, 12015
unilateral anteromedial cortex lesions, approach to contralateral visual cues, male rats, 2894
unilateral frontal vs temporal lobectomy, performance on self ordered verbal vs nonverbal tasks, 15–52 yr olds, 6010
Fruit Fly [See Drosophila]
Frustration
aggression & frustration & anxiety & depression, males with mean age of 15.9 & 15.7 yrs convicted of murder vs property offenses, India, 1268

composite measure of Defense Mechanism Inventory, measurement of reaction to frustration, reanalysis of data of S. Juni et al & M. S. Blacha et al, 150
interpretation & validity of Rosenzweig Picture Frustration Study & relationship to major theories of frustration, 201
level of emotionality & frustrating experience, number & intensity of shocks delivered to confederate, 20–30 yr olds, 5618
logotherapy, treatment of frustration, teachers in public schools, 6133
perceived control & situational information, frustration tolerance during unpredictable noise exposure, college students, 12735
shift from high to low percent sucrose solution, negative contrast & role of increased aggression vs frustration in operant barpressing, male rats, 7313
toy play & play tempo & reaction to frustration, 22–26 mo olds, 7731
unusual responses to Kent-Rosanoff Word Association Test & Torrance Tests of Creative Thinking & correlation with psychoticism & frustrative tension & neuroticism, male college students, 1084
verbal responses to frustrating situations, 18–19 yr olds, 12461
Fulfillment [See Satisfaction]
Fundamentalism
evangelical Christianity & homosexuality, 7764
locus of control, fundamentalist vs liberal theological position, clergyman in Church of England, 5487
self concept, evangelical/fundamentalist ministers, 7773
values clarification approach to moral education vs tenets of evangelical Christianity, 7772
Galvanic Skin Response
effectiveness of GSR-2 unsupervised biofeedback in home environment, physiological & psychological stress, college students, 6257
electrodermal response, tension headache sufferers vs anxiety neurotics with mean ages of 27.5 & 26 yrs, 5670
electrodermal responses, Ss with heart problems, 8244
high vs low orienting reflex, electrodermal configurational conditioning, 15–35 yr olds, 5139
instructions & verbal differential semantic conditioning, inhibition of GSR measure of orienting reflex, college students, 9913
intense & intermittent & unpredictable noise, arithmetic task performance & GSR & heart rate & neuroticism & introversion-extraversion, 18–49 yr olds, 5129
interstimulus interval & stimulus novelty & significance, responsivity of GSR as index of orienting reflex, college students, 9912
loudness of frequency modulated tone & horn sounds, GSR & respiration & heart rate, 1–7 day olds, 7470
personality traits & procedural instructions & countermeasure strategies, electrodermal responses to deception, normal vs personality disordered Ss, 12834
reliability of various parameters of electrodermal activity, literature review, 9282
self ratings of emotions vs electrodermal activity, 2865
self regulation of palmar GSR through visualization & yoga exercise after termination of drug therapy, blood pressure, Ss with essential hypertension, 6255
task instructions, habituation of GSR index of orienting reflex, college students, 9911
thiothixene & thioridazine therapy response, electrodermal activity & skin conductance, 55–67 yr old chronic schizophrenics, 8479
Game Theory
PASCAL program, solving 2-person zero-sum game strategies, 9311
Games [See Also Chess, Childrens Recreational Games, Entrapment Games, Simulation Games]
business games, development of managerial skills, managers & general office staff, 4576
computerized games & toys, creativity & social interaction, children, 5335
development & implementation of computer-based instructional games, reading education, 11220
Growing Up Through Selectivity game, teaching of assertiveness skills, 15–17 yr old male delinquents, 6465
instructions & modeling of relevant & irrelevant behavior, game playing behavior, 6–8 yr olds, 3175
learning & generalization, video game playing, severely retarded 18–19 yr olds, 11093
Mastermind game strategies of focusing & tactical selection, performance, college students, concept learning research implications, 2608
microcomputer video game of bombing & air combat maneuvering & job control validity, US Navy enlisted males, implications for pretesting practice in repeated measurement, 9444
motivational supports of video games, implications for classroom instruction, 6629
PASCAL program, solving 2-person zero-sum game strategies, 9311
physically active vs passive games vs worksheets, sight vocabulary improvement, Black remedial 1st graders, 2027
previous experience with commercial block games, scores on WISC-R Block Design subtest, 10 yr olds, 3097
social dilemma game with 2 vs 3 choices, cooperative vs competitive choices, male college students, 10402
socialization games, prosocial behavior & interpersonal distance, 19–32 yr old moderately & severely mentally retarded aggressive institutionalized females, 11056
verbal meanings of "game" & "play", 12364
video game format application to educational software, 4354
video games as skill acquisition & learning performance tests & practice effects, US Navy enlisted personnel, implications for pilot selection & training, 11453
Gamma Aminobutyric Acid
angiotensin vs carbachol injections to preoptic region with vs without pretreatment of ipsilateral vs contralateral GABA injections into globus pallidus, water intake, male rats, 2964
apomorphine dosage, GABA content & glutamate decarboxylase & GABA-transaminase activity in paleostriatum augmentatum, chicks, 12317
baclofen prescribed for treatment of tardive dyskinesia, development of mania, 29 yr old male, 1660
calcium valproate vs aminooxyacetic acid, agonistic behavior, nonaggressive group housed vs aggressive isolate male mice, 690
cerebrospinal fluid GABA & homovanillic acid levels, 29–56 yr old depressed hospitalized patients, 5744
deficiency in glycine-mediated inhibition & involvement of benzodiazepine & GABA binding sites, spastic symptoms, mutant mice spastic, 5023
differentiation of analgesic effects of morphine & GABA-agonists, OF sub 1 vs CD sub 1 vs NMRI mice, 5236
GABA agonist progabide &/vs diazepam vs sodium valproate vs haloperidol vs diphenylhydantoin & bicuculline, escape response induced by electrical stimulation of periaqueductal grey, male rats, 9992
GABA binding in brain, aggressive vs nonaggressive female hamsters, 9872
GABA vs liposome-entrapped GABA, penicillin-induced epileptic activity, rats, 12304
gamma-vinyl GABA with vs without amphetamine, food intake, male rats, 2949
muscimol & haloperidol withdrawal & picrotoxin, apomorphine-induced climbing & striatal homovanillic & dopamine levels, male mice, 12297
oral gamma-vinyl GABA, neuroleptic-induced tardive dyskinesia, chronic simple & paranoid schizophrenics, 13277
pretreatment with fluphenazine & intranigral administration of GABA-mimetics, circling behavior & interaction with flurazepam, female rats, 602
pretreatment with GABA antagonists, ECS-induced enhanced responses to apomorphine & quipazine, rats, 12285
silil derivatives of alpha-pyrrolidone, emotional behavior & orienting response & locomotor activity & brain GABA & dopamine metabolism, mice, 10046
social isolation & n-dipropylacetate, aggression & brain GABA levels, male mice, 5185
sodium n-dipropylacetate vs gamma-vinyl-GABA vs bicuculline vs picrotoxin vs muscimol vs baclofen, fighting & motor impairment, male rats, 12323
stress, muscimol & diazepam & GABAergic reduction of gastric mucosal erosions & reversal by picrotoxin & thiosemicarbazide, rats, 5219
Ganglia [See Also Autonomic Ganglia, Basal Ganglia, Spinal Ganglia]
ablation of cephalic ganglia, locomotor processes, earthworms, 5210
cochlear hair cell innervation by spiral ganglion cells, adult cats, 2785
dendritic fields of A-type horizontal cells of superior edge of linear visual streak of retina, rabbits, 5074
EMG evidence for flight interneurons in abdominal & thoracic ganglia, locusts, 2803
perfusion with serotonin & pre-incubation with methysergide & cyclic adenosine monophosphate-phosphodiesterase activation, potentiation of fast conducting system response & comparison with electrical & tactual & nociceptive response, leeches, 7482

receptive fields & synaptic connections of interganglionic cerebral-buccal mechanoafferent units & role in feeding behavior, snails, 2805
Ganglion Blocking Drugs [See Also Nicotine]
ganglion blocking pentolinium vs hyoscine vs methyle atropine, bladder voiding & effects of ventral root stimulation, anesthetized vs conscious cats, 5155
Gangs (Juvenile) [See Juvenile Gangs]
Gastrointestinal Disorders [See Also Colon Disorders, Diarrhea, Fecal Incontinence, Gastrointestinal Ulcers, Ulcerative Colitis, Vomiting]
behavioral treatment, gastrointestinal disorders, literature review, 1582
behavioral treatment of gastrointestinal disorders, literature review, 6263
biofeedback & behavioral methods, treatment of irritable bowel syndrome & fecal incontinence & esophageal disorders & vomiting, literature review, 4033
emotional & health adjustment, 23–60 yr old asthmatic & 17–60 yr old gastric ulcer patients, 3846
health education program emphasizing hygiene & nutrition, incidence of infant gastro-enteritis, nursing mothers with mean age of 24.6 yrs, Nigeria, 6363
interactive computer system, history taking & diagnosis for dyspepsia & dynamics of patient-doctor interaction, general practitioner trainees & outpatient clinic registrars, 6539
monosynaptic H-reflex, 30–50 yr old disk hernia surgical patients, 13090
patient personality & behavior during endoscopic examination, diagnosis of psychosomatic gastrointestinal disease, 3825
Gastrointestinal System [See Also Intestines, Liver, Stomach]
progressive relaxation exercises, gastric acidity output during reading vs exercise, 16–28 yr olds, 8434
Gastrointestinal Ulcers
adrenoblocking agents, hypothalamo-neurohypophyseal secretory system activity & stress-induced stomach ulcers, guinea pigs, 636
anterior vs posterior cingulate cortex lesions & immobilization, stomach pathology, male rats, 5207
bereavement, peptic ulcer bleeding, male 11.4 yr old, 3870
dominance & aggression & anxiety & depression, hypertensive vs duodenal ulcer patients, 3817
duration of illness & seeking consultation & changing consultants, neurotics & stomach ulcer patients & patients with somatic illness, 10483
epidemiology of peptic ulcer & bronchial asthma & neurodermatitis & rheumatoid arthritis, schizophrenic 20–70 yr olds, Canada vs US vs Poland, 12873
habituation to running wheel prior to feeding restriction, activity-stress ulcers, male rats, 12186
heart rate & cognitive responses to aversive slides of autopsies & imagined scenes involving psychosomatic disorders, 22–59 yr old peptic ulcer & rheumatoid arthritis patients, 1434
psychosocial stress, peripheral vasoconstriction & heart rate & blood pressure & myocardial infarction & ulcer & accident & pain, monozygotic vs dizygotic 51–74 yr old twins & 41–61 yr old construction workers, 10763
running activity & restricted feeding, brain 3-methoxy-4-hydroxyphenylethyleneglycol levels & activity & gastric ulcers, male rats, 12187
screening & advice against smoking & drinking, cigarette & alcohol consumption & symptoms, 35–54 yr old males with dyspeptic symptoms, 13312
sleep deprivation induced by "flower pot" vs handling procedures, stomach erosions, male rats, 12170
social class & mobility, psychosomatic illness, patients with asthma vs angina pectoris vs migraine vs duodenal ulcer vs ulcerative colitis vs anorexia nervosa, 13004
stress, muscimol & diazepam & GABAergic reduction of gastric mucosal erosions & reversal by picrotoxin & thiosemicarbazide, rats, 5219
supine restraint & subsequent time for healing & cimetidine, stomach lesions, female rats, 12193
telencephalic limbic system lesions & stimulation, experimental gastric ulcers & erosions, animals, literature review, 7488
trait anxiety levels, 17–60 yr old peptic ulcer vs 23–69 yr old asthmatic vs 16–55 yr old anxiety neurosis patients, 3523
tricyclic antidepressants, treatment of chronic gastrointestinal pain due to peptic ulcer, literature review, 6309
Gastropods [See Mollusca]
Gates MacGinitie Reading Tests
performance on grade level vs out-of-level reading test, 4th & 5th grade remedial students, 13739
verbal scores on Armed Services Vocational Aptitude Battery, assignment to appropriate difficulty level on Gates-MacGinitie Reading Tests, military recruits, 9382
Gates Reading Readiness Tests [See Gates MacGinitie Reading Tests]
Gates Reading Test [See Gates MacGinitie Reading Tests]
Gazing [See Eye Fixation]
Gender Differences [See Human Sex Differences]
General Anesthetics [See Chloroform, Methohexital]
General Hospital Psychiatric Units [See Psychiatric Hospitals]
General Paresis
neurosyphilis & general paresis presenting as chronic mania, 57 yr old male, 5974
thiamine deficiency, ataxia & pilo-erection & paresis & sleep & serotonin & 5-hydrosyindoleacetic acid levels in raphe & locus coeruleus systems, male rats, 9999
General Practitioners [See Also Family Physicians]
attitudes affecting psychiatric screening & referral functions, general practitioners, 8749
general practitioner's affective behavior, evaluation of professional competence & medical treatment, adult medical patients, Israel, 1845
perception of psychological problems & relevance of clinical psychologists, general practitioners, 1856
public health education campaign on breast symptoms, consultation by women, general practitioners, Great Britain, 13329
Generalization (Learning) [See Also Response Generalization, Stimulus Generalization]
acquisition & generalization of vocal imitation training skills, parents of 3.5 yr old Down's syndrome males, 10962
age & sex & IQ & instruction, generalization of science concepts, kindergartners vs 3rd vs 5th graders, 5343
age, food acquisition problem solving, 2–3 vs 5–6 vs 8–9 mo old rats, implications for development of object-oriented purposive intellectual activity, 9776
assertiveness training, maintenance & generalization of assertive skills, mentally retarded 20–55 yr olds, 10913
auditory octave generalization, 4–9 yr olds, 5387
color & shape matching-to-sample tasks, reinforcer-induced learned equivalence between stimuli that independently predict reinforcer, male pigeons, 4972
corrective vs noncorrective feedback with vs without candy, rate of acquisition & maintenance & generalization of printing, 4.5–5 yr olds, 12418
descriptions of stimulus persons which confirmed vs disconfirmed stereotyped trait relationships, trait ratings for same vs new persons, college students, 12686
developmental differences in personality trait attribution & generalization to new situations, modeling, 6–7 vs 9–10 yr old females, 881
discriminative stimulus properties of ketamine stereoisomers, male rats trained to discriminate phencyclidine from saline, 9993
experience of telling story to 1 child, generalization of verbal signals to other children vs adults, college students, 10389
generalization effects of parent training using instructions plus feedback & self management, parents of preschoolers with oppositional behavior, 10920
generalization of alimentary instrumental conditioned reflex elaborated to electrical stimulation of ventral hippocampus, cats, 12203
generalization of overselectivity across situations, autistic 8–16 yr olds, 1121
inescapable shock, activity & associative effects in appetitive choice discrimination task, rats, 9760
learning & generalization, video game playing, severely retarded 18–19 yr olds, 11093
manipulation of stimulus training context, generalization & retrieval of memory, pigeons, 9774
meaning of contents of school learning disciplines, psychological process of generalization, 13 yr old females, 8869
morphophonemic rule learning & generalization, normal vs articulation disordered 5.9–6.9 yr olds, 8158
motivation & generalization & maintenance of skills learned in social skills training program, 8379
multistimulus discrimination learning, pigeons, 2682
object discrimination training, generalization of discrimination learning to photographs & pictures of objects, golden haired monkeys, 9737
occurrence & generalization, learned helplessness & latent inhibition, 10–11 yr old males, 797

problems in employee knowledge & skill transfer from training to job, managers, 4546
reinforced imitation, development & generalization of generative language, kindergartners through 2nd graders, 5354
social skills training with role playing, generalization of social skills, learning disabled adolescents, 8433
socioeconomic status, improvement & generalization from cognitive behavior therapy, 2nd–6th graders with behavior problems, 4010
structured auditory tunes, generalization of operant discrimination, monkeys & rats, 11964
successive discrimination training in memory reactivation treatment, postdiscrimination generalization performance, pigeons, 11990
temporal discrimination learning, cross modality transfer of classification rules, male rats, 4976
theory of language development including generalization processes modeled after data compression, 7700
training in self evaluation of speech combined with performance-contingent maintenance schedule, maintenance & generalization of reduced stuttering, 18 & 20 yr old males, 6-mo followup, 4110
varying training setting & objects, generalizing visual discrimination skills to other situations, mentally retarded 5–16 yr olds, special education implications, 6801
vicarious learning of self reinforcement standards, generalization to different task, children with mean age of 5 yrs, 7615
Generalization (Response) [See Response Generalization]
Generalization (Stimulus) [See Stimulus Generalization]
Generation Gap
attitudes toward suicide & death, suicide rate, 12th graders & parents, Canada, 8076
level of assimilation & sociocultural norms & socioeconomic attributes, decision making & power, Puerto Rican families with generations raised in Puerto Rico vs US, implications for theory of resources in cultural context, 7789
personal values, 11–15 yr olds vs their 29–58 yr old mothers, 10209
Generators (Apparatus)
electronic circuit & keyboard design, generation of constant current pulses for electrocutaneous stimulation, 9301
Genetic Counseling
attitudes toward schizophrenia & childrearing decisions, schizophrenics & their parents, implications for genetic counseling, 8056
genetic counseling approach, mourning response, parents experiencing stillbirth, 10974
genetic counseling in school for deaf, 1.5–21 yr olds, 6829
genetic factors in etiology of deafness, implications for genetic diagnostic & counseling process, literature review, 5932
mobile health unit in community outreach program, education & screening & counseling for sickle cell disease & anemia & hypertension, 10995
Genetic Disorders [See Also Chromosome Disorders, Downs Syndrome, Hemophilia, Phenylketonuria, Sex Chromosome Disorders, Sex Linked Hereditary Disorders, Translocation (Chromosome), Trisomy, Turners Syndrome]
brain stem auditory evoked responses, 12 yr old male & 34 & 59 yr old females with heredity motor-sensory neuropathy, 8193
characteristics of hereditary progressive neurosensory deafness, children, 10696
clinical symptoms, Lesch-Nyhan disease, 8–24 yr olds, 3777
confusion &/or psychosis, patients with familial hemiplegic migraine, 5957
development of chromatographic & electrophoretic methods, detection of amino acids & galactose inborn errors of metabolism, infants, 70
electro oculography abnormalities, 22–62 yr olds with Machado-Joseph disease, 13017
family dynamics & role of family counseling, family having child with sickle cell anemia, 3978
hereditary chin quivering, 4 generations of Spanish family, 13008
hospital sickle cell screening & education & counseling program supported by federal government, US, literature review, 13414
process of neutralization of uncertainties connected with cystic fibrosis, 10986
Genetic Dominance
risk of psychotic illness in 1st- vs 2nd-degree relatives of schizophrenics & review of possible genetic mechanisms, 1162
Genetics [See Also Related Terms]
age vs experience, nest building behavior, inbred & outbred mice strains, 425
alcohol use, familial resemblances in flushing response, parents & adult offspring of Caucasian vs Chinese vs Japanese ancestry, 2979
alcoholic parents, primary vs secondary alcoholic psychopaths, 1251
alcoholism & depression, review of clinical & genetic & biological studies, 1094
animal models, genetic factors in alcoholism, literature review, 5016
behavior genetics & psychology, literature review, 7391
cerebral dominance of family members, lateral differences in motor & sensory functions, 2–4 day olds, 3088
characteristics of biologic & adoptive parents & preplacement experiences, alcoholism susceptibility, 23–43 yr old adopted daughters, summary of authors' 1981 article, 5811
childhood social withdrawal & antisocial behavior of biologic & adoptive relatives, predisposition to schizophrenia, schizophrenic adoptees, 5747
cholecystokinin, gastric emptying & intestinal transit & satiety, Zucker obese rats, 7561
conceptual ambiguity of borderline psychopathology & psychoanalytic & genetic & biomedical & descriptive perspectives, literature review, 3545
correlation of measures of personality & cognitive ability, parents & sons & daughters, 2753
correlations & regressions for IQ, parents & their offspring, 12039
differential heritability of personality traits, twins, 5014
efficacy of classical twin method, estimation of hereditary vs environmental variation, implication for N.H. & M.R.C. Twin Registry, Australia, 5015
ego & super ego strength & self sentiment, male 12–18 yr olds identical vs fraternal twins vs siblings vs unrelated children raised apart vs together, 5410
enriched vs impoverished environment, learning, dwarf mice, 343
extraversion & emotional stability, unwed biological mothers vs adoptive families & 3–18 yr olds, 430
factor analysis in multivariate behavioral genetic analysis of correlations vs phenotypically standardized covariances, 4840
family & twin & karyotype & adoption study designs, research on genetics & criminality, literature review, 1257
family history of schizophrenia, neuromotor & attentional abnormalities, schizophrenics, 3642
family resemblance in personality traits, families, 2744
fit of biometrical genetic models to California Psychological Inventory results, 240
genetic & biological substrates, intellectual competence, gifted children, literature review, 7392
genetic & environmental influences & alcohol abuse, predisposition & inheritance of criminality, 23–43 yr old male adoptees, Sweden, 5810
genetic & environmental influences, WISC & WAIS IQs, adopted & biological children & parents, 12035
genetic & environmental interactions, antisocial behavior, literature review, 1247
genetic & immunohematologic etiological factors in autism, 1200
genetic & neurophysiological & psychosocial factors, aggressiveness & violence in large cities, 1278
genetic analysis, social aggression, male offspring of wild male mice crossed to BALB/c vs C57BL vs wild females, 5020
genetic basis for paranormal experiences, criticism of V. M. Neppe & L. A. Hurst's study, 2307
genetic defect in metabolism of catecholamines, predisposition to convulsive seizures, SCES vs Wistar rats, 5122
genetic factors, cognitive ability components, families tested in Hawaii Family Study of Cognition, 426
genetic factors in etiology of deafness, implications for genetic diagnostic & counseling process, literature review, 5932
genetic factors, ocular dominance, mothers & fathers & firstborn offspring, 2746
genetic origins & drug therapy & psychometric testing, depression, proceedings from the National Congress of Italian Psychiatric Society, 10565
genetic variation vs maternal environment, morphological & behavioral traits, wild house mice, 2754
genetic vs environmental influences on personality, 7399
genetics & alcoholism, discrimination of color, 24–50 yr old Cree population, Canada, implications for etiology of alcoholism, 12901
genetics & environmental influences & alcoholism & low social status & unstable preadoptive placement, predisposition to petty criminality, 23–43 yr old male adoptees, Sweden, 5814
genetics & handedness & cognitive ability, families tested in Hawaii Family Study of Cognition, 423
genetics & institutional care & urban rearing & social status & sex, predisposition to petty criminality, adoptees, Sweden, 5853
genetics & paranoid personality disorder, biologic & adoptive relatives of "schizophrenic spectrum" adoptees, 1165

genetics & phenotypes, handedness, house mice, 12028
genetics, affective illness & schizophrenia, monozygotic & dizygotic twins, 3574
genetics, laterality, flatfishes, literature review & comment on M. C. Corballis & M. J. Morgan's article on human laterality, 2755
genetics, schizophrenia, 12802
genetics, taste perception of strychnine, inbred mice, 9823
handedness, autistic 5–23 yr olds & their families, 8063
hereditary serum protein markers, schizophrenic subgroups, 12845
heredity vs environment, personality traits, twins & their families, 5018
heritability coefficients by multiple abstract variance analysis & maximum likelihood, personality traits, 12–18 yr old males, 4815
hormonal & genetic factors & neurotransmitter disturbances, etiology of schizophrenia & manic depression, literature review, 1201
human individuality & sociobiology, criticism of work of E. O. Wilson, 12032
incidence & genetic factors & physical abnormalities & personality traits & social adjustment, Down's syndrome Ss, 1320
incidence of hyperactivity, 6–13 yr olds adopted by nonrelatives vs living with biological parents, 1360
increased wheel running due to food deprivation vs food-contingent activity, food intake & body weight, obese vs lean female Zucker rats, 529
inheritability of intelligence, 7395
interaction of genetic influences known as emergenesis, usefulness of twin studies, monozygotic twins reared apart & mono- & dizygotic twins reared together, 2751
karyotype, learning disabilities, 7–16 yr olds with sex chromosome anomalies, 3829
level of fearfulness, Japanese quails selected for high vs low locomotor activity, 9821
life events, depressed patients with vs without family history of affective disorders, 12867
major susceptibility locus for depression on human leucocyte antigens region of chromosome 6, failure to replicate haplotype data of L. R. Weitkamp & criticism of data subdivisions, 5732
male eye color, mating advantage, flies, 432
maternal vs progesterone-induced nesting, female mice of inbred strains, 2757
medical & genetic factors, mentally retarded 4–20 yr olds with inborn or early-age cataracts, 8139
methodologies for genetic analysis of disorders, Gilles de la Tourette's syndrome & stuttering, children, literature review, 3520
mode of inheritance & prenatal & postnatal maternal behavior, behavioral development, mice from 5 inbred strains, 9822
naloxone, suppression of food intake, genetically obese vs streptozotocin-induced diabetic mice, 647
panic attacks, patients with mean age of 38.9 yrs with mitral valve prolapse & their first-degree relatives, 1357
panic disorder & similar human leucocyte antigen genotypes, 23–46 yr old sisters, evidence for genetic susceptibility to panic disorder, 12883
parental hypertension & heart rate reactivity, blood pressure & heart rate response to cognitive & isometric tasks, male college students, 8218
paternal vs maternal origin of extra chromosome, patients with Down's syndrome & their parents, 5884
pentobarbital, hypnotic & hypothermic responses, long- vs short-sleep lines of mice genetically selected for ethanol sensitivity, 10028
personality characteristics & number of hobbies & family history of atopic disorders & number of friends, onset & course & severity of asthma, 16–52 yr olds, 10761
personality traits measured by Objective-Analytic Test Battery, pairs of 12–18 yr old male identical vs fraternal twins vs siblings vs unrelated children raised together, 10217
phenotype, correlation between central excitatory state & conditioning, blow flies, 434
preferences toward quinine sulfate & dextrose, purelines & reciprocal crosses of chickens selected for high & low juvenile body weight, evolutionary implications, 2745
premorbid personality & precipitating factors & symptoms & heredity, schizophrenic-like states, literature review, 3618
prevalence & risk of major affective disorders, relatives of patients with schizoaffective & bipolar & unipolar disease, 3575
preweanling stimulation, blood pressure, genetically hypertensive Okamoto vs Wistar Kyoto adult male rats, 433
production of maintenance of pure-breeding lines, blow flies with high vs low central excitatory state, 5022
psychodynamic & social & genetic factors in psychiatric illness, need for multidisciplinary outlook & treatment, 3587
psychogenetics, implications for psychological assessment & psychotherapy, 7390
psychosocial stress, peripheral vasoconstriction & heart rate & blood pressure & myocardial infarction & ulcer & accident & pain, monozygotic vs dizygotic 51–74 yr old twins & 41–61 yr old construction workers, 10763
random mutation & genetics without natural selection, female fruit flies, 9819
rates of affective disorders, mild & severely depressed nonbipolar major depressives & 1st-degree relatives, 8069
rectal temperature & body weight regulation & hoarding, hereditarily obese Zucker rats, 12034
role of genetics & environment & behavior in etiology & social skills training for reduction of vulnerability, schizophrenia, 8031
role of neurotransmitter dysfunction & genetic & environmental & developmental factors in etiology, schizophrenia, 8034
secondary schizophrenia in relatives, hebephrenic & catatonic & paranoid schizophrenics, 3622
segregation analysis applied to data from 1st-degree relatives of schizophrenics, testing monogenic hypothesis for transmission of schizophrenia & possibility of genetic/psychosocial interaction, 1229
selection of heritability, wind-directed movement, Drosophila melanogaster strains, 2749
selective breeding for wing courtship display, male Drosophila, 5024
sex-linked mental retardation associated with short stature & obesity & hypogonadism & skin disease, male 16.5 & 21 & 25 & 45 yr old family members, 5898
smooth pursuit & saccadic visual tracking performance, 18–33 yr old monozygotic vs dizygotic twins, 12037
social class & IQ, biological children of unskilled workers adopted at infancy by middle class families, 9827
study of multiplex sibships, evidence of histocompatibility-genetic link in pathogenesis of affective disorders, families with affected siblings 18 yrs & older, 5793
training on continuous vs FR schedules, level of hunger motivation during extinction, genetically obese male mice, 12040
transfer of psychic state & concentration camp imagery to next generation via unconscious, review of literature on Holocaust survivors & their children, 7607
truncated samples in twin studies, reliability & validity bias in correlation coefficients & estimation of genetic vs environmental variance, 4829
visual & auditory acuity & anthropometric fitness, 6–62 yr old offspring of 1st cousin matings, 12031
1 vs 2 vs no 1st-degree relatives with schizophrenia, platelet MAO activity, schizophrenics with mean age of 28 yrs, 5718

Geniculate Bodies (Thalamus)
chromatic stimuli, extracellularly recorded opponent-process responses in ventral lateral geniculate, quail, 9859
development & morphology of striate cortical projections to dorsal lateral geniculate nucleus, 1–20 wk old kittens, 2818
iontophoretic 5-hydroxytryptamine, postsynaptic depression in dorsal lateral geniculate nucleus during visual stimulation vs acetylcholine vs homocysteic acid iontophoretic pulses, cats, stimulation methodological implications, 7555
lesions of tectofugal visual pathway, luminance difference thresholds, pigeons, 572
paired geniculate stimuli during REM sleep vs ponto-geniculo-occipital spikes without REMs phases of paradoxical sleep, visual evoked responses, cats, 9873
retinal infusion of 2-amino-4-phosphonobutyric acid, blockade of ON-center ganglion cell fields in lateral geniculate nucleus vs striate cortex, rhesus monkeys, implications for ON- & OFF-center cell interaction, 481
visual deprivation, central neurochemical & neurophysiological changes & comparison with hallucinogenic drug effects, review of deafferentation studies, 2870
visual deprivation induced by chronic intraocular tetrodotoxin, synaptic defects in lateral geniculate nucleus, kittens, 5220

Genital Disorders [See Amenorrhea, Dysmenorrhea, Endocrine Sexual Disorders, Hypogonadism, Infertility, Male Genital Disorders, Menstrual Disorders, Premenstrual Tension, Pseudocyesis, Sterility, Turners Syndrome]
Genitalia (Male) [See Male Genitalia]
Geniuses [See Gifted]

Genotypes
age, posterior pituitary & intra- and extrahypothalamic vasopressin content & memory decrement, rats heterozygous vs homozygous for diabetes insipidus vs normal rats, 452
autosomal recessive allele M sub 1, intelligence, mathematics, 435
genotype, drinking behavior, rats, critique of F. M. Toate's article, 2758
panic disorder & similar human leucocyte antigen genotypes, 23–46 yr old sisters, evidence for genetic susceptibility to panic disorder, 12883
reproductive experience & environment, postpartum aggression, C57BL/6J vs DBA/2J female mice, 5011
vasopressin vs oxytocin, brain catecholamine & serotonin metabolism & avoidance learning, rats heterozygous vs homozygous for diabetes insipidus, 695
Geographic Regions [See Geography]
Geographical Mobility
direct vs indirect government programs, population mobility, 10276
industrial employment & information & migration mechanisms, kin structure, working class families, 7797
need for research on residential choices within metropolitan area, 10284
nuclear accident at Three Mile Island, number of & motivation for moves from area, residents, 13825
residential mobility, health, literature review, 10286
residential mobility trends, Blacks, 10277
residential mobility, US, literature review, 10285
strategies for job seeking, behavior therapists limited to particular geographic area, 13535
stress of family move & burn accidents, 0–16 yr olds, 1389
symbolic interactionism & analysis, adjustments & self definitions & decision process in migration to Australia, 18–65 yr old US immigrants to Australia, 10274
Geography
age & race & sex & geographical region & socioeconomic status, effect of school desegregation on tolerance, 9 vs 13 vs 17 yr olds, 8916
age & sex & region of country, competitiveness & cooperativeness, 2nd–12th graders, 857
change in climate & environment, seasonal breeding, Japanese monkeys, implications for social drift, 7344
climate, education level & economic & moral & social conservatism, northern vs southern residents, Australia, 5646
COBOL program system, geographic coding of addresses in US Census Bureau file, 9286
distribution of psychiatric services, Canada, 1980, 13497
geographical location, drinking, California drivers, 5558
language usage in domain & intergenerational mother-tongue shift, Kenya, 3003
latitude & carnivorous vs herbivorous diet & nest type & social strategies, hatchability of eggs, birds, 2721
Geometry [See Mathematics]
Gerbils
haloperidol induced akinesia & catalepsy, subordinate behavior, male gerbils, 12346
natural light conditions, activity rhythms, gerbils, 12023
reinforcement schedules, wheel running, gerbils, 7299
response to disaccharides & monosaccharides & polyols using conditioned taste aversion technique, gerbils, 337
Geriatric Patients
age & duration of dementia & degree of atrophy, prediction of potentially reversible progressive intellectual deterioration, patients with mean age of 63.3 yrs, 3571
age, knowledge of disease & knowledge of & compliance with drug regimens, patients under vs above 65 yrs of age, 8460
alcoholism, literature review, 12959
art therapy format using life review process, geriatric patients, 3879
assessment of depression, 60–86 yr old family practice patients, 1151
attitudes toward & physical & emotional ill-treatment of elderly, 10598
automated verbal administration of multiple choice questionnaire, measurement of degree of dementia, geriatric patients, 4723
availability & organization of day care facilities for psychogeriatric patients, Netherlands, 6377
corrective therapy, geriatric psychiatric patients, 6464
dance therapy, improved self esteem & physical well-being & communication, geriatric & institutionalized patients, 1460
degree of assistance during training, proficiency in psychomotor task completion & perception of task difficulty & self confidence, nursing home patients with mean age of 78 yrs, 1750
developmental approaches, drama therapy, autistic child & elderly nursing home residents & schizophrenics, 10789
diagnosis & treatment of physical illness & depression, elderly patients, literature review, 7970
digital alarm chronograph, memory retraining, implications for use with aged or brain injured, 6068
domiciliary management with support networks & community involvement of staff, 65–75 yr olds referred to community psychogeriatric service, 2-yr followup, 11014
drama therapy, 65–90 yr old day care patients with physical disabilities & depression & senility, 1526
drug treatment of depression, aged, literature review, 8486
EEG temporal slow activity, 60–92 yr old inpatients with vs without neurological abnormalities vs cerebrovascular accidents vs organic cerebral lesions, 13041
eligibility for provision of psychotherapy to Medicare patients, psychologists, 4307
establishment of geriatric department in general hospitals, 11069
family group therapy, facilitation of informal support network & improved staff-family communication, families of long-term care residents, 1766
family psychotraumatic events & age, etiology of neurosis, neurasthenics with mean age of 36.5 yrs vs over 50 yrs of age, 12857
identification & prevalence of depression, older patients, 7989
improvement during hospitalization, 54–94 yr old psychiatric patients with functional vs organic vs mixed diagnosis, 1791
incidence & sex & clinical symptoms & associated sensory disabilities & drug therapy, late paraphrenia, patients aged 60 yrs & over, 6319
lifestyles prior to illness, 53–89 yr old male wanderers vs nonwanderers in long-term care, 13410
methods of reversing learned helplessness to increase compliance with physical & occupational therapy, elderly patients, 13451
nomifensine & amitriptyline therapy, endogenous & reactive depression, 64–89 yr olds, 4074
old-age-oriented sex education program, sexuality attitudes & knowledge & older Ss' sexual behavior, Ss with mean age of 67.8 yrs & their families & nursing home staff, 6460
reality orientation, institutionalized psychogeriatric patients, 6438
referral reason & source & diagnosis & age, patients with mean age of 75 yrs referred to geriatric outreach program, 5685
reversible causes of intellectual impairment, elderly, literature review, 13104
revised version of automated tailored Picture Matching Test, measurement of concept formation, aged psychiatric patients, 202
sequential rating scales, evaluation of progress in environmental therapy, institutionalized geriatric patients, 2471
side effects of hospitalization unrelated to diagnosis & treatment of acute illness, elderly general medical patients, 1761
special wing in psychogeriatric nursing home, aged spouses with 1 suffering from dementia, 13393
therapeutic endeavors & special needs & multidimensional problems, cerebrovascular accident, hospitalized aged, 13028
Geriatric Psychotherapy
goals & techniques of gerontopsychotherapy, 6144
problems of psychogeriatrics, Netherlands, criticism of geriatric report, 10809
Geriatrics
development of geriatrics, Netherlands, 8542
health care system & psychogeriatrics, Netherlands, 8549
need for integrated approach to geriatrics, Netherlands, 8540
problems of psychogeriatrics, Netherlands, criticism of geriatric report, 10809
structure & function & operation of community gero-psychiatric emergency service, 8577
German Measles [See Rubella]
Gerontology
development of gerontological psychology, Latin America, 12388
formal education in aging, commitment to field, 19–75 yr olds working with aged, 6553
gerontology training programs, minority low-income aged volunteers, 6548
longitudinal studies in psychogerontological research, 732
sexuality & mental illness, aged, literature review, 12859
social life & self realization & family & work activities, individual & social development, aged, 12473
Gestalt Psychology
characterizations & complementarity of K. Pike's 3 modes of language, development of gestalt phonology, 7587
creative problem solving, reply to P. Ellen's position on Gestalt theory, 7249

history of holistic approach to psychology & Gestalt theory, 9247
perceptual direction & hints & training & past experience, creative problem solving, review of Gestalt approach, 7232
Gestalt Therapy
application of hypnotic imagery/fantasy to Gestalt concept of unfinished business, 2 case reports, 3898
Gestalt therapy, boundary disturbances in interpersonal contacts, 1492
Gestalt therapy in psychiatric practice, 8330
love & freedom in Gestalt therapy, 1497
paradoxical techniques in transactional analysis & Gestalt Therapy, adolescents, 10857
phases of grief in Gestalt therapy, 1485
relationship between Gestalt therapy & meditation & lust, 1498
resolution of decisional conflicts & treatment outcome, 17–65 yr old counselees in program using Gestalt 2-chair dialog, 3933
suitability of Gestalt therapy, children, 1499
Gestation [See Pregnancy]
Gestures
development of pointing & related behaviors up to age 2, infants, longitudinal study, 835
hand gesture temporal distribution during conversation, normal vs aphasic 36–81 yr olds, 1341
self contact & gestures produced by right vs left side of body during neutral vs emotional situations, female college students, 2806
self manipulatory nonverbal behavior & gestures & personality traits & emotional expressiveness, 16–45 yr old patients with bruxism, 10690
sex, encoding & decoding of Italian vs Australian hand gestures, Italo- vs Anglo-Australian 3 vs 6 yr olds, Australia, 5330
use of pointing vs verbal descriptions for reference, 2 vs 4 vs 5 vs 6 vs 9 yr olds vs adults, 812
Gifted
actual & ideal career choices & females' choice of traditionally male fields, male vs female gifted high school students, 896
age & experience & level of teaching & type of service delivered & student label, burnout, teachers of handicapped & gifted children, 8824
art partnership program, college & gifted elementary school art students, 11244
class & conditional logic abilities, gifted vs normal 5–10 yr olds, 828
classification of high vs low frequency pictures vs words, gifted vs artistic 11–13 yr olds, 5359
cognitive development, decline in performance quality, adolescents who have been musical prodigies, 7633
computer literacy program, microcomputer-assisted instruction in mathematics & writing & computer programming & word processing, educable & trainable retarded & gifted 5th–8th graders, 6757
conceptual level of development, assessment of giftedness, junior & senior high school students, 9007
development, giftedness & creativity, literature review, 7611
developmental framework, research on giftedness & creativity, children, literature review, 7608
EEG correlates of intellectual functioning, 12–14 yr olds with mean IQs of 79 vs 147, 3104
factor structure, Scale for Rating Behavioral Characteristics of Superior Students, 5th & 6th grade candidates for gifted program, 11389
Freudian vs other psychoanalytic analyses of art & creative genius, literature review, 11550
genetic & biological substrates, intellectual competence, gifted children, literature review, 7392
group counseling program, gifted students, 6827
identification of & programming for simultaneously gifted & handicapped students, 11355
interhemispheric EEG changes, REM sleep & dreams, gifted 12–15 yr old males, 3055
interrater reliability on Torrance Tests of Creative Thinking, gifted vs nongifted 2nd–5th graders, implications for use in placement, 11413
issues & programs in career education for gifted & talented students, 8936
learning style, gifted vs average 7th & 8th & 9th graders, 6706
most admired person, gifted 4th–7th graders, 861
nature of difficulties in teaching exceptional & disabled students, music teachers, implications of music therapists, 2036
need for enrichment curriculum, gifted students, 6766
picture-sentence vs sentence-sentence format, sentence verification task performance, academically vs musically vs artistically gifted 12 yr olds, 12437
reading education activities, gifted, bibliography, 13689
responses to Scales for Rating Behavioral Characteristics of Superior Students, Anglo vs Mexican American gifted 1st–6th graders, 4470
self concept, learning disabled vs normal vs gifted 4th–7th graders, 1338
self perceived career relevant abilities, career aspirations, mathematically talented female high school sophomores, 12485
special procedures for education, gifted students, 11314
specialized "Olympic" instructional program, educational development, gifted high school students, followup study, 6777
trends in education of handicapped & gifted children, 2071
university early entrance program, highly gifted junior high school students, 8953
validity & reliability of traditional vs revised Peabody Picture Vocabulary Test, screening for giftedness, students with mean age of 11 yrs, 13728
validity of Peabody Picture Vocabulary Test-Revised, screening for participation in gifted program, 1st–8th graders, 11422
Gilles de la Tourette Disorder
clonidine, 16 yr old male with Gilles de la Tourette's syndrome, 6279
history & etiology & demography & symptomatology & treatment, tics & Gilles de la Tourette syndrome & other movement disorders, 3624
history & etiology & symptoms & treatment, Gilles de la Tourette Disorder with associated triple X & 9p mosaicism, 24 yr old Black female, 3851
methodologies for genetic analysis of disorders, Gilles de la Tourette's syndrome & stuttering, children, literature review, 3520
motor & vocal behavior similarities, religious glossolalics & Tourette syndrome patients, 3529
movement disorders from tics to Tourette syndrome, children, 8197
neuroleptic drugs, dopamine & acetylcholine activity, patients with Gilles de la Tourette's syndrome, 10954
perceptual & motor & neuromaturational competence, 4–15 yr olds with Tourette's syndrome vs attention deficit disorder vs epilepsy, 3801
scopolamine vs physostigmine, motor & verbal tics, 6–43 yr old Gilles de la Tourette's syndrome patients, 13299
simultaneous Gilles de la Tourette's syndrome & infantile autism, 13 yr old male, 8053
validity & usefulness of Tourette Syndrome Questionnaire, assessment of epidemiology & symptomatology & treatment effects, 8–57 yr old patients, 2444
Girls [See Human Females]
Glands [See Also Adrenal Glands, Gonads, Hypothalamo Hypophyseal System, Ovaries, Pancreas, Pituitary Gland, Testes, Thyroid Gland]
antithymic antibodies, 16–51 yr old schizophrenics, 1231
testosterone & 5-alpha-dihydrotestosterone doses, development of cloacal gland & sternotracheal muscles & crowing & sexual activities, castrated male Japanese quail, implications for testosterone regulation of reproduction, 2932
Glaucoma
patient dependence & oral satisfaction needs & psychosomatic aspects in etiology, chronic open-eye glaucoma patients, 3776
Globulins [See Antibodies, Immunoglobulins]
Globus Pallidus
angiotensin vs carbachol injections to preoptic region with vs without pretreatment of ipsilateral vs contralateral GABA injections into globus pallidus, water intake, male rats, 2964
apomorphine dosage, GABA content & glutamate decarboxylase & GABA-transaminase activity in paleostriatum augmentatum, chicks, 12317
bilateral globus pallidus lesions & amphetamine vs apomorphine, spontaneous motor behavior & stereotypy, male rats, 9951
icv thyrotropin releasing hormone into various brain regions, starvation-induced feeding & drinking, male rats, 10042
sc vs globus pallidus opiate drug injections, head turning induced by striatal electrical stimulation, rats, 12351
Glossolalia
motor & vocal behavior similarities, religious glossolalics & Tourette syndrome patients, 3529
Glossopharyngeal Nerve [See Cranial Nerves]
Glucagon
iv self injected glucose & glucagon & insulin before vs after meals, blood glucose levels, rats, 12292
pancreatic glucagon, suppression of sham feeding, male rats, 613
Glucocorticoids
adrenalectomy & subsequent corticosterone vs dexamethasone vs progesterone, exploratory behavior, male rats, 549

glucocorticoid, lumbar spinal cord motor neuron electrical properties, cats, implications for psychiatric disorders in humans, 619
Glucose [See Also Blood Sugar]
autoradiographic method to measure 2-deoxyglucose uptake, assessment of odor specific spatial patterning of olfactory bulb glomeruli sensory coding, 68
food vs water vs glucose/saccharin deprivation, iv etonitazene self administration, male rats, 12141
hypophysectomy & cortisone, hyperphagia & obesity & ventromedial hypothalamus lesions induced by gold thioglucose, female mice, 12146
icv ACTH peptides vs footshock vs naloxone, changes in 2-deoxyglucose uptake in brain regions, male mice, 2934
icv alloxan, food intake & blood glucose, rats, 12322
iv apomorphine, glucose utilization in brain areas, male rats, 5254
iv haloperidol & apomorphine, glucose utilization in brain areas, male rats, 5255
iv self injected glucose & glucagon & insulin before vs after meals, blood glucose levels, rats, 12292
lateral hypothalamic 2-deoxydextroglucose, lateral hypothalamic unit activity & gastric acid secretion, male rats, 12333
locomotor activity-induced theta rhythm, hippocampal 2-deoxyglucose uptake, male rats, 5088
offering of glucose vs glycerol solutions, fluid intake, diabetic vs nondiabetic male rats, 12252
olfactory stimulation, olfactory epithelium activity as measured by 2-deoxyglucose uptake, salamander & mouse, 2786
olfactory stimulation, 2-deoxyglucose uptake in olfactory epithelium, salamanders, 2794
oral glucose, platelet monoamine oxidase, 23–42 yr old chronic schizophrenics, replication of study by L. Demisch et al, 10538
preferences toward quinine sulfate & dextrose, purelines & reciprocal crosses of chickens selected for high & low juvenile body weight, evolutionary implications, 2745
training in discriminated Y maze avoidance task, regional brain uptake of 2-deoxy-dextro-glucose, 7428
Glue Sniffing
inhalant abuse, literature review, 5815
solvent abuse, 17–33 yr olds, 12925
Glutamic Acid
glutamic acid diethylester injection into hippocampus, slope function of excitatory postsynaptic potentials & amplitude of extracellular field potential in dentate gyrus, rats, 12294
hypothalamic & midbrain microinjections of glutamic acid, biting attack behavior, cats, 5221
icv cycloheximide vs glutamate shortly after birth, long term effects on motor activity induced by apomorphine vs scopolamine, chickens, 2972
kainic acid injections into unilateral hippocampus, seizures & behavior, cats, 10043
long term monocular deprivation & short term binocular stimulation, choline acetyltransferase & glutamic acid decarboxylase activity in visual Wulst, pigeons, 9925
role of ventrolateral medulla in pressor response to glutamate & mediation of autonomic component of defense reaction, rabbits, 12050
Glutethimide
prenatal glutethimide, orienting-motor behavior in 1st vs 2nd generation & running periods & urination frequency following maze training, rat offspring, 10018
Glycine
deficiency in glycine-mediated inhibition & involvement of benzodiazepine & GABA binding sites, spastic symptoms, mutant mice spastic, 5023
Glycogen
offering of glucose vs glycerol solutions, fluid intake, diabetic vs nondiabetic male rats, 12252
serotonin stimulation of cortical glycogen hydrolysis & role of novel serotonin receptor, implications for competitive antagonists in pharmacological research, 2800
Goals [See Also Educational Objectives]
achievement need, goal setting & feedback effectiveness & perceptual speed task performance, college students, 2661
assessment of executive functions, 4702
beliefs about goals of union leaders, union leaders vs industrial managers vs workers, 13810
control systems model, goal setting & performance monitoring & goal adjustment, college students, longitudinal study, 2657
effect of feedback on performance, goal progress, college students, 11934
encouragement of goal directed behavior in counseling, 11047
feedforward vs feedback, group performance, 5th grade males, 7740
goal clarification workshop, resolution of conflicts concerning authority, females, 10890
goal conflicts in correctional institutions for juvenile delinquents, institutional staff members, 1813
goal difficulty & normative information on goal achievement, personal goals & performance, college students, 11929
goal formation & level of aspiration in success vs failure situations, normal vs schizophrenic Ss, 8027
goal setting & goal levels, self monitoring effects on weight loss, 18–44 yr olds in weight control program, 1544
goal specification, self concept & counseling outcome, counseled vs uncounseled college students, 4502
goals & expectations & teaching styles with children in childcare centers or preschools, mothers vs teachers, 10321
goals & time perspective, 65–75 yr olds living at home autonomously with vs without pensioner's association membership vs in home for elderly, 5450
goals, rehabilitation program outcome, psychiatric patients, 1758
group interaction & goal orientation, group satisfaction & solidarity, college students in small group communication course, 5589
guidelines & goals for conversational skills training, 10914
importance of meaningful work & self discipline & exercise & rest & realistic goal setting, adjustment in lifestyle following acute psychotic episode, 8020
importance of treatment goals & communicational feedback in marital therapy, 13203
individual vs cooperative goal structures with vs without exposure to cooperative models, academic achievement & interpersonal behavior & attitudes, learning disabled 7th–8th graders, 8929
infusion of organization with sense of purpose, leaders of successful organizations, 9136
manager training in appraisal interview feedback &/vs assigned goal setting techniques, reaction to appraisal, corporate research team leaders & other subordinates, 4569
mathematical model, concurrent & predictive validity of goal attainment scaling, implications for psychotherapeutic outcome evaluations, 11626
model of goal tracking in attentional-associative networks in spatial learning, implications for hippocampus as cognitive map, 9826
organizational ownership & size & managerial level & professional discipline, goals & tactics of influence, middle level vs assistant managers, 9114
participation in goal setting & goal difficulty level, performance level, college students, 2169
psychology of self & goals of psychotherapy vs psychoanalysis, 8319
school psychologist's intervention through personal goal identification with vs without retest with retest involving vs not involving selective attention, improvement of behavioral objectives, 3rd–6th grade students & teachers, 6679
self monitoring & daily goals, weight reduction, 6218
self set vs assigned goals, attributions of performance reports & affective reactions, college students, 1035
sequential goal-setting training, productivity, profoundly & moderately retarded 16–21 yr olds, 8666
sequential self monitoring & goal setting & behavioral contracting, regimen compliance, insulin-dependent nonadherent 16–18 yr old diabetics, 8432
social comparative information &/vs goal setting, self efficacy & division skills, low achieving 4th–5th graders, 11238
specification of information objectives before prose reading, recall of goal relevant vs irrelevant material, college students, 9673
task goal level & specificity & perceived effort requirement & energy potential, task performance, college students, support for goal-energy-effort requirement theory of work motivation, 4563
type of goal & task variety & evaluative context, performance on manual & cognitive tasks & satisfaction, college students, 9088
union support of goal-setting program, productivity, male truck drivers, 9092
Goats
introduction of group non-members, agonistic behavior & dominance hierarchy, goats, 4983
postpartum separation from young, maternal behavior, female goats, 4998
God Concepts
aggressiveness of Christ, 7780
Jung's 3 great childhood secrets & his adulation of Freud & association of Freud with God, 25

parataxic distortions in image of God, implications for childhood development, 5427
Goldfish
acquisition & transfer & extinction of discrimination between signals paired with shock vs shock omission, goldfish, 12007
adrenalectomy vs stress, horseradish peroxidase uptake by parvocellular hypophysiotropic neurons of nucleus preopticus & lateral tuberis, goldfish, 456
amino acid olfactory stimuli, olfactory bulb single neuron response similarity, goldfish, 2788
beta-endorphin doses & naloxone & pinealectomy, body temperature & activity levels, goldfish, 7554
lesions in ventral telencephalon & preoptic area, spawning behavior, male goldfish, 575
optic nerve crush, role of retinal ornithine decarboxylase activity in neural regeneration, goldfish, 573
telencephalon ablation & delayed reinforcement under stimulus conditions similar to vs different from those controlling responses, discrimination learning, goldfish, 9980
tetrodotoxin, formation of ocular dominance columns, goldfish, 12312
Gonadotropic Hormones [See Also Luteinizing Hormone, Prolactin]
human chorionic gonadotropin vs luteinizing hormone releasing hormone vs estradiol &/vs progesterone, sexual receptivity, intact vs ovariectomized female frogs, 532
luteinizing hormone & follicle-stimulating hormone & gonadotropin secretion abnormalities, chronic schizophrenics with mean age of 57.5 yrs, 1146
Gonadotropin [See Gonadotropic Hormones]
Gonads [See Also Ovaries, Testes]
male mating performance & gonadal intactness, choice of mating partners, female voles, 2741
ovariectomy & gonadectomy, social & predatory aggression, individually housed male & female mice, 5168
Gorillas
handedness, female gorillas, 2774
male aggression toward female, mating in laboratory, gorillas, 9804
presence of adult male, aggressive behavior of males vs females & mother-infant social behavior, gorillas, 2720
Government
business-government conflict & conflict expressed in public opinion of business & government, 902
effects of reduction in Federal Employees Health Benefits Program insurance coverage for mental illness, 6367
limits to government intervention in families & rights of children, 978
potential for abuse in federal position control programs during era of cutback management, 2213
Government Agencies
aging advocacy movement, provision of creative opportunity, aged, US, 759
decisions of New York Commissioner of Education regarding placement in private schools, handicapped children, 8934
employment behavior as possible standard for hiring, Equal Employment Opportunity Commission, 4548
ethical guidelines & standards & policies for research at National Institute of Mental Health & National Institute of Child Health & Human Development, 11135
financial constraints, delays in institutional reforms, public service agencies, 984
issues raised by court ordered reforms in public & social services, 983
judicial system, institutional reform, comments on articles by J. B. Weinstein & D. L. Horowitz & others, 961
New York State education agency's policy regarding placement in private schools, handicapped children, 8925
primary prevention of alcoholism & origin of National Council on Alcoholism, US, 4254
problems of state & local education agencies regarding private school placement, mildly or moderately handicapped children, 8924
role of state education agencies in evaluation of educational programs for mentally retarded, 6794
suggestions for overcoming barriers to interagency agreements, education & social service & health service agencies, 8945
Government Bureaucracy [See Government]
Government Personnel [See Also Agricultural Extension Workers, Air Force Personnel, Army Personnel, Commissioned Officers, Enlisted Military Personnel, Marine Personnel, Military Medical Personnel, Military Personnel, National Guardsmen, Navy Personnel, Parole Officers, Police Personnel, Prison Personnel, Probation Officers, ROTC Students]
attitude generalization, overestimation of erosion of trust in public officials, citizens, 7833
attitudes toward racial integration, school board members vs general public, 7757
causes & implications of elimination of Professional & Administrative Career Examination, 2155
caveats regarding use of formal systems, job performance evaluation, public managers, 11485
communication networks, middle level managers, 2208
corporate ownership, need satisfaction, public vs private sector managers, India, 2211
development & implementation of combined planning & appraisal system, organizational commitment & productivity, government employees, 11503
dynamics of party voting, US Congressmen, 1955–78, 7827
employee performance appraisal practices, state governments, US, 2177
LISREL vs 2-stage least squares analysis, test of hypothesis of reciprocal causation between job & life satisfaction, civil service workers, 7151
motivating factors, middle managers in public sector governments vs private sector business & industrial organizations, 2204
national vs state appeal vs behavioral intervention, energy consumption, apartment & university complex residents, 6908
negative attitudes toward each other, electors & elected political representatives, Netherlands, 7846
perceived task uncertainty & complexity & quality & accessibility of information, use of information sources in decision making, welfare agency employees, 9167
performance contracting & unions & productivity bargaining & civil service boards, barriers to productivity, state & local governments, 2198
results of Florida survey & application of Title VII of Civil Rights Act & Federal & state policies & management problems, sexual harassment in workplace, 2201
self esteem & assertiveness, insulation from occupational stress, firemen, 2232
values & managerial success, private vs public sector business managers, 11487
views of health care & cancer policy & national & community health care priorities, interview with former US senator B. Bayh, 5530
Government Policy Making [See Also Abortion Laws, Drug Laws, Foreign Policy Making, Gun Control Laws, Laws, Legislative Processes]
accountable professional practice & client's rights & state/provincial policies, behavioral technology & intervention, Canada, 8787
changes in official psychiatric policy based on reform guidelines, Spain, 8282
compulsory sterilization statutes, implications for public opinion toward mental illness, 7828
construction & analysis of scale based on M. Friedman & R. Friedman's book "Free to Choose" in framework of Appolonian vs Dionysian values, 900
contrasting views on state & agency intervention in child care when natural parenting is unsatisfactory, 3306
contributions of well informed public opinion, national economic policy making, 10348
criticism of proposal to abolish psychiatric hospitals, France, 8622
development & current status of welfare policies, disabled children, Japan, 6101
federal budget & New Federalism, mental health issues, 5517
fight against nuclear arms as primary mental health task, US, 3253
government plans for upgrading psychological & psychiatric services & training psychologists & psychiatrists, Zimbabwe, 4116
history of welfare treatment, Blacks, US, 7754
illusions fostering arms race & psychological impact of nuclear war & importance of public awareness, 3259
inadequacies of community & institutional mental health care as seen by sociologist A. Scull & suggested policies, US & Great Britain, 10967
introduction of institutional reform & social policy cases into judicial system, quasi legislative decision making by courts, 963
lack of national health policy & trends in health care coverage, 10981
mental health issues, US-Soviet nuclear arms race, 3260
model for political & organizational family policy developments, 3324
national leaders & "enemy image" & deterrence policies, obstacles & means for elimination of nuclear arms race, US, 3256
parental & school use of corporal punishment with children & existing & recommended laws & policies, US vs Sweden, 12532
policy of mandatory work registration, impact on family, clients receiving Aid to Families with Dependent Children, 7845

political economy of welfare state & emergence of alcoholism as public problem & rise of alcoholism profession & role of alcoholics as interest group, 8701
proposals for extension of inpatient psychiatric services for adolescents, UK, 11073
public opinion polls & presidential policy making, 10354
public policy & regulations in treatment of opiate addiction, 6498
qualitative vs quantitative dynamics of world system & application of field theory, anticipation of critical reconfigurations & war, 4625
rationale & problems with birth planning policy of 1 child per couple, People's Republic of China, 7800
results of Florida survey & application of Title VII of Civil Rights Act & Federal & state policies & management problems, sexual harassment in workplace, 2201
social change & development of public policy, abortion rights controversy, 7836
social psychological analysis, taxation & government spending policy & taxpayer attitudinal/behavioral preferences, 3335
social selection perspective & policy & research issues, state mental hospital admissions decisions & organization of service delivery & deinstitutionalization, 8634
status of mass media sex typing & effects on children & adolescents & research & policy for programing of nontraditional sex role portrayals, 2994
validity & social policy implications of adherence to assumptions about causes of crime & effectiveness of rehabilitation programs, 1262
views of health care & cancer policy & national & community health care priorities, interview with former US senator B. Bayh, 5530
Government Programs [See Also Job Corps, Project Head Start, Upward Bound, Welfare Services (Government)]
barriers to effective program operation, government funded treatment program for sexually abusing families, 13349
characteristics of day care centers, quality of social environment & social & cognitive development, preschool age children, 7820
compliance with federal definition of learning disabilities, Child Service Demonstration Centers created by Title VI-G of Public Law 91-230, 13691
concept & definition of learning disabilities & federally funded learning disabilities centers, criticism of research by L. Mann et al, 13695
Danish Low Income Commission, prevention of low income problems, 12535
direct vs indirect government programs, population mobility, 10276
eligibility for provision of psychotherapy to Medicare patients, psychologists, 4307
government educational & enforcement programs, drug abuse & availability, US, literature review, 6483
government sponsored program, provision of meals & opportunity for social interaction, aged, 4160
mental health promotion & mental illness prevention activities of federal government, 6402
proposals to ameliorate disincentive problem, rehabilitation, handicapped, 8657
Protestant work ethic beliefs, attitudes about social security & unemployment, adults, Great Britain, 7928
treatment modality units, federally funded drug abuse treatment programs, 13481
Gradepoint Average [See Academic Achievement]
Graduate Degrees [See Educational Degrees]
Graduate Education [See Also Clinical Psychology Grad Training, Graduate Psychology Education, Medical Education, Psychiatric Training]
development of program in public health psychology by combining training in clinical & community psychology & public health & business administration, 6582
effectiveness of 5 student admission models, prediction of success in master's of business administration program, college students, 1996
issues in interdisciplinary university programs for leadership training in early education & child development, 11164
joint program for Master of Public Health & PhD in psychology, 6562
rationale & technique for use of programmed case material in teaching ego psychology, graduate clinical social work education, 13546
Graduate Psychology Education [See Also Clinical Psychology Grad Training]
application of problem solving models to supervision in psychology, 4313
comparison of 2 social psychology graduate program internships & practica, 4274
demographic characteristics & attitudes toward & reasons for choice of program & institution & intentions for specialization, 20–44 yr old Diploma of Psychology students, Australia, 6552
design & results of Hahnemann Masters of Family Therapy Program, 2-yr full-time graduate training in family therapy, 6543
development of program in public health psychology by combining training in clinical & community psychology & public health & business administration, 6582
health psychology training opportunities in doctoral psychology programs, 6519
joint program for Master of Public Health & PhD in psychology, 6562
level of education, school psychology field experience programs, 6620
practicum course sequence for training in applied/evaluative research, research psychology graduate students, 4298
psychological analysis, professional psychology training, 13517
relative weight of applicant GPA vs Graduate Record Examination vs recommendations, decision to admit to graduate psychology program, graduate program chairpersons, 13528
selection criteria for new faculty & characteristics of successful applicants, doctoral degree-granting psychology programs, 4290
social learning, job preparation, psychology students, 1851
teaching of interview skills in client centered therapy course, psychology graduate students, 4292
training in doctoral-level applied psychology, international students from developing countries, 8742
Graduate Record Examination
partial correlation vs item characteristic curve vs item difficulty index, identification of GRE verbal items performing differentially depending on sex & race, Blacks vs Whites, 2112
relative weight of applicant GPA vs Graduate Record Examination vs recommendations, decision to admit to graduate psychology program, graduate program chairpersons, 13528
special preparation, Graduate Record Examination analytical scores, college students, 11243
Graduate Schools
survey of actual & preferred organizational structure of behavioral science teaching, medical schools, 1846
Graduate Students
attitudes toward social issues in health care, 3rd & 4th & 5th yr pharmacy students, 4283
balance & M-space & spatial ability, achievement in statistics course, graduate students, 1992
clinical psychology practicum training program of communication skills training, ability to communicate & discriminate empathic responses & faculty ratings of skill, clinical psychology graduate students, 8712
concurrent validity of Strong-Campbell Interest Inventory, graduate counseling psychology trainees, 9379
construct validity of Career Decision Scale, assessment of educational-vocational indecision, graduate counseling students, 145
course emphasizing familiarization with work world, attitude change, 24–60 yr old teacher education & guidance & counseling graduate students, implications for school counselor role in career education, literature review, 1907
decision-process model of admissions to assess validity of Graduate Admission Test scores & undergraduate grades, prediction of graduate performance, Master of Business Administration students, 9028
demographic characteristics & attitudes toward & reasons for choice of program & institution & intentions for specialization, 20–44 yr old Diploma of Psychology students, Australia, 6552
graduate coursework in research methods & statistics, socialization to research role, female graduate nursing students, 13491
implementation of personal behavior change as project in fluency seminar, awareness of dynamics of change & ability to help others change, speech pathology graduate students, treatment implications, 6555
lecture-discussion instructional format, evaluation of graduate assistants' teaching effectiveness, college students, 4507
level of professional experience, diagnostic accuracy & overshadowing in rating patient with schizophrenia with vs without mental retardation, psychologists vs clinical graduate students, 10672
networking vs rote strategies in group, acquisition in concept & spatial learning tasks, college & graduate students, 13593
normative data for Suinn Test Anxiety Behavior Scale, graduate students in education, 4490
perception of needs, graduate students, 13664

sex & research productivity of counseling psychology predoctoral internship applicants, ratings of suitability for internship & employment, counseling psychology faculty members vs staff of internship training programs, 11123
stress level, 1st yr doctoral students, 2178
supervision needs, graduate students, 11420
teaching effectiveness ratings & student/course/instructor characteristics, graduate & college students, 11406
teaching of interview skills in client centered therapy course, psychology graduate students, 4292
therapeutic performance, student speech therapists, 6560
transactional analysis of consultative experience as viewed by consultee, education graduate students with teaching experience, 4331
validity of previous academic achievement & personal suitability & simulated work sample as selection indices, graduate students in applied child psychology, 13530
validity of selected admissions variables, prediction of graduate GPA, Master of Business Administration students, 9003
Grammar [See Also Adjectives, Form Classes (Language), Inflection, Morphology (Language), Nouns, Orthography, Phonology, Pronouns, Sentence Structure, Syntax, Transformational Generative Grammar, Verbs]
analysis of social interactions & remedial discourse with finite-state grammar, kindergartners through 4th graders, 95
canonical sentence forms used to encode transitive events in various languages, children, 3161
composition writing & development of writing skills & study of written works & grammar in writing instruction, syntactic performance & maturity, 6696
copy & alter & transform & supply exercises, penmanship & spelling & grammar skills & teacher-student rapport, learning disabled elementary school students, 6762
dynamic & psychological aspects of grammar, 3005
evolution of formal categories from early semantic-based grammatical categories, children, 3132
grammatical complexity of sentences, pupil dilation as monitor of cognitive load & complexity, 19–38 yr olds, 519
methodological problems, study of pronominalization & development of grammatical marking of thematic structure in discourse, English or French speaking 4–9 yr olds, 3122
principal components analysis, intercorrelations of code elaboration indices in formal speech, teachers, implications for modes of elaboration within functional components of semantic system, 5295
traditional vs student-centered teaching method, grammar achievement, 2nd graders, 8884
Grammar Schools [See Elementary Schools]
Grand Mal Epilepsy
clinical picture & anticonvulsant treatment, diurnal & sleep epilepsy & diffuse grand mal seizures, noninstitutionalized patients, 1623
serum beta-glucuronidase level, 26–55 yr olds with grand mal epilepsy vs taking antiepileptic drugs, 3867
Grandparents
amount & adequacy of contact & importance of relationship & role conception of grandparents, college students, 12572
factors affecting nature & quality of relations, adolescents & their grandparents, literature review, 3298
laws concerning visiting rights of parents & grandparents with children, France vs Switzerland, 975
Graphology [See Handwriting]
Grasshoppers
visual wavelength-discrimination, grasshopper, support for ocular filter-mediated color vision, 2823
Gravitational Effects [See Also Weightlessness]
antigravity suspension, mental alertness & hemispheric dominance & long- & short-term memory, male college students, 2873
micro & macrogravity during parabolic flight, mass estimation & discrimination, 18–30 yr olds, applications to spaceflight, 9518
Great Britain [See Also England, Scotland, Wales]
bureaucratic orientation, job satisfaction & involvement, engineering teachers in higher institutions, India vs Great Britain, 13575
career guidance system in Sweden, implications for Great Britain, 9059
Children & Young Persons Act 1969, ambivalence in relationship between justice & welfare in social work, Great Britain, 3332
choice of psychiatry & other medical branches as specialty, females, Great Britain, 6585
corporate image in brewing industry, beer production & consumer behavior, Great Britain, 2233
correlation between Self-Consciousness Questionnaire & 16PF, college students, Great Britain, 131
critique of laws protecting children & regulating services, Great Britain, 962
development of field & professional association of educational psychology, Great Britain, 11163
epidemiology of behavior problems, preschool age children, Britain vs US, 3665
evaluation of counseling hot lines, 25 yr old male role player, Great Britain, 8562
evidence of vs theorized rising crime in 19th century, Great Britain & France, 8108
inadequacies of community & institutional mental health care as seen by sociologist A. Scull & suggested policies, US & Great Britain, 10967
mutual support groups as self help movement, Great Britain, 6211
observations of Chinese psychologist C. C. Ching after tour of Britain & France, 2306
pain laterality, patients with mean age of 54 yrs, Great Britain, replication of US findings by W. D. Hall et al, 13031
phenomenological & psychopathological concepts in British vs continental psychiatry, literature review, 15
psychiatric research & primary care, Great Britain, 8300
psychology of colonial ideology in British India & comparison to state of childhood & sexual dominance, literature review, 3266
reported experiences of strain & pleasure, adults, Great Britain, 12774
social beliefs & social attribution & social identity, 16–17 yr old public vs private school students, Great Britain, 10235
sociocultural & economic factors, youth subcultures & gangs, Great Britain vs US, 3655
special education for profoundly mentally retarded children, West Germany & Scandinavia & Switzerland & East Germany & Great Britain & US, 11366
subcultures & gangs, Great Britain vs US, criticism of study by A. Campbell et al, 3717
utilization of Family Fund aid, families of severely physically & mentally handicapped children, Great Britain, 6378
vocational & career guidance & education, Great Britain, interviews conducted at 1981 International Round Table for Advancement of Counselling, 2146
Great Grandparents [See Ancestors]
Greece
cross cultural differences, reaction to litter on private vs public territory, town residents, Greece vs US, 4604
Down's syndrome, family functioning, mothers or guardians of retarded 4–14 yr olds, Greece, 1301
male homosexuality in Greek history, literature review, 5535
Grief
bereavement, peptic ulcer bleeding, male 11.4 yr old, 3870
brief psychotherapy, unresolved grief, 82 yr old male, 6139
closeness of familial relationship to deceased, attitudes toward selected funeral practices, bereaved, 1081
coping strategies, adjustment to death of child, 21–67 yr old parents, 1-yr longitudinal study, 3323
cultural sources of mourning & death habits, cowboys, South America, 7769
death fantasies & mourning, 10443
death of father & development of psychosomatic disorders imitating fathers' symptoms, hyperventilating female 9 yr old & 14 yr old female wth dyspnea, 10733
differences in mourning behavior & post-bereavement mortality rates, Huli widows vs widowers, Papua New Guinea, 10317
early maternal bereavement, age at marriage & quality & fate of marriage & number of children & coping ability & childrearing, female psychiatric patients, 1127
efficacy of self help group participation, 21–67 yr old bereaved parents, 11050
failure to mourn, depression, literature review, 12865
genetic counseling approach, mourning response, parents experiencing stillbirth, 10974
grief process & interventions, parents of stillborn infants, literature review, 1388
grief therapy, 11.6 yr old male, 3934
mortality & psychopathology rates & bereavement, parents after death of adult child, literature review, 3517
mourning death of elderly parent vs spouse vs child, spouses & parents & adult children of deceased persons, 12715
phases of grief in Gestalt therapy, 1485
preferences for various counseling dimensions during different phases of grieving, 28–66 yr old bereaved parents, 3921

premature mourning vs failure to mourn when critically ill neonate survives & subsequent parent-child difficulties, mothers & 3 & 4 yr olds, 3312
role of self help groups & social workers, learning of death & mourning & burial of stillborn babies, 23–35 yr old mothers, 6432
self hypnosis, working through phases of mourning as seen in diary excerpts, widow, 13305
sex & marital status, reactions & adjustment to child loss from sudden infant death syndrome, parents, counseling implications, 8607
sudden infant death syndrome as family crisis & development of Family Adjustment Scale, assessment of adaptive grief responses & adjustment prediction, 165
support program, families of suicide victims, 13202
treatment of child bereavement in day nursery, 1748
variety & time course of grief feelings following death of significant other, questionnaire respondents, 7951
Grooming Behavior (Animal) [See Animal Grooming Behavior]
Gross Motor Skill Learning
improvement in maximum speed arm muscle adduction/forearm flexion movement learning & role of cerebellar motor programs, 19–35 yr old males, 476
mental retardation with whole-model vs progressive part-model demonstration, swimming imagery & acquisition of swimming skills, college students, 2521
pyramidal training of supervisors who subsequently provide training to staff, teaching of communication & motor skills to severely & profoundly handicapped residents, residential care staff, 4301
variable vs constant practice, development of motor recall schema in motor skill learning, educable mentally retarded 9.4–10.7 yr old males, 1332
Ground Transportation [See Also Motor Vehicles, Railroad Trains]
attitudes toward & expectations of school busing, 9–17 yr old Mexican American students, 2014
Group Behavior [See Collective Behavior]
Group Cohesion
assessment of solidarity, aircraft crew members, 13775
atmospheric conditions manipulated by interpersonal status in group structure, group affiliation & productivity, male 13–18 yr old special education students, 7723
command style & group cohesiveness, performance effectiveness of tank crews, male soldiers, 9101
group cohesion vs traditional approach in human relations training, empathic responding & attitudes, 18–25 yr old preservice elementary teachers, 1919
group cohesiveness & prior sharing, cooperation, college students, 7868
group interaction & goal orientation, group satisfaction & solidarity, college students in small group communication course, 5589
group size, group climate & unity & cohesion, 7877
interdependent organization of group activity, group development, textile mill weavers, 9144
S social status & group social cohesion, anxiety, 17–20 yr old females in study vs sports groups, 7721
social bonding & social systems, 5575
stability of informal groups, 7th & 8th graders, 11298
team affiliation, perception of judgment calls received by team, female high school students, 851
winning vs losing of matches, perceptions of cohesion, female intramural & intercollegiate volleyball players, 13751
Group Counseling
anxiety management training in large vs small groups, reduction of general anxiety, college students, 10898
aspects of loneliness & role in social work treatment groups, 4165
aspects of social group work, deaf clients, 4176
changing male/female roles, need for men's group counseling, 1536
client-focused approach in preparatory interview, social group work, children of Holocaust survivors, 4174
cognitive self modeling vs conventional group counseling, interpersonal skills, high school students, 10- & 25-wk followups, 2103
content of parent therapeutic groups, English- vs Spanish-speaking parents of children with cancer, 8592
counselor's personality & counseling style & background & group composition variables, group counseling outcome indicated by self concept & social relations, 12–17 yr olds with behavior or learning problems, 6206
criteria for self help/mutual aid groups outlined by President's Commission on Mental Health, implications for prevention, 10990
definition & range of self help groups, 4002
development of family group social work treatment, role of M. E. Richmond, 4175
direction & intention in group counseling process, 13198
dynamics & functions of orthopedagogic transition groups, children, 13331
efficacy of job seeking skills groups, 19–55 yr old psychiatric patients, 11003
efficacy of self help group participation, 21–67 yr old bereaved parents, 11050
efficacy of support group, 20–36 yr old females who experienced cesarean childbirth, 10969
ethical guidelines of American Personnel & Guidance Association for group leaders, 8766
ethical issues, group work research & evaluation, 8720
ethical training, group leaders, 8760
evaluation of program to develop group leadership skills, college seniors majoring in social work, 4306
experiential & didactic teaching of group counseling methods, social work college students, 1857
familiarity with & attitudes toward self help groups, 25–70 yr old health professionals, 11142
group counseling in public school, 17–22 yr old moderately mentally retarded & 10–12 yr old mildly mentally retarded students, 6812
group counseling, persons in process of divorce, 4182
group counseling program, coping with job stress, transportation workers, 13379
group counseling program, gifted students, 6827
group orientation program, parents of children in foster family care, 3980
guidelines for premarital group counseling, committed couples, 1741
informal groups in cross cultural counseling, 13206
interdisciplinary development & maintenance of situation/transition groups, crisis intervention & coping, general hospital patients & families, 4205
life model & interactionally oriented group therapy in summer day program, functioning & self confidence, 82 yr old female with Korsakoff's syndrome, 6394
maintenance of group confidentiality, therapist, 8725
methodology of studies on reflective group counseling, parents of mentally retarded children, 11037
model & principles of social work group treatment, men who batter, 4177
model for curriculum of group counseling education, counselor trainees, 13538
model for dealing with sexuality in group counseling, elderly, 13207
model of group social skills training with cognitive problem solving, incarcerated juveniles, 4223
model of social group work combining cognitive-behavioral techniques & traditional approach, 4166
models of worker-client interaction, social work group interventions, 4172
parent training & group behavior therapy vs individual family behavior therapy, behavior management, parents & their 5–13 yr olds with behavior problems, 8368
perceived benefits of group participation & role of professional, 16–75 yr old members of self help groups, 11033
person centered group counseling, social activity & family/interpersonal relations & anxiety & emotional stability, 24–67 yr old cancer patients, 8526
philosophical ethical beliefs & actual practices, group workers, 13507
rational behavioral training, self actualization, 21–50 yr old Comprehensive Employment & Training Act supervisors, 8361
report of ethical incident in group work, counselor educators & senior faculty, 8737
school-based counseling program participation, school contact & student problems, parents of learning disabled students, 2093
self disclosure in group counseling, group leaders, literature review, 13197
self evaluation guidelines, beginning group counselors, 8754
small group anxiety & stress management course using cognitive & relaxation techniques, college students, 13212
stress management & life coping skills training, anxiety & depression, females receiving public assistance, 4158
verbal interventions during group counseling sessions with predelinquent 14–18 yr olds, counselors, implications for counselor educators & counseling research, 8584
Group Decision Making
complexity of discussion problems, decision making, organizational groups, 5586

decision process & situation attributes, group solution of decision making problems, groups with leader & 2 subordinates & O, support for V. H. Vroom & P. W. Yetton's model of leadership behavior, 3388
emphasis on political vs technical criteria in group decision making, selection of candidates for land use planning commissioners, college students, 10418
feedback on group performance on decision problems with leader vs group-at-large ostensibly responsible for performance & responsibly known vs not known by other members, self presentation of competence & prominence, male vs female college students, 3395
homogeneity of S achievement & power & affiliation motives, risk in group decision making, college students, 12663
independent judgments in groups, male college students, 5569
individual vs team evaluation for special education placement, placement effectiveness, educational evaluators, 2063
interpersonal compatibility group decision making in business simulation game, college students, 12669
major tenets & development of groupthink hypothesis of I. Janis, 10411
mean competence & distribution of competence, accuracy of group judgments, critique of H. E. Sattler's article, 1016
nominal group technique, effectiveness of solar energy planning workshop, interest group representations, 1027
potential threat posed by "groupthink", effective decision making in autonomous work groups for improvement in quality of working life, 2224
proposed simplified calculations for W. J. Mackinnon's Successive Proportional Additive Numeration technique, group decision making, 4831
type & difficulty of task, group vs individual aspirations & decisions & performance, 6 & 9 & 12 & 15 & 18 yr olds, 5414

Group Discussion
age & social context, social competence, 2nd–5th graders, 7746
behavioral skill training vs discussion group treatment, alcoholics in standard inpatient treatment program, replication & extension of study by E. Chaney et al, 13469
class & small-group discussion method, Marxist philosophy education, 11254
complexity of discussion problems, decision making, organizational groups, 5586
evaluation & leadership guidelines, off campus process-oriented discussion groups, medical students & faculty members, 13536
extraversion & neuroticism & psychoticism & risk taking based on individual decision making vs group discussion, college students, 12755
full vs errant coaching, assigned role leaderless group discussion performance, female college students, 7882
group discussion training, psychology students, 4390
methodological flaws of paradigm using spontaneous moral discussions, criticism of W. Damon & M. Killen's study of social interaction & moral reasoning in young children, 845
model for training persons to lead small group discussions, 1843
moral reasoning level & social interaction during peer discussions of distributive justice, advancements in moral reasoning, 1st–3rd graders, 849
participation in classroom discussion, male vs female high school students, 8905
responses to friends & parents & verbal interaction style & family discussion, principled moral thinking, high school students, Australia, comparison to US data, 854
verbal interactions between science teacher & small groups of students, 14–15 yr old students, 11248

Group Dynamics [See Also Group Cohesion, Group Discussion, Group Participation, Group Performance, Group Size, Group Structure, Intergroup Dynamics]
aspects of loneliness & role in social work treatment groups, 4165
barriers to effective performance, athletic teams, 13750
biculturalism & locus of control, leadership behavior, groups of Anglo & Black & Chicano college students, 7875
biological & psychological & social processes, group-related behavior, 5581
brief marital group psychotherapy, control patterns in group interactions, married couples, 1527
characteristics of leader- vs content- vs group member-centered learning groups & applicability in adult education, 6671
classroom handling of group contagion & inner circle language, teachers, 6742
classroom support groups, problem behavior control, 6739
communication styles & personality traits & sociopsychological factors, group coordination & cooperation, aircraft crews, 6852
concept of group in anthropology vs social psychology, 10398
conflict & stress between subgroups, implications for control group theory, 7867
conflict dynamics, interdisciplinary medical school psychiatric staff, 6550
coping strategies for group behavior problems, classroom teachers, 6741
correctness of eyewitness testimony, Ss observing individually vs in groups, 7843
cultural differences, moderation in overt reactions to helpful vs unhelpful target person, male college students, Hong Kong vs US, implications for pan-cultural model of equity in social exchange, 1040
efficacy of group jogging program, psychiatric patients, 8270
experiential & didactic teaching of group counseling methods, social work college students, 1857
group dynamics & motivations, prone groups, literature review, 5864
group dynamics of cult affiliation & recruitment, 5489
group dynamics, review of H. Tajfel's book "Human Groups and Social Categories", 10412
group dynamics, 14–15 yr olds engaged in educational group projects, 7748
group in which each member independently decides own action, task accomplishment & decision making & group dynamics, 1005
group interaction & goal orientation, group satisfaction & solidarity, college students in small group communication course, 5589
group treatment, impaired elderly in rehabilitation center, 4157
history of group dynamics & role in social work, personal recollections of author, 4171
individual operator error count, compliance with crew coordination procedures, aircrew, 4558
interaction processes in small groups, learning, students, literature review, 11249
leadership strategies for management of conflict in groups, 1021
learning processes in action learning model & group dynamics, management education, 9125
need for interpretation & motivation & observation controls in experimental studies of small groups, 4692
nominal group technique, effectiveness of solar energy planning workshop, interest group representations, 1027
open & closed microgroups, therapeutic community, psychiatric inpatients, 13395
perception of power status & resources in classroom, elementary school students, 11296
photography, meeting evaluation, 6945
potential threat posed by "groupthink", effective decision making in autonomous work groups for improvement in quality of working life, 2224
pregroup preparation for establishment of group norms, therapy groups, 1514
psychiatric clerkship with group experience, empathy for & attitudes toward mental patients, medical students, 8729
psychological type & attraction to group, college students in growth group, 1541
recommendation for use of "nested" analysis in small group research, 9477
regulation & dynamics & psychosociology of human dynamics in living organizations, 10275
secure vs insecure power position, outgroup discrimination, 10–13 yr old males, 5444
self reinforcement, measure of individual participation potential in small group activity, female college students, 10393
sex differences, small group interaction, literature review, 1006
single- vs mixed-sex groups, stereotyped verbal & nonverbal behavior, college students, 7849
small group program using role playing & data gathering from family & interpersonal feedback & group discussions, identity formation, college students, 6207
social reinforcement & group power, group members, 12658
social systems analysis, group of family & friends awaiting death of critically ill patient, 1428
sociometric status in group & perception of giving & receiving help, 6th graders, 3236
uniform- vs mixed-ability group composition & group interaction & S's personality, mathematics achievement, junior high school students working in groups, 1982
verbal & other group interactions, interdisciplinary task teams, 26–65 yr old academic professionals, 5577

3 level model of group dynamics for therapeutic group work, 13205
Group Health Plans [See Health Maintenance Organizations]
Group Homes
establishment of community based group home, 19–34 yr old recently released psychotic patients, Israel, 1712
market analysis results, value of property surrounding group homes for 18–45 yr old mentally retarded, 11025
participation in child welfare decisions, 9–18 yr olds in group or foster homes or institutions, 6380
placement in Villages d'Enfants de France, academic & occupational achievement, 6 yr olds followed up in adulthood, 8590
Group Instruction
characteristics of leader- vs content- vs group member-centered learning groups & applicability in adult education, 6671
exposure to community awareness program through mass-media vs group instruction, attitudes & knowledge regarding early identification of exceptional children, parents, 11004
factors in choice of individualized vs group instruction, 4372
group approach & holistic strategies in portfolio development classes, improvement in credit for lifelong learning, adult community college students, 1958
group hypnosis as method of teaching self hypnosis, self improvement, college students, 8497
group vocabulary instruction, intentional & incidental learning, mentally retarded 10.4–14.7 mo olds with IQs of 32–66, 6764
interaction processes in small groups, learning, students, literature review, 11249
reading groups of different ability levels, reading development, children, literature review, 13611
small group job interview skills training, verbal behavior during role-played job interviews & subsequent employment, 20–37 yr old mental health center aftercare clients, 6468
small vs large group instruction, treatment of dyslexia, elementary school students, 11305
uniform- vs mixed-ability group composition & group interaction & S's personality, mathematics achievement, junior high school students working in groups, 1982
Group Participation
experimental game play with selected group members, cooperation play, 4 yr old female isolate, 2097
fear of talking, small group participation, college students, literature review, 1023
group affiliation, neighborhood commitment, Hasidic sect members, 10299
grouping with popular nonhandicapped peers, social acceptance, mainstreamed special education students, 11344
participation in classroom discussion, male vs female high school students, 8905
perceptions of heterogeneity of group members, in- vs out-group members, 1003
problem & causes of dysfunctional participant in occupational training programs, 2153
working alone vs in group with vs without theme, self perceived creativity, art students, 4361
Group Performance
atmospheric conditions manipulated by interpersonal status in group structure, group affiliation & productivity, male 13–18 yr old special education students, 7723
contingency management in programed environment, group performance, space mission personnel, 2166
feedback on group performance on decision problems with leader vs group-at-large ostensibly responsible for performance & responsibly known vs not known by other members, self presentation of competence & prominence, male vs female college students, 3395
feedforward vs feedback, group performance, 5th grade males, 7740
friendship, group performance on cooperative task, male college students in groups with friends vs strangers, 3398
interdependent organization of group activity, group development, textile mill weavers, 9144
interpersonal compatibility group decision making in business simulation game, college students, 12669
perceptions of functioning in mixed-sex vs all male anatomy dissection groups, medical students, 13487
score on Least Preferred Co-worker Scale, moderation of relationship between group task performance & satisfaction, male college students, 12667
task & group involvement & performance feedback, attributional effect of performance cues on self report descriptions, college students in simulated organizations, 9160
task complexity & cooperative vs competitive grouping, productivity & perception of leader & group members & group development, college students, 7890
type & difficulty of task, group vs individual aspirations & decisions & performance, 6 & 9 & 12 & 15 & 18 yr olds, 5414
Group Problem Solving [See Also Brainstorming]
action research program involving employee problem solving group & surveys & interviews, number of injuries, employees, 2230
decision process & situation attributes, group solution of decision making problems, groups with leader & 2 subordinates & O, support for V. H. Vroom & P. W. Yetton's model of leadership behavior, 3388
differences in methods & models in physics & psychology, multidisciplinary problem solving & role of systems engineering, 6895
group dynamics, 14–15 yr olds engaged in educational group projects, 7748
majority vs unanimous decision rule, group task conflict in role-played Change of Work Procedure problem, college students, 10395
nominal group technique, effectiveness of solar energy planning workshop, interest group representations, 1027
personal vs universal helplessness, problem solving performance, college students in contingency vs noncontingency groups, implications for reformulated model, 7278
unconscious problem solving, natural work groups, 7881
unstructured vs structured-open vs structured-forced procedures, group problem solving performance, college students in male vs female groups, 10409
Group Psychotherapy [See Also Encounter Group Therapy, Therapeutic Community]
analogy between Sabbath & group mental health interventions based on family centered education program, 9th & 10th grade students & teachers, 6651
appearance & treatment of primitive defense mechanisms during group centered nondirective psychotherapy, 13194
aspects of group co-leadership, 3994
behavior-oriented group therapy, diet-induced depression, obese females with mean age of 31 yrs, 13242
brief marital group psychotherapy, control patterns in group interactions, married couples, 1527
brief problem-focused group psychotherapy, adolescents, 13199
cognitive group psychotherapy, depression, close-ended short-term groups, 6178
cotherapy, group of 20–50 yr old psychosomatic patients, 6186
demographic characteristics & sex, performance in self help groups vs individual therapy, stutterers vs nonstutterers, 3944
design of sociometric instrument for identification of emergent leader roles in psychotherapy groups, 4775
development of growth advancement program & group & activity therapy, chronically ill young adults, 1724
developmental stage, friendship formation & impairment & relationship to group therapy, 1–3 vs 3–6 vs 6–12 vs 12–16 yr olds, 3207
differences & similarities between family & other small groups & family vs group therapy, literature review, 1512
drama therapy, 65–90 yr old day care patients with physical disabilities & depression & senility, 1526
dynamic interactional group therapy, adult children of alcoholics, 3974
ego structuring in group psychotherapy, 6172
Ericksonian techniques of utilization & indirect suggestion in multiple-family group therapy, 20–65 yr old male alcoholics, 4258
erotic transference, group psychotherapy, psychotics, 3971
ethical issues, group therapy, 8724
ethical issues, group work research & evaluation, 8720
ethical training, group leaders, 8760
factor structure of screening scale for children & adolescents, prediction of group psychotherapy success, juvenile delinquents, 4732
family systems treatment approach, children of spouse abusive families, 8359
Gottschalk-Gleser content analysis, affect changes during psychotherapy, members of analytical group, 6203
group & psychoanalytic therapy, interview with M. Pines & bibliography of his works, 6123
group &/vs individual therapy with same vs different therapists, 3958
group assertive training in correctional institutions, juvenile delinquents & adult offenders & correctional staff, literature review, 13427
group cotherapy, coping & readjustment, sexually abused 13–14 yr old females, 1524

group hypnotherapy & behavior therapy, 32–38 yr old mentally retarded & psychotic males, 8494
group meetings in hospital lung department, nursing staff & psychoanalyst, 11057
group music therapy, self expressive abilities, psychiatric patients, 1447
group progressive relaxation training vs cognitive-behavioral group therapy, pain & depression & disability, 20–63 yr old chronic low-back-pain patients, 1534
group psychodiagnostics, child clients & their parents, 6190
group psychotherapy, ambulatory patients, 6184
group psychotherapy, parents of 16–30 yr old psychiatric patients, 3975
group psychotherapy, patients with neurotic character problems, 6185
group psychotherapy, psychiatric inpatients, literature review, 6182
group psychotherapy, self vs expert ratings of treatment effectiveness, adolescent psychiatric inpatients, 10874
group psychotherapy with bilingual leaders, impulsively sexual & aggressive & clinically depressed 14–17 yr old female Hispanics, 3979
group Rational Emotive Therapy, anxiety reduction & rational thinking & self enhancing emotions, female college students, 13196
group therapeutic approach, teaching of ethnic & minority relations & attitudes, social work students, 4278
group therapy, adjudicated 1st offender adolescent & adult shoplifters, 13433
group therapy by telephone, social isolation & loneliness, blind 56–78 yr old veterans, 8358
group therapy, deficient parenting responses & excessive nurturance & psychopathology & emotional maturation, 6180
group therapy for integration into community, schizophrenic day hospital patients with pathological affect, 13411
group therapy, schizophrenia, in- & outpatients, literature review, 6202
group therapy, sexual offenders, 8360
group therapy, suicidal patients, literature review, 13193
group therapy vs yoga group, self cathexis & body cathexis, Ss with mean age of 38 & 25 yrs, 10863
group transactional analysis ego-stroking techniques, males depressed due to life stress, 10864
inclusion of process-observer in group therapy, parents with severely disturbed family systems, 6205
individual & group psychotherapy, acceptance of equality for self on intellectual & emotional level, female college students, 8314
individual & group therapy, abused 2.5–4 yr olds, 8312
individual vs group psychotherapy & diazepam vs chlorprothixene vs carbamazepine vs haloperidol, tics, children with mean age of 8.8 yrs, 3 mo–8 yr followup, 6072
leaderlessness & midlife transitions, termination of couples group, male vs female mental health professionals & spouses, 3976
maintenance of group confidentiality, therapist, 8725
MMPI profiles & treatment issues & group psychotherapy model of I. D. Yalom & S. Brown, alcoholics, literature review, 6490
multiple family group therapy with cotherapists & use of young children's drawings, families with 8–15 yr old patients, 6197
neuroleptics & social skills training with vs without group therapy, psychotic schizophrenia, 18–50 yr old patients, 3984
nutritional modification with vs without blood pressure self monitoring & social competence training or relaxation training or information, blood pressure & body weight, obese patients with essential hypertension, 8382
parental participation in parallel group psychotherapy, group psychotherapy attendance & outcome, 13–16 yr olds, 6201
personality traits, individual & group psychotherapy, chronic alcoholics, 4260
pregroup preparation for establishment of group norms, therapy groups, 1514
primary vs secondary vs no pretraining, outcome of group psychotherapy, 20–60 yr old outpatients with neurotic & characterological disorders, 3990
professional training & views of E. Fried on issues in field of group psychotherapy, discussion based on personal interview, 6540
psychodynamics & treatment, phobic neuroses characterized by inhibition of locomotion, 1515
reparenting as group therapy technique, remedy of defective communication patterns experienced during childhood, patients, 10862
reported group therapy curative factors, male chronic alcoholic outpatients with mean age of 54.8 yrs, 6497
research methodology for study of group phase development & leadership in psychotherapy, 4660
role of cotherapists & object relations approach in group psychotherapy, borderline patients, 6187
running as adjunct to group psychotherapy, 24–50 yr old posthospitalized chronically ill psychiatric patients, 6196
sexual learning therapy & therapeutic group & community, functional sexual disturbances, married couples, 6193
short-term group psychotherapy based on adult developmental model, 6176
short-term intensive group psychotherapy, psychiatric outpatients, 3985
silent observation as training, group therapists, 6526
simulated group training model, group psychotherapists, 6546
social & coping skills training group in psychiatric day hospital unit, 22–60 yr olds with life crises stresses, 13418
speech group, alcoholism, 1826
spontaneous nonverbal intervention in group therapy, therapists, 3982
techniques for easing effects of membership changes in psychotherapy groups, 13–15 yr olds, 6177
theory & practice of ward groups, inpatient child psychotherapy, 11075
therapeutic self help groups, implications for psychotherapists, 8365
therapist techniques & group therapy, schizophrenics, 6204
training & qualifications of paraprofessionals as group psychotherapists in fields of mental health & substance abuse, 6557
transference & idealization in group therapy, 16–70 yr old Hispanic patients, 3995
treatment stages in group art therapy model, 9–17 yr old female incest victims, 13191
unethical behaviors, group therapy leaders, 8747
verbal group technique, emotionally disturbed 8–12 yr olds, criticism of article by M. J. Blotcky et al, 8364
verbal non-directive group psychotherapy based on play therapy, ego-disturbed 8–12 yr olds, 8355
videotape pretraining, process & outcome variables in group therapy, 24–48 yr old prison inmates, implications for overtly resistant clients, 4228
ward discussion vs activity group, symptom change, psychiatric patients, 4211
3 level model of group dynamics for therapeutic group work, 13205

Group Size

additional tank crewman, crew morale & performance, US Army tank battalion crewmen, 2164
anxiety management training in large vs small groups, reduction of general anxiety, college students, 10898
change in size of work groups & absenteeism rates, workers at high technology manufacturing plant, 2 yr longitudinal study, 9094
characteristics of day care centers, quality of social environment & social & cognitive development, preschool age children, 7820
group size & composition, self stimulation & interaction, 16–26 yr old institutionalized severely & profoundly mentally retarded males, 11070
group size, avoidance & other anti-predator strategies, marine insects, 414
group size, group climate & unity & cohesion, 7877
group structure & optimum size, school groups, 6598
minority of 1 vs 2 people & sex composition & conversion of majority member to minority position, influence on majority position, college students, 5566
small vs large group instruction, treatment of dyslexia, elementary school students, 11305
work group & task size, rating jobs on dimensions & enrichment & motivation potential, college students observing assembly line workers, 2221

Group Structure

atmospheric conditions manipulated by interpersonal status in group structure, group affiliation & productivity, male 13–18 yr old special education students, 7723
counselor's personality & counseling style & background & group composition variables, group counseling outcome indicated by self concept & social relations, 12–17 yr olds with behavior or learning problems, 6206
friendship, group performance on cooperative task, male college students in groups with friends vs strangers, 3398
group size, group climate & unity & cohesion, 7877
group structure & optimum size, school groups, 6598
interdependent organization of group activity, group development, textile mill weavers, 9144
mixed- vs same- age group play, preferences for same sex playmates, 2–5 yr olds, 855

participant social relationships & opinions, efficacy of management course, trainees in meat & milk industry, 13792
task complexity & cooperative vs competitive grouping, productivity & perception of leader & group members & group development, college students, 7890
techniques for easing effects of membership changes in psychotherapy groups, 13–15 yr olds, 6177
uniform- vs mixed-ability group composition & group interaction & S's personality, mathematics achievement, junior high school students working in groups, 1982
Group Testing
construction of group version of L. Kohlberg's Moral Judgment Interview, assessment of moral development, 8–65 yr olds, 9403
group vs individual administration of Szondi Test, transference reaction toward E & drive profiles, adults, 7041
norm vs criterion referenced & individually vs group administered reading tests, analysis based on reading model, 2118
teacher training in standardized test administration & student training in test taking & reinforcement for better performance, achievement test scores, 2nd graders & teachers, 9021
Group Therapy [See Group Psychotherapy]
Groups (Ethnic) [See Ethnic Groups]
Groups (Organizations) [See Organizations]
Groups (Social) [See Social Groups]
Groups (Statistics) [See Population (Statistics)]
Growth [See Development]
Growth Centers [See Human Potential Movement]
GSR (Electrophysiology) [See Galvanic Skin Response]
Guanethidine
diuretics & methyldopa & guanethidine & reserpine & propanolol & clonidine & spironolactone & other oral antihypertensive drugs, sexual dysfunction, males, literature review, 4087
Guessing
developmental age changes, selective search strategies, 5 & 8 & 11 yr olds & adults, 3168
lesion site & guessing, vowel perception & perceptual vs expressive phonemic discrimination, 23–75 yr old aphasics, 1383
methods of correction of response measures for guessing, 221
norm conformity index & individual conformity indices, detection of individual examinee's response consistency, 4709
past vs future event probability assessment task, certainty of responses, college students, England vs Indonesia, 11892
test difficulty & guessing & item dependence, reliability & validity of matching & multiple choice recognition cloze testing, 2418
use of convergence guessing strategy, scores on Scholastic Aptitude Test, male college students & high school seniors, 9016
validity of various measures based on corroboration time vs overt confidence judgments, self report assessment of learning, students, 4682
verbal analogy tests developed by using 1- vs 3-parameter logistic models, test efficiency, high school students of differing ability, 13715
Guidance (Educational) [See Educational Counseling]
Guidance (Occupational) [See Occupational Guidance]
Guidance Counseling [See School Counseling]
Guided Daydreams [See Directed Reverie Therapy]
Guided Fantasy [See Directed Reverie Therapy]
Guilford Zimmerman Temperament Surv
stage of menstruation, consistency of Hand Test & Guilford-Zimmerman Temperament Survey, college females, 9419
Guilt
affect & empathy & guilt, moral development, 3039
causal explanations of immanent justice, cheating behavior & guilt, 10–12 yr olds & 4th & 5th graders, Israel, 10101
fear & anger & guilt as stress reactions, implications for mental disorders, 3560
female victim & male offender intoxication, attributions of blame in rape scenarios, male vs female college students, 12689
locus & stability & controllability as causal dimensions of pity vs anger vs guilt, college students, 2666
moral development & sex guilt & sexual experience, college students, 12391
negative therapeutic reaction based on Freud's borrowed guilt, female depressive, 10843
psychoanalytic interpretation, Macbeth character, 10076
psychohistorical study of Y. Mishima & guilt & depression & death imagery & suicide, 5835
sense of self & objective self awareness & early narcissistic development, shame, literature review, 10213
sex guilt & gender & positive vs negative affect & preference for erotic stimuli, criticism of correlation & regression analyses used by W. Griffitt & D. L. Kaiser, 7279
sexual guilt vs knowledge, attitudes toward abortion, college students, 5537
sexual standards & guilt & acculturation, male vs female Japanese- vs Caucasian-Americans, 987
shame & acculturation, interethnic relations, Indian & Latin town residents, Mexico, 7763
Guinea Pigs
acetylcholine, responses of hippocampal CA1 pyramidal neurons, guinea pigs, 12246
adrenoblocking agents, hypothalamo-neurohypophyseal secretory system activity & stress-induced stomach ulcers, guinea pigs, 636
age & presence of human O, vocalization & ambulation in open field, guinea pigs, 9812
auditory space representation in superior colliculus as measured by evoked potentials, guinea pigs, 9869
burying of sources of aversive stimulation, rats vs mice vs guinea pigs vs hamsters, 12014
cortically-induced rhythmical jaw movements, trigeminal motoneuron membrane-potentials, guinea pigs, 2889
electrical stimulation of nucleus lateralis septi & nucleus medialis septi, septal neuronal activity, guinea pigs, 5201
intracellular recordings from cochlea outer hair cells, guinea pigs, 12049
prenatal nicotine & age, spontaneous alternation & response to novelty & brightness discrimination & reversal, neonatal vs adult rats, 626
progesterone dosage level, progesterone desensitization effect on lordosis & hypothalamic progestin receptors, female guinea pigs, 591
synthesized enkephalin analogs, electrically induced ileal contractions & analgesia, guinea pigs & mice, 7559
vomeronasal organ removal, response to conspecific urine & social & sexual behavior, male guinea pigs, 12216
Gulls [See Sea Gulls]
Gun Control Laws
characteristics of confiscated handguns, rate of police officer murders in cities, US, 3680
state handgun control laws, suicide rate & homicide by firearms, 12936
Gustatory Perception [See Taste Perception]
Gymnastic Therapy [See Recreation Therapy]
Gynecological Disorders [See Amenorrhea, Dysmenorrhea, Menstrual Disorders, Premenstrual Tension, Pseudocyesis]
Gynecologists
sex & professional level, preferences for gynecological examiners, females, 4114
Gynecology
gynecologic teaching associate program vs pelvic models, performance in pelvic examination, medical students, 6575
humanization of hospital environment in department of gynecology-oncology, 6450
pain during gynecological examination at age 14 yrs, vaginismus, 26 yr old female, 1394
sex differences, performance in obstetrics & gynecology clerkship, 3rd-yr medical students, 6563
Gyrus Cinguli
anterior vs posterior cingulate cortex lesions & immobilization, stomach pathology, male rats, 5207
anterior vs posterior cingulate cortex lesions, classical conditioning of heart rate & eye-blink, rats, implications for cingulate mediation of cardiovascular orienting responses, 7516
cortical afferents to prefrontal cortex, bush babies vs rhesus monkeys vs nonprimates, 5100
photic & optic nerve electrical stimulation, dorsal hippocampus activity & relation to striate cortex response, rats with pons transections vs tectum vs cingulum lesions, 5112
speech & language & visuospatial & arithmetic skills & computerized tomographic scan asymmetries, 67 yr old female with crossed aphasia & lesioned right supramarginal gyrus, 10718
Habitat Selection [See Territoriality]
Habits [See Also Hair Pulling, Thumbsucking, Tobacco Smoking]
classroom behavior modification, thumbsucking & head rubbing & object mouthing, 7 yr olds, 2 case reports, 8859
conceptualization of habit structure, implications for psychosocial occupational therapy, 11087
hypnotherapy, treatment of tongue thrusting, dentists, 1664

oral &/vs cuddly comfort habits at 4 yrs of age, subsequent personality development, Ss evaluated at 11 & 16 yrs of age, longitudinal study, 3230
Habituation
age & sex differences, excitability measured by habituation test, swine, 11948
assertiveness, behavioral & cognitive & physiological factors, female assertive medical school faculty members & clinicians & nonassertive neurotics & secretaries, 5137
attentional vs neutral instructions & forward vs backward conditioning analog, habituation & recovery in autonomic conditioning, college students & staff, 12124
auditory stimulation & low & middle nicotine cigarette smoking, arousal & habituation & excitation/inhibition & response suppression, 18–24 yr olds, 12282
CS contingencies in electrodermal response conditioning, individual differences in changes in skin conductance during conditioning & habituation & self reported discomfort, electrodermally labile vs stabile male college students, 9907
dishabituating tone, skin conductance habituation, 17–58 yr old schizophrenics & depressed & anxious neurotics, 8012
EEG correlates of attention during habituation/dishabituation of orienting response, 3–10 yr olds, 12420
enriched vs impoverished environment, locomotor activity & exploration & habituation in open field, dwarf mice, 12138
habituation of cortical evoked potentials, Down's syndrome Ss with mean age of 29 yrs, implications for inhibitory deficits at electrophysiological level, 5888
habituation to running wheel prior to feeding restriction, activity-stress ulcers, male rats, 12186
initial visual input to left vs right hemisphere, magnitude of skin conductance response, college students, 12060
intensity of auditory white noise pips, evoked late positive complex parameters & skin conductance habituation, 18–40 yr olds, 7436
interval between repeated depolarizing pulses to mechanoreceptor, amplitude of excitatory postsynaptic potentials in motor neurons & habituation of gill-withdrawal reflex, Aplysia, 5196
lysine-vasopressin, exploratory behavior, male rats, 12290
model, design of pulsating advertising strategy combatting wearout phenomena, 2300
number of sweet stimulus presentations followed by salt/sucrose mixture, saltiness suppression, college students, 9513
similarity of tones making up complex sequence, generalization of skin conductance response habituation, college students, 9904
stimulus frequency during rest vs mental task, habituation of blink reflex, 18–35 yr olds, 9952
stimulus- & motivation-specific components of sensitization-habituation & aggression, male sticklebacks, 7369
task instructions, habituation of GSR index of orienting reflex, college students, 9911
visual patterns, dishabituation to transformations, 10 mo olds, 795
Hair
intracellular recordings from cochlea outer hair cells, guinea pigs, 12049
thickness of innervated guard hairs & follicle distribution & receptive field size, hair receptors, cats, 12102
Hair Pulling
behavior therapy, trichotillomania, 7 yr old male, 10916
behavioral psychotherapy, unusual referral problems, outpatients, 6228
facial screening, trichotillomania, developmentally disabled 3–9.5 yr olds, 6217
insight psychotherapy & behavior modification, hair pulling, 15 yr old female, 6074
modified habit reversal techniques, hair pulling, 7 yr old male, 8430
Halfway Houses
cost data for mental health care provided in hospitals & halfway houses & health maintenance organizations & community mental health centers & comprehensive community programs, 8543
halfway house placement, recidivism & adjustment, alcohol & drug abusers under 18 yrs & 19–36 yrs old, 14-mo followup, 6514
halfway house treatment & intake characteristics & status at discharge, subsequent drinking & employment & social stability, male vs female chronic alcoholics, 4265
intermediate halfway house as community resource & psychosocial profile of users, psychotic patients, 1805
problem of mixed message & resultant double bind, residents & staff of psychiatric halfway house, 13405
Hallucinations [See Also Auditory Hallucinations, Drug Induced Hallucinations, Visual Hallucinations]
imagery processes & concurrent hallucinations, schizophrenics vs possible schizophrenics vs nonschizophrenic psychiatric patients, evidence for enhanced imagery vs imagery deficit models, 1216
incidence & sex & clinical symptoms & associated sensory disabilities & drug therapy, late paraphrenia, patients aged 60 yrs & over, 6319
regional cerebral blood flow & hallucinations, schizophrenics with mean age of 26.9 yrs, 3599
Hallucinogenic Drugs [See Also Lysergic Acid Diethylamide, Phencyclidine]
delta-9-tetrahydrocannabinol vs atropine vs LSD vs phencyclidine vs hallucinogen SKF-10,047 vs dextroamphetamine vs sodium pentobarbital, food consumption, food-deprived dogs, 12349
discriminative stimulus properties & generalization of substituted amphetamine derivative & hallucinogenic agents, male rats, 2939
transcendental interaction model of hallucinogenic mushroom use, ancient Maya, literature review, 10379
visual deprivation, central neurochemical & neurophysiological changes & comparison with hallucinogenic drug effects, review of deafferentation studies, 2870
Hallucinosis [See Delirium Tremens, Korsakoffs Psychosis]
Halo Effect
immediate vs delayed rating of college lecturer performance, halo effect & appropriateness of traditional vs cognitive classification model for describing rating process, college students, 13779
Haloperidol
antipsychotic drug therapy, disordered children, literature review, 4085
beta-TYR-9melanotropin-9–18, extinction of active avoidance reflex & open field activity, haloperidol- & amphetamine-treated male rats, 2982
chronic molindone treatment vs haloperidol, dopamine receptor sensitivity, male rats, 656
circadian changes, brain distribution & sensitivity to haloperidol, male rats, 5227
circadian rhythmicity & haloperidol, cerebrospinal fluid concentration of prolactin, male rhesus monkeys, 5263
depot haloperidol decanoate, acute & chronic schizophrenia, 20–65 yr old patients, 4099
development of idiopathic torsion dystonia & treatment with haloperidol, 23 yr old female with schizophrenic brothers, 6273
dexamethasone vs insulin vs domperidone vs haloperidol vs acetylsalicylic acid vs naloxone vs chlorpheniramine vs cimetadine vs dimethyl sulfoxide, radiation-induced taste aversion, rats, 9995
dextroamphetamine vs haloperidol following motor cortex ablation, recovery from paresis & depressed catecholamine levels, male rats, implications for rehabilitation of stroke & trauma patients, 7544
dosage levels of haloperidol vs metaclopramide vs pimozide vs butaclamol, ACTH-induced grooming & locomotor activity, male mice, implications for dopamine neurotransmission in grooming, 2941
drug therapy & ECT, psychotic symptoms, 19 yr old female with systemic lupus erythematosus, 6062
GABA agonist progabide &/vs diazepam vs sodium valproate vs haloperidol vs diphenylhydantoin & bicuculline, escape response induced by electrical stimulation of periaqueductal grey, male rats, 9992
haloperidol & diazepam & properidiazine & lithium chloride, social behavior & aggression, treated male mice & their untreated partners, 5235
haloperidol & fluphenazine decanoate, catatonia, 72 yr old female psychiatric inpatient, 4089
haloperidol & lithium carbonate, development of persistent dysarthria & apraxia, manic depressive 19 yr old male, 1593
haloperidol &/vs mild punishment, self injury & collateral behaviors, 17 yr old profoundly retarded male, 1449
haloperidol, bilateral asymmetry for striatal dopamine metabolites & relation to dominant rotation direction, female rats, implications for pharmacologic treatment of schizophrenia, 7553
haloperidol decanoate concentration, chronic psychosis, 32–81 yr old female inpatients, 4097
haloperidol, discrimination learning & behavioral symptoms, autistic 2.3–7.9 yr olds, 1598
haloperidol in increasing doses, therapeutic plasma concentrations, 18–65 yr old treatment resistant chronic schizophrenics, 6291
haloperidol induced akinesia & catalepsy, subordinate behavior, male gerbils, 12346

haloperidol vs chlorpromazine vs clozapine vs dopamine, dopamine & acetylcholine release from nucleus accumbens & striatum, female rats, 604
haloperidol vs thioridazine vs butaperazine treatment, platelet MAO activity & prolactin levels, schizophrenics with mean age of 34.1 yrs, 6290
high doses of haloperidol vs ECT, 20–50 yr old systematic vs unsystematic schizophrenics, 1473
home nest odors & age & circadian rhythms, effect of amphetamine vs phentolamine vs haloperidol on shock induced wall climbing, rat pups, 12244
individual vs group psychotherapy & diazepam vs chlorprothixene vs carbamazepine vs haloperidol, tics, children with mean age of 8.8 yrs, 3 mo–8 yr followup, 6072
interruption of shock vs novel stimulus as stimulus change, escape performance disruption by uncontrollable-shock vs haloperidol preexposure, mice, 9923
iv haloperidol & apomorphine, glucose utilization in brain areas, male rats, 5255
lithium & haloperidol, apomorphine inhibition of prolactin secretion as index of dopamine receptor supersensitivity, male rats, implications for manic depression prophylaxis, 5273
long-acting haloperidol decanoate injections as substitute for daily neuroleptic intake, patients with paranoia or paranoid schizophrenia, 13287
methadone & haloperidol & chlorpromazine, anxiety & conceptual disorganization & suspiciousness symptoms, 42 yr old male heroin addict, 1840
muscimol & haloperidol withdrawal & picrotoxin, apomorphine-induced climbing & striatal homovanillic & dopamine levels, male mice, 12297
operant learning method, behavioral assessment of dopaminergic effects of dextroamphetamine & apomorphine & haloperidol & methohexital, female rats, 7547
pemoline & haloperidol vs pimozide vs diazepam & pretreatment with parachlorophenylalanine vs parachloroamphetamine, stereotyped & self injurious behavior, male rats, 659
phencyclidine dosage & pretreatment with haloperidol vs methysergide, aggressive behavior & motor activity, mice, 12345
pimozide vs haloperidol vs placebo, behavioral & autistic & mental disorders, 3–16 yr olds, 10941
posture & pulse rate & blood pressure, plasma norepinephrine & dopamine-beta-hydroxylase activity, chlorpromazine- vs haloperidol-treated vs drug-free schizophrenics vs schizoaffectives, 3555
quipazine & methysergide vs haloperidol, apomorphine discrimination, male rats, 12328
repeated haloperidol, conditioned avoidance response & serum haloperidol concentrations, male rats, 2944
tripelennamine vs haloperidol vs oxazepam, stress-induced activity & neuroendocrine deficits, male rats, test of specificity of animal model of depression & implications for drug therapy, 632
Halstead Reitan Test Battery [See Neuropsychological Assessment]
Hamsters
amygdala lesions, interruption of vomeronasal & olfactory chemosensory afferents & mating deficits, male hamsters, 576
burying of sources of aversive stimulation, rats vs mice vs guinea pigs vs hamsters, 12014
conspecific odor presence, scent marking, hamsters, 4991
diet & strain & feeding schedule & environment differences, postfast anorexia, golden hamsters, 2879
electrical stimulation of superior colliculus, eye movements, male rats & hamsters, 9963
estradiol vs cholesterol implants into hypothalamic vs extrahypothalamic brain regions, sexual receptivity, ovariectomized hamsters, 12266
estradiol vs testosterone vs castration, wheel running rhythms, male vs female hamsters, 12168
GABA binding in brain, aggressive vs nonaggressive female hamsters, 9872
high-fat vs sucrose vs chow diet, food intake & body weight & carcass composition & oxygen consumption, male hamsters, 12195
light-dark period durations, circadian rhythms of gonadotropic hormone levels & sensitivity in testes, male hamsters, 442
long term ethanol exposure, reduction of leucine-enkephalin-like immunoreactive substance in basal ganglia, hamsters, 592
luteinizing hormone-releasing hormone immunoreactivity in accessory olfactory bulb, male hamsters, implications for neuroregulation of sexual behavior, 7434
monocular vs binocular enucleation, morphology of intercollicular pathway & number & distribution of intertectal cells, hamsters, 2911
neonatally administered monosodium glutamate, development of retinohypothalamic projections & entrainment of circadian locomotor activity, hamsters, 2967
olfactory bulbectomy & phase of circannual body weight rhythm, hyperphagia, wild male European hamsters, 12229
physiological properties of in vitro hippocampal slice, hamsters, 7406
scrapie virus injection into nigrostriatum, apomorphine induced rotation behavior, hamsters, 617
selection of relevant cues in volume discrimination, gold hamsters reared in spatially diversified environment vs laboratory cage, 9772
sex of cagemate during pregnancy & lactation, aggression, female golden hamsters, 9814
somatic stimulus induction of lordosis during sexual receptivity, distribution of pronounced & sustained midbrain unit responses, female hamsters, 480
visual &/vs auditory stimuli, avoidance conditioning, hamsters, 9721
Hand (Anatomy)
chirological test, differences in characteristics of hands, 15–65 yr old hospitalized schizophrenics vs normal Ss, 3611
clockwise stereotype in turning key to unlock box with right vs left hand, right handed 18–69 yr olds, 7184
equal sensation contours & threshold curve for low frequency vibrotactile stimuli on glabrous skin of hand, humans, 9509
frequency & amplitude of perpendicular sinusoidal displacement of glabrous skin of hand, mechanoreceptor afferent unit activity, humans, 2783
hand grip strength & hand preference for writing, left vs right handed college students, implications for reliability of hand dynamometer, 7423
line drawings of left vs right hand & hand form & angular departure & S's head tilt, RTs for hand identification, right handed college students, 11761
motor output maps for distal forelimb in cortical area 4, squirrel monkeys, 2813
organization of somatosensory input from digits & wrist to cortical area 4, squirrel monkeys, 2812
"seeing" with hands, 10–12 yr olds, 4620
sinusoidal skin displacement with stimulus probe edge over receptive field, spatial acuity of rapidly vs slowly adapting mechanoreceptive units in glabrous skin of hand, 21–31 yr olds, 2784
velocity of shoulder & elbow & wrist & hand & finger movements, red nucleus single unit activity, rhesus & cynomolgus monkeys, 7416
Handedness
asymmetries in cortical motor evoked readiness potentials as index of motor control, 18–33 yr old left vs right handed males with inverted vs noninverted hand posture during handwriting, 5030
control & organization of voluntary movements, 20–24 yr old left handed Ss, implications for sports medicine & personnel selection, 9874
double stimulation & handedness, RT, college students, 2780
generation vs repetition of vocalizations, slow potentials preceding speech, right- vs left-handed male vs female college students, 9846
genetics & handedness & cognitive ability, families tested in Hawaii Family Study of Cognition, 423
genetics & phenotypes, handedness, house mice, 12028
hand grip strength & hand preference for writing, left vs right handed college students, implications for reliability of hand dynamometer, 7423
handedness & handwriting, children followed from 3–6 yrs of age, 7601
handedness & hemifield of presentation, mirror-reading & ability to reverse scanning pattern, college students, 264
handedness & sex differences, evaluation of self & ideal self & pornography, college students, 1055
handedness & tardive dyskinesia, 20–94 yr old schizophrenics in discrete geographical area, Scotland, 1180
handedness, autistic 5–23 yr olds & their families, 8063
handedness, female gorillas, 2774
handedness patterns, deaf high school & college students, 10698
handedness, schizophrenics with vs without thought disorders, 12884
handwriting & handedness & speech dominance, ECT administration, 8280
intelligence & cognitive abilities, left vs right handed persons, literature review, 7442
lateral hand & foot & eye & ear preferences, academic major, college students, implications for handedness & career choice, 2767

lateralization, olfactory sensitivity to n-butanol, left handed vs right handed males, 9889
lateralized object-naming & lexical decision latency tasks, visual field superiorities, male vs female college students with vs without familial sinistrality, 9898
left handedness & role of testosterone, migraine & myasthenia gravis & dyslexia & related language disorders & learning disabilities & autoimmunity, 3735
manual asymmetry, neonates at 1.5–6 days vs 4–16 wks of age, 10199
one-handed throwing of stones, development of cerebral lateralization, early hominids, 9227
performance on Hand Test & Route Test & GPA, male vs female 13–17 yr old high school students, 7694
placement in normal vs opposite hemispace, hand preference in Braille reading, blind 28–57 yr olds, 13009
sex & hand used in tactile-visual recognition task at lower vs higher level of mental processes, hemispheric functionality, right vs left handed 15–25 yr olds, 7409
sex & handedness & space of motion & parental educational degree & language, incidence of dyslexia, 8.4–10.4 yr olds, 5887
sex & handedness, regional cerebral blood flow during rest & cognitive activity, 18–26 yr olds, 5058
sex & handedness, spatial ability, European vs Japanese vs Chinese adults & their adolescent offspring, 5656
sex & handwriting posture, response latency for naming letters presented to left vs right visual field, left vs right handed college students, 9830
tactile recognition test with rotated vs nonrotated stimuli, performance with left vs right hand, left vs right handed adults, 5118
Handicapped [See Also Amputees, Aurally Handicapped, Autistic Children, Blind, Brain Damaged, Congenitally Handicapped, Deaf, Educable Mentally Retarded, Emotionally Disturbed, Institutionalized Mentally Retarded, Mentally Retarded, Minimally Brain Damaged, Multiply Handicapped, Partially Hearing Impaired, Physically Handicapped, Profoundly Mentally Retarded, Severely Mentally Retarded, Slow Learners, Speech Handicapped, Trainable Mentally Retarded, Visually Handicapped]
activity day program, profoundly & severely handicapped adults, 11076
advocacy of extending definition of handicapped to include maladjusted & discrimination victims, 7973
affective & psychomotor & cognitive components, curriculum development, handicapped 0–8 yr olds, 11316
age & experience & level of teaching & type of service delivered & student label, burnout, teachers of handicapped & gifted children, 8824
age & handicapping condition & contextual setting, development of peer relations, young children, literature review, 865
application of research material, extension of rehabilitation services, handicapped, 8674
application of social competence model, diagnosis & assessment & treatment, exceptional children & adolescents, literature review, implications for mainstreaming & vocational training, 5674
attachment formation, children with mental retardation & other handicaps, literature review, 10654
attitudes toward early identification procedures, diagnosis of learning disabilities or handicaps, kindergarten teachers in early childhood graduate course, 8818
attribution of unsuccessful job acquisition by disabled vs nondisabled applicants, nondisabled college students, implications for effect of attributions on client motivation, 8689
barriers to provision of integrated play environments for handicapped children, social service agency personnel, 1729
career education for preparation in independent living, handicapped high school students, 2034
career education program, emphasizing skill development, handicapped elementary school students, 2057
career education programs, handicapped elementary school students, 2032
career planning & placement services, disabled college students, 8979
career related factors, attitudinal & cognitive aspects of vocational maturity, disabled & disadvantaged college students, implications for research framework, 13764
caveats regarding computer assisted instruction, special education, severely handicapped students, 13685
computerized record keeping for design & assessment of Individualized Education Programs, handicapped students, 6773
counseling & guidance, parents of handicapped children, 13359
decisions of New York Commissioner of Education regarding placement in private schools, handicapped children, 8934
demographic variables & assertiveness, nondisabled vs disabled applicants for vocational rehabilitation services, 8675
development & current status of welfare policies, disabled children, Japan, 6101
development & present status & efficacy of preschool education, handicapped children, 4455
development of early childhood curriculum, handicapped, 11347
development of tolerance & active integration of handicapped, schools, 8955
diagnosis & treatment of handicaps & developmental disorders, proceedings from International Conference of Defectology Workers, Hungary, 7968
diagnostic assessment in secondary schools, handicapped adolescents, implications for training & practice of school psychology, 6825
establishment & justification of goals & norms, special education, handicapped, 8928
frequency of handicaps & exclusion from school, under 20 yr olds, France, 2079
group treatment, impaired elderly in rehabilitation center, 4157
guidelines for vocational counseling, mentally ill & handicapped, 4241
handicapped adults as role models & career education resources in special education, 13710
history of class action litigation on right to appropriate education for handicapped children & cultural bias of intelligence tests, 954
identification of & programming for simultaneously gifted & handicapped students, 11355
imperatives for provision of services, handicapped children, 13141
initial request by disabled vs nondisabled E, foot-in-the-door effect on subsequent request, adults, 11573
instructional models based on cognitive development & inquiry & inductive reasoning & behavior & perceptual-motor theory & diagnosis-prescription, special education, handicapped children, 2035
Integrated Preschool Curriculum vs standard curriculum in mainstreamed vs segregated special education classes, social interaction during play, handicapped preschool students, 8950
integration vs separation of handicapped & early childhood education, special education, handicapped students, 8939
involvement in education of handicapped children, teachers & counselors & therapists & psychologists, 2042
involvement in education of their handicapped children, parents, 2076
involvement of community resources, introductory course in exceptional child education, 4346
legal rights, children with mental handicaps, France, 980
legislation on handicapped, France, 953
lifelong career development program, handicapped adults, 1803
linguistic-functions approach to language intervention, nonverbal mentally handicapped children, 11360
lottery reinforcement for parents' training accomplishments, language skills, 2–2.5 yr old handicapped children, 4037
mainstreaming, preschool age handicapped children, literature review, 8960
medical classification of disabilities for provision of contraception, handicapped, 13318
medical service & education in comprehensive health care planning, children with exceptional health &/or learning needs, 10979
multidisciplinary vs interdisciplinary vs transdisciplinary approach to education of handicapped children, 2043
nature of difficulties in teaching exceptional & disabled students, music teachers, implications of music therapists, 2036
need for personnel preparation in career & vocational education of handicapped students, 8812
need for social assistance, families with intellectually impaired school age children or members with other handicaps, Japan, 1737
negotiability of environment, mobility in daily life, handicapped, 1816
neonatology techniques requiring hospitalization, subsequent relational disorders, handicapped children, 1789
neuroleptic drug therapy, dyskinesia, children & adolescents & developmentally handicapped adults, information on centralized data system to collect & expand research, 1620
New York State education agency's policy regarding placement in private schools, handicapped children, 8925
nontreatment, death, Down's syndrome infant, implications for & discussion of rights of handicapped persons, 1300
occupational therapy, handicapped children, 6793
organizational & curricular issues, special units in secondary schools, handicapped students, 11306
performance feedback intervention, curriculum planning & recording of instructional information, 2nd–5th grade teachers of mainstreamed handicapped students, 8813

placement trends, vocational rehabilitation, handicapped, 8664
play organizing & toy sharing & assistance vs social imitators, participation, normal vs handicapped preschool children & withdrawn peers, 6230
play techniques for promotion of social development, handicapped children, literature review, 3948
Portage model of home intervention, child skill acquisition & parental depression, handicapped preschoolers & their parents, Wales, 11332
Portage system involving parent teaching at home, severely handicapped preschoolers, UK, 11311
possible problems due to mainstreaming of handicapped students & development of federal educational policy, teachers, 2044
problems in provision of nonbiased multifactored assessment, handicapped students, 2050
problems of state & local education agencies regarding private school placement, mildly or moderately handicapped children, 8924
program providing career awareness & vocational & employment opportunities, handicapped high school special education students, 2045
program recommendations, training programs for disabled & handicapped employees, 2149
proposals to ameliorate disincentive problem, rehabilitation, handicapped, 8657
psycholinguistic training, handicapped students, criticism of K. Kavale's analysis, 8959
reasons for decision making in selecting behaviors of severely handicapped children for educational intervention, special education teachers vs college students vs clinical psychology graduate students, 11372
rehabilitation, bibliography of books, 13421
rehabilitation research, bibliography of journal articles, 13422
requirements & purpose & activities required by Public Law 94-142 for provision of services to handicapped students, school nurses, 8941
research & development needs, implications for recreation & leisure for disabled persons, 10787
residential preference & perception of environmental quality & health & socioeconomic status & social integration, well-being & morale, aged & disabled public housing residents, 6903
respite care services, satisfaction, parents of severely handicapped children, 8574
school-based career assessment programs for special needs students, 9001
selection of curricular objectives, handicapped children, 11377
services & facilities & admission requirements for Kinesiotherapy Center, handicapped/disabled individuals, 13435
sexuality-oriented services, handicapped, 8663
social skills instruction, handicapped children, 2041
socialization & need for social skills training, educationally handicapped adolescents, literature review, 6799
socialization, handicapped 2–5 yr olds, literature review, 5667
special education, handicapped & retarded adolescents, 6758
strategy for development of rehabilitation program for handicapped, Asia & Oceania, 8669
stress, families of handicapped children, literature review, 1106
student effort & grade & sex & race & teacher & teacher expectations, self concept, handicapped vs nonhandicapped kindergartners through 3rd graders in mainstreamed physical education classes, 4454
support for & threats to special education, handicapped children, literature review, 13688
telephone vs face to face interviews, elicitation of information from disabled persons, 10714
theories & empirical evidence for normalization, future residential models, literature review, 1697
training program, mothers of handicapped children, 11018
trampoline activities in physical education, handicapped children, 6767
trends in education of handicapped & gifted children, 2071
TV based instruction program, enhancement of social & affective development, handicapped & non-handicapped children, 11319
use of computers, instruction, handicapped children, 4462
use of microcomputers in special education programs, handicapped, 4447
use of Rorschach, handicapped children, 7088
use of task force for planning personnel preparation for education of handicapped, 1910
utilization of Family Fund aid, families of severely physically & mentally handicapped children, Great Britain, 6378
validity of Parent Behavior Progression rating scale, evaluation of parent-child interaction, parents & their handicapped infants in early intervention program, 120
vocational assessment, educational counseling & career planning, handicapped students, 13696
vocational opportunities & services & barriers, physically & emotionally handicapped & trainable & severely/profoundly retarded clients, 1808
world statistics, disabled, 12798

Handicapped (Attitudes Toward) [See Also Mental Illness (Attitudes Toward), Mental Retardation (Attit Toward), Physical Handicaps (Attit Toward), Sensory Handicaps (Attit Toward)]

acceptance vs refusal of home visit by handicapped person, surveyed adults, 10499
attitudes & knowledge of handicapped, normal 5th graders in school with special classes for multiply handicapped severely & profoundly retarded students, 6792
attitudes toward mainstreaming handicapped children, counselor trainees, 13682
attribution of responsibility & disruption of social interaction, social distance from disabled vs deviant, professionals & managers with mean age of 26.9 yrs, 5665
background information on child, perceptions of exceptional children & opinions on mainstreaming, students in university special education course, 6784
barriers to provision of integrated play environments for handicapped children, social service agency personnel, 1729
content analysis of basal reading series, references to & representations of handicapped, 1950
development of Special Education Ideology Scale, assessment of beliefs about educating handicapped children, school supervisors & school committee members, 4514
health/disability status & societal attitudes & education & employment & benefits & services, females in developing & industrialized countries, 3859
image of teachers & students in school for learning disabled, 17–84 yr old residents, West Germany, 13679
intention to hire disabled for hospital occupations, rehabilitation counselors & health professionals, 8690
literature, knowledge & fear & acceptance attitudes toward handicapped, children, 6643
perceived pleasantness & length of prior contact with handicapped persons, college students, 3507
perceptions of disabilities, special education teachers vs regular teachers vs nonteachers, 11363
programs & methods for modifying peer acceptance of exceptional children, students in regular classrooms, literature review, 4450
role playing vs films & slides about disabled, attitudes toward disability, college students, 8852
school program, understanding of learning disabilities, learning disabled & nonlearning disabled 5th graders, 11358
social context, attitudes toward amputee vs epileptic vs cerebral palsied vs blind, 18–64 yr olds, 8199
sociocultural factors, attitudes toward handicapped, 7954
stereotyped attitudes toward handicapped, counselors, literature review, 8775
structured learning experience, change in attitudes toward handicapped peers & mainstreaming, elementary school students, 4460

Handwriting [See Also Printing (Handwriting)]

asymmetries in cortical motor evoked readiness potentials as index of motor control, 18–33 yr old left vs right handed males with inverted vs noninverted hand posture during handwriting, 5030
birth complications & handwriting posture, college age males vs female, 9521
computer assisted handwriting exercises, handwriting ability, educable mentally retarded 9–16 yr olds, 11340
copy & alter & transform & supply exercises, penmanship & spelling & grammar skills & teacher-student rapport, learning disabled elementary school students, 6762
development & methods of teaching handwriting, 6627
handedness & handwriting, children followed from 3–6 yrs of age, 7601
handwriting & handedness & speech dominance, ECT administration, 8280
wide vs normal spaced writing paper, manuscript handwriting, 2nd & 3rd graders, 13638

Happiness

androgyny, assessment of stressful life events & happiness, college students, implications for access to & use of social support systems, 3489

duration & postexperimental removal, elation vs depression induced by Velten Mood Induction Procedure, female college students, 3458
employment status, self esteem & psychological well-being & physical health, 40–59 yr old females, 12469
increment in amount of reward, happy & nonhappy male college students, 9688
induced state of happiness or sadness, intrusive unwanted thoughts, Ss with mean age of 24 yrs, 296
inducement of elation vs depression, remembering happy vs unhappy past experiences, female college students, 2665
psychological maturity, happiness, 35–85 yr old males, 12499
selfishness & happiness, college students, 12756
TV programs, depiction of family happiness, 10055
Haptic Perception [See Cutaneous Sense]
Hashish
cigarette & alcohol & hashish use & sexual intercourse, adolescents, Israel, 3245
hashish extract, social interactions, approaching vs retreating male baboons, 10038
Hawaii
divorce in inter- vs intraethnic marriages, Chinese & Japanese, Hawaii, 9-yr longitudinal study, 10340
sibling marriages in royal families, Egypt & Peru & Hawaii, 8075
Hazards
design & behavior factors, accidents involving glass doors & windows, 4528
Head Banging
ECT, psychotic self injurious behavior, 25 yr old severely mentally retarded male, 1446
Head Injuries
developmental neuropsychiatry, review of concepts & issues & prospects, 5686
evoked responses & EEG & neurological assessment 1 day vs 1 vs 6 mo vs 1 yr following head trauma, 11–37 yr old patients, 1371
interference between synchronous optokinetic nystagmus & vestibular nystagmus, patients with central & peripheral vestibular system lesions & healthy 20–40 yr olds, 1376
lateralized cerebral damage, contra- vs ipsilateral perceptual motor performance, adults with vascular vs neoplastic vs traumatic cerebral lesions, 13035
visual thresholds measured tachistoscopically, 11–49 yr old right handed patients with closed head injuries, 5971
Head Start [See Project Head Start]
Headache [See Also Migraine Headache, Muscle Contraction Headache]
biofeedback in psychiatry & treatment of headaches, 4009
demographic & personality characteristics & symptom severity, completion of biofeedback & relaxation training, patients with chronic headaches, 1556
development of laboratory technique, behavioral assessment of oversensitivity to & avoidance of auditory & light stimuli, headache-prone Ss with mean age of 32.6 yrs, 6993
hypnobehavioral therapy, hypertension & headaches & asthma & other stress-related illnesses, college students & staff, 6082
identification & evaluation & treatment of headaches, children, 1367
progressive relaxation & thermal biofeedback, cluster headache, 31–62 yr old patients, 8387
relaxation therapy with vs without EMG biofeedback vs thermal biofeedback, headache frequency & intensity, 24–69 yr old tension vs vascular headache sufferers, 6219
translocation jet lag, exercise capacity & performance & fatigue & weakness & headache & sleepiness & irritability, 18–34 yr old US Army male soldiers, 12199
Health [See Also Community Mental Health, Mental Health]
acculturative stress, health status & behavioral problems & levels of ethnomedical beliefs, Puerto Ricans in urban US, 7955
age & race & sex, ratings of physical & mental health, 58–83 yr olds whose spouses had died in previous 3 mo, 12773
age & sex & reported symptoms & long-standing illness, self rated health status, 1072
biblical theological base for human health & self actualization, 5486
biomedical & behavioral science research, health & behavior, book, 1101
chewing tobacco, oral cancer & other health effects, 12630
chronic exposure to trichloroethylene in work place, intelligence & attention span & physical & psychological health, personnel, 2983
conservation & collapse of family paradigm, family health & disorder, working families, 5509
current status & future of health psychology, 6371
disease prevention & health promotion, health problems due to behavior & lifestyle & physical environment, 6361
education- & health-related life events, depressed inpatients & outpatients, Kenya, 8040
emotional & health adjustment, 23–60 yr old asthmatic & 17–60 yr old gastric ulcer patients, 3846
employment status, self esteem & psychological well-being & physical health, 40–59 yr old females, 12469
hardiness & exercise & stressful events, illness, male business executives, 7933
hassles & uplifts & major life events & health status, 45–64 yr olds, 5622
health & adjustment, institutionalized vs noninstitutionalized 60–81 yr old males, 13398
health & exercise, children, literature review, 3020
health & psychosocial characteristics & loneliness, elderly Ss with mean age of 72.6 yrs, 3442
health state before vs after heavy transport helicopter flight, pilots, implications for performance, 9089
health status & menopause & sexuality & values & menstruation problems & symptoms, daydreaming, 40–60 yr old females, 12392
health status measure of "Well-Year", assessment of health needs & effectiveness & quality of medical care, 6358
health/disability status & societal attitudes & education & employment & benefits & services, females in developing & industrialized countries, 3859
investment in schooling, socioeconomic outcomes & health & marriageability, 15–45 yr old females, Nicaragua, 11162
learned helplessness & health psychology, literature review, 6365
life events & social difficulties & poor physical health & lack of confidant, onset of depression, elderly, 5762
locus of control & occupational stress, health, adult male employees, 13812
marihuana use, academic achievement & college & social & sexual & work adjustment & emotional stability & physical health, college students, 4-yr longitudinal study, 5549
meaning of "body I am" as innermost being & inner self image & relation to health, 13022
micro-epidemiological level of analysis & research strategy, unemployment & health, 9049
night shift work & monotonous task, wakefulness & fatigue & well-being, train drivers, 13786
personality traits vs emotional adjustment vs age, cardiovascular disease symptoms & general well being, 25–84 yr olds, 3782
physical & mental health status, adults who did vs did not experience major flood, analysis of studies by J. N. Logue & M. E. Melick, 8539
physical & psychological & social health, use of health services, Ss aged 21 yrs & over, 6374
psychological well being & health & occupational stress, school teachers, Finland, 4340
public health model & health psychology, 6366
quality & satisfaction of life & family & social relations & finances & safety & health, 18–65 yr old institutionalized mentally disabled, 1777
residential mobility, health, literature review, 10286
residential preference & perception of environmental quality & health & socioeconomic status & social integration, well-being & morale, aged & disabled public housing residents, 6903
retirement, self reported change in health, 53–64 yr old males, 13758
rigidity, social & emotional & financial & health & home areas of adjustment, male college students, 3490
self confidence & state of health & occupational background & age & social support resources & coping behavior, aged, 12386
self esteem & parental relations & approach to life & nervous tension in psychological profile, health & mental & cardiovascular & neoplasm disorders, medical students, 33-yr longitudinal study, 13551
sex differences, health locus of control beliefs, chronic low back pain patients, New Zealand vs US, 13091
sports medicine & health, East Germany, 4534
urbanization-related stress, mental & physical health, Japan, 2266
use of computer terminals as technological change, health problems & job operation & employee behavior & satisfaction, office workers, 4585
validity of General Health Questionnaire as screening measure, assessment of psychiatric disorders, 16–39 yr old postpartum females, 176
validity of General Health Questionnaire, screening for psychiatric pathology, cardiology patients, 4799

weather & infradian rhythms & time of yr, health & sleep & mood & cognition, reanalysis of data, 2841
Health Behavior
action instructions vs reminders & contingency management, acceptance of fluoride mouthrinsing, lower- vs upper-middle-income 7th–8th graders, 6240
biomedical & behavioral science research, health & behavior, book, 1101
causal attribution of high blood pressure, health beliefs & behavior, 35–65 yr olds, extension of health beliefs model, 1387
development & reliability & validity of Weight Locus of Control Scale, prediction of weight loss behaviors, college students & 15–68 yr old female weight control patients, 9443
diet & Type A behavior & smoking & medication adherence, impact of behavioral treatment for hyperlipidemia, literature review, 4012
disease prevention & health promotion, health problems due to behavior & lifestyle & physical environment, 6361
educational program, perceptions of family health behavior & ability to act as change agent & family awareness of community cardiovascular risk reduction program, 10th graders, 4374
factor structure & reliability & predictive validity of Health Locus of Control Scale, medical & dental students & male myocardial infarction patients & healthy middle aged males, 9454
family health project based on social learning theory, dietary & exercise change, Mexican American & Black & Anglo families, 10988
health attitudes & practices, 25–76 yr old physicians, 6545
high vs low feedback ultrasound & health advice, health care behavior, 18–32 yr old pregnant females, 1684
marital status, health behavior & life satisfaction & future time perspective, elderly female Ss from Bonn longitudinal study, 5313
need for focus of individuals & health professionals & federal policy on preventative promotion of better health behavior, 13112
participation in physical fitness activity & medical care & parental & peer & teacher & coaches' influence & food patterns, food & vitamin/mineral supplement usage, adolescent males, 10094
smoking low-yield ventilated filter cigarettes, extent & risks of blocking ventilation holes, smokers, 3367
social work intervention for dental health training, 6th graders, 1740
technical characteristics of health-risk appraisal instruments & utility as motivators for behavior change conducive to positive health, 9392
Health Care Delivery
attitudes toward social issues in health care, 3rd & 4th & 5th yr pharmacy students, 4283
client characteristics & type of practice & doctor-client interaction, prediction of return to doctor, pediatricians & patients, 1685
closing of satellite clinic & recentralization of community mental health services, impact on service patterns & minority clientele, longitudinal study, 13375
community aftercare service delivery system, deinstitutionalized chronic psychiatric patients, 1714
coordination of rehabilitation services for mentally ill, 11092
design & efficacy of volunteer system Serve Alcoholic Veterans in Emergency, 11102
drug addiction aftercare program implementation, 6492
effectiveness of organizational intervention to improve therapist-generated information, staff of community mental health center, 11006
emergency psychiatric care delivery, 11005
ethical issues, rural mental health service delivery, 8764
evaluation of care delivery patterns, community mental health service, patients, 1709
goals & structure & impact on health care delivery, combined psychiatry-internal medicine teaching & clinical program, 6577
health policy & mental health care delivery & psychotherapy & pharmacotherapy & theoretical orientation, presidential address presented at annual American Psychiatric Association meeting, 1454
Judeo-Christian views, mind/body & individual/group & sin/sickness dichotomies in medical & psychiatric health care delivery, 6063
lack of funding & facilities & professional training in health service delivery, visually handicapped, 4121
Medicaid patient characteristics & discipline, medical record keeping & delivery of outpatient psychiatric care, nonphysician mental health workers at psychiatric & hospital clinics, 1719
mental health delivery systems, India, 6381
mental health delivery to children, psychologists, 10794
mental health service delivery trends, 1940–90, literature review, 8550
methodological issues, mental health needs assessment, literature review, 6405
model of referral process & psychological services delivery, 11007
need for professional counseling services, 18–82 yr old active Christians, 13363
normalization principle, implications for rehabilitation, 8693
patterns in provision & utilization of ambulatory health care services, Rhode Island residents, 10968
problems in integrating physical & psychological care, critique of article by H. N. Brown & N. E. Zinberg, 8281
problems in integrating physical & psychological care, literature review, 8266
process of change in practice behavior, physicians in general practice vs internal medicine vs pediatrics vs surgery vs obstetrics/gynecology, 13504
provision of psychiatric & psychotherapeutic & neurological services, USSR, collection of papers, 6370
public health insurance & welfare systems, psychotherapeutic service delivery, heart attack patients, West Germany, 8547
recommendations for education & training in counseling psychology, 4297
role in mental health & health care delivery system, pediatricians, 8773
role in patient care at Western Psychiatric Institute & Clinic, primary nurses, 8644
role of conventional medical care vs folk healing systems, health care delivery, Mexican Americans, 13338
sex, treatment received in health care systems, 14–72 yr old chronic pain patients, 8533
social selection perspective & policy & research issues, state mental hospital admissions decisions & organization of service delivery & deinstitutionalization, 8634
stereotyped attitudes & prejudice & mental health needs & services & delivery, Black lower socioeconomic status females, 8559
survey of opinions regarding integration of mental health benefits into nation's health care system, members of American Psychological Association, 4126
time spent in patient care activities, mental health technicians vs psychiatric nurses on inpatient psychiatric unit, 8646
utilization & effectiveness of mental health center treatment, psychiatric outpatients, Finland, 10989
utilization of mental health facilities by Hispanic- & Asian- & Native Americans & Blacks & role of community mental health nursing, literature review, 1700
Health Care Professionals [See Medical Personnel]
Health Care Services [See Also Community Mental Health Services, Mental Health Services]
client characteristics & type of practice & doctor-client interaction, prediction of return to doctor, pediatricians & patients, 1685
comprehensive interdisciplinary vs traditional health care programs, infant immunization status & maternal contraceptive use & repeat pregnancy rate & school attendance, teenage mothers & their infants, 6362
content & purpose of prenatal interviews, pediatricians, 1668
cultural factors, health care, 22 yr old male diabetic, 8546
current status & future of health psychology, 6371
demographic & political influences & health care industry, role of counseling psychology in marketplace, 4184
development of college women's health clinic, 13725
emergency & social support & health services provided by local churches, elderly, 5494
factors relevant to statistical power analysis in cost effectiveness evaluations of human service delivery systems, 8544
health status measure of "Well-Year", assessment of health needs & effectiveness & quality of medical care, 6358
hypnobehavioral therapy, hypertension & headaches & asthma & other stress-related illnesses, college students & staff, 6082
illness beliefs & use of health care services, rural towns, Mexico, 13345
imperatives for provision of services, handicapped children, 13141
integration of health services & education, 8866
knowledge of laws concerning minimum number of visits, prenatal care visits, females, France, 13311
lack of funding & facilities & professional training in health service delivery, visually handicapped, 4121
management of health care costs, Caterpillar Tractor Company, 11428
medical service & education in comprehensive health care planning, children with exceptional health &/or learning needs, 10979

methodology, collection of routine statistics from mental & other health services, 38
need for social assistance, families with intellectually impaired school age children or members with other handicaps, Japan, 1737
organizational responses to political budget control & patronage placement, machine vs reform county health departments, 9173
patterns in provision & utilization of ambulatory health care services, Rhode Island residents, 10968
practices for enhancement of health care programs, supervisors in medical settings, 8722
primary prevention of child abuse through prenatal & postnatal care by obstetrical team & child psychiatrist, 1688
provision of psychiatric & psychotherapeutic & neurological services, USSR, collection of papers, 6370
psychological factors & behavioral management education, juvenile diabetes, 8531
requirements & purpose & activities required by Public Law 94-142 for provision of services to handicapped students, school nurses, 8941
school based comprehensive health clinic, high school students, 8521
selection & evaluation of hospital delivery vs home childbirth, females, Tunisia, 13310
social psychologists' qualifications for program evaluation in health care & desegregation & mental health training settings, 6570
suggestions for overcoming barriers to interagency agreements, education & social service & health service agencies, 8945
use of medical & dental & mental health care services within Finnish Student Health Service, college students, Finland, 13734
use of physician services, males vs females, implications for fixed-role hypothesis, 13325
utilization in school health programs, participation of 3rd graders & parent involvement in health assessments, community health aides, 9011
views of health care & cancer policy & national & community health care priorities, interview with former US senator B. Bayh, 5530

Health Education [See Also Drug Education, Sex Education]
behavioral techniques & cognitive modeling & dietary education, binge eating & self induced vomiting, 27–28 yr old females, 1566
cardiovascular school health curriculum, knowledge of cardiovascular system & disease & attitudes, 9th graders, 6-mo followup, 4370
cognitive-behavioral preventive training, cigarette smoking, 6th graders, 6-mo followup, 4041
computer based health promotion & information system, 11–18 yr olds, 4663
conceptual tempo research, literature review, implications for health education, 7605
development of health education course, secondary school teachers, 11170
educational program, perceptions of family health behavior & ability to act as change agent & family awareness of community cardiovascular risk reduction program, 10th graders, 4374
family health project based on social learning theory, dietary & exercise change, Mexican American & Black & Anglo families, 10988
group behavioral vs individual education program, knowledge & disease management skills & clinical outcome, disadvantaged diabetic & hypertensive patients, 13314
health care interests, female college students in women's health care course, 13627
health education & drug abuse course, interest in health issues & self confidence of ability to teach health education, preservice teachers, 8816
health education by pediatric residents, responses & factual knowledge, 3rd–4th graders, 8827
health education lecture series by physicians & residents from naval medical center, middle school students, 13617
health education program emphasizing hygiene & nutrition, incidence of infant gastro-enteritis, nursing mothers with mean age of 24.6 yrs, Nigeria, 6363
health promotion at work involving education & collaboration & training & referral & implementation, 11019
hospital sickle cell screening & education & counseling program supported by federal government, US, literature review, 13414
integration of health services & education, 8866
level of interests & needs in health education, junior college students, 13590
medical service & education in comprehensive health care planning, children with exceptional health &/or learning needs, 10979
mobile health unit in community outreach program, education & screening & counseling for sickle cell disease & anemia & hypertension, 10995
model course in social psychology & health, social science & premedical undergraduates, 6642
patient instructor program involving education & interaction with health professionals, temperament, patient instructors with rheumatoid arthritis, 1463
point-of-choice nutrition information program, modification of milk selection, college students, 13598
public health education campaign on breast symptoms, consultation by women, general practitioners, Great Britain, 13329
school-based behavior modification vs exercise/nutrition-education weight loss program, weight loss, obese 12–15 yr old students, 4503
screening & advice against smoking & drinking, cigarette & alcohol consumption & symptoms, 35–54 yr old males with dyspeptic symptoms, 13312
social work intervention for dental health training, 6th graders, 1740

Health Insurance [See Also Employee Health Insurance, Workmens Compensation Insurance]
lack of national health policy & trends in health care coverage, 10981
mandatory insurance coverage of psychotherapy, 11140
medical claims & health insurance, compulsory accident & mental illness & subsequent disablement, Switzerland, 12814
public health insurance & welfare systems, psychotherapeutic service delivery, heart attack patients, West Germany, 8547
statute requiring equal insurance coverage for treatment in outpatient psychiatric centers, 12592
validity of & medical insurance for primal therapy, West Germany, 13153

Health Maintenance Organizations
cost data for mental health care provided in hospitals & halfway houses & health maintenance organizations & community mental health centers & comprehensive community programs, 8543
role in community mental health centers & health maintenance organizations, counseling psychologists, 4134
role of mental health services in Harvard Community Health Plan, 8554

Hearing Aids
attitudes toward hearing impaired & deaf children with vs without hearing aid, elementary school teachers, 4436
binaural summation & advantages of binaural over monaural presentation, implications for individual differences in reaction to binaural hearing aids, 2591
effectiveness of binaural vs monaural hearing aids, adults with symmetrical vs asymmetrical vs unilateral hearing impairment, 4234
hearing aids, functioning intelligence, children with mean age of 4.5 yrs with bilateral sensorineural hearing loss, 4132
sound-pressure level of interfering noise, speech-reception threshold for sentences, hearing impaired 20–96 yr olds, support for distortion vs attenuation hearing loss models & usefulness of hearing aids, 4239
speech reception & localization abilities, hearing impaired 19–45 yr olds using monaural hearing aids vs 18–58 yr olds using binaural hearing aids, 4233
successful adjustment to hearing aid vs no hearing aid, self concept & communication efficiency, hearing impaired Ss 60 yrs & older, 4227
symmetry of hearing loss, speech perception in noise, adults, implications for binaural hearing aids, 4222

Hearing Disorders [See Also Ear Disorders]
abnormal auditory brain stem responses & binaural masking level differences & trans-brain stem acoustic reflex patterns, 21–65 yr olds with brain stem lesions, 3827
acoustic emmittance for screening of aural problems, school children, 6986
age & mental retardation & neuropathology, diagnosis & threshold determination using electric response audiometry, 2 mo through 5 yr olds & adolescents & adults, 8240
age differences & age-induced sensorineural hearing loss, identification of synthetic /b/ & /d/ & /g/ stimuli with varying formant transitions, 8–15 vs 20–40 vs 60–80 yr olds, 4885
designation as high risk at birth vs referral from clinics, incidence of hearing loss, children from birth through 6 yrs, 8209
diagnostic value of loudness balancing vs intracranial midline imaging vs masking level differences vs binaural beats, 8–72 yr olds with peripheral hearing loss or CNS damage, 2378
early auditory evoked potentials, 1–20 mo olds with craniofacial malformation, 8198

effectiveness of binaural vs monaural hearing aids, adults with symmetrical vs asymmetrical vs unilateral hearing impairment, 4234
gunshot wound in pons, peripheral hearing function & central auditory processing ability, 17 yr old male, 2-yr followup, 3830
hearing aids, functioning intelligence, children with mean age of 4.5 yrs with bilateral sensorineural hearing loss, 4132
hearing and language development, infants at risk for hearing loss, 3-yr longitudinal study beginning at or before 60 wks of age, 3806
intense noise, response of auditory neurons in inferior colliculus, inbred mice, 554
Meniere's disease vs unilateral total deafness vs cortical lesions, binaural interaction & localization, hearing impaired Ss, literature review, 3780
middle ear dysfunction & sensorineural hearing loss & age & signal bandwidth, acoustic reflex amplitude, 20–80 yr olds, 8203
noise, diminished frequency selectivity & poor speech perception, Ss with sensorineural hearing loss, 3818
normative values of brain stem auditory evoked potentials as measured by digital filtering & automatic peak detection, 4–39 yr olds, implications for screening auditory deficits, 6973
pure tone audiogram vs brain stem response audiometry & filtered speech test, extent & correlation with disease severity of hearing pathology, 25–56 yr old multiple sclerosis patients, 8201
severe hearing loss in infancy, language & cognitive development, children, literature review, 10760
Short Increment Sensitivity Index & history of clinical intensity discrimination tests, literature review, 42
Short Increment Sensitivity Index, literature review, 6948
symmetry of hearing loss, speech perception in noise, adults, implications for binaural hearing aids, 4222
vibration induced circulatory disturbance vs exposure time vs age vs use of ear protectors, hearing loss, lumberjacks, 6-yr longitudinal study, 8235
Hearing Impaired (Partially) [See Partially Hearing Impaired]
Hearing Measures [See Speech and Hearing Measures]
Heart [See Heart Valves, Heart Ventricles]
Heart Disorders [See Also Angina Pectoris, Bradycardia, Myocardial Infarctions, Tachycardia]
antidepressant drugs, cardiac patients, literature review, 13296
assessment of Type A behavior & demographic factors & implications for prevention of heart disease, 40–59 yr old male factory workers, Belgium, 2448
clinical history & risk & psychosocial & angiographic factors & treatment characteristics, work status, 18–70 yr old males with coronary artery disease, 3783
denial, morbidity & tension & depression & fatigue, male heart disease patients, 5952
effects of poor memory on cognition & personality & interpersonal relationships & rehabilitation process, personal report of author after cardiac arrest, 13327
electrodermal responses, Ss with heart problems, 8244
imipramine therapy, secondary depression following myocardial infarction or coronary artery bypass-graft surgery, 42–66 yr old males with ischemic heart disease, 1648
initial & present cigarette consumption & rates of mortality & coronary heart disease & lung cancer & other cancers & causes of death, 40–59 yr old male smokers with vs without intervention program, 10 yr followup, 1837
panic attacks, patients with mean age of 38.9 yrs with mitral valve prolapse & their first-degree relatives, 1357
personality structure & disease-specific conflicts & behavioral treatment, cardiac phobia, 3606
physical activity in work & leisure, coronary heart disease, 3805
psychosocial stress, ischemic heart disease, etiological implications for war veterans, literature review, 10762
spontaneous cardio-respiratory arrest & resuscitation, brain stem auditory evoked potentials, 61 yr old female with progressive spinal muscular atrophy, 8238
vocational rehabilitation, patients with cancer & cardiac illness & epilepsy, 11088
Heart Rate
age differences, heart rate during aversive conditioning, adult cats vs kittens, 9769
amount of monetary incentive, heart rate during continuous motor task performance, college students, 7480
anterior vs posterior cingulate cortex lesions, classical conditioning of heart rate & eye-blink, rats, implications for cingulate mediation of cardiovascular orienting responses, 7516
anticipation of neutral vs interesting events, slow cortical & heart rate responses, anhedonic vs normal male college students, 9919
anxiety induced by interviewing, blood pressure & heart rate & ballistocardiography & peripheral pulse volume index, 18 yr old hypertensive vs hypotensive vs normotensive males, 6038
assertiveness, behavioral & cognitive & physiological factors, female assertive medical school faculty members & clinicians & nonassertive neurotics & secretaries, 5137
attention-demanding tasks, individual differences in respiratory-heart period coupling & heart period responses, male college students, 9916
auditory & taste stimulation, sucking & heart rate & limb movement, neonates, 3091
auditory & visual stimulation, heart rate & skin conductance & spontaneous fluctuations & anxiety, female telephone operators suffering from epidemic faintness, 5933
auditory stimuli & variation in temporal delays, cardiac response & head turning, neonates, 3139
autonomic myocardial influences as measured by pulse transit time & sensory intake vs rejection tasks, consistency of heart rate responsivity, male college students, 2844
bidirectional heart rate control with vs without distracting task before vs after biofeedback training, 18–26 yr olds, 12120
biofeedback training in voluntary cardiac acceleration, airway resistance & heart rate & incidence of asthmatic attacks & medication usage, adolescent & adult asthmatics, 13224
blood pressure & heart rate & respiration rate elicited by Multiple Task Performance Battery, humans, 9917
blood pressure & heart rate changes while speaking to same vs high status E, college students, implications for behavioral treatment of hypertension, 513
brief foveal stimulus followed by brief vs prolonged peripheral stimulus, heart rate & visual fixation, 15 wk olds, 778
cardiovascular variability, introversion/extraversion & neuroticism & psychoticism, volunteers, 2845
change vs no change in stimulus following visual occlusion, cardiac activity & visual tracking & fixation, 17–21 wk olds, 3169
changes in illumination, bidirectional heart rate response, infant rats, implications for distinction between orienting vs defensive reflexes, 4985
classical aversive conditioning, cardiac output & blood pressure & heart rate & blood flow distribution, macaque monkeys, 7460
competitive interactions & heart rate & digital blood volume pulse during mixed-motive game, Type A vs B college student dyads, 2863
consistency between increase/decrease heart rate instructions & increase/decrease in feedback, heart rate changes & cold pressor pain & beliefs about heart rate contributions, male college students, 2856
contingent vs noncontingent aversive stimulation presented with high vs low frequency, cardiovascular & catecholamine & behavioral responses, Type A vs Type B 29–53 yr old males, 2846
continuous negative binary feedback &/vs instructions to decrease heart rate, heart rate deceleration control, 18–35 yr old females, 7464
desmopressin acetate, concept learning & visual memory & anxiety & blood pressure & heart rate, males, 7531
diastolic blood pressure conditioning, levels of arterial blood lactic acid & systolic & diastolic blood pressure & heart rate, male baboons, 12113
diazepam & epinephrine with local anesthetic during dental surgery, anxiety & heart rate & blood pressure & plasma norepinephrine, 18–25 yr old patients, 6282
distance driven, spectral values of heart rate variability as measure of fatigue, inexperienced highway drivers, 511
dose of alcohol consumed, performance & number of irrational statements & level of anxiety & heart rate, socially anxious males & college students, 633
enkephalin analogs administration into amygdala central nucleus & naloxone, acquisition of classically conditioned heart rate responding, rabbits, 10009
ethanol paired with lithium, heart rate & taste aversion, female rats, 7507
examination stress, blood pressure & cardiac rhythm & levels of prostaglandin & thromboxan B-2 & 6-keto-prostaglandin, students, 514
excitatory vs inhibitory stimuli following classical conditioning to shock-reinforced tone, heart rate, rats, 9734

excretion rates of adrenaline & noradrenaline & dopamine & differential neuroendocrine & cardiovascular reactivity & self assessed workload, city bus drivers with varying absenteeism rates, 9036
exercise & emotional stress, heart rate & intra-aortal blood pressure & cardiac output & peripheral vascular resistance, normal 18–56 yr olds vs 27–45 yr old hypertensives, 3796
expectations of pleasant vs unpleasant feelings with carbon dioxide inhalation, tension vs relaxation & heart rate & blood pressure changes, college students, implications for carbon dioxide therapy, 2984
exposure to hawk vs goose models, heart rate, naive domestic chicks, 9802
footshock stress, blood pressure & heart rate & sympathetic-adrenal medullary responses, isolated vs paired male rats, 2891
heart rate & carotid pressure, occipital visual evoked potentials in right vs right hemisphere, college students, 7446
heart rate & cognitive responses to aversive slides of autopsies & imagined scenes involving psychosomatic disorders, 22–59 yr old peptic ulcer & rheumatoid arthritis patients, 1434
heart rate & magnitude estimation of fear, assessment of treatment effectiveness, 18 yr old snake phobic female, 13218
heart rate & skin conductance during arousal & orienting & attention, learning disabled children, literature review, 12982
heart rate as measure of psychological stress, totally & partially blind, 1433
heart rate, measurement of learning, rat pups, 2694
hippocampal lesions & Pavlovian conditioning, heart rate & blood pressure & EMG CRs, rabbits, 7515
individual vs group research methodologies, voluntary heart rate control, literature review, 11565
instructions to increase vs decrease heart rate with vs without biofeedback training, discrimination & control of heart rate, normotensive volunteers, 9918
intense & intermittent & unpredictable noise, arithmetic task performance & GSR & heart rate & neuroticism & introversion-extraversion, 18–49 yr olds, 5129
interpersonal stress, emotional intensity expressed by facial display vs heart rate vs self report, female college students, 5644
inversion & presence of humans, tonic immobility & heart rate, nervous vs normal pointer dogs, 2730
level of functioning, blood pressure & heart rate & peripheral blood flow & vascular resistance during RT & social interaction tasks & evidence of sensitivity to environmental stimulation, autistic 11–20 yr olds, 1168
loudness of frequency modulated tone & horn sounds, GSR & respiration & heart rate, 1–7 day olds, 7470
parameters of cardiac rhythm, 17–20 yr olds with mental disadaptation & reduced adaptability to extreme conditions & pathological states, 12890
parental hypertension & heart rate reactivity, blood pressure & heart rate response to cognitive & isometric tasks, male college students, 8218
personality & hypnotic susceptibility & heart rate & skin potential response & vigilance, elementary school students affected vs not affected by mysterious gas poisoning epidemic, Hong Kong, 3525
petting by human, differential heart rate responses, nervous vs normal purebred pointer dogs, 5017
phenyldiguanide, stimulation of pulmonary vagal afferents & resultant cardiovascular & respiratory & motor coordination effects, male rats, implications for cardiovascular effects of opioids, 2986
presentation of high vs low bias lexically ambiguous sentences, heart rate changes, male college students, 516
prolonged low-frequency electrical stimulation of sciatic nerve, splanchnic nerve activity & long-lasting cardiovascular depression, normotensive vs spontaneously hypertensive rats, acupuncture implications, 562
propranolol & atropine & elaboration of alimentary instrumental reflexes & nonavoidable pain, heart rate control, rats with weak vs pronounced innate passive defensive reaction, 5246
propranolol, Type A behavior & heart rate & blood pressure, 24–68 yr old coronary patients, 8465
psychological vs physiological stress, blood pressure & heart & respiration rate & facial temperature & temporal pulse, migrainous vs nonmigrainous 18–41 yr olds, 5953
psychosocial stress, peripheral vasoconstriction & heart rate & blood pressure & myocardial infarction & ulcer & accident & pain, monozygotic vs dizygotic 51–74 yr old twins & 41–61 yr old construction workers, 10763
recall task & induction of proactive interference, heart rate & short term recall, male college students, 11911
relationships between puffing & puff duration & volume & heart rate change, 23–59 yr old heavy smokers, implications for research methodology & validity, 11577
stress inoculation vs stress management training, cardiorespiratory efficiency, 18–23 yr old male cross country runners, 13255
success feedback with vs without monetary incentives, heart rate during continuous motor task performance, college students, 7467
sudden termination & resumption of prolonged mild vs severe stress, conditioned avoidance & blood pressure & heart rate & respiration & acetylcholine & epinephrine & norepinephrine levels, male rats, 2886
systolic & diastolic blood pressure & heart rate & skin conductance during letter identification vs mental arithmetic tasks, hypertensive vs normotensive Ss with mean age of 41.6 yrs, 13025
task complexity & reward vs no reward during visual search task, heart rate & skin conductance, 7.5–10 yr old hyperactive &/vs learning disabled males, 8186
task difficulty & threat of aversive shock, skeletal muscle tension & respiration & heart rate & skin conductance, 21–26 yr old males, 2861
Type A vs Type B personality & sex, heart rate during physical exercise vs IQ test, college students, 5135
visual &/vs auditory biofeedback vs instructions vs relaxation training, decrease of heart rate, 19–43 yr olds, 9915
visual analog feedback vs relaxation instructions, control of pulse transit time & interbeat interval & skin resistance & respiration, normotensive Ss with mean age of 21 yrs, 7479
Heart Rate Affecting Drugs [See Also Caffeine, Epinephrine]
age & propranolol vs clonidine, digitoxin-induced behavioral toxicity, mice, 12320
Heart Surgery
open heart surgery & stay in intensive care units, psycho-organic & paranoid hallucination & delirious syndrome & affective-emotional & psychomotor disturbances, 20–59 yr olds with coronary & valvular disorders, 3–5 yr followup, 10966
open heart surgery, subsequent psychiatric complications, adult patients, 10982
previous psychiatric treatment & psychological factors, prediction of recovery following open heart surgery, patients, 1-yr followup, 10973
satisfaction with rehabilitation following open heart surgery, 23–63 yr olds with coronary vs valvular disease, 11090
Type A vs Type B behavior, blood pressure before vs during coronary artery bypass surgery & intra- vs postoperative complications, male patients, 6359
Heart Transplants [See Organ Transplantation]
Heart Valves
structure & traditional vs contemporary values, village inhabitants, Spain, 10297
Heart Ventricles
ventricular size, schizophrenics with mean age of 21.1 yrs, 3543
Heartbeat [See Heart Rate]
Heat Effects
heat stress to hypothalamus, intracranial osmoreceptor control of thermoregulatory evaporative water loss, dehydrated cats, 451
heatstroke, medicated psychiatric patients, implications for prevention & recognition & treatment, 12805
plasma cortisol levels & core body temperatures & heat storage, subjective intolerance to heat, male 20–24 yr olds, 12151
theoretical & experimental interface temperatures during heating to pain threshold by contact with various materials, adults, 7505
Hebephrenic Schizophrenia
assimilation/accommodation equilibrium & thinking & reasoning & abstraction, paranoid & hebephrenic schizophrenic patients, 1132
depressive moods, 16–67 yr old hebephrenic vs paranoid vs schizoaffective schizophrenics, 5792
secondary schizophrenia in relatives, hebephrenic & catatonic & paranoid schizophrenics, 3622
Hedonism
free recall & recognition of words varying in affective values, college students, implications for hedonist & state dependence recall theories, 4915
hedonic aspects of consumer behavior, marketing, 2286
stable vs changing subcultures, addictive personality, 8085
Heels (Anatomy) [See Feet (Anatomy)]
Height (Body) [See Body Height]

Helium
delayed hyperbaric helium/oxygen treatment, ethanol effects, mice, 5218
Help Seeking Behavior
age & sex & mortality & degree of morbidity & occupational group, utilization of hospital services, discharged hospital patients, Finland, 1797
alienation & social support & professional help seeking, college students, 12761
annual cycle of incidence & etiology of illness & medical care seeking, farming families, 3854
beliefs & help seeking behavior, coal miners with black lung, 3789
body image, obese 12–17 yr old females seeking vs not seeking help for weight reduction, 3855
challenge to traditional model of entering substance abuse treatment & impact of criminal justice system, alcohol & drug abusers, 1834
client characteristics & type of practice & doctor-client interaction, prediction of return to doctor, pediatricians & patients, 1685
demographic characteristics & "community-mindedness", rates of asking for & giving help, rural community residents, 905
distance between home & outpatient clinic & enrollment in treatment, outpatients, 4141
duration of complaints & latency in seeking counseling & number of consultants & criticism of professional, neurotic vs psychosomatic vs somatic patients, 12779
duration of illness & seeking consultation & changing consultants, neurotics & stomach ulcer patients & patients with somatic illness, 10483
epidemiology of disorder & help seeking behavior, depressed & mentally disturbed Ss, 8054
financial deprivation, perceived deprivation of medical care & social contacts, aged, 6428
frequency of contacting doctor about cold, patients, 10984
help seeking behavior & family violence, urban & rural adolescents, 3707
help seeking behavior & preferences & perceptions of child psychologists, parents of school age children, Australia, 8286
help seeking behavior, foreign- vs native-born Mexican Americans, 12553
illness behavior in response to cancer onset, care seeking, males vs females, 13326
illness beliefs & use of health care services, rural towns, Mexico, 13345
incidence of mental illness & mental health service utilization, Hispanics, literature review, 5738
knowledge of laws concerning minimum number of visits, prenatal care visits, females, France, 13311
marihuana usage, adverse reactions & medical attention seeking, students in grades 7–13, 5455
mental health resource utilization, rural consumers with mean age of 51 yrs, 6385
method of initial contact & elapsed time to intake interview, likelihood of keeping appointment, potential community mental health center clients, 1723
need for professional counseling services, 18–82 yr old active Christians, 13363
patterns in provision & utilization of ambulatory health care services, Rhode Island residents, 10968
perceived family climate, college students who applied for counseling, 13735
perceptions of help-giving & -seeking behaviors, 18–85 yr old rural community residents, 6413
physical & psychological & social health, use of health services, Ss aged 21 yrs & over, 6374
predictors of sex differences in outpatient medical care utilization, 18–89 yr olds, 1672
preferred sources of help for personal & career problems, college students, implications for likelihood of seeking professional counseling, 4520
prevalence & incidence of psychiatric illness & treatment, college students, 4-yr prospective study, 13663
prevalence of treated & untreated psychiatric symptoms & disorders & help seeking behavior, Blacks & Whites & Mexican Americans, 12889
prior public mental health services contact, persons committing suicide, 1960–75, 4143
problem disclosure & help seeking in work setting from supervisors vs peers vs subordinates, managers, 2186
public health education campaign on breast symptoms, consultation by women, general practitioners, Great Britain, 13329
reasons for delay in seeking professional help, patients with psychological complaints, 10808
self reported reasons for recognition of drinking problem & help seeking behavior, adult problem drinkers, 5827
sex & marital status & race & age, utilization of mental health center services, 20–60 yr olds, 1725
sex, symptoms of psychiatric distress & utilization of in- vs outpatient psychiatric services, psychiatric patients vs drug addicts under 55 yrs vs 55 yrs old & older, Iran, 6095
sex, willingness to seek & preference for setting & provider of mental health care, patients over 18 yrs of age, 6393
social childhood environment & previous emotional symptoms & seeking of medical help & attitudes toward illness, emotional reaction to cancer, working-age patients, 10687
sociocultural factors & ethnicity & language & working status & time of migration, use of health care facilities for perinatal care, 16–41 yr old pregnant Mexican Americans, 10964
sociodemographic characteristics & locus of control, after-hour utilization of medical care, family practice patients, 6346
urban vs rural residence & education, reproduction & use of health services & infant feeding, mothers, Lebanon, 13346
use of medical & dental & mental health care services within Finnish Student Health Service, college students, Finland, 13734
use of physician services, males vs females, implications for fixed-role hypothesis, 13325
utilization of mental health facilities by Hispanic- & Asian- & Native Americans & Blacks & role of community mental health nursing, literature review, 1700
utilization of psychiatric hospital or outpatient services before & after self poisoning, 15–79 yr old patients, 6360
validity of self reported utilization of diabetes center, 21–79 yr old diabetics, 2389
Helping Behavior [See Assistance (Social Behavior)]
Helplessness (Learned) [See Learned Helplessness]
Hematologic Disorders [See Blood and Lymphatic Disorders]
Hemiplegia
confusion &/or psychosis, patients with familial hemiplegic migraine, 5957
Hemispherectomy
left hemispherectomy, visual field defects, hydrocephalus male, 10756
Hemodialysis
accidental pregnancy while on hemodialysis, 16 & 17 yr old females, 3862
hemodialysis, tardive dyskinesia & dialysate endorphin levels, 50 yr old female schizophrenic, 6348
physical condition & behavioral senses regarding habits & criticisms received at work as psychosocial influences, self care, chronic hemodialysis patients, 6004
satisfaction & support systems, patients on home dialysis & spouses, 8524
social & religious values as reinforcers, 19–79 yr old hemodialysis patients, implications for treatment, 5962
social work-psychiatric team approach to meeting patient & staff needs in hemodialysis unit, 1795
Hemoglobin
hemoglobin content, mentally retarded, 10656
Hemophilia
development of standardized form, collection of psychosocial data, 6 mo to 66 yr old male hemophilia patients, 9432
knowledge of disease, self reported psychological distress, adolescent male hemophilia patients & families, 13044
perception of child's social & emotional adjustment & emotional response to hemophilia, mothers of 3–18 yr old hemophiliac males, 1398
psychotherapeutic & educational interventions, promotion of adaptive patient & family functioning, hemophiliacs & their families, 6199
strategies & instruments for assessment of family functioning, hemophiliacs & their families, literature review, 4700
Hemorrhage [See Also Cerebral Hemorrhage]
bereavement, peptic ulcer bleeding, male 11.4 yr old, 3870
Hemp (Cannabis) [See Cannabis]
Hereditary Disorders [See Genetic Disorders]
Heredity [See Genetics]
Heroin
attitudes toward heroin & methadone & drug counseling & drug-free treatment approach, methadone maintenance clinic clients & staff, 4251
criminal activity, Black female heroin users, 1264
heroin abuse indicators, update on 2 yr study by T. H. Gardin & E. Leibson, 12920

heroin use, psychosexual development & plasma testosterone & luteinizing hormone levels, male 16–29 yr old former addicts vs current users vs nonusers, 5258
prenatal exposure to methadone & heroin, neonatal abstinence syndrome & organizational & perceptual abilities & cognitive functioning & adjustment & level of activity, humans & animals, 5241
Heroin Addiction
conceptualization & etiology & treatment, heroin addiction & other substance use/abuse, literature review, 6495
diagnosis & treatment, heroin related sexual dysfunction, addicts, 4263
drug abuse by alcoholics & alcohol abuse by heroin & other drug addicts/abusers & polydrug abuse including alcohol, treatment implications, literature review, 10623
exposure vs adaptive orientation, addiction to heroin & other opiates, literature review, 1243
heroin use & clinic attendance, drug rehabilitation clinic patients, 7-yr followup, 1833
heroin use, psychosexual development & plasma testosterone & luteinizing hormone levels, male 16–29 yr old former addicts vs current users vs nonusers, 5258
lifetime criminality & impact of arrest & incarceration, heroin addicts, US, 1244
maternal heroin & methadone addiction, prenatal & postnatal medical complications & developmental problems, infants, literature review, 1377
methadone & haloperidol & chlorpromazine, anxiety & conceptual disorganization & suspiciousness symptoms, 42 yr old male heroin addict, 1840
model construction, sexual dynamics & strength of heroin addiction, 3714
symptoms of depression & interpersonal sensitivity, heroin addicts seeking ambulatory detoxification vs methadone maintenance, 11104
Herpes Simplex
herpes simplex virus antibodies, 2–15 yr olds with vs without conduct disorders vs emotional disorders vs hyperkinesis vs anorexia nervosa vs infantile autism vs borderline schizophrenia, 5691
pathophysiology & psychosocial impact & treatment, genital herpes, 3765
Heterosexuality
childhood play behavior, male homosexuals vs heterosexuals, 12605
development of gender identity & role & sexual partner orientation, 892
drinking patterns & prevalence of heavy & problem drinking, homosexual vs heterosexual females, 3368
reliability of self report vs behavioral measures of personal statements in & initiations of conversation with female, heterosocially anxious males, 2460
self described sex role behavior & ideal sex role behavior in children, 19–43 yr old heterosexual vs homosexual mothers, 10365
sexual preference & responses to heterosexual vs homosexual content-loaded pairs of slides in binocular device, 18–36 yr old heterosexual vs homosexual males, 12603
Heterozygotic Twins
EEG spectra, 19–55 yr old monozygotic vs same sex dizygotic twins, 9824
genetics, affective illness & schizophrenia, monozygotic & dizygotic twins, 3574
interaction of genetic influences known as emergenesis, usefulness of twin studies, monozygotic twins reared apart & mono- & dizygotic twins reared together, 2751
smooth pursuit & saccadic visual tracking performance, 18–33 yr old monozygotic vs dizygotic twins, 12037
High Risk Populations [See Predisposition]
High Sch Personality Questionnaire
High School Personality Questionnaire & Sensation Seeking Scale, relationship of factors, high school students, 11649
test reliability of SVIB & 16PF & California Psychological Inventory & MMPI & EPPS & High School Personality Questionnaire, 2474
High School Diplomas [See Educational Degrees]
High School Graduates
academic vs vocational secondary school curriculum, career patterns, male vs female high school graduates, longitudinal study, 9048
High School Students
ability to infer information during reading & use of connectives in remedial instruction program, silent reading comprehension, 2nd–9th graders, 2020
academic & social/emotional & vocational characteristics, learning disabled 15–18 yr olds, literature review, 2025
academic self concept & expectations & teacher expectations & perception of student & parental expectation & reported stress levels, learning disabled 8th & 10th graders, 8943
adaptation-enhancing effects of symbiotic subliminal stimuli, mathematics achievement, 10th graders, Israel, 1931
adaptive industrial arts program, mainstreaming, special education high school students, 11336
agreement on given score & consistency across dives, high school diving judges, 9019
alcohol education program, knowledge level & use & attitudes toward alcohol, male & female 7th–10th graders, 6653
alienation, academic achievement & school adjustment, Black vs White 10th–12th graders, 13657
alternative learning school project, attendance & suspension & achievement & attitudes towards teachers & learning & school & self, potential high risk adolescent dropouts, 6676
amount of high school mathematics training, sex role attitudes, 12th graders, 11270
analogy between Sabbath & group mental health interventions based on family centered education program, 9th & 10th grade students & teachers, 6651
anxiety & intelligence, academic achievement, high school students, 1998
behavior profiles, 12–18 yr old regular high school vs special education students, 10683
behavioral smoking prevention program with high school student leaders, reported smoking at 9- & 21- & 33-mo followups, 7th graders, 4387
bridging activities to ease mainstreaming transition, teachers & learning disabled high school students, 11343
cardiovascular school health curriculum, knowledge of cardiovascular system & disease & attitudes, 9th graders, 6-mo followup, 4370
career education course, needs & satisfaction with career development information & status, high school students, 1976
career education for preparation in independent living, handicapped high school students, 2034
career guidance methods, decision making behavior, 11th graders, 6814
changes in teacher effectiveness, teacher expectations & student achievement, intermediate & high school teachers & students, 8906
classroom behavior & interpersonal interactions in activity-centered science classes, Black & White 8th–9th graders in desegregated classrooms, 11281
classroom climate & student characteristics & academic achievement, secondary school students, implications for intervention by school psychologists, 6800
classroom social relationships & student attitudes, high school students, 13659
cognitive preferences for chemistry interests, high school students, 6721
cognitive self modeling vs conventional group counseling, interpersonal skills, high school students, 10- & 25-wk followups, 2103
commercial test preparation course participation, Scholastic Aptitude Test scores, high school students, 9012
compensatory intervention & vocational education & basic skills remediation & peer tutoring, self concept, learning disabled adolescents, 2074
comprehensive vs selective school systems, test anxiety, 6th vs 9th graders, 13655
conceptual level of development, assessment of giftedness, junior & senior high school students, 9007
consistency for value hierarchies, male superior high school students, 7-yr followup, 11289
contingent access to language laboratory, academic achievement in English language, Spanish speaking 16 yr old, 6673
cooperative planning, mainstreaming of learning disabled, middle & high school classroom & special education teachers, 11357
creative teaching in science, creative thinking, 14–16 yr olds, 1973
criterion referenced testing, mathematics achievement, 9th & 10th graders, 8896
criterion-related validity of Career Maturity Inventory as measured by GPA & success & satisfaction in work-study program, 9th–12th graders, 8969
definition & operationalization of foreign language communicative proficiency, foreign language teaching & mastery evaluation, secondary school students, 6810
degree of teacher direction & study time & general ability, achievement in science course, 9th–12th grade students & teachers, 6632

demographic characteristics & behavior problems, 5–15 yr old school truants & their parents, 6729
design for development of career education programs, learning disabled secondary school students, 2058
development of instrument for measurement of opinions toward work, male vs female 9th vs 12th graders with vs without previous work experience, 8995
diagnostic assessment in secondary schools, handicapped adolescents, implications for training & practice of school psychology, 6825
diagnostic-prescriptive teaching, cognitive & affective biology achievement & attitudes, high school students, 6667
drug education, drug & alcohol usage, 10–18 yr olds, 2-yr followup, 6654
educational program, perceptions of family health behavior & ability to act as change agent & family awareness of community cardiovascular risk reduction program, 10th graders, 4374
efficacy of computer-based teaching, 6th–12th graders, 11219
employment status, work & school & peer activities, 10th & 11th graders, 8918
evaluation of interdisciplinary experiential education program, high school seniors, 11200
Extended Demand vs Biological Sciences Curriculum Study laboratory program, student performance & teacher preferences, 10th grade biology students & teachers, 6663
factor analysis, 4 learning style measures, high school & community college students, 11393
factors in college selection process, high school & college students, literature review, 2010
fantasy in extended classroom exercise, resistance to learning, high school students in remedial writing class, 8966
formal vs informal teaching method, locus of interaction, teachers & 13–15 yr old students, 11297
identification of learning disabilities, 11th & 12th graders sent to continuation schools for attendance & behavior problems, 6650
imagery vs verbal coding style, differential learning based on presentation mode, high school students, 11256
improvement of study skills, learning disabled high school students, 6770
incidence of student disruptions in junior high & high schools & role of school psychologists, 6734
inductive teaching method & role playing, language skills, learning disabled secondary students, 2054
instruction in multipass learning strategy, textbook reading comprehension, learning disabled 7th–12th graders, 2067
intelligence & aptitude & achievement in science, 11th graders, 6715
intelligence & GPA & other educational rewards & anxiety level & commitment & personality, persistence in education, high school males, 8-yr study, 8893
intensive instruction in cue attendance or hypothesis generation, open exploration behavior, 9th graders, 15-mo followup, 6695
interiorization of teacher personality & social norms & values, secondary students, implications for Lenin's theory of reflection & theory of refraction, 13653
knowledge about jobs & sources of work-related information & awareness of occupational information & projected occupations, 13–16 yr old learning disabled students, implications for occupational counseling, 8927
language development program, reading achievement & syntactic maturity, 9th grade remedial reading students, 8946
language skills program, change in reading grade level & rate of learning to read, learning disabled high school students, 6768
learning contracts, completion of independent study course, high school & college students, 1939
learning disabilities in mathematics & skill deficits & remediation approaches, 6th grade & junior & senior high school learning disabilities teachers, 2052
learning style, gifted vs average 7th & 8th & 9th graders, 6706
meta-analysis, research on effects of ability grouping on school achievement & attitudes, secondary school students, 8855
mother's job autonomy & demands & skill utilization, child's school attendance & effort & achievement, Black lower socioeconomic mothers & their 10–17 yr old children, 6709
participation in classroom discussion, male vs female high school students, 8905
participation in drafting vs geometry course, improvement in basic mathematical skills, 15–16 yr old high school students, 13615
perception of school counselor as high vs low in counseling conditions of congruence & positive regard & empathy, locus of control, secondary school students, 8989
perception of sex education, 13 vs 15 yr old males vs females, 1942
perceptions of school environment & value climate, 10th & 12th graders from coeducational vs all-male vs all-female high schools, 11295
photographs of occupational activities, elicitation of vocationally relevant responses, reading disabled 14–20 yr old special education high school students, 13692
Positive Learning Program providing academic & social support, achievement & attendance & behavior, 9th grade potential school dropouts, 4383
practice & prior skills & feedback during role playing activities, teaching basic problem solving skills, high school students, 4364
presence of older students, self perception & psychosexual behavior & substance use & perceptions of school environment & victimization, 7th–9th graders, 6719
preteaching questionnaire, self reports of drug use & intentions as evaluation measures of drug education program, high school students, 4477
primary prevention program, transition to high school, students, 4487
problems in drug education program evaluation, 7th–9th graders, 4513
production factors, social studies achievement & attitudes, 17 yr old high school students, 6717
proficiency in English as measured by Test of English as Foreign Language, performance on Scholastic Aptitude Test & implications for test interpretations, high school students, Puerto Rico, 2081
program for determination of interscholastic athletic eligibility, 7th–12th graders, 8985
program providing career awareness & vocational & employment opportunities, handicapped high school special education students, 2045
psychology course &/vs tutorial project, change in academic self concept & school behavior, underachieving & socially alienated 10th–12th graders, 6698
random access of corresponding speech in computerized English proficiency course, text comprehension, high school students, Netherlands, 1935
reading & spelling & arithmetic achievement & ability measured by WISC-R & Basic Visual-Memory Association Test & Bender Gestalt, 2nd–9th graders, 4396
reanalysis of data at school level, effects of school social organization on achievement, public vs private high school sophomores, 6702
reliability & validity of Group Inventory for Finding Interests I & II, identification of creative potential, 6th & 9th graders, 6805
reliability & validity of semantic differential-type attitude scale, measurement of attitudes toward school subjects, 5th vs 8th vs 11th graders, 2104
remedial reading instruction, college bound dyslexic high school students, 4446
rewriting of textbooks to readable level, secondary learning disabled students, 2060
school environment, disruptive behavior, junior & senior high school students & teachers & principals, 13668
school-organized work experience, career maturity, 11th graders, 8868
self evaluation & social praise in prevocational skill program for strengthening promptness & initiative behaviors, educable mentally retarded adolescents, 11353
self monitoring & study skill training & anxiety reducing procedures & assertiveness training, academic achievement, high school students at risk for academic problems, 11403
self questioning training, metacomprehension skills, normally achieving 6th graders vs learning disabled 8th & 9th graders, 2078
self recording in behavioral intervention, study habits, students with mean age of 12.7 yrs, 8863
sex & sex role attitudes & age, mathematical ability & attitudes toward mathematics, 4th vs 8th vs 11th graders, 13641
short answer vs multiple choice vs no initial testing, 2-wk retention on same vs different format retest, high school students, 6806
social class & sex, attitudes toward education for parenthood, high school vs college students, 8903
social factors & attitudes & values, life plans & aspirations for higher education, 10th graders, 11290
social skills program, self concept & interpersonal relations & GPA, learning disabled 10th–12th graders, 13709
social studies achievement & attitude test scores & productive learning, 13 yr old high school students, 6716
socioeconomic status & sex & ethnicity & cultural factors, educational aspirations, Polynesian vs Pakeha 4th form students, New Zealand, 11291

specialized "Olympic" instructional program, educational development, gifted high school students, followup study, 6777
structure of intellect factor measures vs subtests of Florida State-Wide Twelfth Grade Test, prediction of physics achievement, high school students, 4499
student characteristics & perceived school practices & climate, racial & ethnic integration knowledge & attitudes & behavior, high school juniors, 11300
susceptibility to biasing information, negative vs positive treatment of high vs low status students & subsequent student performance, high school student teachers, 1891
systematic exclusion, disruptive classroom behavior, female 10th grader, 8848
systemic model to teach heuristic thinking skills, reduction of problem solving time in physics course, secondary school students, 8871
teacher personality, self development & academic success & attitudes of students, secondary & high school teachers & students, 6730
teachers' judgments of discipline problems & students' attitudes toward education, secondary teachers & students, Belize, 4322
text simplification, readability, 12th graders, 1953
threat level of film about drinking & driving, attitudes toward & knowledge & self reports of frequency of impaired driving, high school students, 11218
track placements & coursework & performance, high school students, 13588
traditional vs open plan school organization experience & uncontrollable outcomes, learned helplessness induction, high school students, 8888
tutor training program, empathy & altruism & self esteem, high school students, 6697
Upward Bound tutoring program, academic achievement, remedial 9th & 10th & 11th graders, 4394
use of convergence guessing strategy, scores on Scholastic Aptitude Test, male college students & high school seniors, 9016
use of time in mathematics classes, secondary students & teachers, 6727
validation of aptitude measures, assessment of aptitude profiles, electrical vs mechanical sections of industrial high school students, 6818
validity, categorized vs continuous mathematics proficiency test scores, 9th graders, 4472
varied reading purpose, reading rate modification & comprehension, normal vs learning disabled 4th vs 7th vs 10th graders, 2029
verbal analogy tests developed by using 1- vs 3-parameter logistic models, test efficiency, high school students of differing ability, 13715
verbal interactions between science teacher & small groups of students, 14–15 yr old students, 11248
vocational education, special education elementary through high school students, 13708
vocational guidance & career education, vocational maturity, 8th–9th graders, 8873
vocational school psychology, career development, handicapped high school students, 1906
WISC-R factor scores, prediction of academic achievement measured by Wide Range Achievement Test performance, 6–16 yr olds, 4492
WISC-R Verbal & Performance & Full Scale IQs & Bannatyne recategorized scores, nonhandicapped vs educationally disadvantaged vs learning disabled vs regular classroom Navajo 6–16 yr olds, 2119
work values, male vs female high school students attending school learners' seminars, New Zealand vs Australia, 11280

High School Teachers

analogy between Sabbath & group mental health interventions based on family centered education program, 9th & 10th grade students & teachers, 6651
bridging activities to ease mainstreaming transition, teachers & learning disabled high school students, 11343
changes in teacher effectiveness, teacher expectations & student achievement, intermediate & high school teachers & students, 8906
cognitive-behavioral stress management program, anxiety & stress & classroom behavior, secondary school teachers, 6612
concern for students having learning vs conduct vs attendance vs delinquency vs physical problem, primary vs secondary school teachers, 11172
degree of teacher direction & study time & general ability, achievement in science course, 9th–12th grade students & teachers, 6632
development of health education course, secondary school teachers, 11170
Extended Demand vs Biological Sciences Curriculum Study laboratory program, student performance & teacher preferences, 10th grade biology students & teachers, 6663
fixed role treatment, change in personal construct systems underlying classroom teaching, new high school English teachers, 11174
formal vs informal teaching method, locus of interaction, teachers & 13–15 yr old students, 11297
perceptions of school environment variables, dimensions of classroom environment, secondary school teachers, 8803
principal's leadership style, morale, high school teachers, 4327
professional profiles, elementary & secondary school teachers, Canada, 1913
reliability & validity, Barth-Shermis Social Studies Preference Scale, secondary school teachers, 9027
school environment, disruptive behavior, junior & senior high school students & teachers & principals, 13668
social awareness & involvement & social & status concerns, elementary & high school teachers, 13571
somatic complaints & illnesses, job-related stress, secondary Catholic school teachers, 4326
susceptibility to biasing information, negative vs positive treatment of high vs low status students & subsequent student performance, high school student teachers, 1891
teacher personality, self development & academic success & attitudes of students, secondary & high school teachers & students, 6730
teachers' judgments of discipline problems & students' attitudes toward education, secondary teachers & students, Belize, 4322
use of time in mathematics classes, secondary students & teachers, 6727
validity, stress measures, secondary school teachers, 9004

High Schools

academic vs vocational secondary school curriculum, career patterns, male vs female high school graduates, longitudinal study, 9048
high school curriculum & vocational training, occupational outcomes, White vs Black males at 25–29 & 29–33 yrs of age, 9050
issues in adolescent psychology related to providing psychological services at high school level, 6822
level of ethnic minority persons in social power-influence systems of high schools, negative school experiences & attitudes, Chicano college students, 13661
perceptions of school environment & value climate, 10th & 12th graders from coeducational vs all-male vs all-female high schools, 11295
problems in pre-college psychology courses, 13592
school based comprehensive health clinic, high school students, 8521
secondary school curriculum, career patterns, comments on article by E. L. Herr et al, 9056
secondary school curriculum, career patterns, reply to critique by D. E. Super, 9047
team approach to organizing for evaluation of psychological services, high schools, 8996

Higher Education [See Also Clinical Psychology Grad Training, Clinical Psychology Internship, Graduate Education, Graduate Psychology Education, Medical Education, Medical Residency, Postgraduate Training, Psychiatric Training, Undergraduate Education]

accreditation guidelines & ethical standards, university & college counseling services, 2091
college attendance, locus of control, males, 10481
course content & cognitive & affective factors, classroom behaviors, 18–62 yr old continuing education students, Canada, 6737
educational & vocational opportunities, learning disabled college age students, literature review, 1303
effectiveness of drug & alcohol education programs at elementary school through university level, literature review, 1948
methods for dealing with low survey response rates in higher education research, 11396
natural structure of psychology research literature, approach to library instruction in psychology, 13623
parental role models & support & aspirations & attendance of integrated schools & inner strengths, attainment of professional degrees or doctorates, male vs female Mexican Americans, 3277
participation in continuing education programs & training needs, leadership personnel of mental retardation programs, 1880
phases of adult life cycle & developmental stages, adult learning & goals for higher education, 746
sex role restrictions & socioeconomic status & alienation & motivation & self & teacher expectations & cultural identification, participation in post-secondary education, Mexican American females, literature review, 3297

social factors & attitudes & values, life plans & aspirations for higher education, 10th graders, 11290
strategies for attracting more students, colleges & universities, 1909
Union College Senior Citizens' Studies Center program, 6647
university-based continuing education program, consultation to community mental health facilities, mental health professionals, 6588
validity & reliability & acceptability of biographical data & interviews & recommendations & interest & personality measures, prediction of success in higher education, college graduate & professional school students, 2082

Highway Safety
consensus & conflict & regulation of road safety, 11425
efficacy delineation systems as driver reference in road-work zones, 6887
general & public opinion & attitude change about speed limits, licensed drivers, Finland, 6836
human factors engineering & psychology of highway safety, literature review, 11509
model of driver behavior accident causation, implications for incentive systems for accident- & violation-free driving, literature review, 6838
roadway topography & environment & fatigue, perception & recall & recognition of warning signs, drivers, 6885
safety record, formally vs informally trained motorcyclists, 4533
signs vs flashing red lights &/vs half gates, speed reduction at railroad crossing, drivers, 4598
traditional driving test vs intensive driving instruction, confidence & ability & attitudes toward safety, new drivers, 10-mo followup, 6837

Hinduism
power motivation, social value orientation, male vs female Hindu vs Moslem graduate students, India, 1076
psychoanalytic psychology of hierarchical relationships in Hindu society, India, 10283
religiosity & sex & caste status & place of residence & anxiety & authoritarianism & rigidity & tolerance for ambiguity, Hindu vs Muslim college students, India, 12721
retaliation vs nonretaliation responses of victims, rating morality & intelligence & likeability of aggressors & Hindu vs Muslim victims, college students, India, 5599

Hippies [See Subculture (Anthropological)]

Hippocampal Commissure [See Fornix]

Hippocampus
acetylcholine, responses of hippocampal CA1 pyramidal neurons, guinea pigs, 12246
acquisition & performance of defensive CR, EEG spectrograms of sensorimotor cortex & dorsal hippocampus & mesencephalic reticular formation & anteroventral thalamic nucleus, rabbits, 12053
amygdaloid & dorsal hippocampus lesions, retention & reconditioning of classically conditioned fear response, male albino rats, 9971
bilateral ablation of frontal parts of neocortex & hippocampus, reactivity to light & sound & another S's pain cry, rats, 12232
caudal hippocampal histamine vs 3-methyl-histamine, open-field locomotor & rearing & sniffing & grooming & holding activities, male rats, 587
central commissurotomy, intractable generalized epilepsy, 15–25 yr old patients, 1692
constant magnetic field, hippocampal penicillin epileptogenic foci, rabbits, 5189
delayed spatial choice, EEG in hippocampus & prefrontal cortex, monkeys, 12077
dopamine, incorporation of labeled fucose into total proteins & guanosine diphosphate fucose formation in hippocampal slices, male rats, 10017
dorsal mesencephalic tegmentum lesions via ibotenic acid vs N-2-chloroethyl-N-ethyl-2-bromobenzylamine, noradrenergic innervation in hippocampus & hypothalamus & sexual behavior, male rats, 571
dorsal subiculum spontaneous & sensory evoked unit activity, rabbits, 12096
dorsal vs ventral hippocampal vs entorhinal cortical lesions, conditioned emotional response acquisition & extinction, male rats, 2893
dosage of norepinephrine into anterodorsal hippocampus, activity level, male rats, 2937
electrical high frequency stimulation of perforant path axons & contralateral hippocampal hilus, inhibition of long term potentiation of fascia dentata neurons, male rats, implications for learning & memory, 559
electrical stimulation of dorsal hippocampus, spatial avoidance discrimination conditioned reflex, 2892
electrical stimulation of dorsal hippocampus, 2-way shuttlebox shock avoidance acquisition, rats, 5198
electrode placement in dorsal hippocampus vs mesencephalic reticular formation & preexposure to tone, latent inhibition of subsequent conditioning, male rats, 9930
entorhinal vs hippocampal lesions, spatial discrimination learning, 1 day old rats, 9966
establishment of alimentary reflex, hippocampal neuronal activity, rabbits, 12100
fornix-fimbria & medial & lateral septal lesions, acquisition & retention of maze-learning task, male rats, 7527
generalization of alimentary instrumental conditioned reflex elaborated to electrical stimulation of ventral hippocampus, cats, 12203
glutamic acid diethylester injection into hippocampus, slope function of excitatory postsynaptic potentials & amplitude of extracellular field potential in dentate gyrus, rats, 12294
hippocampal & superficial cortical lesions vs no surgery, place navigation impairment, female rats, 579
hippocampal distribution of serotonin & cholinergic-muscarinic & alpha-adrenergic & opiate-type receptors, 62 yr old deceased male, implications for neurological pathology, 9833
hippocampal EEG spectra during awake-immobility & grooming & walking & rearing & slow wave & REM sleep & awakening, rats, 7422
hippocampal lesions & Pavlovian conditioning, heart rate & blood pressure & EMG CRs, rabbits, 7515
hippocampal lesions, latent learning of spatial maze, male rats, 12224
hippocampal vs neocortical lesions & dopamine agonist 3,4-dihydroxyphenylamino-2-imidazoline into nucleus accumbens, locomotion & exploration & grooming in open field, male rats, 9940
hippocampus lesions, avoidance learning to be active vs immobile, rats, 5213
intrahippocampal kainic acid, EEG & seizures, male rats, method for recurrent seizure induction, 2928
intrahippocampal naloxone vs morphine, exploration of novel environment, C57BL/6 vs DBA/2 male mice, implications for role of opioid peptide modulation of cholinergic mechanism, 701
kainic acid injections into unilateral hippocampus, seizures & behavior, cats, 10043
lesions of dorsal hippocampus vs medial frontal cortex, spatial learning, C57BL/6 vs DBA/2 male mice, 564
lesions of locus coeruleus, resistance to extinction in classical conditioning of nictitating membrane & hippocampal & cortical norepinephrine levels, male rabbits, 7523
locomotor activity-induced theta rhythm, hippocampal 2-deoxyglucose uptake, male rats, 5088
mechanisms of hippocampal long term potentiation & implications for memory, 9882
medial septal driving of hippocampal slow activity, discrimination learning, female rats, 2887
model of goal tracking in attentional-associative networks in spatial learning, implications for hippocampus as cognitive map, 9826
monoclonal antibodies formation to neurofiliments & neurofibrillary tangles in cerebral cortex & hippocampus, normal vs Down's syndrome vs senile dementia Ss examined postmortem, 1092
neuronal unit activity of hippocampus, rabbits, 9881
photic & optic nerve electrical stimulation, dorsal hippocampus activity & relation to striate cortex response, rats with pons transections vs tectum vs cingulum lesions, 5112
physiological properties of in vitro hippocampal slice, hamsters, 7406
postoperative environmental enrichment following dorsal hippocampal lesions, occipital cortex dendritic branching & spines, male rats, 5169
retroactive interference, spatial memory, normal vs hippocampal lesioned male rats, 7520
serotonin depletion by parachlorophenylalanine, insomnia & its reversal by 5-hydroxytryptophan, hippocampectomized male rats, 642
sexual behavior, electrical activity of hippocampus & amygdala, cats, 12044
spontaneous righting from various postures, hippocampal EEG rhythmical slow activity, rabbits, 12105
synaptic mechanisms of long term potentiation in hippocampus as basis for learning & memory, literature review, 9836
tonic immobility vs spontaneous activity, hippocampal electrical activity, rabbits, 9847
visual evoked potentials from dorsal hippocampus vs visual cortex, hedgehogs, 5119

zinc distribution in right vs left hippocampus vs striatum vs cortex, spatial behavior, male rats, 490
Hiring [See Personnel Selection]
Hispanics [See Also Mexican Americans]
acculturative stress, health status & behavioral problems & levels of ethnomedical beliefs, Puerto Ricans in urban US, 7955
age & cultural environment & socioeconomic level, IQ, Puerto Rican children, 2454
alcohol usage patterns, 13–16 yr old Hispanics, 12476
Black vs White tester, sociometric friendship ratings, English vs West Indian vs Asian comprehensive school students, 11417
content of parent therapeutic groups, English- vs Spanish-speaking parents of children with cancer, 8592
cultural & language & social class issues in psychotherapy, Asian vs Hispanic Americans, 8353
cultural issues, psychodiagnosis, Hispanics, US, 5786
drug therapy, depression, Hispanic vs Anglo females with mean ages of 44.3 & 55.7 yrs, 6301
group psychotherapy with bilingual leaders, impulsively sexual & aggressive & clinically depressed 14–17 yr old female Hispanics, 3979
guidelines for family therapy, Latinos, 3969
hereditary chin quivering, 4 generations of Spanish family, 13008
incidence of mental illness & mental health service utilization, Hispanics, literature review, 5738
level of assimilation & sociocultural norms & socioeconomic attributes, decision making & power, Puerto Rican families with generations raised in Puerto Rico vs US, implications for theory of resources in cultural context, 7789
mental illness prevalence & problematic behavior, 18–59 yr old hospitalized Hispanic vs Anglo inpatients, 13394
personality characterization, Latin Americans, 1067
Puerto Rican family role & structure, college experience & need for counseling, Puerto Rican college students, 4422
sentence method of reading instruction, high risk Spanish/English bilingual 1st graders, replication of author's previous study, 4452
social interaction & morale, urban vs rural Hispanic spouses 55 yrs old & older, 10403
socioeconomic & demographic factors, blood lead concentrations, Black vs White vs Hispanic 1–72 mo olds, 1427
time spent in "en face" position in 1st hr postpartum, Hispanic vs White mothers, 12581
transference & idealization in group therapy, 16–70 yr old Hispanic patients, 3995
utilization of mental health facilities by Hispanic- & Asian- & Native Americans & Blacks & role of community mental health nursing, literature review, 1700
validity of Revised Beta Examination, screening of intelligence, 20–42 yr old Black & Hispanic low functioning criminals, 4750
world view expectations of treatment, approaches to dream analysis, Latino psychoanalytic patients, 8332
Histamine
caudal hippocampal histamine vs 3-methyl-histamine, open-field locomotor & rearing & sniffing & grooming & holding activities, male rats, 587
pretreatment with mepyramine vs metiamide vs atropine, histamine induced aggressive behavior, mice, 661
History [See Also History of Psychology]
causes of mental disease as seen in writings of 19th century Australian psychiatrist F. N. Manning, 3569
continuity in public opinion about racial equality, frustration-aggression & realistic group conflict theories of individual change, 1972–76, 899
cultural & historical perspectives on chlorosis & implications for anorexia nervosa, adolescent females, 1870–1920, literature review, 5937
dyadic interactions in literary works 1000 yrs apart, 719
emergence & key figures & history of organizational development through mid-1960's, 2220
evidence of vs theorized rising crime in 19th century, Great Britain & France, 8108
experiences serving students with nontraditional educational backgrounds & preparation before vs after 1954 school desegregation decision, Black colleges, 6603
feminism, Europe, 1400–1789, 12611
hallucinogenic plant use by shamans, creation of ceramic art with sexual themes, literature review, Peru, 3015
historical & cultural manifestations of K. Horney's concept of anxiety neurosis, US, 5490
historical & current scientific status of psychiatry, 6079
historical perspective, values clarification in counseling & humanistic education, interview with S. Simon & H. Kirschenbaum, 11040
historical research in music therapy, 8302
historical role of toys in childhood & educational value of toys, 12467
history & basis for appeal & impact & extrication routes & post-extrication intervention strategies, cults, young people, literature review, 3295
history & current status & future of Black leadership, US, 910
history & ideological aspects & social organization, karate, 12548
history & psychological impact & sociopolitical factors, atomic bombing of Hiroshima, 1st-hand account as experienced by 13 yr old, 3263
history & social & cultural issues, emergence of cults, alternative religious movements, literature review, 3292
history & treatment modalities, treatment centers for psychiatric emergencies, Brazil, 8525
history in social science curriculum, 4393
history of Arabian medicine & psychiatry through 17th century, 3905
history of children's rights, 976
history of family structure & instability & mating patterns, urban & rural lower class, Jamaica, 940
history of group dynamics & role in social work, personal recollections of author, 4171
history of medical & psychiatric terminology, 4645
history of nosology of depression, 20th century, literature review, 8005
history of psychiatry & psychiatric practice, Brazil, 13128
history of training, 6590
history of welfare treatment, Blacks, US, 7754
insanity in movies, 1913–33, Germany, 2988
magic for controlling nature & enemies, early humans, 3441
male homosexuality in Greek history, literature review, 5535
mass convulsive ergot poisoning as basis for 1692 New England witchcraft affair, 4639
need for historical perspective in parapsychology, 4613
past vs future event probability assessment task, certainty of responses, college students, England vs Indonesia, 11892
previous effects of determinant sentencing, 3330
role of voluntary choice in childlessness, early 1900's, US, analysis of census data, 946
sibling marriages in royal families, Egypt & Peru & Hawaii, 8075
social & aesthetic & personal factors, 19th century use of absinthe, France, literature review, 12643
social psychology as history vs science, 4627
sociocultural & historical perspective, denial of death, literature review, 12541
topical issue of slavery in anthropological theory, 1920–69, literature review, 11553
History of Psychology [See Also Associationism, Behaviorism, Freudian Psychoanalytic School, Gestalt Psychology, Individual Psychology, Jungian Psychology, Structuralism]
accomplishments of C. B. Ferster, 1922–81, 27
amount of text devoted to individual in history of psychology texts vs judgment by panel of eminence, individuals important to psychology, 32
animal magnetism therapy, treatment of epileptiform seizures, 12 yr old male, 1813 case of A. M. de Puysegur, 1662
career & influence of G. S. Hall, 11538
conference of Chinese Psychological Society, 1981, 11552
context of psychology of W. Wundt & development of theoretical vs applied psychology, 9246
contributions of B. M. Teplov to psychology of individual differences, 6931
contributions of R. I. Watson to history of psychology literature, 11540
contributions to development of theories of ego development & interpersonal psychoanalysis, psychoanalysts of Budapest school, Hungary, 4628
contributions to psychology & pedagogy & cybernetics by G. Zapan, 4643
criticism of traditional assumptions in experimental social psychology as seen in history of sex role research, literature review, 12651
development & current concepts of narcissism, 10461
development of clinical biofeedback, literature review, 5126
development of Department of Psychology at Cornell after E. B. Titchener & through World War II, 11557
development of psychology, China, literature review, 9230
diffusion & evaluation of works published in "Internationale Zeitschrift fur Psychoanalyse", Latin American psychoanalysts, 1913–41, 23

education & politics & scientific accomplishments of psychologist L. J. Martin, 11562
emergence & impact of behavioral psychology, Chile, 1970–73, 19
evaluation of historical treatment using citation analysis & textbook coverage, distinguished female psychologists, 13496
extent of deception in social psychology research & kinds of techniques, 1959–69 vs 1978–79, 11582
facts concerning attitude of C. Jung toward Jews & Judaism, 4634
Gnostic heresy & psychology, 11561
historical analysis, lay psychoanalysis, literature review, 6121
historical development of aviation psychology, Germany, 13753
historical development of psychoanalysis, 10858

Hobbies [See Recreation]
Holtzman Inkblot Technique
reliability of scores & construct validity of separate categories within Holt system for scoring primary process, Holtzman Inkblot responses with standard vs imaginative response instructions, college students, 9437
Home Accidents
design & behavior factors, accidents involving glass doors & windows, 4528
Home Environment
adverse social & family conditions & psychiatric disorders, 8 yr olds, 8066
age & middle class vs low socioeconomic & abusive/neglected background, regulation of emotional expression & reliability of ratings of emotions, 12–19 mo olds, 5315
agoraphobia, social & physical characteristics of home & nonhome environments, male vs female 27–51 yr old agoraphobics, 1152
amount of home-based leisure time & activities, survey respondents, 12526
analysis of esthetic components of arrangement of physical environment as reflection of mental state, understanding of psychopathology, manic patients, 1184
biological & psychosocial & demographic perinatal factors, prediction of adequacy of home environment, families 3 yrs after hospital discharge of neonates with medical problems, 939
birthplace, self concept, students with mean age of 22 yrs, Brazil, 5659
cognitive/social stimulation in home environment & sex typing in child's room, 3–6 yr olds from intact/mother working vs nonworking vs divorced/mother working families, 3048
concurrent validity of measures to assess in-home unmet needs & life satisfaction, 60–95 yr olds, 173
data synthesis, studies on relationship between home environment & school learning, 4400
demographic analysis, living arrangements, parent-absent unmarried noninstitutionalized children under 18 yrs of age, US, 1980, 10333
demographic characteristics & behavior problems, 5–15 yr old school truants & their parents, 6729
depression, perception of university & family environment, college students, 10440
development & validity of Home Environment Questionnaire, 5–16 yr olds, 7078
developmental & environmental screening, prevention or early identification of organically caused mental retardation, 3724
effectiveness of GSR-2 unsupervised biofeedback in home environment, physiological & psychological stress, college students, 6257
emergent themes in residential histories, 28–65 yr old urban residents living alone, 2278
enviromental stressors & coping resources, level of functioning & adaptation, independence & achievement & moral/religious & intellectual/cultural & support & conflict oriented & disorganized families, 922
environmental factors & ego functioning & aggression & depression & antisocial behavior in classification & measurement & interrelation, assaultive &/or suicidal 6–12 yr olds, 12795
etiology & symptoms & limited intervention, abuse in domestic settings, elderly, 1249
factor analysis, Henderson Environmental Learning Process Scale responses, mothers of 7–14 yr old learning handicapped children, 112
family climate & school success, etiology of learning disorders, 5893
family environment & age, locus of control, 12 vs 18 yr olds, US vs West Germany, 10248
family environment & personality traits, college students, 5626
Family Life Space Ecological approach in diagnosis & treatment, psychiatric patients, 8285
family structure & home environment, effect of socioeconomic status on intelligence, White 6–11 yr olds, 3134
flexibility & trust & cohesion & expression of feelings & self sufficiency in families, maturity & ego development, 15–17 yr old females, 10211
frequency of vs no home visits by paraprofessionals trained to work with parents, school achievement, disadvantaged 4 & 5 yr olds, 2-yr longitudinal study, 13674
goals & time perspective, 65–75 yr olds living at home autonomously with vs without pensioner's association membership vs in home for elderly, 5450
home environment & maternal attitudes & marital adjustment & socioeconomic status, mental & motor development, 2 yr olds, 3149
home environment & neonatal reflexes, motor & cognitive-motor performance, 4 yr olds, longitudinal study, 3126

home environment & personality traits, alcohol abuse, 11–14 yr old males institutionalized for asocial behavior, 3654
home environment & teacher & peer ratings of personality, individual differences & preferences in privacy seeking behavior, 4th graders, 2018
home environment, child development, literature review, clinical implications for pediatricians, 1669
Home Observation for Measurement of Environment & intelligence scores, preschool age children, 5-yr longitudinal study, 12413
Home Observation for Measurement of Environment test, assessment of stimulation of home environment, children from birth through 6 yrs old, 7065
home vs school, general mental vs creative thinking abilities, students from enriched vs disadvantaged home environments, 2000
home-based reinforcement using daily report card procedure, completion & accuracy of in-class assignments, male 3rd graders, 4360
institutionalization vs home care, infants & children & adolescents, 6439
intact vs broken home & age & sex, personal adjustment, 10th graders, 864
living arrangements & low socioeconomic status, distribution of self injury, Canada, 3676
model of work task learning in home environment, children & young people, implications for future work socialization, 748
negotiability of environment, mobility in daily life, handicapped, 1816
participation in household tasks, 6–17 yr olds of 2-parent 2-child families, 3189
perceived family climate, college students who applied for counseling, 13735
perceptions & attitudes & beliefs regarding religion & home situation & parent child relations, Black vs White male vs female 8th graders, 3241
personality & social & territorial factors, etiology of homesickness, 3573
production factors, social studies achievement & attitudes, 17 yr old high school students, 6717
residential history & concept of home, 28–65 yr olds living alone, 3213
restrictive childhood environment, female with multiple personality, 7990
rigidity, social & emotional & financial & health & home areas of adjustment, male college students, 3490
social relationships & perceived similarity between occupants & group structure & previous residential experience, effect of household density on psychological & physical well being, residents, 5583
social support in family & work environments, assessed through social climate measures, physical & psychological adjustment, adults, 5631
sociocultural influences of family & parental & peer behavior & personality traits, alcohol drinking patterns, adolescents, 7717
socioeconomic status, family & housing characteristics & development, 5 yr olds, New Zealand, 10111
sources of stress, part- vs full-time homemakers, 929
student & household & community characteristics, educational attainment & achievement & enrollment, 14–25 yr olds, Thailand, 11257
teacher report of student's home background & cognitive & emotional characteristics, prediction of school achievement, disadvantaged 5 yr olds, Ireland, 3-yr followup, 4469
unprogrammed learning of behavior modification techniques at home from trained mothers, fathers of oppositional toddlers, 13239

Home Visiting Programs

perception of cotherapy role in home-based behavioral treatment, parents of autistic children, 8410
Portage model of home intervention, child skill acquisition & parental depression, handicapped preschoolers & their parents, Wales, 11332
Portage system involving parent teaching at home, severely handicapped preschoolers, UK, 11311
psychiatric outpatient care vs supportive home visiting from community psychiatric nurses, 18–69 yr old neurotic patients, 1715
role conflict in homemaker aide programs, aides for elderly, 8566
visits of patient's home environment, therapists, 1778

Homeostasis

acupuncture & physiological & physical & psychological homeostasis, 8541
food deprivation, interaction between cholinergic & catecholaminergic systems of hypothalamus & cerebral cortex in regulation of food-motivated behavior, rats, 9941
lesions of anteroventral 3rd ventricle region, angiotensin & saline induced drinking for fluid balance, male rats, 5171
mineralocorticoids interaction with cerebral angiotensin, sodium appetite generation, salt deficient animals, 5050
projections of ACTH-immunoreactive opiocortin fibers to supraoptic & paraventricular nuclei, water balance regulation, male rats, 466
role of endorphins & drug therapy, schizophrenia, 27–45 yr old schizophrenics & depressives, literature review, 4061
stress & general adaptation syndrome, implications for medical sciences, 13340
subfornical organ lesions, behavioral & physiological control of water balance, rats, 5212

Homicide [See Also Infanticide]

aggression & frustration & anxiety & depression, males with mean age of 15.9 & 15.7 yrs convicted of murder vs property offenses, India, 1268
alcohol & drug use & suicide attempts & situational strain, killers vs nonviolent offenders, 12934
characteristics of confiscated handguns, rate of police officer murders in cities, US, 3680
child abuse, parricide, 14 & 15 yr olds, 3699
creativity & preoccupation with murder & primal scene, interpretation of mysteries by A. Sandemose, 10074
ethnic & linguistic & religious & economic heterogeneity, homicide, populations, 8092
historical development of homicide law & "heat of passion" legal defense, 5519
importance of crime scene data & interviews with sex offenders & role of psychological profiles of suspects & law enforcement, data collection of multiple rape-murders, male criminal, 10637
incidence & reasons for murder, India, 8105
incidence of alcohol use as determined by blood alcohol levels, homicide victims, 10605
interpersonal misunderstandings in dyadic systems, sexual aggression & homicide, 8090
kin relationships, homicide, 1255
marital & family relations & reactions following murder, parents & siblings of 19 yr old murderer, 5838
motivation for murder & characteristics of victims & murderers, 14–67 yr old accused murderers, 3702
paternal violence & CNS vulnerability & predisposition to psychotic disorganization, impulsive self destructive & homicidally aggressive behavior, 5–12 yr old psychiatric inpatients, 12938
poverty & family income inequality & homicide rate, urban areas, 1275
psychiatric diagnosis & MMPI & 16PF personality profiles & IQ & neurological results, killers vs nonviolent offenders, 12933
psychiatric evaluation & delusions of persecution & power, sodomy & murder in life of criminal E. Wagner, 3649
psychotherapy, changes in Rorschach responses & artistic imagery, artistically trained psychiatric patient committed for murder 10 yrs previously, 9415
rape & murder & subsequent cannibalism & vampirism, 40 yr old male psychotic, 5723
relaxation therapy, somatic symptoms & anxiety, 21–55 yr old murderers, 13228
role of occupational therapy in assessment & diagnosis, 17 yr old female accused of matricide, 12930
scores on MMPI & Peabody Picture Vocabulary Test & Revised Beta Examination, Black vs White murderers, 4752
sex role-related social change, acts of lethal violence, Black female offenders, 1273
societal development & equality, homicide, cross-national test of E. Durkheim's model, 8110
state handgun control laws, suicide rate & homicide by firearms, 12936
stressful life events, homicide offenders who killed family member/close friend vs stranger, 8098
upcoming US presidential election, mortality rate for suicides vs accidents vs homicides, 12900
vulnerability to murder, elderly, 1269

Homographs

association value & pronounceability & characteristic associative structure, memory for surnames or orthographically identical words, college students, 7259
norms for continuous word association homographs, college students, 9593

Homophobia [See Homosexuality (Attitudes Toward)]

Homosexuality [See Also Bisexuality, Lesbianism, Male Homosexuality]
development of gender identity & role & sexual partner orientation, 892
diagnosis of antisocial personality & alcoholism & depression & homosexuality, prediction of recurrence or continuation of drug & alcohol dependence, narcotic addicts, 12908
drug use, sexual preferences & practices & drug/sex patterns, Haight-Ashbury clinic clients, 3364
evangelical Christianity & homosexuality, 7764
gratuitous language in appellate cases, gay litigants, 7831
incidence & frequency rates & effects of homosexual & heterosexual incestuous experiences, 22–65 yr old lesbians & 22–56 yr old male homosexuals, 12962
incidence of sexual experiences with partner of same sex & animals & group sex & sex differences in masturbation & being rape victim & premarital intercourse, college students, 1974 vs 1980, 10373
narcissism & oedipal conflicts & homosexuality, 10359
review of conference on homosexuality, 12619
right to reproduce & have custody & access to children despite label of "deviant," homosexual & transsexual & single & unmarried & retarded parents, 7976
similarities in behavior & libidinal differences, 25 yr old homosexual vs 36 yr old paranoiac, 10547
Homosexuality (Attitudes Toward)
attitudes toward homosexual behavior, heterosexual college students, 12627
attitudes toward homosexuality, 11th & 12th graders, 7743
development & reliability & validity of long & short form homosexism scales, measurement of prejudice against homosexuality, college students, 4745
homophobia & androgyny & sex role orientation, college students, 12607
homosexuality lecture with film/videotape on prejudice vs explicit homosexuality vs sexual variance, attitude change, college students, 13607
personal construct measure, assessment of potential for homosexual threat, college students, 9413
size of city living in at present vs at 16 yrs of age, tolerance of homosexuality & extramarital & premarital sex & pornography, Ss 18 yrs old & older, 993
soccer as therapeutic outlet for taboo thoughts & fears of homosexuality & emasculation, team members & cathecting fans, Argentina, 2131
Homovanillic Acid
cerebrospinal fluid GABA & homovanillic acid levels, 29–56 yr old depressed hospitalized patients, 5744
femoxetine vs desipramine, depressive symptoms & cerebrospinal fluid levels of 5-hydroxyindoleacetic acid & 4-hydroxy-3-methoxyphenyl glycol & homovanillic acid, depressed outpatients, 6275
muscimol & haloperidol withdrawal & picrotoxin, apomorphine-induced climbing & striatal homovanillic & dopamine levels, male mice, 12297
zimelidine vs desipramine, endogenous depression, 25–68 yr old patients with high vs low cerebrospinal fluid pretreatment levels of 5-hydroxyindoleacetic acid & homovanillic acid & 4-hydroxy-3-methoxyphenyl glycol, 6266
Honesty
choice of terms in verbal self instruction, honesty, 1st vs 4th graders, 10216
evaluation apprehension & commitment to experiment, confession of prior knowledge about procedures, male college students, 7006
Hong Kong
cultural differences, moderation in overt reactions to helpful vs unhelpful target person, male college students, Hong Kong vs US, implications for pan-cultural model of equity in social exchange, 1040
group member's level of contribution toward group project & Ss' ethnicity, perceptions of & behavioral intentions toward member, male college students, US vs Hong Kong, 907
questionnaire language & level of identification with traditional culture & response anonymity, ethnic affirmation vs cross-cultural accommodation in responses, bilingual Chinese college students, Hong Kong, 908
reports of psychological symptoms, Chinese survey respondents, Hong Kong, 5711
sex & field dependence, response to cultural vs perceptual cues in Chinese vs Western paintings, Chinese vs Western college students, Hong Kong, 257
smiling, social perception, college students, Hong Kong, 3423
Hopi Indians [See American Indians]
Hormones [See Also Adrenal Cortex Hormones, Androgens, Cholecystokinin, Corticosterone, Corticotropin, Cortisone, Deoxycorticosterone, Epinephrine, Estradiol, Estrogens, Glucagon, Gonadotropic Hormones, Hydrocortisone, Insulin, Luteinizing Hormone, Melatonin, Norepinephrine, Oxytocin, Parathyroid Hormone, Pituitary Hormones, Prednisolone, Progesterone, Prolactin, Sex Hormones, Somatotropin, Testosterone, Thyroid Hormones, Thyrotropin, Thyroxine, Vasopressin]
age & juvenile hormone & corpora allata & feeding & short- vs long-day conditions, mating behavior, Colorado potato beetles, 9945
bombesin vs somatostatin & ambient temperature, oxygen consumption, male rats, thermoregulation implications, 594
clinical applications of psychoneuroendocrinology, 10490
constant bright illumination, persistent estrus & hormone receptor binding & puberty & sexual receptivity & mating, female rats, literature review, 7502
controlled daily light exposure, regulation of hormone-mediated physiological & behavioral responses, sheep & pigs & cattle & chickens, literature review, 547
dopamine receptor agonist RDS-127, sexual behavior & hormone levels, male rats, 2930
EEGs & eye movements & penile tumescence & plasma luteinizing hormone & follicle-stimulating hormone & testosterone levels during sleep, 23–36 yr old males with erectile impotence, 6017
effect of thymosine in blood on rosette-forming capacity of peripheral blood lymphocytes, schizophrenics vs healthy Ss, 1172
endocrinologic basis & associated symptoms, menopause & climacteric, literature review, 7461
gonadal dysgenesis & development of anorexia nervosa, 17.5 yr old female undergoing hormonal replacement therapy, 3869
hormonal & genetic factors & neurotransmitter disturbances, etiology of schizophrenia & manic depression, literature review, 1201
hormonal effects, explanation for multiplicity of neurotransmitters, comments on R. K. Dismuke's article, 2820
icv thyrotropin releasing hormone into various brain regions, starvation-induced feeding & drinking, male rats, 10042
sex differences, temporal patterns of copulation in group mating & relationship to neuroendocrine reflexes that mediate reproduction, Norway rats, 400
somatostatin, feeding induced by stress vs insulin vs icv norepinephrine vs musicimol vs dynorphin, vagotomized vs sham-operated male rats, 533
starvation, suppression of egg-laying by inhibition of ovulation hormone producing cells, snails, 546
thyrotropin releasing hormone & desimipramine, plasma growth hormone & follicle & thyroid stimulating & luteinizing hormone & prolactin, 36–65 yr olds with primary affective & schizoaffective disorders, 13258
thyrotropin releasing hormone, acquisition & extinction of shuttle-box-avoidance behavior, male rats, 693
Horses
acupuncture, modification of behavior, ponies, 7490
attack & killing of foals, stallions, 4986
Hospice
hospice care as return to humanistic medicine, US, literature review, 8523
occupational therapy in hospice care, 8683
Hospital Administration
functioning of general hospital psychiatric service, Italy, 8619
functioning of inpatient & daycare & emergency service units in general hospital psychiatric department, 8623
recommendations for psychiatric hospitals in future, 8612
sources of relevant statistical information, mental health planning & administration, 1676
Hospital Admission [See Also Psychiatric Hospital Admission, Psychiatric Hospital Readmission]
admission rates for self poisoning drug overdoses, 12–20 yr olds, 6443
diagnostic & clinical features, depressed patients admitted to psychiatric vs nonpsychiatric hospital wards, 8611
evaluation of policy to admit psychiatric patients to general medico-surgical hospital units, 8645
hospital admission rates during later stages of career, alcoholic US Navy enlisted males, 6445
staff & therapist absence & methadone therapy & number of new hospital admissions, prediction of treatment dropouts, male drug addicts in opiate detoxification program, 4253
statistical summary of admissions to hospital psychiatric emergency service, 8639
Hospital Attendants [See Attendants (Institutions)]

Hospital Discharge [See Also Psychiatric Hospital Discharge]
maternal mood & caretaking difficulties, mothers of infants with perinatal complications at time of hospital discharge vs 9 mo later, 5664
sex & age & diagnosis, signing against medical advice, community general hospital patients, 11064
Hospital Environment
dissatisfaction with ward environment representative of psychiatric medical model vs therapeutic community, behavioral disturbances, psychiatric inpatients, 1754
hospital program controlling locked ward & lack of goals, difficulty in creating therapeutic milieu & ward environment, psychiatric hospitals, 13389
humanization of hospital environment in department of gynecology-oncology, 6450
importance of liberal conditions in general hospital, psychiatric patients, 8633
inadequacy of information provided to new mothers in maternity, pediatricians, 1762
staff turnover, psychiatric hospital ward climate, staff members & patients, 1773
treatment decision-making style of therapeutic community vs medically oriented psychiatric ward, treatment outcome & process of care, 15–55 yr old 1st-admission inpatients, 6448
type of hospital & achievement values & age & length of service & parents' occupation & earnings & perception of hospital environment, occupational commitment, nurses in private vs public hospitals, 1879
windows, psychological well being, rehabilitation patients & staff, 1796
Hospital Programs [See Also Psychiatric Hospital Programs, Therapeutic Community]
administration & efficacy of medical-psychiatric unit, 47 & 68 yr old male & 17 yr old female patients, 8628
behaviorally oriented hospital treatment program, medication use & pain behavior & physical functioning, chronic pain patients with mean age of 43.8 yrs, 8618
demographic & clinical & programatic characteristics of patients & services, general hospital psychiatric liaison service consultations, 4189
design & efficacy of volunteer system Serve Alcoholic Veterans in Emergency, 11102
development of Child Abuse Service at Adelaide Children's Hospital, Australia, 13390
development of Maynard Personal Assessment Rating, self assessment in partial hospitalization treatment programming, patients, 11671
functions & cost-benefit of hospital walk-in & telephone inquiry service staffed by social workers, 1771
group meetings, adjustment to hospitalization & separation from parents & illness, chronically ill children, 4194
group therapy for integration into community, schizophrenic day hospital patients with pathological affect, 13411
hospital program controlling locked ward & lack of goals, difficulty in creating therapeutic milieu & ward environment, psychiatric hospitals, 13389
hospital sickle cell screening & education & counseling program supported by federal government, US, literature review, 13414
hospital training program, improved intellectual functioning, summary of author's 1980 article, 6493
hospital-based behavioral outpatient multidisciplinary treatment, chronic pain patients, 1759
interdisciplinary development & maintenance of situation/transition groups, crisis intervention & coping, general hospital patients & families, 4205
money management training program, VA patients judged incompetent due to mental illness or brain trauma, 1780
organization of psychiatric consultation-liaison services in general hospital, 8654
psychiatric consultation & liaison services as contribution to holistic medical thinking, general hospitals, Switzerland, 13420
screening grid, determination of hospital service needs, medical patients with emotional problems, 11062
statistical summary of admissions to hospital psychiatric emergency service, 8639
Suspected Child Abuse & Neglect Program, intervention for at-risk families & changing of community attitudes, 1751
Ten Question Drinking History in prenatal intake procedure, fetal alcohol education, hospital physicians, 1884
treatment- & cost-effectiveness of adult day care vs nursing home services, day care participants & nursing home residents with mean ages of 75 & 81 yrs, 1760
videotape program, use of medium & staff-client communication & mastery of aspect of health care experience, hospitalized adolescents & antisocial developmentally disabled male young adults, 6441
volunteer hospital Suicide Sitter Program, depressed & potentially suicidal adolescents, 8653
Hospital Staff [See Medical Personnel]
Hospitalization [See Also Commitment (Psychiatric), Hospital Admission, Hospital Discharge, Psychiatric Hospital Admission, Psychiatric Hospital Readmission, Psychiatric Hospitalization]
assessment & understanding of parental needs & issues & staff-parent relationships, parents of chronically ill hospitalized children, 8616
cardiac rehabilitation program following stay in coronary care unit, outcome measured by return to work & adjustment to ischemic heart disease & presence of risk factors, males aged 64 yrs or less, 1-yr followup, 11080
company of mother during hospitalization, neonates & infants in general pediatric unit, 1783
development of Maynard Personal Assessment Rating, self assessment in partial hospitalization treatment programming, patients, 11671
family & anxiety factors, somatic disorders, infants hospitalized during 1st 3 mo of life, 1790
family factors & hospitalization & therapeutic approaches, adolescent & female anorexics, 6088
gamma-glutamyltransferase levels, hospitalization for alcohol- vs nonalcohol-related disorders, males born 1926–29, Sweden, 11063
hospital & child welfare treatment, child abuse victims less than 8 mo of age, 1675
integration of psychosomatic approach in routine patient care, medical hospitals, 13322
intervention for family of sick newborn, intensive care unit staff, 8631
joint mother-child hospitalization, treatment of breath holding spell, 12 mo old, 1786
length of hospitalization, cognitive performance & passivity & depression, male medical inpatients, 1784
liaison for patient transition from hospital to day treatment centers, 13407
maternal hospitalization for postpartum depression or psychosis or child abuse, mother-child relationship, arguments for joint hospitalization of mother & child, 4197
medication usage frequency, days hospitalized, asthma patients with mean age of 39.2 yrs, 8452
mother infant relations & medical care during postpartum period, 1768
mother-child separation during hospitalization in pediatric unit, 1772
neonate hospitalization, development of mother-child link, 1776
neonatology techniques requiring hospitalization, subsequent relational disorders, handicapped children, 1789
open heart surgery & stay in intensive care units, psycho-organic & paranoid hallucination & delirious syndrome & affective-emotional & psychomotor disturbances, 20–59 yr olds with coronary & valvular disorders, 3–5 yr followup, 10966
performance on Brazelton Neonatal Behavioral Assessment Scale, 37–42 wk olds who were premature vs full term in intensive care vs healthy full term with prolonged hospitalization vs healthy, 740
side effects of hospitalization unrelated to diagnosis & treatment of acute illness, elderly general medical patients, 1761
stress adaptation potential, length of hospitalization, 23–73 yr old medical-surgical patients, 8528
validity of self report vs hospital records, hospitalization history, psychiatric patients, 13416
Hospitalized Patients
age & IQ & education, performance on Rey Auditory-Verbal Learning Test, 19–81 yr old male general hospital inpatients, 11677
assessment & behavioral intervention, psychosomatic symptoms, 24–64 yr old hospitalized patients receiving intensive cancer treatment, 8427
assessment & understanding of parental needs & issues & staff-parent relationships, parents of chronically ill hospitalized children, 8616
attitudes toward family involvement in treatment of hospitalized chronic mental patients, family & staff members, 1793
Beck Depression Inventory vs Form E of Depression Adjective Check Lists vs Generalized Contentment Scale, psychiatric inpatients vs outpatients vs graduate students, 4719
biopsychosocial model for brief inpatient psychotherapy, schizophrenia, 13187

daily functioning levels, senior citizen center participants vs adult day care clients vs nursing home patients, 10983
deficiencies in thiamine & riboflavin & pyridoxine, hospitalized psychiatric patients, 10516
demographic & clinical & programatic characteristics of patients & services, general hospital psychiatric liaison service consultations, 4189
demographic characteristics & age & race, substance abuse history & illicit drug use, hospitalized paranoid schizophrenic vs other psychiatric patients, 13388
diagnostic & treatment problems, 9–56 yr olds hospitalized with symptoms attributed to hexes or spells, 6440
epidemiology & underlying psychopathology, assaultive behavior prior to hospital admission, psychiatric inpatients, 1756
factor structure of Health Locus of Control Scale, hospitalized medical & surgical patients with mean age of 47 yrs, 4763
factors associated with poor transition from inpatient to outpatient treatment, psychiatric patients, 1770
factors contributing to & aftereffects of runaway behavior, 14–17 yr old psychiatric inpatients, 3542
games & "play hospital", children in pediatric hospital, 13415
group psychotherapy, psychiatric inpatients, literature review, 6182
group therapy, schizophrenia, in- & outpatients, literature review, 6202
incidence of depression & illness behavior, inpatients with mean age of 41.4 yrs, Italy, 13396
incidence of suicide, hospitalized psychiatric patients, Switzerland, 1782
incidence of violence, hospitalized forensic patients with mean age of 32 yrs, 8650
interdisciplinary development & maintenance of situation/transition groups, crisis intervention & coping, general hospital patients & families, 4205
involvement in post-hospital-care decision making, hospitalized patients with mean age of 74 yrs, 11055
lifestyles prior to illness, 53–89 yr old male wanderers vs nonwanderers in long-term care, 13410
long term neuroleptic treatment, word associations, hospitalized psychiatric patients, 8447
manner of escape & dangerousness & reasons for leaving & place of apprehension, hospitalized psychiatric patients who left hospital without permission, 1785
medication usage frequency, days hospitalized, asthma patients with mean age of 39.2 yrs, 8452
mental illness prevalence & problematic behavior, 18–59 yr old hospitalized Hispanic vs Anglo inpatients, 13394
motivation for & commitment to psychoanalysis, psychiatric inpatients, 8629
O reliability & validity, Clinical Assessment Inventory as part of hospital treatment program, adults, 8615
patient characteristics & staff responses to patient chart requests, 18–55 yr old psychiatric unit patients, 11052
perception of surgical patients' worries, 24–65 yr old hospitalized females vs nursing staff, 8625
prevalence of alcohol-related disabilities, general hospital patients, 3684
prevalence of depressive symptoms & abnormal illness behavior, general hospital inpatients with mean age of 41.4 yrs, 13397
procedural vs sensation information about threatening medical procedure, expectations & emotional responses, 24–61 yr old hospitalized patients, 6356
reality orientation, institutionalized psychogeriatric patients, 6438
reliability & correlates of scores on Personal Opinion Survey, measurement of experienced control, psychiatric inpatients with mean age of 33.6 yrs, 11700
Risser Patient Satisfaction Scale, evaluation of primary nursing on hospital orthopedic units, patients, 4800
role in management of hospitalized trauma patients, social workers, 8596
self instructional vs relaxation training, coping with sigmoidoscopy, hospital patients, 4198
self mutilating behavior, mentally defective & psychotic patients living in psychiatric milieu, 6459
stress management training program, reduction of trait anxiety, hospitalized polydrug-abusing males, 6485
therapeutic aspects of acting out, hospitalized neurotic 13–23 yr olds, 10554
videotape program, use of medium & staff-client communication & mastery of aspect of health care experience, hospitalized adolescents & antisocial developmentally disabled male young adults, 6441

Hospitals [See Also Psychiatric Hospitals]
characteristics of badly battered children admitted to hospital pediatric intensive care department, France, 1968–80, 13401
degree of urgency & demographic characteristics, nonurgent vs psychiatric patients in emergency room, 1678
establishment of geriatric department in general hospitals, 11069
evolution & criticism of psychiatric consultations in general hospital, 8617
feelings while working with patients, 22–75 yr old hospital security personnel, 1769
financial management of mental vs general hospitals, Japan, 8635
importance of liberal conditions in general hospital, psychiatric patients, 8633
intention to hire disabled for hospital occupations, rehabilitation counselors & health professionals, 8690
role of general hospital, provision of psychiatric care, young adult chronic patients, literature review, 1757
role of patient representatives vs social workers in hospitals, 8595
staff group meetings, coping with stress, staff of children's hospital, 4270
tasks & goals & competencies of psychiatrists who act as liaisons between psychiatric & general hospital wards, France, 8608

Hostages [See Crime Victims]

Hostility
aggressiveness/hostility as risk factor, male myocardial infarction patients with mean age of 53 yrs, 3865
anxiety & hostility & psychophysiology, prediction of postpartum depression, mothers measured during pregnancy & after birth, 12848
hostility level, change from admission to discharge, manic & hypomanic patients with mean age of 42.6 yrs, 1199
hostility type as determined by subscale of Gottschalk-Gleser Content Analysis Scales, couples in conjoint therapy, 3991
judgments of social hostility & adaptability for learning disabled vs normal 2nd vs 4th graders interacting with peers, college student naive judges, 1305
literary & psychological examples of K. Horney's concept of vindictiveness, 5303
losses & hostility, outpatients with unipolar depression, 1145
management of hostility, adjustment & psychotherapeutic outcomes, psychiatric patients, 7997
patrol staffing with 1- vs 2-officer units, injuries & hostile interactions, police & citizens, 10345
role of anger & hostility, essential hypertension & coronary heart disease, literature review, 1361
school racial composition, White racial hostility, students in desegregated elementary schools, 8912
state & trait anxiety & hostility & mood & Type A scores, male industrial workers under 56 yrs of age with mild essential hypertension, 8249
stress, perceptions of anxiety & hostility & depression, Type A vs Type B college students, 3456
stressful events, hostility, depressed patients, 8009
suicide & suicide attempts, marginal & undersocialized lower class 20–27 yr old males, implications for hypothesis linking hostility & oversocialization, 8086
vigilant watch vs hypnagogic reverie vs interview with tester, verbal production, psoriasis patients, 3852

Hot Line Services
evaluation of counseling hot lines, 25 yr old male role player, Great Britain, 8562
functions & cost-benefit of hospital walk-in & telephone inquiry service staffed by social workers, 1771
prejob training & job experience, dogmatism & counselor skills & knowledge, 19–71 yr old volunteer telephone crisis counselors, 4162
relapse prevention hot line for maintenance, ex-smokers, 8706
techniques & interrogative restatings & anxiety reduction in suicide intervention strategies, hot line services, 13355
techniques used in telephone counseling, 1747

Housewives
age, achievement & affiliation needs, 18–22 yr old unmarried vs 40–55 yr old married female college students vs 40–55 yr old homemakers, 10454
evaluation of commodities, psychological grudging accompanying expenditure, housewives, 4607
peer counseling in self help groups, depression, females at home, 8604

sex role orientation & MMPI profiles for psychological adjustment, female college students vs upper middle class housewives, 9371
sources of stress, part- vs full-time homemakers, 929
Housing
demographic analysis, living arrangements, parent-absent unmarried noninstitutionalized children under 18 yrs of age, US, 1980, 10333
direct vs indirect government programs, population mobility, 10276
factors affecting residential & community satisfaction, residents, 10278
home purchase decision as "muddling through" process based on conflict-avoiding heuristics, husband-wife dyads, 2296
housing type, stress & family relations, Canada, 9185
market analysis results, value of property surrounding group homes for 18–45 yr old mentally retarded, 11025
need for research on residential choices within metropolitan area, 10284
personality & background, satisfaction with residence, aged, 10279
psychological-spatial analysis using simulation, affective & typological characteristics of architectural aspects of housing development, 74
residential preference & perception of environmental quality & health & socioeconomic status & social integration, well-being & morale, aged & disabled public housing residents, 6903
satisfaction with public housing environment, residents, 9193
social & environmental influences, choice of residence, Chinese Americans, 10294
social class as measured by father's occupation vs educational level & size of dwelling, autistic children with mean age of 10.6 yrs vs random sample of 7 yr olds, Sweden, 1153
Hue
chroma, spatial balance of complementary hues, artists & nonartists, 11812
individual & sex differences & response consistency, color aesthetic preferences, college students, 2572
Human Biological Rhythms
age & circadian & circaseptan & circannual periodicity of attempted suicides, males vs females, 3661
behavior cycles, psychiatrically hospitalized children, 12885
biorhythmic critical days & injuries, football players, 12133
bright artificial light treatment, winter depression, 63 yr old manic depressive male with seasonal mood cycle, 6075
circadian fluctuations, patients with primary depressive syndrome, 8028
circadian oscillation of plasma cortisol & testosterone levels, 28–55 yr old chronic male alcoholics, sexual dysfunction implications, 3648
circadian rhythms & fatigue, 41 yr old male, 5130
circadian variations, serum thyrotropin, endogenous depressed 65–80 yr olds, 3586
cortisol & prolactin circadian rhythms before vs after dexamethasone suppression test, 26–65 yr old female inpatients with endogenous vs nonendogenous depression, 12888
depression, secretion of cortisol & luteinizing hormone & circadian rhythm & response to hypoglycemia, literature review, 7994
dexamethasone suppression test results & cortisol circadian rhythm, 47–77 yr old males with advanced primary degenerative dementia, 6013
diurnal variation of urinary 3-methoxy-4-hydroxyphenylglycol, unipolar vs bipolar depressives, 12829
environmental & seasonal variations, incidence of cardiovascular disorders, 8170
experimentally delayed sleep & circadian rhythmicity, sleepiness as measured by EEG-based multiple sleep latency test & self ratings, 30–45 yr old males, 7450
individual differences in circadian activity rhythms, relationship, college roommates, 12668
melatonin & cortisol secretion patterns, 37–61 yr old depressed females, 12817
operator activity & work load, circadian rhythm of body temperature & pulse rate & cardiovascular system parameters, 19–45 yr olds, 12131
performance on morning vs afternoon impulse control tasks given 1 wk apart, male vs female 7th graders, 7003
phase delay work schedules, interruption of circadian system & attitudes & productivity, 19–68 yr old male rotating shift workers vs 19–56 yr old nonrotating day & swing shift workers, 4552
return to normal from altered work rest cycle, sleep patterns & physiological functions & work capacity, 28–40 yr old males, 9159
rhythms in hormone secretion & levels in human male vs female reproductive systems & behavioral effects, 5123
serum cortisol levels & diurnal rhythms, 25–82 yr old patients with organic vs psychogenic pain, 5979
similarities between behavioral characteristics of ultradian cycles & "common everyday trance", proposed state theory of hypnosis, literature review, implications for hypnotherapy, 11944
sleep pattern development, 4–30 wk olds, 3053
subjective preference for morning vs evening, temperature & alertness circadian rhythms, 19–23 yr olds, 2835
temporal patterning in spontaneous movement, awake neonates 38–60 hrs old, 10109
wavelike pattern of biological adaptive processes, humans, implications for space travel, 7478
weather & infradian rhythms & time of yr, health & sleep & mood & cognition, reanalysis of data, 2841
Human Channel Capacity
cognitive level, functional field of vision, right handed college students, 11834
complete vs partial overlap in hemispheric attention demands, information processing capacity allocation, male college students, 7234
demands of primary & secondary auditory attention tasks, patterns of task interference, right handed college students, 11943
electrodermal classical conditioning, differential allocation of cognitive processing capacity to reinforced vs nonreinforced CSs vs CS-UCS interval as measured by secondary RT task, college students, 7252
individual ability differences in attentional time-sharing vs flexibility vs rate of repetitive activity across muscle groups, prediction of high level motor skill, humans, 247
mental load variation on visual vs auditory task, visual evoked potentials, adults, 2827
models of serial vs parallel processing in visual search, 4860
noise, physical vs semantic processing in rhyme vs synonymity identification task, 22–44 yr olds, 4901
physical & psychological load, ergopsychometry performance testing, military personnel & sportsmen, 6964
self consciousness & information load & self perception, memory for others' names & characteristics, female college students, 12684
snacking & spatial judgments & digit classification & auditory memory, dual task performance ability, 18–23 yr old males, implications for time-sharing hypothesis, 7250
stimulus & central processing & response compatibility & resource competition, verbal & spatial flight simulator task performance, pilots, 11465
system-analytic study, simultaneous cognitive vs motoric action during tracking task, college students, 9500
task difficulty & skill level, visual scanning of instruments, aircraft pilots, 6889
17-hydroxycorticosteroid & catecholamine levels, diagnosis of mental & physical load, 12121
Human Courtship [See Social Dating]
Human Development [See Also Related Terms]
aging advocacy movement, provision of creative opportunity, aged, US, 759
basic & transition structures, human growth & development, 3068
behavior analysis & life span perspective in developmental psychology, literature review, 751
developmental approaches, drama therapy, autistic child & elderly nursing home residents & schizophrenics, 10789

ergonomics work analysis & quality of working life, 11508
feasibility of collaboration in environmental design, researchers & designers, 2273
fixed vs individualized format for computer-displayed intelligence messages, message acquisition & comprehension, US Army officers, 2248
horizontal lifting task, physiological responses & psychophysically-measured preferred workload, 28–37 yr old brewer's draymen, 6890
human factors & load carriage & stability & visual needs & fatigue, slipping & falling, literature review, 13813
human factors & social problems of videotex information retrieval system, implications for psychological research, 9264
human factors engineering & psychology of highway safety, literature review, 11509
interview & checklist procedure, assessment of human factors in aircraft accidents & incidents, 9177
keyboard design & aircrew glove type & sensory feedback, aircraft data keyboard entry performance, adults, 9181
methodology, chair design evaluation, 4595
model using mathematical programming concepts, human factors research, 11715
negative transfer effects from 1 cockpit to another, aircraft pilot performance & flying safety, 9179
optimal handle position in box-holding task, biomechanical & physical & psychophysical indices, male college students, 2247
placement of aircraft cockpit window posts, eye accommodation & detection of contrails, 22–45 vs 45–55 yr old pilots, 13818
present status & future prospects, human factors engineering profession, 13526
research of J. M. Faverge in psychometrics & social psychology & ergonomics, 9223
technique to make interior lighting system in aircraft compatible with use of night vision goggles, 9180
temporal factors, visual perception, implications for visual display design, literature review, 9557
toilet seat height & configuration, perceived comfort & utility, 13815
Human Females [See Also Daughters, Female Criminals, Female Delinquents, Housewives, Mothers, Sisters, Unwed Mothers, Widows, Wives, Working Women]
ability to generate alternatives in problem solving, battered women, 12906
accidental pregnancy while on hemodialysis, 16 & 17 yr old females, 3862
achievement motivation & sex role orientation, female high school track & field athletes vs nonathletes, 7722
acquisition of semantic conditioning, 14–21 yr old females tested premenstrually vs intermenstrually, support for J. Vilas's model of vulnerability to neurotic symptoms, 5134
actual vs counselor-perceived locus of control, abortion clinic clients, implications for counseling process, 1734
age & sexual activity & level of fertility knowledge, perception of pregnancy risk, 13–18 yr old primiparous urban females, 12407
age, achievement & affiliation needs, 18–22 yr old unmarried vs 40–55 yr old married female college students vs 40–55 yr old homemakers, 10454
alcoholism & presence in skid row populations, 45–69 yr old females, implications for social services, 1276
altitude, ocular functions & convergence amplitude & acute mountain sickness, 23–53 yr old female mountain climbers, 12163
antenatal class & EMG vs skin conductance biofeedback relaxation training, labor & delivery, primigravid females, 13250
anticipation of evaluation by males vs females vs "persons", fear of success & task performance, female college students, 9683
anxiety & attitudes toward artificial insemination, females, 12578
anxiety, female college students at high vs low risk for problem drinking during middle age, 12918
assertiveness, behavioral & cognitive & physiological factors, female assertive medical school faculty members & clinicians & nonassertive neurotics & secretaries, 5137
attendance at childbirth preparation classes, anxiety & perceived personal vs staff control over labor & reported satisfaction & pain during birth, 15–43 yr old females, 8522
attitudes toward drug usage, 40–59 yr old female patients classified as high vs intermittent vs nonusers of benzodiazepines, 10931
attitudes toward future marriage, peasant females, Italy, 7794
attitudes toward menopause, 18–67 yr old females, Colombia, 12717
attitudes toward women's roles, identity achievement, female college students, 10372
background & socioeconomic & demographic variables, fertility, 9–49 yr old females, Bangladesh, 10305
birth order & perceived parental behavior & restrictiveness in school, locus of control, females, 1064
body image, obese 12–17 yr old females seeking vs not seeking help for weight reduction, 3855
body type & temperament & treatment recommendations, 10–18 yr old emotionally disturbed females, 3630
breast-feeding, plasma oxytocin levels, lactating females, 501
cesarean support groups as peer emotional support & role model & reference group, 21–36 yr old group members, 4130
characteristics of midlife females, role of Women's Opportunities Network & other programs & services, adult females returning to college, 2008
childhood exposure to pornography, sexual fantasy, 20 & 23 yr old sisters, 12618
childrearing perceptions, ego development, female 15–18 yr olds, 5400
choice of psychiatry & other medical branches as specialty, females, Great Britain, 6585
cognitive/moral development, long-term reconstructive memory of decision to terminate unplanned pregnancy, 15–33 yr old females, 3022
cold pressor task performance as assessment of preparation for childbirth, labor pain, pregnant women with Lamaze vs Red Cross training vs female college students with Lamaze training, 4139
conservative vs liberal vs Marxist & socialist vs radical feminist perspectives, women & education, New Zealand, 11157
construct validity of unnormed Self-Directed Search, assessment of vocational interests, females, reply to D. J. Prediger's article, 9406
consumption of caffeine-containing beverages, anorexia nervosa, 16 & 34 yr old females, 13085
contextual interference, acquisition & transfer of motor skill, female college students with vs without experience in open sport skills, 243
coping with Great Depression, subsequent well-being, females born between 1890–1910, 40 yr followup, 12712
criminal activity, Black female heroin users, 1264
critical body weight hypothesis, amenorrhea, females with anorexia nervosa, 3786
cultural & historical perspectives on chlorosis & implications for anorexia nervosa, adolescent females, 1870–1920, literature review, 5937
demographic characteristics & parental education & role conflict & discrimination problems & persons significant in career choice, females in traditional vs nontraditional careers, implications for vocational guidance, 10375
demographic characteristics & play behavior & peer relations & parent child relations, traditionally vs nontraditionally sex-typed females aged 4–12 yrs, 5423
demographic characteristics, intention to undergo permanent vs hypothetically reversible sterilization, 14–43 yr old obstetric/gynecological patients, 1687
depressive reaction to menopause, females, literature review, 2851
development of college women's health clinic, 13725
development of psychiatric symptoms & depression, adult hysterectomy patients, 5690
diagnosis & treatment of primary orgasmic dysfunction, females, literature review, 10772
diary maintenance vs Menstrual Distress Questionnaire, measurement of perimenstrual symptoms, 18–35 yr olds, 7012
difficulties in diagnosis of anorexia nervosa, 22 yr old female, 3797
drinking patterns & prevalence of heavy & problem drinking, homosexual vs heterosexual females, 3368
early maternal bereavement, age at marriage & quality & fate of marriage & number of children & coping ability & childrearing, female psychiatric patients, 1127
early psychic development & separation-individuation, attitudes toward pregnancy & motherhood & abortion, 36 yr old female in analysis, 10847
early separation from mother, subsequent psychopathology & mental disorders, 40–49 yr old females, 3585

education & ethnicity & premarital work history & childhood place of residence, age at 1st marriage, females, Peninsular Malaysia, 7805
education & socioeconomic status & familial child care burdens & age & ethnic background, labor force participation, immigrant vs native born Jewish urban married 18–54 yr old females, Israel, 3279
education & socioeconomic status, attitudes toward equality of women, females, India, 12606
efficacy of support group, 20–36 yr old females who experienced cesarean childbirth, 10969
emerging occupational & educational opportunities, stress, 18–40 yr old females, Kuwait, 992
emotional responses & attitudes, female patients awaiting hysterectomy, 3768
employee characteristics, sexual harassment incidence & severity & responses, females working in unskilled jobs in auto industry, 8089
employment & lifestyle expectations for other women, 23–82 yr old females, 3353
employment & marital status & sex & presence of young children, prevalence of neurotic disorder, 18–64 yr olds, 12886
employment status & issues & vocational rehabilitation, disabled women, 4247
employment status, self esteem & psychological well-being & physical health, 40–59 yr old females, 12469
enactment of equal opportunity policies, employment & advancement in nontraditional jobs, female blue collar workers, 3-yr study, 9069
entry into work force, preference for various job characteristics & self-concept, female health professionals, longitudinal study, 8758
epidemiology & physiology & psychology of psychosomatic disorders, females, 8169
ethnicity/race & social class, sex roles, female White vs Black vs Mexican American college students, 3356
etiology & dynamics, bulimarexia, female college students, 3809
evaluation of historical treatment using citation analysis & textbook coverage, distinguished female psychologists, 13496
factor analysis, identifications with social groups & roles, university faculty & attorneys & socially active females, 4822
factorial structure, self esteem, 15–35 yr old females, Mexico, 880
factorial validity of compliance-aggression-detachment inventory of J. B. Cohen, females, 2463
factors affecting contraceptive use, females, Jamaica, 12600
factors in achievement of success in corporate management, top level female executives entering job market in 1930's & 1960's, 11478
fairness of unnormed Self-Directed Search, assessment of vocational interests, females, reply to L. S. Gottfredson's criticism, 9430
family background & victimization & self destruction, substance abuse, 10–46 yr old female street prostitutes, 10640
fear of success, Type A vs Type B female college students, 3474
female therapists at menopause clinic, ease in expression of menopause problem, middle aged females, 1671
female victim & male offender intoxication, attributions of blame in rape scenarios, male vs female college students, 12689
feminism, marital & sexual happiness, females with mean age of 30 yrs, 5547
feminist principles & role of women, psychotherapy, females, literature review, 3962
field independence/dependence & personality, 60–81 yr old females, 3234
flexibility & trust & cohesion & expression of feelings & self sufficiency in families, maturity & ego development, 15–17 yr old females, 10211
folk ideology of femininity, comic literature, Japan, 12372
frequency of sexual problems & self reported counseling needs, female college students, 13742
galactorrhea without organic basis, psychotic females, 3563
gender role attitudes & participation in traditionally feminine vs unfeminine competitive sports, 19–65 yr old female athletes, 12757
goal clarification workshop, resolution of conflicts concerning authority, females, 10890
group cotherapy, coping & readjustment, sexually abused 13–14 yr old females, 1524
group psychotherapy with bilingual leaders, impulsively sexual & aggressive & clinically depressed 14–17 yr old female Hispanics, 3979
guide to research materials, educational aspirations of females, bibliographic essay, 12621
guidelines in career counseling of abused females, 11435
guidelines in counseling females considering military service, 11440
health care interests, female college students in women's health care course, 13627
health status & menopause & sexuality & values & menstruation problems & symptoms, daydreaming, 40–60 yr old females, 12392
health/disability status & societal attitudes & education & employment & benefits & services, females in developing & industrialized countries, 3859
Hiatus House program, battered females & their families, 8572
high vs low feedback ultrasound & health advice, health care behavior, 18–32 yr old pregnant females, 1684
hysterectomy, psychological problems, females below 35 to over 45 yrs of age & of high socioeconomic status, 10977
identity status of achievement vs moratorium vs diffusion vs foreclosure, self esteem, female college students, 10472
impact of European contact, females, Africa, literature review, 12561
incidence of & reactions to sexual assault, 13–17 yr old females in residential delinquency intervention program, 3673
individual & group psychotherapy, acceptance of equality for self on intellectual & emotional level, female college students, 8314
influence of peers vs parents vs coaches, athletic participation, female intercollegiate volleyball players, 12522
information sources & expectations, attitudes toward menstruation & symptoms, pre- vs postmenarcheal 5th–8th vs 11th–12th grade females, cross sectional & longitudinal studies, 5311
inpatient program including behavior therapy & family or individual therapy vs psychotherapeutic community, anorexia nervosa, female patients with mean age of 20.5 yrs, 6454
intelligence quotient vs peer vs superior evaluation vs interview, prediction of success in officer training, 18 & 19 yr old females, Israel, 9099
internal & external control beliefs & pattern of causal attributions for success/failure & vocabularies of motive for return to education, working class female adult education students, 4420
investment in schooling, socioeconomic outcomes & health & marriageability, 15–45 yr old females, Nicaragua, 11162
issues in rehabilitation of disabled women & problems of mothers with disabled children, 4246
issues in treatment design & treatment components, substance abuse, females, 11096
lack of financial support & social contacts & interests & flexibility & cognitive deprivation & independence, dependency & competence, elderly women & widows, need for preventative occupational work, literature review, 12395
level of career indecision & Vocational Card Sort vs Strong-Campbell Interest Inventory treatment, vocational needs & exploration & satisfaction with career choice, female college students, 11444
level of financial security & tertiary education & presence of family in community, high- vs medium- vs low-anxious pregnant females, 5138
liberal attitudes toward women, emotional stability, male & female Ss, 5639
life change & social support systems, dysmenorrhea, female college students, 8208
locus of control & amount of consumer information about prenatal & obstetric drugs, 13–41 yr old postpartum females, 13283
"man" & "woman" as status concepts & paradigm case formulation of man-woman relationships, 17–46 yr olds, 10370
MAO inhibitors, anorgasmia, 22 & 28 & 54 yr old females, 1635
marihuana use during pregnancy, length of gestation & maternal weight gain & offspring behavior & development up to 1 yr of age, females, 5231
marihuana use, pregnancy & labor & delivery & neonatal meconium staining, females with mean age of 23.7 yrs & their infants, 5234
marital status, adjustment & attitudes toward religion & birth control & equality of women, 18–30 yr old married vs unmarried female college students, India, 1077
marital status, health behavior & life satisfaction & future time perspective, elderly female Ss from Bonn longitudinal study, 5313
Maternal-Fetal Attachment Scale, females in 3rd trimester of pregnancy, 9386
menarcheal experience, attitudes toward menstruation & perimenstrual symptoms, 18–35 yr old females, 5144
menopausal symptoms, 35–50 yr old females, India, 1413
menstrual stress & dreams, dream anxiety & hostility & content & morning mood, females with mean age of 19.63 yrs, 2860
menstruation, attitudes toward self & relations with family, middle school-aged females, 3199
methodology, research on changing roles, females, India, 12610
model, treatment of sex role & sexuality problems, recovering female alcoholics, 4259
mother fixation in psychoanalysis, 40 yr old alcoholic female, 1494

motivation & impulsiveness & other factors affecting clothing buying behavior, 15–29 yr old vs older females, 4606
motivation to take childbirth preparation classes, 16–38 yr old primiparous females, 10971
multidimensionality & stability of achievement motivation construct, 17–18 yr old female military trainees, 5624
multiparity & sociocultural factors, psychopathology, females, Algeria, literature review, 10512
mythological volcanic goddess Pele as archetypical matriarchal image within human female psyche, 12371
narcissism & choice of love object, females, 10478
need for women's study approach to management education, 11483
needs of female alcoholics, treatment implications, 8703
neighborhood conditions & psychological factors & life circumstances, crime precautionary behaviors, surveyed female urban residents, 5849
occurrence of unplanned pregnancy, 15–40 yr old previously or currently pregnant females, 5502
on-stage projection of female stereotypes, autonomy & self expression off-stage, musical comedy stars S. Tucker & A. Held & J. Sanderson, 12617
oral contraceptive use & phase of menstrual cycle, need for sleep, female college students, 10014
organizational characteristics, organizational work force participation, Blacks & females, literature review, 6849
pain during gynecological examination at age 14 yrs, vaginismus, 26 yr old female, 1394
parental role models & support & aspirations & attendance of integrated schools & inner strengths, attainment of professional degrees or doctorates, male vs female Mexican Americans, 3277
partner relationships, alcoholic females, 12898
percentage of female senior authors in medicine & psychiatry & social work & status & number of females in each field, 1877
perceptions of 14 vs 23 vs 35 vs 45 yr old female victim of rape vs attempted rape vs mugging vs attempted mugging by acquaintance vs stranger, 16–20 yr olds, 8107
personal meaning of abortion & contraception & relationship with doctor & mate & position regarding abortion laws, females who had legal & illegal abortions, 12609

personality & clinical symptoms, psychosexual experience, female anorexics, 8167
personality characteristics & timing, psychological impact of menarche, adolescent females, literature review, 5318
personality profile & treatment, compulsive overeating, females, 8174
personality traits, female school librarians vs teachers, 4338
personality traits, 18–40 yr old females with repeated abortions, 4127
personality traits, 20–42 yr old females wishing to adopt alternative child delivery positions, 13317
physical & psychological & social factors, chronic fatigue etiology & prevention & treatment, females, literature review, 13071
physical appearance improvement program, self concept & body satisfaction & appearance, female chronic psychiatric patients, 11053
physical fitness & strength & standards & training program & maintenance exercise, female police officers, 4545
physiological & psychological & social factors, alcohol problems, females, literature review, 3652
physiology of sexual response, females, 2838
preference for pictures of infants vs peers vs adults, pre- vs postmenarcheal 12–13 yr old females vs 7th grade males, 5317
pregnancy decision making & support systems & childbirth education, disabled females, 4115
pregnancy outcome & incidence of infant mortality & neurologic disorders, pregnant Ss with seizure disorders, 13059
premenstrual & menstrual phase, skin conductance & blood pressure & pulse rate & anxiety levels, females with mean age of 23 yrs, 2831
preparation for & timing of menarche, emotional reactions & symptomatology, 5th–6th vs 7th–8th vs 11th–12th grade females, 5332
prepartum depression & social adjustment & life stress & cognitive-behavioral factors, postpartum depression, females with mean age of 26.6 yrs, 5768
prevalence of alcoholism, females, Canada, 3688
profile, diet resistant personality, obese females, 13039
pseudocyesis & early conduct disorder & hysteria, child kidnapping, 21 yr old female, 5672
psychiatric symptoms & emotional reactions to diagnosis & treatment of breast cancer, 33–69 yr old females, 4124
psychological aspects of chronic pelvic pain without obvious pathology, females, literature review, 3837
psychological development, educated middle class Hindu females, India, 3221
psychological factors, occupational success, female minister graduates, 5482
psychophysiological vs self reported measures of CNS & autonomic nervous system activation during pre- vs intermenstrual phase of cycle, 17–37 yr olds, 12117
psychotherapy, 31 yr old female wishing to leave her family, 3965
pubertal status vs masculinity vs hemispheric specialization patterns vs participation in spatial activities, spatial ability, 11 yr old females, 12436
public health education campaign on breast symptoms, consultation by women, general practitioners, Great Britain, 13329
quality of life & sources of enjoyment, importance of leisure, human females, comments on R. Deem's article on inequalities of women, 7853
questionnaire development & evaluation, assessment of reproductive & contraceptive knowledge, low income Black female clientele of inner city prenatal clinic, 11662
rape, long term symptoms, 18–60 yr old female victims, 1–2.5 yr followup, implications for short-term therapy, 1279
recommendations for vocational rehabilitation counseling, disabled females, 4216
religiosity & sexual behavior & contraceptive use, female college students, 13670
reported job commitment & emotional adjustment to pregnancy & postpartum period, 18–35 yr old primiparous females, 10325
reported symptoms during premenstrual & menstrual cycle phases, 18–35 yr old females, implications for premenstrual distress as single construct, 13105
representation in environmental & behavioral research, females, 1842
resource theory vs gynephobia vs differentiated social spheres as explanations for exclusion from religious roles, females, 7783
reverse T-3 levels, manic & unipolar depressed females, 3751
role transcendent model of female identity in adult development & aging, literature review, 3047
same- vs mixed-sex competitive task & male vs female opponent, competitiveness, female 11–14 yr olds from Afro-American vs Hopi Indian families, 894
self awareness & influence of ingroup vs outgroup, self consistency vs group conformity in social attitudes, females, 5579
self esteem & attitudes toward encouragement & valuing of men & women & size & level of support from social networks, female college students oriented toward male dominated science careers, 11442
self perceived career relevant abilities, career aspirations, mathematically talented female high school sophomores, 12485
sequence & time interval between age at 1st marriage & birth of 1st child, 30–44 yr old females, South Korea & Taiwan & Thailand & Malaysia, 12573
sex & professional level, preferences for gynecological examiners, females, 4114
sex role attitudes & behavior & related locus of control, 20–55 yr old females with bulimia nervosa & bulimarexic symptoms, 13073
sex role orientation & defense mechanisms, female college students, 5625
sex role orientation & fear of success, females, 12732
sex role orientation & MMPI profiles for psychological adjustment, female college students vs upper middle class housewives, 9371
sex role orientation, professionalization of attitudes toward sports, female college athletes vs nonathletes, 12729
sex role restrictions & socioeconomic status & alienation & motivation & self & teacher expectations & cultural identification, participation in post-secondary education, Mexican American females, literature review, 3297
sex role-related social change, acts of lethal violence, Black female offenders, 1273
sex roles & domestic labor & childcare & male partner's job attitudes & behavior & work hours & lack of own income & transportation, inequality in leisure & free time, human females, 7850
sexual development & behavior, 20–28 yr old females with Kustner-Rokitansky syndrome corrected through surgery, 6012
sexual discrimination experiences, female attorneys, England, 9169
sexual fetishes, females, 5805
sexuality & femininity & unwanted pregnancy, 16–24 yr old females experiencing 1st pregnancy, 10267
significance of masturbation & body cathexis & separation from mother's body, female adolescent psychoanalysis patients, 10841

smoking status & carbon monoxide levels during pregnancy, prenatal outpatients, 12632
social adjustment & symptomatic distress, 14–28 yr olds with anorexia nervosa vs 18–23 yr old females with anorexic-like behavior vs asymptomatic female college students, 8255
social anxiety & videotape performance feedback, self statements & self evaluations & irrational beliefs & self reported social skills, female college students, 5616
social factors & life events & lack of intimacy with spouse/boyfriend, depression, 18–65 yr old females, replication of Camberwell community study by G. W. Brown et al, 1137
social processes leading to lack of employment opportunity, females, Zambia, 12608
socioeconomic status & ethnic group, repression-sensitization, pregnant females in urban hospital, Israel, 3484
sources of work satisfaction & dissatisfaction, 22–30 yr old females after 1 vs 2 yrs of employment in nontraditional occupation, 9161
Standard Psychiatric Interview, assessment of psychiatric morbidity, 36–50 yr old pre- and post- & menopausal females, 8051
stereotyped attitudes & prejudice & mental health needs & services & delivery, Black lower socioeconomic status females, 8559
stereotyped portrayal in social science, female Mexican Americans, 3270
stress & mental health during pregnancy & childbirth, 13328
stress effects of sexual harassment in job situations, 16–65 yr old females, implications for counseling, 2123
substance abuse & patterns of crime, females, 1291
tolerance for ambiguity, prediction of early counseling dropout, female college students & clients, 11034
traditional & stereotyped images of women in accounts of family violence, literature review, 10622
treatment stages in group art therapy model, 9–17 yr old female incest victims, 13191
trends in education & practice, female physicians, US & Australia & New Zealand & Canada, literature review, 13492
trifluoperazine & fluphenazine, sexual dysfunction, 27–29 yr old females, 8453
ultrasound examination with high vs low feedback, anxiety, 18–32 yr old primiparous females, 1683
undesirable life events & social class & age & number of children, incidence of mental disorders, urban females, Sweden, 6-yr follow-up, 3621
unwanted pregnancy & neurotic conflict & psychosocial factors, abortion patients, 10965
validity & reliability, Home-Career Conflict Measure, female college students, 9396
validity of General Health Questionnaire as screening measure, assessment of psychiatric disorders, 16–39 yr old postpartum females, 176
validity of modified version of Social Adjustment Scale, mothers of 1 yr olds & females receiving elective sterilization, 2432
vocational behavior & career development, review of 1981 literature, 9044
witch doctor-directed collective treatment, spell of siren identified as hysteria, young females, Central Africa, 10797
women's liberation movement & traditional feminine role & sex differences, suicide rate, human females, 5845

Human Figures Drawing

Family Drawing Depression Scale, scoring of family drawings to measure depression, hospitalized depressed patients, 4807
human figures drawing, assessment of body image difficulties, 4–16 yr olds with cleft lip & palate, 9395
indices of anxiety related to aggression/hostility & insecurity/lability in human figure drawings, male vs female 9.6–22.3 yr olds, 9434
self esteem & size of human figure drawing, male vs female high school seniors, 9390

Human Information Processes [See Cognitive Processes]

Human Information Storage

accuracy of recall & recognition & "feeling of knowing" in paired associate task, 20–45 yr olds, 308
age differences, cognitive scanning & encoding of visual stimuli, 2nd graders vs college students, 825
age differences, encoding of word lists & long term memory, 17–19 vs 64–83 yr old females, 790
age of acquisition, word recognition, adults, literature review, 2635
age, performance on Digit Symbol Substitution tasks, 30–92 yr olds, 12423
alphanumeric symbol familiarity & orientation & set size, identification, college students & staff, support for feature extraction vs mental rotation interpretation, 9589
association & codification in verbal learning, comments on E. Martin's work, implications for transference, 4924
attribution of consensus & distinctiveness & consistency information with vs without instructions to form causal judgments, memory for causal agent, college students, 317
auditory lexical decision & semantic judgment tasks, semantic facilitation, male 34–72 yr olds with Wernicke's global vs Broca's vs conduction aphasia, 10697
auditory presentation of sequences with vs without suffix, forward vs backward recall, college students, 9657
auditory processing ability, organic vs functional 11–18 yr old stutterers, 5905
auditory vs visual stimulation & verbal vs manual responding, performance on memory search task, 298
automatic semantic processing of pictures in picture-word analog of Stroop task, word judgments, college students, 2612
brain mechanisms underlying episodic & semantic memory functions, literature review, 4908
category repetition & cuing, recall of conceptually categorized words, 21–32 yr old males, 7256
characteristics & methods & limitations of information processing approach to cognition, 11885
clarification of model for internal representation of pitch sequences in tonal music using hierarchies of operators, 11866
Code Substitution Test, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7093
coding of visual & verbal information in comic strips & films partially vs completely without balloon text or sound, adults, 7242
coding processes & linguistic activity, institutionalized moderately retarded adults, 12977
coding-mapping vs coding only vs decision tree training for simultaneous vs sequential processing & paradigm & memory aids & focus, learning inductive biconditional reasoning, 10th graders, 5369
color & position of matched pictures & words & encoding instructions, recognition & recall, college students, 9611
comprehensive model of verbal information processing & comprehension, implications for reading education, 272
constructivist model of memory, literature review, 2633
contrastive encoding of semantic information, recall & recognition, 2nd & 5th graders vs college students, 7631
control & automatic attention processes in social cognition, processing self-relevant information from competing sources, college students, 7862
cue-based encoding & storage & retrieval strategies, recall, 9676
description of lexical & syntactic & semantic subprocessors in language processing & latency decision & rapid visual serial presentation techniques, literature review, 5293
developmental differences, semantic processing speed & characteristics, 8 vs 10 vs 19 yr olds, 10141
difficulty in encoding theme of pictured sequences, comprehension of temporal/causal relations & demonstration of skills, Ss with mean age of 5.1 yrs & Black Ss with mean age of 4.7 yrs, 827
difficulty of primary task & incidental vs intentional encoding on secondary tasks, recognition, college students, 11905
discrimination in forward vs backward auditory masking, echoic memory, 8–9 wk olds, 10133
distance between word pair test items, recency judgments, 17–29 vs 59–76 yr olds, 10167
distinctiveness of summary sentences & interaction with semantic bases of text & inspection time, text recall & distinctiveness of encoding hypothesis, college students, 279
efficiency of visual vs speech imagery rehearsal of verbal sequences vs object arrays, college students, 9624
elaboration strategy vs maintenance rehearsal, paired associate learning in which items deviated from vs conformed to rule, college students, 300
elaborative contextual information about person depicted in target photograph, subsequent face recognition with vs without context, 19–57 yr olds, 4912
encoding of evaluative meaning & taxonomic item dimensions, 2nd vs 6th graders, 3144
encoding of performer vs recipient of action in pictures, college students, 9617
extra-list indices & lists of categories related taxonomically vs with variable associative value, recall, college students, 312
faces presented with congruent vs incongruent occupational category labels, face recognition, college students, 9650
free recall of S-generated word in phonemic vs semantic encoding context, 19–40 yr olds, 9637

general vs contextually specific retrieval cues, recall, college students vs 66–69 yr olds, 5382
generation vs reading of nonwords, memory, college students, 314
holistic encoding induced by scanning, identifiability of target letters in words vs strings of unrelated letters, college students, 9492
hostility-relevant information presented outside conscious awareness, perception of stimulus person & automaticity of information processing, male college students, 7893
identification vs pronunciation of words vs pseudowords vs letters in verbal RT task, college students, 9615
imagery instructions & encoding & retrieval & informational content of memory traces, implications for organization-redintegration hypothesis, literature review, 4913
imagery instructions & partial picture during story vs questioning, recall of narrative prose, 6 yr olds, 10205
imagery vs verbal coding style, differential learning based on presentation mode, high school students, 11256
immediate vs long term recall, 18–24 vs 58–89 yr olds, implications for memory span as general storage ability, 811
independence vs additive components vs maximum rule model, prediction of multiple coding in memory performance, kindergartners vs 5th graders, 7655
individual differences in cognitive processes mediating word decoding, literature review, implications for learning disabilities, 295
individual differences in semantic encoding, problems with automaticity & rapidity & efficiency, learning disabled 9.5–11.5 yr olds, 1326
information coding style in ESP, 6920
information processing framework of organizational communication, organization members, 4591
information processing model, individual differences in reading skills, literature review, implications for reading education, 9585
instructions in Greek vs English vs both languages, formation of words from CVC trigrams, adult English-Greek bilinguals, 2620
instructions of image vs orally repeat active voice sentences, noun-probed sentence recall, test of address contents model vs fragmentation-conceptual focus hypothesis, 2652
instructions to ignore vs attend to suffixes & articulation of suffix, word recall, college students, implications for short-term memory & sensory memory explanations of stimulus suffix effect, 9661
intentional vs incidental learning of words, free recall, 2653
internal representation of information in hierarchical form, criticism of D. Deutsch's article, 11876
intra- & interhemispheric processing of dichotic vs monotic vs hemiretinal vs dihaptic stimulation, schizophrenia, literature review, 5799
introspection & visual thinking as means to create & store information, symbol system development for media productions, instructional technologists, 1951
learning of little known but true facts about famous historic person, retrieval of factual information, college students, implications for global & specific components of information integration, 4939
linguistic selection vs combination performance with morphological vs semantic antonyms, posterior vs anterior aphasics, 10739
magnitude vs nominal encoding of digits in paired associate task, college students, 9643
maintenance rehearsal in item search task, free recall & recognition, 4931
matching happy vs sad vs surprised vs angry facial expressions with identical vs generally similar expression, 3–5 yr olds, implications for levels-of-processing effect, 3248
memory & processing, social cognition, literature review, 2609
memory encoding specificity & processing levels vs domains of processing & role of interactive vs independent context, long term memory, implications for applied psychology, 4911
memory encoding specificity principle for kinesthetic information, methodological & theoretical criticism of study by T. D. Lee & T. T. Hirota, 302
memory encoding specificity principle for kinesthetic information, reply to criticisms of P. R. Crocker, 311
memory performance concerning inferences in text comprehension, college students, test of memory models, 9638
memory search task, response organization deficits, hyperactive 8–12 yr olds, 13078
mobilizing relevant prior knowledge, learning from passage, 5th graders, 4402
model of information processing & cognitive & perceptual deficit, autistic children, literature review, 12847
model of recall & recognition retrieval of episodic memory information based on synergistic ecphory, 4946
monetary incentive & rehearsal & working memory, elaboration of encoding in word list learning, 18–30 yr olds, 11899
neurolinguistic & neuropsychological factors, processing of written communication, 9840
noninstructional vs instructional variables in development of reading, acquisition of decoding skills & reading-to-learn, primary grade vs older children, literature review, 1945
number of places in stimulus number & standard, RT & accuracy in multidigit number comparison task, college students, 9599
number of presentations of intersecting routes through urban area, directional & distance judgments from memory, college students, implications for cognitive network schemata, 11884
organization of conceptual material in hierarchical tree, similarity judgments, college students, 4907
organization of information in memory, 7264
paired associate learning, recall vs "tip-of-the-tongue" vs "don't know" reports in probed recall, college students, criticism of J. T. Hart's hypothesis on retrieval effort motivation, 11919
paraphrase & historical knowledge of subject & retention interval, thematic prose recall & normalization rates & intrusions, college students, 9654
paraphrasing vs copying connected vs unrelated sentences & retention interval, semantic normalization & recall, college students, 2641
passive vs active transition processing, simple vs complex verbal learning, English/Swedish bilingual 18–28 yr olds, 4920
perceived memorability of & memory for unique personal events & effect of rehearsal, college roommates, 9669
perceptual recognition task, cognitive units of sentence memory, college students, 9636
peripheral & central handicaps in encoding, blind vs deaf subnormal vs subnormal autistic children & adolescents, implications for learning difficulties, 12793
phonemic representation of words, 1st–6th graders vs college students, 12450
phonemic vs graphemic vs semantic similarities between pairs of English words & Chinese logographs, lexical coding & recognition, native English- vs Chinese-speaking college students, 9626
phonetic & orthogenic similarity, picture naming, college students, 9655
phonetic coding in short-term memory, poor readers, reply to criticisms by J. W. Hall et al, 10674
phonological & semantic processing during silent reading, 33–64 yr old aphasics vs brain damaged nonaphasics, 8216
phonological interference, tactual coding of congruent vs incongruent Braille word pairs, blind Ss with mean age of 12.3 yrs, 6011
picture vs word stimuli, semantic encoding in memory, 2639
pictures vs printed vs spoken words followed by visual vs acoustic vs simultaneous vs no interference, recall, 3rd graders, 12414
presence of cues at encoding, usefulness as retrieval cues, college students, testing of encoding specificity hypothesis of D. M. Thomson & E. Tulving, 11913
presence of unattended incongruent homophones of semantically related word, lexical decision response to attended word, right handed Ss, 9622
presentation of interrelating sentences in nonsequential order, performance on forced choice vs confidence recognition tasks, college students, implications for memory integration & retrieval interference, 4935
pretrial naming vs exposure to good vs poor examples of color, color chip matching, 11786
primary vs secondary rehearsal of scrambled sentences, free recall, implications for levels of processing framework, 303
priming vs nonpriming context, processing of ambiguous noun-verb pairs, college students, 2625
prior knowledge, use of cognitive capacity in complex mental tasks, college students, 4897
prior picture naming, subsequent recognition of identical vs name-match vs new objects, student volunteers, 7275
processing of word preceded by semantically related vs neutral word in sentences vs lists, college students, 2602
propositional structure & level of associations & time & location markers within sentences, recall, college students, 2644
reader's purpose & distortion of central vs peripheral story elements, role of story schemata in metacognitive monitoring of story knowledge, 12th graders & college students, 4941
reading ability, complete vs partial report of unrelated letter strings, adult readers, 4934
reading ability, encoding & contextual components of word recognition, 3rd & 6th graders, 10196

reading ability, speed & accuracy of word encoding & lexical access & semantic memory, 1st–6th graders, implications for source of reading disabilities, 10128
reading achievement, verbal processing ability, 4th graders, 11258
role as speaker vs listener with partner receiving same vs different information about stimulus-person & expectation of receiving additional information, verbal encoding & representation & recall of stimulus-person information, college students, 12659
role of the "story" as basic unit of learning & memory corresponding to K. Lashley's engram & as representation of "deep structure" & "universal grammar" of N. Chomsky, 7235
RTs in object identification task, 4–6 yr olds, implication for internal representation of objects, 3117
salience of color spaces, linguistic codability & memory, college students, 275
semantic encoding context, word recognition errors, 8.2–9.6 yr olds vs college students, 5358
semantic memory & reading, implications for bottom-up/top-down & automaticity & developmental change issues, literature review, 10184
semantic network & structure of dinosaur knowledge, 4 yr old male, 7642
semantically encoded attributes, recognition, college students, 9641
sentence sets with correlated vs uncorrelated predicates, sentence recognition latencies & role of integrated conceptual unit formation, young adults, 4948
sequential response tendencies & modes of reading Chinese characters, college students, Taiwan, 4899
sex, encoding & decoding of Italian vs Australian hand gestures, Italo- vs Anglo-Australian 3 vs 6 yr olds, Australia, 5330
short term memory & text-level comprehension processes, individual differences in reading fluency, poor readers, literature review, 5894
similarity of part of 2nd sentence to 1st, retroactive effect on retrieval of 1st sentence, college students, 11907
simplicity & entrenchment, reasoning with natural vs unnatural concepts, college students, 2626
simultaneous & sequential abstraction of musical ideas, college students, 9568
single vs dual task conditions involving identical stimuli with different response requirements, information flow inferences & interaction of visual & auditory stimuli, college students, 4844
single-trial cued recall task, errors due to semantic similarity relations, humans, test of interactive model of association formation & storage & retrieval, 4922
specification of information objectives before prose reading, recall of goal relevant vs irrelevant material, college students, 9673
speech & language therapy followed by melodic intonation therapy, facilitation of speech & language encoding & expressive language, language delayed apraxic male children, 1666
speech characteristics & information processing & decision making & operations during skydiving, humans, 9091
speed-accuracy tradeoff for transmission of global vs local features of visual stimulus, college students, 11777
spelling-to-sound regularity, lexical access time, college students, implications for phonological vs direct access in reading, 9612
spoonerisms of laboratory-induced predisposition, college students, implications for direct vs indirect encoding vs dual access models of word recognition, 2998
stimulus luminance, efficiency of processing by right vs left hemisphere, 19–28 yr old males, 9877
strength of semantic relation & temporal interval between prime & probe, categorization & naming task performance, college students, test of models of spreading activation on associative processes, 4933
successive & simultaneous coding & language performance, mentally retarded with mean age of 20.3 yrs, 5866
susceptibility to semantic vs phonetic interference & individual differences in arousal, deep processing as learning style & paired associate learning, college students, 4944
temporal relations between disjunctive information to be learned, transfer & interference in paired associate task, college students, 4925
temporal sequence of occurrence vs hierarchical centrality, recall of event sequence, adults, 305
text summarization efficiency, sentence recognition & verbalization, college students, 6705
thematic context & active vs passive voice, sentence memory, college students, 9649
theory of serial pattern production based on F. Restle's theory of structural trees & process models for sequence production of J. G. Greeno & H. A. Simon, 4917
theory of storage & retrieval of item & associative information with assumed distributed memory model, 4936
training in mental elaboration of memorized word-pair lists, memorization times, college students, 11898
transforming auditory vs visual stimuli by imagination vs drawing pictures vs printing as words, free recall of nouns, college students, 4930
TV news presentation, retention, literature review, 7581
type of orienting task, proactive inhibition release in rhyming task, college students, 11897
typicality effects, categorization of geometric designs by rule combining 2 features, college students, 9583
use of Brown-Peterson paradigm, evaluation of effect of category differences on accumulation & release of proactive inhibition, mentally retarded with mean ages of 16.5–17.4 yrs, 5897
use of critically placed pauses during lectures, recognition & recall, college students, implications for depth of processing theory, 13621
validity & reliability of Decoding Skills Test, measurement of decoding in reading, 1st–5th grade good vs poor readers, 4780
variation of phonological vs orthographic factors, performance on lexical decision & pronunciation tasks, college students, implications for grapheme-grapheme conversion rules, 9618
visual &/vs haptic perception conditions, haptic encoding processes used in puzzle assembly, right handed college students, 7174
visual complexity & verbal description of geometric form, memory for form, college students, 9659
visual right-left discrimination task, focal changes in cerebral blood flow during visual & cognitive processing, 21–37 yr old males, 9910
visual similarity & relevance of display positions of noise letters to target letters, letter detection latency, college students, implications for continuous flow of information from recognition to decision process, 11808
visual vs verbal interference tasks, disruption of recognition & ability to infer information from linear ordering vs set inclusion, college students, 288
word frequency & semantic vs elaborative vs integrative task, recall vs recognition, college students, support for dual process model of recognition, 9608
word meaningfulness, word memory, kindergartners vs 2nd graders, implications for age-related elaboration of semantic memory system, 3086
word stimuli & subsequent pattern mask preventing identification or awareness of word, detection & extraction of semantic information, college students, replication of study by A. J. Marcel on unconscious perception of meaning, 11730
word superiority effect with braille vs visual text, college students & blind 19–53 yr olds, 13047

Human Males [See Also Brothers, Fathers, Husbands, Male Criminals, Male Delinquents, Sons, Widowers]
absence of father before vs after 5 yrs of age, sex role identity & self esteem & self confidence, male college students, 10219
age & IQ & education, performance on Rey Auditory-Verbal Learning Test, 19–81 yr old male general hospital inpatients, 11677
anomia, White males aged 40 yrs & over, 12750
anorexia nervosa, testosterone level, 21 yr old male, 13099
anxiety of castrator as type of adult male reaction to anxieties of male child threatened with castration, 10453
application of E. Erickson's model of human development, sequential nature of adult development, male college sophomores reinterviewed at ages of 30 & 47 yrs, summary of previous articles, 5465
behavior at 1st contact with newborn, 24–39 yr old male medical students & 26–45 yr old fathers of newborns, 3316
behavior therapy, male & female stereotyped behavior, gender dysphoric 10–19 yr old males, 13240
changing male/female roles, need for men's group counseling, 1536
characteristics & course of anorexia nervosa, males, 1391
characteristics of wife abusers, literature review, 10635
circadian oscillation of plasma cortisol & testosterone levels, 28–55 yr old chronic male alcoholics, sexual dysfunction implications, 3648
cocaine usage, sexual arousal as observed by masseuses, males, 3376
cross cultural & evolutionary & social & legal aspects, sexual jealousy, human males, 988
cultural differences, paternity & tendency toward inheritance of wealth by sister's son &/or brother, reply to criticism of J. P. Gray & L. D. Wolfe, 3280
cultural differences, paternity & tendency toward inheritance of wealth by sister's son &/or brother, criticism of J. Hartung's article, 3278
development of masculinity, males, Stone Age New Guinea vs modern Western society, 889

diuretics & methyldopa & guanethidine & reserpine & propanolol & clonidine & spironolactone & other oral antihypertensive drugs, sexual dysfunction, males, literature review, 4087
EEGs & eye movements & penile tumescence & plasma luteinizing hormone & follicle-stimulating hormone & testosterone levels during sleep, 23–36 yr old males with erectile impotence, 6017
extent & health hazards of snuff dipping & tobacco chewing, male adolescents, US, literature review, 5551
factor analysis, Beck Depression Inventory, male alcoholics with mean age of 36.9 yrs, partial replication of work by R. A. Steer et al, 1294
feminist movement, sexuality, 24–50 yr old males, 5539
gender identity/role orientation, 23–29 yr old males who had wished to be female as children, 7856
group transactional analysis ego-stroking techniques, males depressed due to life stress, 10864
height & attractiveness of female partner, male college students, 1012
heroin use, psychosexual development & plasma testosterone & luteinizing hormone levels, male 16–29 yr old former addicts vs current users vs nonusers, 5258
hyperprolactinemia & reduced testosterone, males with sexual disorders, 6020
hypnotherapy, psychogenic impotency, males with mean age of 40 yrs, 1-yr followup, 13303
incidence of wife battering, male hospitalized psychiatric patients with mean age of 44 yrs, 12893
liberal & authoritarian & nonmoralistic discipline of mothers, aggression-anxiety, 5 yr old males & their mothers, 3210
"man" & "woman" as status concepts & paradigm case formulation of man-woman relationships, 17–46 yr olds, 10370
model & principles of social work group treatment, men who batter, 4177
mutational falsetto, 15 yr old male, 8023
need for communication & education about sexual concerns & impotence, 29–71 yr old males after cystectomy & prostatectomy for cancer, 13321
observation of videotapes on issues in career development & socialization for men vs women, attitudes toward career development of women, male college students, 10439
occupational issues, male strippers, 7851
parental attitudes prior to child's admission to short term residential psychiatric program, treatment outcome, 4–14 yr old males, 6446
partner arousal & self vs partner focus, sexual responding, sexually functional vs dysfunctional heterosexual 21–60 yr old males, 12781
perceived social support & past success & present competence, adjustment, unemployed vs employed 15–20 yr old males, 847
perceptions of social support, recovery, 30–65 yr old male myocardial infarction patients, 6047
perceptions of sons' family relationships & academic achievement, low income Black urban mothers of male elementary school students, 13643
personality correlates, urinary hesitancy & body shyness, male college students, 3799
physical activity vs emotional vs physical stress, EKG activity, males, 7471
pornography, attitudes & aggression toward women, literature review, 5824
prevalence of depression & family history of psychiatric disorders & drug/alcohol use patterns & problems, 21–25 yr old males, 5787
prevalence of psychiatric disorders, 19–76 yr old male alcoholics, 12952
progressive presentation of imaginary food consumption scenes & cognitive restructuring, anorexia & depression, 54 yr old male cancer patient following prostatectomy & antineoplastic chemotherapy, 4050
psychotherapeutic processes, 3.8 & 4.8 & 5.8 yr old males with masculine identity conflict, 8339
psychotherapy & body weight before & during & after restoration to normal, plasma testosterone & luteinizing & follicle stimulating hormones & pituitary response, male anorexics, 8181
psychotherapy & client characteristics, Black male patients, 1495
retirement, leisure time use, male 65–70 yr olds, Israel, 7616
self concept stability, males from college entry to 10 yrs after college, 14-yr longitudinal study, 7737
self deprivation of sleep due to fear of urinary incontinence caused by prostatism, reversible dementia, 74 yr old, 13042
self perceived vs ideal somatotype, body satisfaction, male college students, 1082
sex role stereotypes, attitudes toward cooking training, visually impaired & blind males, 13452
sex-linked mental retardation associated with short stature & obesity & hypogonadism & skin disease, male 16.5 & 21 & 25 & 45 yr old family members, 5898
sexual preference & responses to heterosexual vs homosexual content-loaded pairs of slides in binocular device, 18–36 yr old heterosexual vs homosexual males, 12603
socioeconomic status, patterns of aggression, 6th–8th grade males, India, 3222
testosterone replacement, sexual behavior, 18–53 yr old males with hypogonadism, 13294
validity & reliability of Attitudes Toward Men Scale, measure of traditional vs nontraditional attitudes toward males & masculinity, adult teachers & college students, 9393
weight-training program, success & self concept, male college students, 3497

Human Migration
deaths categorized as suicide vs undetermined vs accidental, native Australians vs migrants, 12903
ethnicity & interpersonal relations, adjustment, families of European migrants, Australia, 12558
family conflict & prestige & acquisitions of new skill & sex, migration, Mexico, 903
involuntary residential relocation, personal adjustment, literature review, 6901
migration & modernization, mental health, low-income adults, Brazil, 3264
rates & methods of suicide, migrants, Australia, 1961–70, 1246
residence relocation, abstinence from opioid use, adult male opioid addicts, 20-yr followup, 5839
seasonal migration, economic stratification & interpersonal relations, rural community legal vs illegal migrants vs nonmigrants, Mexico, 5477
sociocultural factors & ethnicity & language & working status & time of migration, use of health care facilities for perinatal care, 16–41 yr old pregnant Mexican Americans, 10964
symbolic interactionism & analysis, adjustments & self definitions & decision process in migration to Australia, 18–65 yr old US immigrants to Australia, 10274

Human Potential Movement [See Also Assertiveness Training, Consciousness Raising Groups, Encounter Group Therapy, Gestalt Therapy, Human Relations Training, Sensitivity Training, Transactional Analysis]
characteristics of wise leader, summaries of 12 of original 181 chapters of Lao Tzu's 6th-century Chinese text "Tao Te Ching", 6210
criticisms of human potential movement & implications of sociology of knowledge for counseling, 11029
goal clarification workshop, resolution of conflicts concerning authority, females, 10890
psychological type & attraction to group, college students in growth group, 1541
symbolism of merging & isolation, autistic children, implications for rituals of new religious movements & human potential groups, 8070
transpersonal & reductionist perspectives on religious/spiritual transformation & body- & transpersonally-oriented therapy, autobiographical interview with author, 1051
transpersonal perspective in psychology & application to psychotherapy, 1507
transpersonal psychology perspective, model of evolution of meditation research, 94
value of criticisms by new human potential therapies for improvement of traditional psychoanalytic psychotherapy, 13146

Human Relations Training
attitudes toward family enrichment & support programs, US Air Force married couples & single parents, 4005
group cohesion vs traditional approach in human relations training, empathic responding & attitudes, 18–25 yr old preservice elementary teachers, 1919
maturity, effectiveness of human relations training, preservice teachers, literature review, 6615

Human Rights [See Also Civil Rights, Equal Education]
accountable professional practice & client's rights & state/provincial policies, behavioral technology & intervention, Canada, 8787
freedom of choice & sufficiency of information & standard of disclosure & competency as criteria, valid informed consent to treatment, 1470
human dignity & medical ethics, 11137
nontreatment, death, Down's syndrome infant, implications for & discussion of rights of handicapped persons, 1300

psychiatry & legal reform, risk of violence & responsibility for & continuity of care for mental patients, 1469
receipt of information about rights, knowledge of rights, 18–75 yr old psychiatric inpatients, 13408
social change & development of public policy, abortion rights controversy, 7836
Human Sex Differences
academic vs vocational secondary school curriculum, career patterns, male vs female high school graduates, longitudinal study, 9048
accuracy of beliefs about incidence & sex ratio of juvenile delinquency, adults, 8120
actual & ideal career choices & females' choice of traditionally male fields, male vs female gifted high school students, 896
age & circadian & circaseptan & circannual periodicity of attempted suicides, males vs females, 3661
age & race & sex & geographical region & socioeconomic status, effect of school desegregation on tolerance, 9 vs 13 vs 17 yr olds, 8916
age & race & sex, ratings of physical & mental health, 58–83 yr olds whose spouses had died in previous 3 mo, 12773
age & sex & diagnosis, suicide, mental health patients, 12915
age & sex & disorder, agreement in symptom reporting in psychodiagnostic interview, 6–16 yr olds & their mothers, 3615
age & sex & ethnicity & socioeconomic status & drug cost & availability & length of addiction, opium dosage, opiate addicts, Laos, 10649
age & sex & geographic location & socioprofessional level, personal needs, 17–25 vs 30–35 yr olds, France, 7946
age & sex & IQ & instruction, generalization of science concepts, kindergartners vs 3rd vs 5th graders, 5343
age & sex & IQ, social & cognitive aspects of play, educable mentally retarded vs learning disabled vs behavior disordered 3–6 yr olds, 3519
age & sex & marital status, development of needs & expectations, 1st yr marriage & family therapy doctoral students, 11126
age & sex & mental rotation ability & middle vs lower socioeconomic background, mental rotation of visual images, 5th vs 7th graders, implications for cognitive development, 5396
age & sex & mortality & degree of morbidity & occupational group, utilization of hospital services, discharged hospital patients, Finland, 1797
age & sex & physical & mental disorders & stress, abuse of aged, 3695
age & sex & race, expectations & achievement, Black vs White 3rd vs 6th vs 9th graders, 12390
age & sex & realistic vs stylistic picture style & content & information about picture, picture apperception, 5–9 yr olds, 3092
age & sex & region of country, competitiveness & cooperativeness, 2nd–12th graders, 857
age & sex & reported symptoms & long-standing illness, self rated health status, 1072
age & sex & retirement status & education & marital status & volunteerism, life satisfaction, 55–74 yr olds, 730
age & sex & rural vs urban residence, interests & concerns, 7–13 yr olds, Nigeria, implications for primary & secondary school curricula, 7732
age & sex & satisfaction & instrumental communication & distributive justice & opportunity & routinization & length of service, turnover, business employees, investigation of J. L. Price's model, 2226
age & sex & situational differences, anxiety, 12 vs 15 vs 18 yr olds, 5439
age & sex & supervisory status, expectations of ministry, Association for Clinical Pastoral Education, 7776
age & sex, acoustic reflex amplitude changes, 20–80 yr olds, 782
age & sex, change in punitive & aggressive attitudes after 6 mo work experience, prison guards, 1807
age & sex differences, art style preferences with vs without accompanying text, 1st vs 2nd vs 3rd graders, 817
age & sex differences, interests, 10–15 yr olds, 5430
age & sex differences, motor ability, deaf 7–14 yr olds, 8176
age & sex differences, motor performance, 3–6 yr olds, 7618
age & sex differences, situation-outcome contingencies of threatening experiences, 12 vs 15 vs 18 yr olds, 5457
age & sex, drivers suspected by police of drinking vs actually failing breath tests, 11433
age & sex, number & variety & sensitivity of comforting messages to distressed friend & influence of conflict with adult, 1st–12th graders, 5408
age & sex, play with familiar vs unfamiliar peer, 37–64 mo olds, 10245
age & sex, political thinking, 4th & 5th graders, 5337
age & sex, thresholds to warming & cooling, 7–9 vs 19–55 yr olds, 11742
age, type & frequency of facial expression & effects of socialization, 3–6 mo old males vs females & their mothers, 10241
agoraphobia, social & physical characteristics of home & nonhome environments, male vs female 27–51 yr old agoraphobics, 1152
alcohol drinking patterns, male vs female college students, 5557
alcohol education program, knowledge level & use & attitudes toward alcohol, male & female 7th–10th graders, 6653
allocation of rewards to male vs female workers with varied needs, male vs female 8th–12th graders, 5469
amount of education with vs without extrinsic rewards, job satisfaction, males vs females, 9146
anxiety-provoking condition & sex, response to State Trait Anxiety Inventory & systolic & diastolic blood pressure, undergraduate medical students, 12118
applicant sex & age & marital status & academic achievement as ambiguous information, evaluation of resume, male vs female personnel professionals, 9078
assessment of social competence & school behavior & achievement by parents vs teachers & cooperative-competitive preferences, male vs female 4th–6th graders, 10096
attempts to induce anxiety during role playing, reactance, male vs female college students, 3468
attitudes & behavior toward male vs female students, male vs female elementary school teachers, 8917
attitudes toward career advancement & salary requirements for accepting promotions, male vs female managerial vs professional vs technical employees, 13765
attitudes toward dreams & creativity, male vs female high school students, 10092
behavior as surrogate parent to male vs female infant sibling in presence of stranger, male vs female 2.5–4.8 yr olds, 12518
body change due to puberty & sex & neuroticism & self esteem, body satisfaction, behavior disordered 9–18 yr olds, 10242
body type & height & weight, male vs female orienteers vs runners, 2830
carrying of document cases, male vs female commuters, 12771
cerebral lateralization, 3 & 4 yr old males vs females, 5367
changing smoking patterns, France, 3375
child's sex & diagnosis of handicap & type of school attended, perception of sense of adjustment, 9–11 yr olds with cerebral palsy vs spina bifida vs their mothers, Australia, 3802
classroom interaction behaviors, male vs female 7th graders, 6726
communicative topics of graffiti in male vs female restrooms, implications for manifestations of power differences between sexes, 5286
confederate arguing minority opinion on last issue as suggested by E. H. Hollander vs on every issue as suggested by S. Moscovici & C. Faucheux & problem solving competence & sex, social influence of confederate, college students, 3383
confidence in passing & prediction of examination scores & effects of feedback on performance expectancies, male vs female college students, 11285
content analysis, contribution of TV to sex role socialization & learning about occupational roles, male vs female 7th–9th graders, 5429
conversations with same-sex friends vs co-workers vs siblings vs parents vs children, frequency of topics, male vs female 17–80 yr olds, 12657
critical flicker frequencies, male vs female 16–54 yr olds, 2560
criticalness of situation & attribution differences, endurance task performance, male vs female college students, 11733
cry difficulty, physiological & emotional responses to infant cries, nonparents with mean age of 29.8 yrs vs primiparous vs multiparous mothers vs fathers, 2843
dating frequency & sex of S & partner, self report & behavioral measures of anxiety & social skill, college students, implications for assessment & treatment of social deficits, 1020
degree of attribution privacy, outcome attributions for task success or failure, male vs female college students, 12679
degree of retardation & sex, behavior disturbances during childhood & postschool period, mentally retarded young adults, 10662
demographic characteristics & drinking patterns & drinking-related problems & symptoms, male vs female survey respondents, summary of authors' 1980 paper, 5834
demographic characteristics & sex, performance in self help groups vs individual therapy, stutterers vs nonstutterers, 3944
dependence of male vs female E on S's performance, speed of work to help, male vs female college students, 12691
development & internal consistency of subscales of Revised Sex-Role Behavior Scale, male vs female college students, 9427

development of instrument for measurement of opinions toward work, male vs female 9th vs 12th graders with vs without previous work experience, 8995
diary keeping behavior, male vs female college students, 12770
differences in mourning behavior & post-bereavement mortality rates, Huli widows vs widowers, Papua New Guinea, 10317
discrimination of pitch direction with verbal vs gestural vs performance based response modes, male vs female 4 vs 5 yr olds, 10204
display & knowledge of sex related motor behavior, male vs female kindergartners vs 2nd vs 4th vs 6th vs 8th vs 10th vs 12th graders, 3118
ear preference, recognition of male vs female voice vs words, right handed medical students, 12073
employment & marital status & sex & presence of young children, prevalence of neurotic disorder, 18–64 yr olds, 12886
epidemiology & attitudes toward & predisposition toward possession syndrome, India, 7782
essay performance test as criterion, differential validity of college entrance scores, males vs females of 4 ethnic groups, 4473
experience &/vs aptitude & sex, performance on displaced-volume task, 8th graders, 5380
external distraction & test anxiety, anagram solution times, male vs female college students, 7246
extraversion & introversion & sex, attitudes toward capital punishment, college students, 5641
eye pouch presence, selection of full-face photographs of males vs females for genuineness of smile, female shoppers, 7905
factor structure of Behavior Problem Checklist, male vs female Mexican- vs Anglo-American 3–5 yr olds, 177
family conflict & prestige & acquisitions of new skill & sex, migration, Mexico, 903
family environment & number of siblings & birth order & sex, academic achievement & intellectual ability, 11 yr olds, Australia, 10165
father absence from home & child's race & sex & quality of life, cognitive & social development, children, literature review, 3057
fear of snakes & sex, contact with harmless snake & speech production, Ss in dyads, 2658
fear of success & fear of appearing incompetent, male vs female graduating business students, 7920
feedback on group performance on decision problems with leader vs group-at-large ostensibly responsible for performance & responsibly known vs not known by other members, self presentation of competence & prominence, male vs female college students, 3395
female victim & male offender intoxication, attributions of blame in rape scenarios, male vs female college students, 12689
friendship vs mother- vs father-child relations, attempts at behavior control & intimacy & nurturance, male vs female 4th vs 7th vs 10th graders vs college students, 3215
gender & marital status & sexual activity of temporary nursing home resident, attitudes toward elderly, 20–48 yr old nursing students, 6533
gender differences, mathematical reasoning ability, 11–13 yr olds, 5392
generation vs repetition of vocalizations, slow potentials preceding speech, right- vs left-handed male vs female college students, 9846
genetics & institutional care & urban rearing & social status & sex, predisposition to petty criminality, adoptees, Sweden, 5853
grade level & sex, mathematical performance & numerical & general reasoning, 3rd vs 5th vs 7th graders, 5351
halfway house treatment & intake characteristics & status at discharge, subsequent drinking & employment & social stability, male vs female chronic alcoholics, 4265
handedness & sex differences, evaluation of self & ideal self & pornography, college students, 1055
helpfulness, male vs female 3.1–4.6 vs 4.7–5.8 yr olds, 862
home & nursery school behavior & mother's childrearing attitudes, male vs female 2 yr olds from father-absent mother-headed families, 3223
illness behavior in response to cancer onset, care seeking, males vs females, 13326
impulsivity of crime & length of imprisonment & time on parole, male vs female criminals, 12924
in- & outmarriage, male vs female Koreans, US, 1975 vs 1977 vs 1979, 10326
incidence & perceptions of participative vs autocratic leadership styles, male vs female college students & managers, 9122
incidence & sex & clinical symptoms & associated sensory disabilities & drug therapy, late paraphrenia, patients aged 60 yrs & over, 6319
incidence of sexual experiences with partner of same sex & animals & group sex & sex differences in masturbation & being rape victim & premarital intercourse, college students, 1974 vs 1980, 10373
incidence of unipolar vs bipolar affective disorder, male vs female patients & their relatives, 10592
indices of anxiety related to aggression/hostility & insecurity/lability in human figure drawings, male vs female 9.6–22.3 yr olds, 9434
individual & sex differences & response consistency, color aesthetic preferences, college students, 2572
individual differences in masculinity & femininity & androgyny, prejudice & categorization, males vs females, implications for cognitive bases of stereotyping, 12692
intact vs broken home & age & sex, personal adjustment, 10th graders, 864
intelligence & sex, performance on vigilance task with signal detection, high school students, 5376
intelligence & sex, psychomotor performance, high school students, 12435
Interpersonal Distance Mat, measurement of preferred interpersonal distances in male/male vs female/female dyads, college students, 4658
interviewing technique, self disclosure willingness & perceptions of counselor, Mexican American vs Anglo male vs female college students, 3924
intimacy & exclusivity & effects of early adolescent friendship & developmental & sex differences, literature review, 5405
IQ & socioeconomic status & sex, activity choices in nursery school & cognitive socialization, 4 yr olds, 5326
J. L. Holland's constructs of consistency & differentiation & congruency & sex & age, vocational maturity, college & vocational students, 9046
job level & number of promotions & perceived importance of promotion process, male vs female employees of finance organization, 2176
job related & personal characteristics, self concept & ideal & job required self concept, male vs female college home economics teachers, 13582
lateral preference & age & task difficulty & sex, right- vs left-ear advantage for environmental sound vs digit, 2nd vs 6th graders, 3124
lateralized object-naming & lexical decision latency tasks, visual field superiorities, male vs female college students with vs without familial sinistrality, 9898
leaderlessness & midlife transitions, termination of couples group, male vs female mental health professionals & spouses, 3976
length of labor & sex of child, 7459
locus of control & quantity & frequency of beer vs wine vs liquor consumption, male vs female college students, 12628
locus of control & scores on Michigan Alcoholism Screening Test, male vs female college students, 12907
Machiavellianism, male vs female purchasing managers, 13789
male vs female voices, discrimination, 27–32 wk olds, 3136
managerial level & sex & age & education, attitudes toward public involvement, recreation & park senior vs middle level administrators, 6855
marital status & sex differences, problems reported & extent to which unhappy about problem, married vs unmarried cohabiting couples, 10313
maternal employment, attitudes toward sex role & occupational stereotypes, male vs female 8th graders, 5413
medical fears, male vs female college students, 12713
meta-analysis procedures, assessment of cognitive sex differences, 2381
midlife & long term marriage, wives vs husbands, implications for therapy, 8370
minority of 1 vs 2 people & sex composition & conversion of majority member to minority position, influence on majority position, college students, 5566
mixed- vs same- age group play, preferences for same sex playmates, 2–5 yr olds, 855
moral reasoning as measured by Defining Issues Test, Catholic male vs female 12–13 vs 15–16 vs 18–19 yr olds, Ireland, 3042
need for achievement & power & affiliation, male vs female Black college students majoring in business, 4412
neurological status & time pressure during spatial constructive task, visuomotor behavior, male vs female 4–6 yr olds, 12428
neuroticism & extraversion-introversion & intelligence & verbal comprehension & sex, verbal fluency, high school students, 5325
number of flavors available, amount of ice cream consumed, male vs female college students, extension of study by B. J. Rolls, 9677

number of siblings & birth order & ethnic & age & sex differences, cooperative-competitive social behavior, 5–12 yr old Anglo Americans vs Mexican Americans, 863
occupational sex stereotyping, androgynous male vs female college students, 994
occupational status & working conditions, stress & morbidity, male vs female 18–64 yr old engineering industry employees, 10721
occupational status, work & leisure activities, males vs females, Australia, 11439
origin & development of variability hypothesis, biological sex differences in intelligence, 4650
orthogonal vs oblique rotation analysis, factor structure of Bem Sex-Role Inventory, males vs females, 9374
parental behavior & sex, home & emotional & social & health adjustment, 22–25 yr olds, 5620
parental role models & support & aspirations & attendance of integrated schools & inner strengths, attainment of professional degrees or doctorates, male vs female Mexican Americans, 3277
parental sexual messages, sexual behavior & satisfaction, male vs female adolescent college students, 12569
partial correlation vs item characteristic curve vs item difficulty index, identification of GRE verbal items performing differentially depending on sex & race, Blacks vs Whites, 2112
participation in classroom discussion, male vs female high school students, 8905
passive- vs active-touch vs tactile-thought tasks with right vs left hand, hemispheric differences in somatosensory functioning, male vs female 10 yr olds, 7701
perceived age & physical attractiveness of males vs females, male vs female 14–16 vs 31–38 yr olds, 3220
perceived restrictions in social relationships & status of widowed vs divorced males vs females, 7899
perceived sex linkage of cognitive task & expectancy of success & attribution for performance, male vs female college students, 10431
perception of sex education, 13 vs 15 yr old males vs females, 1942
perceptions & attitudes & beliefs regarding religion & home situation & parent child relations, Black vs White male vs female 8th graders, 3241
perceptions of demanding vs reasoning male vs female police officer, male vs female college students, 3428
perceptions of functioning in mixed-sex vs all male anatomy dissection groups, medical students, 13487
performance on Bender Gestalt Test, male vs female 11–13 yr olds from different subcultures, Sierra Leone, 7724
performance on Hand Test & Route Test & GPA, male vs female 13–17 yr old high school students, 7694
performance on pencil & paper spatial questions, male vs female 7th–9th graders, 10203
personal competence & social support & stressful life events, depressive symptoms, rural husbands vs wives, 12726
personal values & priority of organizational goals, male vs female college business students, 8915
personality & sex & social situation, interpersonal distance & orientation choices, college students, 10400
personality assessment using California Psychological Inventory & MMPI, male vs female visually impaired 18–55 yr olds, 169
personality correlates of motive to avoid success, male vs female college students, 3491
personality correlates of performance, female vs male corrections officers, 8687
personality structures, male vs female college students, Japan vs Canada, 12740
physical attractiveness, locus of control & sex roles & anxiety & depression & success expectancies, female vs male college students, 5619
physical attractiveness of male vs female, categorization in socially acceptable vs deviant roles, male vs female college students, 3434
picture description task, language style, male vs female 4 vs 8 vs 12 vs 16 yr olds, 3164
plasma lipids & lipoproteins & blood pressure & overweight & alcohol & drug use & exercise & sex & age, reported Cornell Medical Index symptoms, healthy middle class adults, 5941
playfulness & sex, verbal intelligence & divergent thinking, 3.8–6 yr olds, replication of experiment by J. N. Lieberman, 3019
positive vs negative social image of smoking & age & sex differences, social influences for smoking initiation, 6th vs 10th graders, implications for prevention, 5404
power motivation, social value orientation, male vs female Hindu vs Moslem graduate students, India, 1076
predictors of sex differences in outpatient medical care utilization, 18–89 yr olds, 1672
preference for pictures of infants vs peers vs adults, pre- vs postmenarcheal 12–13 yr old females vs 7th grade males, 5317
prescription drug use, males vs females over 60 yrs old, 12647
presence & sex of O, self focused attention during interviewing role rehearsal, male vs female college students, 3436
projective techniques with self vs other as S of story, attribution of socially undesirable affects, male vs female 1st–5th graders, 844
psychoanalytic perspective on role of sexual differences in psychic development, literature review, 12616
public self consciousness & clothing attitudes & interests, male vs female college students, 12766
race & sex & socioeconomic status & academic aptitude, career choice unrealism, Black vs White college students, 2142
race & sex differences, interpersonal interaction & conversation, 21–29 yr old Black & White dyads, 3401
race & sex, perception of university environment & campus life, Black vs White college students, 4416
race & sex, performance appraisals, Black vs White nonmanagement employees & supervisors, 2170
race & sex, reminiscence on massed practice mirror tracking task, Black vs White males vs females, 7178
rape circumstances & victim's emotional response, perception of & reactions to & attribution of psychological damage to victim, male vs female college students, counseling implications, 10626
rating of self photographs for degree of reference to imaginal prototype of "real self", recognition memory of photographs 1 wk later, male vs female college students, 1089
reciprocity of bargaining strategies & bargainer role, college & graduate students assigned to labor/management roles in same- vs mixed-sex dyads, 9131
reference cues, pattern copying, male vs female 7 vs 10 yr olds, 10201
referential & numerical content of problem & age & sex & cognitive style & ability & attitude, proportional reasoning, 6th vs 8th graders, 5381
religiosity & sex & caste status & place of residence & anxiety & authoritarianism & rigidity & tolerance for ambiguity, Hindu vs Muslim college students, India, 12721
religious attitudes & emotional security & favorable vs unfavorable communication about religion, attitude change, male vs female college students, 1065
research methods, gender differences, literature review, 2369
responses to moral & social conventional transgressions during unsupervised free play, male vs female 7–10 vs 11–14 yr olds, 3231
rhythms in hormone secretion & levels in human male vs female reproductive systems & behavioral effects, 5123
role as chief resident, male vs female psychiatric residents, 8746
role play scenes of negative assertion vs accepting help vs giving vs accepting compliments, verbal vs nonverbal vs assertive behavior, male vs female 8–13 yr old psychiatric patients, 5680
roles assumed in interactions during game playing, male vs female 8–10 yr olds & their best friends & 4.5–7 yr old younger siblings, 3184
salary differentials for positions with equal responsibility, male vs female university administrators, 1925
same- vs mixed-sex competitive task & male vs female opponent, competitiveness, female 11–14 yr olds from Afro-American vs Hopi Indian families, 894
self assessment of leisure activities performed requiring spatial abilities, male vs female college students, 7937
self control problems, male vs female 14–18 yr olds, 3218
self esteem & age & amount of education, French Canadian feminist women with mean age of 29.9 yrs vs nonfeminist women with mean age of 46.1 yrs vs males with mean age of 34.8 yrs, 1056
self esteem & age & sex, self presentation, 8–19 yr olds, 12474
self esteem & emotional dependency & intended vs actual extramarital involvement, anticipated sexual jealousy, males vs females, 3352
self esteem & size of human figure drawing, male vs female high school seniors, 9390
sex & academic subject preference, between-S differences in performance, students, 13658
sex & achievement level & rural vs urban residence, field dependence/independence, 10th graders, 886
sex & age & diagnosis, signing against medical advice, community general hospital patients, 11064
sex & age & education & socioeconomic status, reminiscence, 18–90 yr olds, 5375
sex & age & educational level, delusions diagnosed by New Haven Schizophrenic Index & modified Present State Examination, 15–65 yr old patients, Kenya, 12855

sex & age & family/marital status, participation in physical recreation & individual vs team sports activities during adult life cycle, 23–58 yr olds, 5464
sex & age & grade level taught & years of experience & type of community & educational level & marital status, burnout, kindergarten through 12th grade teachers, 13583
sex & age & income level, alcohol consumption & type of drink, bar patrons, 5555
sex & age & intelligence, developmental changes, institutionalized mentally retarded 5.9–19 yr olds, 3-yr study, 5890
sex & age & level of integration, body image, 12–17 yr old diabetics vs nondiabetics, 5987
sex & age & physical attractiveness, perceived importance of attractiveness to friendship formation & dating frequency & marriage partner selection & marital adjustment & occupational success, 18–90 yr olds, 12683
sex & age & retardation level, prevalence of obesity, mentally retarded adults over 18 yrs of age, 1313
sex & age, attitudes toward music & music education & music preferences, 12–18 yr old students, 11274
sex & age differences, maternal response to conflict & sibling hostility, 8 & 14 mo vs 26–51 mo old siblings, longitudinal study, 7725
sex & age differences, self concept & self perception, 13–20 yr olds, 859
sex & age, incidence of neurological disorders, 1 mo to 14 yr olds, USSR, 3872
sex & age, personality traits, 20–60 yr olds, 5653
sex & age, psychotropic drug prescription & usage, family members, 8491
sex & age, separation behavior in natural setting, 12–36 mo olds, 3224
sex & arithmetic task difficulty, EEG alpha activity & asymmetry, college students, 12052
sex & cognitive styles & socialization practices, predisposition to depression, literature review, 3532
sex & cohort differences, identity status & intraindividual changes in ego development, freshman vs sophomore vs junior college students, cross sectional study, 7702
sex & concurrent secondary task, prism adaptation, right handed college students, 2556
sex & diagnosis, benzodiazepine prescriptions in family residency program, patients with skeletal muscle injury vs anxiety neurosis, 10950
sex & educational attainment & ethnic origin, sex role attitudes, Asians vs Blacks vs Mexican Americans vs Native Americans vs Whites, replication of P. Hawey's study, 10362
sex & ethnic background & perceived social support, adjustment, high stress lower class inner-city 9th vs 11th graders, 5411
sex & ethnicity & educational background, scholastic aptitude & achievement, transfer vs native engineering students, 13636
sex & experience level of intaker & counselor & sex of client & administrative variables, premature termination of counseling, clients at university counseling center, 11046
sex & field dependence, response to cultural vs perceptual cues in Chinese vs Western paintings, Chinese vs Western college students, Hong Kong, 257
sex & financial support system & yr in school & GPA, college dropouts vs persisters, 13654
sex & grade level & type of achievement test taken early vs late in school yr, mathematics attitudes & achievement, elementary school students, 6714
sex & hand used in tactile-visual recognition task at lower vs higher level of mental processes, hemispheric functionality, right vs left handed 15–25 yr olds, 7409
sex & handedness & space of motion & parental educational degree & language, incidence of dyslexia, 8.4–10.4 yr olds, 5887
sex & handedness, regional cerebral blood flow during rest & cognitive activity, 18–26 yr olds, 5058
sex & handedness, spatial ability, European vs Japanese vs Chinese adults & their adolescent offspring, 5656
sex & handwriting posture, response latency for naming letters presented to left vs right visual field, left vs right handed college students, 9830
sex & hearing impairment differences, gender identification of fantasy animal characters, 8–15 yr olds, 10742
sex & interest in technology, natural thinking & realization process in machine tool operation learning, 8th graders, 5370
sex & interpolated rest interval, lateral transfer of reactive inhibition, male vs female college students, 2649
sex & leisure participation outcome, leisure needs, college basketball players, 1061
sex & locus of control & fear of success & academic aptitude, vocational indecision, college students, 9057
sex & marital & employment status, depressive symptoms, Mexican Americans, 3616
sex & marital status & race & age, utilization of mental health center services, 20–60 yr olds, 1725
sex & marital status, reactions & adjustment to child loss from sudden infant death syndrome, parents, counseling implications, 8607
sex & neuropsychiatric status, Black & White incarcerated juvenile offenders, 5833
sex & occupational area, evaluation of impact of appearance on employee performance evaluation & effectiveness & interactions in work environment, college students & campus recruiters, 11459
sex & occupational differences, leisure needs & satisfaction, Australia, 9152
sex & peer evaluation of competition, expectations for & actual competitive performance & perceptions of success, masculine vs feminine vs androgynous vs sex role undifferentiated students, 7848
sex & physical distance & intimacy of question, self disclosure, college students, 7879
sex & power strategy of fictional manager, perceived managerial effectiveness, managers, 2212
sex & previous employment & source of job information, obtaining & maintaining employment, former participants in National Urban League's Youth Career Development Project with mean age of 19.4 yrs, 2143
sex & profession & level of training, expectancies in regard to male vs female client, counselors vs clinical social workers vs clinical psychologists, 6521
sex & professional level, preferences for gynecological examiners, females, 4114
sex & psychological stress, caffeine intake, college students, 10381
sex & punctuational differences in description of interactions & marital distress, spouses, implications for communication theory & therapy, 10308
sex & question combination, performance on Secondary Education Biology examination & individual items, students, 11399
sex & race & social status & gross motor development level, incidence of bruising, 3 yr old children, 13094
sex & race & socioeconomic status, police/court contact for delinquent behavior, Black vs White 14–18 yr olds, 8095
sex & race differences, placement & teacher treatment & student reading achievement, learning disabled 6–12 yr old students, 11342
sex & race differences, visual interaction, 18–50 yr old Black vs White vs interracial dyads, 3390
sex & race, glucose-6-phosphate dehydrogenase deficiency, unipolar vs bipolar depressed patients vs schizophrenics, 5764
sex & regularity of income & birth order, depression, patients, Kenya, 12856
sex & religiosity & academic major & educational level, attitudes toward alcoholism & etiology of alcoholism & drinking patterns, human service students, Australia, 13646
sex & research productivity of counseling psychology predoctoral internship applicants, ratings of suitability for internship & employment, counseling psychology faculty members vs staff of internship training programs, 11123
sex & rural vs urban residence & mothers' employment status, awareness of sex trait stereotypes, 8 yr olds, Korea, 5436
sex & rural vs urban residence & type of school, moral judgment, 10–11 yr olds, India, 888
sex & school differences, stress ratings of life experiences, 5th & 6th graders, Philippines, comparison to ratings from previous studies from US vs Japan, 5470
sex & sex role & stage of dating, dating attitudes & behavior, 16–25 yr olds, Australia, 5440
sex & sex role attitudes & age, mathematical ability & attitudes toward mathematics, 4th vs 8th vs 11th graders, 13641
sex & sex role identity, descriptions of good manager, college students, implications for women in management, 2207
sex & sex role orientation, psychomotor reminiscence, 17–23 yr olds, 11754
sex & sibling sex & birth order & family size, delinquency, high school students, 8121
sex & training variables, lifting performance, college students, 7181
sex & work load, movement capability, ROTC students, 9095
sex & 1st-grade classroom adaptation, prediction of age of 1st use of alcohol & cigarettes & marihuana, 16–17 yr old urban Blacks, 10377

sex, acquisition rate for cognitive & psychomotor skills & complex flight skills 1 yr later, US Air Force Academy cadets, selection & training implications, 9076
sex, age of onset of affective illness measured by initial consultation, bipolar vs cyclothymic vs unipolar patients, 12868
sex, development of values orientation, 16–17 vs 19–20 vs 22–23 yr olds, 12515
sex differences & age, prevalence of mental disorders, 20–64 yr olds, 3640
sex differences & factor analysis, Mach IV Scale responses measuring Machiavellianism, 9370
sex differences & life experiences, change in locus of control, adults tested during college & 15 yrs later, 7921
sex differences & sex of E conservation ability, kindergartners & 1st graders, 10195
sex differences & stress, inter-S consistency of cortisol & adrenaline & noradrenaline excretion, college students, 12112
sex differences & type of situation & cultural context, self reported anxiety, 15 vs 17 yr olds, 5463
sex differences, attitudes toward & stigma of mental illness, literature review, 12825
sex differences, attitudes toward war, 10270
sex differences, biographical variables & achievement motivation, single vs married high school graduates, 1907–67, 3310
sex differences, brain symmetry, humans, criticism of J. McGlone's article, 2769
sex differences, cognition & intellectual ability, literature review, 10134
sex differences, cognitive abilities, literature review, 4906
sex differences, cognitive functioning, left vs right brain damaged adults, 10724
sex differences, conjunctive task ability, mixed doubles tennis teams, 2522
sex differences, conservatism, Afrikaans vs English speaking Black vs White vs Indian college students, South Africa, 3463
sex differences, contact with novel vs familiar toys, preschool age children, 3191
sex differences, content of drawings, 6–8 yr olds, 10247
sex differences, coping behavior, college students, 13666
sex differences, corpus callosum morphology, humans, implications for visuospatial functional lateralization, 450
sex differences, development of overarm throw, 7th graders studied longitudinally from kindergarten through 2nd grade, 7612
sex differences, fear of success imagery to gender appropriate vs inappropriate cues & attributions of success & failure, high school vs college students, 875
sex differences, health locus of control beliefs, chronic low back pain patients, New Zealand vs US, 13091
sex differences in linguistic ability & cerebral dominance, literature review, 2603
sex differences in patterning of adult roles, sex differences in occupational achievement, males vs females from Project TALENT high school class of 1963, 10261
sex differences in spatial visualization involving physical vs mental stimulus rotation, college students, 9616
sex differences, lifting performance, college students, 9522
sex differences, measurement of mathematics achievement grade level & attitudes toward mathematics & locus of control, 5th & 6th graders, 8977
sex differences, neuroticism & emotional disturbances, infertile couples, 3513
sex differences, nonverbal intelligence & adaptive functioning & receptive vocabulary & eye-hand integration & perception & affect & play & interpersonal relations, autistic 3–8 yr olds, 8032
sex differences, organizational leadership assessed by in-basket simulation vs paper & pencil scenario experiment, college students, 11612
sex differences, performance in obstetrics & gynecology clerkship, 3rd-yr medical students, 6563
sex differences, personality structure, 13–25 yr old music vs nonmusic students vs 24–70 yr old professional musicians, 12734
sex differences, political ambition, municipal legislators, 11441
sex differences, primary process integration on Rorschach & capacity to shift primary problem solving strategies in water jar test, male vs female 3rd graders, 9439
sex differences, rates of psychiatric hospitalization & mental illness, England & Wales, 3552
sex differences, risk factors for depression, Ss 18 yrs of age & older, 8052
sex differences, scientific reasoning on Predicting Displaced Volume task, 7th–11th graders, 10163
sex differences, selectivity of attachment behaviors to mother vs adult female acquaintance, 12 vs 24 mo olds, 10239
sex differences, small group interaction, literature review, 1006
sex differences, smoking habits & respiratory symptoms, secondary students, France, 13061
sex differences, social adjustment & absence of crime & drug abuse during treatment in therapeutic community, 19–26 yr old opioid abusers, 2-yr followup, 6488
sex differences, social equality as mental health issue & psychosocial development, implications for therapists, 13515
sex differences, social perception of rape victims & attitudes about rape, Ss with mean age of 24.4 yrs, US vs West Germany, 3711
sex differences, spatial span ability & spatial serial learning, 9–10 yr olds, 808
sex differences, vibrotactile thresholds on 3 tongue sites, 18–30 yr olds, 9507
sex differences, Zulliger Individual & Group Test responses, college students, 2461
sex, encoding & decoding of Italian vs Australian hand gestures, Italo- vs Anglo-Australian 3 vs 6 yr olds, Australia, 5330
sex, grievance resolution & filing behavior, union stewards, 4578
sex guilt & gender & positive vs negative affect & preference for erotic stimuli, criticism of correlation & regression analyses used by W. Griffitt & D. L. Kaiser, 7279
sex, mortality rate, metropolitan vs nonmetropolitan counties, 1960–70, 10280
sex of client & counselor in drug free vs methadone maintenance treatment, sex role attitudes, drug abuse counselors, 4262
sex of helper & beneficiary, participant-observations of prosocial interactions in mixed-sex groups, Ss with mean age of 15.6 yrs, 5471
sex of O & auditory &/vs visual presentation mode, ratings of speech & facial acceptability, college students rating 12–44 yr olds with cleft lip/palate, rehabilitation implications, 8247
sex of respondent & initiator & initiator status & behavior, interpretation of ambiguous/potentially sexual behavior in work setting vignette, college students, 13803
sex of S & E & verbal reinforcement vs punishment, serial digit learning, college students, 4929
sex of shopper & E & touching during request, compliance in trying food sample & buying product, supermarket shoppers, 2301
sex, oncology related attitudes & achievement- vs help-orientations, medical students, 6517
sex, performance on spatial-span & spatial serial learning tests, 9–11 yr olds from urban vs rural environments, 809
sex, psychophysical power function & absolute value of numbers used to represent subjective line length, 19–68 yr olds, 7211
sex role attitudes, agreement with attitudes stereotypical of Mexican family, male vs female Chicano vs Anglo college students, 12604
sex role identity & sex, social competence, college students, 5540
sex role influences, family decisions about careers of teenagers with preference given to male's goals, families with 14–18 yr olds, 7741
sex role orientation & leadership style, male vs female college students, 12613
sex role orientation & self esteem, female vs male 12–15 yr olds, implications for androgyny & sex role development, 5435
sex roles of ideal opposite sex persons, male vs female college students, 5543
sex, symptoms of psychiatric distress & utilization of in- vs outpatient psychiatric services, psychiatric patients vs drug addicts under 55 yrs vs 55 yrs old & older, Iran, 6095
sex, treatment received in health care systems, 14–72 yr old chronic pain patients, 8533
sex vs age differences, verbal vs nonverbal problem solving performance, 9–61 yr olds, implications for Einstellung effect, 7673
sex vs sex role, sex stereotyped expectations from students, preschool teachers, 1922
sex vs socioeconomic status, drug use, separated or divorced parents vs nonparents, 995
sex vs socioeconomic status vs ethnic group, marriage & parenthood values, Black vs Hispanic vs White 11th graders, 5461
sex, willingness to seek & preference for setting & provider of mental health care, patients over 18 yrs of age, 6393
sexual attitudes & experiences, male vs female 14–18 yr olds, Sweden, 12496
sexual standards & guilt & acculturation, male vs female Japanese- vs Caucasian-Americans, 987

similarity & friendliness & willingness to compromise & sex of discussion partner, attitude change, males vs females, 3394
single- vs mixed-sex groups, stereotyped verbal & nonverbal behavior, college students, 7849
size of initial request & authority & sex, compliance with subsequent request for socially undesirable activity, college students, 10438
social & work & family support & personal functioning, male vs female community residents with mean ages of 46.8 & 44 yrs & recovering alcoholic patients, 7759
social class & sex, attitudes toward education for parenthood, high school vs college students, 8903
social integration into & personal commitment to family & family structure & delinquency, male vs female 11–17 yr olds, 8080
social status & child's sex & visibility of handicap, perceived stigma, 18–54 yr old mothers of severely & profoundly retarded children under 12 yrs of age, 8138
social structural variables & sex & age, social competence, 3–5 yr olds in day care centers, 5399
social support & life events & competence, depressive symptoms, male vs female 17–24 vs 25–49 vs over 50 yr olds, 12710
sociodemographic factors & age & sex & length of marriage & separation & social stressors, symptom expression, 20–79 yr olds in the process of divorcing, 5500
socioeconomic & professional class & sex & age differences, variation in Early Modern Eastern spoken Judezmo, Israel, 12363
socioeconomic status & sex & age differences, expectations for success in reading & arithmetic & conduct, 1st–3rd graders, 13647
socioeconomic status & sex & ethnicity & cultural factors, educational aspirations, Polynesian vs Pakeha 4th form students, New Zealand, 11291
sociometric & teacher ratings & role-play & self report assertion & anxiety & sex, prediction of social interaction skills, 8–10 yr olds, 5447
sociopolitical attitudes, male vs female high school students, Sweden, 10224
sociopolitical ideology, male vs female high school students, 3197
spontaneous behavior, male vs female newborns, 734
student vs teacher status & same vs opposite sex partner, nonverbal communication, college students, 10407
supervisor vs E vs self feedback during instruction in microteaching & sex & teaching subject, competence, student teachers, 1924
sustained attention, EEG hemispheric asymmetries, male vs female 18–32 yr olds, 483
Sustained Silent Reading program & grade level & sex, reading achievement & attitudes, 5th–7th graders, 1977
teacher questions to & response rate of males vs females, teachers & low income 24–30 mo olds in day care center, 6733
therapist's sex & type of therapy & importance of defenses & transference & resistance, successful treatment of neurotic & personality disorders, 10820
thoracic impedance measured by impedance cardiography, 18–44 yr old females vs 18–40 yr old males, 7457
traits believed possessed by effective leaders, male vs female college students, 991
Type A vs Type B personality & sex, heart rate during physical exercise vs IQ test, college students, 5135
type of problem & counselor's age & sex, preference for Black counselors, Black college students, 4173
unstructured vs structured-open vs structured-forced procedures, group problem solving performance, college students in male vs female groups, 10409
use of physician services, males vs females, implications for fixed-role hypothesis, 13325
utilization of psychiatric hospital or outpatient services before & after self poisoning, 15–79 yr old patients, 6360
validity of NachNaff questionnaire, assessment of achievement & affiliation motivation, male vs female college students, 7107
variations in baseline finger skin temperatures, male vs female 17–76 yr old Black vs White vs Eskimo psychiatric patients vs 19–63 yr old hospital staff members, 5124
visual recognition & recall, male vs female 13–17 yr olds, 12434
vocal disguise by White males & females attempting to sound like member of opposite sex or member of Black race, perception of sex or race, college students, 3420
voice intensity & sex, causal attributions & impression of actors & recall of verbalizations, college student listeners, 5604
weight of load worn vs carried & type of backpack, easy standing & vertical jump performance, male vs female ROTC students, 9096
well-being, widows vs widowers 65 yrs of age & over, 12699
women's liberation movement & traditional feminine role & sex differences, suicide rate, human females, 5845
word association technique, assessment of sex role & sexual attitudes, male vs female college students, 10363
wording of question about out-of-body experience & dreaming & sex & age, reported incidence of experiences, college students, 4615
work opportunity structure, family & community & individual satisfaction, employed females vs males, sex role implications, 4539
work values, male vs female high school students attending school learners' seminars, New Zealand vs Australia, 11280

Humanism
aims & theories, humanistic psychologists & educators vs M. Balint, 9243
empirical-experimental vs structural methods, humanistic research in psychology, 4684
humanistic trends in current psychoanalytic theory, 6126
humanistic vs sociopsychological vs psychoanalytic vs communications psychology viewpoints, doctor-patient relationship, 10799
humanistic/phenomenological approach to role play methodology, 4693
integration of behavioral & psychodynamic & humanistic orientations in psychotherapy, 6129
phenomenology & doctrine of self determinism in humanistic psychology, 9226
philosophic beliefs of humanistic psychology, implications for conduction of research, 9225
problems with research methodology based on assumptions of humanism, 9348
rational choice vs self actualization theories of politics, humanistic psychology, 5534
secular humanism in education, 13560
themes & realism of humanistic psychology, literature review, 4647

Humanistic Education [See Affective Education]

Humor [See Also Cartoons (Humor), Jokes]
aggression & attention-seeking & imitation during free play, development of sense of humor, 38–75 mo olds, 10246
humor appreciation, 27–61 yr old depressed patients, 10525
humor in coping with stress, college students, 7944
humorous atmosphere, divergent thinking, 10th graders, 10208
latent structure analysis, use of humor in advertising, 7146
rituals involving anti-humor, Melanesians, New Guinea, 916
seating orientation, arousal & appreciation of humor, college students, 12670
test construction, measurement of humor perception & knowledge, college students, 2402
use of humor in instruction, 8841

Hungary
contributions to development of theories of ego development & interpersonal psychoanalysis, psychoanalysts of Budapest school, Hungary, 4628
diagnosis & treatment of handicaps & developmental disorders, proceedings from International Conference of Defectology Workers, Hungary, 7968
preventive-caretaking health service based on sports medicine, Hungary, 4125

Hunger
ceruletide, food intake & hunger & activation & RT & psychomotor performance, nonobese Ss, 7571
cholecystokinin octapeptide, food intake & self reported hunger, 21–37 yr olds, 689
hunger & satiation & electrical shock as punishment, discriminative control of attack behavior, rats, 11994
hunger inducing insulin injection, metabolic & physiological changes, male rats, 12275
level of food deprivation, cholecystokinin-octapeptide effects on eating elicited by external vs internal cues, male rats, 7568
nonreinforced stimulus similar to reinforced CS & unexpected reinforcement of CS, hunger CR & sign tracking, male rats, 11965
section of trigeminal orosensory vs oromotor nerves, food intake vs electrical self stimulation of lateral hypothalamus, male rats, 2871
slides of main courses vs snack foods, pupil dilation, sated vs hungry normal vs overweight college students, implications for S. Schachter & R. E. Nisbett's theories, 8221
training on continuous vs FR schedules, level of hunger motivation during extinction, genetically obese male mice, 12040

Huntingtons Chorea
numerical computerized tomography scan information & WAIS & Wechsler Memory Scale scores, differential diagnosis, 55–65 yr old patients with Alzheimer's vs Huntington's disease, 10767

WAIS as adjunct to neurological diagnosis, monitoring of intellectual functioning, 29–52 yr olds with Huntington's disease, 4754
Husbands
appraisal & views of marital events, distressed vs nondistressed husbands with mean age of 41.3 yrs, 941
demographic variables, attitudes toward law concerning marital rape, Ss over 17 yrs old, 7835
level of assimilation & sociocultural norms & socioeconomic attributes, decision making & power, Puerto Rican families with generations raised in Puerto Rico vs US, implications for theory of resources in cultural context, 7789
perceptions of husbands' midlife career changes, 30–50 yr old wives, 10320
Hydrocephaly
dementia & hydrocephalus, 69 yr old female with Paget's disease, 10706
enlargement of 3rd cerebral ventricle, visual field defects, 9 & 22 yr old females & 12 & 30 yr old males, 5975
functioning & diagnosis & treatment & relationship to hydrocephalus, cocktail party syndrome, 10758
infantile hydrocephalus, 21–32 yr old patients, followup study, 5977
left hemispherectomy, visual field defects, hydrocephalus male, 10756
tactile vs visual vs dichotic stimulation on cognitive tasks, inter- vs intrahemispheric processing, 4–10 yr old hydrocephalics vs 5–9 yr olds with letter reversal problems, 13106
value of EEG findings in diagnosis & treatment of organic psychosyndrome, patients with normotensive hydrocephalus & brain atrophy & dementia, 13052
Hydrocortisone
adenosine triphosphatase & plasma cortisol levels, 22–58 yr olds with affective disorders, 10556
cerebrospinal fluid cortisol, depressed & manic & anorexic patients, 10527
circadian oscillation of plasma cortisol & testosterone levels, 28–55 yr old chronic male alcoholics, sexual dysfunction implications, 3648
cortisol & prolactin circadian rhythms before vs after dexamethasone suppression test, 26–65 yr old female inpatients with endogenous vs nonendogenous depression, 12888
depression, secretion of cortisol & luteinizing hormone & circadian rhythm & response to hypoglycemia, literature review, 7994
dexamethasone suppression test results & cortisol circadian rhythm, 47–77 yr old males with advanced primary degenerative dementia, 6013
dive to 60 meters hyperbaric pressure, perceptual defense mechanisms & endocrine reactions & cognitive functioning, British Navy divers, 12194
fear associated with psychophysiological testing, urinary excretion of adrenaline & noradrenaline & cortisol, 20–42 yr old male prisoners convicted for assault with robbery, 5817
hydrocortisone & porcine adrenocorticotropic hormone, corticosteroid surge & inhibition of intracranial self stimulation, rabbits, 12245
intensity of skin electrical stimulation & cortisol dose, blood concentration of corticosteroids & pituitary-adrenocortical system response, rabbits, 5150
male rank & familiar vs unfamiliar females, sociosexual & aggressive interaction & male cortisol & prolactin & testosterone levels, captive talapoin monkeys, 420
melatonin & cortisol secretion patterns, 37–61 yr old depressed females, 12817
plasma ACTH & cortisol concentrations before vs after dexamethasone, psychiatric patients, implications for hypothalamic-pituitary-adrenal abnormalities in depression, 5743
plasma cortisol & cephalic EMG & heart rate & anxiety & fingertip vasoconstriction/dilation & respiration rate & symptom severity during EMG biofeedback relaxation training, 18–56 yr olds, 1549
plasma cortisol levels & core body temperatures & heat storage, subjective intolerance to heat, male 20–24 yr olds, 12151
separation from maternal surrogate & novel vs familiar environment, vocalization & movement & plasma cortisol levels, infant squirrel monkeys, 7350
serum cortisol levels & diurnal rhythms, 25–82 yr old patients with organic vs psychogenic pain, 5979
sex differences & stress, inter-S consistency of cortisol & adrenaline & noradrenaline excretion, college students, 12112
stress of swimming test, defense mechanisms & anxiety & cortisol & testosterone & catecholamine responses, male US Navy recruits, 2862
Hydroxydopamine (6-)
localized kainic acid vs 6-hydroxydopamine lesions of neostriatum, sensorimotor asymmetry, male rats, 12219
midbrain 6-hydroxydopamine injection, overeating & obesity & role of norepinephrine & epinephrine depletion & prevention by dextroamphetamine & desmethylimipramine & benztropine, rats, 7552
neonatal 6-hydroxydopamine treatment, experience-dependent odor preferences, male rats, 12261
nucleus accumbens septum 6-hydroxydopamine lesions, schedule-induced nicotine self injections, male rats, 12233
single vs multistage hypothalamic injections of 6-hydroxydopamine, consummatory & motor behavior & forebrain catecholamine depletion, male rats, 7578
social rearing environment & 6-hydroxydopamine brain lesions, development of behavioral arousal & learning impairment, rat pups, 569
6-hydroxydopamine followed by dextro- vs levoamphetamine, dopamine & norepinephrine levels in brain & activity level at 15 & 20 & 25 days, rats, implications for hyperkinesis research, 2931
6-hydroxydopamine injections into ventral tegmental area, A10 lesions & limbic tyrosine-hydroxylase activity & performance on passive avoidance task, tree shrews, 2878
6-hydroxydopamine- vs kainic acid-produced neostriatal lesions, spontaneous & amphetamine-induced rotation, rats, 12147
Hydroxylases
conflict & social status, coping ability & septal tyrosine hydroxylase activity & passive avoidance decrements & impairment of mesolimbic dopaminergic system, male tree shrews, implications for models of depression, 5174
developmental difference, nigrostriatal tyrosine hydroxylase activity, BALB/cJ vs CBA/J mice after 1st postnatal wk, 440
dopamine-beta-hydroxylase cerebrospinal fluid levels, schizophrenic patients responsive vs not responsive to neuroleptic treatment, etiological implications, 1218
methamphetamine & systemic tryptophan, brain tryptophan hydroxylase activity & serotonin metabolism, male rats, 698
posture & pulse rate & blood pressure, plasma norepinephrine & dopamine-beta-hydroxylase activity, chlorpromazine- vs haloperidol-treated vs drug-free schizophrenics vs schizoaffectives, 3555
serum dopamine-beta-hydroxylase activity, paranoid schizophrenics, replication of experiment by L. E. DeLisi, 4054
Hydroxytryptamine (5-) [See Serotonin]
Hygiene [See Health]
Hyoscine [See Scopolamine]
Hyoscyamine (dl-) [See Atropine]
Hyperactivity [See Hyperkinesis]
Hyperkinesis
adoption & foster care rates, hyperactive & dyslexic & other pediatric patients, 1698
biofeedback-induced relaxation training, impulsivity & attention to task & locus of control, hyperactive 10–12 yr old males, 1572
carbidopa/levodopa, hyperactive 6–10 yr old males with attention deficit disorder, 8467
causes & diagnosis & treatment & myths related to hyperkinesis, children, literature review, 10752
child & parent characteristics, children's adherence to regimen of stimulant medication, parents & their hyperactive 5–9 yr olds, 1613
classroom behavior modification suggestions, distractability & impulsivity & interpersonal skills & adjustment, hyperactive learning disabled students, 2065
cognitive behavioral treatment &/vs methylphenidate, behavior, hyperkinetic 8 yr olds, 10782
continuous music & contingent interruption of music, classroom task performance & movement, normal vs hyperactive 3rd graders, 2019
definition & differential diagnosis & treatment & remediation, hyperactivity, literature review, 6007
diagnosis of hyperactivity in children, physicians, 6028
drug & alcohol abuse, hyperactive vs normal children, literature review, 5988
drug therapy, hyperactivity, children, literature review, 1643
eating vs fasting, methylphenidate absorption, 24–40 yr olds, implications for hyperkinesis medication schedules, 4076
EEG during visual search task, hyperactive &/vs learning disabled 7.5–10 yr old males, 1362
factor structure & psychometric characteristics & norms of Conners Teacher Rating Scale, screening for hyperactivity, elementary school students, 2115
family functioning, families of 17–24 yr old hyperactives, 10-yr followup study, 8206

herpes simplex virus antibodies, 2–15 yr olds with vs without conduct disorders vs emotional disorders vs hyperkinesis vs anorexia nervosa vs infantile autism vs borderline schizophrenia, 5691
hyperkinesis in senile dementia, 65–82 yr olds, 5959
hypnosis, children with enuresis & learning difficulties & phobias & hyperactivity & delinquency, 8508
impulsive vs reflective cognitive style, problem behavior & aggression & distractibility & hyperactivity, emotionally disturbed 8.3–15.6 yr olds, 10526
incidence of hyperactivity, 6–13 yr olds adopted by nonrelatives vs living with biological parents, 1360
interpersonal interactions with peers & psychostimulant & behavioral treatment & social skills training, hyperactive 1st–6th graders & 5–9 yr olds, 6085
interpretation of Medusa complex in terms of process attachment theory & therapy, application to hyperkinesis & unsocialized aggression, children, 13142
laboratory measures vs rating scales vs direct observation, diagnosis of hyperkinesis, children, 7040
memory search task, response organization deficits, hyperactive 8–12 yr olds, 13078
method for evaluation of effects of drug therapy in schools, 3–18 yr olds with attention deficit disorder with hyperkinesis & emotional disturbance, 8471
methylphenidate dosage, paired associate learning, 5–11 yr old males with attention deficit disorder with hyperactivity, 6280
methylphenidate, paired associate learning performance, hyperactive 9–13 yr old males with attention deficit disorder, 8466
methylphenidate serum levels, hyperkinetic 6–13 yr olds vs adults, 8461
methylphenidate, simple vs choice RT, 7–12 yr olds with attention deficit disorder, implications for ineffectiveness for long term academic achievement, 1587
methylphenidate, social behavior, 6–15 yr old hyperkinetic males, 8449
Montessori-based therapy, 5–13 yr old inpatients with perceptual problems & clumsiness & hyperactivity & emotional impulsiveness & immaturity & speech retardation, 13392
mother-child interactions, hyperactive vs normal 2–6 vs 7–9 yr olds, 3820
need for more thorough & comprehensive evaluation, hyperkinesis & physiological dysfunctions, students, 11388
neurochemical studies of attention deficit disorder, children, literature review, 3803
neurological assessment, hyperactive vs enuretic vs normal 5–13 yr olds, 8222
operationalization & quantification of dexedrine side effects, hyperactive children, implications for parental monitoring, 4075
peer relations & socialization, hyperactive children, literature review, 6002
perceptions of child problems & parenting self esteem & maternal reported stress, parents of hyperkinetic 5–8 yr olds, 13051
perceptual & motor & neuromaturational competence, 4–15 yr olds with Tourette's syndrome vs attention deficit disorder vs epilepsy, 3801
perceptual sensitivity on visual vigilance tasks, 9–16 yr olds with hyperkinesis vs schizophrenic vs nonpsychotic psychiatrically disordered mothers, 10555
predictive factors, outcome as measured by need for methylphenidate hydrochloride, hyperactive 48–92 mo olds with attention deficit disorder, 30-mo followup, 6298
prevalence & pattern of hyperactive syndrome, 6–12 yr olds, 5942
problem solving performance, hyperactive 7–12 yr old males, 3857
Q-type factor analysis, conceptualizations of diagnostically significant hyperkinetic behavior, elementary school teachers, 9018
rate-dependent effect of CNS stimulants, paradoxical reduction of motor processes, hyperactive children, literature review, 1640
rationale & procedures for behavioral assessment of hyperactivity, 1414
sleep REM, latency, 6–12 yr old hyperkinetic males, 1385
stimulant drugs, mentally retarded vs autistic vs hyperactive children, literature review, 8445
symptoms & stability of disorder, children with attention deficits &/vs hyperkinesis tested at age 3 & 5 & 7 yrs, 1355
task complexity & reward vs no reward during visual search task, heart rate & skin conductance, 7.5–10 yr old hyperactive &/vs learning disabled males, 8186
teacher intervention via life space interview, insight & behavior change, hyperactive 12 yr old male, 11331
teacher ratings of classroom behavior & psychometric measures of attention & impulsivity, 7.8–14.7 yr old hyperkinetic males, 10700
temperament characteristics, hyperactive children, 1393
6-hydroxydopamine followed by dextro- vs levoamphetamine, dopamine & norepinephrine levels in brain & activity level at 15 & 20 & 25 days, rats, implications for hyperkinesis research, 2931
Hyperparathyroidism [See Parathyroid Disorders]
Hyperphagia
dietary fat, hyperphagia & excess weight following hypothalamic knife cuts, female rats, 12179
hypophysectomy & cortisone, hyperphagia & obesity & ventromedial hypothalamus lesions induced by gold thioglucose, female mice, 12146
olfactory bulbectomy & phase of circannual body weight rhythm, hyperphagia, wild male European hamsters, 12229
Hypersensitivity (Immunologic) [See Immunologic Disorders]
Hypertension [See Also Essential Hypertension]
anxiety induced by interviewing, blood pressure & heart rate & ballistocardiography & peripheral pulse volume index, 18 yr old hypertensive vs hypotensive vs normotensive males, 6038
beta-blocker therapy, sexual dysfunction, 17–82 yr olds with hypertension, 13281
bilateral sinoaortic deafferentation, responsivity to painful thermal & electric footshock stimulation, spontaneously hypertensive vs normotensive rats, 9982
biofeedback vs relaxation vs drugs, treatment of hypertension, 35–60 yr old patients, 6067
biological & psychological & social factors, high blood pressure, female personnel, 13108
blood pressure & heart rate changes while speaking to same vs high status E, college students, implications for behavioral treatment of hypertension, 513
blood pressure & somatic complaints, normal vs hypertensive 21–65 vs 31–50 vs 51–65 yr old males, 3866
blood pressure determination over 24-hr period, 19–83 yr old hypertensives, 6355
bromazepam, hypotension & hypertension as cardiovascular psychosomatic complications, 18–60 yr old anxious patients, 13269
causal attribution of high blood pressure, health beliefs & behavior, 35–65 yr olds, extension of health beliefs model, 1387
clonidine vs imipramine, agoraphobia with panic attacks & platelet binding, 31 yr old male hypertensive, 1661
clonidine vs quanfacine administered twice daily, triphasic pattern of water intake & ambulation, spontaneously hypertensive male rats, 12341
dominance & aggression & anxiety & depression, hypertensive vs duodenal ulcer patients, 3817
emotional stress, hypertensive responses, cats, 9901
group behavioral vs individual education program, knowledge & disease management skills & clinical outcome, disadvantaged diabetic & hypertensive patients, 13314
hypnobehavioral therapy, hypertension & headaches & asthma & other stress-related illnesses, college students & staff, 6082
influencing factors & treatment of hypertension, literature review, 6023
instrumentation & measurement error in hypertension research, 5972
interpersonal aggression & hypertension, coronary patients with mean age of 52 yrs, 8188
lesions of central amygdaloid nucleus, development & maintenance of high blood pressure, spontaneously hypertensive male rats, 7518
MMPI profiles, patients with chronic low back pain vs migraine headache vs hypertension vs diabetes, 8225
mobile health unit in community outreach program, education & screening & counseling for sickle cell disease & anemia & hypertension, 10995
open field behavior & spontaneous hypertension, Wistar-Kyoto normotensive vs New Zealand hypertensive rats, 2837
parental hypertension & heart rate reactivity, blood pressure & heart rate response to cognitive & isometric tasks, male college students, 8218
preweanling stimulation, blood pressure, genetically hypertensive Okamoto vs Wistar Kyoto adult male rats, 433
psychosocial adaptation before & after onset of illness, female patients with terminal vascular pulmonary hypertension, 13034
psychosocial factors & group intervention strategies & weight change, differential change in coronary heart disease risk factors, males with mean age of 45–93 yrs, 5954
shock intensity, acquisition of active avoidance, male spontaneously hypertensive rats, 11982

thiazide with vs without package insert or leaflet describing side effects, knowledge & reporting of side effects & attribution of affects to drug, hypertensive patients with mean age of 51.5 yrs, 8469

Hyperthermia

handling & movement of cages & naloxone & ethanol, hyper- & hypothermia, female rats, 2885

icv enkephalin analog FK 33-824 doses vs morphine vs dextro-ala-2-Met-enkephalinamide & subsequent naloxone & environmental temperature, hyperthermia, cats, 597

Hyperventilation

death of father & development of psychosomatic disorders imitating fathers' symptoms, hyperventilating female 9 yr old & 14 yr old female wth dyspnea, 10733

Hypnoanalysis [See Hypnotherapy]

Hypnosis [See Also Autohypnosis]

adaptation to displacing prisms with hypnotically induced limb anesthesia, comment on failure by N. P. Spanos et al to duplicate critical experimental procedures, 255

admissibility status, testimony of previously hypnotized witness, 5522

atropine vs propantheline & level of hypnotizability, hypnotic analgesia, adults, 2980

attitudes toward hypnosis training & use in treatment, clinical & educational psychologists, Wales, 11143

choice of scale descriptors "hypnotized" & "absorption", measurement of hypnotic depth, college students, 4707

conceptualization of hypnosis, 9698

dental surgery under hypnosis, male patient with drug allergies, 13306

dichotomy between hypnotic situation & hypnotic condition, literature review, implications for hypnotherapy, 11941

EEG correlates, posthypnotically controlled degrees of cognitive arousal, female college students, 9837

facilitating effects of hypnosis in psychotherapy, 4106

group hypnosis as method of teaching self hypnosis, self improvement, college students, 8497

hypnosis, animals, literature review, 9705

hypnosis as specific state of consciousness, 7289

hypnosis, eyewitness identification accuracy, college students, 11945

hypnosis in psychological experimentation, 19th century, 16

hypnosis, interrogation of witnesses, 7822

hypnosis, number of cells in blisters injected with purified protein derivative vs saline, tuberculin positive Ss, implications for migration of immunocompetent cells, 9914

hypnotic amnesia & terms used to describe hypnotic behavior & experience, comment on debate between N. Spanos & H. Radtke, 9703

hypnotic suggestion, contraception through regulation of menstrual cycle & uterus, 7475

hypnotic susceptibility & induction, changes in auditory acuity & response bias in signal detection task, college students, 7288

hypnotic trance state & T. X. Barber's view of states of consciousness, literature review, 7286

hypnotically implanted aggressive conflict & neuroticism, psychopathology & anger & aggression expressed at authority figures present vs absent, college students, 7281

hypnotist-S relationship, emergence of hypnotic behavior vs psi, 2308

involvingness of stimulus content & hypnotic vs waking context, time estimation, college students, 9699

posthypnotic amnesia, comment on paper by J. F. Kihlstrom, 9695

self hypnosis, working through phases of mourning as seen in diary excerpts, widow, 13305

self induced hypnotic sleep, performance, 11–14 yr old swimmers, 8396

similarities between behavioral characteristics of ultradian cycles & "common everyday trance", proposed state theory of hypnosis, literature review, implications for hypnotherapy, 11944

social learning vs traditional sleep/trance hypnotic induction, hypnotic responsivity, reanalysis of results of N. W. Katz, 330

Soviet concepts of unconscious & hypnotic phenomena & psychoanalytic theories of hypnosis, 4961

status of & attitudes toward hypnosis training, clinical/counseling doctoral programs, 8768

suggestive nature of trance experience & future of hypnosis as "shared delusion", 9693

suggestive nature of trance experience & future of hypnosis as "shared delusion", comment on D. E. Gibbons's article, 9701

suggestive nature of trance experience & future of hypnosis as "shared delusion", comment on D. E. Gibbons's article, 9702

suggestive nature of trance experience & future of hypnosis as "shared delusion", reply to G. F. Wagstaff's & F. J. Vingoe's comments, 9694

supportive vs neutral vs negative suggestions about age regression, hypnotic age regression to past lives, college students, 13424

theory of hypnosis as state of concentration, 7287

time expansion & time condensation as types of hypnotic time distortion, 9697

use of hypnosis in occupational psychology & communications model of hypnosis, 9692

wording of amnesia suggestion & resultant expectations, episodic vs semantic memory deficits in posthypnotic amnesia, college students, reevaluation of findings of J. F. Kihlstrom, 7290

Hypnotherapists

author's therapeutic orientation to hypnotherapy, 8738

myth of positive mental attitude, hypnotherapists, 8512

rapid induction technique for beginning hypnotists, 8495

Hypnotherapy

advantages of hypnosis in childbirth & postnatally, 21–34 yr old females, 8507

age regression & hypnotic susceptibility, critique of T. X. Barber's study, 8492

animal magnetism therapy, treatment of epileptiform seizures, 12 yr old male, 1813 case of A. M. de Puysegur, 1662

application of hypnotic imagery/fantasy to Gestalt concept of unfinished business, 2 case reports, 3898

application of Piaget's cognitive development theory to hypnoanalytic age regression, 31 yr old male, 6324

application of Senoi Indian dream interpretation principles to hypnoanalysis, 31 & 46 yr old females & 40 yr old male, 6326

attitudes toward hypnosis training & use in treatment, clinical & educational psychologists, Wales, 11143

autohypnosis, treatment of cancer, 10960

behavioral & hypnotic treatment of aversion reactions to chemotherapy, cancer patients, literature review, 6089

biofeedback & autogenic training or hypnosis, treatment of Reynaud's disease, literature review, 3916

clinical hypnosis, summary of published papers, 1979–81, 10958

clinical use of hypnotherapy, dentistry, 1663

conditioning for hypnosis via telephone & relaxation & imagery/flooding, 31 yr old female with dental phobia, 8499

current issues in hypnotherapy, Australia, 8493

ego state technique, management of resistence to hypnotherapy, 13304

Ericksonian techniques of utilization & indirect suggestion in multiple-family group therapy, 20–65 yr old male alcoholics, 4258

fears of therapist & patient, effectiveness of hypnotherapy, patients, 8506

group hypnotherapy & behavior therapy, 32–38 yr old mentally retarded & psychotic males, 8494

historical evidence about F. Polgar's claim of having been Freud's hypnosis assistant, 2325

hypnoanalysis & dream interpretation, physical symptoms, 59 yr old female with progressive arthritis, 6336

hypnobehavioral therapy, hypertension & headaches & asthma & other stress-related illnesses, college students & staff, 6082

hypnosis & self instruction behavior modification, study improvement, 8511

hypnosis & symbolic dream work, fear/anxiety state, 29 yr old female, 8502

hypnosis & visual imagery, 44 yr old male stutterer, 8498

hypnosis as emergency treatment, 14 yr old female rape victim, 8513

hypnosis, children with enuresis & learning difficulties & phobias & hyperactivity & delinquency, 8508

hypnosis, pain & anxiety, 6–19 yr old cancer patients, 6328

hypnosis prior to iv diazepam, psychological reaction & recovery rate, surgical dental patients, 6076

hypnosis, treatment of multiple personality, 8–72 yr olds, 4104

hypnotherapeutic imagery-based technique, adjustment to client hypnotic susceptibility, 6337

hypnotherapeutic techniques, self imposed obstacles in inner struggle for self realization, 6335

hypnotherapy & autohypnosis, obesity, 21–70 yr old females, 6329

hypnotherapy, asthma, 17 yr old male treated with drugs, 6304

hypnotherapy, common & palmar & plantar warts, 8–25 yr old females, 4100

hypnotherapy, enhanced body awareness & physical pleasure & overcoming of sexual inhibitions, 45 yr old female, 6322

hypnotherapy, psychogenic impotency, males with mean age of 40 yrs, 1-yr followup, 13303

hypnotherapy, psychogenic vs organic pain, 8503
hypnotherapy, treatment of fear of urinating in public facilities, 68 yr old male, 4107
hypnotherapy, treatment of psychogenic dysphonia, 46 yr old female, 4102
hypnotherapy, treatment of tongue thrusting, dentists, 1664
hypnotherapy, treatment of 30-yr mayonnaise phobia, adult male, 4108
hypnotic susceptibility & usefulness of hypnotherapy, psychotic patients, literature review, 13308
hypnotic treatment, agoraphobia, 18–70 yr old patients, 8501
hypnotic treatment, mentally retarded & physically handicapped nonhypnotizable patients, 8505
issues in hypnotic treatment, 10959
measurement of hypnotic susceptibility, implications for hypnotherapy, 6327
measurement of hypnotizability, psychotic patients, 6330
medical & organic etiology of sex problems, referral to hypnotherapist vs sex therapist, 8295
modification of experiential analysis technique, evaluation of hypnotherapy session & communication of anxiety-producing thoughts, 14–50 yr old psychotherapy patients, 6333
need for therapist-provided educational information on hypnotherapy, 8509
nonverbal cues in hypnotic treatment, 8500
partially guided hypnotic dream utilization, problem solving, 25–72 yr old hypnotherapy patients, 13307
personal hypnotherapeutic counseling & therapist-child cooperation vs enuresis kit, enuresis control, children, 8504
principles of rapid dream interpretation in hypnoanalysis, 6334
rapid induction technique for beginning hypnotists, 8495
rational stage directed hypnotherapy, migraine headaches, 30 yr old female, 4103
self hypnosis, working through phases of mourning as seen in diary excerpts, widow, 13305
similarities between behavioral characteristics of ultradian cycles & "common everyday trance", proposed state theory of hypnosis, literature review, implications for hypnotherapy, 11944
suggestions for increased effectiveness of clinical hypnotherapy, 8510
suggestions for treatment & induction into hypnosis, development of healthy psyche, adult females, 8496
systematic desensitization & hypnosis, treatment of vaginismus, 29 & 35 yr old married females, 10957
therapist-S relationship & depth of hypnosis & use of posthypnotic suggestion & S age & IQ, learning & memory recall, school age vs older patients, 8514
training in &/or use of hypnosis in therapy, American Psychological Association members, 4105
use of hypnotizability scales in experimental vs clinical reply to F. H. Frankel's criticism, 6332
use of hypnotizability scales in experimental vs clinical settings, criticism of P. Sacerdote's article, 6323
use of hypnotizability scales in hypnotherapy, 6331
width of hypnotic relationship as agreement about boundaries of hypnotic phenomena, therapists & clients, 4101

Hypnotic Drugs [See Also Amobarbital, Apomorphine, Flurazepam, Glutethimide, Meprobamate, Nitrazepam, Pentobarbital, Phenobarbital]
antidepressant & neuroleptic & hypnotic drug prescriptions, psychiatric patients during hospitalization vs in outpatient clinics, 1625
intentionality & perceived danger & lethality & motivation, sedative hypnotic overdose, emergency room overdose patients with mean age of 28.3 yrs, 1289
lormetazepam vs amobarbital, treatment of moderate insomnia & side effects, psychiatric outpatients, 4053
presleep administration of hypnotics & benzodiazepines & barbiturates, next-day psychomotor performance, review of studies, 5243
probenecid vs sulfinpyrazone, potentiation of pentobarbital- & halothane-induced hypnosis, female rats, 676
selection process, outpatient detoxification, tranquilizer & sedative-hypnotic addicts, 1829
temazepam, methylphenidate vs caffeine induced insomnia, male college students, 667
triazolam, sleep & performance & arousal threshold, males with mean age of 21 yrs designated as poor sleepers, 6315

Hypnotic Susceptibility
age regression & hypnotic susceptibility, critique of T. X. Barber's study, 8492
atropine vs propantheline & level of hypnotizability, hypnotic analgesia, adults, 2980
choice of scale descriptors "hypnotized" & "absorption", measurement of hypnotic depth, college students, 4707
hypnotherapeutic imagery-based technique, adjustment to client hypnotic susceptibility, 6337
hypnotic susceptibility & induction, changes in auditory acuity & response bias in signal detection task, college students, 7288
hypnotic susceptibility & usefulness of hypnotherapy, psychotic patients, literature review, 13308
hypnotic susceptibility, children, literature review, 846
hypnotic treatment, mentally retarded & physically handicapped nonhypnotizable patients, 8505
hypnotizability, interference with visual signal detection by visual imagery evoked by nouns, college students, 2669
intermittent photic driving of alpha, hypnotic response, college students, 4958
measurement of hypnotic susceptibility, implications for hypnotherapy, 6327
measurement of hypnotizability, psychotic patients, 6330
measurement of hypnotic susceptibility in laboratory vs clinical settings, 17 yr old suicidal male, 6325
mystical experiences & romantic love & hypnotic susceptibility, college students, 1068
personality & hypnotic susceptibility & heart rate & skin potential response & vigilance, elementary school students affected vs not affected by mysterious gas poisoning epidemic, Hong Kong, 3525
pre- vs postsleep instructions to pay attention to dream content & hypnotic ability, dream change, college students, 4959
Stanford Hypnotic Susceptibility Scale, assessment of nonvolitional responses to suggestion, college students, 2423
state of relaxation & belief in ESP & absorption in own thoughts & emotional content of slides shown to transmitter vs others, occurrence of ESP, college students, 4621
use of hypnotizability scales in experimental vs clinical reply to F. H. Frankel's criticism, 6332
use of hypnotizability scales in experimental vs clinical settings, criticism of P. Sacerdote's article, 6323
use of hypnotizability scales in hypnotherapy, 6331

Hypnotists [See Also Hypnotherapists]
hypnotist-S relationship, emergence of hypnotic behavior vs psi, 2308

Hypochondriasis
ECT, hypochondriasis & masked depression, 62 yr old female, 6081
guided affective imagery, psychic & material body reality, hypochondriacs, 13176
maternal/paternal care/overprotection, hypochondriacal in- & outpatients from psychiatric hospital with mean age of 39.7 yrs, 10485
MMPI profiles of normalcy vs hypochondriasis vs psychopathology, pain history, male chronic pain patients with mean age of 48.2 yrs, 1348
Munchausen's syndrome, 40 yr old female & 32 yr old male, 5984
psychodynamics of hypochondria, 13019
situational vs personality factors, hypochondriacal attitudes, aged, 13010
symptoms & causes of pathological maternal nostalgia, 45–55 yr old females whose adult children had left home, 5681
transference & phallic aspects & use of own pillow on analyst's couch, hypochondriacal psychoanalytic patients, 3950

Hypogastric Plexus [See Autonomic Ganglia]

Hypoglossal Nerve [See Cranial Nerves]

Hypoglycemia
bipiperidyl mustard lesions, brain convulsive response to hypoglycemia, female mice, 12291
depression, secretion of cortisol & luteinizing hormone & circadian rhythm & response to hypoglycemia, literature review, 7994
naloxone & novel vs familiar environment, insulin-induced food intake & hypoglycemia, male rats, 681
tendency toward mild hypoglycemia, aggressiveness, male college students, 2842

Hypogonadism [See Also Turners Syndrome]
sex-linked mental retardation associated with short stature & obesity & hypogonadism & skin disease, male 16.5 & 21 & 25 & 45 yr old family members, 5898
testosterone replacement, sexual behavior, 18–53 yr old males with hypogonadism, 13294

Hypomania
hostility level, change from admission to discharge, manic & hypomanic patients with mean age of 42.6 yrs, 1199
hypomania, literature review, 7995
intermittent delirious mania, hypomanic 41 yr old male, 1220

Hypoparathyroidism [See Parathyroid Disorders]

Hypophysectomy
ECS & hypophysectomy, locomotor activity produced by apomorphine vs quipazine vs clonidine, male rats, 12171
hypophysectomy & cortisone, hyperphagia & obesity & ventromedial hypothalamus lesions induced by gold thioglucose, female mice, 12146
hypophysectomy vs adrenalectomy vs total sympathetic system blockade vs thoracic spinalization, classically conditioned & foot-shock-induced analgesia, male rats, 5193
stress & anterior vs neurointermediate pituitary lobe ablation, plasma & brain levels of beta-endorphin & met-enkephalin, male rats, 580
Hypophysis Disorders [See Pituitary Disorders]
Hypopituitarism
human growth hormone replacement therapy, IQ & academic achievement & emotional functioning, 4–18 yr olds with hypopituitarism, 4051
Hypotension
anxiety induced by interviewing, blood pressure & heart rate & ballistocardiography & peripheral pulse volume index, 18 yr old hypertensive vs hypotensive vs normotensive males, 6038
bromazepam, hypotension & hypertension as cardiovascular psychosomatic complications, 18–60 yr old anxious patients, 13269
instrumental learning, treatment of orthostatic hypotension & idiopathic scoliosis, 6222
Hypothalamo Hypophyseal System
adrenoblocking agents, hypothalamo-neurohypophyseal secretory system activity & stress-induced stomach ulcers, guinea pigs, 636
hypothalamic peptides, neurobiology & hypothalamic-pituitary functions, 448
lithium & haloperidol, apomorphine inhibition of prolactin secretion as index of dopamine receptor supersensitivity, male rats, implications for manic depression prophylaxis, 5273
naloxone, basal & photic & audiogenic stress-induced serum ACTH & corticosterone levels, male rats, implications for hypothalamo hypophyseal mechanism, 12335
Hypothalamus [See Also Hypothalamo Hypophyseal System]
acute vs chronic stress, brain & hypothalamic catecholamine & serotonin concentration & turnover, male rats, 541
adrenalectomy vs stress, horseradish peroxidase uptake by parvocellular hypophysiotropic neurons of nucleus preopticus & lateral tuberis, goldfish, 456
age, posterior pituitary & intra- and extrahypothalamic vasopressin content & memory decrement, rats heterozygous vs homozygous for diabetes insipidus vs normal rats, 452
alpha-melanocyte-stimulating hormone vs hypothalamic tripeptide MIF-I &/vs melatonin, attenuation of morphine analgesia, rats, 5230
amphetamine & restricted food access, reduction of food intake & body weight & hypothalamic norepinephrine levels, genetically obese mice, 10021
amygdala basolateral nucleus & stria terminalis stimulation & ventromedial hypothalamic nucleus & stria terminalis lesions, lateral hypothalamus evoked potentials & single unit discharges & intracellular synaptic potentials, rats, 12173
anisomycin injection following progesterone, extension of period of sexual receptivity, female rats, 12247
anodal polarization of thalamic & hypothalamic nuclei, spatial synchronization of cortical potentials during defensive CR acquisition, rabbits, 12207
autonomic modulation of hypothalamic control of feeding, literature review, 7412
avoidance conditioning & bilateral lesions of frontal neocortex & hippocampus & hypothalamus, sensitivity to alarm signals of conspecific & aversive sound & light, dogs & male rats, implications for neurosis, 2913
benzodiazepines injected into mammillary body, number of punished responses in conflict-punishment procedure, male rats, role of mammillary body in behavioral suppression, 628
beta-endorphin injection into hypothalamic paraventricular nucleus, norepinephrine & blockade by phentolamine & food intake & antagonism by naloxone, male rats, 5249
chemical sensitivity of ventromedial hypothalamus during electrically induced negative emotional reaction, rabbits, 12107
circadian rhythmicity of single-unit firing rates in suprachiasmatic nuclei brain slices, female rats, 5013
dorsal mesencephalic tegmentum lesions via ibotenic acid vs N-2-chloroethyl-N-ethyl-2-bromobenzylamine, noradrenergic innervation in hippocampus & hypothalamus & sexual behavior, male rats, 571
efferent projections of lateral hypothalamic area, female rats, 5033
electrical medial hypothalamus stimulation, inhibition of dorsal horn neuronal response to noxious skin heating, cats, 7510
electrical stimulation & anode polarization of thalamic mediodorsal nucleus & stimulation of hypothalamus, emotional-behavioral reactions, cats, 5197
electrical stimulation & psychotropic drugs, synaptic vesicle density in ventromedial & lateral hypothalamus, cats, 7491
electrical stimulation of amygdala & hypothalamus & nucleus medialis dorsalis thalami, extracellular unitary activity in pericruciate cortex during voluntary flexion-extension forearm movement, cats, 9953
electrical stimulation of central gray, aggressive behavior, male rats, 9964
electrical stimulation of hypothalamus emotiogene zones, recovery cycles of visual cortex primary responses to light flashes, rats, 12213
electrical stimulation of medial vs lateral hypothalamus, attack behavior, cats, 7512
electrical stimulation of preoptico-hypothalamus regions, 2-deoxyglucose uptake, rats, 5200
electrical stimulation of septum, spontaneous vs noxious shock induced neuronal activity of periventricular & periaqueductal gray & dorsal raphe & nucleus raphe magnus, male rats, 12201
estradiol benzoate, axonic & dendritic growth in ventromedial hypothalamic nucleus, ovariectomized rats, 595
estradiol benzoate, cholinergic muscarinic binding of quinuclidinyl benzilate in medial basal hypothalamus vs medial preoptic area, male vs female rats, 605
estradiol vs cholesterol implants into hypothalamic vs extrahypothalamic brain regions, sexual receptivity, ovariectomized hamsters, 12266
estrogen-concentrating cells in hypothalamic neurons with axons to dorsal midbrain, female rats, 9863
food deprivation, interaction between cholinergic & catecholaminergic systems of hypothalamus & cerebral cortex in regulation of food-motivated behavior, rats, 9941
food deprivation-induced negative energy balance, hypothalamic self stimulation rates & hyperphagia, male rats, 522
formation of instrumental alimentary CR to ventromedial hypothalamus stimulation, dogs, 12208
ginseng & eleutherococcus, hypothalamic-pituitary control of stress, mice & rats, 10008
heat stress to hypothalamus, intracranial osmoreceptor control of thermoregulatory evaporative water loss, dehydrated cats, 451
hypothalamic injections of 5,7-dihydroxytryptamine, brain serotonin levels & mouse killing, male rats, 7576
hypothalamic lesions, hypodipsic hypernatremic syndrome, 42 & 48 yr old patients, 3826
hypothalamic peptides, neurobiology & hypothalamic-pituitary functions, 448
hypothalamic stimulation & task difficulty & delayed reinforcement, switch-off behavior, cats, 7514
hypothalamus & locus ceruleus & raphe nuclei stimulation, synaptic & spike responses in sensorimotor cortex, male rats, 9962
icv paraoctopamine with vs without shock, locomotor activity & avoidance responding & increased paraoctopamine in hypothalamus & brain stem, male rats, 603
icv thyrotropin releasing hormone into various brain regions, starvation-induced feeding & drinking, male rats, 10042
intracisternal beta-endorphin, dopamine uptake in hypothalamus & striatum, male rats, 10010
intrahypothalamic vs systemic guanosine triphosphate & ovariectomy with vs without adrenalectomy, lordosis behavior, estrogen-primed female rats, 524
kainic acid injections into hypothalamus, eating & drinking behavior, male rats, 12286
lateral hypothalamic bombesin, food intake, male rats, 12338
lateral hypothalamic stimulation, stimulus-bound feeding & self deprivation, male rats, 2888
lateral hypothalamic 2-deoxydextroglucose, lateral hypothalamic unit activity & gastric acid secretion, male rats, 12333
lateral hypothalamus electrical stimulation, pericruciate cortical evoked pyramidal tract neuron discharge & receptive field parameters, cats, 555
learning through repetition or simple S–R relationships, 28–67 yr old amnesics, implications for functional separation of semantic & cognitive mediational memory systems & neuropathological evidence, 6046
lesions & 5,7-dihydroxytryptamine, mouse killing behavior, naive vs killer vs nonkiller rats, 5190

lesions of anteroventral 3rd ventricle region, angiotensin & saline induced drinking for fluid balance, male rats, 5171
light vs illuminated drinking tube as CS predicting lateral hypothalamic stimulation, activity & eating & drinking & gnawing, rats, 9710
light-dark schedules, suprachiasmatic nuclei neuronal activity in in vitro hypothalamic slices, rats, 9878
medial forebrain bundle thermal & electrical stimulation & noradrenaline, single unit neuronal responses in preoptic & anterior hypothalamus, male rats, 12155
medial hypothalamic stimulation inducing escape & approach responses, activity of central gray neurons, male rats, 12210
medial thalamus lesions, increase in lateral hypothalamus stimulation threshold for reduction of aversiveness of stimulation of nucleus reticularis gigantocellularis, male rats, 7484
mediobasal hypothalamus electrical stimulation, single unit responses of preoptic-anterior hypothalamic thermally sensitive vs insensitive neurons, male rats, 12204
morphine sulfate & ethylketocyclazocine, elevation of aversion thresholds to escape supraspinal electrical stimulation & obtain stimulation of hypothalamus, male rats, 7537
naltrexone, eating & drinking induced by hypothalamic norepinephrine vs carbachol, male rats, 12255
neurotensin administration into caudate nucleus vs posterior hypothalamus, conditioned & unconditioned food reflexes & increased stomach secretion, dogs, 691
phenylpiperazine derivative DU27716, attack & teeth-chattering & locomotion & switch-off behavior evoked by electric hypothalamic brain stimulation, male rats, 2985
progesterone dosage level, progesterone desensitization effect on lordosis & hypothalamic progestin receptors, female guinea pigs, 591
projections of ACTH-immunoreactive opiocortin fibers to supraoptic & paraventricular nuclei, water balance regulation, male rats, 466
protein synthesis inhibitor cycloheximide vs anisomycin, whole brain norepinephrine & dopamine levels & potassium-stimulated norepinephrine release from hypothalamus, mice, 10007
reinforcement withdrawal & dextroamphetamine, rate of intracranial electrical self stimulation following unilateral precollicular transection & telencephalon ablation, male rats, 5166
restraint-induced emotional stress, dorsomedial thalamus & ventromedial hypothalamus neuron impulse flow power, alert rats, 5077
retrochiasmatic frontolateral lesions, lordosis & estrogen & progestin receptor binding in hypothalamus & preoptic area & pituitary, female rats primed with estrogen & progesterone, 12227
single vs multistage hypothalamic injections of 6-hydroxydopamine, consummatory & motor behavior & forebrain catecholamine depletion, male rats, 7578
unilateral ablation of superior cervical sympathetic ganglion & electrical stimulation of posterior hypothalamus, motor defensive conditioned reflex magnitude & acquisition rate, dogs, 5204
ventral noradrenergic bundle lesions & naloxone, hypothalamic noradrenaline levels & nociceptive thresholds & stress- vs morphine-induced antinociception, male rats, 12228
ventromedial hypothalamus electrical stimulation & medial perifornical cuts, inhibition of feeding, male rats, 12135

Hypothalamus Lesions
bilateral lesioning of suprachiasmatic nucleus, immunocytochemical localization of vasopressin fibers, rats, 5061
dietary fat, hyperphagia & excess weight following hypothalamic knife cuts, female rats, 12179
hypophysectomy & cortisone, hyperphagia & obesity & ventromedial hypothalamus lesions induced by gold thioglucose, female mice, 12146
hypothalamic lesion-induced contralateral sensory neglect, lateralized loss of biting attack-patterned reflexes & role of striatal fiber system, cats, 565
lesions in ventral telencephalon & preoptic area, spawning behavior, male goldfish, 575
lesions of suprachiasmatic nuclei, light-dark variations in water & food intake & number & duration of meals & urine output, male rats, 2914
postweaning social isolation with vs without handling vs rearing with male peer, recovery of copulatory behavior following medial preoptic area lesions, male rats, 537
preoperative gentling, mouse killing & reactivity induced by lesions of lateral septum vs medial accumbens vs medial hypothalamus, male rats, 563
restriction of water intake, prevention of adipsia following lateral hypothalamic lesions, male rats, 2881
stress induced by ip hypertonic saline, plasma corticosterone levels, rats with hypothalamus lesions, 7529
ventromedial hypothalamus & dorsomedial thalamus lesions in early life & group vs individual housing, mouse killing behavior, male rats, 5156
ventromedial hypothalamus electrical stimulation & medial perifornical cuts, inhibition of feeding, male rats, 12135
24-hr vs 1-hr light-dark cycles & lesions of primary vs accessory optic system vs retinohypothalamic tract/suprachiasmatic nucleus, sleep, rats, 12180

Hypothermia
acupuncture at Chu-Chih & Ho-Ku loci, hypothermia & analgesia & decreased metabolism & cutaneous vasodilation, normal Ss, 8538
dosage of bombesin injected into cerebral ventricles, body temperature & food intake, food deprived rats, 12242
handling & movement of cages & naloxone & ethanol, hyper- & hypothermia, female rats, 2885
hypothermia, amnesia for newly acquired vs old reactivated memories, male rats, 9936
pentobarbital, hypnotic & hypothermic responses, long- vs short-sleep lines of mice genetically selected for ethanol sensitivity, 10028
unchanged thermoregulatory set-point & hypothermia, development of obesity, mice, 499

Hypothesis Testing [See Also Null Hypothesis Testing]
assessment of effect size in social science experiments, 11723
coherent factorial ANOVA hypothesis testing using hierarchical model, 4813
criticism of traditional market research model of hypothesis & corroboration, 9198
deductive vs inductive methods in market research, 9209
educational vs impression management interventions, solicitation of stereotype confirming & disconfirming evidence for investigation of accuracy of occupational stereotypes, college students, 11613
FORTRAN IV program, testing for perfection of attenuated correlation coefficient, 9483
generality of stimulus binding hypothesis across drinking behavior & task performance, alcoholics, 12969
hypothetical constructs vs intervening variables, clarification of 3-systems model of anxiety assessment, 72
importance of delineating potential multiple sources of causation & effects in scientific research & publications, 11593
LISREL vs 2-stage least squares analysis, test of hypothesis of reciprocal causation between job & life satisfaction, civil service workers, 7151
segregation analysis applied to data from 1st-degree relatives of schizophrenics, testing monogenic hypothesis for transmission of schizophrenia & possibility of genetic/psychosocial interaction, 1229
small sample procedures for testing hypothesis that 2 variables measure same trait while controlling errors of measurement, 4835
statistical power of Callender-Osburn method for testing situational specificity hypothesis in validity generalization studies, 11719

Hypothyroidism
hypothyroidism in response to thyrotropin & desipramine & lithium, rapid mood cycles, unipolar depressed 24 yr old female, 4070
prenatal thyroid deficiency induced by propylthiouracil, suckling behavior, rat fetuses & pups, 12316

Hypoxia [See Anoxia]

Hysterectomy
development of psychiatric symptoms & depression, adult hysterectomy patients, 5690
emotional responses & attitudes, female patients awaiting hysterectomy, 3768
hysterectomy, psychological problems, females below 35 to over 45 yrs of age & of high socioeconomic status, 10977
information about surgery vs training in cognitive coping, knowledge of surgery & analgesic use & post-discharge pain, 27–61 yr old hysterectomy patients, 8643

Hysteria [See Also Mass Hysteria]
city as Freudian metaphor for hysteria & as permanent part of psyche, 11527
dysphagia originating during depression & due to hysteria or Gougerot-Sjögren syndrome, 74 yr old female, 5995
emotional response to music, patients with anxiety neurosis vs hysterical vs obsessive neurosis vs depressive psychosis vs schizophrenia, 12858
emotional/psychosomatic triggering & hysteria, seizure onset, epilepsy, literature review, 3821
hysteria & psychosomatic phenomena & mental disorders & research, ophthalmological disease, literature review, 10746

hysterical neuro-ophthalmologic manifestations, 21–45 yr old patients, 1163
patient & family history & symptoms, hysterical males & females with mean ages of 10.8 & 13.4 yrs, 5796
pseudocyesis & early conduct disorder & hysteria, child kidnapping, 21 yr old female, 5672
psychodemographics, hysteria, 10–65 yr olds, 3631
separation & oedipal conflict problems, 19–58 yr old primitive-hysteric & obsessive-compulsive patients, 1191
syndromal validity, hysteroid dysphoria, psychiatric patients, 1215
witch doctor-directed collective treatment, spell of siren identified as hysteria, young females, Central Africa, 10797
1st hospitalization between 1938 & 1962, long term course of hysteric reactive psychoses patients, followup studies, 4206
Hysterical Blindness [See Hysterical Vision Disturbances]
Hysterical Color Blindness [See Color Blindness, Hysterical Vision Disturbances]
Hysterical Neurosis (Conversion) [See Conversion Neurosis]
Hysterical Personality
clarification of problems in diagnosis of hysterical personality disorder, 7983
diagnosis of hysterical personality disorder, criticism of article by G. Baumbacher & F. Amini, 8067
diagnosis of hysterical personality disorder, reply to criticism by R. S. Wallerstein, 7984
hysterical action & exemption from caretaking roles & responsibility, 10508
importance of phallic-oedipal stage in hysterical personality, review of Freud's psychoanalysis of Dora, 13169
love & work & values in marriage & marital therapy, obsessive-compulsive & hysterical couples, 8363
Hysterical Vision Disturbances
hysterical neuro-ophthalmologic manifestations, 21–45 yr old patients, 1163
Ideal Self [See Self Concept]
Idealism
meaning of idealistic vs materialistic dialects, 9241
stylized image & ideal of femininity as defensive structure or perverse ritual, narcissism & pathology in devaluation & fetishism, 3641
Ideation [See Imagination]
Identical Twins [See Monozygotic Twins]
Identification (Defense Mechanism)
factor analysis, identifications with social groups & roles, university faculty & attorneys & socially active females, 4822
identification & symbolization as factors unrelated to etiopathogenesis of conversion, 10569
transpersonal processes involving empathy & identification & blurring of self boundaries, literature review, 5578
uncovering of object-relations conflicts defended by projective identification in family & individual psychoanalysis, borderline adolescents, 8327
Identity (Ethnic) [See Ethnic Identity]
Identity (Personal) [See Self Concept]
Identity Crisis
acute paranoid episode for resolution of identity conflicts, case reports, 10558
body change due to puberty & sex & neuroticism & self esteem, body satisfaction, behavior disordered 9–18 yr olds, 10242
conceptual distance between actual vs ideal self, 11–13 vs 14 vs 16–18 yr olds, 5459
early intimacy, adult identity crises, identical twins, 7393
normal & pathological identity development, adolescents, 873
Idiocy [See Mental Retardation]
Ileum [See Intestines]
Illinois Test Psycholinguist Abil
validity of WISC-R vs Illinois Test of Psycholinguistic Ability subtests vs Culture-Fair Intelligence Test, diagnosis, dyslexic 7–12 yr olds, 2111
Illiteracy [See Literacy]
Illness (Physical) [See Disorders]
Illness Behavior
ability to reconstruct events surrounding myocardial infarction, success at coping with heart attack, 42–74 yr old males, 4129
age & sex & mortality & degree of morbidity & occupational group, utilization of hospital services, discharged hospital patients, Finland, 1797
annual cycle of incidence & etiology of illness & medical care seeking, farming families, 3854
behavioral signs associated with subsequent psychiatric rehospitalization, deinstitutionalized 18–72 yr olds with history of chronic mental illness, 13412
behaviorally oriented hospital treatment program, medication use & pain behavior & physical functioning, chronic pain patients with mean age of 43.8 yrs, 8618
beliefs & help seeking behavior, coal miners with black lung, 3789
body related concerns, 8–13 yr olds with terminal cancer vs orthopedic disorders, 13007
causal inferences about illness & behavioral difficulties, White vs Chinese college students, 13100
construct validity of Mishel Uncertainty in Illness Scale, assessment of uncertainty in symptomatology & diagnosis & treatment & relationship with caregivers & planning for future, medical patients, 9423
denial, morbidity & tension & depression & fatigue, male heart disease patients, 5952
depression & abnormal illness behavior & locus of control & severity of illness & presence of chronic pain, 16–67 yr old psychiatric consultees, 3871
depth of depression & anaclitic & introspective depressive experiences & illness behavior, chronic pain patients with mean age of 40.7 yrs, 13089
development of laboratory technique, behavioral assessment of oversensitivity to & avoidance of auditory & light stimuli, headache-prone Ss with mean age of 32.6 yrs, 6993
diet & Type A behavior & smoking & medication adherence, impact of behavioral treatment for hyperlipidemia, literature review, 4012
emotional reactions to initial diagnosis & social work strategies for reduction of stress, chronic renal patients, 1368
factor structure & reliability & predictive validity of Health Locus of Control Scale, medical & dental students & male myocardial infarction patients & healthy middle aged males, 9454
group behavioral vs individual education program, knowledge & disease management skills & clinical outcome, disadvantaged diabetic & hypertensive patients, 13314
group meetings, adjustment to hospitalization & separation from parents & illness, chronically ill children, 4194
illness behavior & psychosocial outcome, survivors of myocardial infarctions with mean age of 52.4 yrs, 1354
illness behavior, cardiological & occupational outcome & subjective assessment of well being, survivors of myocardial infarction, 2-yr followup, 3775
illness behavior in late whiplash syndrome, 16–60 yr old motor vehicle accident victims, Australia vs Singapore, 5925
illness behavior in response to cancer onset, care seeking, males vs females, 13326
illness beliefs & use of health care services, rural towns, Mexico, 13345
incidence of & response to upper respiratory infections, Type A vs Type B college students, 1430
incidence of depression & illness behavior, inpatients with mean age of 41.4 yrs, Italy, 13396
parent's avoidant vs non-avoidant illness behavior, illness behavior, diabetics with mean age of 51 yrs, 8257
perceptions & behaviors, outpatients with upper respiratory tract infections, implications for primary care providers, 5934
perspective of biographical disruption, onset & development of chronic illness, rheumatoid arthritis patients, 10701
prediagnosis illness behavior & doctor-patient relationship & role of patient in treatment of chronic disease, multiple sclerosis patients with mean age of 42 yrs, 8548
prevalence of depressive symptoms & abnormal illness behavior, general hospital inpatients with mean age of 41.4 yrs, 13397
psychosocial responses to physical illness, patients, 10734
reactions to onset of chronic illness & demographic & illness related characteristics, patients with mean age of 54.2 yrs, 1439
recognition & treatment of psychological problems associated with total joint replacement surgery, patients, 4135
relevance of cancer patient interview data to attribution theory & psychological control & social comparison theory & victimization, 27–82 yr old female breast cancer patients, 13093
self monitoring, assistance to family physician as basis for effective treatment of psychological complaints, patients, 4120
self psychology as framework for understanding psychodynamics of illness & application to hospital consultation-liaison psychiatry, 4202
social childhood environment & previous emotional symptoms & seeking of medical help & attitudes toward illness, emotional reaction to cancer, working-age patients, 10687

social nature & source & type & reversal of self pity, chronically ill & institutionalized 20–86 yr olds, 10703
social support & health & illness behavior, long term psychotropic drug users, 10940
thiazide with vs without package insert or leaflet describing side effects, knowledge & reporting of side effects & attribution of affects to drug, hypertensive patients with mean age of 51.5 yrs, 8469
Illumination [See Also Photopic Stimulation, Scotopic Stimulation]
ambient illumination changes, persistence of visual afterimage, college students, 7213
apparatus for measure of wheel turning responses during darkness vs incandescent light, earthworms, 2371
auditory vs visual discrimination stimulus, blocking & shock avoidance learning & food reinforced responding, adult male pigeons, 11987
bright artificial light treatment, winter depression, 63 yr old manic depressive male with seasonal mood cycle, 6075
constant bright illumination, persistent estrus & hormone receptor binding & puberty & sexual receptivity & mating, female rats, literature review, 7502
controlled daily light exposure, regulation of hormone-mediated physiological & behavioral responses, sheep & pigs & cattle & chickens, literature review, 547
dark adaptation & stimulus intensity, response to illumination in deep mesencephalon, blinded frogs, 2897
delay of regular noncontingent light & sound changes, number & latency of responses & time spent in each state, female rats, 5160
development of laboratory technique, behavioral assessment of oversensitivity to & avoidance of auditory & light stimuli, headache-prone Ss with mean age of 32.6 yrs, 6993
differences in illumination between achromatic homogeneous figure & ground, perception of figure as opaque vs transparent, college students, 4865
duration of photoperiod, circadian rhythm of drinking, squirrel monkeys, 12183
eye movements & illumination level, auditory localization, college students, criticism of B. Shelton & C. Searle's paper, 11849
food presentation in textured sleeves & in darkness vs illumination, taste aversion learning, rats, 11968
intraocular injection of labeled N-acetylmannosamine following dark adaptation, labeling in gangliosides & glycoproteins of retinal ganglion cell layer & optic tectum following light exposure, chickens, 7536
light, modification of polypeptide isoelectric points in retinal photoreceptor layer, fruit flies, 7430
light vs darkness, courtship & mating behavior, light-dependent vs light-independent Drosophila strains, 2756
light-dark cycle vs constant light & naloxone, nociceptive thresholds & morphine analgesia, C57BL/6 vs SEC/1Re mice, 12172
light-dark period durations, circadian rhythms of gonadotropic hormone levels & sensitivity in testes, male hamsters, 442
light-dark schedules, suprachiasmatic nuclei neuronal activity in in vitro hypothalamic slices, rats, 9878
lighting & workplace conditions, 18–54 yr old day & night shift visual display unit operators, 11504
light/sound changes & sequence complexity in reinforcement, response level, female rats, 5159
lunar phase & daylight vs darkness, work & motor vehicle accident injuries, 9039
negative phototaxis vs classical conditioning as possible explanations of research results, planaria, 9708
normal illumination vs point-light displays, discrimination between similar pairs of American Sign Language signs, signers, 11829
omission of comparison stimuli & reinforcement, symbolic & identity matching to sample & instructional processes in short-term memory, pigeons, 11998
pairing of light & bodily rotation, phototactic behavioral & photoreceptor associative changes, nudibranch mollusks, 7408
photic stimulation with various flash frequencies, EEG alpha activity, 25–60 yr olds, 496
phototherapy, short-term behavioral sequelae of neonatal jaundice, infants up to 28 days old, 3907
polarization axis of skylight at dusk, migratory orientation, white-throated sparrows, 9784
preferences for clear vs cloudy moonlit nighttime illumination & vertical vs horizontal orientation, field & laboratory studies, wild-reared mice, 361
presentation of illusory figure pattern against background of varying lightness, perception of physical contours, naive Ss, 9554
technique to make interior lighting system in aircraft compatible with use of night vision goggles, 9180
validity of open field test measures in dim vs bright light, male rats, 356
2-flash threshold before & after drug therapy, skin conductance level, first-breakdown 16–42 yr old schizophrenics, 3559
Illusions (Perception) [See Also Afterimage, Perceptual Aftereffect, Spatial Distortion]
aperture viewing, persistence effects on visual tracking & Mueller Lyer tasks, humans, 2574
apparent expansion by amodal completion of figures, 4864
area vs boundary length vs spatial frequency of visual display elements, tilt magnitude & onset latency of illusory tilt, 19–50 yr olds, 11818
auditory streaming & variations of musical scale illusion, conservatory students vs nonmusician college students, 11856
axes of symmetry, orientation illusions, college students, 11795
depth separation with parallel vs intersecting depth planes, attenuation of rod & frame effect for large vs small frames, 11789
dissatisfaction with social status, visual illusions, humans, 7194
figures with attendant illusory contours, perceived brightness gradients & depth effects, college students, 263
filtered-components approach, illusory visual contours, college students, 11814
fixation on rotating spiral, asymmetry in forward & backward vection, 2542
hemispheric dominance, successful flight performance & spatial illusion susceptibility, pilots, 7413
kinesthetic aftereffect performance & accuracy in judgment of relative line length of Mueller-Lyer illusion, Ss classified as augmenters vs reducers, 7164
length of vertical parallel components of acute- vs obtuse-angled amputations, alignment & length judgments, college students, implications for Poggendorff illusion, 11832
magnitude estimates of apparent distance with relation to sky & horizon & elevation, college students, implications for flattened-dome explanation of moon illusion, 7187
mathematical model, "filling-in" phenomenon in formation of illusory contour, 2551
modification of Ehrenstein figure, Van Tuijl neon color effect, human Ss, 2576
motion of inducing figure, magnitude of Zollner illusion, volunteer Ss, 11811
Mueller-Lyer illusion in fins-out vs fins-in configuration, perceived eye scan magnitudes, college students, 2540
oculomotor adjustments of visual accommodation, moon illusion, human Os, 9543
outline projection of rectangular solid object with missing corner contour rotating in depth, subjective contour perception, college students, 2567
perceptual combination of ground & sky referents in model of moon illusion, 7186
presence of circular pattern around frame, inhibition of rod & frame effect, naive Ss, 11790
presence of 2nd oblique line, Poggendorff illusion, college students, 2584
presentation of illusory figure pattern against background of varying lightness, perception of physical contours, naive Ss, 9554
response to Zollner illusion, baboons, 9713
reversal of Necker cube illusion, 20–39 vs 40–59 vs 61–80 yr old females, 3084
rod setting & verbal instruction emphasis, perceived tilt in rod & frame illusion, college students, comment on B. J. Fine's assertion, 2393
simultaneous placement of different hands in cold or warm water & subsequent placement of both hands in water at physiological zero, interpretations of differences in perceived temperature, Ss with mean age of 6 vs 20 yrs, 10120
stages in formation of illusory contours, criticism of R. H. Day & M. K. Jory's study, 11819
tilt of parallel lines, perpendicular illusion & role of retinal lateral inhibition, college students & young workers, 9564
tilted overhead frame, illusion of body orientation, supine Os, 11793
visual display of dots travelling toward each other at constant velocity, perceived pause & sticking upon coincidence, college students, 2561
Image (Body) [See Body Image]
Image (Retinal) [See Retinal Image]

Imagery [See Also Conceptual Imagery, Spatial Imagery]
auditory & visual imaging ability, aesthetic preferences for grammatical figures & patterns of musical notes, college students, implications for creativity, 11881
auditory vs visual signals & visual vs auditory vs cross-modality imaging, signal detection, field dependent vs independent college students, 11738
bizarre vs common interacting images for line drawings, immediate vs delayed recall, college students, 11896
brain mechanisms underlying episodic & semantic memory functions, literature review, 4908
clues for target nouns in context that biased concrete vs abstract sense of word, recall, 11925
contingent auditory feedback &/vs imagery, fingertip temperature, female college students, 517
coping imagery based on academic vs nonacademic experiences of competence in covert modeling treatment & relaxation training, test anxiety & GPA, college students, 11397
drawings of object image representations, aphasic adults, 10755
efficiency of visual vs speech imagery rehearsal of verbal sequences vs object arrays, college students, 9624
experiencing vs not experiencing suggested events on Creative Imagination Scale & vividness of effect, amount of effort expended, college students, 2617
frontalis EMG & relaxation & imagery, chronic pruritic eczema, 25 yr old female, 13220
goal- vs process-oriented imagery strategy with vs without prior training, psychokinesis, college students, 11531
guided imagery, generation of career alternatives, college students, 9055
hypnosis & visual imagery, 44 yr old male stutterer, 8498
hypnotherapeutic imagery-based technique, adjustment to client hypnotic susceptibility, 6337
hypnotizability, interference with visual signal detection by visual imagery evoked by nouns, college students, 2669
imagery ability & vividness of stimuli, long & short term memory, college students, 9645
imagery eliciting strategies, memory for prose or expository text, literature review, 11895
imagery instructions & encoding & retrieval & informational content of memory traces, implications for organization-redintegration hypothesis, literature review, 4913
imagery instructions & partial picture during story vs questioning, recall of narrative prose, 6 yr olds, 10205
imagery instructions & word frequency & associative characteristics & parts of speech, recall, secondary school students, 5373
imagery of heterosexual pornographic magazines, clues to prevalence of paraphilias associated with preferences for specific types of visual imagery, 5816
imagery processes & concurrent hallucinations, schizophrenics vs possible schizophrenics vs nonschizophrenic psychiatric patients, evidence for enhanced imagery vs imagery deficit models, 1216
imagery vividness & ability to self induce changes in emotional state, male college students, 327
imagery vs chunking vs rhythm strategies, learning & retention & transfer of serial motor task, college students, 9666
imaginal & verbal elaboration strategy training, free recall & serial recall & paired associate learning & reading comprehension, 9th graders, 6693
instructions of image vs orally repeat active voice sentences, noun-probed sentence recall, test of address contents model vs fragmentation-conceptual focus hypothesis, 2652
interpolation of imaged vs actual motor movement between initial presentation & recall of motor movement, recall bias, right handed college students, 11748
introspection & visual thinking as means to create & store information, symbol system development for media productions, instructional technologists, 1951
mental coloring of black & white line drawings, recognition of drawing when colored in same vs different color as imagined coloring, young adults, 4947
mental imagery as temporary spatial display in active memory as generated by long term memory abstraction, criticism of view of S. Kosslyn et al, 7236
mental imagery, rehearsal for therapeutic session, therapist trainees, 6556
mental retardation with whole-model vs progressive part-model demonstration, swimming imagery & acquisition of swimming skills, college students, 2521
oral vs written presentation of text & use of mental imagery, prose learning, 4th vs 6th graders, 13618
pictorial vs verbal presentation mode & imagery ability & abstract &/vs concrete words, immediate vs delayed recall of paired associates, college students, 11904
principles of imagery in art & literature, 12367
progressive muscular relaxation vs autogenic training, anxiety-based disorders, Ss with high vs low vividness of imagery, 8406
psychohistorical study of Y. Mishima & guilt & depression & death imagery & suicide, 5835
psychology of autonomous singing, 5298
psychotherapy, changes in Rorschach responses & artistic imagery, artistically trained psychiatric patient committed for murder 10 yrs previously, 9415
rational emotive therapy with vs without rational role reversal vs imagery, irrational beliefs & emotional distress, adults, 13183
relationship between Vividness of Visual Imagery Questionnaire scores & imagery-induced McCollough effects, 9541
relaxation & imagery in cognitive restructuring, chronic tinnitus, 36–60 yr old females, 6241
reliability of Daydream Rating Scale & attitudes toward daydreaming measured by Imaginal Process Inventory, college students, 11652
salience of color spaces, linguistic codability & memory, college students, 275
sex differences, fear of success imagery to gender appropriate vs inappropriate cues & attributions of success & failure, high school vs college students, 875
spatial grouping of high- vs low-imagery nouns, free recall, college students, 7253
statistical norms for Toronto Word Pool for imagery & concreteness & orthographic variables & grammatical function, college students, 9494
temporal aspects of imagery, 4900
theme of confinement & dream imagery in "Poem of the Soul" by Janmot, 722
transfer of psychic state & concentration camp imagery to next generation via unconscious, review of literature on Holocaust survivors & their children, 7607
use of bio-informational model of emotional imagery in behavior modification, phobic patients, replication of P. J. Lang's studies, 6214
use of dream & imagery in psychoanalysis, antisocial personalities, 1501
visual recognition & recall, male vs female 13–17 yr olds, 12434
visual vs verbal interference tasks, disruption of recognition & ability to infer information from linear ordering vs set inclusion, college students, 288
vividness of visual imagery, social memory, college students, 7911
Imagery (Conceptual) [See Conceptual Imagery]
Imagination
active imagination in analysis with Jung & T. Wolff, 13166
alexithymia, symbolic function disorganization, 13–61 yr old hospitalized psychosomatic patients, 13020
authoritarianism/creativity level & sexual fantasies, sexual behavior, college students, 10361
childhood exposure to pornography, sexual fantasy, 20 & 23 yr old sisters, 12618
differentiation between fantasy & reality, development of imaginative competence & relief from anxiety in obsessional phenomena, psychiatric patients, 1157
discriptive psychology & creation & discovery, 9245
early defensive fantasies in body pathology & mental functioning, infants, 10229
experiencing vs not experiencing suggested events on Creative Imagination Scale & vividness of effect, amount of effort expended, college students, 2617
fantasy & rhetorical vision & communication, criticism of E. G. Bormann's update of earlier work, 7585
fantasy & rhetorical vision, relationship to irrational & rational elements of communication, update of earlier theory, 7582
fantasy in extended classroom exercise, resistance to learning, high school students in remedial writing class, 8966
imagery processes & concurrent hallucinations, schizophrenics vs possible schizophrenics vs nonschizophrenic psychiatric patients, evidence for enhanced imagery vs imagery deficit models, 1216
model, development of imagining & creativity, 5309
perceiving vs imagining objects or words, cue value of contextual clues of time & location, college students, 9648
perception of reality of cartoons vs human-fantasy on TV, 4 vs 5 yr olds, 3160

primary elements of imagination, reprint of 3rd chapter of G. Bachelard's "Water & Dreams", 11939
psychodynamics of image of parents' sexual relationship, 12758
psychohistorian's imaginary therapeutic relationship with biographical S W. James, 11547
reliability of scores & construct validity of separate categories within Holt system for scoring primary process, Holtzman Inkblot responses with standard vs imaginative response instructions, college students, 9437
scenarios of experiencing positive vs negative events, probability judgments about events & compliance, college students & homeowners, 3413
sexual fantasies, psychotherapy clients with vs without sexual distress, support for cognitive-behavioral model, 12816
transforming auditory vs visual stimuli by imagination vs drawing pictures vs printing as words, free recall of nouns, college students, 4930
Imbeciles [See Severely Mentally Retarded, Trainable Mentally Retarded]
Imbecility [See Mental Retardation]
Imipramine
acute vs chronic administration & dosage level of imipramine, treatment of depressive symptoms induced by chronic stress, male rats, implications for drug therapy, 629
alprazolam vs imipramine, nonpsychotic unipolar depression, outpatients, 4093
amineptine vs imipramine, depression, patients, 13290
clonidine vs imipramine, agoraphobia with panic attacks & platelet binding, 31 yr old male hypertensive, 1661
ECT vs imipramine, depression, 24–63 yr olds, 13121
GABAergic drug therapy, essential hypertension associated with emotional depression, elderly patients, 4055
imipramine & lofepramine, side effects & improvement, depressives, 8474
imipramine & phenelzine, agoraphobia following amphetamine withdrawal, 32 yr old female amphetamine addict, 1827
imipramine binding in frontal cortex, 13–58 yr old suicides, 488
imipramine, clonidine-induced EEG & behavioral effects, male rats, 668
imipramine, prepubertal major depressive disorder & conduct disorder, 6308
imipramine, reduction of sucrose & saccharin consumption following chronic stress, male rats, examination of animal stress model of depression, 630
imipramine therapy, secondary depression following myocardial infarction or coronary artery bypass-graft surgery, 42–66 yr old males with ischemic heart disease, 1648
imipramine vs amitriptyline, hypothalamic-pituitary-adrenal axis activity, 19–69 yr old endogenously depressed hospitalized patients, 1641
imipramine vs chlorpromazine & ECT, cognitive impairment & forgetfulness, 18–65 yr old schizophrenics & depressives, 6057
imipramine vs zimelidine, amplitude-intensity slope of visual evoked potentials, 20–41 yr olds, 12350
labeled quinuclidinyl vs imipramine vs dihydroalprenolol binding to brain receptors & cortical tissue levels of tricyclic antidepressives, suicide vs homicide victims, 3686
levotryptophan &/vs amitriptyline & imipramine, sleep paralysis, 20 & 25 & 45 yr old patients, 1655
lithium carbonate &/vs imipramine hydrochloride, prevention of relapse, unipolar & bipolar depressed patients with mean age of 47.5 yrs, 1627
lofepramine & imipramine, outcome & side effects, patients with primary depression, 8458
loxapine & amoxapine & 8-hydroxylated derivatives, 3-H imipramine & 3-H spiperone binding in cortical & striatal membranes & inhibition of platelet serotonin uptake, rats, 611
maprotiline vs nortriptyline vs clomipramine vs imipramine vs amitriptyline vs imipramine oxide vs mianserin vs zimelidine vs nomifensine vs isocarboxazid, salivation, 19–41 yr olds, 10027
methylphenidate test, differentiation of response to imipramine & desipramine & amitriptyline & nortriptyline, 15–58 yr olds with major depressive disorder, 13292
nomifensine vs imipramine, treatment of depression, 18–60 yr old outpatients, 10947
nomifensine vs imipramine, treatment of endogenous depression, 18–65 yr old patients, 10928
sydnocarb vs imipramine vs methylphenidate vs psychotherapy, enuretic children with mean age of 7.9 yrs, 1646
thiothixene vs chlorpromazine & imipramine, secondary depression, schizophrenic 19–63 yr olds, 13256
viloxazine vs imipramine, treatment of endogenous depression & side effects, 22–64 yr old patients, 4088
Imitation (Learning)
acquisition & generalization of vocal imitation training skills, parents of 3.5 yr old Down's syndrome males, 10962
affective assessment, modeling of aggressive behavior, 1st & 2nd graders, 10197
aggression & attention-seeking & imitation during free play, development of sense of humor, 38–75 mo olds, 10246
amount & content of cross-racial relations on children's TV, implications for prosocial modeling, 712
awareness of gender constancy & pleasant vs unpleasant modeling activities, imitation of same- vs opposite-sex model, 35–74 mo olds, 877
behavioral techniques & role modeling & systematic desensitization & relaxation & sexual therapy & marriage counseling & role playing, obsessive/compulsive behavior, Ss with mean age of 37.2 yrs, 3894
birth order & family composition & educational level & parental drinking patterns, imitation of parental alcohol use, 18–70 yr old normal drinkers, 12631
cognitive modeling &/or discovery learning, task specific & heuristic knowledge, learning disabled students, 4445
coping imagery based on academic vs nonacademic experiences of competence in covert modeling treatment & relaxation training, test anxiety & GPA, college students, 11397
coping self instructions & covert modeling, reduction of fear of snakes, college students, 4044
coping skills training, self monitoring & problem solving & modeling & attention-focusing, mainstreamed students with learning problems, 8938
developmental differences in personality trait attribution & generalization to new situations, modeling, 6–7 vs 9–10 yr old females, 881
difference in ability between child & model, imitation of modeled standards of self reward, 5th & 6th graders, 10222
imitation & production & comprehension of passive sentences with "get", children with mean ages of 4.6 vs 6.1 vs 8.5 yrs, 10146
imitation by adult vs no imitation, recall of adult's stimuli, 9–10 yr olds, 838
imitation, mentally retarded, literature review, 10658
imitation of peers vs adults on sticker vs face preference tasks, institutionalized vs noninstitutionalized mentally retarded with mean ages of 16.2 vs 14.7 yrs, 5882
independence training vs modeling, telephone conversation skills, mildly mentally retarded 21–55 yr olds, 6243
instructions & modeling of relevant & irrelevant behavior, game playing behavior, 6–8 yr olds, 3175
level of social demand, congruence between self efficacy judgments & performance before vs after modeling treatment & avoidance & fear arousal, 18–57 yr old snake phobics, 5794
modeling, learning of managerial leadership, 9133
modeling, stuttering, 5–22 yr old males, 8515
modeling technique in elicited imitation task, production of semantic relations, 20–28 mo olds, 3090
modeling vs participant modeling, learning of syllabication rules, learning disabled 9–11 yr olds, 11351
observation of model, learning of toy construction task, Down's syndrome patients with mean age of 10.8 yrs & mean IQ of 43.3 vs other mentally retarded with mean age of 10.5 yrs & mean IQ of 46.3, 1334
observation of moral standards, sharing of toys in peer interaction, 6–7 yr olds, 7751
organizational development intervention based on modeling, supervisory skills & relations with subordinates, company foremen, longitudinal study, 11499
overall model competence & model task competence, concept acquisition, mentally retarded 9.7–16 yr olds, 8145
parent training program utilization videotaped modeling, children's behavior problems, mothers & their 3–5 yr olds, 1543
parent's avoidant vs non-avoidant illness behavior, illness behavior, diabetics with mean age of 51 yrs, 8257
participant modeling vs placebo treatment, avoidance & fear of snakes, Ss with mean age of 24 yrs, 1551
peer vs adult models, donation behavior, 2nd & 3rd graders, 7703
personality traits, change in interpersonal interaction after behavioral modeling training program, supervisors, 9130
pre-experience & vicarious consequences, uncertainty & recall & imitative learning, 1st–4th graders, 10189

reinforced imitation, development & generalization of generative language, kindergartners through 2nd graders, 5354
role of imitation in interpersonal interaction, 2.5–3 yr olds, 897
sentences with S as agent &/vs recipient of action & presence vs absence of verbal model, verbal performance, 3–5.2 yr olds, 7665
social learning, Norway rats, literature review, 347
TV soap opera suicides, suicides & motor vehicle accidents, White adults, 1977, 2995
verbally presented storybook model, achievement task performance & recall of story, 3.5–5.2 yr olds, 10188
vicarious learning of self reinforcement standards, generalization to different task, children with mean age of 5 yrs, 7615
videotape modeling parent training, child behavior problems & mother-child interactions & confidence in parenting abilities, mothers of 3–5 yr olds, 1-wk & 1-yr followups, 6262
videotape modeling stressing conservation strategies, electricity use & home temperature & humidity & perceived comfort & clothing worn in winter & summer, 4603
videotape of heavy & light drinking behavior & motivation for drinking, beer consumption, male spinal-cord-injured patients, 5552
Immaturity (Emotional) [See Emotional Immaturity]
Immigrants [See Immigration]
Immigration
acculturation for adaptive purposes & cultural ties with home country & values, 16–25 yr old Maghrebians living in France, 3272
birthplace & ethnicity & exposure to US culture, talking about sex & pregnancy & birth control & use of birth control, pregnant Mexican American vs non-Mexican adolescents, 5438
country of origin, hospitalized psychiatric patients over 15 yrs of age, Australia, 12821
cross cultural problems between refugees & their foster families, 17 yr old Chinese-Vietnamese male, 1721
education & socioeconomic status & familial child care burdens & age & ethnic background, labor force participation, immigrant vs native born Jewish urban married 18–54 yr old females, Israel, 3279
peer selection & rejection via sociometric scale, immigrant 3rd & 6th & 9th graders, Sweden, 866
reported view of family structure vs actual social practices, male North African immigrants, France, 950
socioeconomic backgrounds & perceived opportunities in Philippines vs US, Filipino nurses employed in Philippines vs US less vs more than 3 yrs, implications for migration theory, 4287
spatial ability, 11 yr old rural vs urban English vs Indian immigrants vs children of Indians living in UK vs urban vs rural Indians, India vs UK, 773
special social casework needs, unaccompanied refugee minors, 1731
traditionalization of ethnic & social identity, American Jews who immigrated to Israel, 906
Immunization
comprehensive interdisciplinary vs traditional health care programs, infant immunization status & maternal contraceptive use & repeat pregnancy rate & school attendance, teenage mothers & their infants, 6362
literacy & age & socioeconomic characteristics, concept of measles & attitudes toward measles vaccine, mothers, Nigeria, 13330
Immunogens [See Antigens]
Immunoglobulins
age factors, immunoglobulin concentrations, schizophrenics, 5776
Immunologic Disorders [See Also Allergic Disorders]
cell-mediated immune response to human myelin basic protein, autistic 6–22 yr olds, 5802
left handedness & role of testosterone, migraine & myasthenia gravis & dyslexia & related language disorders & learning disabilities & autoimmunity, 3735
role of immunological interference with activity of serotonin in depressive illness, cancer patients, 10486
Immunology
antibodies to human brain extract & T-lymphocytes & lymphocyte stimulation, acute & chronic schizophrenics, 3570
delayed skin reactions to human brain S-100 protein & to liver protein, 7–85 yr old patients with schizophrenia & cerebral atrophy & dementia & depression & mental retardation, confirmation & extension of findings of B. D. Jankovic et al, 1103
exposure to trained fighters as social stress, responses to sheep red blood cells & disease resistance, male mice, 5146
genetic & immunohematologic etiological factors in autism, 1200
hypnosis, number of cells in blisters injected with purified protein derivative vs saline, tuberculin positive Ss, implications for migration of immunocompetent cells, 9914
iv growth hormone, cerebrospinal fluid somatostatin-like immunoreactivity, male rhesus monkeys, 590
study of multiplex sibships, evidence of histocompatibility-genetic link in pathogenesis of affective disorders, families with affected siblings 18 yrs & older, 5793
Immunopathology [See Immunology]
Implosive Therapy
behavior therapy based on graded exposure in vivo to feared situations, agoraphobia, patients with mean age of 36 yrs, 13222
conditioning for hypnosis via telephone & relaxation & imagery/flooding, 31 yr old female with dental phobia, 8499
direct vs indirect exposure such as flooding & systematic desensitization vs nonexposure, agoraphobia, literature review, 10907
expectancies for improvement in flooding therapy, actual improvement, 18–29 yr old snake phobics, 13248
imaginal flooding, assessment of anxiety reduction across traumatic memories, 31 & 32 yr old male Vietnam veterans with combat-related stress disorders, 1552
implosive & behavior therapy & counseling, shyness, 9–16 yr olds, 13231
implosive therapy, combat related fears, 55 yr old male veteran, 8386
in vivo exposure &/vs assertiveness training, 20–57 yr old agoraphobic unassertive patients, 13215
in vivo exposure vs applied relaxation, claustrophobia, 20–60 yr old outpatients with behavioral vs physiological response patterns, 6246
response prevention & in vivo & imaginal exposure, obsessive-compulsive washing & checking, 8437
Impotence
bethanechol, antidepressant-induced impotence & anorgasmy, 43 & 62 yr old males & 55 yr old female, 1618
biofeedback, penis sensitization, 27 yr old male with juvenile diabetes mellitus, 8391
desensitization therapy, sexual impotence & premature ejaculation, 25–50 yr olds, 1573
EEGs & eye movements & penile tumescence & plasma luteinizing hormone & follicle-stimulating hormone & testosterone levels during sleep, 23–36 yr old males with erectile impotence, 6017
effectiveness of interpretation in brief analytic psychotherapy, clients with impotence & depression & refusal of nourishment & sleep, 8347
hypnotherapy, psychogenic impotency, males with mean age of 40 yrs, 1-yr followup, 13303
lithium &/vs neuroleptics, spermiologic disturbances & potency & libido, manic depressives & sexual deviants, 1631
need for communication & education about sexual concerns & impotence, 29–71 yr old males after cystectomy & prostatectomy for cancer, 13321
Impression Formation
accessibility of traits & construct individuality, subjective impressions of target person & recall of impressions, college students, 3415
assumed similarity & knowledgeability, agreement & attraction, college students, 1019
experience of interviewer & interview setting, use of confirmatory hypothesis-testing strategies in employment interview, experienced interviewers & college students, 9080
feedback on group performance on decision problems with leader vs group-at-large ostensibly responsible for performance & responsibly known vs not known by other members, self presentation of competence & prominence, male vs female college students, 3395
hostility-relevant information presented outside conscious awareness, perception of stimulus person & automaticity of information processing, male college students, 7893
impression ratings & recall for behaviors consistent vs inconsistent with previously presented traits, college students, 12680
judgments of social hostility & adaptability for learning disabled vs normal 2nd vs 4th graders interacting with peers, college student naive judges, 1305
knowledge of conjectural vs behavioral evidence on which questions were based, characteristics inferred from leading questions & answers, college students, 1004
positive vs negative outcomes & anticipation of future task performance, public vs private attributions of causal responsibility, college students, 12694
repertory grid rating, distribution of variable measuring disposition to use in person perception, humans, 4825
school success vs failure, self & social perception, students & teachers, 8909

Impression Management
anticipated competition & public vs anonymous conditions of rating future opponent & self reported competitiveness, ratings of future opponent, female college students, 7896
behavioral & temporal & situational dimensions of symbolic articulation, multiple identities, medical students, 11109
carrying of document cases, male vs female commuters, 12771
cognitive dissonance & self presentation, forced compliance effect, male college students, 10436
E witnessing choice, choosing debilitating vs enhancing drug before working on soluble vs insoluble analogies, male college students, impression management interpretation of self handicapping strategy, 7906
educational vs impression management interventions, solicitation of stereotype confirming & disconfirming evidence for investigation of accuracy of occupational stereotypes, college students, 11613
faking to give good & bad impression & impression of mental instability, response bias in self report measures, 19–29 yr olds, implications for questionnaire design, 4696
forced compliance & cognitive dissonance & impression management theories, attitude change, female college students, 3425
perceived appropriateness of social context & media of communication for self disclosure vs counseling vs assertiveness vs impression management messages, 41–50 yr olds, 7583
presence of O, learning of simple vs complex items embedded in easy vs difficult task, female college students, 1033
self esteem & age & sex, self presentation, 8–19 yr olds, 12474
self presentation model of social anxiety, literature review, 5605
Imprinting
castration at hatching & subsequent exposure to white females & testosterone propionate during adulthood, preference for white vs brown females, brown male quails, 7519
Impulsiveness
age & reflection-impulsivity, intelligence & field dependence/independence, 60–79 yr old females, 1066
biofeedback-induced relaxation training, attention to task & impulsivity & locus of control, learning disabled 8–11 yr olds, 8425
biofeedback-induced relaxation training, impulsivity & attention to task & locus of control, hyperactive 10–12 yr old males, 1572
cognitive style, performance on logical trouble shooting tasks, aviation maintenance trainees, 6848
cognitive tempo, time estimation, reflective vs impulsive 8 yr old males, 3170
cognitive-behavioral vs behavioral treatment, self control & hyperactivity & cognitive style & academic achievement & self concept, non-self-controlled 8–12 yr olds, 1561
direct instruction in phonics, learning vowel sounds & transfer & reduction in nonacademic & impulsive behaviors, learning disabled 78–106 mo olds, 2038
divergent thinking & emotionality & activity & sociability & impulsivity, college students, 12700
emotional stability & extraversion & impulsivity & achievement motivation & locus of control & field dependence, accuracy of time estimation by verbal estimation vs production vs reproduction of various durations, college students, 3448
impulse & stress levels, performance on signal detection vigilance task, college students, 12767
impulsive vs reflective cognitive style, problem behavior & aggression & distractibility & hyperactivity, emotionally disturbed 8.3–15.6 yr olds, 10526
impulsivity & caffeine, proofreading, college students, test of J. A. Easterbrook's cue utilization explanation of arousal effects on performance, 2919
impulsivity of crime & length of imprisonment & time on parole, male vs female criminals, 12924
impulsivity vs reflectivity, WISC-R performance, emotionally disturbed 8.3–15.5 yr olds, 5725
interpersonal cognitive problem solving intervention, impulsive & inhibited behavior, disadvantaged Black 4 & 5 yr old nursery school & kindergarten students, 4385
lithium carbonate, dysphoric mood & impulsivity, 19–26 yr old borderline psychotics, 1634
methodological difficulties in reflection-impulsivity research, 7936
motivation & impulsiveness & other factors affecting clothing buying behavior, 15–29 yr old vs older females, 4606
omnipotent defense in treatment of impulsive clients, social workers, 8600
performance on morning vs afternoon impulse control tasks given 1 wk apart, male vs female 7th graders, 7003
Porteus Maze Test, measurement of reflection/impulsivity, high school students & mildly retarded 15–20 yr olds, 4742
psychopathology & family relations & emotional stability & impulse control & coping skills & self image, abused 12–16 yr olds, 12926
reflection/impulsivity & field dependence/independence, educable mentally retarded with mean age of 9.7 yrs, 10657
reflectivity-impulsivity, responses to social conflict, male 2nd graders, 7621
socioeconomic stressors & abuse by own parents & impulsiveness & inaccurate parenting knowledge, criticism of review paper by J. J. Spinetta & D. Rigler on characteristics of abusing parents, literature review, 3668
specialized discrimination training, accuracy & RT & self esteem, impulsive vs reflective kindergartners, 4388
teacher ratings of classroom behavior & psychometric measures of attention & impulsivity, 7.8–14.7 yr old hyperkinetic males, 10700
Incarceration
coping strategies for dealing with problems of incarceration, prisoners, 13442
imprisonment as sanction, comment on E. A. Fattah's study, 4229
impulsivity of crime & length of imprisonment & time on parole, male vs female criminals, 12924
lifetime criminality & impact of arrest & incarceration, heroin addicts, US, 1244
manic ratings at discharge, symptoms predicting rehospitalization or incarceration, patients, 1-mo followup, 4214
organizational models, commitment rates, juvenile court judges, 3346
solitary confinement, psychodynamics & coping behavior, prisoners, 13450
subjective experience of incarceration, prisoners, 13439
Incentives [See Also Educational Incentives, Monetary Incentives]
blood alcohol concentration & task difficulty & incentives, accuracy in drill press operation, college students, 5265
charity donation vs cash incentive, mail survey return rate, 53
community-based incentive programs with prompting & contingent vs noncontingent rewards, seatbelt use, drivers, 2125
contingent vs noncontingent rewards, seat belt use, drivers, 4529
DRL performance with small vs large & immediate vs delayed rewards, male rats with bilateral septal lesions, 9975
elimination of fear of failure, performance on skill & knowledge tests in gymnastics course, college students, 1993
homing vs suckling incentive, acquisition of original vs reversed spatial discrimination task, rat pups, 9714
imitation by adult vs no imitation, recall of adult's stimuli, 9–10 yr olds, 838
postcard & telephone reminders vs problem solving session &/vs gift incentives, completion of treatment, families in dental health screening & referral program, 4133
receipt of cash & in-kind benefits, pursuit of vocational rehabilitation, clients, 8692
reversal shift learning on position discrimination problem under appetitive motivation condition, retention curve for original learning, male rats, 9764
time delay & incentive, recognition of previously seen facial pictures of own vs other race, Blacks & Whites, 5593
Incest
agency-supported self help group, sexually abusive families, 11027
barriers to effective program operation, government funded treatment program for sexually abusing families, 13349
characteristics of perpetrator & victim & treatment & prevention & legal requirements & obstacles & statistics in reporting, adult-child incest, literature review, 10647
comprehensive treatment approach, intrafamilial child sexual abuse, 8563
explicit incestuous motifs, psychosomatic vs nonpsychosomatic patients, 3814
incest & alcohol abuse, 3718
incest as psychological violence, physical & emotional disorders, 10615
incest, multiple personality, 23–31 yr old patients, 3620
incidence & frequency rates & effects of homosexual & heterosexual incestuous experiences, 22–65 yr old lesbians & 22–56 yr old male homosexuals, 12962
insight-oriented & behavior & family & marital therapy & residential treatment, treatment of incest, child victims & abusers & families, literature review, 13117
model of sexual needs motivation for sexual abuse of daughters, fathers, literature review, 12917

physical & behavioral indications of incest & responsibility of school personnel to report suspected incest & school's role in providing counseling & support to family, 3701
psychiatric disorders during pregnancy, 21–33 yr olds who had experienced incest during childhood, 13333
semistructured drawings, evaluation of possible incest victim & siblings & S's expressions of feelings, children, 3671
sibling marriages in royal families, Egypt & Peru & Hawaii, 8075
structured interview & counseling, 12–50 yr old females who had experienced incest in childhood or adolescence, 8587
treatment stages in group art therapy model, 9–17 yr old female incest victims, 13191
Incidental Learning [See Also Latent Learning]
age & labeling vs sentence repetition vs interrogative elaborations, incidental vs intentional paired associate learning, 5–7 vs 10–13 yr olds, 3150
direct vs observational learning, selective attention to stimulus components & retention, 5.9–6.8 yr olds, 10178
forced choice method with 3 alternatives, performance improvement due to incidental learning, 34–66 yr old females, attempted replication of effects found by R. L. McBride & D. G. Laing, 9506
group vocabulary instruction, intentional & incidental learning, mentally retarded 10.4–14.7 mo olds with IQs of 32–66, 6764
incidental vs intentional attention to scene, recall & recognition of elements, college students, 316
incidental vs intentional learning conditions, free vs letter-cued recall vs recognition, college students, 7272
intentional vs incidental learning of words, free recall, 2653
paradigms instructing vs not instructing Ss to remember specific items, immediate vs delayed recall of incidentally learned material, 1st vs 6th graders vs college students, 5353
school organizational characteristics, on-the-job learning, teachers, 8811
unprogrammed learning of behavior modification techniques at home from trained mothers, fathers of oppositional toddlers, 13239
Income (Economic)
anomia & perceived changes in financial status, 5476
romanticism & self concept & competitiveness & sex role identity & religiosity & family income & lifestyle & social desirability, reactions to hypothetical jealousy-producing events, college students, 10459
sex & regularity of income & birth order, depression, patients, Kenya, 12856
Income Level [See Also Lower Income Level, Middle Income Level, Upper Income Level]
action instructions vs reminders & contingency management, acceptance of fluoride mouthrinsing, lower- vs upper-middle-income 7th–8th graders, 6240
age & education & income & tenure, need satisfaction & importance, 27–45 yr old automobile factory managers, India, 13787
economic resources, conjugal influence in employment decision making, wives with mean age of 30.6 yrs, test of resource vs social exchange theories, 7813
income & education & rural vs urban residence & birth order & family size, parental acceptance, mothers of 2.5–5 yr olds, 934
income levels, relapses vs defaulters of National Direct Student Loans, 11150
knowledge & income, energy consumption, college students & 26–55 yr old consumers, test of Fishbein-Ajzen model & implications for increasing conservation, 6905
level of financial security & tertiary education & presence of family in community, high- vs medium- vs low-anxious pregnant females, 5138
pay level & valence for pay & promotion, satisfaction with pay, sales personnel, 9142
poverty & family income inequality & homicide rate, urban areas, 1275
sex & age & income level, alcohol consumption & type of drink, bar patrons, 5555
sex role attitudes, income, married women, 1971 vs 1974, reanalysis of J. Scanzoni's data & revision of model of female status, 7847
social class & ethnicity & other characteristics, attributions for economic success, adults, Australia, 10426
sources of differences in aggregate earnings, Blacks vs Whites, 3265
theory of preference formation, prediction of satisfaction with income, 3419
unusual names & family income & completion of professional education, Black & White males & females, 12776
Incontinence (Fecal) [See Fecal Incontinence]
Incontinence (Urinary) [See Urinary Incontinence]
Independence (Personality)
autonomy & successful marriage & motherhood, mothers with careers, 942
autonomy in parent- & teacher-child relationships, creativity, children, literature review, 5331
autonomy/control in family environment & age, self esteem, 14–17 yr olds vs college students, 852
education, socialization & independence & dependence, Nigeria, 3446
extraversion & independence & radicalism-conservatism & cognitive inconsistency, college students, 5638
family background of control vs encouragement of autonomy, level of anomie, college students, 7792
independent judgments in groups, male college students, 5569
individual autonomy & concept of personhood, 10479
institutionalization, development of autonomy, mentally disturbed adolescents, 1775
levels of stress & self reliance & other psychosocial variables, long term outcome in smoking cessation program, smokers, 6482
play, development of personal autonomy & moral responsibility, children, 843
self concept & values & independence & other affective factors, reading disability, children, 10652
transpersonal & reductionist perspectives on religious/spiritual transformation & body- & transpersonally-oriented therapy, autobiographical interview with author, 1051
Independent Party (Political) [See Political Parties]
Independent Study [See Individualized Instruction]
Independent Variables
assessment of adequacy of alternate classifications of consumer variables, criticism of R. J. Lawrence's method, 6997
assessment of adequacy of alternate classifications of consumer variables, reply to criticism by R. D. Reynolds & J. Neter, 6980
description & uses of linear structural relationship model, statistical measurement & analysis & evaluation of causal relationships, 7145
importance of accurate definition & measurement of independent variable in behavior analysis, 6992
India
adaptation & reliability & validity of Bem Sex Role Inventory, 16–58 yr olds, India, 179
age & education & income & tenure, need satisfaction & importance, 27–45 yr old automobile factory managers, India, 13787
aggression & frustration & anxiety & depression, males with mean age of 15.9 & 15.7 yrs convicted of murder vs property offenses, India, 1268
attitudes toward family & caste & women & social customs & religion & politics, Santal vs non-Santal college students, India, 7779
attitudes toward parents, delinquent 13–16 yr olds, India, 3709
authoritarianism & achievement motivation & neuroticism & social desirability, India, 5647
bureaucratic orientation, job satisfaction & involvement, engineering teachers in higher institutions, India vs Great Britain, 13575
Children Act Services, problems of juvenile delinquency & neglect, India, 3657
contributing factors & epidemiology, drug abuse, high school & college students, India, 3663
corporate ownership, need satisfaction, public vs private sector managers, India, 2211
creativity & innovativeness in problem solving task, 30–47 yr old scientists, India, 3460
cultural beliefs & possession by gods & spirits syndrome, 24 yr old male, India, 5709
cultural traditions & social roles of women, sex trait stereotypes, 5 & 8 yr olds & college students, India & Pakistan, 5468
drug usage, non-student youth, India & Pakistan & Switzerland & Canada & Mexico & Malaysia, 10259
education & development, child abuse & neglect, India, 12943
education & socioeconomic status, attitudes toward equality of women, females, India, 12606
epidemiology & attitudes toward & predisposition toward possession syndrome, India, 7782
Hindi PEN Inventory, psychiatric patients with mean age of 34 yrs, 3601
incidence & reasons for murder, India, 8105
job involvement, 24–55 yr old bank managers vs officers vs clerks, India, 13798
legal prohibition, alcohol intoxication, India, 3374
legal status of torture, criminal justice, India, 3345
management level, motivational needs, bank managers, Malaysia vs India, 13795

manifest anxiety, unemployed 20–25 yr olds from family-oriented vs nonfamily-oriented occupation groups, India, 13761
marital status, adjustment & attitudes toward religion & birth control & equality of women, 18–30 yr old married vs unmarried female college students, India, 1077
menopausal symptoms, 35–50 yr old females, India, 1413
mental health delivery systems, India, 6381
methodology, psychiatric field surveys, India & Southeast Asia, 97
methodology, research on changing roles, females, India, 12610
model for mental health care & psychiatric services, rural India, 6409
motivational factors in joining meditation program, Americans with mean age of 24.3 yrs, India, 7768
multilingualism & opinions about language, urban vs rural Havik Brahmins, India, 3010
perception of characteristics of Russians vs Japanese vs English vs Americans vs Chinese vs Pakistani, college students, India, 1083
perception of various national groups vs self image, college students & professionals, India, 918
perceptions of causes of & attitudes toward mental disorders, rural village residents, India, 10576
personality traits, 16–25 yr old Tharu vs non-Tharu males, India, 12560
physical abuse, 1 wk to over 6 mo old neglected children, India, 12944
power motivation, social value orientation, male vs female Hindu vs Moslem graduate students, India, 1076
practice teaching & field dependence/independence, developmental vs traditional outlook, student teachers, India, 6604
prevalence of mental illness & existing mental health services & philosophy of care, conference paper, India, 6574
psychoanalytic psychology of hierarchical relationships in Hindu society, India, 10283
psychological development, educated middle class Hindu females, India, 3221
psychology of colonial ideology in British India & comparison to state of childhood & sexual dominance, literature review, 3266
religiosity & sex & caste status & place of residence & anxiety & authoritarianism & rigidity & tolerance for ambiguity, Hindu vs Muslim college students, India, 12721
residence & pooling of income & property & decision making as measure of family jointness, 18–65 yr old primary & secondary depressives, India, 8057
retaliation vs nonretaliation responses of victims, rating morality & intelligence & likeability of aggressors & Hindu vs Muslim victims, college students, India, 5599
rigidity & proneness to change, union activist vs nonactivist bank employees, India, 2218
rural vs urban environment, functional perception of poverty, males & females, India, 3268
sex & rural vs urban residence & type of school, moral judgment, 10–11 yr olds, India, 888
sex differences, conservatism, Afrikaans vs English speaking Black vs White vs Indian college students, South Africa, 3463
social class, fertility, couples in metropolitan Madras, India, 10314
social integration & socioeconomic factors, juvenile delinquency, India, 10618
sociodemographic characteristics, belief in & prevalence & nature of possession, rural village residents, India, 5483
socioeconomic status, patterns of aggression, 6th–8th grade males, India, 3222
spatial ability, 11 yr old rural vs urban English vs Indian immigrants vs children of Indians living in UK vs urban vs rural Indians, India vs UK, 773
temple & faith healing, 5–50 yr old psychiatric patients, India, 8298
use of pre-sentence report in criminal adjudication, India, 3344
Indians (American) [See American Indians]
Indifference [See Apathy]
Individual Counseling [See Individual Psychotherapy]
Individual Differences
academic achievement & individual differences in information processing habits, low achieving college students in basic skills course, 2056
accessibility of traits & construct individuality, subjective impressions of target person & recall of impressions, college students, 3415
alpha wave activity vs attentiveness vs subjective awareness of perceptual responsiveness as sources of individual variability in visual evoked potential magnitudes, 24–55 yr olds, 5072
application of 3-mode principal component analysis, individual differences in use of implicit theories of personality in rating stimulus persons, college students, 4839
arousal from different stages of sleep & individual differences, EEG correlates of dream reports, 2672
attention-demanding tasks, individual differences in respiratory-heart period coupling & heart period responses, male college students, 9916
background & situation characteristics, variation in perceptual configuration of brands, survey respondents, 2285
binaural summation & advantages of binaural over monaural presentation, implications for individual differences in reaction to binaural hearing aids, 2591
calculation of system of common eigenvectors of symmetric positive semidefinite matrices for determination of solution to individual differences weight model of multidimensional scaling, 11721
contributions of B. M. Teplov to psychology of individual differences, 6931
CS contingencies in electrodermal response conditioning, individual differences in changes in skin conductance during conditioning & habituation & self reported discomfort, electrodermally labile vs stabile male college students, 9907
defensive style & stress, individual differences in perception of pain in others, female college students, 7948
dosage level of oxazepam & prior drug experience, individual variability in punished vs unpunished responses in Geller-Seifter paradigm, drug-sophisticated male rats, 2921
estimation methods, determination of inter-S variability in choice probabilities with restraints on observability, 11706
ethics & individuality & sociobiology, reply to B. Davis's criticism, 12042
evaluation of fit measure in Lingoes-Borg procrustean individual differences scaling, 9479
home environment & teacher & peer ratings of personality, individual differences & preferences in privacy seeking behavior, 4th graders, 2018
human individuality & sociobiology, criticism of work of E. O. Wilson, 12032
individual & sex differences & response consistency, color aesthetic preferences, college students, 2572
individual ability differences in attentional time-sharing vs flexibility vs rate of repetitive activity across muscle groups, prediction of high level motor skill, humans, 247
individual difference prediction templates derived from dissonance & self perception & self presentation theories, attitude change following advocation of counterattitudinal positions & psychological momentum, college students, 3412
individual differences & personality traits, ANOVA in proneness to depression, males & females with mean ages of 22.3 & 22.1 yrs, 5661
individual differences & stress & adjustment & life satisfaction & personality, aging, 12519
individual differences, aggression & food stealing, oystercatchers, 7342
individual differences among learners & effects of learning environment, current trends in instructional psychology, 1987
individual differences, cognitive training performance, 62–85 yr olds, 5385
individual differences, communication style, 7938
individual differences, conversational style, mothers of 2.4–3 yr olds, 5505
individual differences, cost of adaptation to work, 31–36 yr old metallurgic workers, 4587
individual differences, daytime habitat selection, snails of contrasting shell phenotype, 7394
individual differences, digit span & chunking in serial anticipation task, college students, 2632
individual differences, dual-task performance, 18–35 yr olds, 7159
individual differences, field dependence in learning ability & visual aftereffect, 8–11 yr olds, 3179
individual differences in circadian activity rhythms, relationship, college roommates, 12668
individual differences in masculinity & femininity & androgyny, prejudice & categorization, males vs females, implications for cognitive bases of stereotyping, 12692
individual differences in multiple task response strategies & information processing, 18–35 yr olds, implications for pilot selection, 9065
individual differences in RTs to secondary probe task, prediction of performance on difficult memory task, college students & 18–60 yr olds, 9651
individual differences in semantic encoding, problems with automaticity & rapidity & efficiency, learning disabled 9.5–11.5 yr olds, 1326

individual differences in stress-response-dampening effects of alcohol as seen in reduction of cardiovascular & affective responses, 21–30 yr old males at risk for alcoholism, 1290
individual differences in visual & auditory functions & relationship to intelligence, 20–35 yr old male convicts, 2404
individual differences, language development, implications for dyslexia diagnosis & treatment, 3738
individual differences, semantic context effects on reading rate & sentence & lexical-decision tasks, adults, 7231
individual differences, speech fusion, volunteers, 11846
individual variability, performance on psychophysiological indicators for signal detection & signal recognition tasks, humans, 7169
information processing model, individual differences in reading skills, literature review, implications for reading education, 9585
instructional design, implications for individual learner differences, 8872
intrapersonal vs interpersonal problems & perception of problem solving ability, cognitive & affective & behavioral variables of problem solving, college students, 9597
introversion/extraversion, individual differences in auditory brain stem evoked responses, 18–32 yr olds, 12097
locus of control, differential response to informational-experiential flight anxiety treatment, aerophobic Ss, 8441
minitypologies technique using within-Ss designs, experimental assessment of individual differences, 4676
perceptions of heterogeneity of group members, in- vs out-group members, 1003
personality traits & fingerprints, college students, 3487
personality traits & sexual motivations & experience & self reported likelihood of raping, sexual arousal while listening to rape depictions, male college students, 10366
physical & personality characteristics, promotion of development through reactions by others, children & adolescents, literature review, 12495
posture & method of measuring group latency, response patterns & individual differences in click-evoked acoustic emissions, normal hearing 21–42 yr olds, 5065
problem solving style measured by Myers-Briggs Type Indicator, autocratic vs participative decision making methods, graduate business students, implications for management, 3488
recognition of exemplars in drawings, evidence of individual drawing style, college students judging 5 yr olds, 3115
referential & numerical content of problem & age & sex & cognitive style & ability & attitude, proportional reasoning, 6th vs 8th graders, 5381
reliability of individual differences between Test of Language Development-Primary subtest scores & mean scaled scores, 4–8 yr olds, 9433
self concept & personal values & needs & interpersonal perception, college students, 12722
sex & punctuational differences in description of interactions & marital distress, spouses, implications for communication theory & therapy, 10308
sex role identity & learned helplessness, performance on formal operational thought task, 13 yr olds, 5329
short term memory & text-level comprehension processes, individual differences in reading fluency, poor readers, literature review, 5894
situation & sequence of outcomes & individual differences & desirability of control, performance estimates & causal attributions & perceived control, college students, 1090
situational control of performance variance, relationship between individual differences & job performance, Ss with mean age of 21 yrs, 2157
smoking, frontal-central contingent negative variation, extraverted vs introverted 20–40 yr old smokers, 5261
stability of individual differences in personality characteristics, 15 yr olds, 12-yr longitudinal study, 5421
student variables, individual differences in decision making about classroom organization & management & educational goals, elementary school teachers, implications for teacher training, 1894
test-retest individual differences, visual & temporal discrimination & motor action & visual-motor organization in pursuit tracking, college students, 2517
use of control-of-variables strategies, 6th vs 8th graders, 3093
utilization & effectiveness of alternative study techniques & role of individual differences, college students, review of research, 2002

Individual Psychology
evolutionary sociobiology & Adlerian social interest vs genetic self interest, 11542

Individual Psychotherapy
demographic characteristics & sex, performance in self help groups vs individual therapy, stutterers vs nonstutterers, 3944
ethical & conflict resolution issues, choice between individual & marital/family therapies, 6096
family therapy vs individual psychotherapy, 10823
group &/vs individual therapy with same vs different therapists, 3958
individual & family therapy, psychotic child, 6175
individual & group psychotherapy, acceptance of equality for self on intellectual & emotional level, female college students, 8314
individual & group therapy, abused 2.5–4 yr olds, 8312
individual vs group psychotherapy & diazepam vs chlorprothixene vs carbamazepine vs haloperidol, tics, children with mean age of 8.8 yrs, 3 mo–8 yr followup, 6072
learning objectives in communication, teaching individual psychotherapy, 1883
personality traits, individual & group psychotherapy, chronic alcoholics, 4260

Individual Testing
Apple PASCAL Tester, online control of experiments for individualized psychometric & cognitive testing, research & teaching applications, 9334
group vs individual administration of Szondi Test, transference reaction toward E & drive profiles, adults, 7041
norm vs criterion referenced & individually vs group administered reading tests, analysis based on reading model, 2118

Individual Therapy [See Individual Psychotherapy]

Individualism [See Individuality]

Individuality
family enmeshment, 10639
proposal for undergraduate course in psychology of individuality, 1969
sociopsychological aspects, personality self establishment in collectives, USSR, 7929
TV watching time & individualism vs materialism vs spiritual well-being vs loneliness, adults, 7926

Individualized Instruction
ability level & individual vs conventional training, grades & supervisors' ratings, US Navy technical school graduates, 2152
coaching instruction in individualized study of mathematics, middle school students, 4359
computer applications, management of individualized education programs, 4437
computerized record keeping for design & assessment of Individualized Education Programs, handicapped students, 6773
degree of teacher direction & study time & general ability, achievement in science course, 9th–12th grade students & teachers, 6632
direct instruction in phonics, learning vowel sounds & transfer & reduction in nonacademic & impulsive behaviors, learning disabled 78–106 mo olds, 2038
factors in choice of individualized vs group instruction, 4372
hypnosis & self instruction behavior modification, study improvement, 8511
individualized & self paced instruction in educational & industrial & military settings, literature review, 11454
individualized instruction & positive feedback on self evaluations, spelling achievement, high vs low achieving 3rd graders, 11247
individualized instruction with student team approach, achievement & social acceptance & behavior, mainstreamed academically handicapped 3rd–5th graders, 6789
individualized teaching methods in physical education, academic learning time, mainstreamed mildly handicapped elementary school students, 11338
individualized vs traditional instruction in science, science achievement, community college students, 6690
learning contracts, completion of independent study course, high school & college students, 1939
Logo computer-based learning system easily tailored to individual needs, special education students, 13711
self instructional training program, addition & subtraction skills, educable mentally retarded 10.2–13.7 yr old special education students, 11375
self questioning training, metacomprehension skills, normally achieving 6th graders vs learning disabled 8th & 9th graders, 2078
team based individualized instruction, mathematics achievement & attitudes, 3rd–6th graders, 6684
unsupervised self administered aerobic training program, participation & motivation, 40–53 yr old male US Army personnel, implications for supervision & positive reinforcement in military physical training, 13769

varied incentives & number of examples as adaptive instructional strategies, mathematics rules instruction, college students, 4381
Indonesia
environment, singing, Kloss gibbons, Indonesia, 7386
interspecific spatial organization & territoriality & social interactions & feeding behavior, gibbons & langurs, Indonesia, 2736
past vs future event probability assessment task, certainty of responses, college students, England vs Indonesia, 11892
sequence analysis, determination of order of success in Piagetian tasks & variation across cultural settings, 6.5–8 yr olds, Java, implications for curriculum development, 774
Induced Abortion
acceptance by medical profession & training in technique & hospital & staff reactions, dilation & evacuation technique for mid-trimester abortion, 13323
actual vs counselor-perceived locus of control, abortion clinic clients, implications for counseling process, 1734
cognitive/moral development, long-term reconstructive memory of decision to terminate unplanned pregnancy, 15–33 yr old females, 3022
conservatism & abortion attitudes & biophilia, college students, 12752
early psychic development & separation-individuation, attitudes toward pregnancy & motherhood & abortion, 36 yr old female in analysis, 10847
laws & counselor role, interview prior to abortion, 13315
personal meaning of abortion & contraception & relationship with doctor & mate & position regarding abortion laws, females who had legal & illegal abortions, 12609
personal values & uncertainty over choice, repeat abortions, 12622
personality traits, 18–40 yr old females with repeated abortions, 4127
sexual guilt vs knowledge, attitudes toward abortion, college students, 5537
social change & development of public policy, abortion rights controversy, 7836
social movements & medicalization & laws & social control, abortion, 13320
unwanted pregnancy & neurotic conflict & psychosocial factors, abortion patients, 10965
values & attitudes & beliefs regarding abortion, members of Missouri Citizens for Life vs Abortion Rights Alliance, 3308
Inductive Deductive Reasoning [See Also Inference]
age & order of intention & consequence information presentation, information integration & moral judgments, kindergartners vs 3rd vs 6th graders, 10098
atmosphere effect vs ambiguity hypothesis models, prediction of responses to deductive reasoning tasks, college students, 7238
coding-mapping vs coding only vs decision tree training for simultaneous vs sequential processing & paradigm & memory aids & focus, learning inductive biconditional reasoning, 10th graders, 5369
conceptual & computational & attitudinal correlates, statistics achievement, college students, 13644
conditional arguments in causal-temporal vs class inclusion content, conditional reasoning, graduate students, 2621
experience with task content, performance on P. C. Wason's selection task, college students, 9584
grade level, reading comprehension & deductive reasoning ability, 5th–8th graders, 5383
model of mental operations underlying propositional reasoning, 11888
propositional reasoning, college students, replication & reformation of J. S. Evans's stochastic model, 2605
psychometric investigation of inductive reasoning in intelligence assessment, 2401
Industrial Accidents
action research program involving employee problem solving group & surveys & interviews, number of injuries, employees, 2230
German Accident Insurance Law as impetus to research on monocular depth perception & subsequent legislation by German Insurance Board, 1884–1914, 2563
lunar phase & daylight vs darkness, work & motor vehicle accident injuries, 9039
perceived risks vs benefits, new technologies, 4602
sleep disturbances, industrial accidents, workers, 3812
stress levels & control-related problems, Three Mile Island residents, 11511
Industrial Foremen
effect vs general vs functional congruence theories of person-situation interaction, prediction of work satisfaction, industrial foremen, 9151
organizational development intervention based on modeling, supervisory skills & relations with subordinates, company foremen, longitudinal study, 11499
psychological & organizational climate discrepancy, job satisfaction & performance, foremen, 9150
Industrial Personnel [See Business and Industrial Personnel]
Industrial Psychologists
consequences of competence in job performance, implications for industrial psychologists, 13776
ethical & legal standards, administration of aptitude tests, industrial psychologists, 110
Industrial Psychology
content analysis of textbooks & journal articles in social & industrial & clinical psychology, concern for ethics, 13505
knowledge of & influence on changing work values, organizational behavior psychologists, US, 2140
Marxist viewpoint in industrial psychology in Hawthorne study of industrial workers, reply to criticisms by H. Toch & R. Stagner & H. M. Parsons & J. Feldman & E. A. Locke, 6862
measurement of fatigue feeling in industrial research, mental & physical welfare & disclosure of working conditions, workers, 2237
need for research in occupational socialization, 2124
overlap of vocational psychology with counseling psychology, need to revise objectives, 4537
role of psychology in industrial management, 9124
use of hypnosis in occupational psychology & communications model of hypnosis, 9692
validity of multidimensional scaling methodology in organizational psychology, 4694
work of J. M. Faverge on industrial psychology & role of "gaze" concept, 11427
Industrial Safety [See Occupational Safety]
Industrialization
control & standardization in industrialization, leisure, Australia, 7761
development of technical knowledge & manual abilities, 11–14 yr olds, 5386
epidemiology of psychotic illness, rural vs urban & industrialized vs nonindustrialized societies, literature review, 12820
introduction of technology into developing nations, cultural adaptation, 12555
Industry [See Business]
Infancy [See Infants]
Infant Development [See Also Neonatal Development]
aloneness & future madness, infants, 8026
birth of 2nd child, family interaction & infant development, families, 10328
Brazelton Neonatal Behavioral Assessment Scale, assessment of development of behavioral responses, premature infants, 127
development of communicative means for expression of requests or rejection & self-other differentiation, infant observed from birth to age 30 mo, 10116
development of pointing & related behaviors up to age 2, infants, longitudinal study, 835
development of postural reactions in prone position, infants from birth to 2 yrs old, longitudinal study, 3024
development of supine body points used for support, 15 day to 7 mo olds, 727
deviations in development of shared focal attention in mother-infant visual interactions, families with psychotic transaction, 8010
discussion of infant development with pediatricians, mother-child relations & child development, mothers & their infants from birth to 6 mo, 10114
Freudian vs Kleinian conceptions of early mental development, 7656
gross undernourishment during infancy, physical & cognitive & perceptual & psychosocial development, 20 yr longitudinal study, 8250
growth patterns, infants from birth to 24 mo in Moslem semirural community, Israel, 12401
head control & vestibular nystagmus, infants treated with aminoglycosides for neonatal sepsis, 4069
marihuana use during pregnancy, length of gestation & maternal weight gain & offspring behavior & development up to 1 yr of age, females, 5231
maternal drug & obstetric medication exposure, development, fetuses & infants, annotated bibliography, 1961–80, 8535
maternal heroin & methadone addiction, prenatal & postnatal medical complications & developmental problems, infants, literature review, 1377
maternal methadone use during pregnancy, health & development & behavior, infants, literature review, 10005

model based on L. Guttman's facet theory, study of effects of maternal methadone maintenance on development, infants, 5251
motor & behavioral development, infants at risk for CNS dysfunction from birth, 8177
performance on Brazelton Neonatal Behavioral Assessment Scale, 37–42 wk olds who were premature vs full term in intensive care vs healthy full term with prolonged hospitalization vs healthy, 740
premature birth, performance on Denver Developmental Screening Test, infants from birth to 13 mo, 7619
psychoanalytic theories, infant emotional & social development, literature review, 12383
severe hearing loss in infancy, language & cognitive development, children, literature review, 10760
standardization of Denver Developmental Screening Test, 2–54 wk olds, Mexico, 11690
teenage childbearing, neonatal behavior & development, infants born to mothers aged 15–17 vs 20–32 yr olds, Puerto Rico, 3034
waking activity state & relation to CNS development, 2 vs 3 vs 4 vs 5 wk olds, 5310

Infant Vocalization
cognitive continuity approach, repetitive babbling, child at 6–12 mo of age, 777
maternal ratings of cries, 38–42 wk old full-term vs low-risk preterm vs medium-risk preterm infants, 3031
psychological & acoustic properties of distress vocalizations, use of contextual cues in judgment of fussy/crying vocalizations of 3–4 mo olds, mothers, 7811
similarity in babbling, Spanish vs English learning 11–14 yr olds, 5377

Infanticide
attack & killing of foals, stallions, 4986
binary time-series analysis of domestic child homicide before vs after enactment of Prevention of Child Abuse & Neglect Act of 1977, 969
infanticide, ground squirrels, comments on work of P. W. Sherman, 7365
infanticide, ground squirrels, reply to critique by G. R. Michener, 7375

Infantile Neurosis [See Childhood Neurosis]

Infantile Psychosis [See Childhood Psychosis]

Infants [See Also Neonates]
adaptive significance of sequential nature of sensory systems maturation in embryogenesis & neonatal period, neurogenesis & perceptual development, infants, literature review, 489
aerial view of maze, use of information to navigate maze, 9–25 mo olds, 818
age & middle class vs low socioeconomic & abusive/neglected background, regulation of emotional expression & reliability of ratings of emotions, 12–19 mo olds, 5315
age & self control, memory for locations, 18–30 mo olds, 7670
age & stage of sleep vs wakefulness, lower limb cutaneous polysynaptic reflexes, 3 day olds through 3 yr olds, 5394
age & walking vs crawling ability, exploration away from caregiver, 12–36 mo olds, 870
age differences, ability to correct positive vs negative sentences, 18–36 mo olds, 5378
age differences, ability to process conflicting information in search for hidden objects, 1.1–2.2 vs 2.3–2.9 yr olds, 832
age differences, dichotic ear differences in discrimination of phonetic vs musical stimuli, 2–4 mo olds, 12410
age differences in manipulation of noisy vs quiet toys, sound as reinforcement, 4–12 mo olds, implications for behavioral hearing tests, 3153
age differences, mother-child interaction, premature vs full term infants at 6 vs 8 vs 10 vs 14 mo, 10311
age differences, recognition of habituated facial expressions vs faces & discrimination between similar emotions, 18–30 wk olds, 10127
age, type & frequency of facial expression & effects of socialization, 3–6 mo old males vs females & their mothers, 10241
age vs mean length of utterance, expression of development of phonological processes, 21–48 mo olds, 815
analysis of verbal interaction, 21 mo old female & her parents, 3044
assessment of experience in studies of speech discrimination, infants, 4679
attachment & exploration around strangers & communication, institutionalized 12–18 mo olds vs noninstitutionalized 12 mo olds, 6449
attachment as basis for primary mental health prevention, infants, 6412
attachment to mother & sociability with strangers, infants observed when 12.5 vs 19.5 mo old, 12520
auto safety education program, use of infant restraints, parents, 1735
birth attendance & early extended contact & involvement with infant at 5 mo postpartum, fathers, 10336
Brazelton Neonatal Behavioral Assessment Scale, assessment of development of behavioral responses, premature infants, 127
brief foveal stimulus followed by brief vs prolonged peripheral stimulus, heart rate & visual fixation, 15 wk olds, 778
capillaroscopy of perionychium, diagnosis of infantile brain damage, 6 yr olds, 13011
change vs no change in stimulus following visual occlusion, cardiac activity & visual tracking & fixation, 17–21 wk olds, 3169
changes in frequency of pure tones, discrimination thresholds, 5–8 mo olds vs college students, 807
clinical features of Seckel's syndrome including mental retardation, 1 yr old & 1 mo old, 7964
cognitive development & neonatal activity level & maternal verbal functions, language development, infants observed from 6 to 24 mo of age, 788
cognitive functioning & early experiences, competence & persistence at mastery tasks, 13 mo olds, 3176
communication with peers & adults, cognitive development, infants & preschool age children, 7672
company of mother during hospitalization, neonates & infants in general pediatric unit, 1783
complications during neonatal period, developmental problems, preterm children from birth to 5 yrs old, longitudinal study, 3778
comprehensive interdisciplinary vs traditional health care programs, infant immunization status & maternal contraceptive use & repeat pregnancy rate & school attendance, teenage mothers & their infants, 6362
cry difficulty, physiological & emotional responses to infant cries, nonparents with mean age of 29.8 yrs vs primiparous vs multiparous mothers vs fathers, 2843
cultural factors, usefulness of reinforcement for better diets for infants & infant development, mothers, Philippines, 6354
design of play environments, 3 yr old & younger, 3054
designation as high risk at birth vs referral from clinics, incidence of hearing loss, children from birth through 6 yrs, 8209
development of chromatographic & electrophoretic methods, detection of amino acids & galactose inborn errors of metabolism, infants, 70
development of communication, male from birth to 2 yrs of age, 7688
development of interaction with caregivers, 2–50 wk olds raised in 24 hr child care center, 7749
development of knowledge about relationships between objects & actions in play, 22 & 24 & 26 mo olds, 12405
development of mastery motivation, infants at 6 & 12 mo old, 12523
development of play behavior & mother-infant interaction, normal vs Down's syndrome & motor impaired & developmentally delayed 3–36 mo olds, 3508
development of postural reactions in prone position, infants from birth to 2 yrs old, longitudinal study, 3024
development of symbolic play, infants observed from 12 to 24 mo of age, 887
development of visual acuity assessed by operant preferential looking, 5 mo to 5 yr olds, methodological comparison with forced choice studies, 7675
developmental progression of pretend & peer oriented social behavior, 19–41 mo olds, 10226
developmental sequence of nonverbal concept of agent, 11 mo olds, 12-mo longitudinal study, 7679
developmental similarities & differences, male chimpanzee & human through age 4 yrs, 4996
deviations in development of shared focal attention in mother-infant visual interactions, families with psychotic transaction, 8010
diagnostic comparability of brain stem evoked potential vs behavioral audiometry, 6 mo through 12 yr olds, 45
dietary experience with sweet taste, taste preferences, newborns assessed at birth vs 6 mo, 7634
discrimination in forward vs backward auditory masking, echoic memory, 8–9 wk olds, 10133
discussion of infant development with pediatricians, mother-child relations & child development, mothers & their infants from birth to 6 mo, 10114
duty cycle of rectangular wave grating, contrast thresholds, 8–10 wk olds, 3073
dyadic vs triadic playmate choice patterns, 28–36 mo olds, 3187
early auditory evoked potentials, 1–20 mo olds with craniofacial malformation, 8198

early defensive fantasies in body pathology & mental functioning, infants, 10229
early intervention programs, cognitive development, children 3 yrs old or younger, literature review, 6674
early language development, 9.5–13.5 mo olds, 5395
early malnutrition, mental & physical development, 6–24 mo olds, 3-yr followup, 3795
experience & home & nursery school & kindergarten environments, psychological development, infants & young children, literature review, 11151
experience in psychiatric care unit, young children with disorders associated with family crisis, 1755
extended postnatal separation, mother-child attachment, infants, 925
eye contact interaction with adult female stranger, 7.5–9.5 mo olds, 3201
factor analysis & development of profiles, temperament features, 1 yr old twins, 11702
familiar vs novel stimuli, preferences in recognition memory, 3.5 vs 4.5 vs 6.5 mo olds, 819
family & anxiety factors, somatic disorders, infants hospitalized during 1st 3 mo of life, 1790
free play & diaper changing in natural setting, structural components of parenting behavior, mothers & their 3 mo olds, 5503
grammatical morpheme acquisition, 21–24 mo olds, 10152
health education program emphasizing hygiene & nutrition, incidence of infant gastro-enteritis, nursing mothers with mean age of 24.6 yrs, Nigeria, 6363
hearing and language development, infants at risk for hearing loss, 3-yr longitudinal study beginning at or before 60 wks of age, 3806
home environment & maternal attitudes & marital adjustment & socioeconomic status, mental & motor development, 2 yr olds, 3149
home-based early intervention program, mother-child relations & promotion of developmental functioning, adolescent mothers & their infants, 1542
hospital & child welfare treatment, child abuse victims less than 8 mo of age, 1675
Houston Parent-Child Development Center program, behavior problem prevention, low income Mexican American 1–3 yr olds & their families, 4148
in utero drug abuse due to maternal drug addiction, arousal & irritability & muscle tone fluctuations & motor development & sleep & crying patterns, 38–40 wk old infants of 17–29 yr old drug dependent mothers, 12396
incidence of mental retardation & epilepsy & other associated deficits, 1–6 yr olds with extrapyramidal cerebral palsy, 1401
individual differences, conversational style, mothers of 2.4–3 yr olds, 5505
initial location of object having vs not having background, Stage 4 error not monitoring change of location for objects, 8–10 mo olds, 770
instruction of parents about infant development & changes in patient-child relations, pediatricians, 1681
issues of sample selection in research, biologically at-risk & developmentally delayed infants, 6975
joint mother-child hospitalization, treatment of breath holding spell, 12 mo old, 1786
judging distance of small vs large faces vs checkerboard ovals under monocular vs binocular conditions, 5 vs 7 mo olds vs adults, 3177
linear systems analysis, check pattern visual preferences, 13 wk olds, reexamination of B. Z. Karmel's data, 10140
male vs female voices, discrimination, 27–32 wk olds, 3136
malnutrition during fetal or infancy period, behavioral development, literature review, 3836
manipulation of objects, use of visual & haptic information for differentiation of structural vs nonstructural invariants, 1 yr olds, 820
manual control, development of object play & classification skills, blind infant from 14–18 mo of age, 3792
maternal age, number of pregnancies & prenatal care & pregnancy complications & school dropout rate & child's Apgar score & subsequent illnesses, Black vs White 14–16 vs 20–30 yr old mothers & their children, 5501
maternal characteristics & child's looking behavior, 6 & 9 mo old Down's syndrome infants, 5874
maternal hospitalization for postpartum depression or psychosis or child abuse, mother-child relationship, arguments for joint hospitalization of mother & child, 4197
maternal methadone maintenance, motor functioning, infants assessed at 1 day & 4 mo of age, 5250
maternal methadone use during pregnancy, health & development & behavior, infants, literature review, 10005
maternal narcotics use during perinatal period, effects on children & neonates & fetuses, literature review, 10019
maternal speech, type of sentence & pitch contour & interaction contexts, mothers with their 2–6 mo olds, 945
maternal verbal control during mutual gaze & visual co-orientation, mothers and their 2–4 mo old infants, implications for infant communication development, 5314
melodic sequence stimulation, auditory stream segregation, 7–15 wk olds & 16–30 yr olds, 3095
memory for left-right relationships, 22–35 mo olds, 7636
middle-high vs low family socioeconomic level, intellectual development, 4–18 mo olds, 10143
model of development of social interaction & parent-infant relations, 12504
modeling behavior of giving & requesting, social facilitation of offers to adults, 12 mo olds, 3209
mother infant interaction, smiling & laughing & play & coping behavior & emotional development, infants at 6 & 13 & 26 wks of age, 3203
motor & behavioral development, infants at risk for CNS dysfunction from birth, 8177
needs of children under 5 yrs of age, surveyed organizations, UK, 4117
neonatal irritability & maternal responsiveness, development of infant temperament & mother-infant interaction, 19–35 yr old mothers & their 1–3 mo old infants, 3302
nontreatment, death, Down's syndrome infant, implications for & discussion of rights of handicapped persons, 1300
nonverbal language, mothers with malnourished vs healthy infants, 5923
number of animate & inanimate components produced in pretend play & language, 19 vs 22 vs 25 vs 28 mo olds, 3025
observation of interaction & social cognition & emotion in peer playgroups, toddlers during 2nd yr of life, monograph, 10212
parent training in language stimulation, parents of developmentally delayed 1–4 yr olds, 10961
parent training vs adaptive relationship approach, early intervention, developmentally disabled infants & their parents, literature review, 11302
pathological defenses of avoidance & freezing & fighting due to early experience of danger & deprivation, 3–18 mo olds, 12478
pediatric & psychopediatric intervention, infants with spina bifida & anal imperforation & their parents, 1686
pediatrician's 1st comments about infant, future perception of child, mothers, 10319
performance on Brazelton Neonatal Behavioral Assessment Scale, 37–42 wk olds who were premature vs full term in intensive care vs healthy full term with prolonged hospitalization vs healthy, 740
performance on displacement & single hiding problems, 13 vs 21 mo olds, 10198
perinatal & infant physical status & child development & mother-infant interaction & family ecology & parent perceptions of child, IQ & language skills, infants, 4-yr longitudinal study, 3076
physical abuse, 1 wk to over 6 mo old neglected children, India, 12944
physical contact during infancy, Africa, implications for subsequent interaction, 878
position of mother, use of mother as cue in spatial location task, 9 mo olds, evidence against egocentric coding, 816
postmortem cortical biopsy & microscopic study of brain tissue, analysis of neocortex development, normal vs neurobehaviorally retarded children, literature review, 13069
preferences for noncontingent vs contingent VI vs continuous reinforcement schedules of visual stimulation, 11–12 mo olds, 10164
preferential looking technique as measure of visual acuity, infants, criticism of study by R. Held et al, 5342
preferential looking technique as measure of visual acuity, infants, criticism of study by R. Held et al, 5393
premature birth, performance on Denver Developmental Screening Test, infants from birth to 13 mo, 7619
presence of adult vs 13–29 mo old peer, mother-infant interaction, mothers & their 19 mo olds, 3317
preventive intervention during prenatal & neonatal & infancy periods, literature review, 8545
process of learning to read, child from birth to 2 yrs old, 793
proximal & proximo-distal behaviors during breast- or bottle-feeding, primiparous mothers & their neonates on 2nd vs 4th vs 42nd day postpartum, 3318

psychological effects, mothers of phenylketonuric infants, 1438
psychomotor development & incidence of behavior problems, twins & triplets up to 5 yrs of age, 10192
psychosocial conceptualization at nonorganic failure to thrive, infants, literature review, 10750
psychosomatic disorders & depression, young children, 5997
relationship of nonverbal & linguistic expressions of concept of agent, 11 mo olds, 12-mo longitudinal study, 7678
relationship-focused intervention, infants with developmental disabilities & their parents, literature review, 8263
reliability & validity of Feetham Family Functioning Survey, assessment of families with myelodysplastic vs normal infants, 4782
repeated stimulation with figures & moving target, visual scanning, 2–5 mo olds, implications for developmental model of saccadic control & encoding capabilities, 7637
respiration vs measure of response to visual & audiovisual stimuli, 4 mo old female, 71
Revised Denver Developmental Screening Test & Developmental Profile II, identification of cognitive & language & motor problems, 6–18 mo olds, 9401
self recognition, prosocial intervention to help distressed mother vs peers vs siblings, 18–24 mo olds, 860
sensory stimulation in mother-child activities, mothers & their 4–6 wk old infants, 7791
severe dog bite, personality change & symptoms & subsequent personality development, 20 & 26 & 36 mo olds, 5964
sex & age differences, maternal response to conflict & sibling hostility, 8 & 14 mo vs 26–51 mo old siblings, longitudinal study, 7725
sex & age, separation behavior in natural setting, 12–36 mo olds, 3224
sex differences, selectivity of attachment behaviors to mother vs adult female acquaintance, 12 vs 24 mo olds, 10239
similarity in babbling, Spanish vs English learning 11–14 yr olds, 5377
similarity of rhythm of auditory vs visual stimuli, attention span, 4 mo olds, 10169
sleep duration & temperament, Chinese American vs non-Chinese infants, 895
sleep pattern development, 4–30 wk olds, 3053
sleep schedule change, frequency of night waking, 7 mo old female, 10812
social experience & cognitively oriented caregiver activities, cognitive competence & motivation to master environment, 1 & 3.5 yr olds, followup study, 3033
social referencing, social behavior, infants, literature review, 7715
socioeconomic & demographic factors, blood lead concentrations, Black vs White vs Hispanic 1–72 mo olds, 1427
socioeconomic factors, victimization, infants in urban centers, Nigeria, 8113
spatial 2-alternative forced choice staircase technique, measurement of contrast sensitivities, 22 mo to 16 yr olds vs adults, 5344
speech & cognitive & psychosocial development, 13–34 mo olds, 3040
stranger sociability, temperament & fearfulness & smiling & laughter & activity level & social experience, infants at 12.5 vs 19.5 mo, 3246
symptoms, spinal arteriovenous malformations, 19 mo old female, 3766
system for automatic analysis of sleep patterns, 2–12 mo olds, 2382
tactile & vestibular & audial stimulation as calming techniques, infant stress, parents, 3319
task difficulty & successful solution, pleasure, Down's syndrome infants with mean age of 11.1 mo, 12981
teenage childbearing, neonatal behavior & development, infants born to mothers aged 15–17 vs 20–32 yr olds, Puerto Rico, 3034
temperament patterns, 5–39 mo olds with Down's syndrome or neurological impairments, 7959
temperament ratings during classroom vs mother vs teacher interactions, developmentally delayed vs Down's syndrome vs cerebral palsied vs audiovisually handicapped 7–35 mo olds, 7957
temporal characteristics of maternal speech during interaction with infants, mothers & their 3 mo olds, 12366
toy play & play tempo & reaction to frustration, 22–26 mo olds, 7731
treatment of amblyopia, infants, 10972
type & number of toys available, peer social activity, 18 mo old males, 3193
type of hiding places in object permanence tasks, success in retrieval of objects, 6–10 mo olds, 50
urban vs rural residence & education, reproduction & use of health services & infant feeding, mothers, Lebanon, 13346
use of cradleboard & other factors, delayed onset of walking, Hopi infants, implications for results of W. Dennis's 1940 study, 7613
use of microcomputer in contingency intervention system, 3–6 yr olds with Down's syndrome & premature 5 mo olds, 3882
validity & reliability & sensitivity & acceptability of Denver Developmental Screening Test, screening for developmental delays, infants & children, 9399
validity of Parent Behavior Progression rating scale, evaluation of parent-child interaction, parents & their handicapped infants in early intervention program, 120
validity of risk index of reproductive & birth & environmental factors, prediction of cognitive & language development, preterm vs full term 1 yr olds, 2-yr followup, 9445
variation of vowel identity & pitch contour dimensions of stimuli, discrimination, 5–16 wk olds, 12429
verbal strategies for marking new vs old information, language disordered 4–6.7 yr olds vs normal 1.1–2.5 yr olds, 8164
visual following of moving objects, full-term vs premature infants, 7686
visual patterns, dishabituation to transformations, 10 mo olds, 795
waking activity state & relation to CNS development, 2 vs 3 vs 4 vs 5 wk olds, 5310

Infants (Animal)

ACTH, acquisition & retention of conditioned taste aversion, infant rats, 12269
activation & scenting of nipple with novel odor, nipple sucking, 3 day old rats, 9745
age & ambient temperature, nipple attachment & milk intake, 3–20 day old suckling rats, 334
age at time of taste aversion conditioning, acquisition & extended retention, 1–60 day old rats, 7308
age differences & pre-exposure to object color & contrast with background, color preferences, neonatal chicks, 2702
age differences, heart rate during aversive conditioning, adult cats vs kittens, 9769
age differences, thermoregulatory behavior, rat pups, 12158
amount of filial huddling at 5–9 days of age, emotionality & locomotor activity, rats, 9800
anosmia induced by intranasal isotonic zinc & sex differences, play fighting behavior, prepubescent rats, 12339
appetitive classically conditioned orientation to novel & normally aversive odor, neonatal rats, 350
attack & killing of foals, stallions, 4986
binocular deprivation following binocular vs monocular visual experience, ocular dominance distribution & orientation selectivity & response quality of visual cortical units, kittens, 5175
brain growth characteristics & comparison with primates, tammar wallabies from birth through adulthood, 5101
brain stem transection at pretrigeminal level, development of brain vs caudal brain stem & behavior, kittens, 2916
caffeine & age, motor activity, 1 vs 10 vs 15 day old rats, 623
caffeine exposure during early development, spatial behavior, African jewel fish, 2926
cerebral cortex concentration & synthesis of norepinephrine & dopamine & serotonin, rhesus monkeys aged 1 day to 36 mo, 2777
changes in illumination, bidirectional heart rate response, infant rats, implications for distinction between orienting vs defensive reflexes, 4985
copulatory stimulation, amelioration of anestrus & sterility, neonatally androgenized female rats, 7551
dark rearing, plasticity of visual cortex orientation-selective receptive fields, kittens, 5152
development & morphology of striate cortical projections to dorsal lateral geniculate nucleus, 1–20 wk old kittens, 2818
development of monocular visual field, 13–56 day olds kittens, 7439
development of visual responsiveness, 2 day to 6 mo old pigtail monkeys, 333
developmental difference, nigrostriatal tyrosine hydroxylase activity, BALB/cJ vs CBA/J mice after 1st postnatal wk, 440
dexamethasone pretreatment & intraventricular vs ip serotonin & immobilization stress, plasma corticosteroid response, neonatal rats, test of role of serotonergic mechanisms in pituitary-adrenocortical stress response, 7499
early learning of orienting reflex & conditioned nonavoidance & active avoidance, subsequent learning as adults, 7–10 & 12–14 & 15–16 day old rats, 11956
egg acceptance & host substitution & recognition, azure-winged magpie & great spotted cuckoo chicks, 7319
embryonic forebrain transplantation into midline cerebellum vs cerebellar lesions, behavior, rat pups, 5191
entorhinal vs hippocampal lesions, spatial discrimination learning, 1 day old rats, 9966
ethanol, transient susceptibility to audiogenic seizures, weanling C57BL/6J mice, 12329

ethanol vs butanol, reflexes & brain growth, neonatal rats, 618
formation of sibling associations, toad tadpoles, 7385
heart rate, measurement of learning, rat pups, 2694
high-pass filter cut-off variation during measurement, development of early auditory evoked responses, kittens, 73
home nest odors & age & circadian rhythms, effect of amphetamine vs phentolamine vs haloperidol on shock induced wall climbing, rat pups, 12244
homing vs suckling incentive, acquisition of original vs reversed spatial discrimination task, rat pups, 9714
icv cycloheximide vs glutamate shortly after birth, long term effects on motor activity induced by apomorphine vs scopolamine, chickens, 2972
isolation vs social grouping, estrus & reproduction & infant mortality & sex ratio & body weight, female Microcebus murinus, 9939
lesions of caudate nucleus vs mediodorsal thalamus, spatial alternation learning ability, 8–10 vs 25–27 vs 150–160 day old rats, 9987
maternal behavior & infant abuse, Japanese macaque mother born & reared in wild & living in stable social group, 5008
maternal vitamin A palmitate dose, ultrasonic vocalization over clean vs soiled bedding as measure of developmental toxicity, rat pups, 584
maternal vs simple exposure to nonnatural odor, attractiveness of odor at various ages, rat pups, 7291
meridional differences in acuity & contrast sensitivity functions, infant macaque monkeys reared with externally applied astigmatism, implications for meridional amblyopia, 2866
methionine- vs leucine-enkephalins, retention & carbon dioxide-induced retrograde amnesia, rats at 20 & 34 days of age, 12248
method for intragastric ethanol intubation without body weight impairment, rat pups, 4688
monocular deprivation, consolidation effect during changes in ocular dominance, 5–6 wk old kittens, 12088
neonatal transplantation of brain tissue from males, sexual behavior, female rats, 9924
neonatal vs adulthood lesions of visual areas 17 & 18, retinal X-cell loss, cats, 582
neonatally administered monosodium glutamate, development of retinohypothalamic projections & entrainment of circadian locomotor activity, hamsters, 2967
noise exposure, early development & activity level, 15 day old rats, 9943
novel vs predatory vs conspecific olfactory stimulation, ultrasonic responses, neonatal rats, 7362
olfactory recognition, female & calf reindeer, 4992
postnatal cadmium, spontaneous locomotor activity & spatial discrimination task performance, male rat pups, 687
postpartum separation from young, maternal behavior, female goats, 4998
prenatal &/vs postnatal exposure to odor, elicitation of 1st nipple attachment, suckling rats, 538
prenatal lead, acquisition & extinction of learning, rat pups, 694
prenatal methyl mercury, brain methyl mercury content & activity, neonatal rats, 607
prenatal thyroid deficiency induced by propylthiouracil, suckling behavior, rat fetuses & pups, 12316
prenatal vs postnatal chlordiazepoxide, swimming & open field activity & cliff & active avoidance, rats, 585
prenatal l-methadone hydrobromide, postnatal l-methadone hydrobromide levels in brain & liver from birth to 30 days of age, rats, implications for persistent opiate withdrawal symptoms in rats & human neonates, 649
preweanling chronic morphine vs naloxone, development of brain opiate receptor system vs monoamine levels & turnover & morphine tolerance, rats, 588
protein synthesis suppression induced by neonatal asphyxia, rats born from females maintained on low-protein diet, 9934
removal of eyes, degeneration & maturation of superior colliculus, newborn rats, 2902
responses to sibling distress vocalizations, mallard ducklings, 7337
sensory deprivation, modification of visual cortex neuronal properties, cats & kittens & monkeys, literature review, 12145
sensory discriminatory processes, pup recognition & retrieval, female mice, 7328
separation from maternal surrogate & novel vs familiar environment, vocalization & movement & plasma cortisol levels, infant squirrel monkeys, 7350
serotonergic mechanisms, reduction of amphetamine induced hyperactivity, neonatal rats with dopamine depleted brains, 2945
social isolation during preweanling period, sensorimotor development & homing behavior & open field activity, rats, 9928
social rearing environment & 6-hydroxydopamine brain lesions, development of behavioral arousal & learning impairment, rat pups, 569
spinal transection as adults vs neonates, tailpinch induced hindlimb stepping movements, rats, 578
substance P fiber ontogeny in trigeminal nerve, embryonic & neonatal mice, 2790
testosterone propionate, food intake & body weight, castrated weanling male rats, 663
thermal reinforcement, head raising behavior, 1–8 day old rats, 11979
unilateral blindfolding, locomotor circling responses, marine turtle hatchlings, implications for phototaxic basis of seaward orientations following birth, 4994
upper gastrointestinal preloading & vagotomy &/vs spinal cordotomy, milk intake & nipple attachment, 1 vs 10 vs 20 day old suckling rats, 535
variations in sex ratios during hatching, chicks, 7455
vibrissal pad lidocaine injection vs infraorbital nerve section, nipple attachment & olfactory-guided orientation task performance & tactile sensation & vibrissal movement, rat pups, 7492
visual & olfactory deprivation, acoustically directed homing orientation, kittens, 5172
visual cliff with shallow vs deep vertical patterns at varying distances from centerboard, avoidance, 1 day old chicks, 2679
visual deprivation induced by chronic intraocular tetrodotoxin, synaptic defects in lateral geniculate nucleus, kittens, 5220
visual deprivation, striate cortex Meynert cell morphology, kittens, 12198
visual function & social responses, infant rhesus monkeys in 1st 2 wks of life, 339
6-hydroxydopamine followed by dextro- vs levoamphetamine, dopamine & norepinephrine levels in brain & activity level at 15 & 20 & 25 days, rats, implications for hyperkinesis research, 2931

Infarctions (Myocardial) [See Myocardial Infarctions]

Infectious Disorders [See Herpes Simplex, Malaria, Measles, Neurosyphilis, Parasitic Disorders, Pulmonary Tuberculosis, Rubella, Syphilis, Tuberculosis, Viral Disorders]

Inference

ability to infer information during reading & use of connectives in remedial instruction program, silent reading comprehension, 2nd–9th graders, 2020
abstractness level of sentences, speed of evaluation & inference, college students, 713
age differences, role of reduced memory in reasoning from new information, 17–86 yr olds, 3129
causal attribution task, use of extended judgmental dimensions & applicability of Bayes' theorem as normative decision rule, 11874
classification of graphical data as to intervention effects & relative variation of data, visual inference with single-S data, applied behavior analysis experts, 2358
comprehension of mediate causal transmission & use of transitive inference, 3 vs 5 yr olds, 824
concurrent left hemisphere task, interference with RT to visual stimulus presented in right vs left visual field, normal Ss, 12091
contiguous vs noncontiguous presentation & nature of initial premise, inference, college students, 7245
development of transitive inference skills, 4–10 yr olds, 10158
formulae & graphs, computation of variances of 3 prototypical distributions, 2504
inference, product evaluation, adults, 2288
inference skills & reading development, school age children, 12415
inferences in pronoun comprehension, 4–6 yr olds, 10206
inferred opinions of others, self perception of ability & expectations & performance, 10432
information about length &/vs shape &/vs word following word to be guessed in middle of sentence, accuracy of guess, college students, 11873
knowledge of conjectural vs behavioral evidence on which questions were based, characteristics inferred from leading questions & answers, college students, 1004
memory performance concerning inferences in text comprehension, college students, test of memory models, 9638
method of presentation of mortality statistics, perceived importance of causes of death, adolescents, 7932
motion of tree with invisible trunk & branches with lighted limb ends, perception of tree structure, adult viewers, 274

single vs dual task conditions involving identical stimuli with different response requirements, information flow inferences & interaction of visual & auditory stimuli, college students, 4844
syntactically affirmative vs negative sentences containing semantically positive vs negative implicative predicates & linguistic context, drawing inferences, college students, 3012
time pressure & relative salience & additivity of dimensions of multidimensional stimuli, probabilistic inference, college students, 2630
viewing of pictures of neighborhoods, inferences about & attitudes toward residents, college students, 2261
Inferior Colliculus
electrical stimulation of auditory nerve, inferior colliculus evoked potentials, "deafness" mutant mice, 525
intense noise, response of auditory neurons in inferior colliculus, inbred mice, 554
monocular vs binocular enucleation, morphology of intercollicular pathway & number & distribution of intertectal cells, hamsters, 2911
sound stimulation, evoked potentials from inferior colliculus, surgical patients, 2791
Inferiority (Emotional) [See Emotional Inferiority]
Infertility [See Also Sterility]
infertility, marital relations, couples, 6022
psychological aspects of infertility & sterilization & problems in physician-patient relationship, literature review, 4123
sex differences, neuroticism & emotional disturbances, infertile couples, 3513
Infirmaries [See Hospitals]
Inflection
acquisition rates for comprehension & production of singular & plural noun forms, 11–15 yr olds with Down's syndrome, 8133
face vs tone of voice, communication of deception, college students, 5591
intonation contour & word order & age & linguistic competency level, development of pragmatic strategies, 2–4 yr olds, 7669
production & comprehension of inflected forms of Israeli Hebrew adjectives, native Israeli college students, 10067
rate of speech & normal vs exaggerated stress on critical elements of sentences, paragraph comprehension, 37–72 yr old aphasics, diagnostic & treatment implications, 8229
response coincidence analysis, stages in acquisition of system for pluralization, 2–7 yr olds, 3072
Influence (Interpersonal) [See Interpersonal Influences]
Influences (Social) [See Social Influences]
Information (Concepts) [See Concepts]
Information (Messages) [See Messages]
Information Exchange
analogy between food consumption & absorption of ideas & affect from others, 3479
ethogeny, semantics of social structure & social behavior of address exchanges, 5576
information flow & affect levels during criminal courtroom interactions, Australia, 7842
listener feedback, individuation of information transmitted & listener understanding, adults, 10404
model of interpretation & evaluation & planning in information dialog, 715
sources of information dissemination related to alcohol rehabilitation, alcoholism treatment center directors, 13471
Information Processes (Human) [See Cognitive Processes]
Information Processing (Automated) [See Automated Information Processing]
Information Retrieval (Automated) [See Automated Information Retrieval]
Information Seeking
age & awareness of ability hierarchy in running task & information seeking & selection of competitor, development of social comparison, 3–6 yr olds, 872
age differences, information acquisition strategies, 45–50 vs 60–65 vs 75–80 yr olds, 7661
biased vs unbiased phrasing of question about relationship between events, requests for information, college students, 2600
computer usage and decision making about seeking help, computer users, 9034
control deprivation, effort expenditure to gain information about extent of environmental control, college students, 9679
individualistic vs nonindividualistic preferences over outcome, information seeking & recall, high school students, 5425
influences on purchase & use of information for decision tasks, engineering students, 7132
informal vs formal sources of information in search for child care, 15–29 yr old mothers, 3315
information seeking about one's ability level as measured by IQ vs nonachievement tasks, Ss with low vs high self concepts of ability, 12742
intensive instruction in cue attendance or hypothesis generation, open exploration behavior, 9th graders, 15-mo followup, 6695
interest pattern structure & personality traits & occupational information seeking, community college students seeking career counseling, 2138
mass & interpersonal communication habits, urban college students, 12361
news media use, political knowledge during election campaign, high school students, 7711
perception of unexpected information, Ss with internal vs external locus of control, 12711
practices & needs in relation to literature information acquisition, military psychologists, West Germany, 8762
preferences regarding sources of disease-related information, 11–20 yr old cancer patients, 5996
probability & diagnosticity of evidence under hypothesized trait, confirmatory vs diagnostic gathering strategies in social perception context, college students & volunteers, 3433
questions concerning target person's location & occupation & age & sex, identification of chain of acquaintances, informants, 7869
self concept of ability & choice of & performance on achievement vs nonachievement task, male college students, 12743
social cognition processes, sensing of organizational problems, managers, 9123
specification of information objectives before prose reading, recall of goal relevant vs irrelevant material, college students, 9673
TV vs radio vs newspaper media usage & news topics of interest, surveyed 13 & 17 yr olds, 1969–75, 5431
type & amount of pre-purchase information seeking, adult buyers of small electrical appliances, 2298
Information Storage (Human) [See Human Information Storage]
Information Theory
application of information processing model, sociocultural determination of cognition, 12440
frequency of occurrence of letters of alphabet in word beginnings in English vs German vs French vs Spanish, 716
method to quantify information processing quality in problems of sequential prediction, test of transinformation component analysis, 11585
Information [See Also Related Terms]
agreement in judgments of accuracy of mass media reports on scientific symposium, participants, test of M. W. Charnley's method of defining accuracy, 2990
applicant sex & age & marital status & academic achievement as ambiguous information, evaluation of resume, male vs female personnel professionals, 9078
attitudes toward management information systems, users vs systems personnel in private organizations, 2196
availability & usefulness of assessment information for emotionally disabled students, school psychologists & multidisciplinary team members, 6830
background information on child, perceptions of exceptional children & opinions on mainstreaming, students in university special education course, 6784
computer based health promotion & information system, 11–18 yr olds, 4663
corrective vs noncorrective feedback with vs without candy, rate of acquisition & maintenance & generalization of printing, 4.5–5 yr olds, 12418
degree of factual material in case, sentencing bias in favor of attractive defendant, college students in mock jury, 3326
design of information systems, organization not familiar with new technology, 6886
distribution of pitch accents in verbal instructions, speakers, 718
educational information centers, assistance for adults who wish to make educational & career choices, 2114
egocentrism & role taking vs information regarding classmates, perception of own vs other chances of experiencing negative events, college students, implications for optimistic bias, 3502
future multimedia literacy needs, 6593
goal difficulty & normative information on goal achievement, personal goals & performance, college students, 11929

impression ratings & recall for behaviors consistent vs inconsistent with previously presented traits, college students, 12680
inadequacy of information provided to new mothers in maternity, pediatricians, 1762
incorporation of human information-processing behavior component in design of computer based management information systems, literature review, 2245
incumbent-perceived job interest & available information about hypothetical job, Position Analysis Questionnaire dimensions, college students, 2215
industrial employment & information & migration mechanisms, kin structure, working class families, 7797
information & cognitive maturity, altruistic decision making & donating behavior, 4.2–5.3 yr olds, 3238
information about calories & presentation in small vs large bowl, regulatory eating of ice cream, female restrained & unrestrained eaters, 242
information about surgery vs training in cognitive coping, knowledge of surgery & analgesic use & post-discharge pain, 27–61 yr old hysterectomy patients, 8643
information sources & expectations, attitudes toward menstruation & symptoms, pre- vs postmenarcheal 5th–8th vs 11th–12th grade females, cross sectional & longitudinal studies, 5311
information value, conditioned reinforcing value of stimuli, pigeons, test of hypothesis of M. D. Egger & N. E. Miller, 9730
informational communication, perspective & attitude change, college students, 3426
informativeness of test results & negative vs positive feedback on assertiveness, ratings of accuracy & acceptance of feedback & recall & self ratings, male college students, 3462
knowledge representation & elicitation & inference & system & expert-machine-user interface factors of expert decision support systems, military situation assessment, 2246
learning of little known but true facts about famous historic person, retrieval of factual information, college students, implications for global & specific components of information integration, 4939
linguistic information transfer via alpha-numeric display, user communication in Naval command systems & design of human-computer dialog format, 6896
locus of control & amount of consumer information about prenatal & obstetric drugs, 13–41 yr old postpartum females, 13283
logical solution sequence length, time of problem solution, college students, 9619
metacognitive guidance regarding message ambiguity, understanding of ambiguity as cause of communication failure & verbal referential communication skills, 4.3–5.3 yr olds, 5384
method of presentation of mortality statistics, perceived importance of causes of death, adolescents, 7932
need for therapist-provided educational information on hypnotherapy, 8509
nutritional modification with vs without blood pressure self monitoring & social competence training or relaxation training or information, blood pressure & body weight, obese patients with essential hypertension, 8382
perceived control & situational information, frustration tolerance during unpredictable noise exposure, college students, 12735
perceived influence of various information sources, decisions concerning primary & secondary prevention & drug therapy, interns & senior residents & faculty general internists, 6530
perceived task uncertainty & complexity & quality & accessibility of information, use of information sources in decision making, welfare agency employees, 9167
perceptions of company's handling of personal information, multinational corporation employees, 2242
physical attractiveness stimuli before vs after performance & primacy effect, attributions of ability, college students, 3406
point-of-choice nutrition information program, modification of milk selection, college students, 13598
positive vs negative written information from consultant & videotapes showing withdrawn vs acting-out behavior, expectations of behaviorally disordered children, regular classroom elementary teachers, 8820
problems of communication with future generations about dangers of nuclear waste, 2991
procedural information & knowledge of rationale, evaluation of propriety of field studies, 23–67 yr old passersby, 4668
procedural vs sensation information about threatening medical procedure, expectations & emotional responses, 24–61 yr old hospitalized patients, 6356
receipt of occupational information, cognitive complexity, vocationally decided vs undecided college students, replication of J. L. Bodden & L. E. James's study, 9042
redundancy among indicators in Mental Health Demographic Profile System, 1970, 8581
school district information vs information needs, teachers, 4348
social comparative information &/vs goal setting, self efficacy & division skills, low achieving 4th–5th graders, 11238
social criteria & impact, development & implementation of advanced information technology in workplace, 11434
sources of potential harm to information reliability, acceptability & design of decision support systems, 2257
sources of relevant statistical information, mental health planning & administration, 1676
sources of sex information, college students, 5460
species-typical information as detected from structural & transformational invariants, 2677
specifications & theory & human & computer expert thinking, 11875
summary of American Bar Association Provisional Criminal Justice Mental Health Standards, 5531
susceptibility to biasing information, negative vs positive treatment of high vs low status students & subsequent student performance, high school student teachers, 1891
tactical map scenario, data patterns & meaningful informational chunks in battlefield reconstruction & copying task, military officer experts vs college student novices, information system design implications, 2244
thiazide with vs without package insert or leaflet describing side effects, knowledge & reporting of side effects & attribution of affects to drug, hypertensive patients with mean age of 51.5 yrs, 8469
verbal strategies for marking new vs old information, language disordered 4–6.7 yr olds vs normal 1.1–2.5 yr olds, 8164
volunteer program, provision of community resource information for correctional services, 13449
Inhibition (Personality)
anonymity & self differentiation, responses to transgressive & prosocial behavior, 17–18 yr old males, 1025
interpersonal cognitive problem solving intervention, impulsive & inhibited behavior, disadvantaged Black 4 & 5 yr old nursery school & kindergarten students, 4385
Inhibition (Proactive) [See Proactive Inhibition]
Inhibition (Retroactive) [See Retroactive Inhibition]
Initiative
model involving apathy vs reactivity vs conductivity, differential styles in intimate relationships, 10405
Injuries [See Also Burns, Head Injuries, Self Inflicted Wounds, Spinal Cord Injuries]
biorhythmic critical days & injuries, football players, 12133
blood alcohol concentrations, persons killed or injured in road crashes, 5980
frostbite & gangrene, mentally ill 35–63 yr olds, 1138
incidence of alcohol vs marihuana vs tranquilizer usage, drivers injured in traffic accidents, 3863
knowledge of safety practices & child development, parents with mean age of 28 yrs with hospitalized children, 1415
patrol staffing with 1- vs 2-officer units, injuries & hostile interactions, police & citizens, 10345
perceptions of operative site covered by plaster cast, 6–12 yr old surgical patients, 13086
role in management of hospitalized trauma patients, social workers, 8596
severe dog bite, personality change & symptoms & subsequent personality development, 20 & 26 & 36 mo olds, 5964
sex & race & social status & gross motor development level, incidence of bruising, 3 yr old children, 13094
skin vs deep-tissue injuries, onset of pain, 16–35 yr old patients, 13054
social & emotional adjustment, 25–45 yr old Vietnam War veterans suffering disfiguring vs no injuries, 4221
Inmates (Prison) [See Prisoners]
Innate Behavior (Animal) [See Instinctive Behavior]
Inner City [See Urban Environments]
Inner Ear [See Cochlea]
Innovativeness [See Creativity]
Inquisitiveness [See Curiosity]
Insanity [See Mental Disorders, Psychosis]
Insecticides
carbaryl sublethal concentrations, surfacing behavior & food intake & growth, air-breathing fish, 2920

paraoxon-induced acetylcholinesterase reduction, avoidance conditioning & subsequent tolerance & discrimination, male rats, 614
Insects [See Also Ants, Bees, Beetles, Butterflies, Cockroaches, Diptera, Drosophila, Grasshoppers, Larvae, Moths]
courtship chirping as warning communication & dominance, mating success, male crickets, 12010
EMG evidence for flight interneurons in abdominal & thoracic ganglia, locusts, 2803
group size, avoidance & other anti-predator strategies, marine insects, 414
male body weight, mate selection, female katydids, 7347
pheromones, initiation of foraging & recruitment & defense, tropical termite soldiers, 2735
physical principles in & behavior during pit construction, antlions, 7361
production of maintenance of pure-breeding lines, blow flies with high vs low central excitatory state, 5022
runway & shuttle box for olfactory aversive conditioning, insects, 6936
sensory inputs in generation of flight motor patterns, insects, 5032
single-lens simple eyes, behavior, insects, review of neurological studies, 486
visual & mechanical cues in short period following moult & number of foreleg femur & claw movements, subsequent predatory success, water stick insects, 364
Insecurity (Emotional) [See Emotional Security]
Insensitivity (Personality) [See Sensitivity (Personality)]
Inservice Teacher Education
fixed role treatment, change in personal construct systems underlying classroom teaching, new high school English teachers, 11174
inservice communication skills training, consultation outcome with elementary school teachers, learning disabilities resource teachers, 4351
inservice education to promote career & vocational education for handicapped students, teachers & administrators, 13578
objectives approach in inservice workshop on learning difficulties, teachers, 11188
perception of inservice training needs & most effective method of delivering such training, special education teachers of mentally retarded students, 6609
planning & evaluation of public school personnel preparation programs related to Public Law 94-142, teams of teachers & specialists & administrators, 8815
preparation for mainstreaming of severely retarded students, regular classroom teachers, 11368
repertory grid, in-service diploma course evaluation, teachers, 1911
review of development of Child Service Demonstration Centers, identification & remediation of learning disabled children & teacher training, 6753
Teacher Effectiveness Training stressing communication skills & problem solving strategies, student-teacher interaction, special education & regular teachers, 13567
Inservice Training (Mental Health) [See Mental Health Inservice Training]
Insight
creative problem solving, reply to P. Ellen's position on Gestalt theory, 7249
insight, lithium compliance, manic depressives, 6310
perceptual direction & hints & training & past experience, creative problem solving, review of Gestalt approach, 7232
Insight (Psychotherapeutic Process)
cognitive-developmental analysis of insight in psychotherapy, 7 yr old female, 10837
therapeutic concepts of E. T. Gendlin & A. Angyal, focusing as way to facilitate holistic insight & therapeutic change, 6127
Insight Therapy
behavior vs insight-oriented therapy, attitudes toward patients & suitability of treatment & perceived attitudes of patients, therapists treating 18–55 yr old clients, 13116
goals & techniques of gerontopsychotherapy, 6144
insight psychotherapy & behavior modification, hair pulling, 15 yr old female, 6074
insight-oriented & behavior & family & marital therapy & residential treatment, treatment of incest, child victims & abusers & families, literature review, 13117
therapist's sex & type of therapy & importance of defenses & transference & resistance, successful treatment of neurotic & personality disorders, 10820
Insomnia
etiological factors & treatment of insomnia, literature review, 5931
lormetazepam vs amobarbital, treatment of moderate insomnia & side effects, psychiatric outpatients, 4053
presleep physiological & cognitive activity & personality factors, insomnia, 20–53 yr old sleep onset insomniacs, 1364
prevalence of sleep apnea & sleep apneic activity & nocturnal myoclonus & nocturnal myoclonic activity & correlation with psychopathology, 18–78 yr old insomniacs, 1378
progressive relaxation & EMG biofeedback & biofeedback placebo, sleep-onset insomnia, 17–64 yr olds, 1569
psychopathological characteristics & insomnia, female with pharyngeal carcinoma, 8173
sleep patterns & sleep-incompatible behaviors as stimulus control factors, sleep-onset insomniacs, 5973
temazepam, methylphenidate vs caffeine induced insomnia, male college students, 667
theta vs sensorimotor rhythm feedback, psychophysiologic insomnia, patients with mean age of 48.7 yrs, replication of previous study by 1st author, 8407
triazolam efficacy & tolerance, insomnia, psychiatric patients, 4073
Instability (Emotional) [See Emotional Instability]
Instinctive Behavior
aggressive responses to conspecific song vs mockingbird imitation & quality of imitation, red-winged blackbirds, 2708
birds' songs & instincts & relationship with keepers, comment on works of I. Kant & D. Barrington, 2742
conspecific egg discrimination as measured by egg switching & presence of intraspecific blood parasitism, pinon jays vs great-tailed grackle vs barn swallows, 2722
dominance in dyadic competition for access to drinking nozzle delivering water vs novel solution, neophobic responses, rats, 5002
egg acceptance & host substitution & recognition, azure-winged magpie & great spotted cuckoo chicks, 7319
failure to demonstrate spatial memory in radial maze, mice vs rats, implications for research on innate foraging patterns, 4967
Kleinian vs Freudian instinct theory, 6929
male courtship patterns & associated markings, conspecific recognition by females & construction of phylogeny, Drosophila nasuta, 391
negative phototaxis vs classical conditioning as possible explanations of research results, planaria, 9708
sensory discriminatory processes, pup recognition & retrieval, female mice, 7328
sex of S & stranger, recognition of strangers differing in littermate & cagemate status & kin recognition, white-footed deermice, 375
surface & flight distance & kleptoparasitism & clam weight, height of shell dropping, mature vs immature Western gulls, 2726
unilateral blindfolding, locomotor circling responses, marine turtle hatchlings, implications for phototaxic basis of seaward orientations following birth, 4994
utility of K. Lorenz' hydraulic model, instinct theory of human behavior, 2331
Instinctive Behavior (Animal) [See Instinctive Behavior]
Institutional Release [See Also Hospital Discharge, Psychiatric Hospital Discharge]
length of institutionalization & level of mental retardation & age at release & type of facility, 1–75.8 yr old public facility residents, 1752
Institutional Schools
advantages/disadvantages of autonomous school vs integrated psychoeducational models of education in residential treatment, emotionally disturbed children, 11067
community adjustment & relations with parents & others, 6–15 yr old leavers from residential schools for maladjusted children, 6-yr followup, 11341
group treatment programs emphasizing community service, troubled adolescents, 6750
residential treatment & education, maladjusted children, survey of recent research, 13403
structured vs therapeutic schools, relationship with staff, male delinquents, 1802
Institutionalization [See Also Commitment (Psychiatric), Hospital Admission, Hospital Discharge, Hospitalization, Incarceration, Institutional Release, Psychiatric Hospital Admission, Psychiatric Hospital Discharge, Psychiatric Hospital Readmission, Psychiatric Hospitalization]
age & intelligence & residential setting, problem behavior severity, mentally retarded, 11001
attachment & exploration around strangers & communication, institutionalized 12–18 mo olds vs noninstitutionalized 12 mo olds, 6449

health & adjustment, institutionalized vs noninstitutionalized 60–81 yr old males, 13398
institutionalization, development of autonomy, mentally disturbed adolescents, 1775
institutionalization vs home care, infants & children & adolescents, 6439
occupation & token economy program, intellectual preservation, institutionalized 60–101 yr olds, 13232
participation in child welfare decisions, 9–18 yr olds in group or foster homes or institutions, 6380
society & class conflict, institutionalization & mental health practices, Brazil, 13387
Institutionalized Mentally Retarded
age at 1st admission to residential facilities, mentally retarded, 1953–78, 6447
behavioral competencies & admission & discharge criteria of community residential facilities, institutionalized mentally retarded, 1753
behavioral treatment, nocturnal enuresis, 19.6–31.6 yr old institutionalized mentally retarded females, 13238
coding processes & linguistic activity, institutionalized moderately retarded adults, 12977
discontinuation vs long term usefulness of thioridazine, behavior problems & long term progress, 13–65 yr old institutionalized mentally retarded, 6288
facial screening, suppression of screaming, 20 yr old institutionalized profoundly retarded female, 1577
group size & composition, self stimulation & interaction, 16–26 yr old institutionalized severely & profoundly mentally retarded males, 11070
imitation of peers vs adults on sticker vs face preference tasks, institutionalized vs noninstitutionalized mentally retarded with mean ages of 16.2 vs 14.7 yrs, 5882
incidence of 2-way communication impairment, institutionalized mentally retarded adults, 3741
internal consistency reliability of Adaptive Behavior Scale, 7–53 yr old institutionalized mentally retarded, 9378
length of institutionalization & level of mental retardation & age at release & type of facility, 1–75.8 yr old public facility residents, 1752
long term efficacy & temporary withdrawal of antipsychotic drugs, behavioral deterioration, institutionalized retarded, 6321
prevalence & frequency & seasonality & medical complications of food & non-food pica, institutionalized mentally retarded 11–88 yr olds, 1307
room manager procedure, social participation & purposeful activity, severely & profoundly retarded 17–69 yr olds in residential home, 8632
sex & age & intelligence, developmental changes, institutionalized mentally retarded 5.9–19 yr olds, 3-yr study, 5890
socialization games, prosocial behavior & interpersonal distance, 19–32 yr old moderately & severely mentally retarded aggressive institutionalized females, 11056
status & trends of public residential facilities for mentally retarded, 6457
thioridazine & chlorpromazine therapy, development of corneal & lenticular opacities, institutionalized mentally retarded 18–33 yr olds, 1619
thioridazine & withdrawal dyskinesias, workshop performance, institutionalized mentally retarded 14–26 yr olds, 6271
use of videotape analysis in mediation cotherapy, institutionalized mentally retarded with problem behavior, 11059
Institutions (Correctional) [See Correctional Institutions]
Institutions (Residential Care) [See Residential Care Institutions]
Instruction [See Teaching]
Instruction (Computer Assisted) [See Computer Assisted Instruction]
Instruction (Individualized) [See Individualized Instruction]
Instruction (Programed) [See Programed Instruction]
Instructional Media [See Also Educational Audiovisual Aids, Motion Pictures (Educational), Reading Materials, Textbooks]
attention-influencing devices in visual instructional media, attention & recognition & recall performance, educable mentally retarded elementary & middle school students, 6670
characteristics of learner preferred visuals, 8843
compatibility of instructional materials with student background & cognitive development, intellectual overload, students, 8861
introspection & visual thinking as means to create & store information, symbol system development for media productions, instructional technologists, 1951
IQ & realism of color cueing of visual instruction, immediate vs delayed retention of information, college students, 4353
microcomputer system for organization of instructional materials, selection of materials for special students according to their learning styles & needs, teachers, 6780
microcomputers in education, critical review of papers presented at 1982 Symposium on Research & Utilization of Educational Media for Teaching Deaf, 13686
Instructional Objectives [See Educational Objectives]
Instructions (Experimental) [See Experimental Instructions]
Instructors [See Teachers]
Instrumental Conditioning [See Operant Conditioning]
Instrumental Learning [See Operant Conditioning]
Instrumentation (Flight) [See Flight Instrumentation]
Insulin
celiac vagotomy with vs without hepatic vagotomy vs total vagotomy, ingestive response to 2-deoxydextroglucose vs insulin vs polyethylene glycol vs epinephrine vs hypertonic saline, male rats, 12185
dexamethasone vs insulin vs domperidone vs haloperidol vs acetylsalicylic acid vs naloxone vs chlorpheniramine vs cimetadine vs dimethyl sulfoxide, radiation-induced taste aversion, rats, 9995
elevated insulin levels, food intake, normal vs dietary-obese rats, 7575
hunger inducing insulin injection, metabolic & physiological changes, male rats, 12275
iv self injected glucose & glucagon & insulin before vs after meals, blood glucose levels, rats, 12292
naloxone & novel vs familiar environment, insulin-induced food intake & hypoglycemia, male rats, 681
purines, suppression of spontaneous muscimol- vs insulin- vs deprivation- vs diazepam-induced eating, male rats, 648
Insurance [See Also Employee Health Insurance, Health Insurance, Life Insurance, Workmens Compensation Insurance]
attempts to establish expert & referent power, insurance buying, sales agents & clients, 4608
attitudes toward property & property insurance & frequency of claims, 18–84 yr olds, 9208
medical claims & health insurance, compulsory accident & mental illness & subsequent disablement, Switzerland, 12814
need for liability insurance coverage, counselors, 11121
Insurance Agents [See Sales Personnel]
Integration (Racial) [See Social Integration]
Intellectual Development [See Also Language Development]
age & changes in intelligence as seen in 3-yr changes in Draw-A-Person test scores, 7–12 yr olds, Nigeria, 5366
breast feeding practices, intelligence & language development, children at 3 & 5 & 7 yrs of age, New Zealand, 12421
development of economic understanding & attitudes & motivations in pre-adult years, 3062
epidemiology of day & night enuresis & emotional & intellectual development, 3 yr olds, 7629
evolution of language & intelligence, early hominids, critique of S. T. Parker & K. R. Gibson's article, 2324
middle-high vs low family socioeconomic level, intellectual development, 4–18 mo olds, 10143
noninstructional vs instructional variables in development of reading, acquisition of decoding skills & reading-to-learn, primary grade vs older children, literature review, 1945
order of acquisition of concept vs words of "front" and "back", 2–3 yr olds, 5371
process of learning to read, child from birth to 2 yrs old, 793
sociocultural variables & bilingualism, intellectual functioning & acquisition of reading skills & bilingual education & assessment of reading problems, children, 1930
teacher's personality, traits & attitudes & intellectual functions & adjustment, 10–11 yr olds & their teachers, 11299
voluntary community service & career internships & community study/political action & adventure education, psychosocial & intellectual development, adolescents, 11203
Intellectually Gifted [See Gifted]
Intelligence
age & intelligence & residential setting, problem behavior severity, mentally retarded, 11001
age & reflection-impulsivity, intelligence & field dependence/independence, 60–79 yr old females, 1066
age, development of intelligence, 18–40 yr olds, 3165
anxiety & intelligence, academic achievement, high school students, 1998
autosomal recessive allele M sub 1, intelligence, mathematics, 435
background characteristics & speech articulation & language & motor development & intelligence & behavior problems, 5 yr olds with bilateral otitis media with effusion, 1422

CA & MA & intelligence & vocabulary level, classification criteria as measured by modified Weigl Color-Form Sorting Test, 8–11 yr olds, 5397
category vs neutral prime & age & perceptual vs nonperceptual categories, speed & strategies in processing subordinate-superordinate relationships, educable retarded Ss with mean age of 16.6 yrs vs normal 2nd vs 5th vs 11th graders, 3742
chronic exposure to trichloroethylene in work place, intelligence & attention span & physical & psychological health, personnel, 2983
convergent & divergent thinking & intelligence, assessment of scientific creative abilities, adults, 174
criticism of A. R. Jensen's 2-level theory of intellectual abilities, 9600
diagnostic classification & demographic characteristics & intellectual abilities, Black vs White 13–18 yr old male delinquents, 8101
dietary carbohydrates, hair cadmium & intelligence & school achievement, 5–16 yr olds, 12397
EEG correlates of intellectual functioning, 12–14 yr olds with mean IQs of 79 vs 147, 3104
environment & intelligence, achieved educational level, reanalysis of L. M. van Meeram & A. A. van Peet's data, 1990
experience & seniority & age & education & intelligence, performance in assessment center, 25–46 yr old middle managers, 2188
experiential correlates of superior intellectual functioning, 16–65 yr olds, 7685
factor analysis & cluster analysis, intelligence achievement, high school students, 7663
factor analysis, Henderson Environmental Learning Process Scale responses, mothers of 7–14 yr old learning handicapped children, 112
field dependency & intelligence & geometrical figure recognition capacity, urban vs rural male college students, 12706
formulae for prediction of premorbid intellectual functioning, children, reply to criticism by C. R. Reynolds & T. B. Gutkin, 216
goals of componential analysis, study of intelligence, humans, commentary on R. J. Sternberg's article, 2355
hearing aids, functioning intelligence, children with mean age of 4.5 yrs with bilateral sensorineural hearing loss, 4132
Home Observation for Measurement of Environment & intelligence scores, preschool age children, 5-yr longitudinal study, 12413
individual differences in visual & auditory functions & relationship to intelligence, 20–35 yr old male convicts, 2404
induced physical fatigue, scores on measures of fluid vs crystallized intelligence, 15–17 yr old males, 804
information seeking about one's ability level as measured by IQ vs nonachievement tasks, Ss with low vs high self concepts of ability, 12742
inheritability of intelligence, 7395
inspection time in simple discrimination as culturally & racially fair measure of intelligence, 2466
intellectual functioning before vs after treatment, dementia patients & psychotics, 3578
intellectual strengths & weaknesses as seen in WISC-R profiles, 8–11 vs 13–16 yr old cultural-familial mentally retarded vs 8–11 yr old normal Ss, 1315
intelligence & aptitude & achievement in science, 11th graders, 6715
intelligence & cognitive abilities, left vs right handed persons, literature review, 7442
intelligence & GPA & other educational rewards & anxiety level & commitment & personality, persistence in education, high school males, 8-yr study, 8893
intelligence & problem difficulty, EMG rewarding of tongue during problem solving, 4th graders vs college students, 12411
intelligence & sex, performance on vigilance task with signal detection, high school students, 5376
intelligence & sex, psychomotor performance, high school students, 12435
intelligence & visual perception & psycholinguistic ability & incidence of psychopathology, 48–120 mo olds of alcoholic vs epileptic mothers, 5689
intelligence, accident & violation records, 20–23 yr old male drivers, implications for driver training, 11431
mathematics achievement & cross- & intrasensory matching ability & IQ, 3rd graders, 13642
multidimensional model, assessment of intelligence performance within information processing framework, learning disabled students, literature review, 2113
multiple orthogonal factor model of intelligence, 3449
neuroticism & extraversion-introversion & intelligence & verbal comprehension & sex, verbal fluency, high school students, 5325
origin & development of variability hypothesis, biological sex differences in intelligence, 4650
parental education & socio-occupational background, intellectual ability, 11 yr olds, Poland, 5355
parents living together vs apart vs presence of mother only, academic achievement & intelligence, 8 yr old males, 5345
partialing out education & postmorbid intelligence, correlations between Luria-Nebraska & Halstead Reitan Neuropsychological Batteries, brain damaged patients, 103
personality & intelligence, job satisfaction in self vs machine paced assembly work, female industrial personnel, 13809
possibilities for intelligent social action, comment on G. H. Mead's analysis, 2320
psychological & intellectual & neurological assessment, behavior disordered 13–16 yr olds, 10628
psychometric investigation of inductive reasoning in intelligence assessment, 2401
sex & age & intelligence, developmental changes, institutionalized mentally retarded 5.9–19 yr olds, 3-yr study, 5890
sex differences, cognition & intellectual ability, literature review, 10134
socioeconomic status & intelligence & memory, implications for A. R. Jensen's Level I/Level II theory, comments on article by L. Stankov, 9647
speech retardation, subsequent performance on language & verbal vs nonverbal IQ subtests, 3 yr olds, 2-yr followup, 1342
structure of intellect factor measures vs subtests of Florida State-Wide Twelfth Grade Test, prediction of physics achievement, high school students, 4499
WAIS as adjunct to neurological diagnosis, monitoring of intellectual functioning, 29–52 yr olds with Huntington's disease, 4754

Intelligence Age [See Mental Age]

Intelligence Measures [See Also Culture Fair Intelligence Test, Illinois Test Psycholinguist Abil, Peabody Picture Vocabulary Test, Porteus Maze Test, Raven Coloured Progressive Matrices, Raven Progressive Matrices, Remote Associates Test, Stanford Binet Intelligence Scale, Wechsler Adult Intelligence Scale, Wechsler Intelligence Scale Children]

age & changes in intelligence as seen in 3-yr changes in Draw-A-Person test scores, 7–12 yr olds, Nigeria, 5366
age, performance on Digit Symbol Substitution tasks, 30–92 yr olds, 12423
cluster analysis & selection of appropriate measures & computation of classification scores, identification of Ss who misarticulate /s/ &/vs /r/, 8–9.5 yr olds, 7022
concurrent validity of McCarthy Scales of Children's Abilities with Wechsler Preschool & Primary scale of Intelligence & WISC-R, 4–8.5 yr olds, 2417
concurrent validity, Perkins-Binet Tests of Intelligence for Blind, blind students with mean age of 13.3 yrs, 9447
correlation of Rimland E-2 & measures of intelligence & social competence & language function, behaviorally disordered 5.3–13.1 yr olds with MAs 7–38 mo, 3659
correlations between Quick Test & WAIS-R, 16–67 yr olds, 7118
diagnostic considerations, Asian Americans, 13115
expert testimony on value of individual intelligence tests for Black children, psychologist testifying in Larry P. v Wilson Riles case, 977
factor analysis, assessment of overlap between projective & psychometric measures of creativity & fluid & crystallized intelligence, 18–26 yr old males, 149
factor analysis of responses to standardized tests, field dependence construct, 3rd graders, 2478
features & administration & limitations of Perkins-Binet Tests of Intelligence for Blind, low vision & blind school children, 2092
history of class action litigation on right to appropriate education for handicapped children & cultural bias of intelligence tests, 954
intelligence test performance, minority children, criticism of V. MacKenzie's study, 11623
item analysis of Leiter International Performance Scale in terms of perceptual & conceptual content & interpretation of Leiter IQ, language disordered vs normal 4.4–5.5 yr olds, 7023
learning test concept, intelligence assessment, literature review, 7018
MMPI Social Introversion Scale scores vs Shipley-Hartford abstract & verbal intelligence scores, independence of construct of social intelligence, psychiatric patients, 11670
morning vs afternoon testing, Verbal vs Performance vs Full Scale IQs, 6–15.8 yr olds, 7079
multitrait-multimethod validity, Test of Formal Reasoning, military recruits, 7035

new norms for Hamburg-Weschler Intelligence Tests for Children, 6–15 yr olds, Austria, 7101
paired associate learning with word vs picture stimuli & performance on verbal intelligence vs spatial abilities measures, evidence of dominant hemisphere dysfunction, 6.6–11.7 yr old schizophrenics vs 7.8–11.8 yr old nonschizophrenics, 1133
perceived relevance & difficulty of intelligence test items, college & high school students, Australia vs Taiwan, 128
Perceptual Maze Test, automated measurement of treatment effects of ECT vs drug therapy vs psychosurgery, implications for development of automated psychological tests, 4733
radex structure of intelligence tests, 9th graders, replication of experiment of L. Guttman & S. Levy, 2398
revised version of automated tailored Picture Matching Test, measurement of concept formation, aged psychiatric patients, 202
scores on MMPI & Peabody Picture Vocabulary Test & Revised Beta Examination, Black vs White murderers, 4752
scoring reliability, Griffiths Mental Development Scale, 2 mo to 7 yr olds, 2440
single vs competing auditory psychometric tasks, measurement of intelligence, college students, 11650
strategy for assessment of intelligence, male quadriplegic spastic with no speech, implications for labeling, 7049
validity & internal consistency of Intellectual Processes scale of Luria-Nebraska Neuropsychological Battery, assessment of intellectual ability, high school & college students, 4776
validity of American College Testing Proficiency Examination Program, placement in Bachelor of Science in Nursing program, students from hospital-based nursing diploma program, 8781
validity of automated form of AH4 Group Test of Intelligence & Digit Span Test & Mill Hill Vocabulary Scale—Synonyms, severely physically disabled 19–70 yr olds, 4805
validity of D-48 & D-70 forms of Domino Test, prediction of academic achievement, college students, 8982
validity of Revised Beta Examination, screening of intelligence, 20–42 yr old Black & Hispanic low functioning criminals, 4750
validity of Snyders-Oomen Nonverbal Intelligence Scale, 3–6 yr olds, 144

Intelligence Quotient

age & cultural environment & socioeconomic level, IQ, Puerto Rican children, 2454
age & IQ & education, performance on Rey Auditory-Verbal Learning Test, 19–81 yr old male general hospital inpatients, 11677
age & sex & IQ & instruction, generalization of science concepts, kindergartners vs 3rd vs 5th graders, 5343
age & sex & IQ, social & cognitive aspects of play, educable mentally retarded vs learning disabled vs behavior disordered 3–6 yr olds, 3519
age, length of time breastfed & IQ, 6–8.5 yr olds, 3079
age, WAIS-R IQs, 35–74 yr olds, 185
auditory comprehension & constructional apraxia, WAIS performance, adult male aphasics, 10699
clinical status, daily living ability & IQ & psychomotor RT & EEG, 21–53 yr old hospitalized patients with myoclonus epilepsy, 5994
constancy of IQ scores as measured with Stanford-Binet Intelligence Scale, educable retarded 10.9 yr olds, 3-yr study, 192
correlations & regressions for IQ, parents & their offspring, 12039
diffuse thalamocortical system EEG time constants & WAIS IQ & field dependence, 18–36 yr olds, 12092
family structure & home environment, effect of socioeconomic status on intelligence, White 6–11 yr olds, 3134
genetic & environmental influences, WISC & WAIS IQs, adopted & biological children & parents, 12035
hierarchically graded memory standards & IQ, 8–12 yr olds, 5341
human growth hormone replacement therapy, IQ & academic achievement & emotional functioning, 4–18 yr olds with hypopituitarism, 4051
intellectual functioning & psychomotor activity, patients with uni- & bipolar depression, 1144
IQ & adaptive behavior, discrimination learning & memory & transfer, moderately retarded with mean age of 25.7 yrs vs severely retarded with mean age of 28.6 yrs vs low vs high profoundly retarded with mean ages of 26.1 & 26.9 yrs, 1312
IQ & cognitive function & personality traits, Turner's syndrome 3–21 yr olds, 3822
IQ & motivation & social reinforcement experience, prediction of academic achievement, Black 7th & 8th graders, 4403
IQ & progressive prompt delay intervals, patterns in prompt dependent vs independent responding in apparatus assembly, mentally retarded 17–60 yr old vocational rehabilitation clients, 6479
IQ & realism of color cueing of visual instruction, immediate vs delayed retention of information, college students, 4353
IQ & Rorschach indices, male college students, 1071
IQ & socioeconomic status & sex, activity choices in nursery school & cognitive socialization, 4 yr olds, 5326
IQ scores & achievement in reading & verbal language & auding after tutoring, 16–51 yr old male inmates, 13606
item analysis of Leiter International Performance Scale in terms of perceptual & conceptual content & interpretation of Leiter IQ, language disordered vs normal 4.4–5.5 yr olds, 7023
maturational hypothesis & preoperational-concrete operational stage transition & IQ, Piagetian task performance, average & bright 6 & 8 yr olds, 3135
morning vs afternoon testing, Verbal vs Performance vs Full Scale IQs, 6–15.8 yr olds, 7079
neurodevelopment & motor impairment & IQ, 5.6–7.8 yr olds identified as clumsy, 7658
Otis-Lennon Mental Ability Test vs Stanford Achievement Test vs demographic variables, academic achievement prediction, 2nd & 4th graders, 8970
parental status & age at 1st court contact & age at admission & diagnosis & IQ, recidivism & premature program termination, 14–17 yr old delinquents, 6469
performance on WISC-R vs Wechsler Preschool & Primary Scale of Intelligence vs WAIS, 3–19 yr old siblings of autistic children, 5757
perinatal & infant physical status & child development & mother-infant interaction & family ecology & parent perceptions of child, IQ & language skills, infants, 4-yr longitudinal study, 3076
practice & training, validity of IQ vs socioeconomic status vs adaptive behavior in predicting learning ability, educable mentally retarded 7–11 yr olds, 5885
prenatal barbiturate, exposure, humans & animals, literature review, 7565
problems with controlling for IQ differences with ANCOVA & empirical example, reading disabled Ss with mean age of 112.5 mo, 223
psychiatric diagnosis & MMPI & 16PF personality profiles & IQ & neurological results, killers vs nonviolent offenders, 12933
sex & 1st-grade classroom adaptation, prediction of age of 1st use of alcohol & cigarettes & marihuana, 16–17 yr old urban Blacks, 10377
social class & IQ, biological children of unskilled workers adopted at infancy by middle class families, 9827
socioeconomic status, WISC IQ, elementary school students, 822
therapist-S relationship & depth of hypnosis & use of posthypnotic suggestion & S age & IQ, learning & memory recall, school age vs older patients, 8514
training in cognitive uses of language, IQ, culturally deprived 6 yr old male, 6782
validation of & normative data for Nelson & McKenna's formula, estimation of premorbid IQ, healthy 18–84 yr olds & brain damaged patients, 233
WAIS Verbal vs Performance IQs & Bender-Gestalt scores, 16–51 yr olds matched on WAIS Full Scale IQ, 2482
weight-for-height & other physical growth variables & socioeconomic status, IQ, 3–6 yr olds, 3056
WISC-R Verbal & Performance & Full Scale IQs & Bannatyne recategorized scores, nonhandicapped vs educationally disadvantaged vs learning disabled vs regular classroom Navajo 6–16 yr olds, 2119
WISC-R Verbal vs Performance IQ discrepancy, 4–17 yr olds with acute lymphoblastic leukemia, replication of study by J. A. Stehbens et al, 1384

Intelligence Scales [See Intelligence Measures]

Intensity (Stimulus) [See Stimulus Intensity]

Intentional Learning

age & labeling vs sentence repetition vs interrogative elaborations, incidental vs intentional paired associate learning, 5–7 vs 10–13 yr olds, 3150
direct vs observational learning, selective attention to stimulus components & retention, 5.9–6.8 yr olds, 10178
group vocabulary instruction, intentional & incidental learning, mentally retarded 10.4–14.7 mo olds with IQs of 32–66, 6764
incidental vs intentional attention to scene, recall & recognition of elements, college students, 316

incidental vs intentional learning conditions, free vs letter-cued recall vs recognition, college students, 7272
intentional vs incidental learning of words, free recall, 2653
Interaction (Double Bind) [See Double Bind Interaction]
Interaction (Interpersonal) [See Interpersonal Interaction]
Interaction (Social) [See Social Interaction]
Interaction Analysis (Statistics)
BASIC PLUS program to generate F table using G. Keppel's interaction analysis, planned comparisons in repeated-measures analysis of variance designs, 7010
BASIC program, 2-factor ANOVA with 1 nested factor, 9283
calculation of power of F test in fixed vs random vs mixed effects ANOVA, 218
coherent factorial ANOVA hypothesis testing using hierarchical model, 4813
FORTRAN program for ANOVA, testing multiplicative trend components of factorial design interactions, 9359
identification of types & interpretation problems in statistical interaction analysis, 11708
interactive PASCAL program, calculation of expected values for factorial ANOVA models, 9354
item by group interaction method vs method comparing probabilities of response for different groups conditional on ability level, assessment of item bias, 107
paired associate word vs picture lists, cued recall, kindergartners vs 2nd vs 6th graders vs college students, comparison of stages-of-learning vs traditional interaction analyses of memory development, 3080
Interaction Variance
BASIC PLUS program to generate F table using G. Keppel's interaction analysis, planned comparisons in repeated-measures analysis of variance designs, 7010
Intercourse (Sexual) [See Sexual Intercourse (Human)]
Interdisciplinary Treatment Approach
assessment of Type A behavior & demographic factors & implications for prevention of heart disease, 40–59 yr old male factory workers, Belgium, 2448
behavioral & psychological & educational treatment methods, 10 yr old schizophrenic male, 8293
behavioral management programs, obese 23 & 34 yr old females & 41 yr old male, 8419
behavioral medicine approach in psychosomatic medicine, 3899
classroom-based program, social development & self esteem & problem solving, emotionally disturbed males in elementary special education, implication for cooperation between occupational therapist & school psychologist, 9029
comprehensive interdisciplinary vs traditional health care programs, infant immunization status & maternal contraceptive use & repeat pregnancy rate & school attendance, teenage mothers & their infants, 6362
division of responsibility, productivity & treatment goals & working climate, multidisciplinary treatment teams in acute psychiatric admission clinic, 6436
establishment of stress management service at multispecialty medical clinic, 6353
goals & structure & impact on health care delivery, combined psychiatry-internal medicine teaching & clinical program, 6577
hospital & child welfare treatment, child abuse victims less than 8 mo of age, 1675
hospital-based behavioral outpatient multidisciplinary treatment, chronic pain patients, 1759
influence & status & special education placement decisions, multidisciplinary child study teams, 11337
integrated therapeutic community treatment approach, mentally ill offenders, 4220
integration of behavioral & psychodynamic & humanistic orientations in psychotherapy, 6129
integration of theoretical orientations in psychotherapy & behavior therapy & use of eclectic treatment approach, 6065
interdisciplinary development & maintenance of situation/transition groups, crisis intervention & coping, general hospital patients & families, 4205
interdisciplinary play cotherapy, children, 12862
involvement in education of handicapped children, teachers & counselors & therapists & psychologists, 2042
joint treatment approach by psychologists & dieticians, anorexia nervosa, 6090
multidisciplinary vs interdisciplinary vs transdisciplinary approach to education of handicapped children, 2043
multimodal treatment consisting of symptom control & stimulus control & social system modification, chronic pain, outpatients, 13125
multiple therapeutic techniques & 3rd party consultation & systemic approach to patient's family as alternative, interinstitutional transfer, psychiatric inpatients, 4191
need for integration of physiological & psychological & sociological approaches into comprehensive treatment, rheumatoid arthritis, female patients, 10803
pediatric & psychopediatric intervention, infants with spina bifida & anal imperforation & their parents, 1686
pediatric-child psychiatry liaison program on postpartum unit of community hospital, education in helping behavior with normal developmental crisis inherent in parturition & pregnancy, medical students & pediatric residents, 8763
power distribution, multidisciplinary clinical teams, France & Canada, 11113
problems & recommendations in interdisciplinary evaluation, 8 mo to 17 yr olds referred for suspected developmental disabilities, 1337
psychodynamic & social & genetic factors in psychiatric illness, need for multidisciplinary outlook & treatment, 3587
psychological factors & behavioral management education, juvenile diabetes, 8531
psychosomatic approach to rehabilitation medicine & need for multiprofessional team, 11079
social work-psychiatric team approach to meeting patient & staff needs in hemodialysis unit, 1795
strengths & weaknesses of joint psychiatrist & nonmedical psychotherapy treatment team, 1489
systems analysis, integration of psychobiology & behavior therapy, implications for behavioral medicine, 3912
team approach stressing sociocultural factors & parent- & school-child relations, juvenile delinquency, 8269
use of psychodynamic concepts in behavior therapy & changes in attitudes toward psychoanalysis, behavior therapists, 6261
Interest Inventories
concurrent validity of Strong-Campbell Interest Inventory, graduate counseling psychology trainees, 9379
construct validity of California Occupational Preference System & Kuder General Interest Survey based on interscale correlations, 8th graders, 8973
validity & reliability & acceptability of biographical data & interviews & recommendations & interest & personality measures, prediction of success in higher education, college graduate & professional school students, 2082
Interest Patterns [See Interests]
Interest Scales [See Interest Inventories]
Interest Surveys [See Interest Inventories]
Interests [See Also Occupational Interests]
age & sex & rural vs urban residence, interests & concerns, 7–13 yr olds, Nigeria, implications for primary & secondary school curricula, 7732
age & sex differences, interests, 10–15 yr olds, 5430
avocational interests, vocational interest group using J. L. Holland's model, college students, 9058
health care interests, female college students in women's health care course, 13627
ideals & motives & interests, adolescents, China, educational implications, 10252
intellectual interests & habits of work & recreation, later development of cancer, physicians, 6021
interest in expressive & instrumental courses, Ss aged 55 yrs & over, 739
interest pattern structure & personality traits & occupational information seeking, community college students seeking career counseling, 2138
interests as object relations, 7925
knowledge of effects of noise & interest level on attention, 3–4 yr olds, 3137
level of interests & needs in health education, junior college students, 13590
prompt & praise vs praise anything vs token conditions, participation in low-interest recreational activities, autisticlike 7–8 yr old males, 8408
public self consciousness & clothing attitudes & interests, male vs female college students, 12766
sex & academic subject preference, between-S differences in performance, students, 13658
sex & interest in technology, natural thinking & realization process in machine tool operation learning, 8th graders, 5370

social interest in early recollections, expected choices of leisure activities related to ego recognition & adventure, college students, 7943
TV vs radio vs newspaper media usage & news topics of interest, surveyed 13 & 17 yr olds, 1969–75, 5431
Interfaith Marriage
patterns of interreligious marriage & secularization of marriage, US, 1957 to 1973–78, 7795
Interference (Learning) [See Also Proactive Inhibition, Retroactive Inhibition]
age & exhortations to remember, intrusions of prior knowledge in recall of prose text, 3rd vs 4th vs 6th vs 11th graders, 7695
contextual effects, suffix effect in serial recall, 21–65 yr olds, critique of J. Morton & S. M. Chambers's study, 4937
contextual interference, retention of timing task, 54–83 yr old females with high vs low levels of exercise & physical activity, 7646
difficulty of primary task & incidental vs intentional encoding on secondary tasks, recognition, college students, 11905
electrode placement in dorsal hippocampus vs mesencephalic reticular formation & preexposure to tone, latent inhibition of subsequent conditioning, male rats, 9930
emotionality of target words, memory of words in emotionally congruent vs incongruent sentences, college students, 318
exposure to correct &/vs incorrect example sentences, miniature artificial language learning, college students, 2643
identical vs irrelevant vs response-incompatible noise letters flanking target letter, RT for letter discrimination, college students, 9495
instructions to ignore vs attend to suffixes & articulation of suffix, word recall, college students, implications for short-term memory & sensory memory explanations of stimulus suffix effect, 9661
instructions to suppress 1st-list responses during 2nd-list learning, transfer & recall, college students, 11914
intensity & duration of inescapable shock, subsequent acquisition of response to terminate shock, rats, 4982
Interference Susceptibility Test, suitability for inclusion in Performance Evaluation Tests for Environmental Research, 19–24 yr old US Navy enlisted men, 7074
intervention of consistent vs inconsistent information following event, accuracy of subsequent recall of event, college students, 11920
irrelevant auditory directional cues & experimental design, processing facilitation vs interference in visual choice RT task, female college students, 11889
lateral inhibition among echoic representations of list & suffix items, high school & college students, test of R. G. Crowder's theory of suffix effect & replication of his study, 9672
learning of little known but true facts about famous historic person, retrieval of factual information, college students, implications for global & specific components of information integration, 4939
length of interval between stimulus A & UCS & subsequent training to compound stimulus AB in simultaneous & serial procedures, conditioned suppression to A or B, rats, 11983
light-footshock followed by single light plus tone-footshock pairing, suppression of licking to tone, male water-deprived rats, test of classical conditioning theories, 11953
lipread vs protruding tongue vs heard suffix, lipread number recall, college students, 9625
noise vs quiet & type of recognition probe, auditory vs visual recognition memory for prose items, college students, 310
nonreward/reward transitions during partial reinforcement pretraining, subsequent resistance to discrimination, rats, 9727
occurrence & generalization, learned helplessness & latent inhibition, 10–11 yr old males, 797
Pavlovian conditioned inhibition, female pigeons, 4978
phonetic & orthogenic similarity, picture naming, college students, 9655
phonological interference, tactual coding of congruent vs incongruent Braille word pairs, blind Ss with mean age of 12.3 yrs, 6011
pictures vs printed vs spoken words followed by visual vs acoustic vs simultaneous vs no interference, recall, 3rd graders, 12414
presentation of interrelating sentences in nonsequential order, performance on forced choice vs confidence recognition tasks, college students, implications for memory integration & retrieval interference, 4935
presentation rate & delay of redundant stimulus suffix & visual vs auditory probe, sensory recall, college students, 2645
prior discrimination training with hedonic cues, blocking of discriminative control by brightness cues in start vs run vs goal sections of apparatus, male rats, 9715
selective attention as function of response inhibition vs stimulus differentiation, children, criticism of article by D. M. Lane & D. A. Pearson, 7664
sex & interpolated rest interval, lateral transfer of reactive inhibition, male vs female college students, 2649
temporal relations between disjunctive information to be learned, transfer & interference in paired associate task, college students, 4925
test vs study trials for word lists with vs without distractors, recognition vs free recall on final test trial, college students, 9671
visual noise in displays for letter identification task, temporal development of associative & perceptual interference, female college students, 11794
visual vs verbal interference tasks, disruption of recognition & ability to infer information from linear ordering vs set inclusion, college students, 288
word recall in preceding word completion task, anagram solution for recalled words, high school students, 10166
word recognition task with vs without auditory distraction, sensitivity to syntactic structure & recognition latency, schizophrenics with mean age of 33.4 yrs vs patients with affective disorders with mean age of 29.1 yrs vs normal Ss, 1192
word type & repetition, Stroop interference, 11th graders & college students, 276
Intergroup Dynamics
equilibrium structures & social representations, high school students, failure to validate Heider's theory of equilibrium, 850
experimental demand characteristics, effect of social categorization on intergroup discrimination, 14–15 yr old females, 10260
individual vs collective encounter groups, intergroup perception, college & secondary school students, 1028
life stage of simulated organizations, intergroup organizational development intervention, 35–50 yr old middle managers, 2235
patterns of persistence & change in relations between dominant & subordinate groups, US & Western Europe, literature review, 5473
perception of & techniques for elimination of intergroup conflict in industry, high vs low level managers, 2182
perceptions of heterogeneity of group members, in- vs out-group members, 1003
proportional representation in work groups, relations with male coworkers & social support among females, female federal bureaucratic personnel, 13811
social beliefs & social attribution & social identity, 16–17 yr old public vs private school students, Great Britain, 10235
social categorization with group vs individual beneficiaries & order of choice decision, intragroup & self favoritism, 1007
social self identity & readiness for intergroup social contact, Jewish & Arab high school & college students, Israel, 914
understanding of subgroup dynamics, effective classroom management, teachers, 6740
Interior Design
behavioral mapping, office area use patterns, employees, 2267
design of play environments, 3 yr old & younger, 3054
design of work space, job efficiency & satisfaction, software employees, 2240
methodology, chair design evaluation, 4595
negotiability of environment, mobility in daily life, handicapped, 1816
spatial & organizational characteristics of courtroom, dominance, court members, 12586
toilet seat height & configuration, perceived comfort & utility, 13815
windows & furniture arrangement & density, architectural space evaluations, college students, 6902
Intermarriage [See Exogamous Marriage]
Intermittent Reinforcement [See Reinforcement Schedules]
Internal External Locus of Control
actual vs counselor-perceived locus of control, abortion clinic clients, implications for counseling process, 1734
barbiturate anticonvulsants, self concept & anxiety & locus of control & side effects, 6.5–12.8 yr old epileptics & diabetics, 10930
belief in internal vs external locus of control, perceived job stress, police officers with mean age of 35.3 yrs, 6868
biculturalism & locus of control, leadership behavior, groups of Anglo & Black & Chicano college students, 7875
biofeedback-induced relaxation training, attention to task & impulsivity & locus of control, learning disabled 8–11 yr olds, 8425
biofeedback-induced relaxation training, impulsivity & attention to task & locus of control, hyperactive 10–12 yr old males, 1572
birth order & perceived parental behavior & restrictiveness in school, locus of control, females, 1064
college attendance, locus of control, males, 10481

depression & abnormal illness behavior & locus of control & severity of illness & presence of chronic pain, 16–67 yr old psychiatric consultees, 3871
development & reliability & validity of Weight Locus of Control Scale, prediction of weight loss behaviors, college students & 15–68 yr old female weight control patients, 9443
differential instructions & instructions aimed at increasing socially desirable responses, locus of control scores, male inmates with drug abuse history, 167
education & internal locus of control & job satisfaction & cynicism, 20–49 yr old police officers, 4590
educational background & position & experience & age & size & level & type & number of schools served, powerlessness, school nurses, 8821
emotional stability & extraversion & impulsivity & achievement motivation & locus of control & field dependence, accuracy of time estimation by verbal estimation vs production vs reproduction of various durations, college students, 3448
everyday philosophical concepts & personality concepts of philosophy of human nature & belief in just world & locus of control, students, 7919
extrinsic monetary rewards & locus of control, intrinsic motivation on puzzle-solving task, college students, 11928
factor structure & reliability & predictive validity of Health Locus of Control Scale, medical & dental students & male myocardial infarction patients & healthy middle aged males, 9454
factor structure of Health Locus of Control Scale, hospitalized medical & surgical patients with mean age of 47 yrs, 4763
factor structure of Levenson Tridimensional Locus of Control Scale, high school students, Australia, 11656
family environment & age, locus of control, 12 vs 18 yr olds, US vs West Germany, 10248
inappropriate or inadequate relations with significant others & responses to social cues & locus of control & self concept & achievement motivation, learning disabled & mentally retarded children, literature review, 5886
internal & external control beliefs & pattern of causal attributions for success/failure & vocabularies of motive for return to education, working class female adult education students, 4420
level of aspiration & locus of control, life satisfaction, 60–69 vs 70–79 yr old females, 7610
life experiences & locus of control & training unit environment & success in training, changes in locus of control, male US Marine corps recruits, 11447
locus of control & achievement motivation, preference for delayed reward, 16–19 yr olds, 891
locus of control & amount of consumer information about prenatal & obstetric drugs, 13–41 yr old postpartum females, 13283
locus of control & attribution & learned helplessness & stress models, mental disorders, literature review, 3550
locus of control & cigarette smoking behavior, 7th graders, 12468
locus of control & competitive vs cooperative situation, achievement, 9–10 yr olds, 874
locus of control & GPA, college students, 4405
locus of control & occupational stress, health, adult male employees, 13812
locus of control & portfolio risk, investors, 4535
locus of control & quantity & frequency of beer vs wine vs liquor consumption, male vs female college students, 12628
locus of control & quantity-frequency index of alcohol use, college students, 5548
locus of control & scores on Michigan Alcoholism Screening Test, male vs female college students, 12907
locus of control & sexual status & knowledge & masturbation practices, Ss with mean age of 68.5 yrs, 5538
locus of control & stability & controllability of attributions, college students, US vs Chile, 12704
locus of control, aspiration level & competitive anxiety, college students, 7918
locus of control, college students vs college-enrolled state penitentiary inmates, 12928
locus of control, differential response to informational-experiential flight anxiety treatment, aerophobic Ss, 8441
locus of control, fundamentalist vs liberal theological position, clergyman in Church of England, 5487
locus of control, job satisfaction, hospital employees, 1865
locus of control, learned helplessness induction, female college students, 11926
locus of control, learning disabled vs nondisabled 3rd–6th graders, 3722
locus of control, maladaptive fears measured by fear control survey schedule, college students, 3635
locus of control, professional attributions in educational situations, elementary school teachers, 13576
locus of control, response to expectations about self vs teacher, female college students, 11276
locus of control, task persistence & non-task behavior, 3–5 yr old students, 6728
locus of control, traditional vs progressive teaching methods, elementary school teachers, 1912
locus of control vs attribution theories of causality, literature review, 10465
measure of locus of control & self concept & emotional & social adjustment, prediction of GPA & total hours earned, educationally disadvantaged college students who earned degrees, 6815
models of perceived control & biofeedback-assisted self regulation, literature review, 12119
need for revision of locus of control construct within life span development perspective, literature review, 5458
perceived peer & family relations & locus of control & hopelessness, adolescent suicide attempters, 12968
perception of school counselor as high vs low in counseling conditions of congruence & positive regard & empathy, locus of control, secondary school students, 8989
perception of unexpected information, Ss with internal vs external locus of control, 12711
perceptions of locus of drinking problem of alcoholics, 18–72 yr old alcoholics in treatment & 26–61 yr old alcohol treatment personnel, 13482
personal vs ideological control in measurement of locus of control, 17–81 yr old American Indians, 890
personality & emotional state & locus of control & mental attitude, college football players vs nonathletes, 12739
physical attractiveness, locus of control & sex roles & anxiety & depression & success expectancies, female vs male college students, 5619
reliability & validity of Delta Questionnaire, measurement of locus of control, school & college students & convicts, 2433
reliability & validity of Likert-type locus of control scale, teachers, 2109
reliability of locus of control scale, 6 & 7.5 & 10 yr olds, 159
self esteem & locus of control & academic achievement, high school students, Philippines, 7750
self esteem & locus of control & timidity & abrasiveness & perceptiveness, satisfaction with role as helper, nurses, 4272
self vs machine pacing & locus of control, quality control inspection task performance, college students, 2167
sex & locus of control & fear of success & academic aptitude, vocational indecision, college students, 9057
sex differences & life experiences, change in locus of control, adults tested during college & 15 yrs later, 7921
sex differences, health locus of control beliefs, chronic low back pain patients, New Zealand vs US, 13091
sex differences, measurement of mathematics achievement grade level & attitudes toward mathematics & locus of control, 5th & 6th graders, 8977
sex role attitudes & behavior & related locus of control, 20–55 yr old females with bulimia nervosa & bulimarexic symptoms, 13073
socialization & locus of control, 14–15 yr olds, 879
sociodemographic characteristics & locus of control, after-hour utilization of medical care, family practice patients, 6346
stability of depressive symptoms & self esteem & locus of control & popularity, 4th–5th graders, 1224
unemployment & self esteem & locus of control, implications for skill utilization & social rules hypotheses, literature review, 11438
volunteer literacy tutorial project, reading achievement & verbal language & listening comprehension & locus of control, illiterate adolescents & adults with mean age of 30 yrs, 4365

International Organizations

role of United Nations Educational & Scientific & Cultural Organization, prevention of drug abuse, 13479

International Relations

application of A. Maslow's theories to international affairs, 5474
causes & recommendations for control & resolution of world conflict, literature review, 3262
changes over time, mass vs elite foreign policy opinion, 10353
decline in cognitive complexity, prediction of international crises, foreign policy makers, 3340

Internists
need for psychiatric education in internal medicine training programs & underrecognition of psychosocial distress, internal medicine patients & internists, 13336
perceived influence of various information sources, decisions concerning primary & secondary prevention & drug therapy, interns & senior residents & faculty general internists, 6530
psychiatric training in medical model vs psychological approach, attitudes toward psychiatric consultation, psychiatrists vs internists, 1876
Interobserver Reliability [See Interrater Reliability]
Interpersonal Attraction
androgyny vs sex role conformity & viewing of female acting nonassertive vs moderately assertive vs assertive in heterosexual interaction, attraction to female, college students, 1045
anticipation of future interaction with target of high vs low ability on social vs work task, evaluation of target, female 12th graders, implications for anticipated rewards vs cognitive dissonance theories of interpersonal attraction, 7735
assertive vs empathic-assertive vs nonassertive behavior models, interpersonal attraction, low vs high assertive college students, 1039
assumed similarity & knowledgeability, agreement & attraction, college students, 1019
attitude similarity with stranger & perceived probability of acceptance by stranger, direct probability of acceptance, college students, 1036
awareness of attitude similarity, attraction to stranger & inference of similar interests, female college students, 10434
classical conditioning of attitudes, rating attitude similarity & liking of stranger & attitude change, college students, 5592
cooperative vs competitive vs individualistic learning experiences, self esteem & interaction & perspective taking, learning & behavior disordered & normal 4th graders, 11334
distinctiveness of comparison object, perceived self-other similarity, college students, 12682
familiarity & similarity & attraction, college students, 7886
height & attractiveness of female partner, male college students, 1012
need-complementarity & interpersonal attraction, dyads, literature review, 3385
peer selection & rejection via sociometric scale, immigrant 3rd & 6th & 9th graders, Sweden, 866
perceived similarity to culturally vs nonculturally dressed Black female confederate, attraction, White female college students, 3435
personality trait similarity & favorability to target person & trait, attraction ratings, college students, 10391
physical attractiveness discrepancy, length of time for evaluation of romance, couples, 1011
preference for arm touch vs back pat after get-acquainted session with male vs female, male vs female college students, 1018
proximity & attitude & personality similarity & exposure frequency, interpersonal attraction, researchers & students, Austria vs US, 3407
rating photographs by age & attractiveness & age preferences for partner in independent vs interdependent relationships, 61–89 yr olds, 856
receipt of negative popularity information, self evaluation & attractiveness of other group members, 18–19 yr old males, 5419
sensation seeking & attitudinal similarity, attraction to strangers & misattribution of arousal, college students, 1048
similarity to S self esteem, attraction to stimulus person, college students, 12655
social relationship to other, choice of situation & joint activity, 17–57 yr olds, 10388
space & available resources & attraction to or rejection of others, social interaction, nursery school children, 884
stability of liking & mutual self disclosure, female college roommates, 6720
videotapes of popular vs unpopular females, attribution of personality traits & liking, college students, 12681
Interpersonal Communication [See Also Bargaining, Body Language, Conversation, Double Bind Interaction, Eye Contact, Group Discussion, Interviewing, Interviews, Job Applicant Interviews, Negotiation, Parent Child Communication, Psychodiagnostic Interview]
age differences, social language during problem solving, 3–5 yr old same age dyads, 813
analogy between food consumption & absorption of ideas & affect from others, 3479
attachment & exploration around strangers & communication, institutionalized 12–18 mo olds vs noninstitutionalized 12 mo olds, 6449
birthplace & ethnicity & exposure to US culture, talking about sex & pregnancy & birth control & use of birth control, pregnant Mexican American vs non-Mexican adolescents, 5438
bursts of white noise from left vs right loudspeaker, sternomastoid orienting response, 18–24 yr olds, 7219
communication networks, middle level managers, 2208
communication patterns & organizing behavior & turn-taking, families of drug addicts, 10642
communication problems & recommendations for improvement, supervisors & employees, 11484
communication styles, marriage partners, 10332
communication with doctor & compliance & satisfaction, patients, literature review, 8537
communication with peers & adults, cognitive development, infants & preschool age children, 7672
computerized system, recording & analysis of self observation of communication during interaction sequence, couples, 9314
construct validity of coding procedures, classification of verbal tactics in interpersonal conflict & correlation with nonverbal behaviors, college students, 9350
criticism of political communication, 3333
cross cultural aspects of client-therapist & family communication, Western vs Chinese vs Vietnamese vs Thai families, conference paper, 10295
dance therapy, improved self esteem & physical well-being & communication, geriatric & institutionalized patients, 1460
development & factor analysis of instrument to assess style & content & target aspects of self disclosure & openness, college students, 4771
differences & patterns in verbal interaction during early vs late supervisory conferences, speech-language pathology supervisors & supervisees, 8767
diminution of vision & hearing, communication breakdown, aged, 3831
direct & indirect supervisory behaviors, perceived effectiveness & verbal interaction/content of supervisory conferences, speech-language pathology supervisors & supervisees, 8777
disconfirmation in interpersonal interactions, psychiatric patients, 5739
discrepancy-arousal hypothesis, expressive behaviors, adult & infant-adult dyads, 3386
emotional responsiveness & conflict resolution & conversational patterns, spouses, 10318
face vs tone of voice, communication of deception, college students, 5591
family group therapy, facilitation of informal support network & improved staff-family communication, families of long-term care residents, 1766
Gestalt therapy, boundary disturbances in interpersonal contacts, 1492
inconsistent verbal/nonverbal communication, disturbed families, literature review, 10323
individual differences, communication style, 7938
information processing framework of organizational communication, organization members, 4591
interaction analysis & constructivism, organizational features of interpersonal interaction, 10416
interpersonal communication as dialectical opposite of alienation, 12356
interpersonal misunderstandings in dyadic systems, sexual aggression & homicide, 8090
interpersonal reward & distance violation, compliance & interaction, salespeople & customers, 3384
interpretation & interpersonal communication & passivity, symbolic interactionism, 10401
language action analysis of marital decision making, dual career couple, 7802
listener feedback, individuation of information transmitted & listener understanding, adults, 10404
mass & interpersonal communication habits, urban college students, 12361
metacommunicative functions of talk about a past partner, impact on current relationship & feelings of security & control & closeness, 10414
metaphoric communication style in therapeutic work of J. Haley & parables of Jesus, 13163
mutual participation in social interactions with adults, autistic children, 5727
neurolinguistic programing techniques & sensory based target stroking, 10888

neurolinguistic programming in training, 9061
organizational size & level & span of control, perceptions of openness in superior-subordinate communication, subordinates, 4584
person- & position-centered speech codes in communication, day care center teaching staff, 11165
personal characteristics & social relations at work, prominence in hospital communication network, staff of children's psychiatric hospital, 6522
practical aspects of language development, preschool age children, 12425
recipient anxiety & communicator reference group & message level of anxiety-arousal & technical vs colloquial language, perception of communicator credibility, 5564
relationship enhancement program, relationship adjustment & trust & intimacy & empathy & communication, premarital couples, 10881
role as speaker vs listener with partner receiving same vs different information about stimulus-person & expectation of receiving additional information, verbal encoding & representation & recall of stimulus-person information, college students, 12659
sex & punctuational differences in description of interactions & marital distress, spouses, implications for communication theory & therapy, 10308
social interaction & communication during free play, autistic vs nonhandicapped 2nd & 3rd graders, 12851
speeches of accusation & defense as rhetorical speech sets, 7592
therapeutic use of nonvocal communication aids, mute patients, 11608
training in client need analysis vs facilitative communication, communication level, clients & therapists, 6153
training intervention, attempts at communication & interaction with deaf peers, hearing preschoolers in low-key mainstreaming program, 4465
use of log-linear techniques to test transactional systems model of person-to-person communication, police complainant interaction, 4814
utterances in teacher-directed vs child-directed activities, preschoolers with deficits in vocabulary & articulation & syntactic structure attending speech & language therapy programs, 8162

Interpersonal Compatibility
assumed similarity & knowledgeability, agreement & attraction, college students, 1019
background factors vs compatibility vs unrealized expectations, prediction of marriage failure, divorced & separated couples, USSR, 3321
emotional responsiveness & conflict resolution & conversational patterns, spouses, 10318
identification with instructor, course & instructional evaluations, college students, 6749
personality trait similarity & favorability to target person & trait, attraction ratings, college students, 10391
social relationship to other, choice of situation & joint activity, 17–57 yr olds, 10388

Interpersonal Distance [See Personal Space]

Interpersonal Influences
bases of influence from personal source, changes in organizational decision makers' product evaluations & purchases, librarians & scientists & budget administrators, 2132
"blame the mother" ideology & myths of schizophrenogenic mothers & harmful maternal employment, responsibility & accountability for children's behavior difficulties & disorders, 3656
contextual factors, severity of violent disputes, former mental health patients & ex-offenders, 8119
correctness of eyewitness testimony, Ss observing individually vs in groups, 7843
delinquent peer associations, perceived risk of punishment & self reported delinquency, 11–18 yr olds, 12954
discrepancy-arousal hypothesis, expressive behaviors, adult & infant-adult dyads, 3386
E communication of traditional vs nontraditional sex role attitudes, responses on sex role attitude questionnaire, college students, 1014
economic resources, conjugal influence in employment decision making, wives with mean age of 30.6 yrs, test of resource vs social exchange theories, 7813
family social intervention & relatives' level of expressed emotion, relapse rate, schizophrenics, 6195
interpersonal perspective, psychoanalytic study of patients described as imposters, 1154
model of spouse influence, smoking behavior, spouses, 10380
other vs self oriented vs no explanation for prohibition of activity, compliance, 9 & 10 yr olds, 7726
parent or caretaker socioeconomic status & level of education & attitudes, adaptive behavior skills & behavior problems, male vs female deinstitutionalized vs never-institutionalized mentally retarded 10–65 yr olds, 10670
participation in physical fitness activity & medical care & parental & peer & teacher & coaches' influence & food patterns, food & vitamin/mineral supplement usage, adolescent males, 10094
pediatrician's 1st comments about infant, future perception of child, mothers, 10319
peer pressure during high school, attitudes & behavior, college students, 12464
peer vs parental influences & interest in "pop" culture, 12–15 yr old females, England, implications for existence of youth culture, 5445
perceived influence of various information sources, decisions concerning primary & secondary prevention & drug therapy, interns & senior residents & faculty general internists, 6530
perception of parent vs peer vs teacher presidential candidate preference, mock election voting behavior, 3rd–5th graders, 3180
perceptions of parental & sibling & current friends & wives/female partners drug use as interpersonal influence, past & future drug use intentions, 20–30 yr old males, 3360
political & social attitude & value similarity & interpersonal influences, college students & their parents, 12746
power strategies employed in intimate relationships, masculine vs feminine vs androgynous vs undifferentiated college students, 10455
presence of older students, self perception & psychosexual behavior & substance use & perceptions of school environment & victimization, 7th–9th graders, 6719
role models & enrollment & health programs & policies & practices & leader influence on fitness & smoking & prevalence of smoking by youth & adult leaders, youth agencies, Canada, 10997
seating orientation, arousal & appreciation of humor, college students, 12670
self favoritism & fairness & maximum joint profit, allocation of imaginary money & time between self & spouse/child vs friend/workmate, 32–58 yr olds, 10383
semantic wording & influence of peer opinions, conformity, male college students, 7903
situational context & environmental influences & information from O's vs victim's point of view, labeling of act as aggressive, students, 5602
sociocultural influences of family & parental & peer behavior & personality traits, alcohol drinking patterns, adolescents, 7717

Interpersonal Interaction [See Also Assistance (Social Behavior), Bargaining, Charitable Behavior, Collective Behavior, Conflict, Conversation, Cooperation, Double Bind Interaction, Eye Contact, Friendship, Group Discussion, Group Participation, Group Performance, Interpersonal Attraction, Interpersonal Communication, Interpersonal Compatibility, Interpersonal Influences, Interviewing, Interviews, Job Applicant Interviews, Negotiation, Participation, Peer Relations, Psychodiagnostic Interview, Riots, Sharing (Social Behavior), Social Dating, Violence, War]
androgyny vs sex role conformity & viewing of female acting nonassertive vs moderately assertive vs assertive in heterosexual interaction, attraction to female, college students, 1045
anticipation of future interaction, trait attributions, college students, 1043
application of exchange theory & equity theory to personal relationships, literature review, 5570
attachment & exploration around strangers & communication, institutionalized 12–18 mo olds vs noninstitutionalized 12 mo olds, 6449
attributional style, learned helplessness in interpersonal situation, female college students, 1047
belief in just world & patient characteristics & attractiveness & amount of pain experienced, feelings & behaviors toward dying & willingness to volunteer to help patients, college students, 8245
brief marital group psychotherapy, control patterns in group interactions, married couples, 1527
classroom behavior & interpersonal interactions in activity-centered science classes, Black & White 8th–9th graders in desegregated classrooms, 11281
clinical synthesis of cognitive therapy & symbolic interactionism, 4035
cognitive & affective role-taking skills & peer interaction patterns, learning disabled 7–10 yr olds, 8126
combat involvement & posttraumatic stress disorder symptoms, interpersonal problems, male Vietnam veterans seeking drug/alcohol abuse treatment, 6014

competitive interactions & heart rate & digital blood volume pulse during mixed-motive game, Type A vs B college student dyads, 2863
comprehension of interpersonal interactions, learning disabled 6th–8th graders, 8141
contact patterns between leaders & followers, prison inmates, 3712
correctional institution social density, social climate & interpersonal relations & physiological responses, 14–18 yr old male residents, 1821
cultural differences, moderation in overt reactions to helpful vs unhelpful target person, male college students, Hong Kong vs US, implications for pan-cultural model of equity in social exchange, 1040
data analysis of whole vs 1st part of interaction task, methodological considerations of assessing family individuation, families, 6955
development of interaction with caregivers, 2–50 wk olds raised in 24 hr child care center, 7749
dyadic interactions in literary works 1000 yrs apart, 719
effects of poor memory on cognition & personality & interpersonal relationships & rehabilitation process, personal report of author after cardiac arrest, 13327
eligibility to negotiate personal characteristics in interpersonal relationship, 18–65 yr old suicide attempters, 10624
emotionally stabilizing instructions from leader at beginning vs middle of simulated emergency situation, leader-follower separation, college students, 12665
encounter group, self actualization & self concept & social desirability & interpersonal relationship orientation & behavior, 19–39 yr old college students, 6213
equilibrium structures & social representations, high school students, failure to validate Heider's theory of equilibrium, 850
ethnicity & interpersonal relations, adjustment, families of European migrants, Australia, 12558
eye contact interaction with adult female stranger, 7.5–9.5 mo olds, 3201
familiarity with speaker & need for approval, reception of passive &/vs aggressive vs assertive responses, college students, 5573
foot-in-the-door technique & social labeling as helpful vs non-helpful, compliance, college students, 3391
grade repetition vs social promotion, achievement & self concept & interpersonal relations & emotional adjustment, students, 8857
group interaction & goal orientation, group satisfaction & solidarity, college students in small group communication course, 5589
inappropriate or inadequate relations with significant others & responses to social cues & locus of control & self concept & achievement motivation, learning disabled & mentally retarded children, literature review, 5886
individual differences in circadian activity rhythms, relationship, college roommates, 12668
individualistic vs nonindividualistic preferences over outcome, information seeking & recall, high school students, 5425
informed vs uninformed role play instructions, assertiveness in role played vs naturalistic responses to same circumstances, female college students, 9293
interaction analysis & constructivism, organizational features of interpersonal interaction, 10416
interpersonal compatibility group decision making in business simulation game, college students, 12669
interpersonal problem solving & school adjustment & sociometric status as assessed through observation of classroom behavior, kindergartners, 2004
interpretation & interpersonal communication & passivity, symbolic interactionism, 10401
linguistic structures promoting harmony & limiting conflict, Pitjantjatjara Aborigines, Australia, 10068
model involving apathy vs reactivity vs conductivity, differential styles in intimate relationships, 10405
model of development of social interaction & parent-infant relations, 12504
nonverbal tongue-show display, O's willingness to interact, college students, 7873
parental education & occupation, interpersonal values, female high school students & their parents, Philippines, 12580
parental maladjustment & marital difficulties & dysfunctional extrafamilial interactions, child's behavior problems & outcome of parent training, literature review, 8404
part process analysis, model of interpersonal interaction, 3396
partner relationships, alcoholic females, 12898
perception of Freudian interpretation of femininity from feminist perspective & implications for heterosexual interaction, 12620
philosophy of form of person by J. Macmurray, 3032
positive stroking, perceived symptoms of distress, clients prior to counseling, 10535
preinteraction impression of target person, reciprocity vs compensation strategies during interaction, college students, 12662
problems in relationships with teachers, school psychologists, 11191
proximity & attitude & personality similarity & exposure frequency, interpersonal attraction, researchers & students, Austria vs US, 3407
rating photographs by age & attractiveness & age preferences for partner in independent vs interdependent relationships, 61–89 yr olds, 856
reactivity in personal relationships & application in transactional analysis oriented family counseling, 3977
reporting of their behavioral interactions, observation agreement, spouses entering marital therapy, 1520
research & clinical reports in relationship enhancement methods, clinical practice, 10811
role of examiner-testee interaction in problem solving assessment, 2089
role of imitation in interpersonal interaction, 2.5–3 yr olds, 897
role play scenes of negative assertion vs accepting help vs giving vs accepting compliments, verbal vs nonverbal vs assertive behavior, male vs female 8–13 yr old psychiatric patients, 5680
roles assumed in interactions during game playing, male vs female 8–10 yr olds & their best friends & 4.5–7 yr old younger siblings, 3184
seasonal migration, economic stratification & interpersonal relations, rural community legal vs illegal migrants vs nonmigrants, Mexico, 5477
self monitoring abilities & intimacy of confederate's disclosures, imitation of confederate in self disclosures, college students, 3400
self perception in interpersonal interaction, college students, 1062
sex differences, nonverbal intelligence & adaptive functioning & receptive vocabulary & eye-hand integration & perception & affect & play & interpersonal relations, autistic 3–8 yr olds, 8032
sex of helper & beneficiary, participant-observations of prosocial interactions in mixed-sex groups, Ss with mean age of 15.6 yrs, 5471
small group program using role playing & data gathering from family & interpersonal feedback & group discussions, identity formation, college students, 6207
social density & quality of interpersonal relationships, residential crowding stress, college roommates, 9188
social factors & life events & lack of intimacy with spouse/boyfriend, depression, 18–65 yr old females, replication of Camberwell community study by G. W. Brown et al, 1137
social isolation & faulty interaction & social adjustment & social class, mentally disordered, 8055
social skills program, self concept & interpersonal relations & GPA, learning disabled 10th–12th graders, 13709
space & available resources & attraction to or rejection of others, social interaction, nursery school children, 884
staff/patient ratio, time spent interacting with patients, staff of residential facility for severely & profoundly mentally retarded, 11066
statistical derivation of simplifications of relational systems, 11720
strategies to facilitate interaction & myths about autism, language pathologist as parent of autistic child, 6343
teacher-physician interaction in monitoring drug treatment of children with behavior disorders, special education teachers & pediatricians & psychiatrists, 13298
temporal organization of interaction during breast feeding, mothers & their neonates, 12563
test validity, measurement of interpersonal relations, myocardial infarction patients, 137
transactionality of defensive functions, 30 yr old male & female in psychoanalysis & 24 yr old female in family therapy, 6155
transpersonal processes involving empathy & identification & blurring of self boundaries, literature review, 5578
tutor's warm/cold nonverbal behavior, nonverbal reactions, college students, 12661
types & patterns of resource exchange in interpersonal relationships, college students, 5568
typology of interpersonal disengagement strategies & effect of intimacy & reactions to inequity & relational problems on strategy selection, college students, 7872
unstructured free play vs structured task-oriented situation, interactive patterns, mothers & their abused vs behavior disordered children with mean age of 7 yrs, 10633
Interpersonal Perception [See Social Perception]

Interpretation (Psychoanalytic) [See Psychoanalytic Interpretation]
Interracial Marriage
demographic trends & pros & cons & motives & social context of Black-White marriages, US, literature review, 10339
divorce in inter- vs intraethnic marriages, Chinese & Japanese, Hawaii, 9-yr longitudinal study, 10340
group counseling on issues of self esteem & self concept & racism, White parents of Black children, 10891
in- & outmarriage, male vs female Koreans, US, 1975 vs 1977 vs 1979, 10326
intermarriage & cultural assimilation, Japanese Americans, literature review, 10342
interracial marriage, Chinese, US, 1975 vs 1977 vs 1979, 10327
motives for intercultural & interracial marriage, 10324
Interrater Reliability
age & sex & disorder, agreement in symptom reporting in psychodiagnostic interview, 6–16 yr olds & their mothers, 3615
agreement on given score & consistency across dives, high school diving judges, 9019
Behavior Problem Checklist ratings of kindergartners through 8th graders in counseling, parents vs teachers vs counselors, 4504
consensus of self report & spouse ratings, measurement of personality traits, 21–29 yr olds, 4762
critique of K. Kaye's assessment model of interobserver agreement, comparison to sensitivity/specificity vs kappa models for medical diagnosis, 6073
diagnostic & prescriptive decisions for 4th grader with reading difficulty, reading specialists vs learning disabilities teachers vs Title I vs classroom teachers, 6772
IBM vs BASIC program, determination of interobserver reliability, 6947
interobserver reliability, evaluation of graphed data, 9321
interrater agreement, aggression & withdrawal & likability, 1st & 4th & 7th graders & teachers & peers, 2450
interrater reliability & validity of ratings derived from narrative job descriptions, 7066
interrater reliability of rating forms, quantitative rating of recommendations, applicants to graduate clinical psychology programs, 8719
interrater reliability on Torrance Tests of Creative Thinking, gifted vs nongifted 2nd–5th graders, implications for use in placement, 11413
intraclass correlation for measurement of interrater reliability of subjective judgment, 9455
O reliability & validity, Clinical Assessment Inventory as part of hospital treatment program, adults, 8615
organizational &/vs rater effects, performance rating differences, nurses & university resident advisors, 2180
prejudgment of day care quality, interrater agreement & predictive validity of items in Parent Guide to Quality Day Care Centers, female college & graduate student Os, replication of authors' previous study, 6944
rater training & purpose of rating, variability in job performance appraisal decisions, college student raters, 9102
rating oral secondary school leaving examinations, literature vs geography teachers, West Germany, 6811
rating patients labeled competent vs incompetent, interrater reliability of global evaluations, college student Os, implications for social anxiety & social skills research, 96
reliability & validity, oral interview board for promotion evaluations, state police troopers, 11461
reliability of alternative research diagnostic criteria as seen in agreement between Os, diagnosis of schizophrenia & depressive disorder, psychiatric inpatients, 1194
reliability of objective scoring system, Kinetic Family Drawing Test, assessment of child's self concept & perception of family relations, 2nd–5th graders, 9424
reliability of scores & construct validity of separate categories within Holt system for scoring primary process, Holtzman Inkblot responses with standard vs imaginative response instructions, college students, 9437
reliability, reading diagnoses, learning disability specialists & classroom teachers, 8962
reporting of their behavioral interactions, observation agreement, spouses entering marital therapy, 1520
stability of individual differences in personality characteristics, 15 yr olds, 12-yr longitudinal study, 5421
teacher evaluation, university preservice teacher supervisors vs principals, 8819
test-retest & interrater reliability of joint ratings using Present State Examination, assessment of schizophrenic symptoms, psychiatrists, 11680
type of question, agreement on symptom reporting in psychodiagnostic interview, 6–16 yr olds & their mothers, 3582
utility of Q-type factor analysis for classification of childhood psychiatric disorders & consistency of diagnostic concepts, child & adolescent psychiatrists, 5770
Interresponse Time
differential punishment under DRL schedules, interresponse time & response efficiency, male rats, 352
Intersensory Processes
auditory & lingual tactile stimulations, lingual tactile thresholds, 9525
auditory vs visual stimulation & verbal vs manual responding, performance on memory search task, 298
concurrent left hemisphere task, interference with RT to visual stimulus presented in right vs left visual field, normal Ss, 12091
duality of olfactory sense, 11760
eye movements & illumination level, auditory localization, college students, criticism of B. Shelton & C. Searle's paper, 11849
fixation on rotating spiral, asymmetry in forward & backward vection, 2542
haptic compound discrimination learning, transfer to visual modality, severely retarded 18–20 yr olds vs nonretarded 14–16 yr olds, 10678
interaction of tactile & seaweed extract chemical stimuli, feeding responses, marine molluscs, 5004
magnitude vs category matching, rating of brightness & loudness on same scale, humans, 11768
mathematics achievement & cross- & intrasensory matching ability & IQ, 3rd graders, 13642
motor ability & visual & kinesthetic & cross-modal perception & WISC spatial subtest performance, clumsy vs normal 10 yr olds, 7660
nonassociative neophobia & sensitization, potentiation of odor by taste, male rats, 7294
perceptual skills curriculum vs sensory integrative therapy, academic achievement, 1st graders with perceptual deficits, 13703
psychophysical functions, synesthetic perception, 36 yr old male & 38 yr old female, 7167
simple & choice RT tasks with single vs simultaneous auditory & visual stimuli, event-related potentials, 20–49 yr olds, 2765
single vs dual task conditions involving identical stimuli with different response requirements, information flow inferences & interaction of visual & auditory stimuli, college students, 4844
sinusoidal stimulation of horizontal semicircular canals & neck proprioceptors & retina, cervico- & visuo-vestibular interaction, 21–29 yr olds, 2523
sound/visual form association, transfer to sound/tactual form association, 8 yr olds, 10142
tactual & visual cross modal matching & transfer performance of spatial configurations, 10–60 yr olds with cerebral lesions, 5999
technique for construction of haptic stimulus patterns for visual & auditory cross-modal & intramodal matching tasks, 9344
temporal discrimination learning, cross modality transfer of classification rules, male rats, 4976
theories of synesthesia, literature review, 7168
theory formulation, multimodal signal detection, critique of R. M. Mulligan & M. L. Shaw's study, 11739
theory formulation, multimodal signal detection, reply to critique by S. Fidell, 11762
touch pressure, perceived temperature changes, college students, 9527
transfer of prototype information between sense modalities, college students, 11763
visual & haptic stimulation with vs without instructions about comparison modality, accuracy of cross-modality matching, college students, implications for role of processing strategies, 11756
visual &/vs auditory stimuli on same vs opposite side of fixation point & simultaneous additional stimuli, RT for cross-modal vs intramodal matching, college students, 2530
visual &/vs haptic perception conditions, haptic encoding processes used in puzzle assembly, right handed college students, 7174
visual &/vs tactual input, texture perception, college students, 11745
Interstimulus Interval
delayed & latent inhibition, UCR decrement in electrodermal conditioning, 16–35 yr olds, 5140
electrodermal classical conditioning, differential allocation of cognitive processing capacity to reinforced vs nonreinforced CSs vs CS-UCS interval as measured by secondary RT task, college students, 7252

interstimulus interval & stimulus novelty & significance, responsivity of GSR as index of orienting reflex, college students, 9912
length of interval between stimulus A & UCS & subsequent training to compound stimulus AB in simultaneous & serial procedures, conditioned suppression to A or B, rats, 11983
retention interval between items vs list presentation & test phase, stimulus control as measure of short term memory in discrete trial discrimination, pigeons, 2690
stimulus distance from fovea & interstimulus interval, RT, 18–20 yr old males, 4856
stimulus duration & interstimulus interval, visual memory, college students, 4926
tempo, discrimination of last click of rhythmic series, adults, 11844
time interval between CS & ECS & lithium chloride UCS, conditioned taste aversion, male rats, 12211
Intertrial Interval
classical fear conditioning vs conditioned emotional response paradigm & CS vs non-CS interval during acquisition & extinction, freezing & response suppression, male rats, 351
intertrial interval & delay, accuracy of delayed matching to sample, pigeons, 9756
intertrial interval of successive brightness differential conditioning task, reversal learning, rats, 9728
intertrial interval of 72 hrs, 1-Hz suppression effect on kindling induced by amygdala stimulation, male rats, 7511
reinstatement of retrieval cues & intertrial interval, resistance to extinction of CRs, rats, 9735
retention interval between items vs list presentation & test phase, stimulus control as measure of short term memory in discrete trial discrimination, pigeons, 2690
sex & interpolated rest interval, lateral transfer of reactive inhibition, male vs female college students, 2649
Interval Reinforcement [See Fixed Interval Reinforcement, Variable Interval Reinforcement]
Intervals (Stimulus) [See Stimulus Intervals]
Interviewing
construction & validation of Interview Skills Role-Play Test, evaluation of interviewing skills, experienced vs inexperienced interviewers, 4737
experience of interviewer & interview setting, use of confirmatory hypothesis-testing strategies in employment interview, experienced interviewers & college students, 9080
guidelines for conducting effective employment interviews, 6843
interview & checklist procedure, assessment of human factors in aircraft accidents & incidents, 9177
interview training, generalization & maintenance of interview skills, 15.8–16.1 yr old students, 8411
interviewing technique, self disclosure willingness & perceptions of counselor, Mexican American vs Anglo male vs female college students, 3924
mall intercept interviewing for market/advertising research & design & execution of mall intercept surveys, literature review, 6911
manager training in appraisal interview feedback &/vs assigned goal setting techniques, reaction to appraisal, corporate research team leaders & other subordinates, 4569
manual of observational procedures & interviewing techniques for home assessment of development, twins from infancy to midadolescence, 77
medical knowledge & yr of training, interview skills, 1st–4th-yr medical students, 6589
methods of data recording & analysis during interviews, drug & alcohol abusers, 5-yr followup, 13460
need for training in interviewing skills, psychiatrists, 13523
nonverbal behavior vs verbal content of interviews, prediction of ratings of interviewer effectiveness, college students, 10413
predictions of student ratings of teacher assistant, interviewers trained in patterned-based vs standard interviewing, 4500
presence & sex of O, self focused attention during interviewing role rehearsal, male vs female college students, 3436
race of interviewer, response manner to racial vs nonracial questions during telephone interview, Black vs White respondents, 1010
teaching of interview skills in client centered therapy course, psychology graduate students, 4292
telephone vs face to face interviews, elicitation of information from disabled persons, 10714
use of control techniques & communication skills in telephone interviewing, 82
Interviews [See Also Job Applicant Interviews, Psychodiagnostic Interview]
client-focused approach in preparatory interview, social group work, children of Holocaust survivors, 4174
employee's job status, supervisor's responses & subordinate's experiences & satisfaction with performance appraisal interview, employees & their supervisors, 2162
frequency & duration & distribution of pauses in causal vs political interviews vs political speeches, politicians, France, 5289
importance of crime scene data & interviews with sex offenders & role of psychological profiles of suspects & law enforcement, data collection of multiple rape-murders, male criminal, 10637
informed consent about content vs purpose of telephone interview, response rate & quality & item nonresponse, survey respondents, 87
laws & counselor role, interview prior to abortion, 13315
PASCAL program & microcomputer system, dyadic verbal interaction analysis for interview research, 9288
preadmission interview, assessment of educational potential, college applicants with nontraditional background, 6816
production & detection of fraudulent interview data in street studies of crime & drugs, 66
structured interview & counseling, 12–50 yr old females who had experienced incest in childhood or adolescence, 8587
teacher intervention via life space interview, insight & behavior change, hyperactive 12 yr old male, 11331
time limits, anxiety & speech rate & verbal productivity during interview, Type A vs Type B college students, implications for brief counseling, 3942
validity & reliability & acceptability of biographical data & interviews & recommendations & interest & personality measures, prediction of success in higher education, college graduate & professional school students, 2082
validity of self report & interview measures, measurement of childhood & adolescent depression, 2445
Intestines
interaction of presence of food in small intestine & exogenous cholecystokinin & bombesin & oropharyngeal stimulation by food, gastric vs intestinal satiety vs food intake, animals, literature review, 5054
psychiatric assessment & long term treatment outcomes, jejuno-ileal bypass surgery for superobesity, 23–59 yr olds, 1670
substance isolated from feces, reduction in eating & drinking behavior, rats & mice, 12041
synthesized enkephalin analogs, electrically induced ileal contractions & analgesia, guinea pigs & mice, 7559
Intimacy
development & reliability of Waring Intimacy Questionnaire, assessment of marital intimacy, 11698
developmental model of intimacy developed by M. Rytting, counseling, adults, 6431
early intimacy, adult identity crises, identical twins, 7393
ego psychology & systems theory approach to therapy, psychological merger, lesbian couples, 10861
family intimacy in magazine advertising, 1920–77, 11520
friendship vs mother- vs father-child relations, attempts at behavior control & intimacy & nurturance, male vs female 4th vs 7th vs 10th graders vs college students, 3215
indices of psychosocial adjustment & motives for achievement & power & affiliation & intimacy, middle aged males, longitudinal study, 10244
intimacy & anxiety & transference & resistance in psychotherapy, response to E. A. Levenson's discussion, 6122
intimacy in psychotherapy, 6148
metacommunicative functions of talk about a past partner, impact on current relationship & feelings of security & control & closeness, 10414
model involving apathy vs reactivity vs conductivity, differential styles in intimate relationships, 10405
notation system for formal aspects of E. H. Erikson's theory of psychosocial development, interstage relationships between identity & intimacy crises of adolescence, 5442
perceptions of intimacy & sexuality, mentally retarded, 1319
power strategies employed in intimate relationships, masculine vs feminine vs androgynous vs undifferentiated college students, 10455
psychodynamics, alcohol abuse & emotional & sexual intimacy, couples, 3691
relationship enhancement program, relationship adjustment & trust & intimacy & empathy & communication, premarital couples, 10881

reliability & validity of Miller Social Intimacy Scale, unmarried vs married college students vs spouses seeking marital therapy, 4765
role of inventory in psychotherapy, response to E. A. Levenson's article, 6136
self monitoring abilities & intimacy of confederate's disclosures, imitation of confederate in self disclosures, college students, 3400
self perceived & actual intimate disclosure to same vs opposite sex friends vs strangers, loneliness, college students, 7889
sex & physical distance & intimacy of question, self disclosure, college students, 7879
social relationship to other, choice of situation & joint activity, 17–57 yr olds, 10388
typology of interpersonal disengagement strategies & effect of intimacy & reactions to inequity & relational problems on strategy selection, college students, 7872
Intoxication [See Toxic Disorders]
Intoxication (Alcohol) [See Alcohol Intoxication]
Intra Aural Muscle Reflex [See Acoustic Reflex]
Intrinsic Motivation
attendance at school using symbolic rewards & expectation of drawing performance contingent reward & symbolic vs verbal reward, drawing during free period, 5–7 yr old students, 4423
attitude & personality, development of responsibility for intellectual achievement, 9 yr olds, 1-yr followup, 10220
attribution & delay of gratification ability & praise & monetary reward, intrinsic interest, kindergartners & 4th graders, 3059
expertise of postperformance verbal feedback source & positive vs neutral feedback valence, intrinsic motivation, college students, 9678
extrinsic monetary rewards & locus of control, intrinsic motivation on puzzle-solving task, college students, 11928
instrumental consumption of food under FR schedule, role of response deprivation & overjustification in food preference shifts, 3.6–4.5 yr olds, 7603
intentionality & perceived danger & lethality & motivation, sedative hypnotic overdose, emergency room overdose patients with mean age of 28.3 yrs, 1289
intrinsic & extrinsic work motivation, literature review, 13777
rewards & competence information for simple vs complex task, intrinsic interest, 4th graders, 12382
self vs other selection & administration of task & controlling vs informative feedback, intrinsic task motivation, college students, extension of cognitive evaluation theory, 7280
subject area, relationship between anxiety & intrinsic motivation, 4th vs 7th graders, 6731
task difficulty & successful solution, pleasure, Down's syndrome infants with mean age of 11.1 mo, 12981
work satisfaction & performance & motivation, older workers, literature review, 11491
Introjection
introjection & idealizing transference, reply to criticism by A. Frank, 8315
introjection & projection & paranoid process in drug abuse & addiction, 8109
Introspection
introspection & visual thinking as means to create & store information, symbol system development for media productions, instructional technologists, 1951
Introversion
cardiovascular variability, introversion/extraversion & neuroticism & psychoticism, volunteers, 2845
extraversion & introversion & sex, attitudes toward capital punishment, college students, 5641
extraversion/introversion & neuroticism, reversal latencies for Necker cube & sectored circle, college students, 2578
extraversion/introversion, contingent negative variation amplitudes, 22–30 yr olds, 12051
extraversion/introversion, event-related slow potentials, 19–29 yr old males, 9857
extrovert vs introvert self schemas, perception of extraversion/introversion mothers, college students, 12676
intense & intermittent & unpredictable noise, arithmetic task performance & GSR & heart rate & neuroticism & introversion-extraversion, 18–49 yr olds, 5129
introversion & extraversion, platelet MAO activity, patients, Germany, 2847
introversion & neuroticism & personality correlates, 15–40 yr old tension headache sufferers vs neurotics, 5683
introversion-extraversion, religiousness, 4th & 5th graders, reanalysis of data of L. J. Francis et al, 10228
introversion/extraversion, individual differences in auditory brain stem evoked responses, 18–32 yr olds, 12097
introversion/extraversion, study habits, college students, 1053
neuroticism & extraversion-introversion & intelligence & verbal comprehension & sex, verbal fluency, high school students, 5325
psychodynamics & introversion & extraversion, acrocyanosis & spasmophilia, school age children, 3771
rest period & extraversion/ambiversion/introversion & neuroticism, reminiscence & performance on massed pursuit rotor practice, female college students, 5613
self monitoring level & introversion vs extraversion, willingness to enter situation requiring extraversion & transformation of situation to fit personal disposition, college students, 3402
smoking, frontal-central contingent negative variation, extraverted vs introverted 20–40 yr old smokers, 5261
S's introversion & extraversion & E effects, retention & memory, literature review, 5649
stimulus length & task & personality, time estimation, introverted & extraverted Ss with mean age of 12 yrs, 7710
uniform- vs mixed-ability group composition & group interaction & S's personality, mathematics achievement, junior high school students working in groups, 1982
white noise, visual vigilance task performance, introvert vs extravert college students, 4850
Intuition
abstract vs concrete presentation, intuitions about functional concepts, 6th–9th graders, 13600
biased vs unbiased phrasing of question about relationship between events, requests for information, college students, 2600
high vs low intuition, managerial decision making, college business students, 9111
social cognition processes, sensing of organizational problems, managers, 9123
Inventories [See Also Interest Inventories]
Beck Depression Inventory vs Form E of Depression Adjective Check Lists vs Generalized Contentment Scale, psychiatric inpatients vs outpatients vs graduate students, 4719
composite measure of Defense Mechanism Inventory, measurement of reaction to frustration, reanalysis of data of S. Juni et al & M. S. Blacha et al, 150
discriminant validity of Rational Behavior Inventory, correlation with social desirability scores, college students, implications for usefulness as index of psychpathology, 11693
Inventory of Counselor Behaviors, provision of specific & systematic feedback, counselor trainees, 11645
item content of teacher effectiveness evaluation inventory, appraisals, college students, 4515
modification of Barrett-Lennard Relationship Inventory, measurement of interaction with parents of pediatric patients, medical trainees, 7082
reliability & validity of British adaptation of Career Development Inventory, assessment of vocational maturity, 7121
reliability & validity of Neonatal Perception Inventory, assessment of maternal perception of infant status, adolescent mothers, 7042
supplemental factor scales for Marital Satisfaction Inventory, spouses, 194
validity & internal consistency of self report inventory, measurement of self esteem, 7063
Inventories (Attitude) [See Attitude Measures]
Inventories (Personality) [See Personality Measures]
Inventories (Preference) [See Preference Measures]
Invertebrates [See Ants, Arachnida, Arthropoda, Bees, Beetles, Butterflies, Cockroaches, Crabs, Crayfish, Diptera, Drosophila, Earthworms, Grasshoppers, Insects, Larvae, Mollusca, Moths, Planarians, Protozoa, Snails, Worms]
Investigation [See Experimentation]
Involvement [See Also Job Involvement]
academic job involvement & verbal ability & academic performance & college & course satisfaction, prediction of attrition, college freshmen, 8976
action research program involving employee problem solving group & surveys & interviews, number of injuries, employees, 2230
aggression & deviance & personality adaptation as antecedents & consequences of alienation involvement, males from Grades 8–12, 4-yr longitudinal study, 12492
attitudes toward family involvement in day care services for aged, day care center administrators, 4119
family background & caseworker involvement, foster family placement stability, 9 yr olds, 4178

involvement in post-hospital-care decision making, hospitalized patients with mean age of 74 yrs, 11055
involvement in prior promotion decision, evaluation of promoted poorly performing hypothetical employee, college business student raters, 9083
involvement in quality of work life program, experienced influence & job autonomy & supervisor participativeness & influence, utility managers & engineers & technical/clerical staff, 11498
involvingness of stimulus content & hypnotic vs waking context, time estimation, college students, 9699
life histories, civil rights workers committed to movement for over 10 yrs, 12524
managerial level & sex & age & education, attitudes toward public involvement, recreation & park senior vs middle level administrators, 6855
perceptions of teachers & school & self in classroom vs outdoor education setting, involved vs uninvolved 6th graders, 6747
reliability & validity, M. J. Houston & M. L. Rothschild's situation & enduring & response components of involvement, implications for consumer information processing, 7123
social awareness & involvement & social & status concerns, elementary & high school teachers, 13571
social ties & community involvement & family relations, life satisfaction, Ss age 50 yrs & over, 1060
task & group involvement & performance feedback, attributional effect of performance cues on self report descriptions, college students in simulated organizations, 9160
thief identification accuracy, victimized vs uninvolved college student eyewitnesses, 3334
vested interest in issue, moderation of attitude-behavior consistency, college students, 5658
Ions [See Electrolytes]
Iran
drug use patterns & opium, 14–18 yr olds, Iran, 5401
perception of role of mother vs father in socialization, 10th–12th graders, Iran, 7819
play behavior, preschool age children, Iran vs Turkey, 12458
sex, symptoms of psychiatric distress & utilization of in- vs outpatient psychiatric services, psychiatric patients vs drug addicts under 55 yrs vs 55 yrs old & older, Iran, 6095
sociocultural problems, conduct of psychiatric field surveys, Iran, 1140
validity & reliability, UCLA Loneliness Scale, Iranian college students, Iran vs US, 2443
Ireland
moral reasoning as measured by Defining Issues Test, Catholic male vs female 12–13 vs 15–16 vs 18–19 yr olds, Ireland, 3042
religious affiliation, psychiatric hospital admission for schizophrenia, Ireland vs Northern Ireland, 8636
survey of referrals to psychologists for intellectual/developmental assessment & behavior problems, 0–19 yr olds, Ireland, 1980, 3902
teacher report of student's home background & cognitive & emotional characteristics, prediction of school achievement, disadvantaged 5 yr olds, Ireland, 3-yr followup, 4469
Iron
decrease in serum ferritin levels due to repeated phlebotomy, cognitive performance ability & EEG & event-related potentials, males, 12188
Irradiation [See Radiation]
Irrational Beliefs
assertiveness & irrational beliefs, college students, 3475
cognitive irrationality & Principalization defense cluster, 12744
discriminant validity of Rational Behavior Inventory, correlation with social desirability scores, college students, implications for usefulness as index of psychpathology, 11693
factorial validity of Irrational Beliefs Test, college students, 2453
irrational beliefs & personal problems & self acceptance, college students, 4426
rational beliefs & test & state & trait anxiety, college students, 3464
rational emotive therapy with vs without rational role reversal vs imagery, irrational beliefs & emotional distress, adults, 13183
role of irrational beliefs in aspects of self devaluation, college students, 4409
social anxiety & videotape performance feedback, self statements & self evaluations & irrational beliefs & self reported social skills, female college students, 5616
test reliability & validity & development, measurement of A. Ellis & R. A. Harper's concept of rationality, Ss with mean ages of 22 & 27 yrs, 4716
Ischemia [See Also Cerebral Ischemia]
imipramine therapy, secondary depression following myocardial infarction or coronary artery bypass-graft surgery, 42–66 yr old males with ischemic heart disease, 1648
light vs dark adaptation & ischemia, cyclic adenosine & guanosine monophosphate in whole eyes, ground squirrels, 12111
Islam
growth patterns, infants from birth to 24 mo in Moslem semirural community, Israel, 12401
leisure, Islamic countries, 12547
power motivation, social value orientation, male vs female Hindu vs Moslem graduate students, India, 1076
religiosity & sex & caste status & place of residence & anxiety & authoritarianism & rigidity & tolerance for ambiguity, Hindu vs Muslim college students, India, 12721
retaliation vs nonretaliation responses of victims, rating morality & intelligence & likeability of aggressors & Hindu vs Muslim victims, college students, India, 5599
Isocarboxazid
maprotiline vs nortriptyline vs clomipramine vs imipramine vs amitriptyline vs imipramine oxide vs mianserin vs zimelidine vs nomifensine vs isocarboxazid, salivation, 19–41 yr olds, 10027
Isolation (Social) [See Social Isolation]
Isoproterenol
aminophylline vs DH-ergotoxin alone vs with adrenaline vs noradrenaline vs isoprenaline, operant behavior, female rats, 696
dose of isoproterenol, punished responses & water drinking, water deprived rats, implications for "false positives" in conflict procedures, 2927
Israel
academic tracking & cross-ethnic acceptance in integrated homerooms, junior high school students, Israel, 2016
adaptation-enhancing effects of symbiotic subliminal stimuli, mathematics achievement, 10th graders, Israel, 1931
androgyny vs stereotyped masculinity/femininity, married couples seeking treatment for sexual dysfunction, Israel, 10751
attitudes toward discharged psychiatric patients, 20–56 yr old rehabilitation workers, Israel, 1872
child & teacher & problems of school & school resources as clients, school psychologists, Israel, 11167
cigarette & alcohol & hashish use & sexual intercourse, adolescents, Israel, 3245
country's sociocultural premises, prevalence of myocardial infarct, US vs Mexico vs Japan vs Italy vs Czechoslovakia vs France vs Israel, 8215
decline of Judeo-Spanish language, Israel, 12365
differences between American & Israeli kibbutz units of Network of Psychiatric Services for Adolescents, therapeutic community & milieu therapy, emotionally disturbed adolescents, Israel, 4155
education & socioeconomic status & familial child care burdens & age & ethnic background, labor force participation, immigrant vs native born Jewish urban married 18–54 yr old females, Israel, 3279
establishment of community based group home, 19–34 yr old recently released psychotic patients, Israel, 1712
factor structure, self concept, Jewish vs Arab adolescents, Israel, 10236
growth patterns, infants from birth to 24 mo in Moslem semirural community, Israel, 12401
helping responses to suspicious package in public area, local vs transient passersby in groups vs alone, Israel, 10387
occupational status, switch from Spanyol to Hebrew language, Sephardic Jewish males aged 32–45 vs 60–78 yrs, Israel, 12539
peer interactions, 5th & 6th graders in kibbutz vs urban school, Israel, 3243
production & comprehension of inflected forms of Israeli Hebrew adjectives, native Israeli college students, 10067
social self identity & readiness for intergroup social contact, Jewish & Arab high school & college students, Israel, 914
socioeconomic & professional class & sex & age differences, variation in Early Modern Eastern spoken Judezmo, Israel, 12363
socioeconomic status & ethnic group, repression-sensitization, pregnant females in urban hospital, Israel, 3484
sociopsychological correlates of alcohol use, adolescents, France vs US vs Israel, 12452
status & treatment by Jewish employers, attitudes toward Israelis, Arab industrial workers, Israel, 3269
test anxiety level, kibbutz-born vs urban-born 13 yr olds, Israel, 10257
tolerance for problem behaviors of mentally retarded patients, staff members from institutions vs group homes, US vs Israel, implications for social validity of treatment, 11061

traditionalization of ethnic & social identity, American Jews who immigrated to Israel, 906
whole word vs semantic unit method, assessment of Arabic reading comprehension, Arab 5th vs 6th vs 7th graders, Israel, 11398
Italy
attitudes toward future marriage, peasant females, Italy, 7794
criticism of current trends among psychiatrists to doubt own expertise & devalue psychiatry, US & Italy, 8273
cross cultural validity of Hamilton Depression Rating Scale, depressed outpatients vs normals, Italy, 4735
functioning of general hospital psychiatric service, Italy, 8619
incidence & pathogenesis of primary vs secondary alcoholism, Italians vs Slovene minority group members, Italy, 5854
laws regarding civil rights, mental patients, France vs Italy vs US, 979
neurotic vs normal MMPI profiles, industrial workers at risk for respiratory disease, Italy, 3553
validity of Michigan Alcoholism Screening Test, detection of problem drinking, 26–64 yr old male alcoholics & moderate drinkers, Italy, 4718
Itching [See Pruritus]
Item Analysis (Statistical)
adaptive testing based on item response theory to improve testing efficiency & quality, 7033
analysis of Adolescent Alcohol Involvement Scale, assessment of alcohol drinking patterns, female 7th–10th graders, implications for alcohol education, 5422
application of item-analytic procedures to factor analysis of MMPI, identification of homogeneous & independent dimensions & item scaling, male prison inmates, 111
application of linear logistic latent trait models, 7017
Bayesian procedures based on hierarchical model, estimation of item & ability responses in Rasch model, 4838
calculation of asymptotic standard errors in item response models, 9485
conceptual differences between classical test theory vs item response theory, implications for educational & psychological measurement, 7019
correspondence among item bias detection methods, math & reading subtests of 1978 Science Research Associates Achievement Services, 8975
critical analysis of size of J. Loevinger's coefficient of homogeneity as criterion in SCAMMO method of scale analysis, 11712
development of appropriateness index using item response theory, detection of spuriously low & high scores on multiple choice tests of aptitude, 102
estimated item co-endorsement & empirical conditional probabilities, veridicality of implicit personality theory, reply to criticism of O. C. Tzeng & C. Tzeng, 3478
factor structure using radial parcels vs item factoring, 16PF, physically or mentally handicapped Ss with mean age of 31 yrs, 4753
formula for item response theory, true-score equating for nonparallel test versions, 7025
hierarchical factor analysis vs 2-parameter logistic item response theory models, responses to Job Descriptive Index, company employees, 7031
item & factor analysis, Forms 8 & 9 & 10 of Armed Services Vocational Aptitude Battery, military enlistment applicants, 9431
item & radial parcel factor analysis of 16PF, college students, 4812
item analysis of scales measuring alienation, school teachers & factory workers, 11679
item by group interaction method vs method comparing probabilities of response for different groups conditional on ability level, assessment of item bias, 107
item response theoretical approach based on purely ordinal assumptions about positive response probabilities, nonparametric analysis of dichotomous items, 7028
item response theory approach to analysis of English & Spanish versions of Job Descriptive Index, bilingual employees, 7020
item variance, development of upper & lower bounds or degree of factor predictability in finite item arrays, 232
item weighting of Adaptive Behavior Scale, 9–57 yr old mildly & moderately & severely & profoundly retarded patients, 113
latent trait models for binary data as special models for contingency tables, ability parameter estimation by conditional vs direct vs marginal maximum likelihood methods, 7013
Likert-scale vs paired-choice format & specificity of survey items, assessment of parental preferences for curriculum components, parents of elementary school students, 8988
method for cutoff of scores from Hamilton Rating Scale for Depression, 11697
methodology based on Tukey's biweight, estimation of latent ability, 2409
nonlinear factor analytic framework to examine uni- & multidimensional models in item response theory & classification of models, 7027
partial correlation vs item characteristic curve vs item difficulty index, identification of GRE verbal items performing differentially depending on sex & race, Blacks vs Whites, 2112
reliability & internal consistency & item analysis of German language dogmatism scale, officer cadets & college students, 11703
reliability & item selection conflicts, psychometric deficiencies of short form of Northwestern Syntax Screening Test, criticism of work by D. L. Ratusnik, 2400
sample size & test length, accuracy of simultaneous estimation of item & person parameters from simulated item responses using 2- vs 3-parameter logistic models, 104
sex & question combination, performance on Secondary Education Biology examination & individual items, students, 11399
test score pre-equating transformation based on logistic model, comparison of different forms of Test of Standard Written English, 99
verbal analogy tests developed by using 1- vs 3-parameter logistic models, test efficiency, high school students of differing ability, 13715
Item Analysis (Test)
adaptive aviation certification examination based on item response theory, private pilots, 2480
application of latent trait theory, organizational research, 11710
choice of scale descriptors "hypnotized" & "absorption", measurement of hypnotic depth, college students, 4707
construction of multiple choice test items, assessment of higher order educational objectives, 4468
internal consistency reliability of Adaptive Behavior Scale, 7–53 yr old institutionalized mentally retarded, 9378
item analysis of Leiter International Performance Scale in terms of perceptual & conceptual content & interpretation of Leiter IQ, language disordered vs normal 4.4–5.5 yr olds, 7023
item analysis vs binary classical analysis, selection of items for psychological questionnaires, 9442
item wording & placement in evaluation forms, rating bias, college students, 2467
Likert-scale vs paired-choice format & specificity of survey items, assessment of parental preferences for curriculum components, parents of elementary school students, 8988
rating vs triads vs pair rank ordering vs conditional rank order similarity judgment methods, nonmetric multidimensional scaling solutions, college & graduate students, 7021
scoring reliability, Griffiths Mental Development Scale, 2 mo to 7 yr olds, 2440
2- vs 7-choice item response format, factor analytic results of Comrey Personality Scales, male applicants for motor vehicle operator's license, 101
Item Content (Test)
item content of personality scales, implications for item overlap with correlated scale, 4770
item content of teacher effectiveness evaluation inventory, appraisals, college students, 4515
Likert-scale vs paired-choice format & specificity of survey items, assessment of parental preferences for curriculum components, parents of elementary school students, 8988
Jails [See Prisons]
Jamaica
factors affecting contraceptive use, females, Jamaica, 12600
history of family structure & instability & mating patterns, urban & rural lower class, Jamaica, 940
validity of Jamaican version of Mednick Remote Associates Test, assessment of creativity, 16–17 yr olds, 7059
Japan
acquisition of particles "o" & "ga", 4–7 yr olds, Japan, 10150
aesthetic preferences in US vs Japanese city scenes, college students, Japan, 2271
arranged vs love-match marriage & role specialization, understanding, 22–64 yr old couples, Japan, 12583
biofeedback & behavioral treatment, Japan, literature review, 4029
birth order & psychosocial factors & early parent child relations, onset of psychosomatic disorder, 16–64 yr old asthmatics, Japan, 13002

characteristics of attempted & completed suicides, adolescents, West Germany vs Japan, 10625
childhood experiences, attitudes toward own children, mothers of 5th graders, Japan, 952
country's sociocultural premises, prevalence of myocardial infarct, US vs Mexico vs Japan vs Italy vs Czechoslovakia vs France vs Israel, 8215
cultural factors, psychosomatic disorders, Japan, 13037
current trends, research on behavioral development, Japan, 728
development & current status of welfare policies, disabled children, Japan, 6101
epidemiology of & reasons for suicide, children & adolescents, Japan vs West Germany, 8103
epidemiology of suicide & child abuse & juvenile delinquency & child welfare services, children, Japan, 8099
epidemiology of various mental disorders, Japan, 1971–77, 8042
family violence, children & adolescents, Japan, 8097
financial management of mental vs general hospitals, Japan, 8635
folk ideology of femininity, comic literature, Japan, 12372
history of mental health, Japan, 603 BC to 1975 AD, 6932
Japanese vs Western cognitive patterns & hemispheric processing, implications for human resource development, 2601
need for social assistance, families with intellectually impaired school age children or members with other handicaps, Japan, 1737
orthography of Asian vs Western languages, incidence of reading disabilities, 5th graders, US vs Taiwan vs Japan, 3744
personality structures, male vs female college students, Japan vs Canada, 12740
problems in child abuse intervention, Japan, 11000
progress in mental health services, 1955–78, Japan, 4153
psychiatric hospital admissions & discharges, Japan, 4203
role of emotions & culture-specific interpretations, Morita therapy, Japan, 3914
sex & school differences, stress ratings of life experiences, 5th & 6th graders, Philippines, comparison to ratings from previous studies from US vs Japan, 5470
statistical data, psychiatric patients, 1978, Japan, 3608
systems for corporate training & organization, Japan vs US, 11456
urbanization-related stress, mental & physical health, Japan, 2266
validity of Psychiatric Status Schedule for structured interview, psychiatric diagnosis, 22–55 yr old Japanese & Japanese American patients, 4808

Japanese Americans [See Asians]

Jaundice

phototherapy, short-term behavioral sequelae of neonatal jaundice, infants up to 28 days old, 3907

Jaw

cortically-induced rhythmical jaw movements, trigeminal motoneuron membrane-potentials, guinea pigs, 2889
etiology & psychological factors & EMG feedback vs dental treatment, temporomandibular joint dysfunction & myofascial pain dysfunction syndromes, literature review, 1407

Jealousy

behavioral inferences of jealousy in pets, cat & dog owners, 11947
cross cultural & evolutionary & social & legal aspects, sexual jealousy, human males, 988
delusions of infidelity in psychotic jealousy, psychiatric patients, 8022
experiential analysis, common factors in jealousy, college students & mental health workers, 320
factor analysis, test of convergent validity of jealousy scales, college students, 2455
manifestations of envy in transference & countertransference, 40 yr old female psychotherapy patient, 13145
phenomenological analysis, envy vs jealousy, young adults, 3432
romanticism & self concept & competitiveness & sex role identity & religiosity & family income & lifestyle & social desirability, reactions to hypothetical jealousy-producing events, college students, 10459
self esteem & emotional dependency & intended vs actual extramarital involvement, anticipated sexual jealousy, males vs females, 3352
validity of Interpersonal Jealousy Scale as measured by correlations with rival threat & expressions of possessiveness, college students, 7084

Job Analysis

accuracy & utility of traditional vs statistical vs hybrid management position evaluation approaches, 9120
accuracy of hierarchical mode analysis vs J. H. Ward's vs k-means methods in cluster analysis of simulated job-analytic data, 118
applicant attractiveness & attractiveness-relevance of job, interviewer decisions & job specific attributions for management trainee applicants, college students as interviewers, 2184
aptitudes required & psychological rewards offered by job tasks & job satisfaction, employees, 2239
characteristics of jobs & role in skilled nursing facilities, licensed clinical social workers, implications for social work education, 6458
concept of convergence/divergence with practice & application & differential long term retention & personnel selection & classification & latent factor identification, implications for military training, 11452
concurrent validity of measure of job aptitudes & attributes identified through job analysis technique, selection for job of setter in plastics industry, setters, 195
congruency between work values & perceived job attributes, prediction of job satisfaction, retail & hospital pharmacists, 6873
correlation of data/ideas & things/people dimensions with J. L. Holland's vocational types & with vocational tasks, career groups & individuals, 9054
court standards for assessment of job analyses in development & validation of selection tests, 7116
coworker & supervisor support, association between task characteristics & mental stress, male workers, 9153
cross-validity of Short Form of Position Description Questionnaire, job analysis, managers, 7045
elements of organizational culture & development & change & managers' job model & performance & perceived freedom, male middle managers, 2200
entry into work force, preference for various job characteristics & self-concept, female health professionals, longitudinal study, 8758
equations for evaluation of aptitude requirements based on task difficulty, US Air Force personnel, 2122
ergonomics work analysis & quality of working life, 11508
horizontal lifting task, physiological responses & psychophysically-measured preferred workload, 28–37 yr old brewer's draymen, 6890
incumbent-perceived job interest & available information about hypothetical job, Position Analysis Questionnaire dimensions, college students, 2215
interrater reliability & validity of ratings derived from narrative job descriptions, 7066
involvement in quality of work life program, experienced influence & job autonomy & supervisor participativeness & influence, utility managers & engineers & technical/clerical staff, 11498
job analysis, Aegis combat system submode operators, 11460
job analysis, tactical command & control workstations, US Navy personnel, 11467
job attributes, job preferences, Poland, 6840
job characteristics & satisfaction & motivation, hospital pharmacists, 13512
job characteristics, motivation & satisfaction & job performance, industrial personnel, 9138
job complexity & level & performance & satisfaction & self esteem & sense of competence, 15–22 yr old male electrical apprentices, 9172
job design, achievement motivation, employees, 4586
job evaluation methods, similarity of job rating classifications, South Africa, 6876
linguistic information transfer via alpha-numeric display, user communication in Naval command systems & design of human-computer dialog format, 6896
microcomputer video game of bombing & air combat maneuvering & job control validity, US Navy enlisted males, implications for pretesting practice in repeated measurement, 9444
occupational segregation & unionization & women's participation in blue & white collar levels of industrial classifications, implications for labor stratification theories, 13801
occupational status, work & leisure activities, males vs females, Australia, 11439
open-plan work environment & job characteristics, attitudes, office employees, 4582
perceived job attributes & growth need strength, productivity & job & overall satisfaction, manufacturing firm employees, 9149
personality & job demands & number of students taught & number of advisees, office desk placement, college professors, 4335
personality characteristics, engineer successfully functioning in 3 occupational positions, 2163
physical fitness & strength & standards & training program & maintenance exercise, female police officers, 4545
potential for abuse in federal position control programs during era of cutback management, 2213

PROBE automated question generator & answer sifter, development of behavior profile for job performance, 2168
professional duties, human service educators, 1901
professional memberships & license & certificates & job duties & theoretical orientation, 27–70 yr old counseling psychologists in VA regional offices, 8769
reliability of ratings on characteristics of occupations from "Dictionary of Occupational Titles", 13756
repetitive work, mood, 18–30 yr old females, 9143
requirements & purpose & activities required by Public Law 94-142 for provision of services to handicapped students, school nurses, 8941
role of nurses' aide in team approach, nursing home staff, 6534
role of police administration, role ambiguity, police officers, 4556
role play exercises, demonstration of skills of successful salesmen, postgraduate management students, implications for training of salespersons, 2158
salary differentials for positions with equal responsibility, male vs female university administrators, 1925
self reported perceived vs outsider observed job characteristics, 10th & 11th graders, 758
similarity of tactical work stations in air vs sea environments, US Navy personnel, 9097
situational constraints, job frustration & satisfaction, full time employed adults, replication of previous findings, 11496
US Air Force feasibility study, elimination of navigator position in tanker operation, 6860
work activity & perceived necessary competencies, school principals, Australia, 1898
work duties & training needs, managerial & secretarial staff in mental health agencies, 8774
work group & task size, rating jobs on dimensions & enrichment & motivation potential, college students observing assembly line workers, 2221

Job Applicant Attitudes
attribution of unsuccessful job acquisition by disabled vs nondisabled applicants, nondisabled college students, implications for effect of attributions on client motivation, 8689
corporate image & specificity of job applicant qualifications, responses to recruitment advertisements, job candidates, 6841
realistic job preview, realistic expectations & voluntary vs involuntary turnover, gasoline station job applicants, 2147
recruiter affect & knowledge of job & job attractiveness, propensity to pursue job possibility, job candidates, 13771
sex & previous employment & source of job information, obtaining & maintaining employment, former participants in National Urban League's Youth Career Development Project with mean age of 19.4 yrs, 2143
validity & adverse effects of & reactions to work sample tests, job applicants, 181

Job Applicant Interviews
applicant attractiveness & attractiveness-relevance of job, interviewer decisions & job specific attributions for management trainee applicants, college students as interviewers, 2184
behavioral social skills training, job applicant skills, 16–21 yr olds, 6466
employment interview training workshop, communication skills, 2136
experience of interviewer & interview setting, use of confirmatory hypothesis-testing strategies in employment interview, experienced interviewers & college students, 9080
guidelines for conducting effective employment interviews, 6843
job applicant interviews, implications for vocational training of mentally retarded, literature review, 11084
recruiter affect & knowledge of job & job attractiveness, propensity to pursue job possibility, job candidates, 13771
reliability & validity, oral interview board for promotion evaluations, state police troopers, 11461
small group job interview skills training, verbal behavior during role-played job interviews & subsequent employment, 20–37 yr old mental health center aftercare clients, 6468

Job Applicant Screening
applicant sex & age & marital status & academic achievement as ambiguous information, evaluation of resume, male vs female personnel professionals, 9078
selection criteria for new faculty & characteristics of successful applicants, doctoral degree-granting psychology programs, 4290
validity & adverse effects of & reactions to work sample tests, job applicants, 181

Job Applicant Testing [See Job Applicant Screening]
Job Change [See Career Change]
Job Corps
Personal Employment Program, employment training, Comprehensive Employment & Training Act participants, 6845
Job Descriptions [See Job Analysis]
Job Experience Level
age & education & income & tenure, need satisfaction & importance, 27–45 yr old automobile factory managers, India, 13787
age & education & seniority, perceptions of environmental issues, managers, South Africa vs Nigeria, 13794
age & experience & level of teaching & type of service delivered & student label, burnout, teachers of handicapped & gifted children, 8824
age & sex, change in punitive & aggressive attitudes after 6 mo work experience, prison guards, 1807
applicant's physical attractiveness & experience & social performance, decision making, personnel interviews, implications for behavioral counseling, 6844
development of instrument for measurement of opinions toward work, male vs female 9th vs 12th graders with vs without previous work experience, 8995
educational background & position & experience & age & size & level & type & number of schools served, powerlessness, school nurses, 8821
efficacy & ego development & problem solving, 1st vs 5th yr vs former teachers, 4333
experience & seniority & age & education & intelligence, performance in assessment center, 25–46 yr old middle managers, 2188
experience of interviewer & interview setting, use of confirmatory hypothesis-testing strategies in employment interview, experienced interviewers & college students, 9080
innovativeness & age & education & occupational experience & hierarchical level, 30–47 yr old male agricultural research scientists, 13783
job complexity & level & performance & satisfaction & self esteem & sense of competence, 15–22 yr old male electrical apprentices, 9172
job level & number of promotions & perceived importance of promotion process, male vs female employees of finance organization, 2176
level of professional experience, diagnostic accuracy & overshadowing in rating patient with schizophrenia with vs without mental retardation, psychologists vs clinical graduate students, 10672
perception of own profession, 1st vs 2nd vs 3rd yr technical students vs professionals, 9168
preference for counselor with personal vs professional experience & specific socioeconomic status & race & age & sex for career dissatisfaction & physical disability & interpersonal problems, female graduate counseling students, 8585
prejob training & job experience, dogmatism & counselor skills & knowledge, 19–71 yr old volunteer telephone crisis counselors, 4162
sex & age & grade level taught & years of experience & type of community & educational level & marital status, burnout, kindergarten through 12th grade teachers, 13583
sex & profession & level of training, expectancies in regard to male vs female client, counselors vs clinical social workers vs clinical psychologists, 6521
training & professional experience, faculty members in school psychology programs, 8801
type of hospital & achievement values & age & length of service & parents' occupation & earnings & perception of hospital environment, occupational commitment, nurses in private vs public hospitals, 1879
use of cues in clinical judgments of congenital heart disease, expert vs novice clinicians, 4286
workshop on family therapy & experiences & type of practice & awareness of need for & use of family therapy, family physicians, 11116

Job Involvement
bureaucratic orientation, job satisfaction & involvement, engineering teachers in higher institutions, India vs Great Britain, 13575
decisional participation, organizational & community & professional commitment, recreation administrators, 6861
flexible vs fixed working schedule, attitudes & attendance & organizational attachment, insurance industry employees, 6875
formal education in aging, commitment to field, 19–75 yr olds working with aged, 6553
global work orientation, job satisfaction & work attitudes & professional commitment, university professors, 8817
ideological beliefs & perception of agency's receptivity to prevention, community mental health center staff with & without master's degree in social work, 6584

job involvement, 24–55 yr old bank managers vs officers vs clerks, India, 13798
mother's job autonomy & demands & skill utilization, child's school attendance & effort & achievement, Black lower socioeconomic mothers & their 10–17 yr old children, 6709
participation in decision making, perceived influence & role conflict & ambiguity & emotional strain & job satisfaction, absenteeism & turnover intention, nursing & clerical employees, 13804
social support from work group & supervisor, relationship of role conflict to job satisfaction & involvement & anxiety, 30–65 yr old middle-lower managers, 9103
type of hospital & achievement values & age & length of service & parents' occupation & earnings & perception of hospital environment, occupational commitment, nurses in private vs public hospitals, 1879
Job Mobility [See Occupational Mobility]
Job Performance [See Also Employee Efficiency, Employee Productivity]

inferential set & outcome intent & severity, moral judgments, 1st & 2nd & 6th graders, 3030
interpretations of judgments of beliefs, 6–11 yr olds, 12409
judgment of reward vs damage allocation, development of equity & altruism, 7 vs 9 vs 11 vs 13 yr olds, 3212
labeling & salience, judgments of ethical acceptability of research using human Ss, college students, 8776
music appreciation text focusing on musical perception vs factual information, musical perception & aesthetic judgment, college students, 13633
perception of person's wealth & health & past & present intent & consequence, development of moral judgment, 5–10 yr olds, 3028
presence/absence of categories & categorization practice, symbolic distance effect for comparative judgment RTs, college students, 9606
proximal & distal size & distance, RTs for comparative judgments of distal sizes of squares in pictorial array, college students, 11816
reflective judgment development theory of K. S. Kitchener & P. M. King, career counseling, college students, 2117
speaker age & reliability of contextual source, evaluation of external consistency of statements, 1st vs 3rd graders vs college students, 10119
stories including intent & damage & rationale for negative behavior, rules used in making moral judgments, 6 & 7 yr olds, 3045
type of judgment & distance range, scales for subjective distance using fractionation method, college students, 6956
value theory & value judgments & their epistemology, 5636
Jumping
viewing red vs blue vs pink illuminated wall, grip strength & jumping power & rotary pursuit precision, volunteer Ss, 2528
weight of load worn vs carried & type of backpack, easy standing & vertical jump performance, male vs female ROTC students, 9096
Jung (Carl)
active imagination in analysis with Jung & T. Wolff, 13166
facts concerning attitude of C. Jung toward Jews & Judaism, 4634
Jung's concept of Anthropos & experiences during 1938 trip to India, 10475
Jung's 3 great childhood secrets & his adulation of Freud & association of Freud with God, 25
psychological motives & socio-historical context, actions & stance of C. Jung in period prior to outbreak of World War II, 4630
relationship of Freud & Jung & development of concepts of oedipal complex & countertransference in psychoanalytic theory, 11537
Jungian Psychology
analytic psychology as school of individuation, 3445
application of Jung's 4-function personality theory to discursive writing style, literary critics, 5630
compatibility of R. Sheldrake's theory of formative causation with Jung's concepts of archetypes & synchronicity & collective unconscious, literature review, 4633
examination of C. Dickens's child characters in light of Jung's progressive theory of child motif, 12373

focal & tacit knowing concepts of M. Polanyi & Jungian psychology, dream & waking ego, 4962
Jungian interpretation of T. Mann's "Death in Venice", 10086
Jungian personality types & problem solving, adults, 12725
Jung's concept of Anthropos & experiences during 1938 trip to India, 10475
mythological volcanic goddess Pele as archetypical matriarchal image within human female psyche, 12371
place of Jungian archetypes in universe, 11541
Junior College Students
level of interests & needs in health education, junior college students, 13590
Junior Colleges [See Colleges]
Junior High School Students
ability to infer information during reading & use of connectives in remedial instruction program, silent reading comprehension, 2nd–9th graders, 2020
ability-based academic track, achievement anxiety & self evaluation, 5th–8th graders, West Germany, implications for reference group theory, 6746
abstract vs concrete presentation, intuitions about functional concepts, 6th–9th graders, 13600
academic attitude, 3rd vs 5th vs 8th grade mentally retarded special school students, 11367
academic self concept & expectations & teacher expectations & perception of student & parental expectation & reported stress levels, learning disabled 8th & 10th graders, 8943
academic tracking & cross-ethnic acceptance in integrated homerooms, junior high school students, Israel, 2016
achievement related peer interaction, mathematics learning in mixed vs uniform ability cooperative groups, 7th & 8th graders, 4406
advancement from junior to secondary school, worries & teachers' evaluations of transition-related adjustment difficulties, female students, 13645
advantages/disadvantages of interscholastic sports, middle & junior high school students, literature review, 6738
alcohol education program, knowledge level & use & attitudes toward alcohol, male & female 7th–10th graders, 6653
analogy between Sabbath & group mental health interventions based on family centered education program, 9th & 10th grade students & teachers, 6651
assertiveness training, drug abuse prevention, 8th graders, 8851
attention-influencing devices in visual instructional media, attention & recognition & recall performance, educable mentally retarded elementary & middle school students, 6670
attitudes toward & expectations of school busing, 9–17 yr old Mexican American students, 2014
attitudes toward teachers' strategies for controlling disruptive behavior, 13–14 yr old comprehensive school students, 6743
Behavior Problem Checklist ratings of kindergartners through 8th graders in counseling, parents vs teachers vs counselors, 4504
behavioral smoking prevention program with high school student leaders, reported smoking at 9- & 21- & 33-mo followups, 7th graders, 4387
changes in teacher effectiveness, teacher expectations & student achievement, intermediate & high school teachers & students, 8906
characteristics & assessment & intervention, learning disabilities, 12–15 yr olds, literature review, 2068
classroom behavior & academic achievement, 7th grade males with learning difficulties, 13687
classroom behavior & interpersonal interactions in activity-centered science classes, Black & White 8th–9th graders in desegregated classrooms, 11281
classroom climate & student characteristics & academic achievement, secondary school students, implications for intervention by school psychologists, 6800
classroom DRL program, reduction of negative verbalizations & increased cooperation, junior high school students, 6699
classroom interaction behaviors, male vs female 7th graders, 6726
complexity of teaching method, task involvement, 8th graders, 8834
computer literacy program, microcomputer-assisted instruction in mathematics & writing & computer programming & word processing, educable & trainable retarded & gifted 5th–8th graders, 6757
conceptual level of development, assessment of giftedness, junior & senior high school students, 9007
concern for students having learning vs conduct vs attendance vs delinquency vs physical problem, primary vs secondary school teachers, 11172
construct validity of California Occupational Preference System & Kuder General Interest Survey based on interscale correlations, 8th graders, 8973
construction of Student Stress Inventory (Children's Version), measurement of source & level of perceived stress, 13 yr olds, 2080
cooperative planning, mainstreaming of learning disabled, middle & high school classroom & special education teachers, 11357
creative teaching in science, creative thinking, 14–16 yr olds, 1973
demographic characteristics & behavior problems, 5–15 yr old school truants & their parents, 6729
design for development of career education programs, learning disabled secondary school students, 2058
diagnostic assessment in secondary schools, handicapped adolescents, implications for training & practice of school psychology, 6825
drug education, drug & alcohol usage, 10–18 yr olds, 2-yr followup, 6654
educational & socioeconomic variations in schools & neighborhoods, mathematical reasoning & attitudes toward math, urban minority group 8th graders, 6710
educational alcohol abuse prevention presentation, personal drinking behavior & perceived peers' attitudes & behavior & parental behavior, 7th graders, 13596
efficacy of computer-based teaching, 6th–12th graders, 11219
efficacy of teacher feedback questionnaire, 1st–10th graders, 2116
factorial structure & overlap of California Achievement Test subtests, 5th & 7th graders, 9008
group consequences for individual misdemeanor & public posting, rate of inappropriate behavior during teacher supervision times, 1st–7th graders, 13612
health education lecture series by physicians & residents from naval medical center, middle school students, 13617
imaginal & verbal elaboration strategy training, free recall & serial recall & paired associate learning & reading comprehension, 9th graders, 6693
incidence of student disruptions in junior high & high schools & role of school psychologists, 6734
individual vs cooperative goal structures with vs without exposure to cooperative models, academic achievement & interpersonal behavior & attitudes, learning disabled 7th–8th graders, 8929
inductive teaching method & role playing, language skills, learning disabled secondary students, 2054
instruction in multipass learning strategy, textbook reading comprehension, learning disabled 7th–12th graders, 2067
interiorization of teacher personality & social norms & values, secondary students, implications for Lenin's theory of reflection & theory of refraction, 13653
IQ & motivation & social reinforcement experience, prediction of academic achievement, Black 7th & 8th graders, 4403
learning disabilities in mathematics & skill deficits & remediation approaches, 6th grade & junior & senior high school learning disabilities teachers, 2052
learning style, gifted vs average 7th & 8th & 9th graders, 6706
lesson unit on sources of advertising, hearing impaired & learning disabled 11–14 yr olds, 11373
mastery learning, achievement in French, secondary school students, Nigeria, 13601
meta-analysis, research on effects of ability grouping on school achievement & attitudes, secondary school students, 8855
methodological problems in evaluation of risk reduction programs related to cigarette smoking & alcohol use, 5th–7th graders, 11210
mother's job autonomy & demands & skill utilization, child's school attendance & effort & achievement, Black lower socioeconomic mothers & their 10–17 yr old children, 6709
mutuality & affective tone & orientation of peer attractions, White & Black 8th graders in racially mixed accelerated classes, 4425
nonconformity & assignment of problem responsibility & its teaching in alcohol & drug education programs, 8th graders, 1983
parental attitudes & identification of interpersonal traits, junior high school students, 11292
perceived classroom competition within groups with higher vs lower academic standards, test & trait & state anxiety & self esteem, 5th & 8th graders, longitudinal study, 11279
perceived seriousness of children's behavior problems, 5th–8th grade teachers vs 8th grade students vs mental health professionals, 11160
perception of aggressive vs assertive student behavior, 8th & 9th grade teachers, 1921
perception of school counselor as high vs low in counseling conditions of congruence & positive regard & empathy, locus of control, secondary school students, 8989
perception of sex education, 13 vs 15 yr old males vs females, 1942

perceptions of classroom psychosocial environment, learning outcomes, 7th graders, 6703
performance on real & hypothetical examination, prediction of future academic achievement motivation, 6th–8th graders, implications for instrumentality-theoretical model, 6707
personality correlates of occupational choice, 7th graders, 2009
Piagetian-based conflict instruction, conservation of volume of noncompressible matter & gas volume, 8th graders, 6681
predictive validity of personality vs memory vs aptitude measures, academic achievement, 8th graders, 4516
presence of older students, self perception & psychosexual behavior & substance use & perceptions of school environment & victimization, 7th–9th graders, 6719
problems in drug education program evaluation, 7th–9th graders, 4513
program for determination of interscholastic athletic eligibility, 7th–12th graders, 8985
race & classroom racial composition, friendship choices, White vs Black 4th–7th graders in desegregated classrooms, 8907
reading & spelling & arithmetic achievement & ability measured by WISC-R & Basic Visual-Memory Association Test & Bender Gestalt, 2nd–9th graders, 4396
reading program at beginning vs end of summer, reading achievement regression, learning disabled 3rd–8th graders, 2024
recall of categorized words, mentally retarded 5th & 7th grade special school students, 11381
reliability & validity of Group Inventory for Finding Interests I & II, identification of creative potential, 6th & 9th graders, 6805
reliability & validity of semantic differential-type attitude scale, measurement of attitudes toward school subjects, 5th vs 8th vs 11th graders, 2104
research priorities, characteristics of adolescent learners, members of National Middle School Association, 6606
rewriting of textbooks to readable level, secondary learning disabled students, 2060
school based preventive intervention program, juvenile delinquency & substance abuse, 7th graders at risk, 4475
school environment, disruptive behavior, junior & senior high school students & teachers & principals, 13668
school routines & group learning & student interdependence & independence & achievement scores & community involvement, rural 2-room school for kindergarten through 8th grade, 11147
school-based behavior modification vs exercise/nutrition-education weight loss program, weight loss, obese 12–15 yr old students, 4503
school-based smoking prevention program, smoking at 1-yr followup, adolescent middle school students, 4358
self questioning training, metacomprehension skills, normally achieving 6th graders vs learning disabled 8th & 9th graders, 2078
self recording in behavioral intervention, study habits, students with mean age of 12.7 yrs, 8863
semantic mapping vs sentence contexts as instruction methods, vocabulary & comprehension, junior high school students, 11224
sensory experience model, teaching concept of length, visually impaired kindergartners through 8th graders, 11313
sex & sex role attitudes & age, mathematical ability & attitudes toward mathematics, 4th vs 8th vs 11th graders, 13641
stability of informal groups, 7th & 8th graders, 11298
student characteristics, effects of alcohol education course, 8th graders, 6675
subject area, relationship between anxiety & intrinsic motivation, 4th vs 7th graders, 6731
Sustained Silent Reading program & grade level & sex, reading achievement & attitudes, 5th–7th graders, 1977
teacher advisory program, school counseling, 10–15 yr old middle & junior high school students, 6820
teacher personality, self development & academic success & attitudes of students, secondary & high school teachers & students, 6730
teachers' judgments of discipline problems & students' attitudes toward education, secondary teachers & students, Belize, 4322
teaching style, math & foreign language learning, 13–15 yr old students, Netherlands, description of research project, 1980
team teaching in special education program, learning disabled junior high school students, 6761
test construction, measurement of general attitudes toward computers, 7th & 8th graders, 4511
token economy reinforcement changes, academic achievement & disruptive behavior, severely & profoundly hearing impaired 12–14 yr olds, 6788
transition from primary to secondary school & consequential change in reference group, academic self concept, secondary school students, West Germany, 2015
uniform- vs mixed-ability group composition & group interaction & S's personality, mathematics achievement, junior high school students working in groups, 1982
use of time in mathematics classes, secondary students & teachers, 6727
validity & reliability & development of short forms of classroom environment scales, junior high school science students, 8981
validity of Language Arts Test of Cognitive Functioning, assessment of level of cognitive functioning in language arts tasks, 7th graders, 6802
validity of Peabody Picture Vocabulary Test-Revised, screening for participation in gifted program, 1st–8th graders, 11422
varied reading purpose, reading rate modification & comprehension, normal vs learning disabled 4th vs 7th vs 10th graders, 2029
vocational education, special education elementary through high school students, 13708
Vocational Exploration Group, vocational maturity, economically disadvantaged Black 7th–9th graders, 1954
vocational school psychology, career development, handicapped high school students, 1906
whole word vs semantic unit method, assessment of Arabic reading comprehension, Arab 5th vs 6th vs 7th graders, Israel, 11398
Wide Range Achievement Test & Woodcock-Johnson achievement cluster scores, 8–14 yr old regular vs learning disabled students, 13716
WISC-R factor scores, prediction of academic achievement measured by Wide Range Achievement Test performance, 6–16 yr olds, 4492
WISC-R Verbal & Performance & Full Scale IQs & Bannatyne recategorized scores, nonhandicapped vs educationally disadvantaged vs learning disabled vs regular classroom Navajo 6–16 yr olds, 2119

Junior High School Teachers

analogy between Sabbath & group mental health interventions based on family centered education program, 9th & 10th grade students & teachers, 6651
attitudes & vocational values, college students studying to be elementary vs junior high school teachers, 1917
changes in teacher effectiveness, teacher expectations & student achievement, intermediate & high school teachers & students, 8906
classroom behaviors established at beginning of school yr, effective classroom management, junior high school teachers, teacher training implications, 1902
cognitive-behavioral stress management program, anxiety & stress & classroom behavior, secondary school teachers, 6612
development of health education course, secondary school teachers, 11170
perceived seriousness of children's behavior problems, 5th–8th grade teachers vs 8th grade students vs mental health professionals, 11160
perception of aggressive vs assertive student behavior, 8th & 9th grade teachers, 1921
perceptions & recommendations regarding preparation programs for middle level teachers, middle level teachers & principals, 11169
perceptions of school environment variables, dimensions of classroom environment, secondary school teachers, 8803
professional profiles, elementary & secondary school teachers, Canada, 1913
reliability & validity, Barth-Shermis Social Studies Preference Scale, secondary school teachers, 9027
school environment, disruptive behavior, junior & senior high school students & teachers & principals, 13668
somatic complaints & illnesses, job-related stress, secondary Catholic school teachers, 4326
teacher advisory program, school counseling, 10–15 yr old middle & junior high school students, 6820
teacher personality, self development & academic success & attitudes of students, secondary & high school teachers & students, 6730
teachers' judgments of discipline problems & students' attitudes toward education, secondary teachers & students, Belize, 4322
teaching style, math & foreign language learning, 13–15 yr old students, Netherlands, description of research project, 1980
use of time in mathematics classes, secondary students & teachers, 6727
validity, stress measures, secondary school teachers, 9004

Junior High Schools

classroom climate & control & teacher-student verbal interaction, core vs departmental 8th grade classrooms, 6725

research priorities, characteristics of adolescent learners, members of National Middle School Association, 6606
research priorities, school management, members of National Middle School Association, 6607
Jury [See Adjudication]
Justice
antiprotectionist view of criminal justice, 8691
causal explanations of immanent justice, cheating behavior & guilt, 10–12 yr olds & 4th & 5th graders, Israel, 10101

concept of just deserts as basis for criminal sentencing, white collar criminals, 5515
equity theory as approach to social psychology of justice, 3377
justification of criminal justice policy, US & Canada, criticism of methodology used by D. Lipton et al & R. Martinson, 3328
mental health law project testimony on insanity defense, 12597
transgressor responsibility & consequences & motivation & intentions & elaborateness of apology, judgments of blame, kindergartners vs 1st vs 4th vs 7th graders, 10090
type of injustice situation, reversal in preference responses, college students, implications for experimental design in equity research, 7913
value systems in criminal justice, US, 8661
Juvenile Court [See Adjudication]
Juvenile Delinquency
accuracy of beliefs about incidence & sex ratio of juvenile delinquency, adults, 8120
Children Act Services, problems of juvenile delinquency & neglect, India, 3657
cognitive & moral development & legal reasoning, children, implications for juvenile justice system, 10193
concern for students having learning vs conduct vs attendance vs delinquency vs physical problem, primary vs secondary school teachers, 11172
delinquency & combative gang membership, fear of crime & victimization experiences, Black & White 14 yr old males, 8116
delinquent peer associations, perceived risk of punishment & self reported delinquency, 11–18 yr olds, 12954
epidemiology of suicide & child abuse & juvenile delinquency & child welfare services, children, Japan, 8099
family relationship variables & delinquency diversion programs, bibliography, 11082
goal conflicts in correctional institutions for juvenile delinquents, institutional staff members, 1813
hypnosis, children with enuresis & learning difficulties & phobias & hyperactivity & delinquency, 8508
Junior & adult Eysenck Personality Questionnaires, prediction of future delinquency, 13–15 yr old males & 15–18 yr old delinquents, 4777
justice & community-based approaches, crime & delinquency prevention, 8682
juvenile delinquency & schools, 1266
juvenile justice systems, Scotland vs England, 3349
personality correlates, 14–18 yr old delinquents & nondelinquents, 3708
problems in delinquency prevention programs & review of delinquency theories, literature review, 10998
reanalysis of Richmond Youth Project Delinquency data, empirical support of E. H. Sutherland's differential association theory vs T. Hirschi's control theory, 2503
response bias seen in self report data, attentuation of relationship between social class & criminal & delinquent behavior, criticism of studies by M. J. Hindelang et al & C. R. Tittle et al, 69
rural vs urban region, delinquent behavior & maladjustment & drug abuse, children, Finland, 1292
School Action Effectiveness Study's national evaluation of Office of Juvenile Justice & Delinquency Prevention's Alternative Education Program, 6655
school based preventive intervention program, juvenile delinquency & substance abuse, 7th graders at risk, 4475
schooling & prevention of delinquency, 5822
sex & race & socioeconomic status, police/court contact for delinquent behavior, Black vs White 14–18 yr olds, 8095
sex & sibling sex & birth order & family size, delinquency, high school students, 8121
social class & validity of self report data on criminality, reply to G. Kleck's hypothesis, 62
social integration & socioeconomic factors, juvenile delinquency, India, 10618
stability & chronicity of antisocial & delinquent behavior, children & adolescents, literature review, 5837
team approach stressing sociocultural factors & parent- & school-child relations, juvenile delinquency, 8269
urban community change, juvenile delinquency rate over 3 10-yr periods from 1940–70, reexamination & update of findings of C. R. Shaw & H. D. McKay, 8079
Juvenile Delinquents [See Also Female Delinquents, Male Delinquents]
actual vs reported recidivism rate, 16–57 yr old child molesters & rapists, 3672
attitudes toward parents, delinquent 13–16 yr olds, India, 3709
correctional institution social density, social climate & interpersonal relations & physiological responses, 14–18 yr old male residents, 1821
delinquent peer associations, perceived risk of punishment & self reported delinquency, 11–18 yr olds, 12954
EEG abnormalities at age 1–15, 10–22 yr olds guilty of theft, Sweden, longitudinal study, 3697
factor structure of screening scale for children & adolescents, prediction of group psychotherapy success, juvenile delinquents, 4732
gender traits & social control & opportunity, delinquency, 8th–12th graders, 10646
group assertive training in correctional institutions, juvenile delinquents & adult offenders & correctional staff, literature review, 13427
Junior & adult Eysenck Personality Questionnaires, prediction of future delinquency, 13–15 yr old males & 15–18 yr old delinquents, 4777
Kent Family Placement Project, emotionally disturbed & delinquent 14–17 yr olds, 4168
Markov model for determining offense specialization & probability of offense escalation based on offense histories, juvenile offenders, 1284
memory scores on Wechsler Digit-Span subtest vs Verbal IQ & level of violence, juvenile offenders, 12897
model of group social skills training with cognitive problem solving, incarcerated juveniles, 4223
multivariate diagnostic model, violent delinquent adolescents, 8111
organizational & community responses to deinstitutionalization strategy, juvenile status offenders, 4244
organizational models, commitment rates, juvenile court judges, 3346
parental disciplinary techniques, moral development, delinquent vs nondelinquent adolescents, 12912
parental status & age at 1st court contact & age at admission & diagnosis & IQ, recidivism & premature program termination, 14–17 yr old delinquents, 6469
personality correlates, 14–18 yr old delinquents & nondelinquents, 3708
police perception of juveniles & perceived potential for lenient treatment, police officers & arrested male juveniles, 1814
protective sentencing of dangerous offender, England, implications for Maryland's Patuxent Institution, 8671
self concept, juvenile delinquents, 10614
sex & neuropsychiatric status, Black & White incarcerated juvenile offenders, 5833
social & problem solving skills training, skill levels, learning disabled 13–15 yr olds & normal 13–18 yr old females & 14–17 yr old delinquents, 8409
social attributes vs offense information vs prior court responses, court disposition, violent juveniles, 5529
social skills, learning disabled vs normal 10th–12th graders vs 13–17 yr old juvenile delinquents, 8149
understanding of legal rights, interrogation & confessions, juveniles, 3341
use of pre-sentence report in criminal adjudication, India, 3344
Juvenile Gangs
delinquency & combative gang membership, fear of crime & victimization experiences, Black & White 14 yr old males, 8116
group dynamics & motivations, prone groups, literature review, 5864
sociocultural & economic factors, youth subcultures & gangs, Great Britain vs US, 3655
subcultures & gangs, Great Britain vs US, criticism of study by A. Campbell et al, 3717
Karyotype Disorders [See Chromosome Disorders]
Kenya
education- & health-related life events, depressed inpatients & outpatients, Kenya, 8040

language usage in domain & intergenerational mother-tongue shift, Kenya, 3003
language use patterns, rural vs provincial- vs cosmopolitan-urban residents, Kenya, 3007
rural vs urban areas, language acquisition & use, Kenya, 2997
sex & age & educational level, delusions diagnosed by New Haven Schizophrenic Index & modified Present State Examination, 15–65 yr old patients, Kenya, 12855
sex & regularity of income & birth order, depression, patients, Kenya, 12856
Keypunch Operators [See Clerical Personnel]
Kibbutz
differences between American & Israeli kibbutz units of Network of Psychiatric Services for Adolescents, therapeutic community & milieu therapy, emotionally disturbed adolescents, Israel, 4155
peer interactions, 5th & 6th graders in kibbutz vs urban school, Israel, 3243
test anxiety level, kibbutz-born vs urban-born 13 yr olds, Israel, 10257
Kidney Transplants [See Organ Transplantation]
Kidneys
attitudes toward kidney donation for transplantation, Blacks, 6349
lithium therapy, kidney damage, literature review, 1637
renal transplant, family structure & relations, 9 & 10 yr old females & 19 yr old male & their families, 1690
Kindergarten Students
application of A. R. Jensen's internal criteria, detection of social class bias on Boehm Test of Basic Concepts, kindergartners through 2nd graders, 4517
Behavior Problem Checklist ratings of kindergartners through 8th graders in counseling, parents vs teachers vs counselors, 4504
concurrent & predictive validity of Boehm Test of Basic Concepts, 1st grade achievement, kindergartners, 2107
drawing vs discussion vs play as story reading followup activity, comprehenson & retention, kindergartners through 2nd graders, 1946
evaluation methodology for identification & placement, educable mentally retarded & learning disabled & emotionally disturbed kindergartners through 2nd graders, 8972
instruction in blending sounds, blending abilities & reading readiness, kindergartners, 4380
interpersonal cognitive problem solving intervention, impulsive & inhibited behavior, disadvantaged Black 4 & 5 yr old nursery school & kindergarten students, 4385
interpersonal problem solving & school adjustment & sociometric status as assessed through observation of classroom behavior, kindergartners, 2004
Pictograph Sentence Memory Test, index of reading readiness & sentence processing skills, kindergartners & 1st graders, literature review, educational implications, 11414
prevalence & educational integration, kindergartners with learning & speech & language disorders & emotional & social disturbances & physical handicaps & mental retardation, Norway, 2073
program for development of learning skills, urban vs rural kindergartners with visual perception deficits, 11318
reception vs discovery instruction, probability task performance, kindergartners, 8830
school routines & group learning & student interdependence & independence & achievement scores & community involvement, rural 2-room school for kindergarten through 8th grade, 11147
screening tests, identification of learning disabilities, kindergartners, 4505
self esteem & anxiety & achievement, learning disabled kindergartners through 6th graders in regular classrooms with resource help, 13697
sensory experience model, teaching concept of length, visually impaired kindergartners through 8th graders, 11313
social problem solving competence training, problem solving & adjustment as rated by peers & teachers, kindergartners, 4392
specialized discrimination training, accuracy & RT & self esteem, impulsive vs reflective kindergartners, 4388
student effort & grade & sex & race & teacher & teacher expectations, self concept, handicapped vs nonhandicapped kindergartners through 3rd graders in mainstreamed physical education classes, 4454
subtests of Gesell Developmental Test & Meeting Street School Screening Test, screening of school readiness abilities, kindergartners, 4485
teacher literature activities & library corner design, book related activity during free play periods, preschool students through 2nd graders, 8865
teacher-student interaction, teachers & learning disabled & normal kindergartners through 2nd graders, 2028
total immersion method, 2nd language learning, preschool & elementary school students, Canada, critique of O. Weininger's article, 8836
total immersion method, 2nd language learning, preschool & elementary school students, Canada, reply to criticism of J. Cummins & G. A. Morgan, 8886
total immersion method, 2nd language learning, preschool & elementary school students, Canada, critique of O. Weininger's article, 8864
total immersion method, 2nd language learning, preschool age & young school age children, Canada, literature review, 8885
validity of DL 4–5 test, assessment of writing & orientation & memory & rhythm difficulties, kindergartners, 4509
Kindergartens
experience & home & nursery school & kindergarten environments, psychological development, infants & young children, literature review, 11151
kindergarten, development, children, 4413
Kinesthetic Perception
contralateral limb-matching task, perception of isometric forces, right handed humans, 2533
finger spelling, learning to spell short vowel words, elementary school students, 11241
fixation on rotating spiral, asymmetry in forward & backward vection, 2542
interpolation of imaged vs actual motor movement between initial presentation & recall of motor movement, recall bias, right handed college students, 11748
kinesthetic aftereffect performance & accuracy in judgment of relative line length of Mueller-Lyer illusion, Ss classified as augmenters vs reducers, 7164
line drawings of left vs right hand & hand form & angular departure & S's head tilt, RTs for hand identification, right handed college students, 11761
memory encoding specificity principle for kinesthetic information, methodological & theoretical criticism of study by T. D. Lee & T. T. Hirota, 302
memory encoding specificity principle for kinesthetic information, reply to criticisms of P. R. Crocker, 311
motor ability & visual & kinesthetic & cross-modal perception & WISC spatial subtest performance, clumsy vs normal 10 yr olds, 7660
movement direction alteration, same- vs switched-limb reproduction of limb movement distances, right handed college students, 4852
Mueller-Lyer illusion in fins-out vs fins-in configuration, perceived eye scan magnitudes, college students, 2540
role of motor program & afferent feedback, control of motor system during biologically motivated behavior, cats, 9817
scientific research on external stimulation of proprioceptive system & effect on human motor performance, 4853
sense of elbow joint angle vs arm orientation, position sense at elbow, human Ss, 9523
sinusoidal stimulation of horizontal semicircular canals & neck proprioceptors & retina, cervico- & visuo-vestibular interaction, 21–29 yr olds, 2523
toeclips, ratings of perceived exertion during oxygen uptake test conducted on bicycle ergometer, trained competitive cyclists vs noncyclists, 2543
Kinship Structure
cultural differences, paternity & tendency toward inheritance of wealth by sister's son &/or brother, reply to criticism of J. P. Gray & L. D. Wolfe, 3280
cultural differences, paternity & tendency toward inheritance of wealth by sister's son &/or brother, criticism of J. Hartung's article, 3278
industrial employment & information & migration mechanisms, kin structure, working class families, 7797
kin relationships, homicide, 1255
kinship & family variables & economic & political conditions, cross cultural study of sexual stratification in society, test of R. Collins's theory, 7854
organization & content of kinship relationships, mountain people of Appalachia, 5480
Knowledge Level
age & sexual activity & level of fertility knowledge, perception of pregnancy risk, 13–18 yr old primiparous urban females, 12407
age differences, understanding of food & nutrition, kindergartners vs 3rd vs 6th graders, 3172

age, knowledge of disease & knowledge of & compliance with drug regimens, patients under vs above 65 yrs of age, 8460
alcohol education program, knowledge level & use & attitudes toward alcohol, male & female 7th–10th graders, 6653
attitudes & knowledge & demographic factors, routine neonatal circumcision, physicians & parents of male infants, 4136
attitudes & knowledge of handicapped, normal 5th graders in school with special classes for multiply handicapped severely & profoundly retarded students, 6792
attribution model of information processing, explanation of effects of unfavorable product information, college & graduate business students, 9214
awareness of correctness of one's knowledge, college students, implications for validity & stability of correctness detectability measure, 4905
block stacking task requiring knowledge of relations between numerosity & density, partial knowledge & self correction, 2.8–6.2 yr olds, 3174
cardiovascular school health curriculum, knowledge of cardiovascular system & disease & attitudes, 9th graders, 6-mo followup, 4370
completeness of prior information about direction & extent of foot movement, RT, right footed Ss, 9503
development of technical knowledge & manual abilities, 11–14 yr olds, 5386
effectiveness of alcohol & drug education, knowledge & attitude change, 4368
ego involvement regarding political knowledge, prediction of outcome before vs after 1980 presidential election in public vs private conditions, 18–22 yr olds, 3424
employment status, work & school & peer activities, 10th & 11th graders, 8918
exposure to community awareness program through mass-media vs group instruction, attitudes & knowledge regarding early identification of exceptional children, parents, 11004
facial expressions during performance of various tasks, identification of performed task, college students familiar vs unfamiliar with tasks, 3427
frequency of contact & attraction to friend & duration of friendship & cognitive level, knowledge of friend's personality & preferences & external characteristics, 4th vs 8th graders, 3194
group behavioral vs individual education program, knowledge & disease management skills & clinical outcome, disadvantaged diabetic & hypertensive patients, 13314
health education by pediatric residents, responses & factual knowledge, 3rd–4th graders, 8827
importance of economic analysis skills, securing of public & private resources, early childhood program directors, 1904
inference, product evaluation, adults, 2288
information about surgery vs training in cognitive coping, knowledge of surgery & analgesic use & post-discharge pain, 27–61 yr old hysterectomy patients, 8643
knowledge & income, energy consumption, college students & 26–55 yr old consumers, test of Fishbein-Ajzen model & implications for increasing conservation, 6905
knowledge about jobs & sources of work-related information & awareness of occupational information & projected occupations, 13–16 yr old learning disabled students, implications for occupational counseling, 8927
knowledge of & attitudes toward stuttering, elementary school teachers, 6608
knowledge of CS-UCS relations, differential conditioning of eyelid & skin conductance response, 18–25 yr old males, 7251
knowledge of disease, self reported psychological distress, adolescent male hemophilia patients & families, 13044
knowledge of effects of noise & interest level on attention, 3–4 yr olds, 3137
knowledge of global issues & attitudes & language competence, college students, implications for teacher education, 8920
knowledge of laws concerning minimum number of visits, prenatal care visits, females, France, 13311
knowledge of safety practices & child development, parents with mean age of 28 yrs with hospitalized children, 1415
knowledge structure, procedures for effective problem solving in physics education, 6712
learning of little known but true facts about famous historic person, retrieval of factual information, college students, implications for global & specific components of information integration, 4939
literature, knowledge & fear & acceptance attitudes toward handicapped, children, 6643
locus of control & sexual status & knowledge & masturbation practices, Ss with mean age of 68.5 yrs, 5538
mathematical problem solving expertise, perception of structure of mathematical problems, college students, 2623
medical knowledge & yr of training, interview skills, 1st–4th-yr medical students, 6589
mobilizing relevant prior knowledge, learning from passage, 5th graders, 4402
model of problem solving based on constraint knowledge vs general search strategies, college students, 2604
news media use, political knowledge during election campaign, high school students, 7711
nonlinguistic knowledge of equivalence & hemispheric laterality & conservation of inequality, 4–5 yr olds, 5356
nutrition education in supermarkets, nutritional knowledge & purchase of dairy products, shoppers, 2290
old-age-oriented sex education program, sexuality attitudes & knowledge & older Ss' sexual behavior, Ss with mean age of 67.8 yrs & their families & nursing home staff, 6460
oral examination to test knowledge of psychiatric problems common in medical practice, medical residents, 4276
paraphrase & historical knowledge of subject & retention interval, thematic prose recall & normalization rates & intrusions, college students, 9654
past vs future event probability assessment task, certainty of responses, college students, England vs Indonesia, 11892
perception of pollution's direct effects vs environmental concern & knowledge & feelings of control over pollution, voluntary auto emissions inspection & attitude change, drivers, 6906
perceptions of statutory maximum prison sentences for high- vs low-potential offenders, adults, 10357
postgraduate course in office orthopedics, knowledge & clinical practice behavior, primary care physicians, 4279
practice & prior skills & feedback during role playing activities, teaching basic problem solving skills, high school students, 4364
prejob training & job experience, dogmatism & counselor skills & knowledge, 19–71 yr old volunteer telephone crisis counselors, 4162
preparation for & timing of menarche, emotional reactions & symptomatology, 5th–6th vs 7th–8th vs 11th–12th grade females, 5332
primary prevention program training community workers, competence & community knowledge, aged, 4145
prior knowledge of subject & maplike organizer before vs after reading passage, recall & comprehension of prose passage, college students, 9630
prior knowledge, use of cognitive capacity in complex mental tasks, college students, 4897
questionnaire development & evaluation, assessment of reproductive & contraceptive knowledge, low income Black female clientele of inner city prenatal clinic, 11662
receipt of information about rights, knowledge of rights, 18–75 yr old psychiatric inpatients, 13408
recognition of personality & other factors associated with suicide, psychiatric nursing assistants, training implications, 8714
rule-assessment approach to cognitive development & relevancy for education, literature review, 829
self directed attention & information provided, likelihood of entrapment, college students & adults, 7887
semantic cognitive processing, reading performance, 2nd & 4th graders, implications for reading instruction, 4401
sex education course, sexual knowledge & attitudes, 18–35 yr old medical students, Colombia, 6516
sexual guilt vs knowledge, attitudes toward abortion, college students, 5537
social class & alcohol consumption, self concept & self perception, 7th & 8th grade abstainers & frequent & infrequent drinkers, 12465
social cognition performance & social competence 4 yrs later, predictive validity of social-cognitive assessments, 5th–8th graders, 7076
specifications & theory & human & computer expert thinking, 11875
student characteristics & perceived school practices & climate, racial & ethnic integration knowledge & attitudes & behavior, high school juniors, 11300
text familiarity & reading ability, comprehension & recall, 4th graders, 6708
thiazide with vs without package insert or leaflet describing side effects, knowledge & reporting of side effects & attribution of affects to drug, hypertensive patients with mean age of 51.5 yrs, 8469

threat level of film about drinking & driving, attitudes toward & knowledge & self reports of frequency of impaired driving, high school students, 11218
vocabulary knowledge & mnemonic keyword teaching method, vocabulary learning, 5th graders, 11228
Knowledge of Results
agreement vs conflict between intellectual strategies vs positive feedback, willingness to measure, 6 yr olds, 769
feedback delay, short & long term retention of computer-based mathematical material, college students at different levels of mastery, 6649
Korea [See South Korea]
Korsakoffs Psychosis
associated words, generation & recognition & recall, alcohol Korsakoff vs chronic alcoholic vs nonalcoholic males with mean age of 55 yrs, 10608
chronic alcohol intoxication, morphological changes in brain structure, rats, experimental model for Korsakov's Syndrome, 682
life model & interactionally oriented group therapy in summer day program, functioning & self confidence, 82 yr old female with Korsakoff's syndrome, 6394
spatiotemporal organization of EEG, dementia & Korsakoff's & mentally disordered patients, 12785
L Dopa [See Levodopa]
Labeling
adverse effects of labeling, mentally retarded, literature review, 12984
attitudes toward hiring ex-offender vs ex-mental patient vs obese person, college students, 11451
autism, description & sources of difficulties & generic & official classification & historical labeling trends, literature review, 5741
characteristics of reality & lifestyle & self definition, rednecks, 10282
classification of false accusations, literature review, 10428
correct vs incorrect labels for facial expression of emotion, bias of recognition judgments, college students, 11734
development & reliability & validity of Patient Description Questionnaire, assessment of physicians' perceptions of "problem patients", physicians in ambulatory care setting, 2457
disability as deviance & labeling & social & emotional adjustment, physically disabled, literature review, 8205
foot-in-the-door technique & social labeling as helpful vs non-helpful, compliance, college students, 3391
instances & perceptions of labeling by mother vs father vs police vs peers vs adult neighbors, 14–16 yr old males arrested for misdemeanors, 12946
judgments of social hostility & adaptability for learning disabled vs normal 2nd vs 4th graders interacting with peers, college student naive judges, 1305
labeling & salience, judgments of ethical acceptability of research using human Ss, college students, 8776
labeling during early school years & throughout adulthood, others' vs own perceptions of adaptive limitations, Black 21–35 yr olds labeled as mildly mentally retarded, 5879
labeling, expectations for cognitive vs social behavior of mentally retarded, nonretarded mainstreamed 12–15 yr olds vs retarded 15–24 yr olds, 3729
negative vs positive behavior valence & diagnostic label & relative behavior frequency, distortion of memory for behavior, college students, 2654
problems in diagnosis of minimal brain dysfunction, implications for effects of such labeling & special education, 13102
problems of labeling & social stigma in educational advancement, severely mentally retarded & multiply handicapped, 8942
sex differences, attitudes toward & stigma of mental illness, literature review, 12825
situational context & environmental influences & information from O's vs victim's point of view, labeling of act as aggressive, students, 5602
social attributes vs offense information vs prior court responses, court disposition, violent juveniles, 5529
strategy for assessment of intelligence, male quadriplegic spastic with no speech, implications for labeling, 7049
unusual names & family income & completion of professional education, Black & White males & females, 12776
Labor (Childbirth)
attendance at childbirth preparation classes, anxiety & perceived personal vs staff control over labor & reported satisfaction & pain during birth, 15–43 yr old females, 8522
length of labor & sex of child, 7459
marihuana use, pregnancy & labor & delivery & neonatal meconium staining, females with mean age of 23.7 yrs & their infants, 5234
Labor Management Relations
employee's job status, supervisor's responses & subordinate's experiences & satisfaction with performance appraisal interview, employees & their supervisors, 2162
InterFace Project, improvement of race relations, employees & supervisors, South Africa, 2210
mediation & forms of arbitration, resolution in union/management collective bargaining simulation, business students, 3392
negotiator perspective taking ability & training to eliminate overconfidence, efficacy of final offer arbitration, college students, implications for labor-management negotiators, 4541
organizational development intervention based on modeling, supervisory skills & relations with subordinates, company foremen, longitudinal study, 11499
reciprocity of bargaining strategies & bargainer role, college & graduate students assigned to labor/management roles in same- vs mixed-sex dyads, 9131
sex, grievance resolution & filing behavior, union stewards, 4578
Labor Relations [See Labor Management Relations]
Labor Union Members
factor analysis & generalizability, union commitment measure, nonprofessional vs professional white collar union members, replication of study by M. E. Gordon et al, 2449
perception of union effectiveness, satisfaction with job & compensation & participation in decision making, teachers & presidents of locals, 8798
rigidity & proneness to change, union activist vs nonactivist bank employees, India, 2218
sex, grievance resolution & filing behavior, union stewards, 4578
Labor Unions
beliefs about goals of union leaders, union leaders vs industrial managers vs workers, 13810
labor union views on comprehensive health insurance & role of psychiatry in management of worker stress, 10784
occupational segregation & unionization & women's participation in blue & white collar levels of industrial classifications, implications for labor stratification theories, 13801
perception of union effectiveness, satisfaction with job & compensation & participation in decision making, teachers & presidents of locals, 8798
performance contracting & unions & productivity bargaining & civil service boards, barriers to productivity, state & local governments, 2198
union support of goal-setting program, productivity, male truck drivers, 9092
Laboratories (Educational) [See Educational Laboratories]
Laboratories (Experimental) [See Experimental Laboratories]
Laborers (Construct and Indust) [See Blue Collar Workers]
Laborers (Farm) [See Agricultural Workers]
Labyrinth (Anatomy) [See Also Cochlea, Semicircular Canals, Vestibular Apparatus]
ACTH sub 4-10, compensation process following unilateral labrinthectomy, frogs, 12274
Labyrinth Disorders [See Menieres Disease, Motion Sickness]
Lactate Dehydrogenase
brain activity of succinate vs lactate dehydrogenase vs peroxidase vs cytochrome oxidase, schizophrenics, 10506
leponex, brain lactate dehydrogenase activity, human embryo, 9994
Lactation
breast-feeding, plasma oxytocin levels, lactating females, 501
castration & sham-castration & testosterone & estradiol, attack on lactating intruders, male mice, 5163
galactorrhea without organic basis, psychotic females, 3563
health education program emphasizing hygiene & nutrition, incidence of infant gastro-enteritis, nursing mothers with mean age of 24.6 yrs, Nigeria, 6363
litter size & resultant nursing investment, subsequent reproduction of mother & female offspring, mice, 7335
maternal methadone exposure during gestation &/or lactation & age, analgesic response to hot plate test, rats, 5281
protein content & cytochrome oxidase activity of brown adipose tissue, thermogenic activity suppression, virgin vs lactating vs pregnant mice, 507
sex of cagemate during pregnancy & lactation, aggression, female golden hamsters, 9814
Lag (Response) [See Reaction Time]
Landscapes [See Topography]

Language [See Also Adjectives, Antonyms, Bilingualism, Conversation, Dialect, Ethnolinguistics, Foreign Languages, Form Classes (Language), Grammar, Handwriting, Homographs, Inflection, Language Development, Letters (Alphabet), Linguistics, Literacy, Metaphor, Morphemes, Morphology (Language), Multilingualism, Nonstandard English, Nouns, Numbers (Numerals), Orthography, Phonemes, Phonetics, Phonology, Phrases, Printing (Handwriting), Pronouns, Psycholinguistics, Public Speaking, Readability, Semantics, Sentence Structure, Sentences, Sight Vocabulary, Sign Language, Syllables, Synonyms, Syntax, Transformational Generative Grammar, Verbs, Vocabulary, Words (Phonetic Units), Written Language]
action language in psychoanalysis, 1504
anatomical asymmetries in posterior sylvian region & its importance for language, 5081
approach of I. Hermann to psychoanalysis of language, 10066
coding processes & linguistic activity, institutionalized moderately retarded adults, 12977
colloquial vs mass media language of text, assessment of speaker's personality traits & appearance & education, college students, 3409
comparability of original vs nonsexist language form of Role Repertory Test, assessment of cognitive complexity, junior high school students, 7119
comprehension of locative prepositions with fronted vs nonfronted objects, English speaking college students, 10057
connection between language & communication, 7589
consistency of empathic responding to confederate client's anger, stylistic complexity & semantic relations of language, counselor trainees, 3968
correlation of Rimland E-2 & measures of intelligence & social competence & language function, behaviorally disordered 5.3–13.1 yr olds with MAs 7–38 mo, 3659
cultural & language & social class issues in psychotherapy, Asian vs Hispanic Americans, 8353
decline of Judeo-Spanish language, Israel, 12365
electrophysiological studies of forebrain & brain stem pathology & development & possible causal links, language & cognitive deficits, autistic children, 1222
English vs Polish vs Shona language & age differences, immediate recall of word lists, 5 vs 9–10 vs 14–15 yr olds vs adults, 837
exposure to correct &/vs incorrect example sentences, miniature artificial language learning, college students, 2643
frequency of occurrence of letters of alphabet in word beginnings in English vs German vs French vs Spanish, 716
Graeco-Latin Instrument, measurement of semantic complexity in oral & written English, 4724
gratuitous language in appellate cases, gay litigants, 7831
group identity & attitudes toward & age differences in use of language, Judeo-Spanish speaking 15–87 yr olds, Turkey, 12556
interactive vs serial language processing systems, criticism of W. Marlsen-Wilson & L. Tyler's study, 273
language & communication by use of significant symbols & linguistic gestures, discussion of G. H. Mead's interpretation of role taking, 2993
